PROXY STATEMENT FOR THE ORTHOFIX INTERNATIONAL N.V.
2008 ANNUAL GENERAL MEETING OF SHAREHOLDERS

THIS PROXY STATEMENT AND THE ENCLOSED PROXY ARE BEING MAILED TO SHAREHOLDERS ON OR ABOUT MAY 7, 2008.

ABOUT VOTING

Who can vote?

All record holders of shares of Orthofix common stock at the close of business on April 23, 2008 (the "Record Date") have been sent this notice and will be entitled to vote at the Annual General Meeting. Each record holder on such date is entitled to cast one vote per share of common stock. As of the Record Date, there were 17,088,856 shares of Orthofix common stock outstanding.

Quorum, vote required

The presence, in person or by proxy, of the holders of fifty percent (50%) of the shares of Orthofix common stock outstanding on the Record Date is required to constitute a quorum at the Annual General Meeting. An absolute majority of the votes cast will be required in order to approve the proposals before the Annual General Meeting, except that (i) the proposed amendment to the Articles of Association will require an absolute majority of the shares of common stock outstanding for approval and (ii) the directors shall be elected by a plurality of the votes cast. Abstentions and "broker non-votes" are counted as shares that are present and entitled to vote on the proposals for purposes of determining the presence of a quorum, but abstentions and broker non-votes will not have any effect on the outcome of voting on the proposals, except for the proposed amendment to the Articles of Association, for which abstentions and "broker non-votes" will have the effect of a vote against such proposal. A broker "non-vote" occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Proxies

This proxy statement is being furnished to holders of shares of Orthofix common stock in connection with the solicitation of proxies by and on behalf of the Board of Directors for use at the Annual General Meeting.

All shares of Orthofix common stock that are represented at the Annual General Meeting by properly executed proxies received prior to or at the Annual General Meeting and which are not validly revoked, will be voted at the Annual General Meeting in accordance with the instructions indicated on such proxies. If no instructions are indicated on a properly executed proxy, such proxy will be voted in favor of each of the proposals. The Board of Directors does not know of any other matters that are to be presented for consideration at the Annual General Meeting.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (1) filing with Orthofix, at or before the taking of the vote at the Annual General Meeting, a written notice of revocation bearing a later date than the proxy, or (2) duly executing a subsequent proxy relating to the same shares of Orthofix common stock and delivering it to Orthofix before the Annual General Meeting. Attending the Annual General Meeting will not in and of itself constitute the revocation of a proxy. Any written notice of revocation or subsequent proxy should be sent so as to be delivered to: Orthofix International N.V., 7 Abraham de Veerstraat, Curaçao, Netherlands Antilles, at or before the taking of the vote at the Annual General Meeting.

Voting is confidential

We maintain a policy of keeping all the proxies, ballots and voting tabulations confidential.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers and directors, and holders of more than 10% of our common stock (collectively, the "Reporting Persons") to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Such persons are required by regulations of the SEC to furnish us with copies of all such filings. Based on our review of these reports from the Reporting Persons, we believe that during the fiscal year ended December 31, 2007 all Section 16(a) filing requirements applicable to the Reporting Persons were complied with, except that one Form 3 for Mr. Dodson, one Form 4 with respect to one transaction each for each of Messrs. Burckhardt, Federico, Kester, Weisshaar and Benjamin, Dr. Jordan and Dr. von Wartburg, two Forms 4 with respect to one transaction each of Mr. Hewett, and one Form 4 with respect to two transactions of Mr. Gaines-Cooper, were filed late.

INFORMATION ABOUT DIRECTORS

The Board of Directors and Committees of the Board

The Board of Directors currently has nine members. The Board has resolved to increase the size of the Board from nine to ten effective at the Annual General Meeting. The directors are elected at each Annual General Meeting by a plurality of the votes cast, in person or by proxy by the shareholders. Directors are elected for one-year terms. Because we are required by Netherlands Antilles law to hold the Annual General Meeting in the Netherlands Antilles, we do not have a policy regarding director attendance at the Annual General Meeting of Shareholders. No directors were present at our 2007 Annual General Meeting of Shareholders. Our Articles of Association currently provide that the Board shall consist of not less than six and no more than fifteen directors, the exact number to be determined by resolution of the Board.

Our Board usually meets four times per year in regularly scheduled meetings, but will meet more often if necessary. The Board met six times during 2007 (four of which meetings were two-day in-person meetings). The Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. Each Director attended more than 75% of the aggregate of all meetings of the Board of Directors and the Committees on which he served during 2007.

Of the ten directors standing for election at the Annual General Meeting, the Board has determined that Messrs. Benjamin, Kester and Weisshaar, Ms. Sainz, Dr. Jordan and Dr. von Wartburg are independent under the current listing standards of the Nasdaq Global Select Market and Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended. A list of our current directors who will serve beyond the meeting and background information for each of them, together with information regarding our new director nominee, Ms. Sainz, is presented in the section "Proposal 1: Election of Directors," beginning on page 45.

The Audit Committee

Our Audit Committee is a separately-designated standing audit committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The Audit Committee is responsible for the appointment, compensation and oversight of our independent registered public accounting firm, approving the scope of the annual audit by the independent registered public accounting firm, reviewing audit findings and accounting policies, assessing the adequacy of internal controls and risk management and reviewing and approving Orthofix's financial disclosures. The committee also meets privately, outside the presence of Orthofix management, with our independent registered public accounting firm. The Audit Committee's Report for 2007 is printed below at page 63.

The Board has adopted a written charter for the Audit Committee, a copy of which is available for review on our website at www.orthofix.com.

The Audit Committee met fourteen times during 2007.

Messrs. Benjamin, Kester and Weisshaar currently serve as members of the Audit Committee. Mr. Benjamin serves as Chairman of the committee. Under the current rules of the Nasdaq Global Select Market and pursuant to Rule 10A-3 of Schedule 14A under the Securities Exchange Act of 1934, as amended, all of the members of the Audit Committee are independent. Our Board of Directors has determined that Messrs. Benjamin, Kester and Weisshaar are “audit committee financial experts” as that term is defined in Item 401(h) of Regulation S-K.

Table of Contents

The Compensation Committee

The Compensation Committee is responsible for establishing compensation policies and determining, approving and overseeing the total compensation packages for our executive officers and other key employees, including all elements of compensation.

The Compensation Committee administers our Amended and Restated 2004 Long-Term Incentive Plan (the “2004 LTIP”), the primary equity incentive plan under which we make equity-related awards, and the Orthofix Inc. Employee Stock Purchase Plan (the “ESPP”), an equity plan under which most of our employees are eligible to purchase Company stock. The Compensation Committee also administers prior plans that continue to have outstanding awards, but under which we no longer grant awards. The Compensation Committee has sole authority with respect to awards under the 2004 LTIP and oversees the ESPP and remaining awards under prior plans. See “Executive Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation – Long-Term Equity-Based Incentives” for information on these plans.

The Compensation Committee met ten times during 2007.

The Board has adopted a written charter for the Compensation Committee, a copy of which is available for review on our website at www.orthofix.com.

Mr. Kester, Dr. Jordan and Dr. von Wartburg currently serve as members of the Compensation Committee. From January 1, 2007 until June 20, 2007, the Compensation Committee of the Board consisted of four members, Mr. Kester, Dr. Jordan, Mr. Widensohler and Dr. von Wartburg. On June 20, 2007, Mr. Widensohler ceased serving as a member of the Compensation Committee when he departed the Company’s Board of Directors. All persons who served on the Compensation Committee in 2007 satisfied, and all persons currently serving on the Compensation Committee satisfy, the qualification standards of Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”), and Section 16 of the Exchange Act. All members are non-employee, non-affiliated, outside directors and they are considered independent under the current rules of the Nasdaq Global Select Market and the SEC. Mr. Kester serves as Chairman of the Compensation Committee.

No interlocking relationship, as defined in the Exchange Act, exists between the Board or Committee and the board of directors or compensation committee of any other entity.

The Nominating and Governance Committee

The Nominating and Governance Committee assists the Board in identifying qualified individuals to become Board members, recommends to the Board nominees for election at each annual general meeting of shareholders, develops and recommends to the Board the Company’s corporate governance principles and guidelines, and evaluates potential candidates for executive positions as appropriate. The Nominating and Governance Committee is also responsible for periodically reviewing plans regarding succession of senior management.

The Nominating and Governance Committee met five times in 2007.

The Board has adopted a written charter for the Nominating and Governance Committee, a copy of which is available for review on our website at www.orthofix.com.

Messrs. Benjamin, Weisshaar and Dr. Jordan currently serve as members of the Nominating and Governance Committee. Dr. Jordan serves as Chairman of the committee. All members are independent under the current rules of the Nasdaq Global Select Market and the SEC.

Code of Ethics

We have adopted a code of ethics to comply with the rules of the SEC and the Nasdaq Global Select Market. Our Code of Conduct and Ethics applies to our directors, officers and employees worldwide, including our Chief Executive Officer and Chief Financial Officer. A copy of our Code of Conduct and Ethics is available for review on our website at www.orthofix.com.

Mr. Gero reviews all correspondence addressed to the Board of Directors and presents to the Board a summary of all such correspondence and forwards to the Board or individual directors, as the case may be, copies of all correspondence that, in the opinion of Mr. Gero, deals with the functions of the Board or committees thereof or that he otherwise determines requires their attention. Examples of communications that would be logged, but not automatically forwarded, include solicitations for products and services or items of a personal nature not relevant to us or our shareholders. Directors may at any time review the log of all correspondence received by Orthofix that is addressed to members of the Board and request copies of any such correspondence.

Nomination of Directors

As provided in its charter, the Nominating and Governance Committee identifies and recommends to the Board nominees for election or re-election to the Board and will consider nominations submitted by shareholders. The Nominating and Governance Committee seeks to create a Board of Directors that is strong in its collective diversity of skills and experience with respect to finance, leadership, business operations, technologies and industry knowledge. The Nominating and Governance Committee reviews with the Board, on an annual basis, the current composition of the Board in light of the characteristics of independence, skills, experience and availability of service to Orthofix of its members and of anticipated needs. If necessary, we will retain a third party to assist us in identifying or evaluating any potential nominees for director. When the Nominating and Governance Committee reviews a potential new candidate, it looks specifically at the candidate's qualifications in light of the needs of the Board at that time given the then current mix of director attributes.

Generally, in nominating director candidates, the Nominating and Governance Committee strives to nominate directors that exhibit high standards of ethics, integrity, commitment and accountability. In addition, all nominations attempt to ensure that the Board shall encompass a range of talent, skills and expertise sufficient to provide sound guidance with respect to our operations and activities.

Under our Corporate Governance Guidelines, directors must inform the Chairman of the Board and the Chairman of the Nominating and Governance Committee in advance of accepting an invitation to serve on another company's board of directors. In addition, no director may sit on the board of directors of, or beneficially own a significant financial interest in, any business that is a material competitor of Orthofix. The Nominating and Governance Committee reviews any applicable facts and circumstances relating to any such potential conflict of interest and determines in its reasonable discretion whether a conflict exists.

To recommend a nominee, a shareholder shall give notice to the Board, at our registered address c/o Dr. Guy J. Jordan, Chairman of the Nominating and Governance Committee, Orthofix International N.V., 10115 Kincey Avenue, Suite 250, Huntersville, NC 28078. This notice should include the candidate's brief biographical description, a statement of the qualifications of the candidate, taking into account the qualification requirements set forth above and the candidate's signed consent to be named in the proxy statement and to serve as a director if elected. The notice must be given not later than 180 days before the first anniversary of the last Annual General Meeting of Shareholders. Once we receive the recommendation, we will contact the candidate and request that he or she provide us with additional information about the candidate's independence, qualifications and other information that would assist the Nominating and Governance Committee in evaluating the candidate, as well as certain information that must

be disclosed about the candidate in our proxy statement, if nominated. Candidates must respond to our inquiries within the time frame provided in order to be considered for nomination by the Nominating and Governance Committee.

The Nominating and Governance Committee has not received any nominations for director from shareholders for the 2008 Annual General Meeting of Shareholders.

Procedures for Approval of Related Person Transactions

The Company's policies and procedures for the review, approval or ratification of related-party transactions are set forth in our Code of Conduct and Ethics. Our policy is that the Audit Committee will review and approve all related party transactions that meet the minimum threshold for disclosure under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest).

Transactions involving Charles W. Federico

On January 10, 2002, we entered into a full-recourse loan with Charles W. Federico (former Chief Executive Officer of Orthofix Inc. and a current director of the Company). The loan had a principal amount of \$145,200 and was entered into to assist Mr. Federico in purchasing shares of OrthoRx Inc. common stock, a company in which we currently hold a minority interest. The loan had an annual interest rate of 3.97%, compounded annually, and matured on the earlier of (1) January 10, 2007 and (2) the date Mr. Federico ceased to be our employee, officer or director. No principal or interest payments were due prior to the maturity date, and after such date, the loan bore an interest rate of 18% if not paid in full at such time. The loan was secured by a stock pledge agreement covering all shares of OrthoRx Inc. common stock owned by Mr. Federico.

In January 2007, we entered into a settlement agreement with Mr. Federico with respect to disputes between Orthofix and him regarding his shares of OrthoRx Inc. and the outstanding obligations under the loan and related stock pledge agreement. Under the settlement agreement and in full satisfaction of any and all amounts and obligations under the loan and stock pledge agreement, as well as in settlement of any disputes between the parties, Mr. Federico (1) tendered all shares of OrthoRx Inc. held by him to Orthofix, (2) paid \$40,000 to Orthofix and (3) entered into various releases with Orthofix.

Gregory Federico, son of Mr. Federico, a director and former Orthofix Group President and Chief Executive Officer, is the owner of OrthoPro, Inc. ("OrthoPro"), which acts as an independent third-party distributor for Breg. In 2007, Breg paid commissions to OrthoPro of approximately \$500,000. The OrthoPro distributor relationship with Breg predates Orthofix's acquisition of Breg in December of 2003 and commissions paid to OrthoPro are at a rate that the Company considers to be generally accepted in the industry.

Matthew Federico, son of Mr. Federico, is employed by Breg was paid approximately \$88,000 by Breg during 2007.

Transactions involving Robert Gaines-Cooper

Robert Gaines-Cooper was a member of the Company's Board of Directors until December 2006 and is a significant shareholder of the Company.

On March 17, 2008, our Breg division sold its pain care product assets to LMA North America, a Delaware corporation and LMA Medical & Innovations Limited, an entity organized under the laws of the Republic of Seychelles. These entities are subsidiaries of LMA International N.V., a Netherlands Antilles company. LMA paid approximately \$6.0 million to Breg at closing and agreed to an additional \$1 million future payment that is contingent upon sales levels being maintained post-closing. Mr. Gaines-Cooper is Chairman of LMA International N.V.

The Company also has commercial relationships with several entities that the Company understands are wholly or partially owned by LMA. In some cases, Mr. Gaines-Cooper may have a direct or indirect equity interest in such entities. For example, two of the Company's subsidiaries have product distribution agreements with LMA-controlled entities, and in 2007 paid a total of \$6.2 million to purchase LMA product pursuant to these distribution agreements.

An additional subsidiary of the Company regularly purchases impads and calf pads from an entity that the Company understands that LMA and/or Mr. Gaines-Cooper has a significant equity interest in. In 2007, these purchases totaled \$4.7 million.

Compensation Discussion and Analysis

Overview

Our Compensation Committee, or the Committee, discharges the responsibilities of the Board relating to all compensation of the Company's executive officers, including equity-based compensation. The Committee is responsible for establishing and evaluating compensation policies and determining, approving and evaluating employee compensation, including the total compensation packages for our executive officers and other key employees and compensation under the Company's equity incentive plans and other Company compensation policies and programs. The Committee specifically considers and approves the compensation for the Chief Executive Officer and other named executive officers. It is also responsible for making recommendations to the Board regarding the compensation of directors. The Committee relies on some senior executive officers to make recommendations on certain aspects of compensation as discussed below. The Committee acts under a written charter adopted by the Board. The Committee reviews its charter annually and recommends any changes to the Board. The Committee did not amend its charter in 2007. The charter is available on our website at www.orthofix.com. Since June 20, 2007, the Committee has consisted of Mr. Kester, Dr. Jordan and Dr. von Wartburg. Prior to that time, from January 1, 2007 until June 20, 2007, the Committee also included Mr. Stefan Widensohler. Mr. Widensohler ceased serving as a member of the Committee when he departed the Company's Board of Directors. During 2007, each member of the Committee was an independent, non-employee, non-affiliated, outside director while he served on the Committee. Mr. Kester serves as Chairman of the Committee. The Committee furnished its report provided above.

Throughout this proxy statement, the individuals serving as our principal executive officer ("Chief Executive Officer"), our principal financial officer ("Chief Financial Officer") during the last completed fiscal year and our three other most highly compensated executive officers who were serving as executive officers at the end of the last completed fiscal year, are referred collectively as the "named executive officers."

