Annual Meeting of Shareholders

April 16, 2014

Proxy Statement

## SOLICITATION OF PROXIES

This Proxy Statement and the enclosed proxy are being furnished to holders of common stock, no par value, of Universal Forest Products, Inc. (the "Company"). Our Board of Directors (the "Board") is soliciting proxies for use at our Annual Meeting of Shareholders to be held on April 16, 2014, and at any adjournment of that meeting, at our Technology and Training Building, 2880 East Beltline Lane NE, Grand Rapids, MI 49525, at 8:30 a.m. local time. Registration for the meeting begins at 8:00 a.m.

## VOTING AT THE MEETING

If the enclosed Proxy is properly signed and returned, the shares represented by the proxy will be voted at our Annual Meeting of Shareholders and at any adjournment of the meeting. If a shareholder specifies a choice, the proxy will be voted as specified. If no choice is specified, the shares represented by the proxy will be voted for the election of all nominees named in the Proxy Statement, for the ratification of the appointment of our independent registered public accounting firm, for the proposal to approve our executive compensation (on an advisory basis), and in accordance with the judgment of the persons named as proxies with respect to any other matter which may come before the meeting.

In accordance with the rules promulgated by the Securities and Exchange Commission ("the SEC"), we have elected to use the Internet as our primary means of providing our proxy materials to our shareholders. Unless requested, shareholders will not receive paper copies of our proxy materials. Instead, we will mail our shareholders a Notice of Internet Availability of Proxy Materials with instructions for accessing our proxy materials and for voting via the Internet or telephone. The Notice of Internet Availability of Proxy Materials will also provide information on how shareholders may obtain paper copies of proxy materials free of charge, if they so choose.

Returning your completed proxy will not prevent you from voting in person at our Annual Meeting of Shareholders, if you wish to do so. In addition, you may revoke your proxy at any time before it is voted, by written notice to our secretary prior to our Annual Meeting of Shareholders, by submission of a later-dated proxy, or by the withdrawal of your proxy and voting in person at our Annual Meeting of Shareholders.

1

---

The cost of the solicitation of proxies will be paid by our Company. In addition to the use of the United States Postal Service, proxies may be solicited personally, by telephone, by facsimile, or by electronic mail by our employees who will not receive additional compensation for soliciting proxies. We do not intend to pay any compensation for the solicitation of proxies, except that we will reimburse brokers, nominees, custodians, and other fiduciaries for their expenses in connection with sending materials to beneficial owners and obtaining their proxies.

#### VOTING SECURITIES

Holders of record of common stock at the close of business on February 18, 2014, will be entitled to vote at our Annual Meeting of Shareholders. As of February 18, 2014, there were 19,949,975 shares of common stock outstanding. The presence in person or by proxy of at least 51% of such shares constitutes a quorum. A shareholder is entitled to one vote for each share of common stock registered in the shareholder's name at the close of business on February 18, 2014. Under Michigan law, abstentions are treated as present and entitled to vote and therefore count in determining the presence of a quorum. A broker non-vote on a matter is considered not entitled to vote on that matter and, therefore, is not counted in determining (1) the existence of a quorum, or (2) whether a matter requiring approval of a majority of the shares present and entitled to vote has been approved. A broker non-vote occurs when a broker or similar holder has not received voting instructions from the beneficial holder of these shares and is barred from exercising its discretionary authority to vote the shares because the proposal is "non-routine." Votes cast at the meeting or submitted by proxy will be counted by inspectors of the meeting appointed by our Company. There is no right to cumulative voting on any matter.

#### ELECTION OF DIRECTORS

Our Board presently consists of ten members. These members are divided into three classes, as equal in number as possible, with the classes to hold office for staggered terms of three years each. Our Board has nominated incumbent directors Gary F. Goode, Mark A. Murray, and Mary E. Tuuk to three-year terms expiring at our 2017 Annual Meeting of Shareholders. Director John W. Garside, who has been a director since 1993, is not seeking re-election to our Board. We thank him for his service and guidance, as well as the insight he provided to our Company during his term. Mr. Garside's term expires at our 2014 Annual Meeting of Shareholders, after which our Board will consist of nine members. Mr. Goode and Mr. Murray are incumbent directors previously elected by our shareholders. Ms. Tuuk was appointed as a director in January of this year.

The persons named as proxy holders in the accompanying proxy will vote for the above-named nominees, unless a shareholder directs them differently by proxy. If a nominee is not available for election as a director at the time of the Annual Meeting of Shareholders (a situation which is not now anticipated), the Board may designate a substitute nominee, and the accompanying proxy will be voted for the substituted nominee.

A plurality of the votes cast at the Annual Meeting of Shareholders is required to elect the nominees as directors. Accordingly, the three individuals who receive the greatest number of votes cast at the meeting will be elected as directors. Shares not voted at the meeting, whether by abstention, broker non-vote, or otherwise, will not be treated as votes cast at the meeting.

The Board of Directors recommends a vote “FOR” the election of each person nominated by the Board.

The following table provides certain biographical information for each person who is nominated for election as a director at our Annual Meeting of Shareholders and for each person who is continuing as an incumbent director. The information was provided to us as of January 31, 2014 by the respective nominees and directors.

