Seven of our clubs operate under the name "Rick's Cabaret"; four operate under the name "Club Onyx", upscale venues that welcome all customers but cater especially to urban professionals, businessmen and professional athletes; six operate under the name "XTC Cabaret"; one club operates as "Tootsie's Cabaret", one operates as "Cabaret North" and one operates as "Jaguars", and one operates as "Cabaret East". Additionally, we are awaiting licensing to open another Rick's Cabaret near DFW International Airport. Our nightclubs are in Houston, Austin, San Antonio, Dallas and Fort Worth, Texas; Charlotte, North Carolina; Minneapolis, Minnesota; New York, New York; Miami Gardens, Florida; Philadelphia, Pennsylvania and Las Vegas, Nevada. We also own a media division, including the leading trade magazine serving the multi-billion dollar adult nightclubs industry. Included in the media division are two industry trade shows, two other industry trade publications and more than 25 industry websites.

We also own and operate premiere adult entertainment Internet websites. Our online entertainment sites are, CouplesTouch.com, NaughtyBids.com and xxxpassword.com. CouplesTouch.com is a personals site for those in the swinging lifestyle. Naughtybids.com is our online adult auction site. It contains consumer-initiated auctions for items such as adult videos, apparel, photo sets, adult paraphernalia and other erotica. There are typically approximately 10,000 active auctions at this site at any given time. We charge the seller a fee for each successful auction. The site xxxPassword.com features adult content licensed through Voice Media, Inc. Most of our sites use proprietary software platforms written by us to deliver the best experience to the user without being constrained by off-the-shelf software solutions.

Our website address is www.Ricks.com. We also have an investors' website – www.ricksinvestor.com. Upon written request, we make available free of charge our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and all amendments to those reports as soon as reasonably practicable after such material is electronically filed with the SEC under Securities Exchange Act of 1934, as amended. BUSINESS ACTIVITIES--NIGHTCLUBS

Prior to the opening of the first Rick's Cabaret in 1983 in Houston, Texas, the topless nightclub business was characterized by small establishments generally managed by their owner. Operating policies of these establishments were often lax, the sites were generally dimly lit, standards for performers' personal appearance and personality were not maintained and it was customary for performers to alternate between dancing and waiting tables. The quantity and quality of bar service was low and food was not frequently offered. Music was usually "hard" rock and roll, played at a loud level by a disc jockey. Usually, only cash was accepted. Many businessmen felt uncomfortable in such environments. Recognizing a void in the market for a first-class adult nightclub, we designed Rick's Cabaret to target the more affluent customer by providing a unique quality entertainment environment. The following summarizes our areas of operation that distinguish us:

Female Entertainers. Our policy is to maintain high standards for both personal appearance and personality for the entertainers and waitresses. Of equal importance is a performer's ability to present herself attractively and to talk with

customers. We prefer that performers who work at our clubs be experienced entertainers. We make a determination as to whether a particular applicant is suitable based on such factors of appearance, attitude, dress, communication skills and demeanor. At all clubs, except for our Minnesota location, the entertainers are independent contractors. We do not schedule their work hours.

Management. We often recruit staff from inside the topless industry, as well as from large restaurant and club chains, in the belief that management with experience in the sector adds to our ability to grow and attract quality entertainers. Management with experience is able to train new recruits from outside the industry.

Compliance Policies/Employees. We have a policy of ensuring that our businesses are operated in conformity with local, state and federal laws. In particular, we have a "no tolerance" policy as to illegal drug use in or around the premises. Posters placed throughout the nightclubs reinforce this policy, as do periodic unannounced searches of the entertainers' lockers. Entertainers and waitresses who arrive for work are not allowed to leave the premises without the permission of management. If an entertainer does leave the premises, she is not allowed to return to work until the next day. We continually monitor the behavior of entertainers, waitresses and customers to ensure that proper standards of behavior are observed.

## Table of Contents

**Compliance Policies/Credit Cards.** We review all credit card charges made by our customers. We have in place a formal policy requiring that all credit card charges must be approved, in writing, by management before any charges are accepted. Management is trained to review credit card charges to ensure that the only charges approved for payment are for food, drink and entertainment.

**Food and Drink.** We believe that a key to the success of our branded adult nightclubs is a quality, first-class bar and restaurant operation to compliment our adult entertainment. We employ service managers who recruit and train professional wait staff and ensure that each customer receives prompt and courteous service. We employ chefs with restaurant experience. Our bar managers order inventory and schedule bar staff. We believe that the operation of a first class restaurant is a necessary component to the operation of a premiere adult cabaret, as is the provision of premium wine, liquor and beer in order to ensure that the customer perceives and obtains good value. At most locations, our restaurant operations provide business lunch buffets and full lunch and dinner menu service with hot and cold appetizers, salads, seafood, steak, and lobster. An extensive selection of quality wines is available at most locations.

**Controls.** Operational and accounting controls are essential to the successful operation of a cash intensive nightclub and bar business. At each location, we have designed and implemented internal procedures and controls to ensure the integrity of our operational and accounting records. Wherever practicable, we separate management personnel from all cash handling so that management is isolated from and does not handle any cash. We use a combination of accounting and physical inventory control mechanisms to maintain a high level of integrity in our accounting practices. Information technology plays a significant role in capturing and analyzing a variety of information to provide management with the information necessary to efficiently manage and control each nightclub. Deposits of cash and credit card receipts are reconciled each day to a daily income report. In addition, we review on a daily basis (i) cash and credit card summaries which tie together all cash and credit card transactions occurring at the front door, the bars in the club and the cashier station, (ii) a summary of the daily bartenders' check-out reports, and (iii) a daily cash requirements analysis which reconciles the previous day's cash on hand to the requirements for the next day's operations. These daily computer reports alert local management of any variances from expected financial results based on historical norms. We conduct a monthly overview of our financial condition and operating results.

**Atmosphere.** We maintain a high design standard in our facilities and decor. The furniture and furnishings in the nightclubs create the feeling of an upscale restaurant. The sound system provides quality sound at levels at which conversations can still take place. The environment is carefully monitored for music selection, entertainer and waitress appearance and all aspects of customer service on a continuous basis.

**VIP Room.** In keeping with our emphasis on serving the upper-end of the businessmen's market, some of our nightclubs include a VIP room, which is open to individuals who purchase memberships. A VIP room provides a higher level of service and luxury.

**Advertising and Promotion.** Our consumer marketing strategy is to position our "Rick's Cabaret" brand clubs as premiere entertainment facilities that provide exceptional topless entertainment in a fun, yet discreet, environment. We use a variety of highly targeted methods to reach our customers including hotel publications, local radio, cable television, newspapers, billboards, taxi-cab reader boards, and the Internet, as well as a variety of promotional campaigns. These campaigns ensure that the Rick's Cabaret name is kept before the public.

Rick's Cabaret has received a significant amount of media exposure over the years in national magazines such as Playboy, Penthouse, Glamour Magazine, The Ladies Home Journal, Time Magazine, Time Out New York, and Texas Monthly Magazine. Segments about Rick's have aired on national and local television programs such as "20/20", "Extra" and "Inside Edition", and we have provided entertainers for Pay-Per-View features as well. Business stories about Rick's Cabaret have appeared in Forbes, Newsweek, The Wall Street Journal, The New York Times, The New York Post, Los Angeles Times, Houston Business Journal, and numerous other national and regional publications.

## NIGHTCLUB LOCATIONS

We currently operate clubs under the name "Rick's Cabaret" in Houston, San Antonio and Fort Worth, Texas; Minneapolis, Minnesota; New York, New York; Las Vegas, Nevada and Austin, Texas. We also operate a similar nightclub under the name "Tootsie's Cabaret" in Miami Gardens, Florida. We also operate a total of four nightclubs (one in Houston, one in Dallas, one in Charlotte, North Carolina and one in Philadelphia, Pennsylvania), as "Club Onyx", upscale venues that welcome all customers but cater especially to urban professionals, businessmen and professional athletes. Additionally, we own six nightclubs that operate as "XTC Cabaret" in San Antonio, Austin, Dallas, Fort Worth and two in Houston, Texas, one that operates as "Cabaret East" and one that operates as "Cabaret North" in Fort Worth. We also own one club that operates as "Jaguars" in Austin. We sold our New Orleans, Louisiana nightclub in March 1999, but it continues to use the name "Rick's Cabaret" under a licensing agreement.

1. On November 30, 2007, we entered into a Stock Purchase Agreement for the acquisition of 100% of the issued and outstanding common stock of Stellar Management Corporation, a Florida corporation (the "Stellar Stock") and 100% of the issued and outstanding common stock of Miami Gardens Square One, Inc., a Florida corporation (the "MGSO Stock") which owns and operates an adult entertainment cabaret known as "Tootsie's Cabaret" ("Tootsie's") located at 150 NW 183rd Street, Miami Gardens, Florida 33169 (the "Transaction"). Pursuant to the Stock Purchase Agreement, we acquired the Stellar Stock and the MGSO Stock from Norman Hickmore ("Hickmore") and Richard Stanton ("Stanton") for a total purchase price of \$25 million payable \$15 million in cash and payable \$10 million pursuant to two Secured Promissory Notes in the amount of \$5 million each to Stanton and Hickmore (the "Notes"). The Notes will bear interest at the rate of 14% per annum with the principal payable in one lump sum payment on November 30, 2012, as amended. Interest on the Notes will be payable monthly, in arrears, with the first payment being due thirty days after the closing of the Transaction. We cannot pre-pay the Notes during the first twelve months; thereafter, we may prepay the Notes, in whole or in part, provided that (i) any prepayment by us from December 1, 2008 through November 30, 2009, shall be paid at a rate of 110% of the original principal amount and (ii) any prepayment by us after November 30, 2009, may be prepaid without penalty at a rate of 100% of the original principal amount. The Notes are secured by the Stellar Stock and MGSO Stock under a Pledge and Security Agreement. Additionally, as part of the Transaction, we entered into Assignment to Lease Agreements with the landlord for the property where Tootsie's is located. The underlying Lease Agreements for the property provide for an original lease term through June 30, 2014, with two option periods which give us the right to lease the property through June 30, 2034. The terms and conditions of the transaction were the result of extensive arm's length negotiations between the parties.
2. On March 31, 2008, our wholly owned subsidiary, RCI Entertainment (Philadelphia), Inc. (the "Purchaser") completed the acquisition of 100% of the issued and outstanding shares of common stock (the "TEZ Shares") of The End Zone, Inc., a Pennsylvania corporation (the "Corporation") which owns and operated a nightclub previously known as "Crazy Horse Too Cabaret" (the "Club") located at 2908 South Columbus Blvd., Philadelphia, Pennsylvania 19148 (the "Real Property") from Vincent Piazza (the "Seller"). As part of the transaction, our wholly owned subsidiary, RCI Holdings, Inc. ("RCI Holdings") acquired from the Piazza Family Limited Partnership (the "Partnership Seller") 51% of the issued and outstanding partnership interest (the "Partnership Interests") in TEZ Real Estate, LP, a Pennsylvania limited partnership (the "Partnership") and 51% of the issued and outstanding membership interest (the "Membership Interests") in TEZ Management, LLC, a Pennsylvania limited liability company, which is the general partner of the Partnership (the "General Partner"). The Partnership owns the Real Property where the Club is located. At closing, we paid a purchase price of \$3.5 million in cash for the Partnership Interests and Membership Interests, and issued 195,000 shares of our restricted common stock (the "Rick's Shares") valued at \$23 per share for the TEZ Shares.

As part of the transaction and as amended in April 2009, we entered into a Lock-Up/Leak-Out Agreement with the Seller pursuant to which, on or after one year after the closing date, the Seller shall have the right, but not the obligation, to have Rick's purchase from Seller not more than 3,000 Rick's Shares per month (the "Monthly Shares"), calculated at a price per share equal to \$23.00 ("Value of the Rick's Shares") until March 31, 2010 and at the rate of 5,000 shares per month thereafter until the Seller has received \$4.5 million from the sale of the shares. At our election during any given month, we may either buy the Monthly Shares or, if we elect not to buy the Monthly Shares from the Seller, then the Seller shall sell the Monthly Shares in the open market. Any deficiency between the amount which the Seller receives from the sale of the Monthly Shares and the Value of the Rick's Shares shall be paid by us within three business days of the date of sale of the Monthly Shares during that particular month. Our obligation to purchase the Monthly Shares from the Seller shall terminate and cease at such time as the Seller has received a total of

\$4.5 million from the sale of the Rick's Shares and any deficiency. As of September 30, 2009, the 177,000 shares of restricted common stock were classified on the consolidated balance sheet as temporary equity in accordance with ASC Topic 480, Classification and Measurement of Redeemable Securities. In April 2009, we renegotiated the terms of these put options. Under the new terms, we have extended payback and reduced the number of shares that can be put back to us. No consideration was required by us to renegotiate the terms of the put options.

The maximum increase in the CPI for any five year period shall be 15%.

For accounting purposes, our investment in 2008 is only \$751,000, due to the previous losses of the minority interest which have been expensed. The investment has been assigned to goodwill.

Seller shall notify us during any given month of its election to "Put" the Monthly Shares to us during that particular month. At our election during any given month, we may either buy the Monthly Shares or, if we elect not to buy the Monthly Shares from the Seller, then the Seller shall sell the Monthly Shares in the open market. Any deficiency between the amount which the Seller receives from the sale of the Monthly Shares and the Value of the Shares shall be paid by us within three business days of the date of sale of the Monthly Shares during that particular month. In April 2009, we renegotiated the terms of these and other put options. No consideration was required by us to renegotiate the terms of these put options. Under the new terms, we have extended payback and reduced the number of shares that can be put back to us. In the event the Seller elects not to "Put" the Shares to us, the Seller shall not sell more than 10,000 Shares during any 90-day period in the open market, provided that Seller complies with Rule 144 of the Securities Act of 1933, as amended, in connection with his sale of the Shares. At our election during any given month, we may either buy the Monthly Club Shares or, if we elect not to buy the Monthly Club Shares from the Sellers, then the Sellers shall sell the Monthly Club Shares in the open

- (i) \$12 million payable by wire transfer;
- (ii) \$3 million pursuant to a promissory note ("the Rick's Promissory Note"), executed by and obligating Rick's, bearing interest at eight percent (8%) per annum with a five year amortization, with monthly payments of principal and interest, with the initial monthly payment due in April 2009 with a balloon payment of all then outstanding principal and interest due upon the expiration of two years from the execution of the Rick's Promissory Note; and
- (iii) 200,000 shares of restricted common stock, par value \$0.01 of Rick's (the "Rick's Shares") issued to the Seller.

As part of the transaction and as amended in April 2009, we entered into a Lock-Up/Leak-Out Agreement with the Seller pursuant to which, on or after seven months after the closing date, the Seller shall have the right, but not the obligation, to have Rick's purchase from Seller a total of 150,000 of the Rick's Shares ("Rick's Put Share") in an amount and at a rate of not more than the following number of the Rick's Put Shares per month (the "Monthly Shares") calculated at a price per share equal to \$20.00 per share ("Value of the Rick's Shares"):

- o from April 5, 2009 until May 4, 2009, up to a total of 15,000 shares;
- o from May 5, 2009 until November 5, 2009 at a rate of 3,000 shares per month;
- o from November 5, 2009 until May 4, 2010 at a rate of 4,000 shares per month;
- o from May 5, 2010 until November 4, 2010 at a rate of 5,000 shares per month; and
- o from November 5, 2010 until October 4, 2011 at a rate of 6,000 shares per month.

At our election during any given month, we may either buy the Monthly Shares or, if we elect not to buy the Monthly Shares from the Seller, then the Seller shall sell the Monthly Shares in the open market. Any deficiency between the amount which the Seller receives from the sale of the Monthly Shares and the Value of the Rick's Shares shall be paid by us within three business days of the date of sale of the Monthly Shares during that particular month. Our obligation to purchase the Monthly Shares from the Seller shall terminate and cease at such time as the Seller has received a total of \$3 million from the sale of the Rick's Shares and any deficiency. Under the terms of the Lock-Up/Leak-Out Agreement, Seller may not sell more than 25,000 Rick's Shares per 30-day period, regardless of whether the Seller "Puts" the Rick's Put Shares to Rick's or sells them in the open market or otherwise.

We agreed to pay DeGori cash consideration of \$66,667 for entering into the Non-Competition Agreement. Additionally, at Closing, we also entered into a 12-month Consulting Agreement with DeGori (the "Consulting Agreement") for a total aggregate of \$133,333 in consulting fees payable in 18 equal monthly payments of \$7,407 per month with the first payment due October 15, 2008.

7. On September 30, 2009, the Company's subsidiary, RCI Entertainment (North FW), Inc. (the "Purchaser"), purchased 100% of the outstanding common shares of Cabaret North, Inc., a Texas corporation ("CNI"). CNI owns and operates an adult entertainment cabaret known as "Cabaret North" (the "Club"), located at 5316 Superior Parkway, Fort Worth, Texas 76106. Also, at closing, each of the sellers entered into a five year Non-Competition Agreement, and CNI obtained a consent from its landlord to the sale of the Shares of CNI by the sellers to the purchaser and entered into an addendum to the lease agreement by and between CNI and the landlord of the premises where the Club is located.

RECENT MEDIA ACQUISITIONS

8. On April 15, 2008, our wholly owned subsidiary, RCI Entertainment (Media Holdings), Inc., a Texas corporation ("RCI Media"), acquired 100% of the issued and outstanding common stock (the "ED Stock") of ED Publications, Inc., a Texas corporation ("ED"), 100% of the issued and outstanding common stock (the "TEEZE Stock") of TEEZE International, Inc., a Delaware corporation ("TEEZE") and 100% of the issued and outstanding membership interest (the "Membership Interest") of Adult Store Buyers Magazine, LLC, a Georgia limited liability company.