Role of Executive Officers

At the Committee's request, from time to time certain of our senior management presents compensation-related initiatives to the Committee. For instance, while the Committee approves all elements of compensation for executive officers, the Committee requests on an annual basis that the Chief Financial Officer aid the Committee in fulfilling its duties by facilitating the gathering of information relating to potential bonus guidelines and goals under our annual incentive program as well as possible stock option or restricted stock grants. The Chief Financial Officer's

recommendations are prepared in accordance with the market-based compensation guidelines developed by the Committee's outside compensation consultant, Towers Perrin, and approved by the Committee. This information is presented to the Chief Executive Officer, who considers the information (other than with respect to his compensation) and makes separate recommendations to the Committee with respect to salary and any increases in salary for the named executive officers. The Committee then reviews the recommendations. The Chief Executive Officer is also actively involved in compensation discussions with respect to other executive officers. The Chief Executive Officer and Chief Financial Officer attend meetings of the Committee in such roles from time to time. In addition, Raymond C. Kolls regularly attends meetings of the Committee in his role as Secretary to the Committee and, when requested by the Committee, as General Counsel. To the extent required or advisable, these executive officers are excluded from any Committee discussions or votes regarding their compensation.

Compensation Consultant

The Committee has the authority under its charter to retain, at the Company's expense, outside compensation consultants to assist in evaluating compensation. The Committee also has the authority to terminate those engagements. In accordance with this authority and to aid the Committee in fulfilling its duties, the Committee has engaged Towers Perrin since 2006 as its outside compensation consultant.

In its role as compensation consultant, Towers Perrin has worked with the Committee to develop our executive and director compensation philosophy, and Towers Perrin periodically conducts reviews and updates of our executive officer and director compensation programs and long-term incentive practices at the request of the Committee. For instance, at the Committee's request, in 2006 and again in 2008, Towers Perrin conducted an assessment of our top five executive compensation levels as compared to the competitive market to determine whether they remain consistent with our compensation philosophy discussed below. In connection with this assessment, each time, Towers Perrin made comparisons to our then-current peer group and considered the compensation, rights and benefits of executive officers of those peer group companies based upon publicly-available disclosure regarding the compensation arrangements at those companies. Towers Perrin also compared our long-term incentive grant guidelines for all equity-eligible employees and directors to the competitive market to enable the Committee to determine if current equity grant levels are aligned with our compensation philosophy. As part of this process and at the request of the Committee, Towers Perrin also conducted a competitive market analysis of outside director pay practices and levels such that the Committee could determine if our current outside director compensation program was aligned with the competitive market.

In order to perform their tasks as requested by the Committee, certain of our senior management has shared access to much of the information compiled and provided to the Committee by the consultant. In addition, the Company's management engages Towers Perrin on an ad hoc, limited basis in connection with certain human resources-related projects. In 2007 and 2008, the Company's management engaged Towers Perrin to assist it with conducting an analysis of the impact of certain amendments to the 2004 LTIP. In addition, Towers Perrin also assisted management with creating specific retention model recommendations (including with respect to its proposed divestiture of its orthopedic business) and preparing communication materials to send to the Company's employees regarding its initial grants of restricted stock under the 2004 LTIP.

Executive Compensation Philosophy

The Committee guides itself in large part by our executive compensation philosophy. This philosophy reflects a "pay-for-performance" outlook in consideration of our growth (whether internal or as a result of acquisitions) and our objectives of attracting, retaining and motivating executive officers and other key employees while increasing shareholder value. We must attract the right mix of executive officers, including from businesses larger than ours, for us to grow successfully. At the same time, we must retain employees in order to motivate them to help us achieve our goals, especially as we grow. Finally, we must consider all these elements in the context of our ultimate objective of enhancing the value of the Company for our shareholders.

Under this philosophy, the Committee's goal is to fairly compensate executive officers with an emphasis on providing incentives that balance the promotion of both our short- and long-term objectives. As described in more detail below, achievement of short-term objectives is rewarded through base salary and cash bonuses, while grants of stock options encourage executive officers to focus on our long-term goals. The Committee may choose to materially increase or decrease compensation based on performance and the achievement of the above objectives. While we have grown in the last few years, these core components remain the basis for our executive compensation philosophy as we continue to grow.

Benchmarking

During fiscal year 2007, decisions related to executive compensation program design and pay levels were informed, in part, by the practices and pay levels of comparable peer organizations. The executive compensation comparator peer group utilized by the Company during fiscal year 2007 included the following organizations:

- CONMED Corporation
- Cooper Companies, Inc.
- Datascope Corporation
- DJO Incorporated
- Edwards Lifesciences Corporation

- Integra LifeSciences Holding Corporation
- Kyphon, Inc.
- Resmed, Inc.
- Respirationics, Inc.
- VIASYS Healthcare, Inc.
- Vital Signs, Inc.
- Wright Medical Group, Inc.

From time to time, based upon changes both within Orthofix and within the marketplace, it is appropriate for the Committee to review the peer group and realign it, as needed, to ensure that it continues to contain organizations that are of the appropriate size and complexity for the purposes of executive compensation benchmarking.

In early 2008, the Committee engaged Towers Perrin to conduct an executive compensation analysis that provided summarized data on market competitive levels of base salary, annual incentive opportunities and long-term incentive grants. This analysis updated competitive market data developed in 2006 and also provided benchmark information on compensation practices such as the prevalence of types of compensation plans and the proportion of the types of pay components as part of the total compensation package for executive officers of similarly situated companies. Other publicly available information and input from Towers Perrin on other factors, such as recent market trends, supplemented this information. In conducting this benchmarking, Towers Perrin utilized a selection of peer companies, which was reviewed by the Committee to ensure that it represented organizations of the appropriate size and complexity based upon key financial factors such as annual gross revenues, shareholder return and market capitalization. In January 2008, the Committee approved the peer group below containing sixteen medical technology and device manufacturers and distributors, some of which we compete against for executive talent.

- Advanced Medical Optics, Inc.
- Arrow International, Inc.
- ArthroCare Corporation
- CONMED Corporation
- Cooper Companies, Inc.
- Edwards Lifesciences Corporation

- Integra LifeSciences Holding Corporation
- Invacare Corporation
- Kinetic Concepts, Inc.
- Millipore Corporation
- NuVasive, Inc.
- Pediatrix Medical Group, Inc.
- Resmed, Inc.
- Respirationics, Inc.
- STERIS Corporation

Advanced Medical Optics, Inc., ArthroCare Corporation, Invacare Corporation, Kinetic Concepts, Inc., Millpore Corporation, NuVasive, Inc., Pediatrix Medical Group and STERIS Corporation have been added to the peer group since the last fiscal year to replace the companies that are no longer part of the peer group. Based on the Compensation Committee's review of the peer group, Datascope Corporation, DJO Incorporated, Encore Medical Corporation, Kyphon, Inc., VIASYS Healthcare, Inc., Vital Signs, Inc. and Wright Medical Group, Inc. were removed from the peer group since the last fiscal year, as some of those companies are no longer comparable to the Company or have been acquired and are no longer in existence.

Table of Contents

This peer group was updated from the prior group based on our current size and anticipated growth. While the updated peer group includes some companies with larger revenues and greater market capitalization than that of Orthofix, using the updated peer group as our benchmark gives us a more appropriate mix of companies and enables the Company to more closely benchmark the total compensation packages of our named executive officers with the types of companies with which the Company typically competes and with the market capitalization of companies to which the Company expects to be comparable in the next few years under the Company's growth strategies. We believe this approach enables the Company to attract and retain appropriate executive talent.

Elements of Executive Compensation

Overview

Our compensation program for executive officers and other key employees consists of three primary elements:

- annual salary;
- performance-based incentives in the form of annual cash bonuses; and
- long-term equity-based incentives, generally in the form of stock options granted under the 2004 LTIP.

The Committee determines annually what portion of an executive officer's compensation should be in the form of salary, potential annual performance-based cash bonuses and stock option-based compensation. The Committee believes an appropriate mix of these elements, commensurate with our compensation philosophy, will ensure that our compensation objectives are achieved. See "Executive Compensation Philosophy" below for more information on the Committee's guidelines for each element of executive compensation. As part of its decision making process, the Committee reviews tally sheets setting forth all components of the compensation and benefits received by our named executive officers. These tally sheets include a specific review of dollar amounts for salary, bonus, perquisites and long-term incentive compensation in the form of stock options.

With respect to incentive compensation, the (i) setting of performance goals for the attainment of cash bonuses and the determination of awards thereunder and (ii) determination of the number and type of annual equity-based compensation awards, are typically done at different times during the year. The Committee believes that the separation of the timing of these grants and awards provides for increased incentives for the recipients. These incentives are based on financial objectives that are important to the Company, including income attainment and sales attainment. To a lesser extent, individual performance is also taken into account. The consideration of individual performance enables the Committee to differentiate among executive officers and emphasize the link between personal performance and compensation. We do not currently provide stock appreciation rights or other incentive compensation, but in 2007 we began granting restricted stock to non-executive officers only, in addition to or in lieu of stock option grants. Under the 2004 LTIP, the Company may grant restricted stock to named executive officers and other key employees in the future.

Certain non-employee directors and executive officers are eligible to participate in the Orthofix Deferred Compensation Plan, whereby such eligible participants may elect to defer a portion of their earnings each year. We also provide our executive officers and directors with certain limited perquisites discussed below.

Executive Compensation Philosophy

Our "pay-for-performance" philosophy is based upon the following executive compensation philosophy. This philosophy takes into account the results of our benchmarking surveys and assumes that the Company meets or

exceeds its performance goals. This compensation philosophy emphasizes pay at risk through awards made under the cash-based annual incentive plan as well as grants made under the long-term equity compensation program.

2007

Based upon competitive benchmarking completed in 2006, the Committee concluded that our 2007 top five executive cash compensation levels were generally aligned with our compensation philosophy set forth below, but the expected value of annual equity grants was less competitive as compared to our philosophy.

Table of Contents

Pay Element	Market Position	Rationale
Annual Salary	50th Percentile	“Competitive” annual salary.
Total Cash Goal (1)	Up to 75th Percentile	Opportunity for greater than “competitive” cash compensation if performance exceeds expectations.
Long-Term Incentive Grants	50th Percentile	Reward performance, retain key employees and provide alignment with shareholder interests while thoughtfully managing share utilization/dilution.
Total Direct Compensation Goal (2)	60th Percentile +	Align long-term incentive plus total cash with shareholder interest and reward long-term performance. The combination of 75th percentile total cash goal and 50th percentile long-term incentive grants results in approximately 60th percentile total direct compensation.

(1) Total cash compensation equals annual salary plus annual cash incentives.

(2) Total direct compensation equals total cash plus annualized expected value of long-term incentives.

In addition, in 2006 Towers Perrin conducted a competitive market analysis to determine competitive compensation levels for our directors. As a result of this analysis, it was determined that our equity-based compensation to our directors was below our peer group based upon our compensation philosophy for outside director compensation levels, which is targeted at the market median of our peer group. Based on this finding, the Board recommended an increase in director stock option grants, which was approved by our shareholders in June 2007.

2008

In March 2008, the Committee approved the following executive compensation philosophy, which is based upon the 2008 peer group outlined previously. Consistent with the 2007 compensation philosophy, the 2008 compensation philosophy emphasizes pay at risk through an appropriate mix of pay at risk through awards made under the cash-based annual incentive plan as well as grants made under the long-term equity compensation program as outlined above.

Base Salary	50th Percentile	“Competitive” annual salary.

Total Direct Compensation Goal (4)	50th Percentile	Align long-term incentive plus total cash with shareholder interests and reward individual and company long-term performance.

(1) Total cash compensation equals annual salary plus annual cash incentives.

(2) Actual award levels will vary within a set range developed around a target based upon company and individual performance goals.

(3) As noted below, the equity grants may be higher or lower than the market 50th percentile based upon a variety of factors.

(4) Total direct compensation equals total cash plus annualized expected value of long-term incentives.

Table of Contents

Our target percentiles are guidelines. The annual salary, bonus and equity awards may be higher or lower than the 50th percentile for certain individuals based upon company and individual performance, competitive market practices, shareholder alignment, availability of shares for equity grants and the need for executive retention. The Committee also departs from the target percentiles for other purposes based upon particular facts and circumstances that apply to an individual, entity or a division at the time, including adjustments due to market conditions, the promotion of employees and other factors. In doing so, the Committee may look to similar situations for executive officers in the past.

Annual Salary

The Committee makes annual determinations with respect to the salaries of executive officers. In making these decisions, the Committee considers each executive officer's performance, the market compensation levels for comparable positions within and outside our peer group, performance goals and objectives and other relevant information, including recommendations of the Chief Executive Officer.

Performance-Based Incentives

Annual Incentive Program

The Committee believes that a significant portion of the compensation for each executive officer should be in the form of annual performance-based cash bonuses. Short-term incentives, like our annual incentive program, tie executive compensation to our immediate financial performance as well as, to a certain extent, individual performance. Each executive officer generally participates in our annual incentive program as it is our primary means of providing for an annual cash bonus.

The annual incentive program is based on goals determined by the Committee. Under our program, at the outset of each year the Committee establishes target performance goals and a range of performance around the target performance goals for which a bonus would be paid as described below. We set the performance goals with the intent that it will be challenging for a participant to receive 100% of his potential bonus amount. However, based on the goals set, an executive officer can earn from 0% of this targeted bonus to 150% of his targeted bonus based upon actual performance measured against the range of established performance goals. Varying bonuses are paid for the attainment of specified goals within that range. For named executive officers the maximum bonus is a percentage of that person's salary. See "Agreements with Named Executive Officers" below for more information on the amount of each named executive officer's eligible bonus.

We establish separate performance goals for each of Orthofix International N.V., Orthofix Inc., Breg, Inc., Blackstone Medical, Inc. and our international division based on a matrix of performance goals as set forth below. In 2007, the Chief Financial Officer was responsible for overseeing the process of determining proposed goals for Orthofix International N.V., Orthofix Inc. and Breg, Inc. The proposed goals for Blackstone Medical, Inc. and our international division were supervised in 2007 by the President of Blackstone Medical, Inc. and the international division head, respectively. As a result, executive officers within or among any of our divisions may be treated differently according to the applicable objectives specific to them. For 2008, the Chief Financial Officer is responsible for overseeing the process of determining proposed goals for the Company and each of its divisions and subsidiaries.

The proposed goals and related matrix are then provided to the Committee for review and approval. Typically, the goals are set in February for the current year and payments are made the following March for the previous fiscal year. Goals for 2008 were set in April of this year following approval of updates to our annual incentive plan. Mr. Kester, Dr. Jordan and Dr. von Wartburg participated in the determination of the cash bonus amounts to be paid to the named executive officers for their performance and services during 2007. Executive officers are notified in writing of

the goals and bonus eligibility for any given year. The terms of the notice generally require that the executive officer be an employee on the date of payment in order to be paid any compensation under the annual incentive program.

Table of Contents

While each entity and business unit generally has different performance goal amounts applicable to it, the annual incentive program in 2007 for the Company's international division, and in 2007 and 2008 for Orthofix International N.V., Orthofix Inc., and Breg, Inc. (only with respect to Bradley R. Mason), and in 2008 for Blackstone Medical, Inc., consists of the following performance goal components and are weighted as follows:

- 50% – based on the attainment of a specified dollar amount of net income or operating income;
- 40% – based on the attainment of a specified dollar amount of sales; and
- 10% – based on individual performance goals.

The annual incentive program in 2007 and 2008 for Breg, Inc. (other than for Bradley R. Mason) consists of the following performance goal components and are weighted as follows:

- 30% – based on the attainment of a specified dollar amount of operating income;
- 30% – based on the attainment of a specified dollar amount of sales;
- 20% – based on individual performance goals; and
- 20% – based on department goals.

The annual incentive program for 2008 for the Company's international division consists of the following performance goal components and are weighted as follows:

- 90% – based on the attainment of a specified dollar amount of operating income; and
- 10% – based on individual performance goals.

We developed these weightings with the intent of linking most of the bonus to quantifiable entity or business unit performance measures, while also providing discretion so as to recognize individual or division performance, as applicable. In 2007, the performance range for each of the goals outlined above was 25% to 150%, the percentage attainment of which for 2007 was determined by the Committee at a February 20, 2008 telephonic meeting. For 2008, the percent of attainment of the goals relating to corporate performance (net income or operating income and sales) have a threshold and a maximum of performance ranging from 25% to 150%.

With respect to the individual or division performance component of the applicable formula, each respective entity or business unit determines the appropriate performance level ranging from 0% to 100% of the target attainment goals and makes a recommendation to the Committee.