## CORPORATE GOVERNANCE AND BOARD MATTERS

For many years, our Board has been committed to sound and effective corporate governance practices. The Board has documented those practices in our Corporate Governance Principles (the "Principles"). These Principles address director qualifications, director responsibilities, periodic performance evaluations, stock ownership guidelines, and a variety of other corporate governance matters. These Principles also require the Board to have an Audit Committee, Nominating and Corporate Governance Committee, and a Personnel and Compensation Committee. Our Corporate Governance Principles, along with the charters of each of these committees, are available for review on our website at [www.ufpi.com](http://www.ufpi.com) under the tab "Investor Relations."

Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers

We have adopted a Code of Business Conduct and Ethics that applies to our employees, officers, and directors. We have also adopted a Code of Ethics for Senior Financial Officers. Each Code is posted on our website, and any changes or waiver to either code will be disclosed on our website at [www.ufpi.com](http://www.ufpi.com) under the tab "Investor Relations."

Affirmative Determination Regarding Director Independence and Other Matters

As required by our Corporate Governance Principles, our Board has determined each of the following directors to be an "independent director," under the Nasdaq Stock Market Rules (the "Nasdaq Standard"): John M. Engler, John W. Garside, Gary F. Goode, Bruce A. Merino, Mark A. Murray, Thomas W. Rhodes, Louis A. Smith, and Mary E. Tuuk. There are no family relationships between or among the directors and our executive officers.

To assist our Board, the Nominating and Corporate Governance Committee reviewed the applicable legal standards for director and board committee independence, as well as the criteria applied to determine "audit committee financial expert" status and the answers to annual questionnaires completed by each of the directors. On the basis of this review, the Nominating and Corporate Governance Committee delivered a report to the full Board, and the Board made its independence and "audit committee financial expert" determinations based upon that report and each member's review of the information made available to the Nominating and Corporate Governance Committee.

The effectiveness of each of our directors is monitored through the use of an annual assessment. Our Board does not have a mandatory retirement age policy. We believe that the ability of a Board member to add value to our Company is not dependent on age; rather, it is based on the director's actual performance. As a result, we expect that some directors will not serve until a typical retirement age, while others may serve longer.

Committees

Audit Committee. Each member of the Audit Committee is "independent" under the Nasdaq Standard as well as the applicable rules of the SEC for audit committee membership. Our Board has determined that Mr. Goode and Mr. Murray each qualify as an "audit committee financial expert," as defined in Item 407(d) of Regulation S-K of the Securities Exchange Act of 1934 (the "Exchange Act"). The full responsibilities of the Audit Committee are set forth in the Audit Committee Charter. In general, the primary purpose of this Committee is to assist the Board in overseeing management's conduct of our financial reporting processes and system of internal controls regarding finance, accounting, legal compliance, and ethics. During 2013, the Audit Committee held six meetings.

Personnel and Compensation Committee. Each member of this Committee is “independent” under the Nasdaq Standard. The Committee is responsible for reviewing and recommending to the Board the timing and amount of compensation for key employees, including salaries, bonuses, and other benefits, as well as director compensation. This Committee is also responsible for administering our equity-based incentive plans and for reviewing compensation plans and awards as they relate to key employees. The Committee has the authority to retain consultants and third-party advisors for assistance. The Committee has the ultimate authority to determine matters of executive compensation; however, it may rely upon recommendations of our Chief Executive Officer for matters of compensation for officers and Named Executives (as defined in the Summary Compensation Table), other than the Chief Executive Officer. Additional information on the Committee's role and practices involving executive compensation is described in the Compensation Discussion and Analysis in this Proxy Statement. The full responsibilities of the Personnel and Compensation Committee are set forth in its Charter. During 2013, the Personnel and Compensation Committee held two meetings.

Nominating and Corporate Governance Committee. Each member of the Nominating and Corporate Governance Committee is "independent" under the Nasdaq Standard. The Nominating and Corporate Governance Committee considers and proposes director nominees to the Board for election by our shareholders, selects candidates to fill Board vacancies as they may occur, makes recommendations to the Board regarding Board committee memberships, reviews succession planning for the Chief Executive Officer, generally monitors our corporate governance system, and performs any other functions or duties deemed appropriate by our Board. The full responsibilities of the Nominating and Corporate Governance Committee are set forth in its Charter. The Committee and Board adopted a Policy Governing Director Qualifications and Nominations, the details of which are described below, which include certain minimum qualification and board composition standards. During 2013, the Nominating and Corporate Governance Committee held three meetings.

Shareholder Nominees for Director. Our Articles of Incorporation contain certain procedural requirements applicable to shareholder nominations of directors. A shareholder who wishes to nominate a person to serve as a director must provide us with written notice. The notice must include: (1) the name and address of both the shareholder who intends to make the nomination and the person or persons nominated; (2) a representation that the shareholder is a current holder of record, will continue to hold those shares through the date of the meeting, and intends to appear in person or by proxy at the meeting; (3) a description of all arrangements between the shareholder and each nominee; (4) the information regarding each nominee as would be required to be included in a proxy statement filed under Regulation 14A of the Exchange Act had the nominee been nominated by the Board; and (5) the consent of each nominee to serve as director. The nominee's written consent to the nomination and sufficient background information on the candidate must be included to enable the Nominating and Corporate Governance Committee to make proper assessments as to his or her qualifications. Nominations must be addressed to the Chairman of the Nominating and Corporate Governance Committee at our headquarters, and must be received no fewer than 60 days but not more than 90 days prior to our Annual Meeting of Shareholders.

