VOTING SECURITIES

Our Amended and Restated Certificate of Incorporation, as amended (the Certificate), provides that the number of directors shall be fixed from time to time by resolution of a majority of the Board of Directors, provided that the number of directors shall not be less than six or more than fifteen. The Board of Directors at its meeting held on January 24, 2019 fixed the number of directors at ten. The directors are elected by the Common Stockholders, with each share of Common Stock outstanding at the March 1, 2019 record date entitled to one vote at the annual meeting.

A plurality of the votes cast by you is required for the election of the ten directors. Abstentions are counted for quorum purposes but are not counted either as votes cast For or Against or Withheld from any nominee. A broker non-vote occurs

when a broker submits a proxy card with respect to shares of Common Stock held in a fiduciary capacity (typically referred to as being held in street name) but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Pursuant to the rules of the New York Stock Exchange (NYSE), brokers will be prohibited from exercising discretionary voting on your shares held in street name for the election of directors. Accordingly, if your shares are held in street name and you do not submit voting instructions to your broker, your shares will not be counted in determining the outcome of the election of the ten director nominees at the annual meeting on April 25, 2019. We encourage you to provide voting instructions to your brokers if you hold your shares in street name so that your voice is heard in the election of directors. If we receive a signed proxy with no voting instructions, such shares will be voted For the proposal to elect directors.

The affirmative vote of a majority of the votes cast in person or by proxy at the meeting by the holders of Common Stock entitled to vote thereon is required to ratify the selection of the independent accountants described in this proxy statement. Abstentions and broker non-votes are counted for quorum purposes. Abstentions are counted as a vote Against this proposal. Broker non-votes are not counted either as votes cast For or Against the proposal to ratify the selection of the independent accountants described in this proxy statement. Because brokers have discretionary authority to vote on the ratification of the appointment of independent accountants we do not expect any broker non-votes in connection with this proposal. If we receive a signed proxy with no voting instructions, such shares will be voted For the proposal to ratify the selection of the independent accountants.

The affirmative vote of a majority of the votes cast in person or by proxy at the meeting by the holders of shares of Common Stock entitled to vote thereon is required for the non-binding advisory vote on executive compensation described in this proxy statement. Abstentions are counted for quorum purposes. Abstentions are counted as a vote Against this proposal. Broker non-votes are not counted either as votes cast For or Against this proposal. Pursuant to provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), brokers are prohibited from voting uninstructed shares on executive compensation matters, including on the non-binding advisory vote on executive compensation discussed in this proxy statement. If we receive a signed proxy with no voting instructions, such shares will be voted For the approval of our executive compensation as described in this proxy statement.

When a Common Stockholder participates in the Dividend Reinvestment Plan applicable to our Common Stock, the Common Stockholder's proxy to vote shares of Common Stock will include the number of shares held for him by Computershare, the agent under the plan. If you do not send any proxy, the shares held for your account in the Dividend Reinvestment Plan will not be voted.

The rules of the Securities and Exchange Commission (SEC) permit us to deliver a single notice or set of annual meeting materials to one address shared by two or more of our stockholders. This delivery method is referred to as householding and can result in significant cost savings. To take advantage of this opportunity, we have delivered only one notice or set of annual meeting materials to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the notice or annual meeting materials, as requested, to any stockholders at the shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of the notice or annual meeting materials, contact Broadridge Financial Solutions, Inc. at 866-540-7095 or in writing at Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717. If you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future notices or annual meeting materials for your household, please contact Broadridge at the above phone number or address.

Quorum

Our by-laws provide that the presence in person or by proxy of the Common Stockholders of record holding a majority of the outstanding shares of Common Stock entitled to vote at the meeting shall constitute a quorum for purposes of electing directors and voting on proposals other than the election of directors.

ELECTION OF DIRECTORS

Ten nominees are proposed for election by you at the annual meeting. The nominees to be voted on by you are Messrs. Vicente Ariztegui Andreve, Alfredo Casar Pérez, Enrique Castillo Sánchez Mejorada, Xavier García de Quevedo Topete, Oscar González Rocha, Germán Larrea Mota-Velasco, Rafael Mac Gregor Anciola, Luis Miguel Palomino Bonilla, Gilberto Perezalonso Cifuentes, and Carlos Ruiz Sacristán. A special independent director is a person who (i) satisfies the independence standards of the NYSE (or any other exchange or association on which the Common Stock is listed) and (ii) is nominated by a Special Nominating Committee of the Board of Directors. The Special Nominating Committee, composed of Messrs. Luis Miguel Palomino Bonilla, Carlos Ruiz Sacristán (each a Special Designee), and Xavier García de Quevedo Topete (the Board

Designee), has nominated Messrs. Luis Miguel Palomino Bonilla, Gilberto Perezalonso Cifuentes, and Carlos Ruiz Sacristán as special independent directors. Additionally, the Board of Directors at its meeting held on January 24, 2019 endorsed the selection of special independent directors made by the Special Nominating Committee and also selected Messrs. Vicente Ariztegui Andreve, Enrique Castillo Sánchez Mejorada and Rafael Mac Gregor Anciola as our fourth, fifth and sixth independent directors. For further information please see the section on Special Independent Directors/Special Nominating Committee.

The Board of Directors considers and recruits candidates from all sources, including nominations recommended by stockholders, to fill the positions on the Board of Directors taking into account the Board of Directors' current composition and core competencies and the needs of the Board as a whole. The composition, skills and needs of the Board of Directors change over time and will be considered in establishing the profile of desirable candidates for any specific opening on the Board.

Recommendations for director nominees should be sent in writing to our Secretary or Assistant Secretary (see

Proposals and Nominations of Stockholders (below). The Board of Directors applies selection criteria for Board membership that require that Board members possess, among other personal characteristics, integrity and accountability, high ethical standards, financial literacy for the members serving on the Audit Committee, high performance standards and business competency, informed judgment, mature confidence, an open mind, intelligence and judgment, sufficient time to devote to Company matters, and a history of achievement. Additionally, special independent directors must satisfy the independence requirements of the NYSE Listed Company Manual (or any other exchange or association on which the Common Stock is listed). The Board of Directors applies the same selection criteria for the evaluation of candidates from all sources.

To adequately fulfill the Board's complex roles, from overseeing the audit and monitoring managerial performance to responding to rapidly changing market conditions, a host of core competencies need to be represented on the Board. The Board as a whole possesses the required Board core competencies, with each member contributing knowledge, experience and skills in one or more areas, including accounting and finance, management, business judgment, industry knowledge, international markets, leadership, strategy and vision, and crisis response.

The Board of Directors also considers diversity in identifying candidates to fill positions on the Board. We believe that our current Board is diversified as it includes individuals from different professional backgrounds, with different viewpoints, professional experience, education, skills, and other individual qualities and attributes that augment the talents of management to operate the business of the Company and accomplish the primary goal of maximizing stockholder value while adhering to the laws of the jurisdictions wherein it operates and observing ethical standards.