To calculate the bonus amount, each percentage is multiplied by its component's percentage weight. The products are added together to produce a resulting weighted percentage. For each participant, this percentage is used to determine what amount of the pre-established bonus goal amount will be paid. The weighted percentage is then multiplied by the target amount of bonus for which that participant is eligible. The following is an illustration only of how this calculation may work using sample attainment percentages and maximum eligible bonus numbers:

Edgar Filing: ORTHOFIX INTERNATIONAL N V - Form DEF 14A

Performance Goal	Weighting	Attainment	Product
Net/Operating Income	50%	100%	50%
Sales	40%	75%	30%
Individual Objectives	10%	80%	8%
		Weighted Percentage:	88%

Table of Contents

Target Bonus: 40% of base salary of \$200,000 = \$80,000

Bonus Calculation: \$80,000 (at target) multiplied by 88% (weighted percentage attainment) = \$70,000 bonus

The Committee has the discretion to review an entity's or business unit's actual results (or an individual's or division's performance) and consider certain mitigating factors, such as one-time costs or events such as acquisitions or other unique corporate (or personal) events not contemplated at the time the goals were established. These may be excluded from the financial information used in connection with the determination of bonuses or the financial (or individual) information may be otherwise adjusted in light of these mitigating factors.

In 2007, and after reviewing the results and taking into account any mitigating factors as described above, Mr. Milinazzo attained 24%, Mr. Finegan attained 29% and Mr. Burckhardt attained 49% of the Orthofix International N.V. performance goals; in addition, Mr. Mason attained 135% of the Breg, Inc. performance goals. In connection with Mr. Hein's transition from his position as CFO of the Company, Mr. Hein was credited with having attained 19% of the Orthofix International N.V. performance goals. Mr. Adams was not eligible in 2007 to receive compensation under the Company's annual incentive plan. Payouts to the named executive officers under the annual incentive program are reflected in column (g) of the "Summary Compensation Table."

Outside of the annual incentive program, in any year the Committee has and does exercise its discretion to grant bonuses for performance or for other circumstances in any year, such as in the cases of new hires and promotions. See "Summary Compensation Table" for discretionary bonuses for 2007.

Long-Term Equity-Based Incentives

Our primary equity compensation plan for named executive officers is the 2004 LTIP. Some named executive officers continue to hold outstanding awards under one or more of our prior equity-compensation plans, namely our Staff Share Option Plan and Performance Accelerated Stock Option Inducement Grants. We no longer grant awards under these plans. All named executive officers are also eligible, at their discretion, to purchase shares of common stock pursuant to our Employee Stock Purchase Plan. Each plan is described below. The Committee administers each of these plans (other than the Employee Stock Purchase Plan and the Staff Share Option Plan) and only the Committee makes grants to named executive officers under the 2004 LTIP.

The Committee's date of approval of a stock option or restricted stock grant is typically the second in-person Board meeting of the fiscal year. The grant date of a stock option or restricted stock is on or after the approval date and typically is a fixed future date for any options approved at this second Board meeting. Actual grant dates are determined, among other factors, in accordance with past practice for annual grants, the Committee's determination of an appropriate grant date, as well as our communications policy. Under this policy, employees are alerted to their option grants and grants of restricted stock. We also take into account that approvals may be required in advance of expected acquisitions, new hires or other transactions. For example, in connection with expected new hires, the grant approval may be included in an offer letter even though the actual date of grant is typically not until the employee's first day of employment. Our policy, in accordance with the 2004 LTIP, is that the closing price of the stock on the date of grant will be used to price stock options.

The Committee generally grants stock options and restricted stock as noted above and does not specifically take into consideration the release of material non-public information when determining whether and in what amount to make stock option grants and grants of restricted stock. In addition, the Committee does not have a specific policy of setting grant dates in coordination with the release of material non-public information and we do not have a policy of timing our release of material non-public information for the express purpose of affecting the value of executive compensation.

Current Equity Compensation Plans

2004 Long-Term Incentive Plan

The 2004 LTIP is a long term incentive plan that was originally adopted by the Board on April 15, 2004. The original plan was approved by shareholders on June 29, 2004 and was amended and restated on November 5, 2004 and on June 20, 2007. Under the 2004 LTIP, 662,379 shares remain available for issuance. Awards can be in the form of a stock option, restricted stock, restricted share unit, performance share unit, or other award form determined by the Board. Awards expire no later than 10 years after the date of the grant. To date, we have granted only non-qualified stock options and restricted stock under the plan. 2007 was the first year in which we made awards of restricted stock. To date, we have only made restricted stock awards to employees at the director-level (i.e., employees with the title of “director”) or below and not to named executive officers or to members of the Board of Directors. Stock options and restricted stock generally vest equally in one-third increments beginning on the first anniversary of the date of grant, so long as the grantee remains an employee of the Company, but the Committee may provide different vesting provisions depending on the nature of and reason for the grant (or in the event of a change of control or termination of employment).

Table of Contents

The goal of our 2004 LTIP is to create an ownership interest in the Company in order to align the interests of executive officers with shareholders, to more closely tie executive compensation to our performance and to create long-term performance and service incentives for executive officers and other key employees. Stock options and restricted stock awards are granted to executive officers and other employees:

- in conjunction with the second in-person Board meeting of the fiscal year, generally held in May or June;
 - as new-hire incentives or in connection with promotion to a new position;
 - in connection with our acquisitions; and
- otherwise in connection with retention, reward or other purposes based on the particular facts and circumstances determined by the Committee.

For example, Mr. Burckhardt received a grant of 40,000 options in November 2007 as a retention bonus.

In 2007, pursuant to our 2004 LTIP, 817,601 stock options and 67,422 shares of restricted stock were granted to our employees and directors in connection with our long-term equity grant program for new hire equity grants, promotional equity grants, as well as ongoing equity grants, of which 387,200 stock options were granted to our executive officers, and 3,000 stock options were granted to each of our non-employee directors pursuant to Orthofix's annual grant to its directors (a total of 21,000 stock options).

In accordance with the Company's delegation policy, the Committee has delegated to Mr. Milinazzo for 2008 the authority to grant to newly-hired employees up to an aggregate of 85,000 stock options and restricted stock awards (referred to as delegated awards) per calendar year; provided, however, that for purposes of the delegation, any stock option grant counts as one delegated award and any restricted stock award counts as four delegated awards, such that no more than 21,250 restricted stock awards may be made under the delegation in any calendar year. For example, if one employee is granted 1,000 stock options and 1,000 shares of restricted stock, that grant would count as 5,000 delegated awards. Any stock options or restricted stock awards not granted as delegated awards in any calendar year will be available for grants pursuant to the delegation in subsequent years. Any single employee award is limited to a maximum of 15,000 delegated awards (a maximum of 3,750 restricted stock awards). These grants of delegated awards may not be made to officers obligated to file reports under Section 16(a) of the Exchange Act.

In 2007, a new form of Nonqualified Stock Option Agreement for grants of stock options to executive officers and other employees pursuant to the 2004 LTIP was adopted (i) to conform to the updated 2004 LTIP provisions that were adopted by the Company's shareholders on June 20, 2007, but which is similar in many respects to our previous form, and (ii) to take into consideration the deferred compensation rules of Section 409A of the Internal Revenue Code (including the proposed Treasury regulations under Section 409A that allow limited extensions of option exercise periods following termination of employment). The agreement grants nonqualified stock options that, in most cases, will vest and become exercisable in one-third increments on each of the first, second and third anniversaries of the grant date (or in the event of a change in control or, under certain circumstances, termination of employment). The options expire and are no longer exercisable 10 years from the grant date and are subject to early termination as a result of a termination of employment or a change of control of the Company. Provisions in this new form provide, among others:

- If, prior to an option vesting, the optionee's employment is terminated other than pursuant to an employment agreement and other than (1) for cause, or (2) upon death or permanent disability, any options that would have been vested as of December 31 of the year in which termination occurs shall automatically vest as of the date of termination and remain exercisable by the optionee for 180 days after the date of such termination of

employment. The options will be cancelled and will revert back to the Company to the extent not exercised within such period. Any unvested options on the date of termination will also be cancelled and will revert back to the Company on such date.

Table of Contents

- If the optionee's employment is terminated by reason of death or permanent disability, all options shall automatically vest and remain exercisable by the optionee (or a transferee under a domestic relations order, the optionee's estate, personal representative or beneficiary, as applicable) for 12 months after the date of such termination of employment. The options will be cancelled and will revert back to the Company to the extent not exercised within such period.
- If the optionee's employment is terminated for cause, the optionee may exercise the options (only to the extent vested at the date of termination) at any time within three months after the date of such termination in accordance with their terms, subject only to any different rights contained in an employment agreement. The options will be cancelled and will revert back to the Company to the extent not exercised within such period. Any unvested options on the date of termination will also be cancelled and will revert back to the Company on such date.
- Upon the occurrence of a change of control of the Company, all options shall automatically vest and remain exercisable in accordance with the provisions applicable thereto. The options will expire and no longer be exercisable to the extent not exercised within 10 years from the grant date.

The agreement takes into consideration that the grantee may have a separate employment or change of control agreement with the Company or one of its subsidiaries. For instance, in addition to the scenarios described above, if the optionee has an employment agreement with the Company or any subsidiary and the optionee's employment is terminated pursuant to that employment agreement other than for cause (including if the optionee terminates his employment for good reason), all unvested options shall automatically vest and remain exercisable by the optionee for 10 years from the grant date. Such rights do not exist in the event of termination for cause or voluntary termination by the optionee. If the employment agreement expressly provides for different vesting and exercisability of options, the terms of the employment agreement will control. The options will be cancelled and will revert back to the Company to the extent not exercised within such period.

As set forth in Proposal 2, the Company is proposing to further amend the 2004 LTIP to (i) increase by 300,000 shares the maximum number of shares available for issuance under the plan; (ii) increase from 3,000 to 5,000 shares the number of shares granted annually to directors in order to more closely align the directors' equity-based compensation with the equity-based compensation of the Company's peer group companies; and (iii) limit in the future the number of shares of Company common stock that may be awarded under the plan as full value awards (such as restricted share units payable in Company common stock, performance share units payable in Company common stock, restricted stock and Other Awards (as defined in the 2004 LTIP) payable in Company common stock) 100,000 shares.

Employee Stock Purchase Plan

Our ESPP provides for the issuance of shares of our common stock to eligible employees of the Company and its subsidiaries that elect to participate in the plan and acquire shares of our common stock through payroll deductions (including executive officers). During each purchase period, eligible employees may designate between 1% and 25% of their cash compensation to be deducted from that compensation for the purchase of common stock under the plan. Under the plan, the purchase price for shares is equal to (i) the fair market value per share on the first day of the plan year for officers and directors of Orthofix Inc. and (ii) 85% of the fair market value of such shares on the first day of the plan year for all other employees.

In December 2007, the Committee adopted certain amendments to the Employee Stock Purchase Plan. Among other changes, the amendments are intended to make the plan exempt from the deferred compensation rules of Section 409A of the Internal Revenue Code. In general, the amendments (i) convert the plan to a short-term deferral plan, (ii) make all options granted under the plan exercisable within 2 ½ months after the end of each calendar year in which the options vest, (iii) make certain other technical changes intended to exempt the plan from the provisions of Section

409A, and (iv) change the plan year from beginning on July 1 and ending on June 30 to beginning on January 1 and ending on December 31. Prior to the amendments in December 2007, the plan year began on July 1 and ended on June 30. In connection with the new amendments, the 2007 plan year was shortened, beginning on July 1, 2007 and ending on December 31, 2007. The new full plan year began on January 1, 2008 and will end on December 31, 2008.

Table of Contents

As set forth in Proposal 3, the Company is proposing to further amend and restate the Employee Stock Purchase Plan to: (i) allow officers and directors of Orthofix Inc. to participate in the plan on the same basis as our other employees (including other executive officers not employed by Orthofix Inc.), (ii) provide that Orthofix will assume and adopt the plan, as amended, in lieu of Orthofix Inc. acting as sponsor of the plan, (iii) allow non-employee directors of Orthofix International N.V. to participate in the plan, (iv) increase by 500,000 shares the maximum number of shares available for issuance under the plan, (v) provide that the determination of the value of common stock under the plan will be determined either on the first or last day of the plan year, whichever date renders the lower value, and (vi) make other technical changes.

Restricted Stock Awards

The Company has historically utilized stock options as the principal means of providing its executive officers and other employees with equity incentive compensation. However, following the adoption of the amended 2004 LTIP in June 2007, the Compensation Committee began making grants of restricted stock to certain employees who hold an employee title of director or below as part of the Company's compensation strategy of linking long-term benefits to the rate of return received by stockholders and as a retention device. By offering different forms of equity (i.e., stock options and restricted stock) to different employee groups, the Company is able to target the risk/reward opportunities of each type of equity more appropriately to employees based on the accountabilities and expectations of their roles. For example, eligible employees at the director level and below are primarily accountable for achieving group or individual results, so a more stable reward of restricted stock provides an appropriate degree of risk. Since stock options are typically awarded to employees at a higher level who have a greater ability and expectation to impact Company-wide and business unit performance, stock options provide a level of risk to their reward mix that is more aligned with the expectations of their positions.

The restricted stock granted by the Company has a vesting period that must be satisfied before the shares are available to the employee. The restricted shares of stock granted by the Company typically vest with respect to one-third of the shares covered by each grant agreement on the first, second and third anniversaries of the grant date (or in the event of a change of control or, under certain circumstances, termination of employment).

Previous Equity Compensation Plans

Staff Share Option Plan

The Staff Share Option Plan is a fixed share option plan which was adopted in April 1992. There are no options remaining to be granted under the Staff Share Option Plan and only 140,125 stock options remain outstanding. All outstanding stock options are vested. Under the Staff Share Option Plan, we granted options to our employees at the estimated fair market value of such options on the date of grant. Options granted under the Staff Share Option Plan expire 10 years after date of grant.

Performance Accelerated Stock Option Inducement Agreements or PASOs

On December 30, 2003, in conjunction with the acquisition of Breg, Inc., we granted inducement stock option awards to two key executive officers of Breg, Inc., including Mr. Mason. Pursuant to the original PASO, Orthofix granted 150,000 stock options to Mr. Mason as a key executive officer of Breg, Inc. The exercise price was fixed at \$38.00 per share on November 20, 2003, which was the date Orthofix announced the agreement to acquire Breg, Inc. The options vested on December 30, 2007, the fourth anniversary of the grant date. Following vesting on December 30, 2007, the original PASO limited Mr. Mason's ability to exercise specific numbers of options during the years 2008 – 2012. If not exercised sooner as permitted under the original PASO, all options would have ultimately been exercisable after December 30, 2012, but prior to December 30, 2013.

As an inducement to Mr. Mason to extend the term of his employment agreement with the Company for one year, which agreement would otherwise have terminated on December 31, 2007, as well as to meet certain requirements under Section 409A of the Internal Revenue Code, the Company and Mr. Mason entered into an Amended and Restated Performance Accelerated Stock Option Agreement (“Amended PASO”) in November 2007.

20

Table of Contents

The Amended PASO did not change the vesting date of the options granted thereunder. However, the Amended PASO provides that Mr. Mason's options will only be exercisable during the fixed period beginning January 1, 2009, and ending on December 31, 2009. Subject to certain termination provisions and notwithstanding any other provisions of the Amended PASO, any portion of the options that are not exercised by December 31, 2009 will not be exercisable thereafter and will lapse and be cancelled.

Other Compensation

Deferred Compensation Plan

In December 2006, the Board approved the adoption of the Orthofix Deferred Compensation Plan by Orthofix Holdings, Inc. This plan became effective on January 1, 2007, and its terms essentially mirror our 401(k) plan. Pursuant to the plan, all non-employee directors of the Company, Orthofix Holdings, Inc. and any of their subsidiaries (which we refer to as the Parent Group) that have been approved for participation and a select group of management or highly compensated employees of the Parent Group are eligible to participate (including named executive officers). A number of our executive officers, as well as one non-employee director, have elected to participate under the plan. Under the plan, participants may elect to defer salary, bonus or director's fees on a pre-tax basis. The minimum deferral amount is \$2,000 per plan year and the maximum deferral amounts are 80% of the participant's salary and 100% of bonuses and director's fees. The plan year is the calendar year. The plan is intended to be an unfunded plan under the provisions of ERISA and although the amounts deferred are considered fully vested, none of the Parent Group members are required to set aside funds for the payment of benefits under the plan, such benefits being paid out of the general assets of the Parent Group member that employs the particular participant receiving the benefit or for which the particular participant serves as a director. Orthofix Holdings, Inc. has established a rabbi trust to provide funds for the payment of benefits under the plan, and it is currently making discretionary contributions to the rabbi trust in amounts equal to the compensation deferred by plan participants. While the rabbi trust is an asset of Orthofix Holdings, Inc. and can be revoked by Orthofix Holdings, Inc. at any time, upon a change of control, the rabbi trust will become irrevocable and must be used to pay plan benefits. Further, if a change of control occurs, Orthofix Holdings, Inc. must make a contribution to the rabbi trust in an amount that is sufficient to pay all plan benefits and the projected fees and expenses of the trustee of the rabbi trust. It is intended that the terms of the plan will be interpreted and applied to comply with Section 409A of the Internal Revenue Code.