Director Qualifications and Requirements. Our Board has adopted a Policy Governing Director Qualifications and Nominations (the “Policy”). The Policy is included in the Committee’s Charter, which is available on our Company’s website. The Policy sets forth the general process the Committee is required to follow for identifying and evaluating director nominees, including nominees recommended by shareholders. Under the Policy, the Committee has the authority to seek director candidates from any source deemed appropriate, including recommendations of candidates submitted by shareholders. The Policy requires the Committee to evaluate all proposed director candidates in the same manner, irrespective of the source of the initial recommendation of the proposed candidate.

The Policy includes minimum qualification standards, Board composition standards, and additional qualification criteria. With respect to the former, the Policy requires that the Committee be satisfied that each recommended nominee meet the following qualifications:

(1) Integrity. The candidate must exhibit high standards of personal integrity and ethical character.

Absence of Conflicts of Interest. The candidate must not have any interests that would impair his or her ability to (2)(i) exercise independent judgment, or (ii) otherwise discharge the fiduciary duties owed as a director to our Company and its shareholders.

(3) Fair and Equal Representation. The candidate must be able to represent fairly and equally all shareholders of our Company, without favoring or advancing any particular shareholder or other constituency.

(4) Experience. The candidate must have experience at a strategic, policy making, or senior management level in a business, government, non-profit, or academic organization of high standing.

Business Understanding. The candidate must have a general appreciation regarding major issues facing public (5) companies of a size and operational scope similar to the Company, including contemporary governance concerns, regulatory obligations of a public issuer, strategic business planning, and basic concepts of corporate finance.

(6) Available Time. The candidate must have, and be prepared to devote, adequate time to our Board and its committees.

In addition to these minimum qualification criteria, the Committee is required to recommend Board candidates to help ensure that a majority of our Board is independent, that each of the Audit, Personnel and Compensation, and Nominating and Corporate Governance Committees is comprised entirely of independent directors, and that at least one member of the Audit Committee qualifies as an Audit Committee financial expert. The Committee and our Board also consider diversity in their identification of director candidates. Diversity in business and professional experience, education, and background benefit our Company by increasing the range of skills and perspectives available to our Board. Director nominees are selected without regard to race, gender, religious belief, or national origin. Our Board believes that adherence to these principles will provide an environment and practices that will yield the best return for our shareholders.

The Committee has, to date, not paid any third-party fees to assist in identifying and evaluating nominees. The Committee has not received any recommended nominations from any of our shareholders in connection with our 2014 Annual Meeting of Shareholders.

## Communications with the Board

Generally, shareholders who have questions or concerns regarding our Company should contact Investor Relations at 800-598-9663. However, any shareholder who wishes to address questions regarding the business or affairs of our Company directly with the Board or any individual director should direct his or her questions in writing to our Secretary at 2801 East Beltline NE, Grand Rapids, MI 49525. Our Secretary has been directed to promptly forward all communications to the full Board or the specific director indicated in the letter.

## Meeting Attendance

Each director is expected to make a reasonable effort to attend all meetings of our Board, applicable committee meetings, and the Annual Meeting of Shareholders. All but one of our directors attended our 2013 Annual Meeting of Shareholders. During the last fiscal year, there were four regular meetings of the Board, and the Board took action by unanimous written consent on one occasion. All of the directors attended all of the Board and Committee meetings for which they were eligible to attend. During fiscal 2013, the independent members of our Board met in executive session, without the presence of management, on four occasions.

## Leadership Structure and the Board's Role in Risk Oversight

William G. Currie, our current Chairman of the Board, was formerly our Company's Chief Executive Officer and served as Executive Chairman until his retirement from our Company in July 2009. While Mr. Currie now qualifies as an independent director under the NASDAQ Standard, our Board continues to regularly hold sessions of its meetings that are exclusively attended by independent directors, excluding the presence of Mr. Currie. Louis A. Smith serves as Lead Director to chair the meetings of independent directors, to communicate actions requested by the independent directors, and to serve as a liaison between the independent directors and our Chief Executive Officer. Mr. Smith receives \$10,000 per year for serving in this capacity. We believe that the governance of our Board, as currently constituted, is more effective by separating the offices of chairman of the board and chief executive officer.

Our Board of Directors, through its three committees, has an advisory role in risk oversight for our Company. Company management maintains primary responsibility for the risk management of our Company. The current trends toward increased regulation, litigation, and political volatility make it extremely difficult to predict the type and magnitude of risks facing our Company. In spite of this unpredictability, our Board relies on the representations of management, periodic reports from our independent auditors, as well as internal audit services performed by a third party, our Company's systems of internal controls, our Company's insurance advisors, and the historically conservative practices of our Company to provide comfort on our Company's ability to manage its risks. Management's discussion of current risk factors are set forth in our Company's Annual Report on Form 10-K.