Our Board of Directors conducts an annual evaluation in order to determine whether it and its committees are functioning effectively. As part of this annual self-evaluation, the Board of Directors evaluates whether the Board's current policy on diversity continues to be optimal for SCC and its stockholders.

Each nominee has consented to being named in this proxy statement and to serve if elected. Proxies in the enclosed form received by us will be voted by us, unless authority is withheld, for the election of the nominees named below. If any nominee should be unavailable for election, such proxies will be voted by us for another individual chosen by the Board of Directors as a substitute for the unavailable nominee. If, however, any other matter properly comes before the annual meeting, we intend that the accompanying proxy will be voted thereon in accordance with the judgment of the persons voting such proxy.

Messrs. Compensation Objectives:

Our objectives in compensating our Named Executive Officers are to encourage the achievement of our business objectives and superior corporate performance by our Named Executive Officers. Our business objectives include increasing production and lowering costs in a safe environment, maintaining customer satisfaction, market leadership, and enhancing stockholder value. The principal objective of our compensation practices is to reward and retain executives with key core competency critical to our long-term management strategy. We reward results rather than on the basis of seniority, tenure or other entitlement. We believe that our executive compensation practices align compensation with our business values and strategy.

What Is Our Compensation Designed to Reward?

Our compensation is designed to reward our Named Executive Officers for their efforts and dedication to us and for their ability to attract, motivate, and energize a high-performance leadership team, encouraging innovation in our employees, conceptualizing key trends, evaluating strategic decisions, and continuously challenging our employees to sharpen their vision and excel in performing their duties. We also reward our Named Executive Officers for achieving the business plans that the Board of Directors has approved, for unique accomplishments and achievements, and for their leadership in managing our affairs in the locations in which we operate, mainly Peru and Mexico.

Why We Choose to Compensate Our Executives?

We choose to compensate our employees, including our Named Executive Officers, to grant them basic economic security at levels consistent with competitive local practices. We believe that the compensation we provide to our employees, including our Named Executive Officers, permits us to retain our highly skilled and qualified workforce.

We are required to grant our employees certain elements of compensation mandated by Peruvian and Mexican law, as applicable. Peruvian and Mexican law require us to pay salaries to our employees commensurate with each employee's job requirements and the experience and skills of every employee. The level of each salary is determined by us. We pay salaries and bonuses to reward and retain our excellent employees, including our Named Executive Officers. We also provide other Company sponsored benefits to remain competitive in the Peruvian and Mexican labor markets and to reward our employees, including our Named Executive Officers. The Peruvian five percent increase in monthly salary for each five years of service evolved as a benefit bargained by our labor unions and was later on extended to all salaried employees. The Peruvian vacation bonus and vacation travel benefits evolved from our practice of compensating expatriate employees who worked in Peru and was later extended to certain key salaried employees, including Named Executive Officers working in Peru.

How Do We Determine Each Element of Compensation?

The Company's management team and Compensation Committee make the decisions to grant salary increases and bonuses for the Named Executive Officers of the Company after a thorough analysis of numerous factors, including among others, the responsibilities and performance of each Named Executive Officer measured in the areas of production, safety and environmental responsiveness (both individually and as compared to other officers of the Company). In addition, management and the Compensation Committee consider years of service, future challenges and objectives, the potential contributions of each officer to the future success of our Company, total executive compensation, and the Company's overall financial performance. Peruvian and Mexican law requires us to pay salaries to our employees commensurate with each employee's job requirements, experience and skills, and to share 8% of the annual pre-income tax profits of our Peruvian Branch with our Peruvian employees and 10% of the annual pre-income tax profits of our Mexican operation with our Mexican employees.

When we increase base salaries for our Named Executive Officers, we use a tabulation, which is revised every year to adjust for inflation in Mexico and Peru. The base salary increases take into account the individual's position, as well as his results and job performance in the relevant year. Base salary increases are not granted indiscriminately to employees. Instead, they are granted to reward individuals who facilitate the achievement of the Company's corporate goals. Our corporate goals include increasing production and lowering costs in a safe environment, maintaining customer satisfaction and market leadership, and enhancing stockholder value.

We promote our Named Executive Officers from within our organization and we hire new executives through recruiters. We also use Human Resources consultants, such as the Hay Group from time to time, which provide us with comparative salary data for the sought position extracted from their database relating to comparable companies in Mexico and Peru. The information provided from time to time by the Human Resources consultants is not customized for the Company. Although our Compensation Committee has the authority and necessary funding to engage compensation and other advisers, it has not engaged such advisers in the period 2015-2018.

The salaries provided by the Human Resources consultants from their database are used by us as an indication of the market salaries prevailing in Peru and Mexico. In Peru, the consultants provide us with salaries, which they report were paid or offered to potential candidates by mining companies operating in Peru. The reports of the Human Resources consultants have included in the past salary information from Peruvian companies or Peruvian subsidiaries, such as the following: Xstrata Tintaya, S.A., Minera Yanacocha Peru, Hochschild Mining, plc, Compañía Minera Antamina, S.A., Minera Barrick Misquichilca, S.A., Minsur S.A., Gold Fields La Cima, S.A.A., and Sociedad Minera Cerro Verde, S.A.A. In Mexico, the consultants have provided us with salaries, which they reported were paid or offered to potential candidates by mining companies operating in Mexico. The reports of the Human Resources consultants have included in the past salary information from Mexican companies or Mexican subsidiaries, such as the following: Newmont Mining Corporation, Pan American Silver Corporation, Industrias Peñoles, S.A.B. de C.V., Grupo Bacis, S.A. de C.V., Mexicoro, S.A. de C.V., Minera BHP Billiton, S.A. de C.V., and Minera Phelps Dodge de Mexico S. de R.L. de C.V. The above listing is for illustration purposes only, as the list of companies used by Human Resources consultants may vary from year to year. Additionally, we have not made an independent verification of the salary information reported by the Human Resources consultants.

We factor this comparative salary information into our decision making process by targeting our personnel compensation policies, including the compensation of the Named Executive Officers, generally toward the median and third quartile of market compensation.

In 2016 and 2017, the reported median base salaries for S&P 500 chief executives were \$1,132,700 and \$1,150,000, respectively. Although the 2018 report was not available at the time of print, we believe that the median base salary for 2018 would continue the same trend as last year. Even though we are not one of the constituent companies of the S&P 500 index, we have a market capitalization that would permit us to compare ourselves with the companies that constitute the index. We have compared the 2016 and 2017 salaries of Mr. Oscar González Rocha with the reported median base salaries of S&P 500 chief executives and determined that the salaries paid to him are below the reported median. Similarly, we believe that the salary of Mr. Oscar González Rocha in 2018 will be below the reported median for 2018.

The amount and formula applicable to the other benefits are mandated by Peruvian and Mexican law for all salaried employees. We also sponsor programs to recruit and retain qualified employees working in Peru and Mexico.