ED Publications, Inc.

Under the terms of a Purchase Agreement between Don Waitt ("Waitt"), RCI Media and Rick's Cabaret International, Inc. ("Rick's") dated April 15, 2008 (the "ED Purchase Agreement"), we agreed to pay Waitt the following consideration for the purchase of the ED Stock:

- (i) \$300,000 cash at closing;
  - (ii) \$200,000 cash payable in 6 months; and
  - (iii) The issuance of 8,696 shares of restricted common stock valued at \$23.00 per share (the "Closing Shares").
- (See the explanation below of the subsequent renegotiation of these terms).

Additionally, during the three year period following the Closing Date (the "Earn Out Period"), Waitt shall be entitled to earn additional consideration (the "Additional Consideration") of up to \$2 million (the "Maximum Amount") consisting of \$500,000 cash (the "Cash") and 65,217 shares of restricted common stock valued at \$23.00 per share (the "Earn Out Shares"), based upon the earnings before income tax, depreciation and amortization ("EBITDA") of RCI Media. RCI Media will pay the Maximum Amount of the Additional Consideration to the Seller if RCI Media's EBITDA during the three year period following the Closing Date totals an aggregate of \$2.4 million. At the end of each 12 month period after the Closing Date, RCI Media shall determine its EBITDA and shall pay to Waitt any such portion of the Additional Consideration as has been earned. The Closing Shares and Earn Out Shares are collectively referred to as the "Rick's Shares".

Table of Contents

At Closing, Waitt entered into a Lock-Up/Leak-Out Agreement with us pursuant to which on or after one year after the closing date with respect to the Closing Shares, or on or after seven months from the date of issuance with respect to the Earn Out Shares, if any, Waitt shall have the right, but not the obligation to have with respect to the Earn Out Shares, if any, Waitt shall have the right, but not the obligation to have Rick's purchase from Waitt 5,000 Rick's Shares per month (the "Monthly Shares"), calculated at a price per share equal to \$23.00 per share ("Value of the Rick's Shares") until Waitt has received an aggregate of \$1.7 million (i) from the sale of the Rick's Shares sold in the open market or in a private transaction or otherwise, and (ii) the payment of any deficiency (as defined in the ED Purchase Agreement) by Rick's. At our election during any given month, we may either buy the Monthly Shares or, if we elect not to buy the Monthly Shares from Waitt, then Waitt shall sell the Monthly Shares in the open market. Any deficiency between the amount which Waitt receives from the sale of the Monthly Shares and the Value of the Rick's Shares shall be paid by us within three business days of the date of sale of the Monthly Shares during that particular month. Our obligation to purchase the Monthly Shares from Waitt shall terminate and cease at such time as Waitt has received an aggregate total of \$1.7 million from the sale of the Rick's Shares and any deficiency (as defined in the ED Purchase Agreement).

In April 2009, we renegotiated the terms of the purchase agreements with the former owners of ED Publications, Teeze and Adult Store Buyer ("ASB") publications. The new agreement with the former owner of ED Publications provides for the execution of a \$200,000 promissory note payable over two years with interest at 4% per annum in lieu of the issuance of 8,696 shares. We simultaneously purchased 6,522 shares that had been issued in connection with the Teeze transaction by means of a \$150,000 promissory note payable over two years with interest at 4% per annum.

At Closing, Waitt also entered a three year Employment Agreement with RCI Media (the "Employment Agreement") pursuant to which he will serve as President. The Employment Agreement extends through April 15, 2011, and provides for an annual base salary of \$250,000. Pursuant to the Employment Agreement, Mr. Waitt is also eligible to participate in all benefit plans maintained by our salaried employees. Under the terms of the Employment Agreement, Mr. Waitt is bound to a confidentiality provision and cannot compete with us upon the expiration of the Employment Agreement.

**TEEZE/ADULT STORE BUYER**

Under the terms of a Purchase Agreement between John Cornetta ("Cornetta"), Waitt, RCI Media and Rick's dated April 15, 2008 (the "TEEZE/ASB Purchase Agreement"), we agreed to pay the following consideration to Cornetta and Waitt for the purchase of the TEEZE Stock and the Membership Interest:

(i) an aggregate of \$200,000 cash at closing; and

(ii) the issuance of 6,522 shares of restricted common stock to each of Messrs. Waitt and Cornetta, for an aggregate of 13,044 shares of restricted common stock to be valued at \$23.00 per share (the "Rick's TEEZE Shares").

Pursuant to the TEEZE/ASB Purchase Agreement, on or after one year after the closing date, each of Messrs. Waitt and Cornetta shall have the right, but not the obligation to have Rick's purchase the Rick's TEEZE Shares calculated at a price per share equal to \$23.00 per share ("Value of the Rick's TEEZE Shares") until Messrs. Waitt and Cornetta have each received \$150,000 (i) from the sale of the Rick's TEEZE Shares sold by them, regardless of whether sold to Rick's, sold in the open market or in a private transaction or otherwise, and (ii) the payment of any deficiency (as defined in the TEEZE/ASB Purchase Agreement) by Rick's. At our election during any given month, we may either buy the Rick's TEEZE Shares or, if we elect not to buy the Rick's TEEZE Shares, then Cornetta and/or Waitt shall sell the Rick's TEEZE Shares in the open market. Any deficiency between the amount which Cornetta or Waitt receives from the sale of the Rick's TEEZE Shares and the Value of the Rick's TEEZE Shares shall be paid by us within three business days of the date of sale of the Rick's TEEZE Shares during that particular month. Our obligation to purchase

the Rick's TEEZE Shares shall terminate and cease at such time as Waitt and Cornetta have each received \$150,000 from the sale of the Rick's TEEZE Shares and any deficiency.

At Closing, Cornetta entered a five year Non-Competition Agreement with us pursuant to which he agreed not to compete with us either directly or indirectly with TEEZE, ASB, RCI Media, Rick's or any of their affiliates by publishing any sexually oriented industry trade print publications, with the exception of a publication known as "Xcitement" which is currently owned and operated by Cornetta.

**BUSINESS ACTIVITIES--INTERNET ADULT ENTERTAINMENT WEB SITES**

In 1999, we began adult Internet website operations. Our xxxPassword.com website features adult content licensed through Voice Media, Inc. We added CouplesTouch.com in 2002 as a dating site catering to those in the swinging lifestyle. In 2005 we purchased CouplesClick.net, a competing site of our CouplesTouch.com site, in order to broaden our membership throughout the United States. As part of this transaction, we organized RCI Dating Services, Inc., which operates as an addition to our internet operations, to acquire CouplesClick.net from ClickMatch, LLC. We transferred our ownership in CouplesTouch.com to RCI Dating and, as a result of the transaction, we obtained an 85% interest in RCI Dating, with the remaining 15% owned by ClickMatch.

Our Internet traffic is generated through the purchase of traffic from third-party adult sites or Internet domain owners and the purchase of banner advertisements or "key word" searches from Internet search engines. In addition, the bulk of our traffic now comes from search engines on which we don't pay for preferential listings. There are numerous adult entertainment sites on the Internet that compete with our sites.

**BUSINESS ACTIVITIES--INTERNET ADULT AUCTION WEB SITES**

Our adult auction site features erotica and other adult materials that are purchased in a bid-ask method. We charge the seller a fee for each successful auction. Where previously we operated six individual auctions sites, now we have

combined these into one main site, NaughtyBids.com, to maximize our brand name recognition of this site. The site contains new and used adult oriented consumer initiated auctions for items such as adult videos, apparel, photo sets and adult paraphernalia. NaughtyBids.com has approximately 10,000 items for sale at any given time. NaughtyBids.com offers third party webmasters an opportunity to create residual income from web surfers through the NaughtyBids Affiliate Program, which pays third party webmasters a percentage of every closing auction sale in which the buyer originally came from the affiliate webmaster's site. There are numerous auction sites on the Internet that offer adult products and erotica.

#### BUSINESS ACTIVITIES – MEDIA GROUP

Our Media Group is the leading trade magazine serving the multi-billion dollar adult nightclubs industry. It also owns two industry trade shows, two other industry trade publications and more than 25 industry websites. Founded in 1991, Exotic Dancer is the only national business magazine serving the 3,800 adult nightclubs in North America, which have annual revenues in excess of \$2 billion, according to AVN Media Network. ED Publications currently publishes the Annual VIP Guide of adult nightclubs, touring entertainers and industry vendors, and Club Bulletin, a bimonthly news magazine for the owners and operators of adult nightclubs. ED Publications also produces the annual Gentlemen's Club Owners Expo, the only national convention for the adult nightclub and feature entertainment industries, and offers the exclusive ED VIP Club Card honored at more than 850 adult nightclubs.

## Table of Contents

### COMPETITION

The adult topless club entertainment business is highly competitive with respect to price, service and location. All of our nightclubs compete with a number of locally owned adult clubs, some of whose names may have name recognition that equals that of ours. While there may be restrictions on the location of a so-called "sexually oriented business", there are low barriers to entry into the adult cabaret entertainment market. The names "Rick's" and "Rick's Cabaret", "Tootsie's Cabaret", "XTC Cabaret" and "Club Onyx" are proprietary. We believe that the combination of our existing brand name recognition and the distinctive entertainment environment that we have created will allow us to compete effectively in the industry and within the cities where we operate. The sexually oriented business industry is highly competitive with respect to price, service and location, as well as the professionalism of the entertainers. Although we believe that we are well positioned to compete successfully, there can be no assurance that we will be able to maintain our high level of name recognition and prestige within the marketplace.

### GOVERNMENTAL REGULATIONS

We are subject to various federal, state and local laws affecting our business activities. In particular, in Texas the authority to issue a permit to sell alcoholic beverages is governed by the Texas Alcoholic Beverage Commission ("TABC"), which has the authority, in its discretion, to issue the appropriate permits. We presently hold a Mixed Beverage Permit and a Late Hour Permit at numerous Texas locations. Previously subject to annual renewal, the TABC recently changed to a renewal every two years, provided we have complied with all rules and regulations governing the permits. Renewal of a permit is subject to protest, which may be made by a law enforcement agency or by the public. In the event of a protest, the TABC may hold a hearing at which time the views of interested parties are expressed. The TABC has the authority after such hearing not to issue a renewal of the protested alcoholic beverage permit. Rick's has never been the subject of a protest hearing against the renewal of Permits. Minnesota, North Carolina, Nevada, Pennsylvania, Florida, and New York have similar laws that may limit the availability of a permit to sell alcoholic beverages or that may provide for suspension or revocation of a permit to sell alcoholic beverages in certain circumstances. It is our policy, prior to expanding into any new market, to take steps to ensure compliance with all licensing and regulatory requirements for the sale of alcoholic beverages as well as the sale of food.

In addition to various regulatory requirements affecting the sale of alcoholic beverages, in many cities where we operate, the location of a topless cabaret is subject to restriction by city ordinance. For example, topless nightclubs in Houston, Texas are subject to "The Sexually Oriented Business Ordinance", which contains prohibitions on the location of an adult cabaret (see "Legal Proceedings" herein). The prohibitions deal generally with distance from schools, churches, and other sexually oriented businesses and contain restrictions based on the percentage of residences within the immediate vicinity of the sexually oriented business. The granting of a Sexually Oriented Business Permit is not subject to discretion; the Business Permit must be granted if the proposed operation satisfies the requirements of the Ordinance. In all states where we operate, management believes we are in compliance with applicable city, county, state or other local laws governing the sale of alcohol and sexually oriented businesses.

### TRADEMARKS

Our rights to the tradenames "Rick's", "Rick's Cabaret", "Tootsie's Cabaret", "Club Onyx" and "XTC Cabaret" are established under common law, based upon our substantial and continuous use of these tradenames in interstate commerce since at least as early as 1987. We have registered our service mark, "RICK'S AND STARS DESIGN", with the United States Patent and Trademark Office. We have also obtained service mark registrations from the Patent and Trademark Office for the "RICK'S CABARET", "CLUB ONYX", "XTC CABARET" and "EXOTIC DANCER" service marks. We also own the rights to numerous tradenames associated with our media division. There can be no assurance that the steps we have taken to protect our service marks will be adequate to deter misappropriation.

## EMPLOYEES AND INDEPENDENT CONTRACTORS

As of September 30, 2010, we had approximately 1,200 employees, of which approximately 120 are in management positions, including corporate and administrative and Internet operations and approximately 1,080 of which are engaged in entertainment, food and beverage service, including bartenders, waitresses, and entertainers. None of our employees are represented by a union. We consider our employee relations to be good. Additionally, as of September 30, 2010, we had independent contractor relationships with approximately 3,000 entertainers, who are self-employed and conduct business at our locations on a non-exclusive basis as independent contractors. Our entertainers in Minneapolis, Minnesota act as commissioned employees. We believe that the adult entertainment industry standard of treating entertainers as independent contractors provides us with safe harbor protection to preclude payroll tax assessment for prior years. We have prepared plans that we believe will protect our profitability in the event that the sexually oriented business industry is required in all states to convert entertainers who are now independent contractors into employees.

## SHARE REPURCHASES

On September 29, 2008, our Board of Directors authorized us to repurchase up to \$5 million worth of our common stock. During the fiscal year ending September 30, 2008, no shares were purchased under this program. During the fiscal year ended September 30, 2010, we purchased 57,450 shares of common stock in the open market at prices ranging from \$5.98 to \$6.41 and during the fiscal year ended September 30, 2009, we purchased 201,219 shares of common stock in the open market at prices ranging from \$2.64 to \$6.20. Under the Board's authority, we have \$3.8 million remaining to purchase additional shares.

**Our Business Operations are Subject to Regulatory Uncertainties Which May Affect Our Ability to Continue Operations of Existing Nightclubs, Acquire Additional Nightclubs or Be Profitable**

Adult entertainment nightclubs are subject to local, state and federal regulations. Our business is regulated by local zoning, local and state liquor licensing, local ordinances and state and federal time place and manner restrictions. The adult entertainment provided by our nightclubs has elements of speech and expression and, therefore, enjoys some protection under the First Amendment to the United States Constitution. However, the protection is limited to the expression, and not the conduct of an entertainer. While our nightclubs are generally well established in their respective markets, there can be no assurance that local, state and/or federal licensing and other regulations will permit our nightclubs to remain in operation or profitable in the future.

Beginning January 1, 2008, the Company's Texas clubs became subject to a new state law requiring each club to collect and pay a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association ("TEA"), an organization to which we are a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge's order enjoined the State from collecting or assessing the tax. The State appealed the Court's ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State has opted to collect the tax pending the outcome of its appeal. On June 5, 2009, the Court of Appeals for the Third District (Austin) affirmed the District Court's judgment that the Sexually Oriented Business ("S.O.B.") Fee violated the First Amendment to the U.S. Constitution. The Attorney General of Texas has asked the Texas Supreme Court to review the case. On August 26, 2009, the Texas Supreme Court ordered both sides to submit briefs on the merits, while not yet deciding whether to grant the State's Petition for review. The State's brief was filed on September 25, 2009 and the Texas Entertainment Association's brief was filed on October 15, 2009. On February 12, 2010, the Supreme Court of Texas granted review of the Petition by the Attorney General of Texas. Oral argument of the matter was heard on March 25, 2010. We are awaiting a ruling from the Texas Supreme Court.

The Company has paid the tax for the first five calendar quarters under protest and expensed the tax in the accompanying consolidated financial statements, except for two locations in Dallas where the taxes have not been paid, but the Company is accruing and expensing the liability. For the subsequent quarters, as a result of the Third Court's decision, the Company accrued the fee, but did not pay the State. As of September 30, 2010, the Company has approximately \$4 million in accrued liabilities for this tax. The Company has paid more than \$2 million to the State of Texas since the inception of the tax. The Company's Texas clubs have filed a separate lawsuit against the State to demand repayment of the taxes. If the State's appeal ultimately fails, the Company's current amount paid under protest would be repaid or applied to future admission tax and other Texas state tax liabilities.

**Our Business has been, and may Continue to be, Adversely Affected by Conditions in the U.S. Financial Markets and Economic Conditions Generally**

Our nightclubs are often acquired with a purchase price based on historical EBITDA. This results in certain nightclubs carrying a substantial amount of intangible value, mostly allocated to licenses and goodwill. Generally accepted accounting principles require an annual impairment review of these indefinite lived assets. If difficult market and economic conditions continue over the next year and/or we experience a decrease in revenue at one or more nightclubs, we could incur a decline in fair value of one or more of our nightclubs. This could result in future impairment charges of up to the total value of the indefinite lived intangible assets.

#### We May Need Additional Financing or Our Business Expansion Plans May Be Significantly Limited

If cash generated from our operations is insufficient to satisfy our working capital and capital expenditure requirements, we will need to raise additional funds through the public or private sale of our equity or debt securities. The timing and amount of our capital requirements will depend on a number of factors, including cash flow and cash requirements for nightclub acquisitions. If additional funds are raised through the issuance of equity or convertible debt securities, the percentage ownership of our then-existing shareholders will be reduced. We cannot assure you that additional financing will be available on terms favorable to us, if at all. Any future equity financing, if available, may result in dilution to existing shareholders, and debt financing, if available, may include restrictive covenants. Any failure by us to procure timely additional financing will have material adverse consequences on our business operations.

## Table of Contents

### There is Substantial Competition in the Nightclub Entertainment Industry, Which May Affect Our Ability to Operate Profitably or Acquire Additional Clubs

Our nightclubs face competition. Some of these competitors may have greater financial and management resources than we do. Additionally, the industry is subject to unpredictable competitive trends and competition for general entertainment dollars. There can be no assurance that we will be able to remain profitable in this competitive industry.