RATIFICATION OF DELOITTE & TOUCHE LLP AS INDEPENDENT  
REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2014

The Audit Committee of the Board completed a competitive process for purposes of selecting an audit firm to serve as the Company's independent registered public accounting firm for the fiscal year ending December 27, 2014. Effective February 27, 2014, the Audit Committee approved the engagement of Deloitte & Touche LLP ("Deloitte") as the Company's independent registered public accounting firm for purposes of auditing the Company's financial statements, effective as of that date. This selection resulted in the dismissal of Ernst & Young LLP ("E&Y"), which had served that role until that date.

The audit reports of E&Y on the consolidated financial statements of the Company as of and for the years ended December 29, 2012 and December 28, 2013, did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

During the two most recent calendar years ending December 29, 2012 and December 28, 2013, and from December 28, 2013 through February 27, 2014, the effective date of E&Y's dismissal (the "Relevant Period"), there have been no (i) disagreements between the Company and E&Y on any matters of accounting principle or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to E&Y's satisfaction, would have caused E&Y to make reference to the subject matter of such disagreements in connection with its reports for those years, or (ii) reportable events as described in Item 304(a)(1)(v) ("Reportable Events") of Regulation S-K.

During the Relevant Period, neither the Company nor (to the Company's knowledge) anyone acting on behalf of the Company, consulted with Deloitte regarding either (i) the application of accounting principles to a specified transaction (either completed or proposed), (ii) the type of audit opinion that might be rendered on the Company's financial statements, or (iii) any matter that was either the subject matter of a "disagreement," as described in Item 304(a)(1) of Regulation S-K, or a Reportable Event.

We are asking our shareholders to ratify the selection of Deloitte as our independent registered public accounting firm. Although ratification is not legally required, the Board is submitting the selection of Deloitte to our shareholders for ratification as a matter of good corporate governance. Representatives of Deloitte are expected to be present at our Annual Meeting of Shareholders to respond to appropriate questions and to make such statements as they may desire.

The affirmative vote of the holders of the majority of the shares represented in person or by proxy and entitled to vote on this item will be required for approval. Abstentions and broker non-votes will not be treated as votes cast in this matter. Unless otherwise instructed by you, brokers, banks, and other street-named holders will have the discretionary authority to vote your shares on this matter.

If our shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee and the Board. Even if the selection is ratified, the Audit Committee, at its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of our Company and our shareholders.

The Board of Directors recommends a vote “FOR” this proposal to ratify the appointment of Deloitte as our Company's independent registered public accounting firm for fiscal 2014.

#### INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM – DISCLOSURE OF FEES

As explained above, E&Y served as our independent registered public accounting firm for the fiscal years ended December 29, 2012 and December 28, 2013. The following table sets forth the fees we paid to E&Y for those years, all of which were pre-approved by the Audit Committee.

	2013	2012
Audit Fees <sup>(1)</sup>	\$691,000	\$537,000
Audit Related Fees	0	0
Tax Fees	0	0
All Other Fees	0	0
Total	\$691,000	\$537,000

(1) Includes annual audit, quarterly reviews, audit of internal controls, consultation, and preferability letter related to goodwill evaluation.

Audit Committee Pre-Approval Policy. The Audit Committee has established a pre-approval policy and procedures for audit, audit-related, and tax services that can be performed by our independent registered public accounting firm. The policy sets out the specific services that must be pre-approved by the Audit Committee, and places limitations on the scope of these services while ensuring that the independence of the auditors to audit our financial statements is not impaired. The policy prohibits us from retaining E&Y for services which are proscribed by rules of the SEC. In addition, the policy requires disclosure of non-audit services performed by our auditors. The pre-approval policy does not include a delegation of the Audit Committee's responsibilities and authority under the pre-approval policy.

ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

At our Annual Meeting on April 13, 2011, our shareholders advised us that they prefer to vote, on an advisory basis, on the approval of our executive compensation each year. Accordingly, we are offering our shareholders the opportunity to vote, on an advisory basis, on the approval of the compensation of our Named Executives. Because your vote is advisory, it will not be binding on our Board. However, our Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Our Company has had a long-standing tradition of delivering results to our shareholders. Because the compensation of our executives has been closely linked to Company performance, our executive compensation programs have played a major role in our ability to drive strong financial results and attract and retain a highly experienced, successful team to manage our Company.

We believe our executive compensation programs are effective and structured in a manner that (a) is consistent with our compensation philosophy and objectives (as described in our Compensation Discussion and Analysis below), (b) promotes our business objectives, and (c) supports our culture and traditions that have existed for over 58 years.

Our compensation programs are substantially tied to our key business objectives and the success of our shareholders. If the value we deliver to our shareholders declines, so does the compensation we deliver to our executives. We closely monitor the compensation programs and pay levels of executives of companies of similar size and complexity, so that we may ensure our compensation programs are within the norm of a range of market practices and remain competitive.

Our Committees, Chairman of the Board, and Chief Executive Officer engage in a talent review process annually to address succession and executive development for our Chief Executive Officer and other key executives.

Accordingly, our Board of Directors recommends that you vote in favor of the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and related material disclosed in the Company's proxy statement for its 2014 Annual Meeting of Shareholders, is hereby APPROVED."