In general, participants may defer compensation under the plan by submitting a Participation Agreement (as defined in the plan) to the plan administrator by December 31 of the calendar year immediately preceding the plan year, and newly eligible participants may participate in a partial year by submitting such an agreement within 30 days of becoming eligible for participation in the plan. For record keeping purposes, accounts shall be maintained for each participant to reflect the amount of his deferrals and any hypothetical earnings or losses on the deferrals. Participants must designate the portion of their contributions to be allocated among the various independently established funds and indexes chosen by the plan administrator, or Measurement Funds, to measure hypothetical earnings and losses on the deferred amounts. The balance credited to each participant's account will be adjusted periodically to reflect the hypothetical earnings and losses. We are not obligated to invest any amount credited to a participant's account in such Measurement Funds or in any other investment funds.

A participant may elect to receive an in-service distribution of the balance credited to his plan account in a lump sum or in a series of up to 10 annual installments. In the event a participant terminates employment with (or, in the case of a director, ceases to perform services for) the Parent Group for any reason other than retirement or death, the participant will receive a distribution of the entire amount credited to his account in a single lump sum. In the case of a termination (or, in the case of a director, separation) due to retirement or in the case of a change of control, the participant can elect to receive either a single lump sum or a series of annual installments over a one, three, five or ten year period. In the case of a termination (or, in the case of a director, separation) due to death or if a participant

experiences a disability, the balance credited to the participant's account will be paid out in a single lump sum, unless installment payments have already begun at the time a participant dies. In such a case, such installments shall be continued as originally elected unless the participant's beneficiary is a trust or estate, in which case the remaining balance will be paid in a lump sum. Participants may also petition the plan administrator to suspend any deferral contributions being made by the participant and receive a payout from the plan in the event of an unforeseeable emergency (as defined in the plan). No participant or beneficiary may alienate, transfer, pledge or encumber plan benefits prior to payment.

Perquisites and Other Personal Benefits

Our executive officers are entitled to or may otherwise be the beneficiaries of certain limited perquisites including a car allowance, reimbursement for tax preparation expenses and an annual physical exam. In addition, our executive officers and directors are entitled to reimbursement of expenses relating to their spouse's travel in connection with no more than one Board meeting per year. We do not consider any of these significant or out of the ordinary course for similarly situated companies.

Other Plans

Executive officers participate in our 401(k) plan on the same basis as other similarly situated employees. Other than the Orthofix Deferred Compensation Plan, we do not have a long-term retirement plan or other deferred compensation plan.

Employment and Other Agreements with the Company

Pursuant to employment agreement guidelines adopted by the Committee in 2006, all of our named executive officers have employment agreements. Generally, our employment agreement guidelines provide that executive officers who report directly to the Chief Executive Officer receive full employment agreements that provide for a term of employment, renewal terms, base salary and bonus provisions, eligibility for equity incentive compensation, benefits and restrictive provisions (non-competition, non-solicitation, confidentiality and invention assignment), as well as a variety of payments depending on the circumstances surrounding the executive officer's separation from the Company. The guidelines generally require a one-year waiting period of employment prior to our entering into these employment agreements. However, these guidelines may be waived if an employment agreement is determined to be necessary or advisable, such as to attract or retain certain persons. In lieu of an employment agreement, during the first year of employment for senior executives (and generally for select divisional and middle management personnel), these persons receive change of control agreements providing for payments of base salary and incentives in the event of certain terminations following a change of control. The Committee may delegate the power to determine whether to enter into these change of control agreements to the Chief Executive Officer. Further, the Compensation Committee need not review and approve employment agreements which are legally required or normal and customary in certain jurisdictions and which are not considered "full employment agreements" as outlined in the guidelines. The employment agreement guidelines do not address every situation, and the Committee deviates and makes employment agreement decisions based on particular facts and circumstances. Any exceptions to these guidelines must be approved by the Committee. In an effort to bring these employment agreements into compliance with Section 409A of the Internal Revenue Code, in December 2007, we entered into amended and restated employment agreements with such executive officers. All officers receiving full employment agreements and selected other executive officers or employees that are exposed to legal risk in the performance of their employment also receive indemnity agreements from the Company. See "Agreements with Named Executive Officers" for more information on the terms of particular employment agreements.

Elements of Post-Termination Executive Compensation

In accordance with our employment agreement guidelines, certain of our senior executive officers have employment agreements with our subsidiary, Orthofix Inc. An exception to this is Mr. Mason, who has an employment agreement with Orthofix International N.V. These agreements outline the compensation payable to each executive officer, which is consistent with the pay structure described above. They are also intended as a retention tool for senior executive officers and to remove some of the uncertainty surrounding potential change of control transactions. To that end, the agreements provide for certain payments upon termination (e.g., without cause, for good reason, etc.), which payments increase in certain instances following a change of control. For instance, following a change of control, the

amount payable for termination without cause or for good reason generally increases by 50% (and 100% for the Chief Executive Officer). With respect to a change of control, most agreements provide for a “double-trigger” so that a change of control itself does not trigger any payments. However, under separate option agreements, all stock options immediately vest upon a change of control without reliance on any other triggering event. The employment agreements and the 2004 LTIP each provide specified definitions of what constitutes a “change of control.” See “Agreements with Named Executive Officers” and the discussion of the 2004 LTIP in the narrative following “Executive Compensation – Grants of Plan-Based Awards.”

Stock Ownership Guidelines

Under the Company's Corporate Governance Guidelines, each director is encouraged to have a personal investment in Orthofix through such director's ownership of shares of Orthofix common stock. While the Company does not currently have formal stock ownership guidelines, the Compensation Committee has considered their adoption from time to time and may adopt formal guidelines in the future.

Compliance with Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation payments to our named executive officers in excess of \$1 million per year per person, unless certain requirements are met. To the extent that it is practicable and consistent with our executive compensation philosophy, we intend to comply with Section 162(m) of the Internal Revenue Code. Compensation paid to the named executive officers has historically not exceeded deductibility limits under Section 162(m) of the Internal Revenue Code. If compliance with Section 162(m) of the Internal Revenue Code conflicts with our compensation philosophy or is determined not to be in the best interest of our shareholders, the Committee will abide by our compensation philosophy.

- (12) Mr. Adams terminated his employment as the Company's former Chief Financial Officer effective April 30, 2008.

As discussed above in "Compensation Discussion and Analysis," our compensation program for executive officers and other key employees consists of three primary elements: annual salary; performance-based incentives in the form of annual cash bonuses; and long-term equity-based incentives in the form of stock options and restricted stock granted under our current 2004 LTIP. That section also explains how salary and bonus relate in proportion to overall compensation. For a discussion of each named executive officer's employment agreement, see "Agreements with Named Executive Officers." That section includes a description of any applicable potential bonus levels under the annual incentive program for the named executive officers.

AGREEMENTS WITH NAMED EXECUTIVE OFFICERS

We have entered into employment agreements with all of our Named Executive Officers, as described below.

Executive Employment Agreements for Alan W. Milinazzo, Michael M. Finegan and Oliver Burckhardt

On July 13, 2006, we entered into employment agreements with each of Messrs. Milinazzo, Finegan, Burckhardt and Hein through the one of the Company's operating subsidiaries, Orthofix Inc., as part of the Company's executive compensation and employment agreement review, with which the Committee was assisted by Towers Perrin, as described above. Subsequently, Mr. Burckhardt entered into an employment agreement with Orthofix Inc., effective November 27, 2007, in connection with the Company promoting him to President of the Company's Spine Division. Except for the employment agreement with Mr. Mason described below, the Company's employment agreements contain substantially similar terms, other than a few items particular to each individual, including title, level of pay and other material differences noted below.

In an effort to bring these employment agreements into compliance with Section 409A of the Internal Revenue Code, in December 2007, we entered into amended and restated employment agreements through Orthofix Inc., with Messrs. Milinazzo, Finegan, Burckhardt and Hein. The principal purpose of the amendments was to avoid adverse tax consequences under Section 409A of the Internal Revenue Code, including through amendments permitted in light of guidance from the Internal Revenue Service with respect to Section 409A arising since the agreements were originally entered into. This includes amendments with respect to the timing of severance and bonus payments, definitional issues arising under Section 409A, exerciseability of stock options and savings clauses. In addition, we made certain other technical changes in an effort to update them, including, among other changes, to list the then current particulars applicable to each executive, including title and compensation. The agreements are described in detail below, other than for Mr. Hein, as his agreement was superseded in all respects in April 2008 by the arrangements described below under "Agreements with Named Executive Officers – Executive Employment Agreement for Thomas Hein." We guarantee the obligations of Orthofix Inc. under each employment agreement listed above.

Each agreement is for an initial term lasting through April 1, 2009, with automatic one-year renewals on April 1, 2009 and April 1, 2010 unless either party notifies the other party of its intention not to renew at least 180 days prior to a renewal period as set forth in the agreement. Each agreement further provides that if a change of control (as that term is defined in each agreement) occurs after April 1, 2007, the agreement will automatically be extended for two years only from the change of control date (as that term is defined in each agreement).

Compensation

Under the agreements, each executive officer agrees to serve the Company and Orthofix Inc. in the capacities and for the compensation levels noted below. These dollar amounts reflect 2008 pay raises. Salary levels are reviewed annually by the Committee and may be further amended from time to time by the Committee. These salary levels may only be decreased if the decrease is the result of a general reduction affecting the base salaries of all other executive officers that does not disproportionately affect the executive officer and does not reduce the executive officer's base salary to a rate that is less than 90% of the executive officer's then current base salary amount.

Name	Title	Base Salary (annualized)
Alan W. Milinazzo	President and Chief Executive Officer of Orthofix International N.V.; Chief Executive Officer of Orthofix Inc.	\$ 500,000

	Vice President of Corporate Development of Orthofix International N.V. and Orthofix Inc.		
Michael M. Finegan		\$	280,000
Oliver Burckhardt	President, Spine Division	\$	315,000

Each executive officer participates in our annual incentive program. In 2008, for: (1) Mr. Milinazzo, if 100% of target performance goals are met, a bonus of 75% of his annual base salary can be earned; if 150% of target performance goals are met, a bonus of 112.5% of his annual base salary can be earned; (2) Mr. Burckhardt, if 100% of target performance goals are met, a bonus of 50% of his annual base salary can be earned; if 150% of target performance goals are met, a bonus of 75% of his annual base salary can be earned and (3) Mr. Finegan, if 100% of target performance goals are met, a bonus of 50% of his annual base salary can be earned; if 150% of target performance goals are met, a bonus of 75% of his annual base salary can be earned. Amounts actually paid to each executive officer will depend on whether or not the various performance goals under the program are attained, the ranges described above and the discretion of the Committee. In addition, each executive officer is eligible to receive additional bonus or incentive compensation as determined solely by the Committee from time to time, subject only to changes made by the Board of Directors. For a more detailed explanation of the Company's annual incentive program, including targets met and amounts paid for 2007, see "Executive Compensation - Compensation Discussion & Analysis - Elements of Executive Compensation – Performance Based Incentives – Annual Incentive Program" and "Summary Compensation Table."

Table of Contents

In addition, these executive officers are eligible to receive option grants under the 2004 LTIP or other stock-based compensation plans that we may establish from time to time, including participation in the ESPP. Under the agreements, the executive officers and their eligible dependents will generally be entitled to participate in our employee benefit plans such as welfare benefit plans and savings and retirement plans to the same extent as other senior executive officers of the Company or by virtue of each executive officer's position, salary, tenure and other qualifications.

Termination

Each employment agreement may be terminated as follows:

- By mutual written agreement of Orthofix Inc. and the executive officer;
- Upon the executive officer's death;
- By Orthofix Inc. in the event the executive officer incurs a disability (as that term is defined in each agreement) for a continuous period exceeding 90 days or for a total of 180 days during any period of 12 consecutive months;
 - By the executive officer for good reason (as that term is defined in each agreement);
 - By Orthofix Inc. for cause (as that term defined in each agreement) or without cause; or
 - By the executive officer voluntarily.

For a description of potential payments upon termination or change of control, see "Potential Payments Upon Termination or Change of Control – Potential Payments to Alan W. Milinazzo, Michael M. Finegan and Oliver Burckhardt."

Section 280G

Generally, if it is determined that any amount or benefit payable to an executive officer under his agreement or otherwise in conjunction with his employment would give rise to liability of the executive officer for the excise tax imposed by Section 4999 of the Internal Revenue Code or any successor provision, then the amount of benefits payable to that executive officer shall be reduced by the Company to the extent necessary so that no portion is subject to those provisions. This reduction shall only be made if the net amount of payments, as so reduced (and after deduction of applicable federal, state, and local income and payroll taxes on the reduced payments other than the excise tax (as that term is defined in each agreement)) is greater than the excess of (1) the net amount of the payments, without reduction (but after making the above referenced deductions) over (2) the amount of excise tax to which the executive officer would be subject in respect of those payments.

Certain Other Provisions

The employment agreements contain confidentiality, non-competition and non-solicitation covenants effective so long as the executive officers are employees of any member of the Company's Parent Group and for a period of one year after the employment is terminated. In the event the termination of the executive officer's employment is for good reason or without cause and occurs during a change of control period, the term of those non-competition and non-solicitation covenants extends to a period of two years in the case of Mr. Milinazzo, 12 months in the case of Mr. Adams and 18 months in the case of Messrs. Finegan and Hein. The agreements also contain confidentiality and assignment of inventions provisions that last indefinitely.

Table of Contents

We paid all reasonable legal fees and expenses of each executive officer's counsel in connection with the preparation and negotiation of each employment agreement. In addition, if a dispute arises under or in connection with an executive officer's agreement, we will be responsible for our own fees, costs and expenses and shall pay to the executive officer an amount equal to all reasonable attorneys' and related fees, costs and expenses incurred by the executive officer in connection with the arbitration of that dispute unless the arbitrator determines that the executive officer (1) did not commence or engage in the arbitration with a reasonable, good faith belief that his claims were meritorious or (2) the executive officer's claims had no merit and a reasonable person under similar circumstances would not have brought the claims.

Orthofix Inc.'s obligation to pay or provide any benefits under each agreement (other than any benefits as a result of death) is conditioned upon the executive officer signing a release of claims in favor of the Company and its affiliates.

Executive Employment Agreement for Thomas Hein

We entered into an employment agreement with Mr. Hein through Orthofix Inc. effective as of April 11, 2008 in conjunction with his appointment as CFO of the Company (the "Hein Employment Agreement"). Mr. Hein served as CFO of the Company and Orthofix Inc. until November 19, 2007, and he resumed his role as CFO with those companies on April 7, 2008. The Hein Employment Agreement supersedes in all respects Mr. Hein's Amended and Restated Employment Agreement dated December 7, 2007 (which was entered into contemporaneously with the other senior executive employment agreements discussed above) and the related Letter Agreement dated December 6, 2007 (with respect to his then-assumption of the role of Executive Vice President – Finance) (together, the "Prior Agreements"). In order to induce Mr. Hein to accept the position of CFO, the Company also granted him the stock options described below.

The Hein Employment Agreement memorializes the understanding between Mr. Hein and the Company as to the rights held by Mr. Hein in conjunction with his transition to CFO and incorporates certain amounts discussed below which the Company was previously obligated to pay Mr. Hein under the Prior Agreements under certain conditions. Under the Hein Employment Agreement, Mr. Hein is an at-will employee and, in the event of any termination of his employment, he would not be entitled to any sums or other payments or benefits, other than as specifically provided in the Hein Employment Agreement.

Pursuant to his previous employment agreement dated July 13, 2006, Mr. Hein would have been entitled to terminate his employment for Good Reason (as defined in such agreement) when Mr. Adams replaced him as CFO in November 2007. At such time, all of his then-outstanding stock options became immediately vested and exercisable. However, pursuant to the Letter Agreement and in consideration of continued employment and the opportunity to earn a Retention Bonus (as defined in the Prior Agreements) of \$150,000, Mr. Hein agreed to temporarily waive certain termination benefits to which he was entitled at the time, one component of which was a Good Reason Payment in the amount of \$407,726. While the Prior Agreements were entered into in 2007 and previously disclosed in the Company's filings with the Commission, they are not described here since they have been superseded in all respects by the Hein Employment Agreement. Any obligations of the Company under the prior Agreements that have been brought forward to the Hein Employment Agreement are described below. We guarantee the obligations of Orthofix Inc. under the Hein Employment Agreement.