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, we may not deduct, with certain exceptions, compensation in excess of \$1 million to the Principal Executive Officer, the Principal Financial Officer and our three other most highly compensated officers (other than the Principal Executive Officer or the Principal Financial Officer)

as required to be reported in our proxy statement. We do not believe that Section 162(m) will have any immediate material impact on us because, among other things, our officers' salaries do not enter into the calculation of US source taxable income. We will, however, continue to monitor our executive compensation programs to ensure their effectiveness and efficiency in light of our needs, including Section 162(m).

How Does Each Element and Our Decisions Regarding That Element Fit Into Our Overall Compensation Objectives and Affect Decisions Regarding Other Elements?

We take into account each element of compensation to determine the overall compensation of our executives. It is our practice to grant relatively small salary increases commensurate with the cost of living increases in Peru and Mexico

and tailor the amount of the incentive cash payments to balance the amounts of compensation mandated by Peruvian and Mexican law, principally the amounts received as profit participations. In years in which the profit participation is high, the bonus or incentive cash payment will be reduced. In years in which the profit participation is relatively modest, if our financial conditions permit, we tend to increase the amount paid in cash incentives. The payment of bonuses is discretionary and we do not necessarily pay bonuses every year. The payment of bonuses and the amount of any such bonuses depend, among other things, on our financial performance, our intensive capital investment plan, our projected future cash flow generation from operations, and our liquidity in general. We do not provide compensation tied to specific pre-determined individual or Company performance criteria or long-term incentive compensation. The discretionary cash bonus payments granted to our executives and non-executive employees are not based on pre-established performance targets or on targets that have been previously communicated to the executives or the employees. The granting of specific awards and the amount of each award are discretionary and substantially uncertain until we decide to award them. Without limiting this, from time to time, larger discretionary cash bonuses are granted to certain of our Named Executive Officers in recognition of said Named Executive Officers' performance during the year and to reward them for their leadership, vision and focus.

Disclosure on Result of the Non-Binding Advisory Vote on Executive Compensation (Say-on-Pay):

Every year we provide our Common Stockholders with the opportunity to cast an advisory vote on executive compensation. At our annual meeting of stockholders held on April 26, 2018, 99.59% of the votes cast on said proposal were voted in favor of the proposal. Our Compensation Committee and management team believe this affirms our Common Stockholders support of our approach to executive compensation, therefore no material changes were made to our approach. We will continue to consider the outcome of future advisory votes on executive compensation when making future compensation decisions for the Named Executive Officers. In addition, a substantial majority of the votes cast on the Say-on-Pay frequency vote proposal were in favor of holding a Say-on-Pay vote every year, and as a result, we will continue to hold this vote on an annual basis.

Summary:

Our compensation practices are designed to comply with the requirements of Peruvian and Mexican law and with our goals and objectives to retain our key executives and reward them appropriately for their positive results. We continue to monitor our compensation practices to remain competitive in the marketplace and to reward our executives for results that are consistent with the long-term interest of our Company and our stockholders.

Peruvian Compensation Practices:

Our Peruvian compensation practices take into account many factors, including individual performance and responsibilities, years of service, elements of compensation mandated by Peruvian law, future challenges and objectives, contributions to the future success of our Company, the executive's total compensation, and our financial performance. We may also look at the compensation levels of comparable companies.

Our Named Executive Officers in Peru, Messrs. Oscar González Rocha, Raul Jacob and Edgard Corrales, and Ms. Lina Vingerhoets received cash-based compensation, which is currently paid. The cash-based compensation has two principal components: base salary and bonus, which are discretionary, and compensation mandated by Peruvian law. We also

sponsor programs to recruit and retain qualified employees working in Peru. Additionally, Grupo Mexico offers certain key employees, including our Named Executive Officers, eligibility under stock purchase plans. See the description of these plans under "Stock Purchase Plans of Grupo Mexico" below.

The payment of bonuses to our Named Executive Officers is discretionary and we do not necessarily pay bonuses every year. The payment of bonuses and the amount of same depend, among other things, on our financial performance, our intensive capital investment plan, our future cash flow generation from operations, and our liquidity in general.

We do not provide compensation tied to specific pre-determined individual or Company performance criteria or long-term incentive compensation.

The cash incentive payments granted to our Named Executive Officers are not based on pre-established performance targets or on targets that have been previously communicated to the executives. The granting of the award and the amount of each award are discretionary and substantially uncertain until we decide to award them.

All our Peruvian employee compensation is denominated in Peruvian Soles. We convert the Peruvian Soles into U.S. dollars using the average exchange rate for the applicable period.

Stock Options:

We have not granted stock options or other equity incentive awards to any of our Named Executive Officers since 2000 in Peru. The Stock Incentive Plan, under which options and stock awards could have been granted, expired by its terms on January 1, 2006.

Stock Purchase Plans of Grupo Mexico:

Grupo Mexico offers certain eligible key employees, including our Named Executive Officers, a stock purchase plan (the Employee Stock Purchase Plan) through a trust that acquires shares of Grupo Mexico for future sales to our employees, and employees of our subsidiaries and certain affiliated companies. Sales are at the approximate fair market value at the date of grant. Every two years employees will be able to purchase shares subscribed for purchase in the previous two years. The employees will pay for shares purchased through monthly payroll deductions over the eight year period of the plan. At the end of the eight year period, Grupo Mexico will grant the participant a bonus of one share for every ten shares purchased by the employee. If Grupo Mexico pays dividends on shares during the eight year period, the participant will be entitled to receive the dividend in cash for all shares that have been fully purchased and paid as of the date that the dividend is paid. If the participant has only partially paid for shares, the dividends payable with respect to the purchased shares will be used to reduce the remaining liability owed for such shares. No stock bonuses under the Employee Stock Purchase Plan were granted to our Named Executive Officers in 2018.

Grupo Mexico also offers a stock purchase plan for certain members of its executive management and the executive management of its subsidiaries and certain affiliated companies (Executive Stock Purchase Plan). Under this plan, participants receive incentive cash bonuses that are used to purchase shares of Grupo Mexico and which are deposited in a trust. Mr. Oscar González Rocha received a discretionary cash bonus of \$315,922 in 2018, which was used to purchase shares under this plan. This bonus is reflected in the Summary Compensation Table under the Bonus column.

Pension Plan:

The Company has two non-contributory defined benefit pension plans covering former salaried employees in the United States and certain former employees in Peru. Messrs. González Rocha, Jacob, and Corrales and Ms. Vingerhoets are not covered by our non-contributory retirement plans. They are covered by the Peruvian private pension system (AFP), a mandatory pension system. As required by Peruvian law, we retain every month a percentage of their salary and deposit the amount into their individual AFP accounts. The percentage of the monthly salary retained and deposited varies each year and has ranged from 8% to 10% over the years. Employees received in 1995 a 13.53% salary increase to compensate them for the new deduction established by Peruvian law to participate in the mandatory pension system. Messrs. Jacob and Corrales and Ms. Vingerhoets received a payment of \$6,247, \$2,323 and \$2,128, respectively, in 2018 pursuant to the requirements of the AFP law. These payments are included in the gross salary reported for Messrs. Jacob and Corrales and Ms. Vingerhoets.

