Item 1.01. Entry into a Definitive Material Agreement

Supplemental Indenture with respect to 11.75% Senior Subordinated Notes due 2021

On January 6, 2014, First Data Corporation (the Company) issued and sold \$725,000,000 aggregate principal amount of additional 11.75% Senior Subordinated Notes due 2021 (the additional notes), which mature on August 15, 2021, pursuant to an indenture governing the 11.75% Senior Subordinated Notes due 2021 that were issued on May 30, 2013 and November 19, 2013 (the Existing 11.75% Notes), by and among the Company, the guarantors party hereto and Wells Fargo Bank, National Association, as trustee (as supplemented by the Second Supplemental Indenture, dated as of January 6, 2014, the Indenture). The additional notes are expected to be treated as a single series with the Existing 11.75% Notes and will have the same terms as those of the Existing 11.75% Notes, except that the additional notes (i) will be subject to a separate registration rights agreement and (ii) will be issued initially under CUSIP numbers different from the Existing 11.75% Notes. The additional notes and the Existing 11.75% Notes will vote as one class under the Indenture.

The Company will use the net proceeds from the issue and sale of the additional notes, together with cash on hand, to optionally redeem on January 15, 2014 all of its outstanding 11.25% Senior Subordinated Notes due 2016 and pay related fees and expenses.

Registration Rights Agreement

On January 6, 2014, the Company, the guarantors of the additional notes and the initial purchasers entered into a registration rights agreement with respect to the additional notes described above (the Registration Rights Agreement). In the Registration Rights Agreement, the Company and the guarantors of the additional notes have agreed that they will (1) file a registration statements on an appropriate registration form with respect to a registered offer to exchange the additional notes for new notes guaranteed by the guarantors on a senior unsecured basis, with terms substantially identical in all material respects to the additional notes and (2) use their reasonable best efforts to cause the exchange offer registration statement to be declared effective under the Securities Act of 1933, as amended.

The Company and the guarantors have agreed to use their reasonable best efforts to cause the exchange offer to be consummated or, if required, to have one or more shelf registration statements declared effective, within 180 days after the issue date of the additional notes.

If the Company and the guarantors fail to satisfy this obligation (a registration default), the annual interest rate on the additional notes will increase by 0.25%. The annual interest rate on the additional notes will increase by an additional 0.25% for each subsequent 90-day period during which the registration default continues, up to a maximum additional interest rate of 0.50% per year over the applicable interest rate listed in the Indenture. If the registration default is corrected, the applicable interest rate on such additional notes will revert to the original level.

If the Company must pay additional interest, it will pay it to the noteholders in cash on the same dates that the Company makes other interest payments on the additional notes, until the registration default is corrected.