The Board of Directors recommends a vote "FOR" this proposal.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

#### Compensation Philosophy and Objectives

We believe our employees are our most important asset. Our executive compensation program has been designed to motivate, reward, attract, and retain the management deemed essential to ensure our Company's success. The program seeks to align executive compensation with Company objectives, business strategy, and financial performance. In applying these principles, we seek to:

- Support an environment that rewards performance for achievement of Company goals;
- Attract and retain key executives critical to the long-term success of our Company; and
- Align the interests of executives with the long-term interests of shareholders through stock ownership initiatives and requirements.

We believe the compensation of our executives should reflect the performance of the business units in which they are involved. We further believe the performance of our executives in managing our Company, considered in light of general economic and specific Company, industry, and competitive conditions, should be the basis for determining their overall compensation.

To date, our executive compensation program and its objectives have been widely supported by our shareholders. At last year's shareholder meeting, almost 99% of the votes cast by our shareholders, on an advisory basis, approved of the compensation paid to our Named Executives.

#### What Our Compensation Program is Designed to Reward

Our compensation program is designed to reward overall financial performance and each person's individual contribution to our Company. In measuring an individual's contribution to our Company, the Personnel and Compensation Committee (the "Committee") considers numerous factors, including the individual's contribution to Company performance, individual performance relative to pre-established Company goals, and general economic conditions in the markets we serve.

#### Compensation Program Components

The Committee has responsibility for establishing, implementing, and monitoring adherence to our compensation philosophy and established programs. The Committee seeks to ensure that the total compensation paid to our executives is fair, reasonable, and competitive.

The principal components of our executive compensation consist of (a) base salary, (b) annual performance incentives (generally paid under our Performance Bonus Plan), and (c) long-term incentive compensation (generally payable in the form of equity-based compensation awards). Base salaries are set for our executive officers at the Committee's January meeting each year. At this meeting, our Chief Executive Officer makes compensation recommendations to the Committee with respect to our executive officers. The Committee may accept or adjust such recommendations; it makes the sole determination of the compensation for our Chief Executive Officer.

**Base Salaries.** Historically, we have provided modest base salaries and created opportunities for significant performance-based incentive compensation. The Committee has complete discretion in determining base salary amounts (including the grant and amount of any annual discretionary incentive payments or stock or option awards), regardless of whether corporate or individual performance goals are achieved.

The Committee may, but is not required to, use objective and subjective measures in exercising its discretion in setting base salaries. Although the Committee does not use the data to set salaries, the Committee has reviewed the compensation information of our peer group companies. Our current peer group companies are: BlueLinx Holdings Inc., Builders First Source, and Louisiana Pacific Corp.

The Committee also has access to publicly available compensation information from other publicly held companies to make informed decisions regarding pay and benefit practices, including base salaries. However, this information is not used to set salaries for our Named Executives. Surveys prepared by management are also used to periodically ensure that our Company is maintaining its labor market competitiveness. The Committee presently does not engage any consultant for executive and/or director compensation matters. Historically, our Company has utilized third-party data on compensation practices and base pay scales solely for purposes of clarifying that our Company's base compensation is generally competitive. To date, the Committee has not used that information for purposes of either establishing base salaries or ultimately justifying the eventual establishment of base salaries.

The Committee approved salary increases to the Named Executives, identified in the Summary Compensation Table, as follows:

Named Executive	Effective Date	New Salary	% Increase	
Matthew J. Missad	February 1, 2014	\$526,950	2.2	%
Michael R. Cole	February 1, 2014	\$314,983	3.3	%
Patrick M. Webster	February 1, 2014	\$387,051	3.1	%
Robert W. Lees	February 1, 2014	\$285,720	2.0	%
Allen T. Peters	February 1, 2014	\$252,500	3.1	%

**Annual Incentive Compensation.** Our Company's Performance Bonus Plan provides for the contribution of a fixed percentage of pre-bonus operating profit to each of a number of bonus pools, based upon the pre-bonus Return on Investment ("ROI") of each plant, region, and division (each of which is referred to as a "Business Unit"), as well as a separate Corporate Business Unit bonus pool. Combined, these bonus pools are the source for our Company's aggregate bonus awards.

ROI is determined based upon the Business Unit's pre-bonus operating profit, less income taxes, divided by the average investment of the Business Unit. Average investment is defined as the average of inventory, plus accounts receivable, plus net property, plant and equipment, plus intangibles, less accounts payable.

At the beginning of each year, each participant is allocated a fixed percentage of his or her respective pool. If the Business Unit generates profits which result in a bonus pool, the participant receives the allocated percentage as a performance bonus. The dollar amount of that pool is based upon the Business Unit's aggregate ROI. As ROI increases, a higher percentage of pre-bonus operating profit is contributed to the pool.

For the Corporate Business Unit, the minimum contribution percentage of 4.31% of pre-bonus operating profit occurs at the lowest level of ROI, which is 3.50%. The maximum contribution percentage of 10.47% occurs at an ROI of 25.50% and higher. In general, for every hundred basis point improvement in ROI, our Company contributes an approximate, additional 28 basis points of pre-bonus operating profit to the Corporate Business Unit bonus pool. Three of our Named Executives participated in the Corporate Business Unit bonus pool in 2013.