Compensation

The Hein Employment Agreement provides for an annual base salary of \$350,000, and Mr. Hein will continue to participate in the Company's annual incentive program, under which a bonus of 50% of his annual base salary can be earned if 100% of target performance goals are met and a bonus of 75% of his annual base salary can be earned if 150% of target performance goals are met. These are the same percentages as other similarly-situated senior

executives of the Company. Mr. Hein has additionally been granted 50,000 stock options, which will vest in one-third increments beginning on the first anniversary of the date of grant (the “Incentive Options”). The Incentive Options were granted under the 2004 LTIP and will be subject to the terms and conditions of a stock option agreement. The exercise price of the Incentive Options is \$31.83, which was the closing price of the Company’s stock on the date of grant. The Incentive Options become fully vested and exercisable in the event of Mr. Hein’s death, upon a Change in Control (as defined in the option agreement) or if the Company terminates his employment for any reason other than Cause (as defined in the Employment Agreement), but not if Mr. Hein voluntarily terminates his employment.

Table of Contents

As provided for under the Prior Agreements, Mr. Hein will remain entitled to the Retention Bonus on July 15, 2008 (other than in the event of a termination for Cause or a voluntary termination of his employment by Mr. Hein prior to that date). Further, Mr. Hein has agreed that the Good Reason Payment (as defined in the Prior Agreements) of \$407,726 originally payable to him on or about July 15, 2008, will be paid to him on the first to occur of (i) January 1, 2009, (ii) Mr. Hein's termination of his employment for any reason other than his death and (iii) his death. Under the Hein Employment Agreement, Mr. Hein will be eligible for benefits generally available to senior executives of the Company, and in the event of his termination by the Company other than for Cause, will be provided with healthcare benefits for him and his spouse under the Company's employee welfare benefit plans (or equivalent value) until his 65th birthday.

Termination

The Hein Employment Agreement may be terminated as follows:

- Upon mutual agreement by Mr. Hein and the Company;
 - Upon Mr. Hein's death;
- By the Company for Cause or for any other reason or for no reason; or
 - By Mr. Hein for any reason.

For a description of potential payments upon termination or change of control, see "Agreements with Named Executive Officers – Potential Payments Upon Termination or Change of Control – Potential Payments to Thomas Hein."

Certain Other Provisions

The Hein Employment Agreement contains non-competition and non-solicitation covenants that last for one year following a termination of employment. The Hein Employment Agreement also contains confidentiality and assignment of inventions provisions that last indefinitely.

We paid all reasonable legal fees and expenses of Mr. Hein's counsel in connection with the preparation and negotiation of the Prior Agreements and the Hein Employment Agreement. In addition, if a dispute arises under or in connection with the Hein Employment Agreement, we will be responsible for our own fees, costs and expenses and shall pay to Mr. Hein an amount equal to all reasonable attorneys' and related fees, costs and expenses incurred by him in connection with the arbitration of that dispute unless the arbitrator determines that he (i) did not commence or engage in the arbitration with a reasonable, good faith belief that his claims were meritorious or (ii) Mr. Hein's claims had no merit and a reasonable person under similar circumstances would not have brought the claims.

Employment Agreement with Former Chief Financial Officer

Orthofix Inc. entered into an employment agreement with Timothy M. Adams, the Company's former Chief Financial Officer, effective November 19, 2007, which was subsequently amended and restated as of December 6, 2007 in connection with the Company amending the employment agreements of its executive officers as provided above. Mr. Adams' employment agreement contained substantially the same terms and conditions as the employment agreements described above. Effective April 30, 2008, Mr. Adams' employment with Orthofix Inc. terminated and he resigned from all of his positions with Orthofix International N.V. and Orthofix Inc. At such time, his employment agreement terminated other than the post-termination obligations that remain outstanding, including the confidentiality, indemnity, non-competition, non-solicitation, legal fees and certain other provisions. Further, his stock option

agreements and the stock options related thereto terminated and were cancelled effective April 30, 2008.

Executive Employment Agreement for Bradley R. Mason

We entered into an employment agreement with Mr. Mason effective as of December 30, 2003, in connection with the acquisition of Breg, Inc. Pursuant to the employment agreement, Mason serves as a Vice President of the Company and President of Breg, Inc. As the term of Mr. Mason's employment agreement would have expired on December 31, 2007, in November 2007, we entered into a letter agreement with Mr. Mason that extends the term of his employment agreement through December 31, 2008. Except as it relates to the Performance Accelerated Stock Options Agreement, also originally entered into in conjunction with the acquisition of Breg, Inc. and which is described below, no other amendments were made to the employment agreement.

Compensation

Under the agreement, Mr. Mason is entitled to a base salary and a bonus as determined by our Board. The agreement provides for an annual base salary of at least \$250,000, which may only be decreased as a result of a general reduction (on the same percentage basis) affecting the base salaries of substantially all other executive officers. For 2008, the base salary of Mr. Mason is \$300,000 and he received an annual bonus of \$172,074 for fiscal year 2007. While not required under the agreement, as determined by the Committee from time to time, Mr. Mason is also eligible to receive option grants under the 2004 LTIP or other stock-based compensation plans.

Termination

The agreement may be terminated as follows:

- Upon Mr. Mason's death or retirement;
- By Orthofix International N.V. in the event Mr. Mason incurs a disability (as that term is explained in the agreement) for a continuous period exceeding 120 days during any period of 12 consecutive months and he is qualified and eligible to receive disability benefits;
- By Mr. Mason for good reason (as that term is defined in the agreement) not later than 90 days following the event constituting good reason; or
 - By Orthofix International N.V. for cause (as that term defined in the agreement) or without cause.

For a description of potential payments upon termination or change of control, see "Potential Payments Upon Termination or Change of Control – Potential Payments to Bradley R. Mason."

Certain Other Provisions

The agreement contains a non-competition covenant that lasts for one year following a termination of employment to the extent Mr. Mason has received, or will be receiving, any payments or benefits pursuant to the agreement, and confidentiality and assignment of inventions provisions that last indefinitely. In addition, the agreement also contains a non-solicitation provision that lasts for two years following a termination of employment for any reason.

Amended and Restated Performance Accelerated Stock Option Agreement with Mr. Mason

On December 30, 2003, in conjunction with the acquisition of Breg, Inc., we granted inducement stock option awards to Mr. Mason. Pursuant to the original PASO, Orthofix granted 150,000 stock options to Mr. Mason as a key executive officer of Breg, Inc. The exercise price was fixed at \$38.00 per share on November 20, 2003, which was the

date Orthofix announced the agreement to acquire Breg, Inc. The options vested on December 30, 2007, the fourth anniversary of the grant date. Following vesting on December 30, 2007, the original PASO limited Mr. Mason's ability to exercise specific numbers of options during the years 2008 – 2012. If not exercised sooner as permitted under the original PASO, all options would have ultimately been exercisable after December 30, 2012, but prior to December 30, 2013.

As an inducement to Mr. Mason to extend the term of his employment agreement with the Company for one year as noted above, as well as to meet certain requirements under Section 409A of the Internal Revenue Code, the Company and Mr. Mason entered into the Amended PASO in November 2007.

Table of Contents

The Amended PASO did not change the vesting date of the options granted thereunder. However, the Amended PASO provides that Mason's options will only be exercisable during the fixed period beginning January 1, 2009, and ending on December 31, 2009 in lieu of the prior exercise limitations. Subject to certain termination provisions and notwithstanding any other provisions of the Amended PASO, any portion of the options that are not exercised by December 31, 2009 will not be exercisable thereafter and will lapse and be cancelled.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

Potential Payments to Alan W. Milinazzo, Michael M. Finegan and Oliver Burckhardt

Termination

Under their employment agreements, each of Messrs. Milinazzo, Finegan, Burckhardt and Hein is generally entitled to receive the following in the event of termination as a result of death, disability, for good reason or without cause (subject, in the case of Mr. Hein, to the limitations described above):

- Any amounts actually earned or owing through the date of termination (such as base salary, incentive compensation or accrued vacation) payable within 30 days after the date of termination.
- The pro rata amount of any bonus plan incentive compensation for the fiscal year of the executive's termination of employment (based on the number of business days he was actually employed by the Company during the fiscal year in which the termination of employment occurs) that he would have received had his employment not been terminated during such year. This pro rata amount is payable at the time such incentive compensation is paid to other senior executives of the Company (generally, before March 15 of the next year).
- An amount equivalent to a multiple of the executive officer's Base Amount payable within 30 days after the date of termination calculated as set forth in the employment agreement. The timing of such payment may be modified in accordance with Section 409A of the Internal Revenue Code. This multiple increases as described below for payments triggered following a change of control. "Base Amount" means an amount equal to the sum of:
 - (1) the executive officer's annual base salary at the highest annual rate in effect at any time during the term of employment; and
 - (2) the greater of (a) the executive officer's target bonus in effect during the fiscal year in which termination of employment occurs, or (b) the greater of (i) the average of his annual bonuses actually earned for the two years ending immediately prior to the year in which termination of employment occurs or (ii) the average of his annual bonuses actually earned for the two years ending immediately prior to the change of control or potential change of control (as those terms are defined in the employment agreement), in each case with adjustments made for eligibility and any partial years.
- All stock options previously granted to the executive officer will vest in full and be immediately exercisable. Any risk of forfeiture included in restricted stock grants will immediately lapse. If the executive officer's termination is for good reason or without cause, the executive officer will have until the latest date that each stock option would otherwise expire by its original terms had the executive officer's employment not terminated (but in no event later than 10 years from the original grant date), to exercise any outstanding stock options.
- Continuation of basic employee group welfare benefits (but not pension, retirement, profit-sharing, severance or similar compensatory benefits) for him and dependents substantially similar to those being received immediately prior to termination for a limited amount of time.

- Up to \$25,000 for outplacement fees incurred during the 24-month period following the date of termination.

In the event of termination for cause or as a result of voluntary termination by the executive officer, the executive officer will only be entitled to receive the following:

36

Table of Contents

- Any amounts actually earned or owing through the date of termination (such as base salary, incentive compensation or accrued vacation); and
- Any benefits under the Company's stock-based compensation plans or employee benefit plans available resulting from the termination events (including under COBRA), without the agreement granting any greater rights with respect to such matters than provided for in such plans.

See "Executive Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation - Other Compensation – Deferred Compensation Plan" for a discussion of payments pursuant to the Deferred Compensation Plan upon termination of employment.

Change of Control

All agreements provide for a "double-trigger" so that a change of control (as that term is defined in the agreement) alone does not grant the executive officer any specific right to terminate his employment agreement or receive severance benefits, but it can result in increased payments in the event of termination for good reason or without cause during the change of control period (as that term is defined in the employment agreement). The multiple applicable to the executive officer's Base Amount increases as described below for payments triggered following a change of control. The agreements do not alter any rights the executive officers may have under separate stock-based compensation plans or agreements with the Company, and which generally provide that all stock options immediately vest upon a change of control (as that term is defined under the 2004 LTIP) without reliance on any other triggering event.

See "Executive Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation - Other Compensation – Deferred Compensation Plan" for a discussion of payments pursuant to the Deferred Compensation Plan upon a change of control.

Estimated Payments

The following table reflects the estimated payments and benefits that would be provided to each of these executive officers upon their termination or upon a change of control pursuant to the terms of their respective employment agreements and related stock option agreements. For purposes of this table, we assume that the triggering event took place on December 31, 2007 (the last business day of our 2007 fiscal year) and the price per share of our common stock was \$57.97, the closing market price as of that date. For any triggering event that presupposes a change of control, we assume a change of control has so occurred.

(1) The amount disclosed is the value of the accelerated options calculated as the difference between the exercise price and the closing price as of December 31, 2007. The value of the stock-based rights would be \$0 and \$0 for Mr. Milinazzo, \$0 and \$0 for Mr. Burckhardt and \$0 and \$0 for Mr. Finegan, respectively, if calculated at \$29.27 per share, which was the price per share on April 25, 2008, because on that date, the closing price of common stock was lower than the exercise price of the applicable options.

(2) Maximum fees and expenses during 24 months following date of termination.

(3) In addition to this amount, if a dispute arises under or in connection with an agreement the Company will be responsible for its own fees, costs and expenses and shall pay to the executive officer an amount equal to all reasonable attorneys' and related fees, costs and expenses incurred by the executive officer in connection with the arbitration of that dispute subject to certain exceptions, as discussed below.

(4) The stock option agreements under the 2004 LTIP provide that the exercisability of outstanding options accelerates upon a change of control. As noted above, all the employment agreements provide for a "double-trigger" so that a change of control (as that term is defined in the employment agreement) alone does not grant the executive officer severance benefits. The definition of this event in the executive officer's stock option agreement is different than that provided in each executive officer's employment agreement.

(5) As defined in the employment agreement, a "change of control period" means the 24 month period commencing on the date of a change of control. This period will instead commence on the date immediately prior to the date of the executive officer's termination if the termination is prior to the change of control date under certain circumstances set forth in the agreement. If this event were to occur simultaneously with the change of control, the executive would also receive the benefits described under "Change of Control" in the table above. If termination occurs following the "Change of Control," the executive officer will receive these benefits in addition to those described under "Change of Control" above.

(6) For 18 months post-termination (assuming the executive officer does not secure coverage from new employment during that time).

(7) For 24 months post-termination (assuming the executive officer does not secure coverage from new employment during that time).

(8) For 12 months post-termination (assuming the executive officer does not secure coverage from new employment during that time).

While Mr. Adams entered into an employment agreement upon his commencing employment with the Company, as a result of his departure from the Company, that agreement has terminated. As such, while as of December 31, 2007, he would have been entitled to rights similar to those described above, he is now not entitled to any of the rights described herein other than with respect to the limited items set forth above with respect to voluntary termination, so a description for him has been omitted.

Potential Payments to Thomas Hein

Since the Prior Agreements in effect with Mr. Hein as of December 31, 2007 have since been terminated and because all payment terms with Mr. Hein are now set forth in the Hein Employment Agreement, the amounts below are calculated as if Mr. Hein had been terminated by the Company on April 15, 2008.

Termination

Under the Hein Employment Agreement, if Mr. Hein is terminated by the Company without Cause he is entitled to receive the Retention Bonus of \$150,000 and the Good Reason Payment of \$407,726 (if such termination occurs before payment of such amounts according to their terms on July 15, 2008 and January 1, 2009, respectively) and continuation of his welfare benefits (or equivalent value) for him and his spouse through his 65th birthday. Additionally, the Incentive Options would immediately vest and the exercise period of such options would continue until the tenth anniversary of the date of grant as provided in the award documents. Any other options held by Mr. Hein would be exercisable in accordance with the terms of the respective award documents.

If Mr. Hein's employment is terminated by the Company for Cause or by Mr. Hein in a Voluntary Termination (as defined in the Hein Employment Agreement), Mr. Hein will be entitled only to any amounts actually earned or owing through the date of termination (such as base salary, incentive compensation or accrued vacation) and the Good Reason Payment. Mr. Hein will also be able to exercise any Incentive Options that are vested by their terms as of the date of such termination at any time within three months of such date. Any other options held by Mr. Hein would be exercisable in accordance with the terms of the respective award documents.

Estimated Payments

The following table reflects the estimated payments and benefits that would be provided to Mr. Hein upon his termination pursuant to the terms of the Hein Employment Agreement as of April 15, 2008.

Triggering Event(1)	Lump Sum Severance Payment (\$)	Value of Stock-Based Rights \$(3)	Value of Welfare Benefits \$(4)	Total (\$)
Termination without Cause	\$557,726(2)	–	\$75,000	\$632,726(5)
Change in Control	–	–	\$75,000	\$75,000
Termination for Cause or Voluntary Termination	\$407,726	–	–	\$407,726

(1) In the event Mr. Hein had been terminated as of December 31, 2007 with the Prior Agreements in place, he would have been entitled to (i) a lump sum severance payment of \$407,726 (the Good Reason Payment), (ii) welfare benefits with a value of approximately \$13,742 and (iii) fees and expenses for an out-placement firm in the amount of \$25,000, for a total estimated termination payment of \$446,468. No acceleration of stock options would have occurred at such time as all of Mr. Hein's then-outstanding options were vested as of December 31, 2007.

(2) This amount includes the Good Reason Payment of \$407,726 and the Retention Bonus of \$150,000.

(3) The amount disclosed is the value of the accelerated options calculated as the difference between the exercise price and the closing price as of April 15, 2008. There is no realized value of such rights because the closing price of the Company's common stock as of April 15, 2008 is less than the exercise price.

- (4) Estimate of the cost to provide noted welfare benefits to Mr. Hein and his spouse through his 65th birthday.
- (5) In addition to this amount, if a dispute arises under or in connection with the employment agreement each party will be responsible for its own fees, costs and expenses, but if Mr. Hein is the prevailing party we shall pay to Mr. Hein an amount equal to all attorneys' and related fees, costs and expenses.