Severance Benefits:

We do not have corporate plans providing severance benefits to our Named Executive Officers in Peru. Our Named Executive Officers only receive severance benefits provided by Peruvian law. If the employee is terminated by us and he or she has a fixed-term employment agreement, Peruvian law requires that we pay the employee's salary for the remaining of the term of his or her employment agreement. Peruvian law also provides that if the employee has been dismissed without cause, he or she is entitled to an amount equal to one and one-half times his or her monthly salary for each year of service up to a maximum of eight years or the equivalent of twelve months of salary. Peruvian law also provides that at the termination of employment an employee will be able to withdraw the full amount of the compensation for the years of service, known as CTS (Compensación por Tiempo de Servicios) in Peru, described below. Our Named Executive Officers in Peru do not have change of control employment agreements. Our Named Executive Officers in Peru, including Messrs. Jacob and Corrales and Ms. Vingerhoets, do not have employment agreements. However, Mr. Oscar González Rocha, our Chief Executive Officer, who is an expatriate, has an employment agreement, which is described below.

Expatriate Employees:

Pursuant to Peruvian laws concerning expatriate employees, Mr. Oscar González Rocha entered into an employment agreement. The employment agreement is in effect for a term of one year and may be extended for additional periods. In accordance with the terms of the employment agreement, the Company has agreed to provide Mr. Oscar González Rocha (and any other expatriate employees) with benefits as required by Peruvian law. Under the employment agreement, Mr. Oscar González Rocha may resign at any time by providing us with 30 days notice. The employment agreement also provides that we may dismiss Mr. Oscar González Rocha for serious offenses as established by Peruvian law. Terminated employees are also entitled to receive severance benefits as required by Peruvian law. Our non-Peruvian contract employees and their dependents receive travel benefits to return to their home country at the end of each year and return to Peru at the commencement of each year of the contract. Additionally, this benefit includes travel to their home country at the termination of the contract.

Discretionary Cash Compensation:

Ms. Vingerhoets received a 5% salary increase in 2018. The reported base salaries of Messrs. González Rocha and Jacob in 2018 compared with 2017 reflect minor increases respectively, due to the above-mentioned salary increases and to foreign exchange conversion rates. The minor difference in the comparison of the 2018-2017 salaries of Mr. Corrales is due to foreign exchange conversion rates. The minor difference in the comparison of the 2018-2017 salaries of Ms. Vingerhoets is the result of exchange conversion rates and the 5% salary increase in 2018. The Company's functional currency is the U.S. dollar and salaries, as are all significant portions of our Peruvian operating costs, are denominated in Peruvian Soles. Accordingly, when inflation and currency devaluation/appreciation of the Peruvian currency occur reported salaries can be affected. Mr. Oscar González Rocha's base salary at the commencement of his services with us is reflected in an employment agreement mandated by Peruvian law. In general, the base salaries of our Named Executive Officers in Peru follow the guidelines of salaries of other key employees of the Company. The salaries of Messrs. González Rocha, Jacob and Corrales include a minor retroactive payment.

(b) Bonus:

Mr. Oscar González Rocha received a discretionary cash bonus of \$315,922 in 2018 in recognition of his performance and to reward him for his leadership, vision and focus. Jacob and Corrales and Ms. Vingerhoets received \$23,496, \$16,945 and \$7,686, respectively, as discretionary cash incentive bonuses in 2018. This benefit is payable in cash to each employee in an amount not to exceed 18 times his or her monthly salary. The excess is paid to a Peruvian pro-employment fund and to the regional governments where we operate, that is to say, the regional governments of Lima, Arequipa, Moquegua, and Tacna in Peru.

Additionally, as compensation for years of service or CTS, Peruvian law requires a deposit of one twelfth of an employee's annual salary, vacation, travel, Independence holidays, Christmas, dependents and service award bonus, each year, for each employee (whether Peruvian or expatriate) working in Peru, as applicable. This amount is deposited in a local bank of the employee's choosing, in an individual account, which accrues interest paid by said bank. For all legal purposes, the chosen bank acts as trustee of the deposited amounts. The CTS funds can only be fully withdrawn when the employee terminates employment.

In 2018, we deposited for Messrs. González Rocha, Jacob and Corrales and for Ms. Vingerhoets, \$91,410, \$21,094, \$20,636 and \$13,004, respectively, as CTS compensation. Mexican Compensation Practices:

Our Mexican compensation practices also take into account many factors, including individual performance and responsibilities, years of service, elements of compensation mandated by Mexican law, future challenges and objectives, contributions to the future success of our Company, the executive total compensation, and our financial performance. We may also look at the compensation levels of comparable companies, as described above.

Our Named Executive Officers in Mexico, Messrs. Daniel Muñoz Quintanilla and Jorge Lazalde receive cash-based compensation, which is currently paid. The cash-based compensation has two principal components: base salary and

bonus, which are discretionary, and compensation mandated by Mexican law. We also sponsor programs to recruit and retain qualified employees working in Mexico. We do not provide compensation tied to specific pre-determined individual or Company performance criteria or long-term incentive compensation.

The cash incentive payments granted to our Named Executive Officers are not based on pre-established performance targets or on targets that have been previously communicated to the executives. The granting of the award and the amount of each award are discretionary and substantially uncertain until we decide to award them.

All our Mexican employee compensation is denominated in Mexican Pesos. We convert the Mexican Pesos into U.S. dollars using the average exchange rate for the applicable period.

Stock Options:

We have not granted stock options or other equity incentive awards to any of our Named Executive Officers since 2000 in Mexico. The Stock Incentive Plan, under which options and stock awards could have been granted, expired by its terms on January 1, 2006.

Grupo Mexico offers certain eligible key employees, including our Named Executive Officers, the Employee Stock Purchase Plan through a trust that acquires shares of Grupo Mexico for future sales to our employees, and employees of our subsidiaries and certain affiliated companies. Sales are at the approximate fair market value on the date of grant. Every two years employees will be able to purchase shares subscribed for purchase in the previous two years. The employees will pay for shares purchased through monthly payroll deductions over the eight year period of the plan. At the end of the eight year period, Grupo Mexico will grant the participant a bonus of one share for every ten shares purchased by the employee. If Grupo Mexico pays dividends on shares during the eight year period, the participant will be entitled to receive the dividend in cash for all shares that have been fully purchased and paid as of the date that the dividend is paid. If the participant has only partially paid for shares, the dividends payable with respect to purchased shares will be used to reduce the remaining liability owed for such shares. No stock bonuses under the Employee Stock Purchase Plan were granted to our Named Executive Officers in 2018.

Under the Executive Stock Purchase Plan, participants receive incentive cash bonuses which are used to purchase shares of Grupo Mexico and which are deposited in a trust. Messrs. Muñiz Quintanilla and Lazalde did not receive discretionary cash bonuses under the Executive Stock Purchase Plan in 2018.