For 2013, our Company achieved an overall ROI of 9.65%. This resulted in a contribution of \$5,874,071 to the Corporate Business Unit bonus pool, which equaled 5.99% of pre-bonus operating profit. The performance bonus for each of the Named Executives (other than Messrs. Lees and Peters) was based upon our Company's total ROI. The performance bonuses for Messrs. Lees and Peters were based upon the ROI of their respective Business Unit.

For example, the bonus amount for Mr. Missad was determined by the Company's ROI, as a whole. Based upon that performance, we contributed the calculated amount of pre-bonus operating profit to the Corporate Business Unit bonus pool. Mr. Missad was eligible to receive a 20% allocation of the Corporate Business Unit bonus pool for 2013. That percentage, multiplied by the amount of that bonus pool, yielded a bonus for Mr. Missad of \$1,174,814 for 2013. However, this amount exceeds our Company policy which prohibits the payment of a performance bonus that is more than 175% of a participant's base salary at the time the bonus is payable. Therefore, Mr. Missad received a bonus of \$922,163 for 2013, which was approximately 15.7% of the Corporate Business Unit bonus pool.

The following table discloses and explains the determination of bonuses earned by the Named Executives under our Company's Performance Bonus Plan for 2013. As is explained in footnote (2) in the following table, because any bonus payment under this Plan may not exceed 175% of a participant's base salary at the time the bonus is payable, the actual amount paid to Messrs. Missad and Webster was less than the amount they earned.

Named Executive	ROI	Percent of Pre-Bonus Operating Profit Contributed to the Corporate Business Unit Bonus Pool (%)	Allocation of Participation in the Corporate Business Unit Bonus Pool (%)	Performance Bonus Paid (\$)	
Matthew J. Missad		5.99 %	20.00 %	\$ 992,163	(1)
Michael R. Cole		5.99	7.50	\$ 460,555	
Patrick M. Webster		5.99	15.00	\$ 677,399	(1)
Robert W. Lees	(2 )	(2 )	(2 )	\$ 490,211	
Allen T. Peters	(2 )	(2 )	(2 )	\$ 433,750	

(1) For 2013, Messrs. Missad and Webster earned bonuses equal to \$1,174,814 and \$881,111, respectively.

(2) For 2013, Messrs. Lees and Peters did not participate in the Corporate Business Unit bonus pool. Rather, the incentive compensation for each of them was based upon the ROI of their respective Business Unit.

Our Company has more than 80 bonus pools, one for each Business Unit, as well as the separate Corporate Business Unit pool.

In January 2011, the Committee increased the ROI threshold from 0% to 2.5% for 2011, and to 3.5% for 2012, for all non-site-built operations. In January 2013, the Committee increased the ROI threshold from 3.5% to 5.0% for the individual plant pools for 2013, and to 6.0% and 7.0% for 2014 and 2015, respectively. Site-built operations continued to have an ROI threshold of 0% for 2011 and 2012, but resumed the normal threshold of 5.0% for 2013 and thereafter.

The Committee has established a maximum cash performance bonus of 1.75 times base salary at the time the bonus is payable.

Chief Executive Officer. The Committee annually reviews and establishes our Chief Executive Officer's base salary. Mr. Missad's salary is based on comparable compensation data, the Committee's assessment of his past performance, and its expectation as to his future contributions in leading our Company. Mr. Missad's base salary fell in the lower quartile of the salaries of comparable executives in our peer group. The Committee has complete discretion in setting the base salary for Mr. Missad (who does not have an employment agreement with our Company). For 2014, Mr. Missad is eligible to receive 20% of the Corporate Business Unit bonus pool, subject to the above-referenced maximum.

Long-Term Stock Incentive Plan. In the past, we have provided long-term incentive compensation to our executive officers and key employees through stock options, grants of restricted shares, conditional stock grants, and other equity-based awards under the terms of our amended and restated Long Term Stock Incentive Plan ("LTSIP"). The Committee has complete discretion in determining eligibility for participation and the type and number of shares subject to awards made under the LTSIP. Due to the changes in accounting for stock options, the Committee has not granted broad-based stock options to salaried employees since 2002.

For 2013, the long term incentive compensation element of our compensation program was paid in the form of restricted stock grants under our LTSIP to certain of our officers and managers on February 27, 2014, based upon performance during 2013. Our Chief Executive Officer recommended to the Committee, for its approval, the number of shares that are subject to each restricted stock award based upon his subjective assessment as to the appropriate number of shares to be granted to each recipient. The Committee determined the number of shares to be granted to our Chief Executive Officer. For 2013 performance, the awards to our Named Executives ranged from a high of 2,400 shares granted to our Chief Executive Officer, to a low of 800 shares granted to certain of the other Named Executives. The relative number of shares subject to each award is based upon the employee's role in our Company, whereby more senior level executives receive a larger grant than subordinate levels. These restricted stock grants vest fully on the fifth anniversary of the date of grant, or earlier upon death, disability, retirement, or a change in control. If the grantee leaves our Company prior to full vesting, the shares are forfeited.