### Risk of Adult Nightclubs Operations

Historically, the adult entertainment, restaurant and bar industry has been an extremely volatile industry. The industry tends to be extremely sensitive to the general local economy, in that when economic conditions are prosperous, entertainment industry revenues increase, and when economic conditions are unfavorable, entertainment industry revenues decline. Coupled with this economic sensitivity are the trendy personal preferences of the customers who frequent adult cabarets. We continuously monitor trends in our customers' tastes and entertainment preferences so that, if necessary, we can make appropriate changes which will allow us to remain one of the premiere adult cabarets. However, any significant decline in general corporate conditions or uncertainties regarding future economic prospects that affect consumer spending could have a material adverse effect on our business. In addition, we have historically catered to a clientele base from the upper end of the market. Accordingly, further reductions in the amounts of entertainment expenses allowed as deductions from income under the Internal Revenue Code of 1954, as amended, could adversely affect sales to customers dependent upon corporate expense accounts.

### Permits Relating to the Sale of Alcohol

We derive a significant portion of our revenues from the sale of alcoholic beverages. States in which we operate may have laws which may limit the availability of a permit to sell alcoholic beverages or which may provide for suspension or revocation of a permit to sell alcoholic beverages in certain circumstances. The temporary or permanent suspension or revocations of any such permits would have a material adverse effect on the revenues, financial condition and results of operations of the Company. In all states where we operate, management believes we are in compliance with applicable city, county, state or other local laws governing the sale of alcohol.

### Activities or Conduct at our Nightclubs may Cause us to Lose Necessary Business Licenses, Expose us to Liability, or Result in Adverse Publicity, Which may Increase our Costs and Divert Management's Attention from our Business

We are subject to risks associated with activities or conduct at our nightclubs that are illegal or violate the terms of necessary business licenses. Our nightclubs operate under licenses for sexually oriented businesses and some protection under the First Amendment to the U.S. Constitution. While we believe that the activities at our nightclubs comply with the terms of such licenses, and that the element of our business that constitutes an expression of free speech under the First Amendment to the U.S. Constitution is protected, activities and conduct at our nightclubs may be found to violate the terms of such licenses or be unprotected under the U.S. Constitution. This protection is limited to the expression and not the conduct of an entertainer. An issuing authority may suspend or terminate a license for a nightclub found to have violated the license terms. Illegal activities or conduct at any of our nightclubs may result in negative publicity or litigation. Such consequences may increase our cost of doing business, divert management's attention from our business and make an investment in our securities unattractive to current and potential investors, thereby lowering our profitability and our stock price.

We have developed comprehensive policies aimed at ensuring that the operation of each nightclub is conducted in conformance with local, state and federal laws. We have a "no tolerance" policy on illegal drug use in or around the facilities. We continually monitor the actions of entertainers, waitresses and customers to ensure that proper behavior standards are met. However, such policies, no matter how well designed and enforced, can provide only reasonable,

not absolute, assurance that the policies' objectives are being achieved. Because of the inherent limitations in all control systems and policies, there can be no assurance that our policies will prevent deliberate acts by persons attempting to violate or circumvent them. Notwithstanding the foregoing limitations, management believes that our policies are reasonably effective in achieving their purposes.

#### Our Acquisitions may Result in Disruptions in our Business and Diversion of Management's Attention

We have made and may continue to make acquisitions of complementary nightclubs, restaurants or related operations. Any acquisitions will require the integration of the operations, products and personnel of the acquired businesses and the training and motivation of these individuals. Such acquisitions may disrupt our operations and divert management's attention from day-to-day operations, which could impair our relationships with current employees, customers and partners. We may also incur debt or issue equity securities to pay for any future acquisitions. These issuances could be substantially dilutive to our stockholders. In addition, our profitability may suffer because of acquisition-related costs or amortization, or impairment costs for acquired goodwill and other intangible assets. If management is unable to fully integrate acquired business, products or persons with existing operations, we may not receive the benefits of the acquisitions, and our revenues and stock trading price may decrease.

### We Must Continue to Meet NASDAQ Global Market Continued Listing Requirements or We Risk Delisting

Our securities are currently listed for trading on the NASDAQ Global Market. We must continue to satisfy NASDAQ's continued listing requirements or risk delisting which would have an adverse effect on our business. If our securities are ever de-listed from NASDAQ, they may trade on the over-the-counter market, which may be a less liquid market. In such case, our shareholders' ability to trade or obtain quotations of the market value of shares of our common stock would be severely limited because of lower trading volumes and transaction delays. These factors could contribute to lower prices and larger spreads in the bid and ask prices for our securities. There is no assurance that we will be able to maintain compliance with the NASDAQ continued listing requirements.

### In The Future, We Will Incur Significant Increased Costs as a Result of Operating as a Public Company, and Our Management Will Be Required to Devote Substantial Time to New Compliance Initiatives

In the future, we will incur significant legal, accounting and other expenses. The Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), as well as new rules subsequently implemented by the SEC, have imposed various new requirements on public companies, including requiring changes in corporate governance practices. Our management and other personnel will need to devote a substantial amount of time to these new compliance initiatives. Moreover, these rules and regulations will increase our legal and financial compliance costs and will make some activities more time-consuming and costly. For example, we expect these new rules and regulations to make it more difficult and more expensive for us to obtain director and officer liability insurance, and we may be required to incur substantial costs to maintain the same or similar coverage.

In addition, the Sarbanes-Oxley Act requires, among other things, that we maintain effective internal controls for financial reporting and disclosure controls and procedures. In particular, commencing in fiscal 2008, we have been required to perform system and process evaluation and testing on the effectiveness of our internal controls over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act. Then, beginning in fiscal 2010, our independent registered public accounting firm has reported on the effectiveness of our internal controls over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act. In the future, our testing, or the subsequent testing by our independent registered public accounting firm, may reveal deficiencies in our internal controls over financial reporting that are deemed to be material weaknesses. Our compliance with Section 404 will require that we incur substantial accounting expense and expend significant management efforts. Moreover, if we are not able to comply with the requirements of Section 404 in a timely manner, or if we or our independent registered public accounting firm identifies deficiencies in our internal controls over financial reporting that are deemed to be material weaknesses, the market price of our stock could decline, and we could be subject to sanctions or investigations by the SEC or other regulatory authorities, which would require additional financial and management resources.

### Uninsured Risks

We maintain insurance in amounts we consider adequate for personal injury and property damage to which the business of the Company may be subject. However, there can be no assurance that uninsured liabilities in excess of the coverage provided by insurance, which liabilities may be imposed pursuant to the Texas "Dram Shop" statute or similar "Dram Shop" statutes or common law theories of liability in other states where we operate or expand. For example, the Texas "Dram Shop" statute provides a person injured by an intoxicated person the right to recover damages from an establishment that wrongfully served alcoholic beverages to such person if it was apparent to the server that the individual being sold, served or provided with an alcoholic beverage was obviously intoxicated to the extent that he presented a clear danger to himself and others. An employer is not liable for the actions of its employee who over-serves if (i) the employer requires its employees to attend a seller training program approved by the TABC; (ii) the employee has actually attended such a training program; and (iii) the employer has not directly or indirectly encouraged the employee to violate the law. It is our policy to require that all servers of alcohol working at our clubs

in Texas be certified as servers under a training program approved by the TABC, which certification gives statutory immunity to the sellers of alcohol from damage caused to third parties by those who have consumed alcoholic beverages at such establishment pursuant to the Texas Alcoholic Beverage Code. There can be no assurance, however, that uninsured liabilities may not arise in the markets in which we operate which could have a material adverse effect on the Company.

#### Limitations on Protection of Service Marks

Our rights to the tradenames "Rick's", "Rick's Cabaret", "Tootsie's Cabaret", "Club Onyx", and "XTC Cabaret" are established under the common law based upon our substantial and continuous use of these tradenames in interstate commerce since at least as early as 1987. "RICK'S AND STARS DESIGN" logo, "RICK'S CABARET", "CLUB ONYX", "XTC CABARET" and "EXOTIC DANCER" are registered through service mark registrations issued by the United States Patent and Trademark Office. We also own the rights to numerous tradenames associated with our media division. There can be no assurance that these steps taken by the Company to protect its Service Marks will be adequate to deter misappropriation of its protected intellectual property rights. Litigation may be necessary in the future to protect our rights from infringement, which may be costly and time consuming. The loss of the intellectual property rights owned or claimed by us could have a material adverse affect on our business.

#### Anti-takeover Effects of Issuance of Preferred Stock

The Board of Directors has the authority to issue up to 1,000,000 shares of Preferred Stock in one or more series, to fix the number of shares constituting any such series, and to fix the rights and preferences of the shares constituting any series, without any further vote or action by the stockholders. The issuance of Preferred Stock by the Board of Directors could adversely affect the rights of the holders of Common Stock. For example, such issuance could result in a class of securities outstanding that would have preferences with respect to voting rights and dividends and in liquidation over the Common Stock, and could (upon conversion or otherwise) enjoy all of the rights appurtenant to Common Stock. The Board's authority to issue Preferred Stock could discourage potential takeover attempts and could delay or prevent a change in control of the Company through merger, tender offer, proxy contest or otherwise by making such attempts more difficult to achieve or more costly. There are no issued and outstanding shares of Preferred Stock; there are no agreements or understandings for the issuance of Preferred Stock, and the Board of Directors has no present intention to issue Preferred Stock.

We Do Not Anticipate Paying Dividends on Common Shares in the Foreseeable Future

Since our inception we have not paid any dividends on our common stock and we do not anticipate paying any dividends in the foreseeable future. We expect that future earnings, if any, will be used for working capital and to finance growth.

Future Sales of Our Common Stock May Depress Our Stock Price

The market price of our common stock could decline as a result of sales of substantial amounts of our common stock in the public market, or as a result of the perception that these sales could occur. In addition, these factors could make it more difficult for us to raise funds through future offerings of common stock.

Our Stock Price Has Been Volatile and May Fluctuate in the Future

The trading price of our securities may fluctuate significantly. This price may be influenced by many factors, including:

our performance and prospects;  
the depth and liquidity of the market for our securities;  
sales by selling shareholders of shares issued or issuable in connection with certain convertible notes;  
investor perception of us and the industry in which we operate;  
changes in earnings estimates or buy/sell recommendations by analysts;  
general financial and other market conditions; and  
domestic economic conditions.

Public stock markets have experienced, and may experience, extreme price and trading volume volatility. These broad market fluctuations may adversely affect the market price of our securities.

Our Management Controls a Significant Percentage of Our Current Outstanding Common Stock and Their Interests May Conflict With Those of Our Shareholders

As of December 3, 2010, our Directors and executive officers and their respective affiliates collectively and beneficially owned approximately 15.7% of our outstanding common stock, including all warrants exercisable within 60 days. This concentration of voting control gives our Directors and executive officers and their respective affiliates substantial influence over any matters which require a shareholder vote, including, without limitation, the election of Directors, even if their interests may conflict with those of other shareholders. It could also have the effect of delaying or preventing a change in control of or otherwise discouraging a potential acquirer from attempting to obtain control of us. This could have a material adverse effect on the market price of our common stock or prevent our shareholders from realizing a premium over the then prevailing market prices for their shares of common stock.

We are Dependent on Key Personnel

Our future success is dependent, in a large part, on retaining the services of Mr. Eric Langan, our President and Chief Executive Officer. Mr. Langan possesses a unique and comprehensive knowledge of our industry. While Mr. Langan has no present plans to leave or retire in the near future, his loss could have a negative effect on our operating, marketing and financial performance if we are unable to find an adequate replacement with similar knowledge and experience within our industry. We maintain key-man life insurance with respect to Mr. Langan. Although Mr. Langan is under an employment agreement (as described herein), there can be no assurance that Mr. Langan will continue to be employed by us. The loss of Mr. Langan could have a negative effect on our operating, marketing, and

financing performance.

Cumulative Voting is Not Available to Stockholders

Cumulative voting in the election of Directors is expressly denied in our Articles of Incorporation. Accordingly, the holder or holders of a majority of the outstanding shares of our common stock may elect all of our Directors. Management's large percentage ownership of our outstanding common stock helps enable them to maintain their positions as such and thus control of our business and affairs.

Our Directors and Officers Have Limited Liability and Have Rights to Indemnification

Our Articles of Incorporation and Bylaws provide, as permitted by governing Texas law, that our Directors and officers shall not be personally liable to us or any of our stockholders for monetary damages for breach of fiduciary duty as a Director or officer, with certain exceptions. The Articles further provide that we will indemnify our Directors and officers against expenses and liabilities they incur to defend, settle, or satisfy any civil litigation or criminal action brought against them on account of their being or having been its Directors or officers unless, in such action, they are adjudged to have acted with gross negligence or willful misconduct.

The inclusion of these provisions in the Articles may have the effect of reducing the likelihood of derivative litigation against Directors and officers, and may discourage or deter stockholders or management from bringing a lawsuit against Directors and officers for breach of their duty of care, even though such an action, if successful, might otherwise have benefited us and our stockholders.

The Articles provide for the indemnification of our officers and Directors, and the advancement to them of expenses in connection with any proceedings and claims, to the fullest extent permitted by Texas law. The Articles include related provisions meant to facilitate the indemnitee's receipt of such benefits. These provisions cover, among other things: (i) specification of the method of determining entitlement to indemnification and the selection of independent counsel that will in some cases make such determination, (ii) specification of certain time periods by which certain payments or determinations must be made and actions must be taken, and (iii) the establishment of certain presumptions in favor of an indemnitee.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, we have been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Other Risk Factors May Adversely Affect Our Financial Performance

Other risk factors that could cause our actual results to differ materially from those indicated in the forward-looking statements by affecting, among many things, pricing, consumer spending and consumer confidence, include, without limitation, changes in economic conditions and financial and credit markets, credit availability, increased fuel costs and availability for our employees, customers and suppliers, health epidemics or pandemics or the prospects of these events (such as reports on avian flu), consumer perceptions of food safety, changes in consumer tastes and behaviors, governmental monetary policies, changes in demographic trends, terrorist acts, energy shortages and rolling blackouts, and weather (including, major hurricanes and regional snow storms) and other acts of God.

The monthly rent is \$18,500 until February 2013, at which time the rent will escalate to \$20,000 until February 2017.
4. We lease the property in South Houston, Texas, where our XTC South is located. The lease term is for 79 months, beginning May 1, 2006, and terminates in December 2022. The monthly rent is \$3,000 until December 2012, then \$3,500 until December 2014 then \$4,000 until December 2019 and \$4,500 for the remaining three years of the lease.
5. We lease the property in Miami Gardens, Florida, where Tootsie's Cabaret is located with monthly rent of \$74,503. Under the Assignment of Lease, the original lease term continues through June 30, 2014, with two option periods which give us the right to lease the property through June 30, 2034.
6. We lease the property in Las Vegas, Nevada, where our new Rick's Cabaret Las Vegas club is located with monthly rent of \$100,000. The original lease term has been modified and continues through January 1, 2013 with an option period beginning on that date through January 1, 2018 at \$180,000 per month. We also have an option to acquire the property through January 1, 2018 for \$23 million.
7. We acquired a club in Fort Worth, Texas on September 30, 2009. The property is leased from a third party for \$30,000 per month until 2018. We also received an option to purchase the five-acre property on which the club sits within 19 months for approximately \$2.4 million. This property is currently operated as Cabaret North.
8. We acquired another club in Fort Worth, Texas on June 1, 2010. The property is leased from a third party for \$22,000 per month until 2015. We also received an option to purchase the property on which the club sits within 120 months for approximately \$4.5 million, escalating to \$5.2 million by the end of the term. This property is currently operated as XTC Cabaret.
- 9.

We acquired another club in Fort Worth, Texas on July 16, 2010. We acquired the building in the purchase. The land is leased from a third party for \$20,000 per month until 2015 with four five-year options thereafter. We also received an option to purchase the land at any time after the 12th anniversary of the lease for fair market value, but in no event less than \$3 million. This property is currently operated as Cabaret East.

Item 3. Legal Proceedings.

Beginning January 1, 2008, the Company's Texas clubs became subject to a new state law requiring each club to collect and pay a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association ("TEA"), an organization to which we are a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge's order enjoined the State from collecting or assessing the tax. The State appealed the Court's ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State has opted to collect the tax pending the outcome of its appeal. On June 5, 2009, the Court of Appeals for the Third District (Austin) affirmed the District Court's judgment that the Sexually Oriented Business ("S.O.B.") Fee violated the First Amendment to the U.S. Constitution. The Attorney General of Texas has asked the Texas Supreme Court to review the case. On August 26, 2009, the Texas Supreme Court ordered both sides to submit briefs on the merits, while not yet deciding whether to grant the State's Petition for review. The State's brief was filed on September 25, 2009 and the Texas Entertainment Association's brief was filed on October 15, 2009. On February 12, 2010, the Supreme Court of Texas granted review of the Petition by the Attorney General of Texas. Oral argument of the matter was heard on March 25, 2010. We are awaiting a ruling from the Texas Supreme Court.

Table of Contents

The Company has paid the tax for the first five calendar quarters under protest and expensed the tax in the accompanying consolidated financial statements, except for two locations in Dallas where the taxes have not been paid, but the Company is accruing and expensing the liability. For the subsequent quarters, as a result of the Third Court's decision, the Company accrued the fee, but did not pay the State. As of September 30, 2010, the Company has approximately \$4 million in accrued liabilities for this tax. The Company has paid more than \$2 million to the State of Texas since the inception of the tax. The Company's Texas clubs have filed a separate lawsuit against the State to demand repayment of the taxes. If the State's appeal ultimately fails, the Company's current amount paid under protest would be repaid or applied to future admission tax and other Texas state tax liabilities.