Pension Plan:

Retirement benefits of our employees in Mexico are covered by the Mexican social security system mandated by Mexican law. In addition, certain of our Mexican subsidiaries participate in a defined contribution pension plan, which complements the retirement benefits granted under the Mexican social security system.

Under the Mexican pension plan, non-union employees of Minera México, S.A. de C.V., and participating subsidiaries who have completed ten continuous years of employment with the participating subsidiary, including Messrs. Muñiz Quintanilla and Lazalde earn the right to receive certain benefits upon retirement at the normal retirement age of 70 or upon early retirement on or after age 60. Messrs. Muñiz Quintanilla and Lazalde received a contribution under the Mexican pension plan. These amounts are reflected in the Summary Compensation Table under the All Other Compensation column. An employee may choose to retire at age 75 only upon receiving the proper consent of the participating company.

Employees contribute 3% of their monthly base salary to the plan and the employer matches the employees' contributions with an additional 3%. The funds are then invested in treasury or in marketable securities. The fiduciary of such investment funds is an institution authorized by the Mexican government. The plan is administered by a technical committee composed of at least three unpaid individuals (who may be employees of the participating companies), which are appointed by the Company. The plan may be amended or terminated at any time at the Company's discretion, but such amendment or termination must preserve acquired rights of the employees.

Regardless of the manner in which an employee's employment is terminated, he/she is entitled to receive his/her employee contributions and any amounts earned during his/her term of employment. Any severance benefits received by the terminated employee will be deducted from any employer contribution to be received under the plan. In the event of the retirement of an employee, he/she is entitled to receive amounts accrued under the plan.

Severance Benefits

As described above in the Compensation Discussion and Analysis, we provide severance benefits as required by Peruvian and Mexican law, as applicable.

PAY RATIO DISCLOSURE

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC has adopted a rule requiring us to disclose a ratio of total annual compensation of our median employee to total annual compensation of our CEO. Based on the methodology described below, the compensation of our median employee in 2018 was \$33,824 and compensation to our CEO was \$1,504,764, resulting in a ratio of CEO pay to median employee pay for fiscal year 2018 of 44:1.

We used our entire global employee population, other than the CEO, as of a determination date of December 31, 2018 to estimate the median employee. For estimating the median employee, we used a Consistently Applied Compensation Measure (CACM) of annual base salary for 2018 with values converted into U.S. dollars based on the average monthly exchange rate for 2018. We compiled annual base salary data for all employees and then selected our median employee from a group of employees with a salary within +/-1% of the median employee under the CACM. Our median employee is a full-time, hourly employee based in Mexico. After identifying the median employee, we calculated annual total compensation for this employee using the same methodology we use for our named executive officers as disclosed in the Summary Compensation Table.

Our pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. Because the SEC rules allow for different methodologies for determining the ratio, and because work force demographic can vary across companies, the estimated ratio should not be compared against other publicly-traded companies. There have been no changes that we reasonably believe would significantly affect the pay ratio disclosure set forth herein.

COMPENSATION POLICIES AND PRACTICES AND RISK

Our Peruvian and Mexican executive officers and non-executive employees receive cash-based compensation, which is currently paid. The cash-based compensation has two principal components: base salary and bonus, which are discretionary, and compensation mandated by Peruvian and Mexican law. We also sponsor programs to recruit and retain qualified employees working in Peru and Mexico.

The payment of bonuses is discretionary and we do not necessarily pay bonuses every year. The payment of bonuses and the amount of the same depend, among other things, on our financial performance, our intensive capital investment plan, our future cash flow generation from operations, and our liquidity in general. We do not provide compensation tied to specific pre-determined individual or Company performance criteria or long-term incentive compensation. The cash incentive payments granted to our executives and non-executive employees are not based on pre-established performance targets or on targets that have been previously communicated to the executives or the employees. The granting of specific awards and the amount of each award are discretionary and substantially uncertain until we decide to award them.

The decisions to grant salary increases and bonuses for the Named Executive Officers of the Company and for non-executive employees are made by our management team and our Compensation Committee after a thorough analysis of numerous factors, including among others, the responsibilities and performance of each Named Executive Officer or employee measured in the areas of production, expansions and project developments, safety and environmental responsiveness (both individually and as compared to other officers or employees of the Company). It is our practice to grant relatively small salary increases to our Named Executive Officers commensurate with the cost of living increases in

Peru and Mexico and tailor the amount of the incentive cash payments to balance the amounts of compensation mandated by Peruvian and Mexican law, principally the amounts received by the Named Executive Officers as profit participations. Generally, in years in which the profit participation amounts paid to Named Executive Officers are high, the bonus or incentive cash payments will be lower than in years in which the profit participation amounts are relatively modest. In such years, where the profit participation amounts are modest, if our financial conditions permit, we tend to increase the amount paid in cash incentives. Without limiting this, from time to time larger discretionary cash bonuses are granted to our Named Executive Officers in recognition of a particular Named Executive Officer's performance during the year and to reward him for his leadership, vision and focus. The Company's compensation policies or practices do not vary significantly from the Company's overall risk and reward structure, inasmuch as we do not offer performance-based bonuses or incentive awards which occur significantly before receipt of anticipated income or expiration of associated risk to the Company. We do not have business units that account for a significant portion of the Company's risk profile or compensation policies and practices that vary for a particular business unit. We continuously monitor our compensation policies and practices to avoid risk-taking by executive and non-executive employees to increase their compensation.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Germán Larrea Mota-Velasco and Alfredo Casar Pérez, our directors representing Grupo Mexico, are executive officers and/or directors of Grupo Mexico or its affiliates. Messrs. Germán Larrea Mota-Velasco, Oscar González Rocha, Xavier García de Quevedo Topete, and Gilberto Perezalonso Cifuentes comprise the Compensation Committee of the Board of Directors. See also Related Party Transactions.

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Act and Section 14A of the Securities Exchange Act of 1934, as amended, require that the Company's stockholders be given the opportunity to cast a non-binding advisory vote regarding the approval of the compensation disclosed in this proxy statement of the Company's Named Executive Officers in the Summary Compensation Table. The Compensation Discussion and Analysis begins at page 14 of this proxy statement. As discussed there, the Board of Directors believes that the Company's long-term success depends, in large measure, on the talents of the Company's employees. The Company's compensation practices play a significant role in the Company's ability to attract, retain and motivate the highest quality workforce. The principal underpinnings of the Company's compensation system are to comply with the requirements of Peruvian and Mexican laws, to fit with the Company's goals and objectives and to retain its key executives and reward them appropriately for their positive results. The compensation of the Company's Named Executive Officers is in line with the compensation of other key employees of the Company. Additionally, the compensation of Mr. Oscar González Rocha, our Chief Executive Officer, is below the reported compensation of other chief executive officers of companies with comparable market capitalization.

The proposal for a non-binding advisory vote on executive compensation provides stockholders with the opportunity to endorse or not endorse the Company's executive compensation program through the following resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby **APPROVED**.