We encourage and promote ownership of Company stock by our employees and directors. We have a Minimum Stock Ownership Policy that sets requirements for ownership of our common stock by our key employees and independent directors, as follows:

Title	Company Stock Ownership Requirement
Officers	\$ 200,000
General Manager of Operations and Corporate Directors	\$ 100,000
Operations Managers, Plant Managers, Sales Managers, Executive Managers and Senior Managers	\$ 50,000
Independent Directors	2,500 shares

To help our key employees (other than executive officers, who are not eligible to receive or maintain a loan once they become an executive officer) reach their minimum stock ownership requirement, our Company established an Executive Stock Purchase Assistance Plan under which key employees were offered the right to borrow money from our Company to purchase stock with interest at the applicable federal rate. Following the adoption of the Stock Match Program (the "SMP") in 2011, loans and associated shares are no longer issued under this Plan.

The SMP was approved by our Board and became effective June 1, 2011. Under the SMP, our Company grants shares of restricted Company stock to employees who invest in shares of Company stock under our Deferred Compensation Plan (the "DCP"). Our Company grants \$0.85 of Company stock for each \$1.00 deferred and invested in Company stock under the DCP. The shares granted under the SMP vest in full on the fifth anniversary of the grant date, subject to certain acceleration events.

Our DCP allows key employees to defer a portion of their salary and/or bonus. Participants in the DCP may elect to invest the deferred amounts in certain investment alternatives, including our common stock. Also, under the DCP, if a key employee's ownership of our common stock is below certain targeted thresholds, the amount of the deferral must be used to invest in shares of our common stock. Any investment in shares of our common stock is made at a 15% discount from the then prevailing market price of our common stock. In general, each employee receives a payout of his or her DCP account one year from the date they leave our Company, unless preceded by retirement, death, or change in control, in which case the employee or his or her beneficiary may receive the distribution earlier, subject to DCP provisions.

We have a shareholder approved Employee Stock Purchase Plan (the "ESPP") which allows our employees to make a payroll deduction or lump sum contribution, or both, for the purchase of our common stock. Shares of our common stock are purchased with the money in the employee's account on the last trading day of the quarter, at a 15% discount from the then prevailing market price of our common stock. All eligible employees with at least one year of service may participate in the ESPP. Under the ESPP, an employee may not acquire more than \$25,000 of our common stock in any one plan year, based upon the fair market value of our stock as of the date of purchase.

We have a Stock Gift Program under which eligible employees receive a modest amount of our common stock on specified service anniversaries with our Company.

Executive Retirement Plan. On October 14, 2010, the Committee approved an Executive Retirement Plan for officers with 20 or more years of service to our Company and at least 10 years of service as an officer. The Plan provides for a retirement benefit at age 62 or later of 150% of base salary paid over three years after retirement, death, or disability, plus the monthly cost of COBRA coverage.

Impact of Restatements Retroactively Impacting Financial Goods. Our Company has not had any material restatement of prior financial results. If such restatements were to occur, the Committee and Board would review the matter and determine what, if any, adjustment to current or prior compensation might be appropriate.

Deductibility of Compensation. Our policy is to pay all earned compensation regardless of whether it exceeds the One Million Dollar (\$1,000,000.00) limitation on compensation deductions set forth in Section 162(m) of the Internal Revenue Code. To ensure the maximum tax deductibility for our Company, we received shareholder approval of our Performance Bonus Plan at our 1999 Annual Meeting of Shareholders.

PERSONNEL AND COMPENSATION COMMITTEE REPORT

The primary purpose of the Personnel and Compensation Committee of our Board of Directors is to assist the Board in discharging its responsibilities related to the compensation of our Company's executives. The Committee's responsibilities are more fully described in its Charter, which is available on our website.

The Committee reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Effective as of March 6, 2014, based upon that review and those discussions, the Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement

The 2011 amounts include the Company match under the SMP on February 27, 2012 to Messrs. Missad, Webster, and Lees in the amount of 2,502, 2,535, and 1,251 shares, respectively.

Represents annual bonus payments under performance-based bonus plans tied to our operating profit and ROI, which cover substantially all salaried employees. The amounts in this column for 2011 and 2012 reflect the bonus (3) earned for that year but paid in February of the subsequent year. As explained above, for 2013, the bonus payments to Messrs. Missad and Webster were less than the amount they earned due to our policy that bonus payments may not exceed 175% of an employee's base salary at the time the bonus is payable.

(4) The amounts in this column represent Company contributions to our Profit Sharing and 401(k) Plan for 2013 in the amount of \$3,250 for Mr. Missad, and \$3,825 for Messrs. Cole, Webster, Lees, and Peters. Subject to certain requirements, including age and service requirements, all of our employees are eligible to participate in our Profit Sharing and 401(k) Plan.

Also included in this column is personal use of corporate aircraft for 2013 in the amount of \$14,655 for Mr. Missad, \$4,236 for Mr. Webster, and \$1,111 for Mr. Peters. We permit limited personal use of corporate aircraft by the Named Executives, and personal use of our aircraft requires approval by our Chief Executive Officer. We calculate the incremental cost to our Company for personal use of our aircraft based on the cost of fuel and oil per hour of flight; trip-related inspections, repairs and maintenance; landing, parking and hangar fees; supplies; and other variable costs. Since our aircraft is used primarily for business travel, we do not include the fixed costs that do not change based on personal usage, such as pilots' salaries, the purchase or leasing costs of our aircraft, and the cost of maintenance not related to specific trips.