EMPLOYEE STOCK OPTION PLANS

While we have been successful in attracting and retaining qualified personnel, we believe that our future success will depend in part on our continued ability to attract and retain highly qualified personnel. We pay wages and salaries that we believe are competitive. We also believe that equity ownership is an important factor in our ability to attract and retain skilled personnel. We have adopted stock option plans (the "Plans") for employees and directors. The purpose of the Plans is to further our interests, our subsidiaries and our stockholders by providing incentives in the form of stock options to key employees and directors who contribute materially to our success and profitability. The grants recognize and reward outstanding individual performances and contributions and will give such persons a proprietary interest in us, thus enhancing their personal interest in our continued success and progress. The Plans also assist us and our subsidiaries in attracting and retaining key employees and directors. The Plans are administered by the Board of Directors. The Board of Directors has the exclusive power to select the participants in the Plans, to establish the terms of the options granted to each participant, provided that all options granted shall be granted at an exercise price equal to at least 85% of the fair market value of the common stock covered by the option on the grant date and to make all determinations necessary or advisable under the Plans.

In August 1999, we adopted the 1999 Stock Option Plan (the "1999 Plan") with 500,000 shares authorized to be granted and sold under the 1999 Plan. In August 2004, shareholders approved an Amendment to the 1999 Plan (the "Amendment") which increased the total number of shares authorized to 1 million. In July 2007, shareholders approved an Amendment to the 1999 Plan (the "Amendment"), which increased the total number of shares authorized to 1.5 million. The 1999 Plan was terminated by law in July 2009. Our Board of Directors approved the 2010 Stock Option Plan on September 30, 2010. The 2010 Plan will be submitted to the shareholders of the Company for adoption at the 2011 Annual Meeting of Shareholders. As of September 30, 2010, there are 565,000 stock options outstanding.

#### Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion should be read in conjunction with our audited consolidated financial statements and the related notes to the financial statements included in this Form 10-K.

#### FORWARD LOOKING STATEMENT AND INFORMATION

We are including the following cautionary statement in this Form 10-K to make applicable and take advantage of the safe harbor provision of the Private Securities Litigation Reform Act of 1995 for any forward-looking statements made by us or on behalf of us. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements, which are other than statements of historical facts. Certain statements in this Form 10-K are forward-looking statements. Words such as "expects," "believes," "anticipates," "may," and "estimates" and similar expressions are intended to identify forward-looking statements. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those projected. Such risks and uncertainties are set forth below. Our expectations, beliefs and projections are expressed in good faith and we believe that they have a reasonable basis, including without limitation, our examination of historical operating trends, data contained in our records and other data available from third parties. There can be no assurance that our expectations, beliefs or projections will result, be achieved, or be accomplished. In addition to other factors and matters discussed elsewhere in this Form 10-K, the following are important factors that in our view could cause material adverse affects on our financial condition and results of operations: the risks and uncertainties related to our future operational and financial results, the risks and uncertainties relating to our Internet operations, competitive factors, the timing of the openings of other clubs, the availability of acceptable financing to fund corporate expansion efforts, our dependence on key personnel, the ability to manage operations and the future operational strength of management, and the laws governing the operation of adult entertainment businesses. We have no obligation to update or revise these forward-looking statements to reflect the occurrence of future events or circumstances.

#### GENERAL INFORMATION

We operate in three businesses in the adult entertainment industry:

1. We own and/or operate upscale adult nightclubs serving primarily businessmen and professionals. Our nightclubs offer live adult entertainment, restaurant and bar operations. Through our subsidiaries, we currently own and/or operate a total of twenty-one adult nightclubs that offer live adult entertainment, restaurant and bar operations.

Seven of our clubs operate under the name "Rick's Cabaret"; four operate under the name "Club Onyx", upscale venues that welcome all customers but cater especially to urban professionals, businessmen and professional athletes; six operate under the name "XTC Cabaret"; one club operates as "Tootsie's Cabaret", one operates as "Cabaret North", one operates as "Jaguars" and one operates as "Cabaret East". Additionally, we are awaiting licensing to open another Rick's Cabaret near DFW International Airport. Our nightclubs are in Houston, Austin, San Antonio, Dallas and Fort Worth, Texas; Charlotte, North Carolina; Minneapolis, Minnesota; New York, New York; Miami Gardens, Florida; Philadelphia, Pennsylvania and Las Vegas, Nevada. No sexual contact is permitted at any of our locations.

2. We have extensive Internet activities.
  - a) We currently own two adult Internet membership Web sites at [www.CoupleTouch.com](http://www.CoupleTouch.com) and [www.xxxpassword.com](http://www.xxxpassword.com). We acquire xxxpassword.com site content from wholesalers.
  - b) We operate an online auction site [www.NaughtyBids.com](http://www.NaughtyBids.com). This site provides our customers with the opportunity to purchase adult products and services in an auction format. We earn revenues by charging fees for each transaction conducted on the automated site.

## Table of Contents

3. In April 2008, we acquired a media division, including the leading trade magazine serving the multi-billion dollar adult nightclubs industry. As part of the transaction we also acquired two industry trade shows, two other industry trade publications and more than 25 industry websites.

Our nightclub revenues are derived from the sale of liquor, beer, wine, food, merchandise, cover charges, membership fees, independent contractors' fees, commissions from vending and ATM machines, valet parking and other products and services. Our Internet revenues are derived from subscriptions to adult content Internet websites, traffic/referral revenues, and commissions earned on the sale of products and services through Internet auction sites, and other activities. Media revenues include sale of advertising content and revenues from an annual Expo convention. Our fiscal year end is September 30.

For several years, we have greatly reduced our usage of promotional pricing for membership fees for our adult entertainment web sites. This reduced our revenues from these web sites.

## CRITICAL ACCOUNTING POLICIES

Management's discussion and analysis of financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with United States generally accepted accounting principles ("GAAP"). GAAP consists of a set of standards issued by the FASB and other authoritative bodies in the form of FASB Statements, Interpretations, FASB Staff Positions, Emerging Issues Task Force consensuses and American Institute of Certified Public Accountants Statements of Position, among others. The FASB recognized the complexity of its standard-setting process and embarked on a revised process in 2004 that culminated in the release on July 1, 2009 of the Accounting Standards Codification ("ASC"). The ASC does not change how Company accounts for its transactions or the nature of related disclosures made. Rather, the ASC results in changes to how the Company references accounting standards within its reports. This change was made effective by the FASB for periods ending on or after September 15, 2009. The Company has updated references to GAAP in this Annual Report on Form 10-K to reflect the guidance in the ASC. The preparation of these consolidated financial statements requires our management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On a regular basis, we evaluate these estimates, including investment impairment. These estimates are based on management's historical industry experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

### Accounts and Notes Receivable

Trade accounts receivable for the nightclub operation is primarily comprised of credit card charges, which are generally converted to cash in two to five days after a purchase is made. The media division's accounts receivable is primarily comprised of receivables for advertising sales and Expo registration. The Company's accounts receivable, other is comprised of employee advances and other miscellaneous receivables. The long-term portion of notes receivable are included in other assets in the accompanying consolidated balance sheets. The Company recognizes interest income on notes receivable based on the terms of the agreement and based upon management's evaluation that the notes receivable and interest income will be collected. The Company recognizes allowances for doubtful accounts or notes when, based on management judgment, circumstances indicate that accounts or notes receivable will not be collected.

### Inventories

Inventories include alcoholic beverages, food, and Company merchandise. Inventories are carried at the lower of cost, average cost, which approximates actual cost determined on a first-in, first-out ("FIFO") basis, or market.

### Property and Equipment

Property and equipment are stated at cost. Provisions for depreciation and amortization are made using straight-line rates over the estimated useful lives of the related assets and the shorter of useful lives or terms of the applicable leases for leasehold improvements. Buildings have estimated useful lives ranging from 29 to 40 years. Furniture, equipment and leasehold improvements have estimated useful lives between five and 40 years. Expenditures for major renewals and betterments that extend the useful lives are capitalized. Expenditures for normal maintenance and repairs are expensed as incurred. The cost of assets sold or abandoned and the related accumulated depreciation are eliminated from the accounts and any gains or losses are charged or credited in the accompanying consolidated statement of income of the respective period.

### Goodwill and Intangible Assets

FASB ASC 350, Goodwill and Other Intangibles Assets addresses the accounting for goodwill and other intangible assets. Under FASB ASC 350, goodwill and intangible assets with indefinite lives are no longer amortized, but reviewed on an annual basis for impairment. All of the Company's goodwill and intangible assets relate to the nightclub segment, except for \$567,000 related to the media segment. Definite lived intangible assets are amortized on a straight-line basis over their estimated lives. Fully amortized assets are written-off against accumulated amortization.

## Table of Contents

### Impairment of Long-Lived Assets

The Company reviews property and equipment and intangible assets with definite lives for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of these assets is measured by comparison of its carrying amounts to future undiscounted cash flows the assets are expected to generate. If property and equipment and intangible assets with definite lives are considered to be impaired, the impairment to be recognized equals the amount by which the carrying value of the asset exceeds its fair value. Assets are grouped at the lowest level for which there are identifiable cash flows, principally at the club level, when assessing impairment. Cash flows for our club assets are identified at the individual club level. The Company's annual evaluation was performed as of September 30, 2010, based on a projected discounted cash flow method using a discount rate determined by management to be commensurate with the risk inherent in the current business model. Certain of our recent acquisitions, specifically Las Vegas, Philadelphia and the original Rick's Cabaret in Austin (now operated by a partner as "Jaguars Gold Club"), have been underperforming, principally due to the recent general economic downturn, especially in Las Vegas, but also due to certain specific operational issues, such as the change of concept in Philadelphia and the cab fare marketing issues in Las Vegas. We have determined that there is a net asset impairment at September 30, 2010, relating to these three nightclub operations. See Notes to Consolidated Financial Statements.

### Fair Value of Financial Instruments

The Company calculates the fair value of its assets and liabilities which qualify as financial instruments and includes this additional information in the notes to consolidated financial statements when the fair value is different than the carrying value of these financial instruments. The estimated fair value of accounts receivable, accounts payable and accrued liabilities approximate their carrying amounts due to the relatively short maturity of these instruments. The carrying value of short and long-term debt also approximates fair value since these instruments bear market rates of interest. None of these instruments are held for trading purposes.

### Derivative Financial Instruments

The Company accounts for financial instruments that are indexed to and potentially settled in, its own stock, including stock put options, in accordance with the provisions of FASB ASC 815, Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in a Company's Own Stock. Under certain circumstances that would require the Company to settle these equity items in cash, and without regard to probability, FASB ASC 815 would require the classification of all or part of the item as a liability and the adjustment of that reclassified amount to fair value at each reporting date, with such adjustments reflected in the Company's consolidated statements of income. The first instrument to meet the requirements of FASB ASC 815 for derivative accounting occurred in the quarter ended June 30, 2009 when the Company renegotiated the payback terms of certain put options and agreed to pledge as collateral to certain holders a second lien on certain property.

### Revenue Recognition

The Company recognizes revenue from the sale of alcoholic beverages, food and merchandise, other revenues and services at the point-of-sale upon receipt of cash, check, or credit card charge.

The Company recognizes Internet revenue from monthly subscriptions to its online entertainment sites when notification of a new or existing subscription and its related fee are received from the third party hosting company or from the credit card company, usually two to three days after the transaction has occurred. The monthly fee is not refundable. The Company recognizes Internet auction revenue when payment is received from the credit card as revenues are not deemed estimable nor collection deemed probable prior to that point.

Revenues from the sale of magazines and advertising content are recognized when the issue is published and shipped. Revenues and external expenses related to the Company's annual Expo convention are recognized upon the completion of the convention in August.

#### Sales and Liquor Taxes

The Company recognizes sales and liquor taxes paid as revenues and an equal expense in accordance with FASB ASC 605, How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement. Total sales and liquor taxes aggregated \$5.6 million, \$4.5 million and 3.8 million for the year ended September 30, 2010, 2009 and 2008, respectively.

#### Advertising and Marketing

Advertising and marketing expenses are primarily comprised of costs related to public advertisements and giveaways, which are used for promotional purposes. Advertising and marketing expenses are expensed as incurred and are included in operating expenses in the accompanying consolidated statements of income.

## Table of Contents

### Income Taxes

Deferred income taxes are determined using the liability method in accordance with FASB ASC 740, Accounting for Income Taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. In addition, a valuation allowance is established to reduce any deferred tax asset for which it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized.

FASB ASC 740 creates a single model to address accounting for uncertainty in tax positions by prescribing a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. FASB ASC 740 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. There are no unrecognized tax benefits to disclose in the notes to the consolidated financial statements.

### Put Options

In certain situations, the Company issues restricted common shares as partial consideration for acquisitions of certain businesses or assets. Pursuant to the terms and conditions of the governing acquisition agreements, the holder of such shares has the right, but not the obligation, to put a fixed number of the shares on a monthly basis back to the Company at a fixed price per share. The Company may elect during any given month to either buy the monthly shares or, if management elects not to do so, the holder can sell the monthly shares in the open market, and any deficiency between the amount which the holder receives from the sale of the monthly shares and the value of shares will be paid by the Company. The Company has accounted for these shares in accordance with the guidance established by FASB ASC 480 as a reclassification of the value of the shares from permanent to temporary equity. As the shares become due, the Company transfers the value of the shares back to permanent equity, less any amount paid to the holder. Also see “Derivative Financial Instruments” above.

### Earnings (Loss) Per Common Share

The Company computes earnings (loss) per share in accordance with FASB ASC 260, Earnings Per Share. FASB ASC 260 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company.

Potential common stock shares consist of shares that may arise from outstanding dilutive common stock options and warrants (the number of which is computed using the “treasury stock method”) and from outstanding convertible debentures (the number of which is computed using the “if converted method”). Diluted EPS considers the potential dilution that could occur if the Company’s outstanding common stock options, warrants and convertible debentures were converted into common stock that then shared in the Company’s earnings (loss) (as adjusted for interest expense, that would no longer occur if the debentures were converted).

### Stock Options

The Company has adopted the fair value recognition provisions of FASB ASC 718, Compensation—Stock Compensation.

The compensation cost recognized for the year ended September 30, 2010, 2009 and 2008 was \$405,229, \$96,171 and \$157,080, respectively. There were 20,000, 300,000 and 125,000 stock options exercises for the years ended September 30, 2010, 2009 and 2008, respectively.

#### RESULTS OF OPERATIONS FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2010 AS COMPARED TO THE FISCAL YEAR ENDED SEPTEMBER 30, 2009

For the fiscal year ended September 30, 2010, we had consolidated total revenues of \$83.0 million, compared to consolidated total revenues of \$75.8 million for the year ended September 30, 2009. This was an increase of \$7.2 million or 9.4%. The increase in total revenues was primarily due to revenues generated in our new clubs and increases in revenues from certain of our existing clubs, especially from our New York location, offset by a decrease in revenues from our Las Vegas club. Revenues from nightclub operations for same-location same-period increased by 7.0% and for Internet businesses decreased by 12.3%.

Our operating margin (income (loss) from operations plus impairment of assets, divided by total revenues) was 17.0% for the year ended September 30, 2010 compared to 16.6% for the prior year.

Our income (loss) from continuing operations before income taxes for the year ended September 30, 2010 was \$(10.9 million) compared to \$8.7 million for the year ended September 30, 2009. Our income from continuing operations before income taxes, excluding impairment charges for the years ended September 30, 2010 and 2009 was \$9.7 million and \$9.5 million, respectively. Our income from continuing nightclub operations (excluding corporate overhead and impairment charges and before income taxes) was \$18.2 million for the year ended September 30, 2010 compared with \$15.4 million for the year ended September 30, 2009. Our income from operations for our Internet businesses (excluding corporate overhead) was \$76,067 for the year ended September 30, 2010 compared with \$162,071 for the year ended September 30, 2009. Our income from operations for our nightclub operations for the same-location-same-period increased by 15.1%.

Table of Contents

Our net income (loss) was \$(8.0 million) for the fiscal year ended September 30, 2010 compared to \$5.2 million for the previous year. The decrease in our net income was primarily a result of the impairment of nightclub assets.

Following is our adjusted EBITDA for the years ended September 30:

(in thousands, except per share data)

	2010	2009	2008
Adjusted EBITDA	\$17,605	\$16,024	\$16,516
Diluted adjusted EBITDA per common share	\$1.82	\$1.70	\$1.96
Diluted weighted average common shares outstanding	9,697	9,428	8,413

In the table above, we have included a financial statement measure that was not derived in accordance with GAAP. We use adjusted EBITDA (earnings before interest expense, income taxes, depreciation, amortization and impairment charges) as a non-GAAP performance measure. In calculating adjusted EBITDA, we exclude our largest recurring non-cash charge, depreciation, amortization and impairment charges. Adjusted EBITDA provides a core operational performance measurement that compares results without the need to adjust for Federal, state and local taxes which have considerable variation between domestic jurisdictions. Also, we exclude interest cost in our calculation of adjusted EBITDA. The results are, therefore, without consideration of financing alternatives of capital employed. We use adjusted EBITDA as one guideline to assess our unleveraged performance return on our investments. Adjusted EBITDA is also the target benchmark for our acquisitions of nightclubs. Reconciliations from net earnings (loss) from continuing operations to adjusted EBITDA are provided below for the years ended September 30:

	2010	2009	2008
Income (loss) from continuing operations	\$(7,641 )	\$5,795	\$7,801
Net income from noncontrolling interests	(260 )	(294 )	31
Income taxes	(3,221 )	2,854	3,532
Interest expense	4,473	3,423	2,713
Depreciation and amortization	3,743	3,423	2,439
Impairment of assets	20,511	823	-
Adjusted EBITDA	\$17,605	\$16,024	\$16,516

Our adjusted EBITDA does not include interest expense, income taxes, depreciation, amortization and impairment charges. Because we have borrowed money in order to finance our operations, interest expense is a necessary element of our costs and our ability to generate revenues. Because we use capital assets, depreciation, amortization and impairment charges are also necessary elements of our costs. Also, the payment of income taxes is a necessary element of our operations. Therefore, any measures that exclude these elements have material limitations. To compensate for these limitations, we believe that it is appropriate to consider both net earnings (loss) determined under GAAP, as well as adjusted EBITDA, to evaluate our performance. Also, we separately analyze any significant fluctuations in interest expense, depreciation, amortization, impairment charges and income taxes.