Because this is an advisory vote, it will not be binding upon the Company, its Board of Directors, or its Compensation Committee. However, the Company, its Board of Directors, and its Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements to the extent they can determine the cause or causes of any significant negative voting results. The affirmative vote of a majority of the votes cast in person or by proxy at the meeting by the holders of shares of Common Stock entitled to vote thereon is required for the non-binding advisory vote on executive compensation described in this proxy statement. Abstentions are counted for quorum purposes. Abstentions are counted as a vote Against this proposal. Broker non-votes are not counted either as votes cast For or Against the proposal. If we receive a signed proxy with no voting instructions, such shares will be voted For the approval of our executive compensation as described in this proxy statement.

The Board of Directors recommends that stockholders vote FOR approval of this resolution.

RELATED PARTY TRANSACTIONS

In 2018, we had entered into certain transactions in the ordinary course of business with parties that are controlling stockholders or their affiliates. These transactions include the lease of office space, air transportation and construction services and products and services relating to mining and refining. We lend and borrow funds among affiliates for acquisitions and other corporate purposes. These financial transactions bear interest and are subject to review and approval by senior management, as are all related party transactions.

Grupo Mexico, our ultimate parent and our majority indirect stockholder, and its affiliates, provide various services to us directly or indirectly through subsidiaries. In 2018, these services were primarily related to accounting, legal, tax, financial, treasury, human resources, price risk assessment and hedging, purchasing, procurement and logistics, sales and administrative and other support services. In 2018 AMMINCO Apoyo Administrativo, S. A. de C. V. (AMMINCO), a subsidiary of Grupo Mexico, began providing such services to our Peruvian operations. We pay Grupo Mexico and AMMINCO for these services. The total amount paid by us to Grupo Mexico and AMMINCO for such services in 2018 was \$18.1 million. We expect to continue to pay for these support services in the future.

In 2018, we sold vehicles to AMMINCO for \$0.3 million and in December 2018, we advanced to AMC \$11.0 million for the payment of the Company's GILTI tax, which was subsequently determined not to be due.

In 2018, our Mexican operations paid \$41.7 million primarily for freight services provided by Ferrocarril Mexicano, S.A. de C.V., \$79.8 million for engineering and construction services provided by Mexico Proyectos y Desarrollos, S.A. de C.V. and affiliates, and \$200.1 million for power supplied by Mexico Generadora de Energia S. de R.L. (MGE), all subsidiaries of Grupo Mexico. On August 4, 2014, Mexico Generadora de Energia Eolica S. de R.L. de C.V, an indirect subsidiary of Grupo Mexico, located in Oaxaca, Mexico, acquired Eolica el Retiro. Eolica el Retiro (Eolica) is a windfarm that has 37 wind turbines. This company started operations in January 2014 and started to sell power to Industrial Minera Mexico, S.A. de C.V. (IMMSA) and other subsidiaries of Grupo Mexico in the third quarter of 2014. Eolica is supplying approximately 18% of its power output to IMMSA, a subsidiary of the Company. Our Mexican operations purchased power from Eolica for \$3.6 million in 2018.

Additionally in 2018, we received \$68.2 million from MGE for natural gas and services.

In 2005, the Company organized MGE, as a subsidiary of Minera Mexico, for the construction of two power plants to supply power to the Company's Mexican operations. In May 2010, the Company's Mexican operations granted a \$350 million line of credit to MGE for the construction of the power plants. That line of credit was due on December 31, 2012 and carried an interest rate of 4.4%. In the first quarter of 2012, Controladora de Infraestructura Energetica Mexico, S. A. de C. V., an indirect subsidiary of Grupo Mexico, acquired 99.999% of MGE through a capital subscription of 1,928.6 million of Mexican pesos (approximately \$150 million), reducing Minera Mexico's participation to less than 0.001%. As a consequence of this change in control, MGE became an indirect subsidiary of Grupo Mexico. Additionally, at the same time, MGE paid \$150 million to the Company's Mexican operations partially reducing the total debt. The remaining balance was repaid in the third quarter of 2016. Related to this loan, the Company recorded interest income of \$4.2 million in 2016.

In 2012, the Company signed a power purchase agreement with MGE, whereby MGE will supply some of the Company's Mexican operations with power through 2032. MGE has two natural gas-fired combined cycle power generating units, with a net total capacity of 516.2 megawatts and has been supplying power to us since December 2013. MGE is supplying approximately 17.1% of its power output to third-party energy users.

In 2018, we purchased \$37.2 million in scrap and other residual copper mineral and sold \$81.8 million in copper cathodes, rod and anodes, as well as sulfuric acid, silver, gold and lime to Asarco LLC, a subsidiary of Grupo Mexico.

In 2018, the Company made donations of \$6.2 million to Fundacion Grupo Mexico, an organization dedicated to promoting the social and economic development of the communities close to the Company's Mexican operations.

The Larrea family controls a majority of the capital stock of Grupo Mexico, and has extensive interests in other businesses, including transportation, aviation, entertainment and real estate. We engage in certain transactions in the ordinary course of business with other entities controlled by the Larrea family relating to the lease of office space, air transportation and entertainment services. In 2018, we paid MexicoTransportes Aereos S.A. de C.V. \$11.1 million for the purchase of an airplane by our Peruvian operations and \$1.3 million for aviation services provided to our Mexican operations. The

Company's Mexican operations paid \$0.3 million and \$0.2 million to Boutique Bowling de Mexico S.A de C.V. and Operadora de Cinemas S.A. de C.V. for entertainment services, respectively. These companies are controlled by the Larrea family. In addition, the Company received \$1.2 million, \$0.2 million and \$0.1 million from Mexico Transportes Aereos S.A. de C.V., Boutique Bowling de Mexico S.A. de C.V., and Operadora de Cinemas S.A. de C.V., respectively, for building rental and maintenance services provided by our Mexican subsidiary.

In 2018, we did not have purchase activities with companies having relationships with our executive officers.

The Company has a 44.2% participation in Compañía Minera Coimolache S.A. (Coimolache), which it accounts for on the equity method. Coimolache owns Tantahuatay, a gold mine located in the northern part of Peru. Messrs. Gonzalez Rocha, Jacob and Corrales are directors of Coimolache.

Asarco LLC, a subsidiary of Grupo Mexico, employs Oscar González Barron, the son of Oscar González Rocha, our Chief Executive Officer. Mr. González Barron holds the position of Chief Financial Officer at Asarco LLC and received \$213,481 as his base salary, \$37,970 as a bonus, along with other employment benefits that are standard for employees of Asarco LLC at that management level in 2018. Mr. Oscar González Barron also received a base salary from AMC of \$19,695 in 2018. Mr. Oscar González Rocha was not involved in the recruiting or hiring of Mr. Oscar González Barron by Asarco LLC, nor in any decision affecting Mr. González Barron's compensation. Mr. Oscar González Barron's compensation was established by Asarco LLC in accordance with its compensation practices applicable to employees with equivalent qualifications and responsibilities and holding similar positions.

It is anticipated that in the future we will enter into similar transactions with such parties.