The amount in this column also includes the following fringe benefits, none of which exceeded the greater of \$25,000 or 10% of the Named Executive's aggregate fringe benefits: automobile allowance, automobile insurance, gasoline, use of Company-owned property, insurance premiums, a convenience allowance, and taxes paid on behalf of the Named Executive.

The shares of restricted stock vest in full on the fifth anniversary of the grant date, subject to accelerated vesting upon death, disability, retirement, or a change in control of our Company. The grant date fair value of the awards is included in the "Stock Awards" column in the Summary Compensation Table.

Our DCP allows key employees to defer a portion of their incentive bonus and base salary. The maximum amount a Named Executive can defer is \$100,000 from incentive compensation and \$15,000 from base salary, per year. As described in the Compensation Discussion and Analysis, amounts deferred must be invested in our common stock until certain ownership requirements are met. Payouts occur as provided at the time of employee deferral, or if not specified by the employee, upon separation from employment.

(1)Accounts of the Named Executives in deferred compensation plans and 401(k) plans are not included.

(2) Our Company has a change in control policy which provides payments to certain executives who would likely be subject to job loss or significant change in job duties upon a change in control. Mr. Missad would have received three years of salary, Messrs. Webster, Lees, and Peters would have received two years of salary, and Mr. Cole would have received one year of salary.

(3) In accordance with our Company's practice, Mr. Missad and the Committee will determine an appropriate severance package commensurate with his service to our Company at an appropriate time. Amounts listed for Mr. Missad are based on the Executive Retirement Plan format.

None of our Named Executives has an employment agreement with our Company. In lieu of severance, our Board has approved an Executive Retirement Plan for officers who have been employed by our Company for 20 years and officers for 10 years. Upon death, permanent disability, or retirement at age 62 or later, Named Executives will (4) receive three annual cash payments, with each payment equal to one-half the base salary for the period prior to the separation, plus payments for COBRA coverage or its equivalent for 36 months. The payments for COBRA are listed in the Health and Welfare line in the table. Mr. Peters has not yet met the service requirements of the policy. The Committee retains discretion to award severance to an officer with 20 years of service and ten years as an officer who does not meet the age requirements for retirement.

Stock awards and stock options which are already vested are not included in the table, nor are earned but unpaid (5) cash bonuses. Unexercisable stock options are shown at the market value on December 28, 2013, less the exercise price.

Thomas W. Rhodes	67,324	62,700	0	130,024
Louis A. Smith	80,324	62,700	0	143,024

For 2013, each independent director (except for Mr. Currie) received a \$52,324 annual retainer fee, \$1,500 for attendance at each regular and special meeting of the Board, and \$1,500 for each committee meeting they attended. Each independent director may participate in the Director Retainer Stock Plan (the "DRSP"). The DRSP provides that the director may elect to receive Company stock, on a deferred basis, at a rate of 110% of their (1) "Deferred Retainer") in lieu of cash compensation for the Deferred Retainer. Messrs. Engler, Garside, Rhodes, and Smith participated in the DRSP and were allocated shares of Company stock, in lieu of cash fees, in the following respective amounts during 2013: 1,711 shares, 1,780 shares, 1,804 shares, and 2,074 shares. Also, beginning in 2012, directors could elect to defer the receipt of shares earned under our Director Stock Grant Program, described in footnote (2) below.

(2) Under our ESGP, each independent director is granted 1,000 shares of Company stock each year. Those shares are subject to vesting on the fifth anniversary of the date of grant, subject to earlier vesting upon the attainment of age 60, death, disability or a change in control. Also, under our Director Stock Grant Program, each independent director (except for Mr. Currie) receives 100 shares of common stock for each Board meeting they attend, up to a maximum of 400 shares per year. Messrs. Engler, Garside, Goode, Merino, Murray, Rhodes, and Smith each received 400 shares on February 27, 2014. Each of those directors, other than Messrs. Merino and Murray, elected to defer receipt of those shares under our DRSP. The amount set forth in this column represents the aggregate fair value of the awards as of the grant date, computed in accordance with FASB ASC Topic 718,

"Compensation-Stock Compensation." The assumptions used in calculating these amounts are based on a vesting period of five years, subject to acceleration upon reaching age 60.

(3) Mr. Currie received \$110,373 as a payout on a deferred compensation plan from amounts deferred in prior years, and \$104,648 for serving as Chairman of the Board. As Chairman, Mr. Currie is granted 2,000 shares of Company stock each year under our ESGP. Beginning in 2014, Mr. Currie will also receive \$1,500 for each regular and special Board meeting he attends.

(4) Mr. Goode is Chairman of the Audit Committee and receives an additional \$20,000 per year for serving in that capacity.

(5) Mr. Merino is Chairman of the Personnel and Compensation Committee and receives an additional \$5,000 per year for serving in that capacity. Mr. Murray is Chairman of the Nominating and Corporate Governance Committee and receives an additional \$5,000 per year for serving in that capacity.

Each director is also entitled to reimbursement for his or her reasonable out-of-pocket expenses incurred in connection with travel to and from, and attendance at, meetings of our Board or its committees and related activities, including director education courses and materials. Each director is required to own a minimum of 2,500 shares of our Company stock within two years of joining our Board, and each of our existing directors has satisfied this requirement.