Following is an explanation of significant variances in the above amounts.

Other revenues include ATM commissions earned, video games and other vending and certain promotion fees charged to our entertainers. The Company recognizes revenue from other revenues and services at the point-of-sale upon receipt of cash, check, or credit card charge.

Cost of goods sold includes cost of alcoholic and non-alcoholic beverages, food, cigars and cigarettes, merchandise, media printing/binding, media postage and internet traffic purchases and webmaster payouts. Our cost of goods sold for the nightclub operations for the year ended September 30, 2010 was 11.9% of our total revenues from club operations compared to 11.6% for the year ended September 30, 2009. Cost of goods sold for same-location-same-period increased to 11.8% for the year ended September 30, 2010 compared to 11.6% for the year ended September 30, 2009. We continued our efforts to achieve reductions in cost of goods sold of the club operations through improved inventory management. We are continuing a program to improve margins from liquor and food sales and food service efficiency. Our cost of sales from our Internet operations for the year ended September 30, 2010 was 2.3% compared to 1.5% of related revenues for the year ended September 30, 2009. The slight increase in costs of goods sold as a percentage of revenues was due to extended happy hours and overall price discounting to attract a higher volume of customers. The Company believes it will continue these practices into 2011.

The increase in payroll and related costs, stated as "Salaries & Wages" above, was primarily due to the addition of the new clubs in 2010 and late 2009. The decrease in percentage to total revenues is principally due to management's continued monitoring of payroll costs during these tougher economic times. Payroll for same-location-same-period of club continuing operations increased to \$14 million for the year ended September 30, 2010 from \$13 million for the previous year. Management currently believes that its labor and management staff levels are appropriate.

The increase in stock-based compensation in 2010 results from the issuance of 465,000 options at September 30, 2010 to employees and Board of Directors. These options were exercisable immediately, resulting in the related cost being recognized during the 2010 fiscal year.

Taxes and permits consists principally of payroll taxes, property taxes, sales and alcohol taxes, licenses and permits and the patron tax in our nightclubs in Texas. The increase in percentage in 2010 results principally from the four new clubs in Texas in 2010 and their related patron taxes. Patron taxes amounted to \$2.8 million and \$1.8 million for the years ended September 30, 2010 and 2009, respectively.

The decrease in the percentage to revenues of credit card fees relates to a larger amount of chargebacks from certain credit card companies in 2009 and a negotiated decrease in credit card fees in 2010.

Rent expense increased principally due to new leases in three new clubs in Fort Worth.

Table of Contents

Legal and professional expenses increased principally due to addition of new clubs, including approximately \$88,000 in legal fees related to new acquisitions in 2010.

The decrease in the percentage of advertising and marketing to total revenue is principally due to the decrease in taxi marketing costs in Las Vegas. The Las Vegas club is still not profitable even with the taxi marketing costs under more control than in the prior year, due principally to the decrease in revenues since the Las Vegas market collapsed after September 2008. For example, the club we acquired had revenues of approximately \$16.6 million in the year ended July 31, 2008, compared to \$8.8 million and \$9.7 million for the years ended September 30, 2010 and 2009, respectively after we bought it. The club had adjusted EBITDA (loss) of approximately (\$37,000) and (\$1.4 million) for the year ended September 30, 2010 and 2009, respectively, compared to pro forma EBITDA of \$2.6 million for the year ended July 31, 2008.

Depreciation and amortization increased approximately \$320,000 from the year ended September 30, 2010, due to the new clubs purchased.

The increase in interest expense was attributable to our obtaining new debt during the year ended September 30, 2010 and 2009 to finance the purchase of the new clubs and other real estate, as well as the \$2 million increase from the new convertible debt in 2010. Also included in interest expense in 2010 is the write off of the unamortized portion of certain loan origination costs relating to our redeemed convertible debt, amounting to \$274,425. As of September 30, 2010, the balance of long-term debt was \$42.7 million compared to \$37.8 million a year earlier.

See “Derivative Financial Instrument” above for information on the Company’s derivative financial instrument at September 30, 2010.

The accompanying consolidated financial statements reflect the following as discontinued operations as of and for the period ended June 30, 2010:

The Company sold one of its nightclubs, Encounters in San Antonio, on March 1, 2009 for \$40,000, including \$5,000 in cash and a \$35,000 note payable monthly for one year. The Company recognized an impairment of \$221,563 for this club during the quarter ended December 31, 2008. The actual loss at date of sale was \$226,175.

We closed our Divas Latinas club in Houston during September 2009. This club is also recognized in discontinued operations.

In previous filings, we recognized our Rick’s Cabaret in Austin, Texas as a discontinued operation. That club was held for sale during a portion of 2009, but we decided to renovate and reopen the club and we relaunched it with a new concept in April 2010. When the club was not immediately successful, we closed the club again in July 2010. The club reopened again in September 2010, operating as “Jaguars Gold Club” Accordingly, the Austin club is recognized in continuing operations in the accompanying consolidated financial statements.

Following is summarized information regarding these discontinued operations:

Revenues of discontinued operations amounted to \$0 and \$429,691 for the years ended September 30, 2010 and 2009, respectively.

Table of Contents**RESULTS OF OPERATIONS FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2009 AS COMPARED TO THE FISCAL YEAR ENDED SEPTEMBER 30, 2008**

For the fiscal year ended September 30, 2009, we had consolidated total revenues of \$75.8 million, compared to consolidated total revenues of \$59 million for the year ended September 30, 2008. This was an increase of \$16.8 million or 28.5%. The increase in total revenues was primarily due to revenues generated in our new clubs and increases in revenues from certain of our existing clubs, especially from our New York location. Revenues from nightclub operations for same-location same-period decreased by 4.1% and for Internet businesses decreased by a negligible amount.

Our operating margin (income from operations divided by total revenues) was 16.6% for the year ended September 30, 2009 compared to 23.7% for the prior year. The decrease was due principally to the poor U.S. economy in 2009 and the poor results from our Las Vegas club, due to the steep dive in the Las Vegas economy.

Our income from continuing operations before income taxes for the year ended September 30, 2009 was \$8.7 million compared to \$11.3 million for the year ended September 30, 2008. The decrease was primarily due to the same factors discussed in the previous paragraph. Our income from continuing nightclub operations (excluding corporate overhead and before income taxes) was \$15.4 million for the year ended September 30, 2009 compared with \$17.4 for the year ended September 30, 2008. Our income from operations for our Internet businesses (excluding corporate overhead) was \$162,071 for the year ended September 30, 2009 compared with \$148,194 for the year ended September 30, 2008. Our income from operations for our nightclub operations for the same-location-same-period decreased by 12.1%.

Our net income was \$5.2 million for the fiscal year ended September 30, 2009 compared to \$7.7 million for the previous year. The decrease in our net income was primarily a result of the factors discussed in the paragraphs above.

Taxes and permits consists principally of payroll taxes, property taxes, sales and alcohol taxes, licenses and permits and the patron tax in our nightclubs in Texas. Patron taxes amounted to \$1.7 million and \$1.3 million for the years ended September 30, 2009 and 2008, respectively.

The increase in the percentage to revenues of credit card fees relates to increased chargebacks from certain credit card companies in 2009.

Rent expense increased principally due to significant new leases in Las Vegas and Philadelphia.

Legal and professional expenses increased principally due to addition of new clubs and costs related to litigation involving claims under the Fair Labor Standards Act.

The increase in the percentage of advertising and marketing to total revenue is principally due to the addition of our new club in Las Vegas with its taxi costs and increases in our overall marketing campaign to attempt to increase volume of customer traffic to all locations.

Depreciation and amortization increased due to the new clubs purchased during the 2008 fiscal year.

The increase in interest expense was attributable to our obtaining new debt during the year ended September 30, 2009 and 2008 to finance the purchase of the new clubs and related real estate. As of September 30, 2009, the balance of long-term debt was \$37.8 million compared to \$33.6 million a year earlier, but a substantial portion of the new debt was entered into during the quarter ended September 30, 2009.

See “Derivative Financial Instrument” above for information on the Company’s derivative financial instrument at September 30, 2009.

Rick’s Cabaret Las Vegas lost approximately \$2,018,000 before income taxes for the year ended September 30, 2009. We have made expense reductions and modifications to our marketing campaign in this location subsequent to March 31, 2009 and we have seen a large improvement in operations since that time, resulting in a loss before income taxes of \$700,000 for the six months ended September 30, 2009.

LIQUIDITY AND CAPITAL RESOURCES

As of September 30, 2010, we had working capital of \$5.7 million compared to working capital of \$4.9 million as of September 30, 2009. Because of the large volume of cash we handle, stringent cash controls have been implemented. The increase in working capital was primarily due to working capital provided by operations and financing activities, net of uses of working capital for investing purposes. At September 30, 2010, our cash and cash equivalents were \$19.2 million compared to \$12.9 million at September 30, 2009.

Our depreciation for the year ended September 30, 2010 was \$3.4 million compared to \$3.1 million for the year ended September 30, 2009. Our amortization for the year ended September 30, 2010 was \$413,992 compared to \$341,076 for the year ended September 30, 2009.

The following table presents a summary of our cash flows from operating, investing, and financing activities:

	Years ended September 30,		
	2010	2009	2008
Net cash provided by operating activities	\$ 17,377	\$ 8,948	\$ 14,779
Net cash used in investing activities	(12,816 )	(3,806 )	(38,691 )

Edgar Filing: RICKS CABARET INTERNATIONAL INC - Form 10-K

Net cash provided by financing activities	1,757	2,204	26,497
Net increase in cash and cash equivalents	\$ 6,318	\$ 7,346	\$ 2,585

The increase in cash provided by operating activities was primarily due to the increase in cash flows from the operations in 2010 (net loss plus noncash impairment and depreciation) and from the nonpayment of Texas Patron Taxes. The increase in cash used in investing activities and cash provided by financing activities relates primarily to acquisitions of businesses.

We require capital principally for the acquisition of new clubs, renovation of older clubs and investments in technology. We may also utilize capital to repurchase our common stock as part of our share repurchase program.

Debt Financing:

On August 6, 2009, we completed the sale of an aggregate of \$7.2 million in 10% Convertible Debentures (the “Debentures”) to certain accredited investors (the “Holders”). The Debentures bear interest at the rate of 10% per annum and mature on August 4, 2012. The Debentures are payable with one initial payment of interest only due February 4, 2010, and, thereafter in ten equal quarterly principal payments, plus accrued interest thereon. At the option of the Holders, the Debentures may be converted into shares of the Company’s common stock at \$8.75 per share. The Debentures are redeemable by us at any time if the closing price of its common stock for 20 consecutive trading days is at least \$11.50 per share. The Debentures provide that an event of default occurs if: we should fail to pay any principal or interest when due; we should fail to convert any Debenture when required; we should fail to observe or perform any covenant or agreement contained within the Debenture; there are cross defaults to other indebtedness in excess of \$1,000,000; there is a reorganization, liquidation, voluntary or involuntary bankruptcy or insolvency proceedings or other bankruptcy default; or a final unsatisfied judgment not covered by insurance aggregating an excess of \$1 million occurs against us and is not stayed, bonded or discharged within seventy-five days.

In connection with the sale of the Debentures, we also issued an aggregate of 164,569 warrants (the “Warrants”) to the Holders, on a pro-rata basis. We issued each Holder a number of Warrants equal to 20% of the number of shares of common stock into which each Holder’s Debenture is convertible. The Warrants have an exercise price of \$8.75 and expire on August 5, 2012. The Warrants provide that we have the right to require exercise of the Warrants if the closing price of our common stock for 20 consecutive trading days is at least \$12.25.

On April 16, 2010, the Company sent a Notice of Redemption to all of the Holders, thereby exercising its right to redeem all of the 2009 Debentures, including the entire outstanding principal amount of all the 2009 Debentures and any accrued but unpaid interest thereon. Upon receipt of such Notice of Redemption, all of the Holders exercised their right to convert the principal amount plus all accrued but unpaid interest thereon of the 2009 Debentures at the conversion price of \$8.75 per share in lieu of receiving a cash payment (pursuant to the terms of the 2009 Debentures), effective as of May 3, 2010. Accordingly, on May 4, 2010, the Company issued an aggregate of 842,972 shares of its common stock to these Holders, in conversion of an aggregate of \$7.2 million of outstanding principal and an aggregate of \$176,000 of outstanding interest on such 2009 Debentures. As a result of this conversion, the Company made no cash payments to the Holders in connection with the Notice of Redemption. Concurrent with the retirement of the debt, the Company was required to write off, as interest expense, the unamortized portion of its related loan origination costs, amounting to \$274,425.

On June 25, 2010, the Company completed the sale of an aggregate of approximately \$9.2 million in 10% Convertible Debentures (the “2010 Debentures”) to certain accredited investors (the “Holders”). The 2010 Debentures bear interest at the rate of 10% per annum and mature on June 25, 2013. The 2010 Debentures are payable with one initial payment of interest only due December 26, 2010, and, thereafter in ten equal quarterly principal payments, plus accrued interest thereon. At the option of the Holders, the principal amount of the 2010 Debentures and the accrued but unpaid interest thereon may be converted into shares of the Company’s common stock at \$10.25 per share. The 2010 Debentures are redeemable by the Company at any time if the closing price of its common stock for 20 consecutive trading days is at least \$13.47 per share.

In connection with the sale of the 2010 Debentures in June 2010, the Company also issued an aggregate of 179,513 warrants (the “Warrants”) to the Holders, on a pro-rata basis. The Company issued each Holder a number of Warrants equal to 20% of the number of shares of common stock into which each Holder’s 2010 Debenture is convertible. The Warrants have an exercise price of \$10.25 and expire on June 25, 2013. The Warrants provide that the Company has the right to require exercise of the Warrants if the closing price of the Company’s common stock for 20 consecutive trading days is at least \$14.35.

The fair value of the warrants were estimated to be \$434,571 in accordance with FASB ASC 820, Fair Value Measurements and Disclosures, using a Black-Scholes option-pricing model using the following weighted average assumptions:

Volatility	68	%
Expected life	1.5	years
Expected dividend yield	-	
Risk free rate	1.18	%

The cost of the warrants has been recognized as a discount on the related debt and will be amortized over the life of the debt.

The proceeds from the sale of the 2010 Debentures and Warrants in June 2010 are intended to be utilized to make future acquisitions, and may be utilized for working capital and general corporate purposes.

An adviser to the Company received compensation in the amount of \$460,000, which was capitalized as loan origination cost and will be amortized over the life of the debt, in connection with advising the Company regarding the June 2010 sale of the 2010 Debentures and Warrants. The 2010 Debentures and Warrants were sold under the exemption from registration provided by Section 4(2) of the Securities Act of 1933 and the rules and regulations promulgated thereunder, including Regulation D. All of the offers and sales of the 2010 Debentures and Warrants were made exclusively to “accredited investors” (as such term is defined in Rule 501(a) of Regulation D) in offers and sales not involving a public offering. The Holders purchased the securities for their own account and not with a view towards or for resale. There was no general solicitation or advertising conducted in connection with the sales of the securities.

## Put Options

As part of certain of our acquisition transactions, we have entered into Lock-Up/Leak-Out Agreements with the sellers pursuant to which, on or after a contractual period after the closing date, the seller shall have the right, but not the obligation, to have us purchase from seller a certain number of our shares of common stock issued in the transactions in an amount and at a rate of not more than a contractual number of the shares per month (the "Monthly Shares") calculated at a price per share equal to a contractual value per share ("Value of the Rick's Shares"). At our election during any given month, we may either buy the Monthly Shares or, if we elect not to buy the Monthly Shares from the seller, then the seller shall sell the Monthly Shares in the open market. Any deficiency between the amount which the seller receives from the sale of the Monthly Shares and the value of the shares shall be paid by us within three business days of the date of sale of the Monthly Shares during that particular month. Our obligation to purchase the Monthly Shares from the Seller shall terminate and cease at such time as the seller has received a contractual amount from the sale of the Rick's Shares and any deficiency. Under the terms of the Lock-Up/Leak-Out Agreements, the seller may not sell more than a contractual number of our shares per 30-day period, regardless of whether the seller "Puts" the shares to us or sells them in the open market or otherwise.

During April and May 2009, we completed renegotiation of terms of certain of our long term debt and a significant portion of outstanding put options. Before the renegotiation, the maximum obligation that could be owed if our stock were valued at zero was \$13.9 million and was recorded in our consolidated balance sheet as Temporary Equity. After the renegotiation, the maximum obligation that could be owed if our stock were valued at zero is \$7.8 million at September 30, 2010. If we are required to buy back any of these put options, the buy-back transaction will be purely a balance sheet transaction, affecting only Temporary Equity or Derivative Liability and Stockholders' Equity and will have no income statement effect. The only income statement effect from these put options is the "mark to market" valuation quarterly of the derivative liability as explained in Note B of Notes to Consolidated Financial Statements. Following is a schedule of the annual obligation (after the renegotiation) we would have if our stock price remains in the future at the closing market price on September 30, 2010 of \$7.28 per share, of which there can be no assurance: (This includes the derivative financial instruments recognized in our consolidated balance sheet at September 30, 2010.)