On February 28, 2017, AMC and the Company entered into a tax agreement (the Tax Agreement), effective as of February 20, 2017, pursuant to which AMC, as the parent of the consolidated group of which the Company is a member and joins in the filing of a U.S. federal income tax return, (a) will be responsible for and discharge, any and all liabilities and payments due to the IRS on account of any incremental tax liabilities of the Company in connection with the potential adjustments being considered by the IRS in connection with the interest of a 2012 Judgment, (b) will not seek reimbursement, contribution or collection of any amounts of money or any other asset in connection therewith from the Company, and (c) will indemnify, defend and hold harmless the Company from any such liability, including the cost of such defense.

The Audit Committee reviewed the 2018 related party transactions reported in this proxy statement and did not object to any of them. Our Audit Committee recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore adopted a written policy for related party transactions on January 24, 2007, and amended it on February 23, 2007, and on April 24, 2008. It is our policy that the Audit Committee shall review all related party transactions. Related parties are those defined as such by the SEC. Our policy requires us to report all related party transactions in our filings with the SEC and as required by accounting requirements.

Article Nine of our Certificate specifically states: The Corporation shall not engage in any Material Affiliate Transaction unless it has been the subject of prior review by a committee of the Board of Directors with at least three members, each of whom is an Independent Director (any such committee, an Affiliate Transactions Committee). For purposes of this ARTICLE NINE, a Material Affiliate Transaction shall mean any transaction, business dealing or material financial interest in any transaction, or any series of related transactions, between Grupo México or one of its affiliates (other than the Corporation or any of the Corporation's subsidiaries), on the one hand, and the Corporation or one of the Corporation's subsidiaries, on the other hand, that involves consideration of more than \$10,000,000 in the aggregate.

Our policy provides that the Audit Committee may delegate authority to grant such approvals or ratifications to one or more members of the Audit Committee with the requirement that such member or members present any decisions made pursuant to such delegated authority to the full Audit Committee at its next scheduled meeting.

Additionally, in transactions where a senior officer is related to any of our goods or services provider, the Chairman of the Audit Committee is delegated the authority to approve the transaction, unless it exceeds an aggregate consideration of more than \$500,000. In the latter case, prior approval of the Audit Committee members is required.

In reviewing a related party transaction our policy requires the Audit Committee to considers all of the relevant factors surrounding the transaction, including:

- (1) whether there is a valid business reason for us to enter into the related party transaction consistent with the best interests of the Company and our stockholders;
- (2) whether the transaction is negotiated on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms comparable to those provided to employees generally;
- (3) whether the Audit Committee determines that it has been duly apprised of all significant conflicts that may exist or may otherwise arise on account of the transaction, and it believes, nonetheless, that we are warranted in entering into the related party transaction and have developed an appropriate plan to manage the potential conflicts of interest;
- (4) whether the rates or charges involved in the transaction are determined by competitive bids, or the transaction involves the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority;
- (5) whether the transaction involves services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services; and/or
- (6) whether the interest of the related party or that of a member of the immediate family of the related party arises solely from the ownership of our class of equity securities and all holders of that class of our equity securities received the same benefit on a pro rata basis.

Management reports all related party transactions to the Audit Committee at each meeting, including material transactions that require approval or ratification. On February 14, 2017, the Audit Committee created a subcommittee of related party transactions, composed of one or more of its members, with the authority to review related party transactions, including material related party transactions, and report same to the full Audit Committee. Material related party transactions are reported to the full Board of Directors. Under our policy, there is a presumption that the Audit Committee has approved or ratified the related party transaction if it has reviewed the transaction and made no observations or objections to the same.

CONTROLLED COMPANY EXCEPTION TO NYSE RULES

A company of which more than 50% of the voting power for the election of directors is held by a single entity, a controlled company, is not required to comply with the requirements of the NYSE corporate governance rules requiring a majority of independent directors and independent compensation and nominating/corporate governance committees.

We are a controlled company as defined by the rules of the NYSE. Grupo Mexico owns indirectly 88.9% of our stock as of December 31, 2018 and controls the voting power for the election of directors. We have taken advantage of the exceptions to the corporate governance rules of the NYSE. We have three special independent directors nominated by

the Special Nominating Committee, Messrs. Luis Miguel Palomino Bonilla, Gilberto Perezalonso Cifuentes, and Carlos Ruiz Sacristán. Messrs. Vicente Ariztegui Andreve, Enrique Castillo Sánchez Mejorada and Rafael Mac Gregor Anciola are our fourth, fifth and sixth independent directors. At its meeting on January 24, 2019, the Board of Directors determined that Messrs. Luis Miguel Palomino Bonilla, Gilberto Perezalonso Cifuentes, Carlos Ruiz Sacristán, Vicente Ariztegui Andreve, Enrique Castillo Sánchez Mejorada and Rafael Mac Gregor Anciola are independent of management in accordance with the requirements of the NYSE as such requirements are interpreted by our Board of Directors in its business judgment.

CORPORATE GOVERNANCE

Corporate Governance Guidelines, Committee Charters and Code of Ethics

We have adopted Corporate Governance Guidelines for the Board of Directors and charters for the Audit, Special Nominating, Corporate Governance and Disclosure, and Compensation Committees. We also have in place a Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, comptroller, all other officers, directors and our employees, including the persons performing accounting or financial functions. The Corporate Governance Guidelines, Code of Business Conduct and Ethics, and Committee charters, may be accessed free of charge by visiting our web site at www.southerncoppercorp.com. We intend to report any amendments to, or waiver from, a provision of the Code of Business Conduct and Ethics that applies to the principal executive officer, principal

financial officer, principal accounting officer, comptroller, director, and other persons performing similar functions as required by the NYSE rules.

Board Leadership Structure

The Board of Directors believes that the Company is best served by separating the positions of Chairman and Chief Executive Officer. Mr. Germán Larrea Mota-Velasco is the Chairman of our Board of Directors and Mr. Oscar González Rocha, the President of the Company, is our Chief Executive Officer. This structure provides two leaders for the Company and results in a more effective organization. We believe our current Board leadership structure is optimal for us because it demonstrates to our employees, suppliers, customers, and other stakeholders that the Company is under strong leadership with two persons setting the tone and having responsibility for managing our operations.

Risk Oversight Process

We have a Risk Committee composed of management personnel that reports to the Chief Executive Officer. The Risk Committee meets regularly to review the Company's risk management process, including operational, legal, financial, governmental environment, corporate governance, credit, and liquidity risk matters. Additionally, the Risk Committee reports to the Audit Committee significant risk findings and the Audit Committee then reports same to the entire Board of Directors. The Board of Directors has the ultimate oversight role to monitor how executive management manages the material risks associated with the Company's operations.

It is the competence of the Audit Committee to review and discuss with management the Company's guidelines and policies with respect to the process by which the Company undertakes risk assessment and risk management, including discussion of the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. Additionally, the Board's Corporate Governance and Disclosure Committee's duties include overseeing and reviewing periodically with the Chief Executive Officer, the Chief Financial Officer, the proper officers, employees, and committees of the Company, the internal and external auditors, and the Audit Committee the effectiveness of the Company's disclosure controls and procedures, internal controls, and risk assessments, and the quality and adequacy of the disclosures that the Company makes in the periodic reports it files with the SEC.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing the Company and that our Board leadership structure supports this approach.