Potential Payments to Bradley R. Mason

Termination

Under his employment agreement, if Mr. Mason is terminated without cause he is entitled to receive a lump sum payment equal to:

- the average of his annual base salary at the highest rate in effect in the 90-day period immediately before the termination and his annual base salary for the year preceding the termination;
- the average of his annual bonuses for the two years before the year in which the termination occurs; and
- his annual automobile allowance.

Upon a resignation for good reason (as such term is defined in the agreement), Mr. Mason is entitled to half the amount that he would receive had he been terminated without cause. Under either circumstance, Mr. Mason will be entitled to continuation of his welfare benefits for up to one year following his termination. The exercise period of any stock options held by Mr. Mason will continue for the lesser of one year of his securing new employment following a termination without cause and six months following a resignation for good reason. However, the inducement stock award granted to him is governed by the terms and conditions of the applicable Performance Accelerated Stock Option Inducement Agreement. We are also required to provide Mr. Mason with reimbursement for outplacement services of up to \$20,000 upon a termination without cause or resignation for good reason.

If Mr. Mason's employment is terminated for cause (as such term is defined in the agreement) or due to death, disability or retirement, Mr. Mason will not be entitled to the foregoing benefits.

Change of Control

If there is a change of control (as such term is defined in the agreement) of the Company:

- the term of the agreement automatically extends for one year from the date of the change of control (unless the then current term is greater than one year);
- all stock options and stock appreciation rights will vest automatically (provided, however, that the inducement stock award granted to Mr. Mason is governed by the terms and conditions of the applicable Performance Accelerated Stock Option Inducement Agreement); and
- any forfeiture provisions included in Mr. Mason's restricted stock awards will immediately lapse.

In addition, in the event that Mr. Mason is terminated without cause or resigns for good reason following a change of control, he is entitled to receive a lump sum payment equal to:

- the greater of (i) the average of his annual base salary at the highest rate in effect in the 90-day period immediately before the termination and his annual base salary for the year preceding the termination and (ii) the average of his annual base salary in effect immediately before the change of control and his annual base salary for the year preceding the change of control;
- the greater of (i) the average of his annual bonuses for the two years before the year in which the termination occurs and (ii) the average of his annual bonuses for the two years before the year in which the change of control occurs;

and

- his annual automobile allowance.

The agreement also provides that, in the event that any payments made to Mr. Mason constitute “excess parachute payments” under Section 280G of the Internal Revenue Code, then the amounts to be paid to him will be reduced so that no excess parachute payments exist.

Estimated Payments

The following table reflects the estimated payments and benefits that would be provided to Mr. Mason upon his termination or upon a change of control pursuant to the terms of his employment agreement. For purposes of this table, we assume that the triggering event took place on December 31, 2007 (the last business day of our 2007 fiscal year) and the price per share of our common stock is \$57.97, the closing market price as of that date. For any triggering event that presupposes a change of control, we assume a change of control has so occurred.

Termination for cause or voluntary termination	–	–	–	–	–
Change of control	–	\$626,650 ⁽⁶⁾	–	–	\$626,650
Termination for good reason or without cause within a change of control period	\$306,410	–	\$11,424	\$20,000	\$337,834 ⁽⁷⁾

(1) Includes accrued vacation amounts to be paid under California law.

(2) The amount disclosed is the value of the accelerated options calculated as the difference between the exercise price and the closing price as of December 31, 2007. The value of the stock-based rights would be \$0 if calculated at \$29.27 per share, which was the price per share on April 25, 2008, because on that date, the closing price of the common stock was lower than the exercise price of the applicable options.

(3) For 12 months post-termination (assuming Mr. Mason does not secure coverage from new employment during that time).

(4) Maximum fees and expenses during 24 months following date of termination. Note that the Company will be responsible for any costs and expenses incurred in hiring an executive outplacement firm for Mr. Mason, up to the amount disclosed.

(5) In addition to this amount, if a dispute arises under or in connection with the employment agreement each party will be responsible for its own fees, costs and expenses, but if Mr. Mason is the prevailing party we shall pay to Mr. Mason an amount equal to all attorneys' and related fees, costs and expenses.

(6) While Mr. Mason's employment agreement and PASO agreement provide that the vesting of outstanding options accelerates upon a change of control, the vested PASOs continue to be subject to the limitations on exercise set forth in the PASO agreement. The amount disclosed is the value of the accelerated options calculated as the difference between the exercise price and the closing price as of December 31, 2007.

(7) In addition to this amount, if a dispute arises under or in connection with the employment agreement Mr. Mason may retain counsel at the expense of the Company to represent him in any legal proceeding arising out of such agreement. Without respect to whether Mr. Mason prevails, we shall pay to Mr. Mason an amount equal to all attorneys' and related fees, costs and expenses (subject to certain exceptions).

DIRECTOR COMPENSATION

Directors are traditionally elected each year at the Annual General Meeting of Shareholders, usually held in June. Other director appointments occur from time to time as determined by the Board, for instance, in the event of vacancies on the Board resulting from a director's death or resignation.

For 2007, the Board adopted a director compensation philosophy providing for a 60th percentile goal for total director compensation. This philosophy is consistent with the 2007 total compensation philosophy applied to the compensation levels of the executive officers. Non-employee directors receive a mix of cash and equity-based compensation as consideration for serving on the Board. Current Board compensation levels were determined by the Board, including based upon consideration of Towers Perrin's 2008 compensation analysis, which included a competitive market analysis to determine competitive compensation levels for our directors. Towers Perrin's analysis concluded that the Board's cash fees were in line with its philosophy, but that our equity-based compensation for directors was below our peer group as compared to our preferred percentile goals.

Table of Contents

Upon election or appointment to the Board, each Board member is currently entitled to an annual fee of \$55,000 for his services, pro-rated for any partial year of service. Chairmen of Committees are entitled to additional compensation ranging from \$5,000 to \$10,000 for serving in those capacities, and the Chairman of the Board receives an annual salary of \$200,000 in his role as an executive chairman in lieu of any Board fees. We do not pay any other meeting fees. Each director may elect at the time of election to the Board or at a subsequent increase in fees to have their director fee paid either in U.S. Dollars or in the director's local currency. If a director does not elect to have his director fee paid in his local currency, the Company will pay the director fee in U.S. Dollars.

Directors also receive grants of stock options under the 2004 LTIP. These grants include (i) a grant of 30,000 options, granted on the date of such director's first election to the Board, with such options generally vesting in one-fifth increments over a 5-year period (so long as a director remains on the Board and subject to earlier vesting in the event of a change in control), and (ii) a grant of 3,000 options, granted on the date of any re-election or re-appointment to the Board, with such options generally vesting in one-third increments on the anniversary of each grant (so long as a director remains on the Board and subject to earlier vesting in the event of a change in control). In 2007, grant levels were established by the Board based upon Towers Perrin's competitive assessment and were approved by the Company's shareholders. For 2008, based upon a comparison of the Company's current peer group and subject to shareholder approval, the Board is recommending to increase the annual grant from 3,000 to 5,000 options as part of the 2004 LTIP amendment described below. For more information on the 2004 LTIP generally, see "Executive Compensation – Compensation Discussion and Analysis – Elements of In-Service Executive Compensation – Long-Term Equity-Based Incentives." See also Proposal 2 of this Proxy Statement.

(1) Mr. Milinazzo was a director and executive officer during 2007. As such, information about him and his compensation figures are only listed in the Summary Compensation Table above and not in this Director Compensation Table.

(2) Each of our non-employee directors receives an annual fee of \$55,000 (or local currency equivalent at the director's election) for his services (pro-rated for partial years).

(3) Amounts shown do not reflect compensation actually received. Instead, the amounts shown are the 2007 compensation cost recognized for stock option awards for financial statement reporting purposes as determined pursuant to Statement of Financial Accounting Standards No. 123(R), or FAS 123R. The assumptions used in the calculation of values of stock option awards are set forth under the section entitled “Share-based Compensation” in “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations – Critical Accounting Policies and Estimates” in the Company’s Annual Report on Form 10-K for 2007, filed with the SEC on February 29, 2008. Our directors’ outstanding option awards as of December 31, 2007 are as follows: Mr. Gero – 61,000; Mr. Benjamin – 39,000; Mr. Federico – 3,000; Mr. Hewett – 3,000; Dr. Jordan – 33,000; Mr. Kester – 33,000; Dr. von Wartburg – 39,000; and Mr. Weisshaar – 33,000.

Table of Contents

- (14) On June 20, 2007, Mr. Widensohler ceased serving as a member of the Board.

EQUITY COMPENSATION PLAN INFORMATION

Our primary equity compensation plan is the 2004 LTIP. Some named executive officers continue to hold outstanding awards under our previous Staff Share Option Plan and Performance Accelerated Stock Option Inducement Grants, although we no longer grant awards under these plans. All named executive officers are also eligible at their discretion to acquire shares of common stock pursuant to our Employee Stock Purchase Plan. Each of the 2004 LTIP, the Staff Share Option Plan and the Employee Stock Purchase Plan has been approved by our shareholders. The Performance Accelerated Stock Option Inducement Grants were not required to be approved by our shareholders. For more information on our equity compensation plans, see “Executive Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation – Long-Term Equity-Based Incentives.”

The following table provides aggregate information regarding the shares of our common stock that may be issued upon the exercise of options and rights under all of our equity compensation plans as of December 31, 2007.

(3) Included are 66,447 registered shares available for issuance pursuant to the Employee Stock Purchase Plan and 662,379 shares remaining available for grant under the 2004 LTIP.

PROPOSAL 1: ELECTION OF DIRECTORS

The current term of office for all of our current nine directors expires at this Annual General Meeting. The Company's articles of association provide that the number of directors shall be determined by the Board, which has resolved to increase the number from nine to ten effective at the Annual General Meeting.

The current terms of Messrs. Gero, Hewett, Benjamin, Federico, Kester, Milinazzo and Weisshaar, Dr. Jordan and Dr. von Wartburg will expire at the Annual General Meeting. The Board has nominate each of Messrs. Gero, Hewett, Benjamin, Federico, Kester, Milinazzo and Weisshaar, Dr. Jordan and Dr. von Wartburg to stand for re-election at the Annual General Meeting.

In addition, the number of directors will be increased to ten effective at the Annual General Meeting. The Nominating and Governance Committee has recommended the election of Maria Sainz as a director. The Board has nominated Ms. Sainz to stand for election as a director at the Annual General Meeting.

If elected, all of these directors will hold office until the 2009 annual general meeting of shareholders and/or until their successors have been elected.

We know of no reason why any nominee may be unable to serve as a director. If any nominee is unable to serve, your proxy may vote for another nominee proposed by the Board, or the Board may reduce the number of directors to be elected. If any director resigns, dies or is otherwise unable to serve out his term, the Board may fill the vacancy until the next Annual General Meeting.

PROPOSAL 2: APPROVAL OF AMENDMENT NO.1 TO AMENDED AND RESTATED 2004 LONG-TERM INCENTIVE PLAN

The 2004 LTIP was originally approved by our shareholders on June 29, 2004. The plan was subsequently amended and restated on November 5, 2004 and again on June 20, 2007. The Board unanimously recommends that you approve the further amendment to the 2004 LTIP, which the Board adopted on April 16, 2008, subject to shareholder approval.

We propose to further amend the 2004 LTIP to:

- (i) increase the number of shares subject to awards under the plan from 2,800,000 to 3,100,000 (which will be aggregated with certain shares available under the Staff Share Option Plan as described below) to ensure that we have a sufficient number of shares of our common stock available for equity-based awards;
- (ii) increase the annual grant to directors from 3,000 to 5,000 shares of Company common stock; and
- (iii) limit in the future the number of shares of Company common stock that may be awarded under the plan as full value awards to 100,000 shares.

We believe that the ability to make competitive equity-based awards is an essential part of our compensation program. Additional shares must be reserved for issuance under the 2004 LTIP to allow for future grants.

Description of the 2004 LTIP

The following is a brief summary of the material features of the 2004 LTIP and its operation. A copy of the 2004 LTIP with Amendment No. 1 thereto is attached as Appendix I to this proxy statement. The further amendment of the 2004 LTIP will be effective upon an affirmative vote of a majority of the votes cast on this proposal at the Annual General Meeting. If the amendment is not approved, the 2004 LTIP will continue in its current form.

The description below reflects the amendments proposed hereby. There are no other proposed changes to the 2004 LTIP except as set forth above.

On December 31, 2007, there were 2,169,887 awards outstanding under the plan, consisting of 2,104,110 stock options and 65,787 shares of restricted stock. Of the stock options outstanding, 639,240 were exercisable. 222,656 stock option awards under the plan have been previously exercised and 662,379 remain available for issuance. The closing price of our common stock as of April 25, 2008 was \$29.27.

Purposes and Eligibility

The purposes of the 2004 LTIP are to provide an incentive to certain officers, employees, directors and consultants of the Company and its subsidiaries to increase their ownership interest in the Company in order to align their interests with the shareholders, to more closely tie executive compensation to Company performance and to create long-term performance and service incentives for executive officers and other key employees. As of April 25, 2008, we estimate that approximately 7 directors, 7 executives and 1,400 full-time employees of the Company are eligible to receive awards under the 2004 LTIP. Currently, there are approximately 160 participants in the 2004 LTIP.

Number of Shares of Common Stock Subject to the 2004 LTIP

The maximum number of shares of our common stock that may be issued pursuant to awards under the 2004 LTIP, subject to the anti-dilution provisions, will be the aggregate of (1) 3,100,000 shares, (2) the number of shares of our common stock previously authorized and available for future awards under our Staff Share Option Plan as of the date

the 2004 LTIP was originally approved by our shareholders, and (3) any shares corresponding to an award, or portion thereof, under our Staff Share Option Plan that have been forfeited or expire for any reason without having been exercised or settled since the date the 2004 LTIP was originally approved by our shareholders. Shares issued upon exercise of awards may be either authorized and unissued shares or shares held by the Company in its treasury. See “Executive Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation – Long Term Equity-Based Incentives.”

Table of Contents

Special Limits on Stock Options, Restricted Stock, Restricted Share Units, Performance Share Units, Stock Appreciation Rights and Other Awards

The maximum number of shares of common stock that, in the aggregate, may be subject to restricted share units, performance share units, restricted stock and other awards under the 2004 LTIP is 400,000 shares, provided that if the shareholders approve the amendment to the 2004 LTIP, the number of shares of Company common stock that may thereafter be awarded as full value awards (such as restricted share units payable in Company common stock, performance share units payable in Company common stock, restricted stock and Other Awards (as defined in the 2004 LTIP) payable in Company common stock) may not exceed 100,000 shares.

The maximum number of shares of common stock subject to stock options that may be awarded to any participant in any calendar year is limited to 200,000 shares (with a carryover of any unused portion to future years). In addition, the number of shares of common stock subject to restricted share units, performance share units, restricted stock, stock appreciation rights or other awards that may be awarded to any participant in any calendar year is limited to 200,000 shares (with a carryover of any unused portion to future years), subject to the provisions outlined above limiting the number of shares of restricted stock that may be issued. These maximum individual limits are required to satisfy requirements under Section 162(m) of the Internal Revenue Code.

Administration

The Committee administers the 2004 LTIP and, among other powers, it selects participants from among eligible individuals, determines the number of shares of our common stock that will be subject to each award or the cash amount payable in connection with an award, and determines the terms and conditions of awards subject to the limitations detailed below. The Committee may from time to time delegate some or all of its authority to one or more of its members or the Chief Executive Officer and Chief Financial Officer, subject to certain limitations. See “Executive Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation – Long-Term Equity-Based Incentives – Current Equity Compensation Plans – 2004 Long-Term Incentive Plan.”

The Committee has the discretion to electronically deliver or make award documents, give notice and other elections under the 2004 LTIP and to deliver or otherwise evidence shares under the 2004 LTIP through book entry or other electronic format without the need to deliver an actual share certificate. Actual share certificates will be delivered if requested by the participant.

Awards under the 2004 LTIP

Generally

The 2004 LTIP authorizes the following types of awards:

- stock options;
- stock appreciation rights;
- restricted stock;
- restricted share units;
- performance share units; and

- other forms of equity-based or equity-related awards that the Committee determines to be consistent with the purposes of the 2004 LTIP and the interests of the Company.

The Committee determines vesting (subject to the below), exercisability, payment and other restrictions that apply to an award.

All awards under the 2004 LTIP are subject to certain minimum vesting requirements. Awards that are not intended to be performance-based compensation shall vest, or the restrictions shall lapse, as the case may be, at a rate of 33 1/3% per year on each of the first three anniversaries of the date of grant. Awards that are intended to be performance-based compensation shall vest, or the restrictions shall lapse, as the case may be, no sooner than 12 months following the date of grant. The Committee retains the discretion to accelerate the vesting or lapse of restrictions of an award in the event of a participant's termination or a change of control of the Company. See "Executive Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation – Long-Term Equity-Based Incentives – Current Equity Compensation Plans – 2004 Long-Term Incentive Plan."