We are not aware of any other event or trend that would potentially affect liquidity. In the event such a trend develops, we believe our working capital and capital expenditure requirements will be adequately met by cash flows from operations. In our opinion, working capital is not a true indicator of our financial status. Typically, businesses in our industry carry current liabilities in excess of current assets because businesses in our industry receive substantially immediate payment for sales, with nominal receivables, while inventories and other current liabilities normally carry longer payment terms. Vendors and purveyors often remain flexible with payment terms, providing businesses in our industry with opportunities to adjust to short-term business down turns. We consider the primary indicators of financial status to be the long-term trend of revenue growth, the mix of sales revenues, overall cash flow, profitability from operations and the level of long-term debt.

We have not established lines of credit or financing other than the above mentioned notes payable and our existing debt. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise.

#### Share repurchase

On September 29, 2008, our Board of Directors authorized us to repurchase up to \$5 million worth of our common stock. During the fiscal year ending September 30, 2008, no shares were purchased under this program. During the fiscal year ended September 30, 2010, we purchased 57,450 shares of common stock in the open market at prices ranging from \$5.98 to \$6.41 and during the fiscal year ended September 30, 2009, we purchased 201,219 shares of common stock in the open market at prices ranging from \$2.64 to \$6.20. Under the Board's authority, we have \$3.8 million remaining to purchase additional shares.

#### IMPACT OF INFLATION

We have not experienced a material overall impact from inflation in our operations during the past several years. To the extent permitted by competition, we have managed to recover increased costs through price increases and may continue to do so. However, there can be no assurance that we will be able to do so in the future.

#### SEASONALITY

Our nightclub operations are affected by seasonal factors. Historically, we have experienced reduced revenues from April through September with the strongest operating results occurring during October through March. Our experience indicates that there are no seasonal fluctuations in our Internet activities.

#### GROWTH STRATEGY

We believe that our nightclub operations can continue to grow organically and through careful entry into markets and demographic segments with high growth potential. Our growth strategy is: (a) to open new clubs after market analysis,

(b) to acquire existing clubs in locations that are consistent with our growth and income targets and which appear receptive to the upscale club formula we have developed, as is the case with the acquisition of the New York club and clubs in Charlotte, South Houston, Dallas/Fort Worth, San Antonio, Austin and Miami, (c) to form joint ventures or partnerships to reduce start-up and operating costs, with us contributing equity in the form of our brand name and management expertise, (d) to develop new club concepts that are consistent with our management and marketing skills, and/or (e) to acquire real estate in connection with club operations, although some clubs may be in leased premises.

During fiscal 2008, we acquired a media division for a total cost of \$1.1 million. This acquisition was funded primarily through issuance of our restricted common stock valued at \$369,754, and \$700,000 in cash. This media operation had total revenues of approximately \$1.4 million, \$1.4 million and \$801,000 for fiscal years 2010, 2009 and 2008, respectively and net losses of approximately \$156,000, \$242,000 and \$28,000.

Table of Contents

During fiscal 2008, we acquired five existing nightclub operations and 49% of an existing nightclub operation for a total cost of \$69.8 million, including real property of \$14.8 million. These acquisitions were funded primarily through indebtedness of \$21 million, including real property debt of \$8 million, issuance of our restricted common stock valued at \$13 million, \$701,711 in debt forgiveness, and \$35.4 million in cash. These nightclub operations had total revenues of approximately \$41.6 million, \$40.7 million and \$22.6 million for fiscal years 2010, 2009 and 2008, respectively, and pretax income (loss) of approximately \$(8.2) million (including impairment charges), \$6.7 million and \$7.4 million.

During fiscal 2009, we acquired one nightclub operation for cash of approximately \$2.4 million. The closing occurred on September 30, 2009; therefore, there are no operations of the acquired company in the accompanying consolidated statement of operations.

During fiscal 2010, we acquired three existing nightclub operations for a total cost of approximately \$9.2 million, including real property of approximately \$4.6 million. These acquisitions were funded primarily with cash of approximately \$5.9 million, real property debt of approximately \$2.5 million, and a seller's common stock which we owned, valued at approximately \$795,000. These nightclub operations had total revenues of approximately \$2.8 million for fiscal year 2010, and net income before taxes of approximately \$176,000.

We continue to evaluate opportunities to acquire new nightclubs and anticipate acquiring new locations that fit our business model as we have done in the past. The acquisition of additional clubs will require us to obtain additional debt or issuance of our common stock, or both. There can be no assurance that we will be able to obtain additional financing on reasonable terms in the future, if at all, should the need arise. An inability to obtain such additional financing could have an adverse effect on our growth strategy.

In our Internet division, we plan to focus on high-margin Internet activities that leverage our marketing skills while requiring a low level of start-up cost and ongoing operating costs and refine and tune our Internet sites for better positioning in organic search rankings amongst the major search providers. We will restructure affiliate programs to provide higher incentives to our current affiliates to better promote our Internet sites, while actively seeking new affiliates to send traffic to our Internet sites.

In addition to their strong cash flow, the acquisition of the Media Division has enabled us to create new marketing synergies with major industry product suppliers and new national advertising opportunities. It also provides us with additional diversification of our revenue and income streams while remaining within our core competency.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of  
Rick's Cabaret International, Inc.

We have audited the accompanying consolidated balance sheets of Rick's Cabaret International, Inc. and subsidiaries (the "Company"), as of September 30, 2010 and 2009, and the related consolidated statements of operations, changes in permanent stockholders' equity, and cash flows for each of the three years in the period ended September 30, 2010. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company, as of September 30, 2010 and 2009, and the results of their operations and their cash flows for each of the three years in the period ended September 30, 2010, in conformity with accounting principles generally accepted in the United States of America.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of September 30, 2010, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated December 14, 2010, expressed an unqualified opinion.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders  
Rick's Cabaret International, Inc.

We have audited Rick's Cabaret International, Inc. and subsidiaries' (the "Company") internal control over financial reporting as of September 30, 2010 based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of September 30, 2010, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of the Company as of September 30, 2010 and 2009, and the related consolidated statements of operations, changes in permanent stockholders' equity and cash flows for each of the three years in the period ended September 30, 2010, and our report dated December 14, 2010, expressed an unqualified opinion on those consolidated financial statements.

Rick's Cabaret International, Inc. (the "Company") is a Texas corporation incorporated in 1994. The Company currently owns and operates nightclubs that offer live adult entertainment, restaurant, and bar operations. These nightclubs are located in Houston, Austin, San Antonio, Dallas and Fort Worth, Texas, as well as Minneapolis, Minnesota, Philadelphia, Pennsylvania, Charlotte, North Carolina, New York, New York, Miami Gardens, Florida, and Las Vegas, Nevada. B. Summary of Significant Accounting Policies

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Estimates and assumptions are based on historical experience, forecasted future events and various other assumptions that we believe to be reasonable under the circumstances. Estimates and assumptions may vary under different assumptions or conditions. We evaluate our estimates and assumptions on an ongoing basis. We believe the accounting policies below are critical in the portrayal of our financial condition and results of operations.

Basis of Accounting

The accounts are maintained and the consolidated financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Changes in Accounting

On January 1, 2009, the Company adopted an amendment to ASC 810, Consolidation, which requires certain changes to the presentation of our financial statements. This amendment requires the Company to classify earnings attributable to noncontrolling interests (previously referred to as "minority interests") as part of consolidated net earnings and to include the accumulated amount of noncontrolling interests as part of shareholders' equity. The net earnings amounts we have previously reported are now presented as "Net earnings attributable to Rick's Cabaret International, Inc.". Similarly, in our presentation of shareholders' equity, we distinguish between equity amounts attributable to Rick's shareholders and amounts attributable to the noncontrolling interests – previously classified as minority interest outside of shareholders' equity. In addition to these financial reporting changes, this guidance provides for significant changes in accounting related to noncontrolling interests; specifically, increases and decreases in our controlling financial interests in consolidated subsidiaries will be reported in equity similar to treasury stock transactions. If a change in ownership of a consolidated subsidiary results in loss of control and deconsolidation, any retained ownership interests are remeasured with the gain or loss reported in net earnings.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries. Significant intercompany accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Actual results could differ from these estimates and assumptions.

B. Summary of Significant Accounting Policies - continued

Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Company maintains deposits in several financial institutions, which may at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation ("FDIC"). The Company has not experienced any losses related to amounts in excess of FDIC limits.

Accounts and Notes Receivable

Trade accounts receivable for the nightclub operation is primarily comprised of credit card charges, which are generally converted to cash in two to five days after a purchase is made. The media division's accounts receivable is primarily comprised of receivables for advertising sales and Expo registration. The Company's accounts receivable, other is comprised of employee advances and other miscellaneous receivables. The long-term portion of notes receivable are included in other assets in the accompanying consolidated balance sheets. The Company recognizes interest income on notes receivable based on the terms of the agreement and based upon management's evaluation that the notes receivable and interest income will be collected. The Company recognizes allowances for doubtful accounts or notes when, based on management judgment, circumstances indicate that accounts or notes receivable will not be collected.

Inventories

Inventories include alcoholic beverages, food, and Company merchandise. Inventories are carried at the lower of cost (on a first-in, first-out ("FIFO") basis), or market.

Property and Equipment

Property and equipment are stated at cost. Provisions for depreciation and amortization are made using straight-line rates over the estimated useful lives of the related assets and the shorter of useful lives or terms of the applicable leases for leasehold improvements. Buildings have estimated useful lives ranging from 29 to 40 years. Furniture, equipment and leasehold improvements have estimated useful lives between five and 40 years. Expenditures for major renewals and betterments that extend the useful lives are capitalized. Expenditures for normal maintenance and repairs are expensed as incurred. The cost of assets sold or abandoned and the related accumulated depreciation are eliminated from the accounts and any gains or losses are charged or credited in the accompanying consolidated statement of operations of the respective period.

Goodwill and Intangible Assets and Impairment of Long-Lived Assets

FASB ASC 350, Goodwill and Other Intangibles Assets, addresses the accounting for goodwill and other intangible assets. Under FASB ASC 350, goodwill and intangible assets with indefinite lives are no longer amortized, but reviewed on an annual basis for impairment, or sooner if there is an indication of impairment. The Company reviews property and equipment and intangible assets with definite lives for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of these assets is measured by comparison of its carrying amounts to future undiscounted cash flows the assets are expected to generate.

If property and equipment and intangible assets with definite lives are considered to be impaired, the impairment to be recognized equals the amount by which the carrying value of the asset exceeds its fair value. Assets are grouped at the lowest level for which there are identifiable cash flows when assessing impairment, principally at the club level. Cash flows for our club assets are identified at the individual club level. The Company's annual evaluation for goodwill and indefinite-lived intangible assets was performed as of September 30, 2010, based on a projected discounted cash flow method using a discount rate determined by management to be commensurate with the risk inherent in the current business model. Certain of the Company's recent acquisitions, specifically Las Vegas, Philadelphia and the original Rick's Cabaret in Austin (now operated as "Jaguars Gold Club"), have been underperforming, principally due to the recent general economic downturn, especially in Las Vegas, but also due to certain specific operational issues,

such as the change of concept in Philadelphia and the cab fare marketing issues in Las Vegas. The value of these assets was determined utilizing a net asset value approach since these clubs are not currently producing cash flows. As of September 30, 2010, the Company recognized \$20.5 million as a net asset impairment on these properties. All of the Company's goodwill and intangible assets relate to the nightclub segment, except for \$567,000 related to the acquisition of the media division. Definite lived intangible assets are amortized on a straight-line basis over their estimated lives. Fully amortized assets are written-off against accumulated amortization.

Fair Value of Financial Instruments

The Company calculates the fair value of its assets and liabilities which qualify as financial instruments and includes this additional information in the notes to consolidated financial statements when the fair value is different than the carrying value of these financial instruments. The estimated fair value of accounts receivable, accounts payable and accrued liabilities approximate their carrying amounts due to the relatively short maturity of these instruments. The carrying value of short and long-term debt also approximates fair value since these instruments bear market rates of interest. None of these instruments are held for trading purposes.

Derivative Financial Instruments

The Company accounts for financial instruments that are indexed to and potentially settled in, its own stock, including stock put options, in accordance with the provisions of FASB ASC 815, Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in a Company's Own Stock. Under certain circumstances that would require the Company to settle these equity items in cash, and without regard to probability, FASB ASC 815 would require the classification of all or part of the item as a liability and the adjustment of that reclassified amount to fair value at each reporting date, with such adjustments reflected in the Company's consolidated statements of operations. The first instrument to meet the requirements of FASB ASC 815 for derivative accounting occurred in the quarter ended June 30, 2009 when the Company renegotiated the payback terms of certain put options and agreed to pledge as collateral to certain holders a second lien on certain property.

The fair value of the derivative liabilities when the securities became derivatives were estimated to be \$3.8 million in accordance with FASB ASC 820, Fair Value Measurements and Disclosures, using a Black-Scholes option-pricing model using the following weighted average assumptions:

Volatility	73	%
Expected life	3.42	years
Expected dividend yield	-	
Risk free rate	1.34	%

The related put options were recognized in temporary equity in the amount of \$5.2 million at the time they were issued. The difference between that amount and the value of the derivative of \$3.8 million, amounting to \$1.4 million, was included in additional paid-in capital. The fair value of the derivative liabilities as of September 30, 2010 were estimated to be \$2.5 million in accordance with FASB ASC 820, using a Black-Scholes option-pricing model using

the following weighted average assumptions:

Volatility	73	%
Expected life	2.00	years
Expected dividend yield	-	
Risk free rate	0.42	%

The gain (loss) for the years ended September 30, 2010 and 2009 recognized in earnings amounted to \$(31,314) and \$145,374, respectively.

Comprehensive Income

The Company reports comprehensive income (loss) in accordance with the provisions of FASB ASC 220, Reporting Comprehensive Income. Comprehensive income (loss) consists of net income and gains (losses) on available-for-sale marketable securities and is presented in the consolidated statements of changes in permanent stockholders' equity.

Revenue Recognition

The Company recognizes revenue from the sale of alcoholic beverages, food and merchandise, other revenues and services at the point-of-sale upon receipt of cash, check, or credit card charge.

The Company recognizes Internet revenue from monthly subscriptions to its online entertainment sites when notification of a new or existing subscription and its related fee are received from the third party hosting company or from the credit card company, usually two to three days after the transaction has occurred. The monthly fee is not refundable. The Company recognizes Internet auction revenue when payment is received from the credit card as revenues are not deemed estimable nor collection deemed probable prior to that point.

Revenues from the sale of magazines and advertising content are recognized when the issue is published and shipped. Revenues and external expenses related to the Company's annual Expo convention are recognized upon the completion of the convention in August.

Sales and Liquor Taxes

The Company recognizes sales and liquor taxes paid as revenues and an equal expense in accordance with FASB ASC 605, Revenue Recognition. Total sales and liquor taxes aggregated \$5.6 million, \$4.5 million and \$3.8 million for the years ended September 30, 2010, 2009 and 2008, respectively.

Advertising and Marketing

Advertising and marketing expenses are primarily comprised of costs related to public advertisements and giveaways, which are used for promotional purposes. Advertising and marketing expenses are expensed as incurred and are included in operating expenses in the accompanying consolidated statements of operations.

Income Taxes

Deferred income taxes are determined using the liability method in accordance with FASB ASC 740, Accounting for Income Taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. In addition, a valuation allowance is established to reduce any deferred tax asset for which it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized.

FASB ASC 740 creates a single model to address accounting for uncertainty in tax positions by prescribing a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. FASB ASC 740 also provides guidance on derecognition, measurement, classification, interest and penalties, accounting in interim periods, disclosure and transition. There are no unrecognized tax benefits to disclose in the notes to the consolidated financial statements.

Put Options

In certain situations, the Company has issued restricted common shares as partial consideration for acquisitions of certain businesses or assets. Pursuant to the terms and conditions of the governing acquisition agreements, the holder of such shares has the right, but not the obligation, to put a fixed number of the shares on a monthly basis back to the Company at a fixed price per share. The Company may elect during any given month to either buy the monthly shares or, if management elects not to do so, the holder can sell the monthly shares in the open market, and any deficiency between the amount which the holder receives from the sale of the monthly shares and the value of shares will be paid by the Company. The Company has accounted for these shares in accordance with the guidance established by FASB ASC 480, Distinguishing Liabilities from Equity as a reclassification of the value of the shares from permanent to temporary equity. As the shares become due, the Company transfers the value of the shares back to permanent equity. Also see "Derivative Financial Instruments" above.

Earnings (Loss) Per Common Share

The Company computes earnings (loss) per share in accordance with FASB ASC 260, Earnings Per Share. FASB ASC 260 provides for the calculation of basic and diluted earnings per share. Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of the Company. Potential common stock shares consist of shares that may arise from outstanding dilutive common stock options and warrants (the number of which is computed using the "treasury stock method") and from outstanding convertible debentures (the number of which is computed using the "if converted method"). Diluted earnings per share ("EPS") considers the potential dilution that could occur if the Company's outstanding common stock options, warrants and convertible debentures were converted into common stock that then shared in the Company's earnings (loss) (as adjusted for interest expense, that would no longer occur if the debentures were converted).

Stock Options

At September 30, 2010, the Company has stock options outstanding, which are described more fully in Note I. The Company accounts for its stock options under the recognition and measurement principals of fair value set forth in FASB ASC Topic 718 Compensation – Stock Compensation. The compensation cost recognized for the year ended September 30, 2010, 2009 and 2008 was \$405,229, \$96,171 and \$157,080, respectively. There were 20,000, 300,000 and 125,000 stock option exercises for the years ended September 30, 2010, 2009 and 2008, respectively.