Executive Session of Non-Management Directors

In accordance with Section 303A.03 of the corporate governance rules of the NYSE, an executive session of non-management directors is scheduled on the occasion of each of our regularly scheduled Board of Directors meetings. Only independent directors attend the executive sessions of non-management directors. For such purpose, our Chairman invites the non-management directors to hold the executive session and all other members are asked to leave the boardroom. The non-management directors decide on each occasion if there are matters that warrant holding the executive session and the directors designate for each session, the director who will preside at each executive session. This policy is disclosed in Section 5.4 of our Corporate Governance Guidelines posted on the Company's web site at www.southerncoppercorp.com.

Corporate Governance and Disclosure Committee

The primary functions of the Corporate Governance and Disclosure Committee are (a) to consider and make recommendations to the Company's Board of Directors concerning the appropriate function and needs of the Board, (b) to develop and recommend to the Board of Directors corporate governance principles, (c) to oversee evaluation of the Board of Directors and management, and (d) to oversee and review compliance with the disclosure and reporting standards of the Company that require full, fair, accurate, timely, and understandable disclosure of material information regarding the Company in reports and documents that it files with the SEC, the NYSE and equivalent authorities in the countries in which the Company operates, as well as in other public communications that it regularly makes. The Chief Executive Officer, the Chief Financial Officer, the Comptroller, the Treasurer, and the persons performing accounting or financial functions are responsible to ensure compliance with these standards. Additionally, the Chief Executive Officer and the Chief Financial Officer are responsible for establishing and maintaining disclosure controls and procedures and internal control over financial reporting. It is also the purpose of the Corporate Governance and Disclosure Committee to assist the Audit Committee in the performance of its responsibilities. Because we are a controlled company as defined by the

NYSE we do not have a Corporate Governance and Disclosure Committee comprised entirely of independent directors. The Committee is composed of Messrs. Germán Larrea-Mota Velasco, Oscar González Rocha, Xavier García de Quevedo Topete, and Alfredo Casar Pérez. The Committee met one time in 2018.

The Corporate Governance and Disclosure Committee has the authority to delegate any of its authority to subcommittees designated by the Corporate Governance and Disclosure Committee, to the extent permitted by law. The Corporate Governance and Disclosure Committee has the authority to delegate its authority to one or more members of the Committee with the requirement that such member or members present any decisions made pursuant to such delegated authority to the full Corporate Governance and Disclosure Committee at its next meeting. The Committee has the sole authority to retain and terminate any counsel or other advisors, including sole authority to approve the fees and other retention terms.

Special Independent Directors/Special Nominating Committee

The Special Nominating Committee functions as a special committee to nominate special independent directors to the Board of Directors. The Company does not have any other nominating committee. Pursuant to our Certificate, a special independent director is any director who (i) satisfies the independence requirements of the NYSE Listed Company Manual (or any other exchange or association on which the Common Stock is listed) and (ii) is nominated by the Special Nominating Committee. The Special Nominating Committee has the right to nominate a number of special independent directors based on the percentage of our Common Stock owned by all holders of our Common Stock, other than Grupo Mexico and its affiliates.

The Special Nominating Committee consists of three directors, two Special Designees and one Board Designee. The current Special Designees are Luis Miguel Palomino Bonilla and Carlos Ruiz Sacristán (each an Initial Member) and the current Board Designee is Xavier García de Quevedo Topete. The Board Designee is selected annually by the Board of Directors. The Special Designees are selected annually by the members of the Board of Directors who are special independent directors or Initial Members. Only special independent directors can fill vacancies on the Special Nominating Committee. Any member of the Special Nominating Committee may be removed at any time by the Board of Directors for cause. The unanimous vote of all members of the Special Nominating Committee will be necessary for the adoption of any resolution or the taking of any action.

Our Certificate provides that the minimum number of special independent directors on the Board of Directors at any given time shall be equal to (a) the total number of directors on the Board of Directors multiplied by (b) the percentage of Common Stock owned by all of the stockholders (other than Grupo Mexico and its affiliates), rounded up to the next whole number. Notwithstanding the foregoing, the total number of persons nominated as special independent directors cannot be less than two or greater than six.

The Special Nominating Committee has nominated Messrs. Luis Miguel Palomino Bonilla, Gilberto Perezalonso Cifuentes, and Carlos Ruiz Sacristán as special independent directors. Messrs. Vicente Ariztegui Andreve, Enrique Castillo Sánchez Mejorada and Rafael Mac Gregor Anciola are our fourth, fifth and sixth independent directors. At its meeting on January 24, 2019, the Board of Directors approved the nomination of special independent directors made by the Special Nominating Committee and endorsed the determination made by the Special Nominating Committee that Messrs. Luis Miguel Palomino Bonilla, Gilberto Perezalonso Cifuentes, and Carlos Ruiz Sacristán are independent of management in

accordance with the requirements of the NYSE, as such requirements are interpreted by the Special Nominating Committee and our Board of Directors in their respective business judgments. The Board of Directors also determined that Messrs. Vicente Ariztegui Andreve, Enrique Castillo Sánchez Mejorada and Rafael Mac Gregor Anciola are independent of management in accordance with the requirements of the NYSE as such requirements are interpreted by our Board of Directors in its business judgment. Notwithstanding the foregoing, the power of the Special Nominating Committee to nominate special independent directors is subject to the rights of the stockholders to make nominations in accordance with our by-laws.

The Special Nominating Committee met three times in 2018. The Special Nominating Committee considers and makes recommendations to the Board of Directors with respect to the nominations for special independent directors. The Committee considers recommendations for special independent director nominees to the Board of Directors from all sources. Recommendations for special independent director nominees should be sent in writing to our Secretary or Assistant Secretary (see Proposals and Nominations of Stockholders below).

The Special Nominating Committee's Charter sets forth that it shall have the authority to:

- consider and recruit candidates to fill the positions on the Board of Directors allocated to special independent directors taking into account the Board's current composition and core competencies and the needs of the Board of Directors as a whole;
- apply criteria for Board membership that require special independent directors to satisfy the independence requirements, possess financial and business competency, high ethical standards and integrity, intelligence and judgment, sufficient time to devote to our matters, and a history of achievement;
- review and consider candidates from all sources;
- conduct appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates;
- recommend the special independent director nominees for approval by the Board of Directors and you;
- fill any vacancy created by the removal, resignation or retirement from the Board of Directors of any special independent director; and
- evaluate annually the Committee's own performance and the adequacy of the charter, and report on the same to the Board of Directors

The Committee has the authority to delegate any of its authority to subcommittees designated by the Committee, to the extent permitted by law. However, the Committee has the sole authority to retain and terminate any advisor, including counsel and any search firm used to identify special independent director candidates, and to approve the fees and other retention terms of said advisors.