Table of Contents

Neither the Committee nor the Board may reduce the exercise or grant price of a stock option or stock appreciation right, or cancel or replace any stock option or stock appreciation right with an option or stock appreciation right having a lower exercise or grant price without approval of the shareholders. The Committee may also not exercise discretion in establishing valuation methodologies for awards under the plan. The price of all awards is tied to the fair market value of our common stock. Under the 2004 LTIP, “fair market value” means, as of any date that requires determination of the fair market value, the closing price of our common stock as quoted on Nasdaq on such date of determination (with other definitions provided under the plan if our common stock is no longer traded on Nasdaq).

The Committee generally has the authority to determine the effect, if any, that a participant’s termination of service or a change of control of the Company will have on an award. The Committee may determine whether any award is intended to be “performance-based compensation” as that term is used in Section 162(m) of the Internal Revenue Code. The 2004 LTIP and any award documents shall be interpreted and construed in compliance with Section 409A of the Internal Revenue Code and, to the extent the Committee determines that any award under the 2004 LTIP is subject to Section 409A, the award documents shall contain the terms and provisions necessary to avoid the consequences specified in Section 409A(a)(1).

Stock Options

Stock options may be either nonqualified stock options or incentive stock options (within the meaning of Section 422 of the Internal Revenue Code). The exercise price of a nonqualified stock option may not be less than 100% of the fair market value per share on the date of grant. Participants may pay the exercise price of a stock option in any form approved by the Committee at the time of grant. The Committee establishes a vesting schedule for each stock option at the time of grant, as well as the term of such option, which under the 2004 LTIP cannot exceed 10 years from the date the option was granted.

The 2004 LTIP provides for certain conditions that apply to incentive stock options in accordance with the applicable requirements of Section 422 of the Internal Revenue Code and the regulations thereunder. For example, the exercise price per share of an incentive stock option may not be less than 100% of the fair market value per share on the date of grant or on the date the exercise price is fixed.

Stock Appreciation Rights

Stock appreciation rights entitle a participant to receive, upon satisfaction of certain conditions, an amount equal to the excess, if any, of the fair market value on the date of exercise of the number of shares of our common stock for which the stock appreciation right is exercised over the exercise price for such stock appreciation right. The exercise price of a stock appreciation right may not be less than 100% of the fair market value per share on the date of grant. At the discretion of the Committee, the Committee may make payments to a participant upon exercise of a stock appreciation right in cash, shares of our common stock or a combination of cash and stock. No award of a stock appreciation right may extend beyond the tenth anniversary of its date of grant. The Committee may grant stock appreciation rights alone or together with stock options.

Restricted Stock

The Committee has the authority to grant restricted stock to participants pursuant to the 2004 LTIP. Restricted stock is common stock of the Company subject to vesting (whether time or performance based) and the participant’s continued service with the Company. Each grant of restricted stock is subject to the terms, conditions and restrictions established by the Committee and set forth in the applicable award document. The award document also specifies the conditions regarding the grant, vesting or issuance of restricted stock and the purchase price of the restricted stock (if any).

Restricted Share Units

The Committee has the authority to grant restricted share units to participants pursuant to the 2004 LTIP. A restricted share unit generally represents the right of the participant to receive one or more shares of our common stock, subject to the terms and conditions established by the Committee, in consideration of the participant's employment with the Company or any of its subsidiaries. If and when these terms and conditions are satisfied and any forfeiture provisions lapse, the restricted share units will, at the discretion of the Committee, become shares of our common stock owned by the respective participant or be payable in cash, shares of our common stock or a combination of cash and stock, with a value equal to the fair market value of the shares at the time of payment.

Table of Contents

Performance Share Units

The Committee has the authority to grant performance share units to participants pursuant to the 2004 LTIP. A performance share unit generally entitles a participant to receive, subject to terms and conditions established by the Committee, a target number of shares of our common stock based upon the achievement of performance goals over a performance period. Performance share units are subject to conditions of vesting and time of payment as the Committee may determine. At the discretion of the Committee, performance share units will be settled through the delivery of shares of our common stock, cash or a combination of cash and stock, with a value equal to the fair market value of the shares as of the last day of the applicable performance period.

Other Equity Awards

The Committee has the authority to specify the terms and provisions of other forms of equity-based or equity-related awards not described above that the Committee determines to be consistent with the purposes of the 2004 LTIP and the interests of the Company. These awards may provide for cash payments based in whole or in part on the value (or future value) of shares of our common stock, for the acquisition (or future acquisition) of shares of our common stock, or for any combination thereof.

Awards to Non-Employee Directors

Under the 2004 LTIP, each non-employee director is granted an award of 30,000 shares of common stock on the date of their first election to the Board. This award vests, or the restrictions lapse, as applicable, at the rate of 6,000 shares per year on each of the first five anniversaries of the date of grant (provided the participant is still a member of the Board on each anniversary). Non-employee directors also receive an annual award of 3,000 shares of common stock on the date of each director's re-election or re-appointment to the Board. The proposed amendment would increase this annual award from 3,000 to 5,000 shares of common stock, which the Board believes will more closely align the directors' equity-based compensation with the equity-based compensation of the Company's peer group companies. This award vests, or the restrictions lapse, as applicable, at the rate of 33 1/3% per year on each of the first three anniversaries of the date of grant (provided the participant is still a member of the Board on each anniversary). The Committee may determine what form of award to grant to the non-employee director. We retain the ability to grant additional awards to non-employee directors, including in their capacities as consultants or executive officers of the Company or any of its subsidiaries.

Amendment and Termination of 2004 LTIP

The Board may amend, suspend or terminate the 2004 LTIP at any time. However, the Board must obtain shareholder approval to increase the maximum number of shares issuable under the plan. Also, the Board may not amend, suspend or terminate the 2004 LTIP without a participant's consent if it would adversely affect the participant's rights to previously-granted awards, unless the Board determines that amendments to the plan or previously-granted award documents are necessary or appropriate to exempt awards from or conform the 2004 LTIP to the requirements of Section 409A of the Internal Revenue Code, in which case the Board may adopt such amendments to the plan or applicable award documents, or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect) as it deems appropriate under the circumstances.

Certain U.S. Federal Income Tax Consequences

The U.S. federal income tax consequences of awards under the 2004 LTIP are summarized below. The information set forth below is a summary only and does not purport to be complete. The information is based upon current federal income tax rules and therefore is subject to change when those rules change. Because the tax consequences to any

participant may depend on his or her particular situation, each participant should consult the participant's tax adviser regarding the federal, state, local, foreign and other tax consequences of the grant, exercise or settlement of an award or the disposition of shares of our common stock acquired as a result of an award. The 2004 LTIP is not qualified under the provisions of Section 401(a) of the Internal Revenue Code, and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974.

Table of Contents

Nonqualified Stock Options

The grant of a nonqualified stock option with an exercise price equal to the fair market value of our stock on the date of grant has no immediate federal income tax effect. The participant will not recognize any taxable income and we will not receive a tax deduction.

When the participant exercises the option, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares of our common stock on the date of exercise over the exercise price. If the optionee is employed by the Company or any of its subsidiaries, we are required to withhold tax on the amount of income recognized. We will receive a tax deduction equal to the amount of income recognized.

When the participant sells the shares of our common stock obtained from exercising a nonqualified stock option, any gain or loss will be taxed as a capital gain or loss (long-term or short-term, depending on how long the shares have been held). Certain additional rules apply if the exercise price for an option is paid in shares previously owned by the participant.

Incentive Stock Options

When a participant is granted an incentive stock option, or when the participant exercises the incentive stock option, the participant will generally not recognize taxable income (except for purposes of the alternative minimum tax) and we will not receive a tax deduction.

If the participant holds the shares of our common stock for at least two years from the date of grant, and one year from the date of exercise (the "holding period"), then any gain or loss will be treated as long-term capital gain or loss. If, however, the shares are disposed of during the holding period, the participant will recognize taxable income equal to the lesser of the fair market value of the shares on the exercise date minus the exercise price or the amount realized on disposition minus the exercise price. Any gain in excess of the taxable income portion will be taxable as long-term or short-term capital gain. We will only receive a tax deduction if the shares are disposed of during the holding period. The deduction will be equal to the amount of taxable income the participant recognizes.

Restricted Stock

Generally, a participant who receives a restricted stock award will not recognize taxable income at the time the award is received. A participant may, however, file an election with the Internal Revenue Service (a "Section 83(b) election") within 30 days of his or her receipt of the restricted stock award to recognize taxable income, as of the date the participant receives the award, equal to the excess, if any, of the fair market value of the stock on the date the award is granted over any amount paid by the participant in exchange for the stock. If a participant does not file a valid Section 83(b) election with respect to the grant of restricted stock, the participant generally will recognize taxable income at the time the restricted stock becomes vested equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the participant in exchange for the stock.

The participant's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from restricted stock awards will be the amount paid for such shares plus any taxable income recognized either when the stock is received or when the stock becomes vested. Any gain or loss will be taxed as a capital gain or loss (long-term or short-term, depending on how long the shares have been held).

If the participant is employed by the Company or any of its subsidiaries, we are required to withhold tax on the amount of taxable income recognized. We will generally be entitled to a tax deduction equal to the taxable income realized by the participant and will also be entitled to a deduction for dividends or dividend equivalents paid to the

participant (if any) on restricted stock that has not vested.

Stock Appreciation Rights

52

Table of Contents

Where stock appreciation rights are granted with an exercise price equal to the fair market value of our stock on the grant date, the participant will recognize taxable income upon the exercise of the stock appreciation right equal to the fair market value of the stock or cash received upon such exercise. If the participant receives shares of our stock, then upon sale of those shares any subsequent gain or loss will be taxed as a capital gain or loss (long-term or short-term, depending on how long the shares have been held).

If the participant is employed by the Company or any of its subsidiaries, we are required to withhold tax on the amount of taxable income recognized. We will generally be entitled to a tax deduction equal to the taxable income realized by the participant.

Restricted Stock Units and Performance Share Units

Generally, the participant who receives a restricted stock unit or a performance share unit structured to comply with the requirements of Section 409A of the Internal Revenue Code ("Section 409A"), or qualifies for an exception thereto, will recognize taxable income at the time the stock or cash is delivered equal to the excess, if any, of the fair market value of the shares of our common stock or the cash received over any amount paid by the participant. If the units do not comply with the requirements of Section 409A and do not qualify for an exception thereto, then, in addition to the tax treatment described above, the participant will owe an additional 20% tax and interest on any taxes owed.

If the participant receives shares of our stock in settlement of a restricted stock unit or a performance share unit, then upon sale of those shares any subsequent gain or loss will be taxed as a capital gain or loss (long-term or short-term depending on how long the shares have been held).

If the participant is employed by the Company or any of its subsidiaries, we are required to withhold tax on the amount of taxable income recognized. We will generally be entitled to a tax deduction equal to the taxable income realized by the participant.

Section 409A

Section 409A applies to compensation plans providing deferred compensation to employees, directors and consultants, and potentially could apply to the different awards available under the 2004 LTIP. Failure to comply with Section 409A with respect to a specific award, in the absence of an applicable exemption, could result in current income taxation to the recipient for all amounts deferred as part of that award as well as the imposition of an additional 20% tax and interest on any underpayment of tax. In general, Section 409A should not apply to incentive stock options, nonqualified stock options and stock appreciation rights (that are not discounted) and restricted stock (provided there is no deferral of income beyond the vesting date). Section 409A may apply to restricted stock units and performance share units.

Section 162(m)

As described above, awards may qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code in order to preserve the Company's federal income tax deduction with respect to annual compensation required to be taken into account under Section 162(m) that is in excess of \$1 million and paid to certain executive officers. To qualify, options and other awards must be granted by a Committee consisting solely of two or more "outside directors" (as defined under applicable regulations) and satisfy the limit on the total number of shares of our common stock that may be awarded to any one participant during any calendar year. In addition, for awards other than options and stock appreciation rights (that are not discounted) to qualify, the grant, issuance, vesting or retention of the award must be contingent upon satisfying one or more of the performance criteria, as established and certified

by a Committee consisting solely of two or more “outside directors.”

New Plan Benefits under the 2004 LTIP

Set forth below is a table that shows the cumulative awards actually made in 2007 and the cumulative awards that would have been made if the proposed further amendment to the 2004 LTIP had been in effect in 2007. We cannot determine the benefits or amounts that will be received or allocated in the future under the 2004 LTIP as further amended in this Board proposal other than with respect to annual grants to non-employee directors as disclosed above and described below. Future awards under the plan to non-employee directors are contingent upon appointment and/or re-election to the Board. Future awards under the 2004 LTIP to all other participants will be determined by the Committee in its sole discretion and will depend on individual and corporate performance and other factors considered by the Committee.

PROPOSAL 3: APPROVAL OF ORTHOFIX INTERNATIONAL N.V. AMENDED AND RESTATED STOCK PURCHASE PLAN

The Orthofix Inc. Employee Stock Purchase Plan (“ESPP”) was approved by our shareholders on August 21, 1995. The ESPP is essentially a continuation by Orthofix Inc. of the American Medical Electronics, Inc. Employee Stock Purchase Plan, as amended. The ESPP was subsequently amended on June 24, 2004 and on December 11, 2007. The Board unanimously recommends that you approve the Orthofix International N.V. Amended and Restated Stock Purchase Plan (the “Amended Plan”), which the Board adopted on April 16, 2008, subject to shareholder approval.

We propose to further amend and restate the ESPP to:

- (i) increase the number of shares that may be issued under the ESPP by 500,000 to 950,000 to ensure that we have a sufficient number of shares of our common stock available for issuance;
- (ii) provide that the Company assume and adopt the ESPP, in lieu of Orthofix Inc. acting as sponsor of the plan;
- (iii) allow officers and directors of Orthofix Inc. and non-employee directors of the Company to participate in the ESPP on the same basis as other employees of the Company and its subsidiaries;
- (iv) provide that the determination of fair market value of Company common stock will be determined on either the first day or the last day of the plan year, whichever date renders a lower valuation; and
- (v) make other non-substantive, technical changes to the ESPP.

Description of the Amended Plan

The following is a brief summary of the material features of the Amended Plan and its operation, noting the material proposed changes to the plan. A copy of the Amended Plan, detailing all proposed changes, is attached as Appendix II to this proxy statement. The Amended Plan will be effective upon an affirmative vote of a majority of the votes cast on this proposal at the Annual General Meeting, but will not be operative until the 2009 plan year other than with respect to the number of shares that may be issued during the 2008 plan year. If the Amended Plan is not approved, the ESPP will continue in its current form, but the Company would no longer have sufficient shares to continue offering shares under the plan.

The description below reflects the amendments proposed hereby. There are no other proposed changes to the 2004 LTIP except as set forth above.

Approval and Adoption of ESPP by Orthofix International N.V.

The ESPP is currently sponsored by Orthofix Inc., which, at the time the ESPP was approved by our shareholders on August 21, 1995, was the main operating subsidiary of Orthofix International N.V. Due to the Company’s additional operating subsidiaries and divisions, the Company proposes to become the sponsor of and adopt the Amended Plan.

Purposes and Eligibility

The purpose of the Amended Plan is to encourage eligible employees and non-employee directors of the Company to become owners of common stock of the Company, thereby giving them a greater interest in the growth and success of its business. As of April 25, 2008, we estimate that approximately 7 directors, 7 executives and 1,400 full-time employees of the Company are eligible to purchase shares under the ESPP. Currently, there are approximately 400 participants in the Amended Plan. Non-employee directors of the Company are not currently eligible to participate in the ESPP. If this proposal is adopted, non-employee directors would be eligible to participate in the plan beginning in 2009.

Table of Contents

Number of Shares of Common Stock Subject to the ESPP

The maximum number of shares of our common stock that may be issued pursuant to the Amended Plan, subject to the anti-dilution provisions, will be 950,000 shares. Previously, 450,000 shares were authorized to be issued under the ESPP, only 16,447 of which have not been issued and remain available for issuance. Shares purchasable pursuant to the Amended Plan may be authorized but previously unissued shares or shares of stock held in treasury or purchased in the open market or in privately negotiated transactions.

Participation in the ESPP

As proposed to be amended and restated, all eligible employees and non-employee directors may participate in the Amended Plan on the first day of any plan year. Eligible employees participate by electing to contribute to the Amended Plan through payroll deductions, which generally may not be more than 20% of an employee's compensation. Eligible non-employee directors participate by electing to contribute to the Amended Plan through deductions of their director fees and other compensation that are paid in cash. Eligible participants must elect to participate in the plan prior to the beginning of the plan year. Participants may withdraw from the Amended Plan by providing notice to the Committee before the last day of the plan year. Upon withdrawal from the Amended Plan, all payroll deductions under the Amended Plan cease immediately, and a participant will receive a refund of his or her contribution, including all accrued interest. An employee's participation in the Amended Plan terminates upon his or her termination of employment, and will generally terminate upon his or her leave of absence from active employment only if such employee does not continue to make contributions to the Amended Plan during such leave of absence. A director's participation in the Amended Plan terminates upon his or her ceasing to be a member of the Board.

Participants in Non-US Jurisdictions

With respect to participants that are subject to the tax laws of a jurisdiction outside of the US, the Amended Plan allows the Committee to adopt such modifications and procedures as it deems necessary or desirable to comply with the provisions of the laws of such non-U.S. jurisdictions in order to assure the viability of the benefits paid to such participants. Further, the Committee may adopt sub-plans applicable to separate classes of eligible employees and non-employee directors who are subject to the laws of jurisdictions outside of the U.S.

Distribution of Common Stock

The Amended Plan provides that as soon as practicable following the last day of the plan year (but in any event, no more than two and one-half months thereafter), the Committee will distribute to each person who was a participant during the plan year a certificate or certificates representing the number of whole shares of Company common stock determined by dividing (i) the amount of the participant's contributions for the plan year plus accrued interest, by (ii) 85% of the lower of the fair market value of the Company common stock on the first and last day of the plan year. Under the ESPP, the purchase price for shares is equal to the fair market value per share on the first day of the plan year only for officers and directors of Orthofix Inc. and 85% of the fair market value of such shares on the first day of the plan year only for all other eligible employees. Non-employee directors of the Company are currently not eligible to participate in the ESPP.

The Amended Plan would allow all employees, officers and directors of the Company and participating subsidiaries to participate on the same terms and no longer discriminate against some employees simply because their employer is Orthofix Inc. Under the ESPP, some officers pay the 85% purchase price, while others are required to pay 100% of fair market value simply by virtue of the entity that employs them. The Board does not believe such distinction has any benefit and is proposing its elimination. Further, as some members of the Company's Board who are employees can acquire shares under the ESPP, but non-employee directors cannot, the Board believes it makes sense to allow all

directors to participate in the Amended Plan. This broad-based and non-discriminatory participation also furthers the Board's goal of encouraging share ownership in the Company by all its employees, officers and directors.

Under the Amended Plan, "fair market value" means, as of any date that requires determination of the fair market value, the closing price of our common stock as quoted on Nasdaq on such date of determination (with other definitions provided under the plan if our common stock is no longer traded on Nasdaq).

The Committee may, in its discretion, require a participant to pay, prior to the distribution of Company stock, the amount the Committee deems necessary to satisfy the Company's obligation to withhold applicable taxes that the participant incurs as a result of his or her participation in the Amended Plan. The participant may deliver sufficient shares of Company stock, cash or irrevocably elect for the participating employer to withhold from the shares of stock to be distributed a sufficient number of shares of stock. The Amended Plan would permit the Company or its subsidiary to deduct from all cash payments made to a participant any applicable required taxes to be withheld with respect to such payments.

Table of Contents

Administration of the ESPP

The Committee currently oversees the ESPP, but since the ESPP is sponsored by Orthofix Inc., it is technically administered by the board of directors of Orthofix Inc., with oversight of the ESPP by the Committee. Under the Amended Plan, the Committee would oversee and administer the plan and, among other powers, it would determine the amount of benefits payable to participants and construe and interpret the plan whenever necessary to carry out the Amended Plan's intention and purpose. The Amended Plan would clarify that the Committee would be able to administer the plan as necessary to take account of tax, securities law and other regulatory requirements of foreign jurisdictions. The Committee would also generally be able to designate one or more of its members or the Chief Executive Officer or Chief Financial Officer of the Company to carry out the Committee's responsibilities under such conditions and limitations as the Committee may determine. The Amended Plan would also provide indemnity (except in the case of fraud, willful misconduct or failure to act in good faith) to members of the Board, the Committee, the Chief Executive Officer, the Chief Financial Officer and other officers or employees to whom duties or responsibilities are delegated in connection with the operation, administration or interpretation of the Amended Plan. Any authority or responsibility that may be exercised by the Committee would also be exercisable by the Board. The Board or the Committee would be able to extend or terminate the benefits of the Amended Plan to any subsidiary of the Company at any time without the approval of the Company's shareholders. Since the Committee currently oversees the administration of the ESPP and will oversee and administer the Amended Plan, the administration of the Amended Plan and the rights of the participants thereunder will be similar to the administration of the ESPP.

Amendment and Termination of Amended Plan

The Board may amend or terminate the Amended Plan at any time. Upon the termination of the Amended Plan, each participant will receive a refund of his or her contributions for the plan year plus accrued interest. However, the Board must obtain shareholder approval to increase the maximum number of shares issuable under the plan. Also, the Board may not amend or terminate the Amended Plan if it would decrease the participant's accrued benefits as of the effective date of such action, unless the Board determines that amendments to the plan are necessary or appropriate to exempt issuances from or conform the Amended Plan to the requirements of Section 409A of the Internal Revenue Code, in which case the Board may adopt such amendments to the plan, or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect) as it deems appropriate under the circumstances.

Certain U.S. Federal Income Tax Consequences

The following is a general summary of certain U.S. federal income tax consequences to U.S. employees with respect to Company common stock issued under the Amended Plan. This discussion applies to employees and directors who are citizens or residents of the U.S. and U.S. taxpayers. The information set forth below is a summary only and does not purport to be complete. The information is based upon current federal income tax rules and therefore is subject to change when those rules change. Because the tax consequences to any participant may depend on his or her particular situation, each participant should consult the participant's tax adviser regarding the federal, state, local, foreign and other tax consequences of the Amended Plan. The Amended Plan is not qualified under the provisions of Section 401(a) of the Internal Revenue Code, and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974.

All amounts contributed to the Amended Plan are deducted from each participant's taxable compensation on an after-tax basis. Participants will recognize taxable income on the interest they earn on their contributions to the Amended Plan in the taxable year in which the interest accrues. When shares of Company common stock are distributed to participants at the end of the plan year, participants will also recognize taxable income on the difference

between the fair market value of the Company common stock on that date and the purchase price participants pay for the shares. If participants sell shares of Company common stock that they received under the Amended Plan, any gain or loss will be taxed as a capital gain or loss. Subject to the applicable provisions of the Internal Revenue Code and applicable regulations, the participant's employer will generally be entitled to a federal income tax deduction in an amount equal to the taxable income that each participant recognizes. Each participant's employer will be entitled to this deduction for the taxable year that includes the last day of the taxable year for which a participant recognizes taxable income.

Table of Contents

For U.S. income tax purposes, the gross amount of dividends paid to participants who hold shares of Company common stock will be treated as gross dividend income to such holders in the year in which such dividend is received to the extent paid or deemed paid out of the Company's current or accumulated earnings and profits as calculated for U.S. federal income tax purposes.

Section 409A

Section 409A of the Internal Revenue Code applies to compensation plans providing deferred compensation to employees and directors, and potentially could apply to the Amended Plan. Failure to comply with Section 409A, with respect to compensation deferred under the Amended Plan, in the absence of an applicable exemption, could result in current income taxation to the recipient for all amounts deferred as well as the imposition of an additional 20% tax and interest on any underpayment of tax. In general, Section 409A should not apply to the Amended Plan (provided there is no deferral of income beyond the date that is two and one half months after the end of the plan year).

New Plan Benefits under the Amended Plan

Set forth below is a table that shows the cumulative shares purchased in 2007, and the cumulative shares that would have been purchased if the Amended Plan had been in effect in 2007, by named executive officers and directors based upon payroll deductions of those employees, whether such shares were purchased at 100% of the fair market value thereof or 85% of the fair market value thereof, all in accordance with the ESPP. We cannot determine the benefits or amounts that will be received or allocated in the future under the Amended Plan as provided in this Board proposal since those amounts depend both upon the amount of deductions that a participant elects to make and the price of the stock at the beginning or end of the plan year. Future shares that may be issued under the Amended Plan to all other participants will depend on whether and to what extent such employee elects to participate in the Amended Plan. Under the Amended Plan, all participants will purchase shares at 85% of the fair market value thereof.

(1) Shares actually purchased in 2007 for the named executive officer under the ESPP were purchased at 100% of the fair market value of those shares as a result of his status as an officer of Orthofix Inc. If the Amended Plan were in effect in 2007, shares purchased in 2007 would have been purchased at 85% of the fair market value of those shares, resulting in the issuance of additional shares.

(2) While Mr. Mason was not an officer or director of Orthofix Inc., he purchased certain shares of Company common stock at 100% of the fair market value due to an administrative error.

The Board of Directors of Orthofix recommends that you vote “FOR” the proposal to adopt the Orthofix International N.V. Amended and Restated Employee Stock Purchase Plan.

PROPOSAL 4: APPROVAL OF AMENDMENT AND RESTATEMENT OF
SECTION 8.3 OF THE ARTICLES OF ASSOCIATION

Our Board of Directors on April 16, 2008 approved and recommended for submission to the shareholders an amendment and restatement of Section 8.3 of the Company's Articles of Association. A copy of Section 8.3 of the Articles of Association as it is proposed to be amended and restated is attached as Appendix III to this proxy statement.

Currently, the Articles of Association provide that the Board of Directors may fill vacancies created when a director resigns or is otherwise prevented from or is incapable of acting as a director. The proposed amendment and restatement would provide that the Board of Directors also has authority to fill Board vacancies until the next general meeting of shareholders in the event that the Board passes a resolution increasing its size in the interim period between shareholder meetings.

The Board believes it is in the best interests of the shareholders to amend the Articles as set forth above. Currently, the Articles provide that the number of directors shall be determined by the Board. However, the Articles do not provide the Board with authority to fill vacancies of the Board except when a director resigns or is otherwise prevented from or is incapable of acting as a director. For example, the Board has increased the size of the Board from nine to ten, effective at this year's annual general meeting, and nominated Ms. Sainz to fill the newly created vacancy. However, the Board was not able to appoint Ms. Sainz to serve in the months leading up to this year's Annual General Meeting because the Articles currently do not provide the Board with authority to fill vacancies created if the Board increases the Board's size by resolution.

If this amendment is adopted, the Board would have authority to fill Board vacancies created if the Board increases the size of the Board until the next general meeting of shareholders. The Board believes this amendment will benefit the Company because if a director candidate is identified in the future, the Board will not need to wait until the next general meeting of shareholders for such candidate to be appointed to the Board. The Board believes that this will enhance the Company's ability to attract qualified director candidates by expediting the time-frame for allowing new candidates to begin serving on the Board if the size of the Board is ever increased in the future.

The Board of Directors recommends that you vote "FOR" the proposal to
amend and restate Section 8.3 of the Articles of Association.

AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2008**

We are asking you to ratify the Board's selection of Ernst & Young LLP as our independent registered public accounting firm for 2008. The Audit Committee recommended the selection of Ernst & Young LLP to the Board. Ernst & Young LLP has served as the independent registered public accounting firm of Orthofix since 2002. They have unrestricted access to the Audit Committee to discuss audit findings and other financial matters.

We do not anticipate that representatives of Ernst & Young LLP will be at the Annual General Meeting. The work performed by Ernst & Young LLP during 2007 and 2006 and the related fees are set forth below.

the selection of Ernst & Young LLP as independent registered public accounting firm for 2008.

Pre-Approval Policies and Procedures

The Audit Committee approves all audits, audit-related services, tax services and other services provided by Ernst & Young LLP. Any services provided by Ernst & Young LLP that are not specifically included within the scope of the audit must be either (i) pre-approved by the entire Audit Committee in advance of any engagement or (ii) pre-approved by the Chairman of the Audit Committee pursuant to authority delegated to him by the other independent members of the Audit Committee, in which case the Audit Committee is then informed of his decision. Under the Sarbanes-Oxley Act of 2002, these pre-approval requirements are waived for non-audit services where (i) the aggregate of all such services is no more than 5% of the total amount paid to the external auditors during the fiscal year in which such services were provided, (ii) such services were not recognized at the time of the engagement to be non-audit services and (iii) such services are approved by the Audit Committee prior to the completion of the audit engagement. In 2007, all fees paid to Ernst & Young LLP for non-audit services were pre-approved.

Table of Contents

In making its recommendation to appoint Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2008, the Audit Committee has considered whether the services provided by Ernst & Young LLP are compatible with maintaining the independence of Ernst & Young LLP and has determined that such services do not interfere with that firm's independence in the conduct of its auditing function.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of Orthofix is responsible for providing independent, objective oversight of Orthofix's accounting functions, internal controls and risk management. The Audit Committee recommends the selection of the independent registered public accounting firm to the Board. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available for review on our website at www.orthofix.com.

Management is responsible for Orthofix's internal controls and financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of Orthofix's consolidated financial statements in accordance with auditing standards of the Public Company Accounting Oversight Board and to issue a report thereon. Additionally, the independent registered public accounting firm is also responsible for auditing the effectiveness of Orthofix's internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes. The Committee relies without independent verification on the information provided to it and on the representations made by management and the independent registered public accounting firm.

The Audit Committee held fourteen meetings during fiscal 2007. The meetings were designed, among other things, to facilitate and encourage communication among the Committee, management, internal audit and Orthofix's independent registered public accounting firm, Ernst & Young LLP. The Committee reviewed management's assessment of the effectiveness of the design and operation of Orthofix's disclosure controls over financial reporting. We discussed with Ernst & Young LLP the overall scope and plans for their audit. We met with Ernst & Young LLP, with and without management present, to discuss the results of their examinations and their evaluations of Orthofix's internal controls.

The Audit Committee has reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2007 with management and Ernst & Young LLP. We also discussed with management and Ernst & Young LLP management's report and the independent registered public accounting firm's report and attestation on Orthofix's internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act. We also discussed with Ernst & Young LLP, matters required to be discussed with audit committees, including, among other things, matters related to the conduct of the audit of Orthofix's consolidated financial statements and the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Ernst & Young LLP also provided to us the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and we discussed with them their independence from Orthofix. When considering Ernst & Young LLP's independence, we considered whether their provision of services to Orthofix beyond those rendered in connection with their audit of Orthofix's consolidated financial statements was compatible with maintaining their independence. We also reviewed, among other things, the audit and non-audit services performed by, and the amount of fees paid for such services to, Ernst & Young LLP. The Committee has determined that Ernst & Young LLP is independent of Orthofix and its management.

Table of Contents

Based upon the review and discussions referred to above, we recommended to the Board of Directors, and the Board of Directors has approved, that Orthofix's audited financial statements be included in Orthofix's Annual Report on Form 10-K for the fiscal year ended December 31, 2007. We also recommended the selection of Ernst & Young LLP as Orthofix's independent registered public accounting firm for 2008 and, based on that recommendation, the Board has selected Ernst & Young LLP as Orthofix's independent registered public accounting firm for 2008.

In the event the Committee subsequently determines that the aggregate Fair Market Value (on the date of withholding) of shares of Orthofix Stock withheld as payment of any tax withholding obligation is insufficient to discharge that tax withholding obligation, then the Participant shall pay to the Company, or its Subsidiary, as appropriate, immediately upon the Committee's request, the amount of that deficiency. The Company or its Subsidiary, as appropriate, shall also have the right to deduct from all cash payments made to a Participant (whether or not such payment is made in connection with the Plan) any applicable taxes required to be withheld with respect to such payments.

Table of Contents

- (ii) (ii) set forth all of the grounds upon which the Participant's request for review is based and any facts in support thereof; and
- (iii) (iii) set forth any issues or comments which the Participant deems pertinent to the appeal.

The Committee shall regularly review appeals by Participants. The Committee shall act upon each appeal within 60 days after receipt thereof unless special circumstances require an extension of the time for processing, in which case a decision shall be rendered by the Committee as soon as possible but not later than 120 days after the appeal is received by the Committee.

The Committee shall make a full and fair review of each appeal and any written materials submitted by the Participant in connection therewith. The Committee may require the Participant to submit such additional facts, documents or other evidence as the Committee in its discretion deems necessary or advisable in making its review. The Participant shall be given the opportunity to review pertinent documents or materials upon submission of a written request to the Committee, provided the Committee finds the requested documents or materials are pertinent to the appeal.

On the basis of its review, the Committee shall make an independent determination of the Participant's eligibility for benefits under the Plan. The decision of the Committee on any claim for benefits shall be final and conclusive upon all parties thereto.

In the event the Committee denies an appeal in whole or in part, the Committee shall give written notice of the decision to the Participant, which notice shall set forth, in a manner calculated to be understood by the Participant, the specific reasons for such denial and which shall make specific reference to the pertinent provisions of the Plan on which the Committee's decision is based.