Fair Value Accounting

In December 2006, the FASB issued SFAS No. 157 (ASC 820), Fair Value Measurements. SFAS No. 157 clarifies the definition of fair value, describes methods used to appropriately measure fair value, and expands fair value disclosure requirements, but does not change existing guidance as to whether or not an instrument is carried at fair value. For financial assets and liabilities, SFAS No. 157 is effective for fiscal years beginning after November 15, 2007, which required the Company to adopt these provisions in fiscal 2009. For nonfinancial assets and liabilities, SFAS No. 157 is effective for fiscal years beginning after November 15, 2008, which required the Company to adopt these provisions in fiscal 2010.

SFAS No. 157 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

- Level 1 – Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.
  - Level 2 – Include other inputs that are directly or indirectly observable in the marketplace.
  - Level 3 – Unobservable inputs which are supported by little or no market activity.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The Company's derivative liabilities have been measured principally utilizing Level 2 inputs.

Impact of Recently Issued Accounting Standards

In December 2007, the FASB issued Statement No. 141R, Business Combinations (“SFAS 141”), and Statement No. 160, Non-controlling Interests in Consolidated Financial Statements, an amendment of ARB No. 51 (“SFAS 160”), (ASC 805). SFAS 141R modifies the accounting and disclosure requirements for business combinations and broadens the scope of the previous standard to apply to all transactions in which one entity obtains control over another business. SFAS 160 establishes new accounting and reporting standards for non-controlling interests in subsidiaries. The Company was required to apply the provisions of the new standards in the first quarter of fiscal 2010. Early adoption was not permitted for these new standards. The adoption of these standards did not have a material impact on the accompanying consolidated financial statements.

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities, an Amendment of FASB Statement No. 133 (ASC 815). SFAS No. 161 amends SFAS No. 133 and requires entities to

enhance their disclosures about (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under SFAS No. 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. Adoption of this standard did not have a material impact on the Company's consolidated financial statements.

In January 2010, new guidance was issued regarding improving disclosures about fair value measurements. This standard amends the disclosure guidance with respect to fair value measurements for both interim and annual

reporting periods. Specifically, this standard requires new disclosures for significant transfers of assets or liabilities between Level 1 and Level 2 in the fair value hierarchy; separate disclosures for purchases, sales, issuance and settlements of Level 3 fair value items on a gross rather than net, basis; and more robust disclosure of the valuation techniques and inputs used to measure Level 2 and Level 3 assets and liabilities. Except for the detailed disclosures of changes in Level 3 items, which will be effective as of October 1, 2011, the remaining new disclosure requirements are effective as of October 1, 2010.

These licenses are the result of zoning ordinances, thus are valid indefinitely, subject to filing annual renewal applications, which are done at minimal costs to the Company. As cash flows are expected to continue indefinitely, in accordance with FASB ASC 350, Goodwill and Other Intangible Assets, the licenses are determined to have indefinite useful lives. The discounted cash flow method of income approach was used in calculating the value of these licenses in a business combination. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
SEPTEMBER 30, 2010 AND 2009

F. Long-term Debt - continued

On October 12, 2007, the Company borrowed \$1 million from an investment company under terms of a 10% convertible debenture. Interest only is payable quarterly until the principal plus accrued interest is due in nine equal quarterly payments beginning in October 2008. The debenture is subject to optional redemption at any time after 366 days from the date of issuance at 100% of the principal face amount plus accrued interest. The debenture plus any outstanding convertible interest is convertible by the holder into shares of the Company's common stock at any time prior to the maturity date at the conversion price of \$12 per share. The principal balance at September 30, 2010 is \$122,583.

On April 29, 2009, the Company entered into a modification to two secured promissory notes whereby the due date for the \$5 million of principal due and payable by the Company under each note was extended by two years from November 2010 to November 2012. All other terms and conditions of the promissory notes remain the same. The Company paid a total of \$150,000 to the holders of the notes as consideration for their agreement to extend the notes for two years through November 2012. The \$150,000 paid will be amortized as an adjustment of interest expense over the remaining life of the notes. The Company accounted for this transaction in accordance with FASB ASC 470, Debt.

On September 30, 2010, the two secured promissory notes were modified again. Under the modified terms the promissory notes become 10 year amortized facilities that provides for equal monthly payments and will be fully paid on September 30, 2020, rather than a balloon payment for the entire amount that would have been due on Nov. 30, 2012. Interest on the modified note remains at 14 percent. The Company paid each holder \$50,000 as consideration for entering into the extension.

As part of the acquisition of the Platinum Club II in Dallas, the Company acquired the Real Property from Wire Way, LLC, a Texas limited liability company ("Wire Way"). Pursuant to a Real Estate Purchase and Sale Agreement (the "Real Estate Agreement") dated May 10, 2008, the Company paid total consideration of \$6 million, which was paid \$1.6 million in cash and \$4.4 million through the issuance of a five (5) year promissory note (the "Promissory Note"). The Promissory Note bears interest at a varying rate at the greater of (i) two percent (2%) above the Prime Rate or (ii) seven and one-half percent (7.5%), which is guaranteed by the Company and by Eric Langan, the Company's Chief Executive Officer, individually.

On September 5, 2008, as part of the purchase of a club in Las Vegas, Nevada (formerly known as "Scores"), the Company obtained an unsecured promissory note in the amount of \$3 million bearing simple interest at the rate of 8% per annum with a five year amortization, with the initial monthly payment due in April 2009 and a balloon payment of all then outstanding principal and interest upon the expiration of two (2) years from the execution of the note. As a result of a dispute between the Company and the note holders, the balloon payment was not made as scheduled in September 2010 and the Company is in dispute with the holder of the note.

On August 6, 2009, the Company completed the sale of an aggregate of \$7.2 million in 10% Convertible Debentures (the "2009 Debentures") to certain accredited investors (the "Holders"). On April 16, 2010, the Company sent a Notice of Redemption to all of the Holders, thereby exercising its right to redeem all of the 2009 Debentures, including the entire outstanding principal amount of all the 2009 Debentures and any accrued but unpaid interest thereon. Upon receipt of such Notice of Redemption, all of the Holders exercised their right to convert the principal amount plus all accrued but unpaid interest thereon of the 2009 Debentures at the conversion price of \$8.75 per share in lieu of

receiving a cash payment (pursuant to the terms of the 2009 Debentures), effective as of May 3, 2010. Accordingly, on May 4, 2010, the Company issued an aggregate of 842,972 shares of its common stock to these Holders, in conversion of an aggregate of \$7.2 million of outstanding principal and an aggregate of \$176,000 of outstanding interest on such 2009 Debentures. As a result of this conversion, the Company made no cash payments to the Holders in connection with the Notice of Redemption. Concurrent with the retirement of the debt, the Company was required to write off, as interest expense, the unamortized portion of its related loan origination costs, amounting to \$274,425.

In connection with the sale of the Debentures, the Company also issued an aggregate of 164,569 detachable warrants (the "Warrants") to the Holders, on a pro-rata basis. The Company issued each Holder a number of Warrants equal

to 20% of the number of shares of common stock into which each Holder's Debenture is convertible. The Warrants have an exercise price of \$8.75 and expire on August 5, 2012. The Warrants provide that the Company has the right to require exercise of the Warrants if the closing price of the Company's common stock for 20 consecutive trading days is at least \$12.25.

The fair value of the warrants issued in the transaction were estimated to be \$539,178 at the date of grant using a Black-Scholes option-pricing model using the following weighted average assumptions:

Volatility	90	%
Expected lives	1.5	years
Expected dividend yield	-	
Risk free rates	1.62	%

The fair value of the warrants has been recognized as a discount to the debt and was being amortized as interest expense over the life of the debt. Upon conversion, the unamortized portion of the discount amounting to \$404,383 was charged to additional paid-in capital.

In connection with the acquisition of Joy Club of Austin in December 2009 (Note N), the Company assumed and entered into certain notes payable aggregating \$2.5 million. These notes bear interest at rates ranging from 4.75% to 7.25% and are payable in monthly installments aggregating \$42,461, including interest. The notes mature in December 2014 and September 2019.

In April 2010, the Company acquired the real estate for the club in Austin, Texas formerly known as Rick's Cabaret, now operated as Jaguars Gold Club. In connection with the purchase, the Company executed a note to the seller amounting to \$2.2 million. The note is collateralized by the real estate and is payable in monthly installments through April 2013 of \$19,774, including principal and interest at the prime rate plus 4.5% with a minimum rate of 7%.

In June 2010, the Company borrowed \$518,192 from a lender. The funds were used to purchase an aircraft. The debt bears interest at 6.30% with monthly principal and interest payments of \$3,803 beginning July 2010. The note matures in June 2030.

On June 25, 2010, the Company completed the sale of an aggregate of approximately \$9.2 million in 10% Convertible Debentures (the "2010 Debentures") to certain accredited investors (the "2010 Holders"). The 2010 Debentures bear interest at the rate of 10% per annum and mature on June 25, 2013. The 2010 Debentures are payable with one initial payment of interest only due December 26, 2010, and, thereafter in ten equal quarterly principal payments, plus accrued interest thereon. At the option of the 2010 Holders, the principal amount of the 2010 Debentures and the accrued but unpaid interest thereon may be converted into shares of the Company's common stock at \$10.25 per share. The 2010 Debentures are redeemable by the Company at any time if the closing price of its common stock for 20 consecutive trading days is at least \$13.47 per share. Considering the cost of the associated warrants and issue costs explained below, the effective interest rate on the 2010 Debentures is 13.1%.

In connection with the sale of the 2010 Debentures in June 2010, the Company also issued an aggregate of 179,513 warrants (the "Warrants") to the 2010 Holders, on a pro-rata basis. The Company issued each Holder a number of Warrants equal to 20% of the number of shares of common stock into which each Holder's 2010 Debenture is convertible. The Warrants have an exercise price of \$10.25 and expire on June 25, 2013. The Warrants provide that the Company has the right to require exercise of the Warrants if the closing price of the Company's common stock for 20 consecutive trading days is at least \$14.35.

The fair value of the warrants was estimated to be \$434,571 in accordance with FASB ASC 820, Fair Value Measurements and Disclosures, using a Black-Scholes option-pricing model using the following weighted average assumptions:

Included in the Company's deferred tax liabilities at September 30, 2010 is approximately \$14.7 million representing the tax effect of indefinite lived intangible assets from club acquisitions which are not deductible for tax purposes. These deferred tax liabilities will remain in the Company's balance sheet until the related clubs are sold.

The Company may recognize the tax benefit from uncertain tax positions only if it is at least more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon settlement with the taxing authorities. We recognize accrued interest related to unrecognized tax benefits as a component of interest expense. We recognize penalties related to unrecognized tax benefits as a component of miscellaneous income (expense) in accordance with regulatory requirements.

The Company recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. During the years ended September 30, 2010 and 2009, the Company recognized approximately \$54,000 and \$78,000, respectively, in interest and penalties. The Company or one of its subsidiaries files income tax

returns in the U.S. federal jurisdiction, and various states. The last three years remain open to tax examination.

H. Put Options and Temporary Equity

As part of certain of the Company's acquisition transactions, we have entered into Lock-Up/Leak-Out Agreements with the sellers pursuant to which, on or after a contractual period after the closing date, the seller shall have the right, but not the obligation, to have the Company purchase from seller a certain number of our shares of common stock issued in the transactions in an amount and at a rate of not more than a contractual number of the shares per month (the "Monthly Shares") calculated at a price per share equal to a contractual value per share ("Value of the Rick's Shares"). At our election during any given month, we may either buy the Monthly Shares or, if we elect not to buy the Monthly Shares from the seller, then the seller shall sell the Monthly Shares in the open market. Any deficiency between the amount which the seller receives from the sale of the Monthly Shares and the value of the shares shall be paid by us within three (3) business days of the date of sale of the Monthly Shares during that particular month. Our obligation to purchase the Monthly Shares from the Seller shall terminate and cease at such time as the seller has received a contractual amount from the sale of the Rick's Shares and any deficiency. Under the terms of the Lock-Up/Leak-Out Agreements, the seller may not sell more than a contractual number of our shares per 30-day period, regardless of whether the seller "Puts" the shares to us or sells them in the open market or otherwise.

During April and May 2009, we completed renegotiation of terms of certain of our long term debt and a significant portion of outstanding put options. Before the renegotiation, the maximum obligation that could be owed if our stock were valued at zero is \$13.9 million and is recorded in our consolidated balance sheet as Temporary Equity. After the renegotiation, the maximum obligation that could be owed if our stock were valued at zero is \$7.8 million at September 30, 2010. If we are required to buy back any of these put options, the buy-back transaction will be purely a balance sheet transaction, affecting only Temporary Equity or Derivative Liability and Stockholders' Equity and will have no income statement effect. The only income statement effect from these put options is the "mark to market" valuation quarterly of the derivative liability as explained in Note B of Notes to Consolidated Financial Statements.

Following is a schedule of the annual obligation (after the renegotiation) we would have if our stock price remains in the future at the closing market price on September 30, 2010 of \$7.28 per share, of which there can be no assurance: (This includes the derivative financial instruments recognized in our consolidated balance sheet at September 30, 2010.)

I. Stock Options

In 1995, the Company adopted the 1995 Stock Option Plan (the "1995 Plan") for employees and directors. In August 1999, the Company adopted the 1999 Stock Option Plan (the "1999 Plan") and in 2010, the Company's Board of Directors approved the 2010 Stock Option Plan (the "2010 Plan") (collectively, "the Plans"). The 2010 Plan will be submitted to the shareholders of the Company for adoption at the 2011 Annual Meeting of Shareholders. The options

granted under the Plans may be either incentive stock options, or non-qualified options. The Plans are administered by the Board of Directors or by a compensation committee of the Board of Directors. The Board of Directors has the exclusive power to select individuals to receive grants, to establish the terms of the options granted to each participant, provided that all options granted shall be granted at an exercise price equal to at least 85% of the fair market value of the common stock covered by the option on the grant date and to make all determinations necessary or advisable under the Plans.

As of September 30, 2010, the range of exercise prices for outstanding options was \$6.75 - \$10.25.

In July 2009, the Company issued 10,000 stock options to each Director who is a member of the Company's Audit Committee, 5,000 options to the Company's other Directors and 10,000 options to an employee. These options (60,000 in total) became exercisable on July 22, 2010, have a strike price of \$8.75 per share and expire in July 2011.

The fair value of options issued for the year ended September 30, 2009 were estimated to be \$176,143 at the date of grant using a Black-Scholes option-pricing model using the following weighted average assumptions:

Volatility	90	%
Expected life	1.5	years
Expected dividend yield	-	
Risk free rate	1.47	%

In September 2010, the Company issued 465,000 stock options under the 2010 Plan to Directors and certain employees. These options became exercisable immediately, have a strike price of \$10.25 per share and expire in September 2012. The fair value of options issued for the year ended September 30, 2010 were estimated to be \$258,439 at the date of grant using a Black-Scholes option-pricing model using the following weighted average assumptions:

Volatility	47	%
Expected life	1.0	years
Expected dividend yield	-	
Risk free rate	0.27	%

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options, which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options. The expected life of awards granted represents the period of time that they are expected to be outstanding. The Company determined the initial expected life based on a simplified method in accordance with ASC 718 (also formerly SAB No. 110, Shared-Based Payment), giving consideration to the contractual terms, vesting schedules and pre-vesting and post-vesting forfeitures.

During the years ended September 30, 2010, 2009 and 2008, the Company recorded \$405,229, \$96,171 and \$157,080 of stock-based compensation, respectively. There is no unamortized stock compensation expense at September 30, 2010.

Leases

The Company leases certain equipment and facilities under operating leases, of which rent expense was approximately \$4.1 million, \$3.7 million and \$2.4 million for the years ended September 30, 2010, 2009 and 2008, respectively. Rent expense for the Company's operating leases, which generally have escalating rentals over the term of the lease, is recorded using the straight-line method over the initial lease term whereby an equal amount of rent expense is attributed to each period during the term of the lease, regardless of when actual payments are made. Generally, this results in rent expense in excess of cash payments during the early years of a lease and rent expense less than cash payments in the later years. The difference between rent expense recognized and actual rental payments is recorded as other long-term liabilities in the consolidated balance sheets.

Future minimum annual lease obligations as of September 30, 2010 are as follows:

Legal Matters

Beginning January 1, 2008, the Company's Texas clubs became subject to a new state law requiring each club to collect and pay a \$5 surcharge for every club visitor. A lawsuit was filed by the Texas Entertainment Association ("TEA"), an organization to which the Company is a member, alleging the fee amounts to be an unconstitutional tax. On March 28, 2008, a State District Court Judge in Travis County, Texas ruled that the new state law violates the First Amendment to the United States Constitution and is therefore invalid. The judge's order enjoined the State from collecting or assessing the tax. The State appealed the Court's ruling. In Texas, when cities or the State give notice of appeal, it supersedes and suspends the judgment, including the injunction. Therefore, the judgment of the District Court cannot be enforced until the appeals are completed. Given the suspension of the judgment, the State has opted to collect the tax pending the outcome of its appeal. On June 5, 2009, the Court of Appeals for the Third District (Austin) affirmed the District Court's judgment that the Sexually Oriented Business ("S.O.B.") Fee violated the First Amendment to the U.S. Constitution. The Attorney General of Texas has asked the Texas Supreme Court to review

the case. On August 26, 2009, the Texas Supreme Court ordered both sides to submit briefs on the merits, while not yet deciding whether to grant the State's Petition for review. The State's brief was filed on September 25, 2009 and the Texas Entertainment Association's brief was filed on October 15, 2009. On February 12, 2010, the

J. Commitments and Contingencies - continued

Legal Matters - continued

Supreme Court of Texas granted review of the Petition by the Attorney General of Texas. Oral argument of the matter was heard on March 25, 2010. The Company is awaiting a ruling from the Texas Supreme Court.

The Company has paid the tax for the first five calendar quarters under protest and expensed the tax in the accompanying consolidated financial statements, except for two locations in Dallas where the taxes have not been paid, but the Company is accruing and expensing the liability. For the subsequent quarters, as a result of the Third Court's decision, the Company accrued the fee, but did not pay the State. As of September 30, 2010, the Company has approximately \$4 million in accrued liabilities for this tax. Patron tax expense amounted to \$2.8 million, \$1.8 million and \$1.4 million for the years ended September 30, 2010, 2009 and 2008, respectively. The Company has paid more than \$2 million to the State of Texas since the inception of the tax. The Company's Texas clubs have filed a separate lawsuit against the State to demand repayment of the taxes. If the State's appeal ultimately fails, the Company's current amount paid under protest would be repaid or applied to future admission tax and other Texas state tax liabilities.

Tax Matters

The Company's club in Las Vegas has recently been audited by the Department of Taxation of the State of Nevada for sales and other taxes. The audit period was from the date of opening in September 2008 through July 31, 2010. As a result of the audit, the Department of Taxation contends that the Company owes approximately \$800,000, including penalties and interest for Las Vegas Live Entertainment Taxes. The Company does not believe it is subject to the Live Entertainment Tax and is protesting the audit results. Accordingly, the Company has not accrued the contingent liability in the accompanying consolidated financial statements. It is unknown at this time whether the resolution of this uncertainty will have a material effect on the Company's operations.

K. Segment Information

The following information is presented in accordance with FASB ASC 280, Segment Reporting. The Company is engaged in adult nightclubs, adult entertainment websites ("Internet") and adult entertainment magazines and trade shows ("Media"). The Company has identified such segments based on management responsibility and the nature of the Company's products, services and costs. There are no major distinctions in geographical areas served as all operations are in the United States. The Company measures segment profit (loss) as income (loss) from operations. Total assets are those assets controlled by each reportable segment.

For accounting purposes, the Company's investment is only \$751,000, due to the previous losses of the minority interest which have been expensed. The full results of operations of this entity are included in the Company's results of operations since March 31, 2008.

Golding, Meyer and McClure, for an aggregate total of 152,082 shares (collectively, the "Rick's Club Shares") to be valued at \$23.30 per share and \$46,490 in cash. As consideration for the purchase of the Real Property, RCI paid total consideration of \$5.6 million, which was paid (i) \$4.3 million, payable \$610,000 in cash and \$3.6 million through the issuance of a five year promissory note (the "Promissory Note") and (ii) the issuance of 57,918 shares of the Company's restricted common stock (the "Rick's Real Property Shares") to be valued at \$23.30 per share. The Promissory Note bears interest at a varying rate at the greater of (i) two percent (2%) above the Prime Rate or (ii) seven and one-half percent (7.5%), and is guaranteed by Rick's and Eric Langan, individually. At Closing, the Parties entered into an Amendment to Purchase

Agreement solely to provide for the Sellers to set aside 10,500 Rick's Club Shares under an Escrow Agreement for the offset of certain liabilities of the Partnership. The Company also incurred costs in the amount of \$37,848, which was paid in cash.

until April 11, 2010, at the rate of 4,347 shares per month from April 11, 2010 until April 11, 2012 and thereafter at the rate of 3,621 shares per month until each of the individual Sellers has received a total of \$1.3 million from the sale of the Rick's Club Shares. At the Company's election during any given month, the Company may either buy the Monthly Club Shares or, if the Company elects not to buy the Monthly Club Shares from the Sellers, then the Sellers shall sell the Monthly Club Shares in the open market. Any deficiency between the amount, which the Sellers receive from the sale of the Monthly Club Shares and the Value of the Rick's Club Shares shall be paid by the Company within three business days of the date of sale of the Monthly Club Shares during that particular month. The Company's obligation to purchase the Monthly Club Shares from the Sellers shall terminate and cease at such time as the Sellers have received an aggregate total of \$3.8 million from the sale of the Rick's Club Shares and any deficiency.

Additionally, at Closing and as amended in May 2009, DPC entered into a Lock-Up/Leak-Out Agreement pursuant to which on or after one year after the closing date, DPC shall have the right, but not the obligation to have Rick's purchase from DPC not more than 828 Shares per month (the "Monthly Real Estate Shares"), calculated at a price per share equal to \$25.00 per share ("Value of the Rick's Real Estate shares") from April 11, 2009 until April 11, 2010, at the rate of 1,653 shares per month from April 11, 2010 until April 11, 2012 and thereafter at the rate of 1,379 shares per month until DPC has received a total of \$1.5 million from the sale of the Rick's Real Estate Shares. At the Company's election during any given month, the Company may either buy the Monthly Real Estate Shares or, if the Company elects not to buy the Monthly Real Estate Shares from DPC, then DPC shall sell the Monthly Real Estate Shares in the open market. Any deficiency between the amount which DPC receives from the sale of the Monthly Real Estate Shares and the Value of the Rick's Real Estate Shares shall be paid by the Company within three business days of the date of sale of the Monthly Real Estate Shares during that particular month. The Company's obligation to purchase the Monthly Real Estate Shares from DPC shall terminate and cease at such time as DPC has received an aggregate total of \$1.5 million from the sale of the Rick's Real Estate Shares and any deficiency.

The only consideration required by the Company in the amendment of the terms of these put options was the granting of a second lien on the related club property in Dallas, Texas. The granting of the second lien for the "Dallas sellers" put options necessitates derivative liability accounting, as required by FASB ASC 815. These put options have been transferred from temporary equity to derivative liabilities, measured at fair value, effective as of the date of the modifications. The liabilities will continue to be recognized each quarter at fair value and the change in fair value recognized in the statement of income.

Finally, at Closing each of the Sellers entered a five year Non-Competition Agreement with the Company pursuant to which they agreed not to compete with the Company in Dallas County or any adjacent county.

The following information summarizes the allocation of fair values assigned to the assets and liabilities at the acquisition date based on a preliminary valuation. - (iii) 200,000 shares of restricted common stock, par value \$0.01 of Rick’s (the “Rick’s Shares”) issued to the Seller, valued at \$13.77 per share.

As part of the transaction and as amended in April 2009, the Company entered into a Lock-Up/Leak-Out Agreement with the Seller pursuant to which, on or after seven months after the closing date, the Seller shall have the right, but not the obligation, to have Rick’s purchase from Seller a total of 150,000 of the Rick’s Shares (“Rick’s Put Share”) in an amount and at a rate of not more than the following number of the Rick’s Put Shares per month (the “Monthly Shares”) calculated at a price per share equal to \$20.00 per share (“Value of the Rick’s Shares”):

- o from April 5, 2009 until May 4, 2009, up to a total of 15,000 shares;
- o from May 5, 2009 until November 5, 2009 at a rate of 3,000 shares per month;
- o from November 5, 2009 until May 4, 2010 at a rate of 4,000 shares per month;
- o from May 5, 2010 until November 4, 2010 at a rate of 5,000 shares per month; and
- o from November 5, 2010 until October 4, 2011 at a rate of 6,000 shares per month.

At the Company’s election during any given month, the Company may either buy the Monthly Shares or, if the Company elects not to buy the Monthly Shares from the Seller, then the Seller shall sell the Monthly Shares in the open market. Any deficiency between the amount which the Seller receives from the sale of the Monthly Shares and the Value of the Rick’s Shares shall be paid by us within three business days of the date of sale of the Monthly Shares during that particular month. The Company’s obligation to purchase the Monthly Shares from the Seller shall terminate and cease at such time as the Seller has received a total of \$3 million from the sale of the Rick’s Shares and any deficiency. Under the terms of the Lock-Up/Leak-Out Agreement, Seller may not sell more than 25,000 Rick’s Shares per 30-day period, regardless of whether the Seller “Puts” the Rick’s Put Shares to Rick’s or sells them in the open market or otherwise. No consideration was required by the Company to renegotiate the terms of these put options.

Upon closing of the transaction, the Company entered a two-year Non-Compete Agreement with DeGori (the “DeGori Non-Compete Agreement”) pursuant to which DeGori agreed not to compete with the Club by operating an establishment serving liquor and providing live female nude or semi-nude adult entertainment in Clark County, Nevada or in a radius of 25 miles of Clark County, Nevada; provided, however, that the Non-Competition Agreement specifically excluded the Penthouse Club and the Bada Bing Club located in Clark County, Nevada. The Company agreed to pay DeGori cash consideration of \$66,667 for entering into the Non-Competition Agreement. Additionally, at Closing, the Company also entered into a 12-month Consulting Agreement with DeGori (the “Consulting Agreement”) for a total aggregate of \$133,333 in consulting fees payable in 18 equal monthly payments of \$7,407 per month with the first payment due October 15, 2008. Item 9A. Controls and Procedures.

Effectiveness of Disclosure Controls and Procedure

In accordance with Rule 13a-15(b) of the Exchange Act, as of the end of the period covered by this Annual Report on Form 10-K, management evaluated, with the participation of our principal executive officer and principal financial officer, the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on their evaluation of these disclosure controls and procedures, they have concluded that our disclosure controls and procedures were effective as of the date of such evaluation.

Management's Annual Report on Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Management assessed the effectiveness of our internal control over financial reporting as of September 30, 2010. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in "Internal Control—Integrated Framework". Based on this assessment, we believe that, as of September 30, 2010, our internal control over financial reporting was effective based on those criteria. Our internal control over financial reporting as of September 30, 2010, has been audited by Whitley Penn LLP, an independent registered public accounting firm, as stated in their report which is included herein.

Changes in Internal Controls over Financial Reporting

During the three months ended September 30, 2010, there have been no changes in our internal control over financial reporting that have materially affected or are reasonably likely to materially affect internal control over financial reporting.

### COMPENSATION COMMITTEE

The Company has a Compensation Committee whose members are Steven Jenkins, Nour-Dean Anakar and Luke Lirot. Decisions concerning executive officer compensation for the fiscal year ended September 30, 2010 were made by the Compensation Committee. Eric S. Langan and Travis Reese are the only directors of the Company who are also officers of the Company. The primary purpose of the Compensation Committee is to evaluate and review the compensation of executive officers.

### COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own beneficially more than ten percent of our common stock, to file reports of ownership and changes of ownership with the Securities and Exchange Commission. Based solely on the reports we have received and on written representations from certain reporting persons, we believe that the directors, executive officers, and greater than ten percent beneficial owners have complied with all applicable filing requirements during the fiscal year ended September 30, 2010, with the exception of an exit filing on Form 5 which we believe is due for the Estate of Ralph McElroy.

### CODE OF ETHICS

We have adopted a code of ethics for our Principal Executive and Senior Financial Officers, which is attached as Exhibit 14 to this Form 10-K.

Item 11. Executive Compensation.

### COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis describes the material elements of the Company's compensation programs as they relate to our executive officers who are listed in the compensation tables appearing below. This compensation discussion and analysis focuses on the information contained in the following tables and related footnotes. The individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2010, as well as the other individuals included in the Summary Compensation Table, are referred to as the "named executive officers."

#### Overview of Compensation Committee Role and Responsibilities

The Compensation Committee of the Board of Directors oversees our compensation plans and policies, reviews and approves all decisions concerning the named executive officers' compensation, which may further be approved by the Board, and administers our stock option and equity plans, including reviewing and approving stock option grants and equity awards under the plans. The Compensation Committee's membership is determined by the Board and is

composed entirely of independent directors.

Management plays a role in the compensation-setting process. The most significant aspects of management's role are to evaluate employee performance and recommend salary levels and equity compensation awards. Our Chief Executive Officer often makes recommendations to the Compensation Committee and the Board concerning compensation for other executive officers. Our Chief Executive Officer is a member of the Board but does not participate in Board decisions regarding any aspect of his own compensation. The Compensation Committee can retain independent advisors or consultants.

## Table of Contents

### Compensation Committee Process

The Compensation Committee reviews executive compensation in connection with the evaluation and approval of an employment agreement, an increase in responsibilities or other factors. With respect to equity compensation awarded to other employees, the Compensation Committee or the Board grants stock options, often after receiving a recommendation from our Chief Executive Officer. The Compensation Committee also evaluates proposals for incentive and performance equity awards, and other compensation.

### Compensation Philosophy

The Compensation Committee emphasizes the important link between the Company's performance, which ultimately affects stockholder value, and the compensation of its executives. Therefore, the primary goal of the Company's executive compensation policy is to try to align the interests of the executive officers with the interests of the stockholders. In order to achieve this goal, the Company attempts to, (i) offer compensation opportunities that attract and retain executives whose abilities and skills are critical to the long-term success of the Company and reward them for their efforts in ensuring the success of the Company, (ii) align the Company's compensation programs with the Company's long-term business strategies and objectives, and (iii) provide variable compensation opportunities that are directly linked to the Company's performance and stockholder value, including an equity stake in the Company. Our named executive officers' compensation utilizes two primary components — base salary and long-term equity compensation — to achieve these goals. Additionally, the Compensation Committee may award discretionary bonuses to certain executives based on the individual's contribution to the achievement of the Company's strategic objectives.

### Setting Executive Compensation

We fix executive base compensation at a level we believe enables us to hire and retain individuals in a competitive environment and to reward satisfactory individual performance and a satisfactory level of contribution to our overall business goals. We also take into account the compensation that is paid by companies that we believe to be our competitors and by other companies with which we believe we generally compete for executives.

In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, our company's overall performance and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation. The Compensation Committee also endeavors to properly allocate between cash and non-cash compensation and between annual and long-term compensation.

### Base Salary

The Company provides executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Subject to the provisions contained in employment agreements with executive officers concerning base salary amounts, base salaries of the executive officers are established based upon compensation data of comparable companies in our market, the executive's job responsibilities, level of experience, individual performance and contribution to the business. We believe it is important for the Company to provide adequate fixed compensation to highly qualified executives in our competitive industry. In making base salary decisions, the Compensation Committee uses its discretion and judgment based upon personal knowledge of industry practice but does not apply any specific formula to determine the base salaries for the executive officers.

### Equity-Based Awards—Equity Compensation Plans

The Compensation Committee uses equity awards, usually in the form of stock options, primarily to motivate our named executive officers to realize benefits from longer-term strategies that increase stockholder value, and to promote commitment and retention. Equity awards vest upon the achievement of performance criteria that the Company believes are critical to its long-term success.

Table of Contents

The Compensation Committee believes that stock options are an important form of long-term incentive compensation because they align the executive officer's interests with the interests of stockholders, since the options have value only if our stock price increases over time. From time to time, the Compensation Committee may consider circumstances that warrant the grant of full value awards such as restricted stock units. Examples of these circumstances include, among others, attracting a new executive to the team; recognizing a promotion to the executive team; retention; and rewarding outstanding long-term contributions.

Our equity grant practices require that stock options and other equity compensation have prices determined based on at least the fair market value on the date of grant. The fair market value of our stock option awards has historically been the NASDAQ closing price on the date of grant.

## Retirement Savings Plan

The Company maintains a retirement savings plan for the benefit of our executives and employees. Our Simple IRA Plan is intended to qualify as a defined contribution arrangement under the Internal Revenue Code (the "Code"). Participants may elect to defer a percentage of their eligible pretax earnings each year or contribute a fixed amount per pay period up to the maximum contribution permitted by the Code. All participants' plan accounts are 100% vested at all times. All assets of our Simple IRA Plan are currently invested, subject to participant-directed elections, in a variety of mutual funds chosen from time to time by the Plan Administrator. Distribution of a participant's vested interest generally occurs upon termination of employment, including by reason of retirement, death or disability. We make certain matching contributions to the Simple IRA Plan.

## Perquisites and Other Personal Benefits

The Company's executive officers participate in the Company's other benefit plans on the same terms as other employees. These plans include medical, dental, life and disability insurance. Relocation benefits also are reimbursed and are individually negotiated when they occur. The Company reimburses each executive officer for all reasonable business and other expenses incurred by them in connection with the performance of their duties and obligations under their employment agreements. The Company does not provide named executive officers with any significant perquisites or other personal benefits except for an auto for each executive's business use.

The following table reflects all forms of compensation for services to us for the fiscal years ended September 30, 2010 and 2009 of certain executive officers.

**EMPLOYEE STOCK OPTION PLANS**

While we have been successful in attracting and retaining qualified personnel, we believe that our future success will depend in part on our continued ability to attract and retain qualified personnel. We pay wages and salaries that we believe are competitive. We also believe that equity ownership is an important factor in our ability to attract and retain skilled personnel. We have adopted stock option plans (the "Plans") for employees and directors. The purpose of the Plans is to further the interests of the Company, our subsidiaries and our stockholders by providing incentives in the form of stock options to key employees and directors who contribute materially to our success and profitability. The grants recognize and reward outstanding individual performances and contributions and will give such persons a proprietary interest in us, thus enhancing their personal interest in our continued success and progress. The Plans also assist us and our subsidiaries in attracting and retaining key employees and directors. The Plans are administered by the Board of Directors. The Board of Directors has the exclusive power to select the participants in the Plans, to establish the terms of the options granted to each participant, provided that all options granted shall be granted at an exercise price equal to at least 85% of the fair market value of the common stock covered by the option on the grant date and to make all determinations necessary or advisable under the Plans.

In August 1999, we adopted the 1999 Stock Option Plan (the "1999 Plan") with 500,000 shares authorized to be granted and sold under the 1999 Plan. In August 2004, shareholders approved an Amendment to the 1999 Plan (the "Amendment") which increased the total number of shares authorized to 1 million. In July 2007, shareholders approved an Amendment to the 1999 Plan (the "Amendment"), which increased the total number of shares authorized to 1.5 million. The 1999 Plan was terminated by law in July 2009. Our Board of Directors approved the 2010 Stock Option Plan on September 30, 2010. The 2010 Plan will be submitted to the shareholders of the Company for adoption at the 2011 Annual Meeting of Shareholders. As of September 30, 2010, there are 565,000 stock options outstanding.

The following table sets forth all equity compensation plans as of September 30, 2010:
