This notice will also contain instructions on how to receive a paper copy of the proxy materials. All shareholders who do not receive a notice will receive a paper copy of the proxy materials by mail or an electronic copy of the proxy materials by email.

The accompanying Notice of Annual Meeting of Shareholders and Proxy Statement describe proposals to be acted upon at the Annual Meeting. Please give these materials your prompt attention. Then, we ask that you vote by internet, telephone or by mail, as set forth in the voting instructions or proxy card that are included with these materials, to ensure that your shares are represented and voted at the meeting. NYSE rules permit member brokers that do not receive instructions from their customers, to vote on proposal number 3 as discussed above in their discretion.

Proposal 2—Proposal relating to an advisory (non-binding) vote on executive compensation (Say-On-Pay)	Affirmative vote of a majority of the shares of Common Stock represented and voting on the matter.	Abstentions and broker non-votes will have no effect in calculating the votes on this matter.

Affirmative vote of a majority of the shares of Common Stock represented and voting on the matter.	Abstentions and broker non-votes will have no effect in calculating the votes on this matter.

Revocability of Proxies

Any shareholder who executes and delivers a proxy has the right to revoke it at any time before it is exercised by filing with the Corporate Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date. A proxy may also be revoked by attending the Meeting and voting in person at the Meeting. Subject to such revocation, all shares represented by a properly executed proxy received in time for the Meeting will be voted by the proxy holders in accordance with the instructions on the proxy. If your shares are held in street name, you should follow the instructions of your broker, bank or nominee regarding the revocation of proxies.

Solicitation of Proxies

This solicitation of proxies is made on behalf of the Board and the Company will bear the costs of the preparation of proxy materials and the solicitation of proxies for the Meeting. It is contemplated that proxies will be solicited principally through the mail, but directors, officers and regular employees of the Company or its subsidiary, Central Pacific Bank (the Bank), may solicit proxies personally, by telephone, electronically or by other means of communication. Although there is no formal agreement to do so, the Company may reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these proxy materials to beneficial owners. The Company has retained D.F. King & Co., Inc. to assist it in connection with the solicitation of proxies for a fee of approximately \$8,500, plus reimbursement of expenses.

In addition, the Company will provide without charge, upon the written request of any shareholder, a copy of the Company's Annual Report on Form 10-K, as amended including the financial statements and the financial statement schedules, required to be filed with the United States Securities and Exchange Commission (the SEC) for the fiscal year ended December 31, 2017. Accordingly, the twelve (12) directorships to be filled at the meeting will be filled by the twelve (12) nominees receiving the highest number of FOR votes.

Each director and executive officer is required to report to the Company transactions with the Company in which they have an interest.

Compensation Committee

The Compensation Committee held four (4) meetings during 2017. The Compensation Committee's primary purpose is to assist the Board in discharging the Board's responsibilities relating to compensation of the Company's executive officers by evaluating and recommending to the Board approval of executive officer benefit, bonus, incentive compensation, severance, equity-based or other compensation plans, policies and programs of the Company and providing all required disclosures on executive compensation for inclusion in the Company's Proxy Statement. The functions of the Compensation Committee are further described in COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS below, under the subheading COMPENSATION DISCUSSION AND ANALYSIS. The Charter of the Compensation Committee is available on the Company's website (www.centralpacificbank.com). The current members of the Company's Compensation Committee are Christine H.H. Interaction with Consultants

From time-to-time, the Compensation Committee seeks advice from outside experts in the compensation field. The Compensation Committee has historically engaged a compensation consultant to provide input on both Board and executive compensation issues. In 2017 the Committee retained McLagan, an AonHewitt Company. McLagan is a compensation consulting and performance benchmarking firm focused exclusively on the financial services sector.

In 2017, the Compensation Committee engaged McLagan to provide market benchmarking information and advisory services related to executive compensation plan design features, positioning to market, regulatory compliance, and with respect to the review and development of various incentive plans. McLagan was engaged directly by the Compensation Committee and McLagan consultants reported directly to the Compensation Committee for its services in these capacities. The Compensation Committee discusses, reviews, and approves all consulting projects performed by McLagan and periodically reviews the relationship with McLagan and considers competitive proposals from other firms.

The Compensation Committee considered the independence of McLagan in light of SEC rules and NYSE listing standards. The Compensation Committee requested and received a report from McLagan addressing the independence of McLagan and its consultants, including the following factors: (1) other services provided to the Company by

McLagan; (2) fees paid by the Company as a percentage of Aon's total revenue; (3) policies or procedures maintained by McLagan that are designed to prevent a conflict of interest; (4) any business or personal relationships between the consultants and a member of the Compensation Committee; (5) any Company Common Stock owned by the consultants; and (6) any business or personal relationships between our executive officers and the consultants. The Compensation Committee discussed these considerations as well as other considerations and concluded that the work performed by McLagan and its consultants involved in the engagement did not raise any conflict of interest.

The Company has been a customer of Atlas Insurance since at least 2000, well before Mr. Matsumoto joined the Company's Board. The Company's engagement of Atlas Insurance was not and is not due to Mr. Matsumoto's relationship with Atlas Insurance, and Mr. Matsumoto is not involved in any way in any insurance matters between the Company and Atlas Insurance. Loans to Related Persons

The Bank, which is a wholly-owned subsidiary of the Company, has made (in addition to any loans specified in the Director Independence and Relationships section immediately preceding this section) loans to directors and executive officers, their immediate family members, and companies in which they have an interest, in the ordinary course of its business as a bank. These loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank and do not involve more than the normal risk of collectability or present other unfavorable features.

Policy Regarding Transactions with Related Persons

The Company has a Board approved written policy (Policy Regarding Transactions with Related Persons) which sets forth the process and procedures for the review, approval, ratification and disclosure of any transaction with a related person (transaction and related person being as defined by Item 404 of SEC Regulation S-K). Transactions with related persons are reviewed by the Company's Audit Committee.

Board Leadership Structure and Risk Oversight

The Company's Board has no policy with respect to the separation of the offices of Chairman, President and Chief Executive Officer. It is the Board's view that rather than having a rigid policy, the Board, with the advice and assistance of its Governance Committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether the offices of Chairman, President and Chief Executive Officer should be separate. Since June 1, 2014, Crystal K. Rose has served as Lead Independent Director and as Chair of the Governance Committee of the Company's and the Bank's Board of Directors. Ms. Rose previously served as Chair of the Board of Directors of the Company and the Bank from April 20, 2011 through May 31, 2014. John C. Matsumoto will serve as Vice Chair of the Board of Directors of the Company and the Bank. Ten (10) of the twelve (12) Company's and Bank's Board of Directors are independent outside (non-employee) directors. As the Board's former Chair and now as its Lead Independent Director, Ms. Rose previously presided over and once again presides over all meetings of the non-management directors in executive sessions, acts as liaison and facilitates communications between the Board and the principal executive officer, and ensures independent Board governance and oversight of management. In addition, all members of the Board's Audit Committee, Compensation Committee, and Governance Committee are comprised of independent, non-management

directors. The Company believes that the current structure ensures sufficient Board independence from management while also optimizing the efficiency and effectiveness of the Board and management in the oversight of the Company and the Bank, and also supports and provides for orderly transition and succession. On January 23, 2018, the Company's Board adopted a resolution providing that the Board Chairman, Board Committee Chairs, and Lead Independent Director shall serve terms of four (4) years. When the Board Chair/Board Committee Chair/Lead Independent Director begins their fourth year of their term, a Vice Chair shall be appointed who shall assume the Board Chair/Board Committee Chair/Lead Independent Director position upon the end of the current Board Chair's/Board Committee Chair's/Lead Independent Director's term.

Director Nomination Process

Director Qualifications. The Governance Committee is responsible for reviewing the qualifications and independence of director nominees in accordance with the criteria set forth in the Company's Corporate Governance Guidelines. The general criteria considered include independence, diversity, age, skills, experience and other relevant considerations in the context of the needs of the Board. Diversity is considered and desired and is viewed in a broad context; we seek Board members from different professions, industries, backgrounds, experiences, cultures, ethnicities, races, and gender, who can represent Hawaii's multi-cultural, multi-ethnic, and multi-racial population and community.

Identifying and Evaluating Nominees. The Board seeks to identify candidates for director positions that are best qualified and suited to meet the needs of the Company and to present these candidates for shareholder approval, as and when director positions become open and available. The Governance Committee will first identify, review, evaluate and recommend to the Board, nominees for director positions. The Board will then vote whether or not to recommend such nominees to the Company's shareholders for election. In identifying potential director nominees, the Governance Committee will search within the State of Hawaii and may search outside the State of Hawaii for any potential director candidates, and in this regard, may utilize the services of a professional search firm. While the same

general criteria set forth above shall be applied in evaluating a candidate's qualifications, it is difficult to enumerate all of the attributes, skills and qualities that the Governance Committee and/or Board may, at any given point in time, determine, consider and value in evaluating, selecting and recommending director nominees. Accordingly, the Governance Committee and the Board exercise their discretion and consider any circumstances, experiences, attributes, skills, qualities, and factors applicable to any director nominee with the intent and purpose of having the best qualified and suited directors serving on the Board at all times, as well as ensuring that the Board as a whole is diverse and well rounded. The Board may enlist the services of a third party to conduct a background check or other investigation in order to determine whether a candidate meets any criteria.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filings under the United States Securities Act of 1933, as amended, or under the United States Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this Report by reference.

As of February 23, 2018, the Audit Committee is comprised of three (3) independent directors and operates pursuant to a written charter that was last adopted by our Board in January 2017. The charter is also available on our website at <https://www.centralpacificbank.com>. During 2017, the Audit Committee held ten (10) meetings, including six (6) private sessions with the independent auditors, two (2) private sessions with internal audit, five (5) private sessions with executive management, and five (5) executive sessions. The Audit Committee's primary purposes are to: (a) assist the Board in its oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the Company's independent auditors' qualifications and independence, and (iv) the performance of the Company's internal audit function and independent auditors; (b) decide whether to appoint, retain or terminate the Company's independent auditors and to pre-approve all audit, audit-related and other services, if any, to be provided by the independent auditors; and (c) prepare this Report. The Board has determined, upon the recommendation of the Governance Committee, that each member of the Audit Committee is independent within the meaning of the rules of the NYSE and the SEC. The Board has also determined that each member is financially literate and has accounting or related financial management expertise, as such qualifications are defined under the rules of the NYSE, and that each member is an audit committee financial expert within the meaning of the rules of the SEC. The Audit Committee is established in accordance with Section 3(a)(58)(A) of the United States Securities Exchange Act of 1934, as amended.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles and the establishment and effectiveness of internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for performing an independent audit of the financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles and auditing the effectiveness of internal control over financial reporting. The independent auditors have free access to the Audit Committee to discuss any matters they deem appropriate.

In performing its oversight role, the Audit Committee has considered and discussed the audited financial statements with management and the independent auditors. The Committee has also discussed with the independent auditors matters required to be discussed by the statement under PCAOB Auditing Standard No. 1301, *Communications with Audit Committees*. The Committee has received the written disclosures and the letter from the independent accountants required by PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, and has discussed with the independent accountant the independent accountant's independence. All non-audit services performed by the independent auditors must be specifically pre-approved by the Audit Committee or a member thereof.

During 2017, the Audit Committee performed all its duties and responsibilities under the Audit Committee Charter. In addition, based on the reports and discussions described in this Report, the Audit Committee recommended to the Board that the audited financial statements of the Company for the fiscal year ended December 31, 2017 be included in the Company's Annual Report on Form 10-K for such fiscal year.

Respectfully submitted by the members of the Audit Committee of the Board as of February 26, 2018:

Christine H. H. Camp
Wayne K. Kamitaki

TABLE OF CONTENTS

Included in this column are fees payable in cash, but which the Directors were permitted to elect to receive in the form of equity. The Directors listed below elected to receive 100% of their fees in equity through the Directors (b)Deferred Compensation (DDC) Plan, under which stock purchase orders up to 98% of fees are placed on the market to allow for fluctuations in stock price. Therefore, actual amounts paid in equity were less than 100% of total fees. The amounts in this column include the following payments made in stock:

Wayne K. Kamitaki received 1,300 shares (in addition to those listed in column (c)) having a fair market value of \$32.0831 per share, a total value of \$41,708. Remaining fees of \$3,376 were paid in cash.

- Saedene K. Ota received 1,300 shares (in addition to those listed in column (c)) having a fair market value of \$32.0831 per share, a total value of \$41,708. Remaining fees of \$3,376 were paid in cash.

Paul K. Yonamine received 660 shares (in addition to those listed in column (c)) having a fair market value of \$30.9821 per share, a total value of \$20,448. Remaining fees of \$2,600 were paid in cash.

Included in this column are fees required to be received in the form of equity, which are paid in shares of CPF common stock either issued from the 2013 Stock Compensation Plan or purchased through the Directors Deferred Compensation (DDC) Plan. In June 2016, the Board of Directors approved a revision to the Directors' fee schedule, (c)which required Directors to receive 50% of total fees in the form of equity. For Directors who elected equity through the DDC Plan, stock purchase orders up to 98% of the fee amount are placed on the market to allow for fluctuations in stock price. Therefore, actual percentages paid in equity may have resulted in less than 50% of total fees. The fees required to be received in equity and paid in equity were as follows:

Christine H. H. Camp received 1,610 shares having a fair market value of \$32.0831 per share, a total of \$51,654. Remaining fees of \$55,846 were paid in cash.

Earl E. Fry received 1,730 shares having a fair market value of \$32.0831 per share, a total value of \$55,504. Remaining fees of \$59,496 were paid in cash.

Wayne K. Kamitaki received 1,400 shares having a fair market value of \$32.0831 per share, a total value of \$44,916.

Paul J. Kosasa received 1,401 shares having a fair market value of \$32.10 per share, a total value of \$44,972.

Remaining fees of \$45,028 were paid in cash.

- Duane K. Kurisu received 1,635 shares having a fair market value of \$32.10 per share, a total value of \$52,484. Remaining fees of \$52,516 were paid in cash.

Colbert M. Matsumoto received 1,635 shares having a fair market value of \$32.10 per share, a total value of \$52,484. Remaining fees of \$52,516 were paid in cash.

Saedene K. Ota received 1,400 shares having a fair market value of \$32.0831 per share, a total value of \$44,916.

Crystal K. Rose received 1,880 shares having a fair market value of \$32.0831 per share, a total value of \$60,316.

Remaining fees of \$64,684 were paid in cash.

Paul K. Yonamine received 740 shares having a fair market value of \$30.9821 per share, a total value of \$22,927.

This column represents the compensation John C. Dean earned as an Executive Chair and employee of the Company. He earned a base salary of \$229,327 and earned other compensation (total of \$32,489), including \$1,616 (g) in parking benefits, \$2,679 in group life fringe benefits, \$10,800 in 401(k) Company contributions, \$14,520 in transportation services, \$2,866 in security services and \$8 in wellness discount credit.

John C. Dean's Unvested Restricted Stock represents 902 shares of Restricted Stock Units (RSUs) that vest based on time and 5,415 Performance Stock Units (PSUs) that vest based on year-end 2017 ROA results. The PSUs were (c) granted at target performance; however, the actual number of shares to vest will be based on final performance results. RSUs and PSUs are scheduled to vest on February 15, 2018.

Directors Deferred Compensation Plan

The Company maintains a Directors Deferred Compensation Plan under which each non-employee director of the Company and the Bank may elect to defer all or a portion of his or her annual retainer. Under the Directors Deferred Compensation Plan, a participating director may elect from various payment alternatives, but full payout must occur no later than the tenth (10th) anniversary of separation from service. Under the Directors Deferred Compensation Plan, deferred amounts are valued based on corresponding investments in certain investment funds offered by the Bank's Trust Division which are selected by the director. No plan earnings are considered to be above-market or preferential and as a result no amounts are reported in column (f) of the Directors Compensation table. The Directors Deferred Compensation Plan is a nonqualified deferred compensation plan under which distributions are made from the general assets of the Company under the direction and oversight of the Compensation Committee.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) discusses our 2017 executive compensation program, and more specifically as it relates to the individuals serving as the Company's Chief Executive Officer (CEO), A. Catherine Ngo, Chief Financial Officer (CFO), David S. Morimoto and the three (3) other most highly paid executive officers, Blenn A. Fujimoto, Executive Vice President, Consumer Lending and Wealth Management, David W. Hudson, Executive Vice President, Community Banking, and Arnold D. Martines, Executive Vice President, Commercial Markets. We refer to these executives as our Named Executive Officers (NEOs).

Executive Summary

Under the oversight of our Compensation Committee of the Board of Directors (the Committee), our executive compensation program is designed to attract, retain and incent talented individuals to lead our organization to achieve sustained growth and strong performance for the long term. It includes base pay set at or near the market median, while considering the breadth and scope of each position, with variable incentive opportunities that meet or exceed market based on achieving or exceeding key performance objectives. The performance measures used in 2017 to determine the funding level of the Annual Incentive Compensation Plan and the vesting of performance shares under the Long Term Equity Grant Program were 2017 Net Income and 2017 to 2019 average Return on Assets, respectively.

2017 Executive Compensation Highlights

Strong incentive compensation with short and long term performance alignment. In 2017, our Annual Incentive Compensation goal was based on budgeted Net Income (GAAP), the same metric as was used for the prior year. Two thirds (2/3) of the Long Term Equity Grant is based on targeted 3-year (2017, 2018 and 2019) average Return on Assets (ROA), which cliff vests after attainment of the ROA target. The other one-third (1/3) of the Long Term Equity Grant vests with time.

Type of Compensation	Earnings Opportunity	Relevant Performance Metric	2017 Outcomes
Cash	Annual Cash Incentive (ICP)	Annual Incentive Compensation Plan	Actual 2017 Net Income compared to 2017 Budgeted Net Income
	Pool funding is subject to attainment of 85% of Net Income goal at which the incentive pool will be funded at 50%. Maximum funding is 150% based on attainment of 115% of Net Income goal.		Pool funding based on Net Income achieved was calculated at 112.5% of target funding, with an additional 1% of the calculated amount added to pool funding as a result of exceeding a Customer Experience goal. Management used the discretion to give the incentive dollars earned as a result of exceeding the Customer Experience goal to increase the funding of the non-Managing Committee incentive pool. Payouts to specific individuals vary based on attainment of corporate, business plan and personal

TABLE OF CONTENTS

We believe our CEO pay is consistent with our Solid Financial Performance. The Company continued to realize solid growth on its balance sheet and ended the year with \$5.6 billion in assets, primarily due to a strong increase in loan balances across all lines of business. Asset quality improved with a significant reduction in non-performing assets. A decrease in other operating income was offset by higher gains in net interest income and a decrease in other operating expense, resulting in solid improvement in the efficiency ratio. Net income adjusted to exclude the impact of Tax Reform increased by 4.6%, year-over-year, and together with a strong capital position, allowed for the successful execution of a stock repurchase program. In addition quarterly cash dividends continued in 2017 with an increase to \$0.18 per share in the second quarter. Other significant milestones were achieved in the Bank's business plan, including operational streamlining and the launch of our enterprise data warehouse, which centralized key customer data. Key factors contributing to the Company's financial performance in 2017 included the improving economic and business conditions in the State of Hawaii, as well as a focused strategy on building and strengthening customer relationships. Significant highlights for the year ended December 31, 2017 were as follows:

• Net income adjusted to exclude the impact of Tax Cuts and Jobs Act was \$49.142 million compared to \$47.0 million in 2016

• Return on Assets adjusted to exclude the impact of Tax Cuts and Jobs Act was 0.89% compared to 0.90% in 2016

• Efficiency ratio improved to 64.55% compared to 66.69% in 2016

• Total loans and leases increased by \$245.7 million, or by 7.0%, over 2016

• Total deposits increased by \$348.2 million, or by 7.6%, over 2016

• Increase in quarterly cash dividend from \$0.16 to \$0.18 per share in the 2nd quarter

• Non-performing assets declined by 60.5% to \$3.6 million at year-end 2017 compared to \$9.2 million at year-end 2016

Emphasis on variable pay for our CEO. A significant portion of our CEO's target compensation is comprised of variable short and long term pay. The exhibit below shows the target compensation for the President & CEO, as of January 1, 2017 compared to compensation for CEOs at the peer group at the median.

TABLE OF CONTENTS

**CEO Target Pay Mix

2. Fixed pay represents base salary.
3. Variable pay represents annual cash incentives and the current year Long Term Equity Grant at target payout amounts.

Key Areas of Focus and Results for 2017:

Focus on the Long Term

In 2017, the long term incentive plan design was revised to measure 3-year average ROA. For our 2017 grant, 2/3 cliff vests based upon the attainment of our 3-year (2017, 2018, 2019) average ROA target.

Focus on Improving Efficiencies

We continue to focus on improving processes, upgrading systems and reducing expenses as evidenced by the continued improvement in the efficiency ratio. Efficiency ratio improved to 64.55% from 66.69% in 2016.

Focus on the Employees

Create an environment in which employees are engaged and empowered to do their best every day.

Focus on the Customer

Customer Experience continues to be a top initiative with the implementation of a Customer Experience Transformation Program to achieve process improvements, increase quality customer face time capacity, and create a customer-centric mind set.

Focus on Shareholder Support

99.36% approval from shareholders in our most recent Say on Pay vote for 2017. (vote submitted annually)

Focus on Data

Monetize data analytics for revenue generation, cost efficiencies and improved productivity, data integrity and management through data governance.

Focus on Risk

Take actions to manage and mitigate the Bank's top risks with a focus on compliance and information security.

Compensation Governance

The Company's executive compensation program is supported by strong corporate governance and Board oversight. The Committee meets on a regular basis and routinely meets in executive sessions without management present.

Executive Compensation Governance and Practices

Oversight and Governance

- **Independent Oversight of Executive Compensation.** The Committee (comprised of independent directors) oversees and makes recommendations to the Board of Directors on compensation matters as it relates to all NEO's. The Committee also evaluates and recommends to the Board, appropriate policies and decisions relative to executive officer compensation and benefits, including oversight design and administration of executive compensation programs and the Company's compensation policies, practices, and incentive plans for non-executives. It also oversees preparation of executive compensation disclosures for inclusion in our Proxy Statement.
- **Independent Board Members.** Subject to the recommendation of the Committee, all of the independent directors of the Board review and approve the compensation for the President & CEO.
- **Independent Compensation Consultant.** The Committee has retained McLagan, an Aon Hewitt company, an independent executive compensation consulting firm for the financial services industry, to provide advice and recommendations on Board and executive compensation matters under the oversight and responsibilities as defined by the Compensation Committee Charter. The Committee in its sole discretion selects the consultant, approves their fees and defines their scope of responsibilities.
- **Independent Legal Advisor.** The Committee retains an independent legal advisor, Manatt, Phelps & Phillips, LLP, to advise on executive compensation compliance with legal and regulatory requirements.
- **Active Committee engagement.** In 2017, the Committee held four (4) meetings to discuss compensation matters.

Alignment with Shareholder Interests

- **Stock Ownership Guidelines.** Our NEOs and Board members are subject to robust equity ownership guidelines.

Compensation Management & Risk Mitigation

- **Compensation Risk Management.** Committee oversight includes evaluating and monitoring the Company's compensation programs, policies, and practices, which could have a material adverse effect on the risk profile of the overall Company. The Committee conducts at least semi-annual reviews with the Committee appointed senior risk officer to confirm that all incentive and bonus compensation plans, structures and arrangement, including those for NEOs, do not have a reasonable likelihood to encourage excessive and unnecessary risk taking and do

not pose a threat to the overall value of the Company and annual reviews with the independent compensation consultant and independent legal advisor. The overall finding from these reviews is that the Company does not believe its plans, policies and practices individually or in their entirety encourage unnecessary or excessive risks that were reasonably likely to have a material adverse effect on the Company or threaten the overall value of the Company.

TABLE OF CONTENTS

Executive Compensation Governance and Practices

- **Incentive Plan Risk Management.** Our Annual Cash Incentive Plan is subject to threshold performance at which the incentive pool is funded at 50% of target funding level. At maximum performance, the incentive pool is capped at 150% of target funding level.
- **Long Term Equity Grant Risk Management.** Cliff vesting applies to the performance share portion of the 2017 Long Term Equity Grant, which comprises 2/3 of the total 2017 Long Term Equity Grant. The award is capped at 150% of target shares.
- **No Hedging.** Pursuant to our Company Stock Trading Policy, executive officers and Board members are not permitted to engage in transactions that hedge their investments in Company equity.

**Executive
Compensation
Features**

- **Competitive Peer Analysis.** Compensation decisions are made considering the compensation and performance data of our Compensation Peer Group. All components of executive compensation are reviewed at least annually in consultation with the Committee selected compensation consulting firm.
- **No Employment Agreements.** None of the NEOs are covered under employment agreements that provide for any additional payments or benefits beyond what is generally available to all other employees if they terminate their employment for good reason, are terminated by the Company without cause, or voluntarily resign, assuming no change-in-control has occurred.
- **Executive Benefits.** Our executives receive the same retirement, health and welfare and other benefits generally available to all employees. As noted in footnote (i) following the Summary Compensation Table, certain NEOs have received company-provided transportation services and spousal travel.
- **No 280G Excise Tax Gross-ups.** Our executives are not entitled to any Section 280G excise tax gross-up payments.
- **Executive Retirement Benefits.** Our executives are eligible to participate in the same 401(k) Plan as all other employees and the same Non-Qualified Deferred Compensation Plan available to a select group of management and highly compensated employees and are subject to the same eligibility requirements. Two NEOs earned a benefit under the Central Pacific Financial Corp. Defined Benefit Retirement Plan prior to the plan being frozen on December 31, 2002. Benefits under this plan were provided to all other employees eligible to participate in the plan prior to it being frozen.
- One NEO is eligible to receive a fully vested nonqualified retirement benefit under a Supplemental Executive Retirement Plan (SERP) Agreement effective July 1, 2005.

Executive Compensation Philosophy and Objectives

The central principle of our compensation philosophy is that executive compensation should align with shareholders interests, without encouraging excessive and unnecessary risk that could threaten the overall value of the Company. The executive compensation program is designed to:

Drive performance relative to our strategic plan and goals, including financial performance.

34

TABLE OF CONTENTS

Balance the risk of short-term operational objectives with the need to build long-term sustainable value.

Align executives' long-term interests with those of shareholders by placing a portion of total compensation at risk, contingent on the Company's performance, without encouraging unnecessary and excessive risks that threaten the overall value of the Company.

Attract and retain highly qualified executives to achieve our goals and to maintain an executive management group that can provide success and stability in leadership.

Deliver compensation effectively, **providing value to the executive** in an appropriately risk-controlled and cost-efficient manner.

Allow flexibility in responding to changing laws, accounting standards, and business needs, as well as the constraints and dynamic conditions in the markets in which we do business.

Be supported by **strong corporate governance**, including oversight by the Company's Board.

Our compensation program has multiple pay components, including a fixed annual base salary, variable annual cash incentive pay, variable annual long-term equity grants, and other benefits. We believe that over the long term, a combination of pay components is essential to drive executives to achieve strategic operating and financial goals.

There is no set formula to determine the mix of the various pay components and the use of the components may change from year to year based on the Company's circumstances, market conditions, and competitive market for executive talent. We discuss each of the pay components and the role they play in our overall compensation structure, in the Compensation Framework section below.

Say-on-Pay

The Company is required to hold a separate non-binding shareholder vote to approve the compensation of its NEOs, as disclosed pursuant to the compensation disclosure rules of the SEC. This proposal, commonly known as a Say-On-Pay proposal, permits shareholders to endorse or not endorse the Company's executive compensation program. Because the shareholders' vote is advisory, it is not binding on the Board. However, when setting compensation and in determining compensation policies, the Committee took into account the results of the April 2017 shareholder advisory vote on executive compensation and will continue to consider the outcome of this vote each year.

Our shareholders approved the compensation of our NEOs as disclosed in the Proxy Statement for the 2017 annual meeting. 99.36% of our shareholders voting at the 2017 annual meeting voted in favor of the Company's executive compensation program. The Committee believes that the result of this vote is evidence that the Company's compensation policies and decisions are in the best interests of its shareholders and currently expects to apply similar principles going forward.

Compensation Committee Activity and Key Initiatives During 2017

The Committee evaluates existing compensation program components on an ongoing basis to maintain the Company's competitive position to meet the goal of attracting, retaining, and motivating key executives without encouraging unnecessary and excessive risk that could pose a threat to the overall value of the Company.

Role of Executives in Compensation Committee Deliberations. The Committee may request that the Executive Chair and/or the President & CEO be present at Committee meetings to discuss executive compensation and evaluate the performance of both the Company and individual executives. Other executives may be requested to attend Committee meetings to provide pertinent financial, legal, or operational information. Executives in attendance may provide their insights and suggestions, but only independent Committee members may vote on decisions regarding executive compensation and other Company compensation matters for recommendation to the Board.

The President & CEO and the Executive Chair do not provide recommendations for their own compensation. The Committee may discuss compensation with them, but the Committee makes final deliberations in an executive session. Based on these deliberations, the Committee submits its recommendations to the entire group of independent

members of the Board for approval. Compensation decisions for the President & CEO are based on a variety of factors including but not limited to, Company performance, regulatory restrictions and guidance, periodic market reviews, and recommendations from

independent external executive compensation consultants and legal counsel. For all other executives, the Committee considers the President & CEO's proposals. For all of the NEOs, including the President & CEO, the Committee obtains and considers input from outside advisors including review of market and peer compensation data and trends in making its recommendations to the Board.

In 2017, the Committee completed the following initiatives and actions related to executive compensation:

Incentive Plan Review. Reviewed and discussed the various compensation and incentive arrangements regarding their merits and to confirm they do not encourage any unnecessary and excessive risk that may threaten the value of the Company. These reviews included analysis and feedback from the designated senior risk officer (SRO), our SVP, Director of Enterprise Risk Management & Internal Audit & Credit Review, as well as, consultation and perspective from Human Resources, Finance, Compliance, Corporate Legal, Credit and Risk, outside legal counsel and executive compensation consultants, where appropriate.

Pay Level and Benchmarking

Benchmarking is an important part of our executive compensation review process. It includes an external review against peer companies and an internal review, based on pay equity, job scope, responsibility and experience.

McLagan, an executive compensation consulting firm, is retained to provide consultation to the Committee on the Company's NEO compensation as compared to our peers.

The Committee retained McLagan in July 2017 to conduct a market analysis using our Compensation Peer Group in preparation for the annual review of executive compensation in November with any adjustments to occur in April 2018. McLagan reported the market data for all Managing Committee members, including the NEOs, at the November Compensation Committee meeting. On average, target direct compensation, including base pay, short-term cash incentives, and long-term equity grants, fell below the market median for our top five executives when compared to the Compensation Peer Group, but within an appropriate range of the market median after taking

TABLE OF CONTENTS

into account each NEO's unique value and contribution to the Company, individual performance, experience, internal pay equity relationships and individual roles versus the benchmark positions. Details on the Compensation Peer Group are provided below in the section titled "Compensation Peer Group".

Compensation Peer Group

The Committee reviews the Compensation Peer Group's composition on an annual basis and modifies the group as necessary to ensure alignment with the Company's compensation philosophy, structure, and targeted performance levels. For the 2017 analysis of executive compensation, the Compensation Peer Group was adjusted by eliminating three banks that were no longer relevant for comparison based upon their asset size. The resulting group is comprised of 20 peers, with median assets of \$5.9 billion.

When benchmarking is used to help determine the actual pay levels of each NEO, the Committee compares comparable positions in the Peer Group and also considers issues of internal pay equity, scope of responsibilities and experience.

The criteria used to select the Peer Group were as follows:

1. Publicly-traded United States banks with executive compensation reported in public filings.
 2. Focus on Western banks with assets ranging between \$2.5 billion and \$8 billion plus Territorial Bancorp Inc. and Columbia Banking Systems Inc., and non-Western banks in major metropolitan areas with assets ranging between \$3 billion and \$8 billion.
3. Excludes banks under TARP restrictions and thrift institutions.
4. Excludes banks with currently outstanding public severe enforcement actions.

The selection criteria resulted in a group of twenty (20) peers. The Company was positioned at the forty-eighth (48th) percentile in terms of asset size at the time of most recent comprehensive review of the Peer Group members.

The Committee approved the following Peer Group for compensation benchmarking for 2017.

Salary

We pay our executives cash salaries intended to be competitive and consider the executive's experience, performance, responsibilities, and past and potential contribution to the Company. The objective of paying salary is to provide a base level of compensation to fairly reflect the executive's job and scope of the role performed within the Company. There is no specific weighting applied to the factors considered in setting the level of base salaries, and the Committee uses its own judgment and expertise in determining appropriate salaries within the parameters of our compensation philosophy and objectives, with the guidance and support from an independent executive compensation consultant. While there continues to be a strong focus on collaboration and teamwork, modest adjustments have been made to base salaries over time to recognize the differences in the scope of the positions and individual contributions.

In making salary decisions, the Committee also considers the positioning of projected total compensation with target-level performance incentives. Because we set incentive opportunities as a percentage of salary, changes in salary have a compound effect on total compensation. Before recommending salary changes to the Board, the Committee reviews the projected total compensation based on the proposed salaries, considering both internal and external equity, and confirms that total compensation for the CEO and other NEOs are appropriately aligned with the market.

TABLE OF CONTENTS

The base salaries of all NEOs were within acceptable ranges of the peer benchmarks. The table below shows the NEOs' annual base salaries at the beginning of 2017. There were no adjustments to NEOs' base salaries during 2017.

Annual Variable Cash Compensation

We use annual variable cash compensation to focus executives' attention on current strategic priorities to drive achievement of short-term corporate objectives and to align their interests with our shareholders. Our NEOs participate in an Annual Incentive Compensation Plan under which the Committee approves an incentive pool with funding tied to threshold achievement of eighty-five percent (85%) of budgeted Net Income. At threshold, the incentive pool is funded at fifty percent (50%); funding increases based on the level of Net Income results and is capped at one hundred fifty percent (150%). Actual opportunity for each executive is based on a percentage of base pay. If the pool funding is in excess of the collective formula amounts for NEOs, the remaining balance may be provided as a funded discretionary distribution to NEOs based on performance and/or may be used to increase the incentive opportunity available to non-NEOs.

Budgeted Net Income for 2017 was set during the 2017 budgeting process and was determined with consideration of our continued improvement and outlook in financial performance, including loan and deposit growth, credit risk profile, operational efficiencies and capital position.

In line with our 2017 customer experience initiative, the Plan includes a customer experience multiplier in the incentive pool funding calculation. The multiplier is based on the Company's overall customer feedback score, and could increase or decrease the final pool by ten percent (10%).

Incentive pool funding based on actual results is summarized in the table below with maximum funding capped at one hundred fifty percent (150%) of target funding, subject to increase by up to ten percent (10%) if the maximum customer experience multiplier were achieved.

TABLE OF CONTENTS

Long-Term Incentives

We use long-term incentives (LTIs) to encourage ownership, foster retention, and align executives' interests with the long-term interests of shareholders.

In 2017, the Committee recommended to the Board and the Board approved a long-term equity grant with both performance and time features. The incentive opportunity for each NEO as well as the plan design was developed in consultation with compensation consultants, McLagan. The amount of equity received by each NEO was determined as a percentage of base salary as follows:

Name	2017 Equity Opportunity as a % of Base Pay	
A. Catherine Ngo	75	%
David S. Morimoto	50	%
Blenn A. Fujimoto	35	%
David W. Hudson	35	%
Arnold D. Martines	35	%

On February 15, 2017, the NEOs received long-term equity grants of PSUs and RSUs under the 2013 Stock Compensation Plan, with the PSUs subject to performance vesting and the RSUs subject to time vesting. For each performance vested portion, the performance criteria is based on 2017, 2018 and 2019 average Return on Assets (ROA) as described below. Shares will cliff-vest on February 15, 2020, with the number of shares then to be issued based upon the level of attainment of 2017, 2018 and 2019 average ROA. The 2017, 2018 and 2019 average ROA target was based on a 3-year financial forecast that was utilized by Management and the Board in their strategic planning and capital planning process.

The performance criteria and target goal for the 2017 Long-Term Equity Grant are described below.

With respect to one-third (1/3) of the grant (RSUs), vesting is time-based, wherein the grant vests in equal amounts over a three-year period.

With respect to two-thirds (2/3) of the grant (PSUs), vesting of shares was subject to attainment of 95% (threshold) of Board-approved 3-year (2017, 2018, 2019) average ROA target of 0.87%. This ROA target was established using reasonable assumptions of the economy and market interest rates that were largely aligned with market consensus estimates at the time. Due to the recent Tax Cuts and Jobs Act (the Act), an external one-time event, that was not related to actions of management, the board or the Company as a whole resulted in the Compensation Committee equitably adjusting the performance goal to reflect the external event as called for under the 2013 Stock Compensation Plan. The vesting of shares is subject to attainment of 95% (threshold) of an adjusted 3-year (2017, 2018, 2019) average ROA target of 0.96% (0.87% plus an additional 0.09% to adjust for the Act). If threshold is not achieved, all shares will be forfeited. If threshold is achieved, the actual number of shares earned will be based on the level of ROA achievement, with Stretch Opportunity capped at 150% of target.

The number of RSUs and PSUs granted on February 15, 2017 to NEOs is provided in the Grants of Plan-Based Awards table below.

Other Compensation

NEOs are provided the same level of benefits as all other employees. As such, they are eligible to participate in the Company 401(k) Retirement Savings Plan which provides for a Company match, as well as standard health, life and

disability insurance benefits. In addition NEOs receive certain perquisites such as transportation services and spousal travel benefits. The total amounts of these items are reflected in the All Other Compensation column of the Summary Compensation Table. The Committee believes that these items enhance the effectiveness of our key executives and are consistent with industry practices in comparable banking companies. The Committee regularly reviews the benefits and perquisites we provide.

Adjustment or Recovery of Awards

Our long-term incentive plan currently permits us to cancel or terminate outstanding awards for any reason (which would include misstated or restated financial results). In addition, Section 304 of the Sarbanes-Oxley Act

TABLE OF CONTENTS

mandates the recovery of incentive awards that would not have otherwise have been paid in the event we are required to restate our financial statements due to noncompliance with any financial reporting requirements as a result of misconduct. In that case, the CEO and CFO must reimburse us for (1) any bonus or other incentive or equity-based compensation received during the twelve (12) months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of our securities during those twelve (12) months. Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) requires the Securities and Exchange Commission to direct national securities exchanges to prohibit the listing of any security that fails to adopt a compliant clawback policy for any current or former executive officer if the company is required to file a financial restatement as a result of material noncompliance with applicable securities laws. This clawback applies to incentive-based compensation during the 3-year period preceding the date on which the issuer is required to prepare an accounting restatement, based on the erroneous data, in excess of what would have been paid to the executive officer under the accounting restatement. The Securities Exchange Commission has proposed but has not yet finalized rules directing the NYSE and other national securities exchanges to implement Section 954 of the Dodd-Frank Act.

Timing of Equity Grants

On October 25, 2006, we adopted guidelines regarding the equity grant process and related controls. The guidelines, which were reviewed and readopted (with minor changes) on May 20, 2011, are to help ensure that all equity grants are reported and disclosed correctly and accurately, are properly accounted for, and receive proper tax treatment. The grant guidelines are designed to avoid making regular grants during a regularly scheduled Company blackout period, to avoid having the timing of grant dates be affected by material nonpublic information, and to confirm the use of no less than the closing price of our stock on the grant date. Grants take place on the fifteenth (15th) day of February, May, August and November or the next available trading day if the fifteenth falls on a holiday or weekend.

Stock Ownership Guidelines

On May 31, 2012, the Board reinstated Stock Ownership Guidelines applicable to all Board members and executive officers of the Company and Bank. The purpose of the guidelines is to define ownership expectations for these individuals to more closely align with our shareholders.

The following is a summary of the Stock Ownership Guidelines:

Employment Agreements

None of the current NEOs has an employment agreement with the Company and each is employed on an at will basis.

TABLE OF CONTENTS

Change-In-Control Agreement

None of our NEOs has a change in control agreement. All NEOs hold unvested options or restricted stock units granted under the Company's 2004 Stock Compensation Plan or the 2013 Stock Compensation Plan. Recent awards under these plans provide for accelerated vesting upon a change-in-control only in the event that employment also terminates in connection with the change-in-control. See the Potential Payments Upon Change-in-Control section later in this document.

Tax and Accounting Considerations

We consider tax and accounting implications in designing our compensation programs. For example, in selecting long-term incentive compensation elements, the Committee reviews the projected expense amounts and expense timing associated with alternative types of awards. Under current accounting rules (i.e., Financial Accounting Standard ASC Topic 718), we must expense the grant-date fair value of share-based grants such as restricted stock, restricted stock units, performance shares, and SARs settled in our stock. The grant-date fair value is amortized and expensed over the service period or vesting period of the grant. In contrast, awards that are not share-based (e.g., phantom stock) are expensed based on a value that may fluctuate widely over the vesting period and is not fixed at grant date. In selecting appropriate incentive devices, the Committee reviews extensive modeling analyses and considers the related tax and accounting issues. Section 162(m) of the Internal Revenue Code generally places a limit on the tax deduction for compensation in excess of \$1 million paid in 2017 to the chief executive officer and the other three most highly compensated executive officers (excluding the chief financial officer) or in any subsequent taxable year to any of our NEOs (including our chief financial officer) or to anyone who was an NEO at any time after December 31, 2016. Beginning in 2018, performance-based compensation is subject to this deduction limit unless paid pursuant to an agreement in effect on November 2, 2017, and not thereafter modified. The Committee has retained the flexibility, however, to pay compensation, including incentive compensation, that would exceed the \$1 million deduction limit of Section 162(m) of the Internal Revenue Code, and as a result may not be deductible by us for income tax purposes because the Committee believes that doing so permits it to make compensation decisions that are consistent with the best interests of our shareholders.

Conclusion

The Committee and the Board believe that it is important to provide market-based compensation that will attract and retain highly talented executives with the appropriate competencies and skills necessary for the Company's continued success. Such compensation would include the full range of compensation components, including incentive awards that vary with financial performance, based on achieving our strategic plan and goals without encouraging excessive and unnecessary risk that could threaten the overall value of the Company. Equally important is the need to maintain shareholder confidence and to comply with regulatory executive compensation restrictions and guidance by developing appropriate compensation structures.

Therefore, the Committee evaluates our compensation program and its related components on an ongoing basis. Adjustments are made to the compensation structure as appropriate to maintain the Company's competitive position for executive talent, consistent with our compensation philosophy and objectives, and within the parameters of regulatory restrictions and guidance. The Committee intends this Compensation Discussion and Analysis to provide full, transparent disclosure of what we believe to be a thoughtfully designed compensation structure which focuses on the achievement of short-term objectives, and affirms the philosophy for driving long-term shareholder value.

(c) For year 2017, this column represents actual salary earned at year-end 2017.

For year 2017, this column represents the value of PSUs and RSUs granted on February 15, 2017, at the closing share price of \$32.09. With respect to PSUs, which were two-thirds (66.67%) of the grant, vesting is subject to attainment of a threshold of 95% of Board approved 3-year average (2017, 2018, 2019) target Return on Assets (ROA). If threshold is not achieved, all PSUs will be forfeited. If threshold is achieved, PSUs will cliff vest on February 15, 2020. Actual PSUs earned will be based on the 3-year average (2017, 2018, 2019) ROA results, with a stretch opportunity capped at 150% of target. The PSUs granted in 2017 were valued based on the probability that the 3-year average (2017, 2018, 2019) ROA will be achieved at 100% of target ROA. Based on the closing price of \$32.09 at the time of grant, the value of the PSUs (66.67% of the total) that the NEOs are eligible to receive at the maximum performance level is as follows: A. Catherine Ngo - \$299,977, David S. Morimoto - \$134,971, Blenn A. Fujimoto - \$80,482, David W. Hudson - \$79,423, Arnold D. Martines - \$78,749. With respect to the remaining one-third (33.33%) portion of the grant, vesting is time-based, whereby shares vest equally over a three-year period.

(e) For year 2017, this column represents a Board-approved annual cash incentive for the NEOs, based on corporate, business plan and personal performance results.

David S. Morimoto and Blenn A. Fujimoto have an accrued benefit under the Central Pacific Financial Corp. Defined Benefit Retirement Plan which was earned prior to the plan being frozen on December 31, 2002. For 2015, nothing is reported in the Summary Compensation Table for Mr. Morimoto, as there was a decrease of \$3,091 in the actuarial present value of his benefit between December 31, 2014 and December 31, 2015. Between December 31, 2015 and December 31, 2016, the benefit value increased by \$4,473 for Mr. Morimoto and \$2,669 for Mr. Fujimoto. Between December 31, 2016 and December 31, 2017, the benefit value increased by \$8,714 for Mr. Morimoto and \$4,652 for Mr. Fujimoto. Also included in this column for Mr. Fujimoto, is the change in value of his Supplemental Executive Retirement Plan agreement, which increased by \$817 between December 31, 2015 and December 31, 2016 and by \$872 between December 31, 2016 and December 31, 2017.

The funding of the Annual Incentive Compensation Plan requires a minimum level of overall Company performance before any individual incentive award can be made. The incentive pool is funded upon achieving a minimum of 85% of budgeted Net Income. At threshold, the incentive pool is funded at fifty percent (50%); thereafter, funding increases based on the level of Net Income results and capped at one hundred fifty percent (150%). In addition, the Plan includes a customer experience multiplier for the incentive pool calculation. The multiplier is based on the Company's overall customer feedback score, and could increase or decrease the final pool by plus or minus ten percent (10%).

In February 2018, the Committee approved the payment of cash incentives to NEOs. The Company achieved 105% of the performance Net Income target which equated to incentive pool funding at 112.5% of target. Individual target incentives were based on a percentage of salary. Actual award payouts are reflected under (e), Target and were calculated based on corporate, business plan, and personal performance results.

3. On February 15, 2017, the NEOs received a Board approved grant, with the following features:

One-third (33.33%) of the grant - RSUs vest based on time equally over a three-year period.

Two-thirds (66.67%) of the grant - PSUs vest based on attainment of the revised Board approved 3-year average (2017, 2018 and 2019) ROA target of 0.96%. If 95% of target (threshold) is not achieved, all shares will be forfeited. If threshold is achieved, the actual number of shares earned will be based on the level of 3-year average ROA achievement, with a stretch opportunity capped at 150% of target shares.

This column represents the value of PSUs and RSUs granted on February 15, 2017, at the closing share price of \$32.09. With respect to PSUs, vesting is subject to attainment of a threshold of 95% of Board approved 3-year average (2017, 2018, 2019) target Return on Assets (ROA). If threshold is not achieved, all PSUs will be forfeited. If threshold is achieved, PSUs will cliff vest on February 15, 2020. Actual PSUs earned will be based on the 3-year average (2017, 2018, 2019) ROA results, with a stretch opportunity capped at 150% of target. The PSUs were valued based on the probability that the 3-year average (2017, 2018, 2019) ROA will be achieved at 100% of target ROA.

PENSION BENEFITS

The Central Pacific Financial Corp. Defined Benefit Retirement Plan (the Retirement Plan) provides retirement benefits for eligible employees based on the employee s years of credited service and their highest average annual salaries in a 60 consecutive month period of service. The Company froze the Retirement Plan on December 31, 2002 and the benefits under the plan were completely frozen and not subject to increase for any additional years of service or increase in average annual salary. David S. Morimoto and Blenn A. Fujimoto are participants in the Retirement Plan.

On July 1, 2005, the Company entered into a Supplemental Executive Retirement Plan (SERP) agreement with Blenn A. Fujimoto. The SERP was provided in order to retain and promote executive loyalty, diligence, and performance, and support the executive s economic security during retirement. Mr. Fujimoto s SERP benefit was subject to a vesting schedule over a ten (10) year period beginning on July 1, 2005, with relatively low vesting increments initially to encourage retention.

As a result of his transfer to Central Pacific HomeLoans on May 1, 2010, Mr. Fujimoto s SERP benefit was frozen and he no longer continued to accrue benefits under the plan for any additional years of service or increase in average annual salary. Mr. Fujimoto was credited with ten (10) years of service under the plan, which equals the number of years he was actually employed at the Company at that time. For vesting purpose, Mr. Fujimoto was credited with 4 years of service and is 10% vested in the SERP benefit.

The SERP provides for a benefit equal to an annuity payable for life starting at age 65. After twenty (20) years of service, the plan provides a retirement benefit of 65% of the final three-year average of salary and bonus, reduced by other company-funded retirement benefits. Mr. Fujimoto has elected to receive his benefits in equal monthly installments over a period of 10 years. The annuity amount on which the SERP benefit is based is equal to 65% of

final average compensation, defined as the average base salary plus annual bonuses paid during the three years prior to termination, multiplied by a fraction the numerator of which is Mr. Fujimoto's year of benefit service (10 years) and the denominator of which is 20, and reduced by the actuarial equivalent of 50% of the monthly benefit under the Social Security Act and any other retirement benefits provided by the Company. Mr. Fujimoto's early termination benefit reflects 10% vesting, with 4 years of vesting service.

A summary of benefits under the Retirement Plan for David S. Morimoto and Blenn A. Fujimoto; and benefits under the SERP Agreement for Blenn A. Fujimoto, are listed below:

Name	Plan Name	Number of Years of Credited Service (#)	Present Value of Accumulated Benefits ¹ (\$)	Payments During Last Fiscal Year (\$)
David S. Morimoto	Central Pacific Financial Corp. Defined Benefit Retirement Plan	11 years	\$ 62,943	\$ 0.00
Blenn A. Fujimoto	Central Pacific Financial Corp. Defined Benefit Retirement Plan	2.67 years	\$ 48,015	\$ 0.00
	Central Pacific Financial Corp. Supplemental Executive Retirement Agreement	10 years	\$ 10,979	\$ 0.00

Present value for the DB Retirement Plan is calculated using a 3.60% discount rate, the same as for the 12/31/2017 financial statement footnote disclosures. Mortality assumption is the 2006 base rates from the RP-2014 mortality study projected generationally from 2006 with Scale MP-2017, post-retirement only, per SEC guidance. The retirement age is assumed to be 62, the earliest unreduced age under the plan. Present value for the SERP is calculated using a 3.40% discount rate, the same as for the 12/31/2017 financial statement footnote disclosures.

NON-QUALIFIED DEFERRED COMPENSATION

On July 1, 2008, the Company implemented a non-qualified deferred compensation plan that allows employees (including the NEOs) with an annual base salary of \$120,000 or greater to defer up to 80% of base pay and/or 100% of annual bonuses and commissions earned for a specified year on a pre-tax basis. The plan does not feature any matching or other contributions from the Company. David S. Morimoto elected to defer 10% of his 2017 base salary, equivalent in value to \$27,000; and Blenn A. Fujimoto elected to defer 50% of his 2016 annual incentive (to be paid in 2017), equivalent in value to \$55,000, and David W. Hudson elected to defer 50% of his 2016 annual incentive (to be paid in 2017), equivalent in value to \$67,500, under the Central Pacific Bank Deferred Compensation Plan in 2016.

A participant is always 100% vested in his or her deferred amounts. Deferred amounts under the Central Pacific Bank Deferred Compensation Plan are subject to adjustment for increase or decrease in value based on hypothetical investment measurement funds in one or more of the available measurement funds chosen by the participant. The participant's deferred amounts are generally payable beginning on the earliest to occur of (a) a specified time chosen by the participant, (b) the participant's death, (c) the participant's disability, (d) a separation from service (either at the time of separation or six (6) months after the separation in the case of a key employee), or (e) an unforeseeable emergency. For distributions due to a disability or upon a separation from service due to retirement, the participant may choose to receive deferred amounts as a lump-sum payment or in annual installments over a period not to exceed fifteen (15) years. Distributions for all other events are made in the form of a lump sum.

The Bank's obligations with respect to the deferred amounts under the Central Pacific Bank Deferred Compensation Plan are payable from its general assets. The assets are at all times subject to the claims of the Company's general

creditors.

Set forth below is information regarding the amounts deferred by or for the benefit of the NEOs in 2017.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The narrative and tables below summarize the estimated amounts payable to each NEO under various termination scenarios, assuming they had occurred on December 31, 2017. The Company does not currently maintain employment agreements with any of the NEOs that provide for termination-related compensation. In addition, none of the NEOs employed as of December 31, 2017 were eligible to receive any payments at, following, or in connection with any termination or change-in-control of the Company beyond those available generally to all salaried employees.

Payments Upon Termination for Good Reason, Termination without Cause, or Resignation

None of the NEOs are covered under employment agreements that provide for any additional payments or benefits beyond those generally available to other employees if they terminate their employment for good reason, are terminated by the Company without cause, or they voluntarily resign, assuming a change-in-control has not occurred.

Potential Payments Upon a Change-in-Control

As of December 31, 2017, each of the NEOs held unvested restricted stock units (RSUs), granted under the Company's 2013 Stock Compensation Plan. Under this plan, if a change-in-control occurs, the vesting on all outstanding equity awards will accelerate only for an NEO whose employment also terminates in connection with the change-in-control.

The table below shows the amounts to which each NEO would be entitled upon a change-in-control as of December 31, 2017 assuming: 1) a change-in-control occurs without an associated termination of employment and 2) employment terminates in connection with a change-in-control. These values represent amounts beyond what each NEO would receive upon voluntary termination as of December 31, 2017.

Accelerated Vesting of Equity Awards¹

	Change-in-Control	Change-in-Control with Associated Termination
A. Catherine Ngo	—	\$1,088,700
David S. Morimoto	—	\$457,930
Blenn A. Fujimoto	—	\$334,738
David W. Hudson	—	\$249,171
Arnold D. Martines	—	\$314,987

Each of the NEOs held unvested equity as of December 31, 2017. The values shown reflect the intrinsic value of 1. accelerated restricted stock units based on the Company's closing stock price on December 29, 2017 of \$29.83 per share (the last trading day of 2017).

TABLE OF CONTENTS

Payments Upon Termination for Cause

If the Company terminates any NEO's employment for cause, it will not make any payments or provide any benefits beyond what is generally available to other employees in this termination scenario.

Payments Upon Death or Disability

Upon death or disability, each officer (or the officer's estate) will receive benefits under the Company's disability plan or payments under the life insurance plan, as appropriate. These benefits are generally available to all employees of the Company. Aside from these payments, upon death or disability as of December 31, 2017, none of the NEOs would receive accelerated vesting of outstanding equity or any additional payments above what they would otherwise be entitled to receive upon voluntary termination.

CEO PAY RATIO DISCLOSURE

As required by Item 402(u) of Regulation S-K, as of December 31, 2017, the ratio between our CEO's total compensation and the total compensation of our median employee was 17.64 to 1. Total compensation for our median employee includes base salary, cash bonus and incentive, company matching contributions to employee savings, and other compensation (i.e., group life insurance imputed income value). Total compensation for Ms. Ngo includes base salary, restricted stock grants, non-equity incentive compensation, and other compensation, which includes the matching contributions described above. For the period ending December 31, 2017, our median employee's annual total compensation was \$58,058. The annual total compensation of Ms. Ngo, our Chief Executive Officer totaled \$1,023,953.

We completed the following steps to identify our median employee and to determine the annual total compensation of our median employee and CEO:

1. As of December 31, 2017, our employee population consisted of approximately 839 individuals, including any full-time, part-time, temporary, or seasonal employees employed, and not on leave of absence, on that date.
2. To identify the median employee, we used wages from our payroll records for fiscal 2017, excluding our CEO. No full-time equivalent adjustments were made for part time employees.
3. We identified our median employee using this compensation measure and methodology, which was consistently applied to all our employees included in the calculation.
4. After identifying the median employee, we added together all of the elements of such employee's compensation for 2017 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$58,058.

With respect to the annual total compensation of our CEO, we used the amount reported in the Total column of our 2017 Summary Compensation Table.

DISCUSSION OF PROPOSALS RECOMMENDED BY THE BOARD OF DIRECTORS

**PROPOSAL 1
ELECTION OF DIRECTORS**

The Board recommends the election of the twelve (12) nominees listed below as directors, to serve a one-year term expiring at the 2019 Annual Meeting of Shareholders and until their respective successors are elected and qualified or until their earlier death, resignation, retirement, disqualification, or removal from office.

Christine H. H. Camp
John C. Dean
Earl E. Fry
Wayne K. Kamitaki
Paul J. Kosasa
Duane K. Kurisu
Christopher T. Lutes
Colbert M. Matsumoto
A. Catherine Ngo
Saedene K. Ota
Crystal K. Rose
Paul K. Yonamine

For more information regarding the background of each of the nominees for director, see the sections titled ELECTION OF DIRECTORS and DIRECTORS AND EXECUTIVE OFFICERS INFORMATION. The persons named as proxy in the voting instructions or form of proxy provided with these materials will vote the shares represented by all validly returned proxies in accordance with the specifications of the shareholders returning such proxies. If at the time of the Meeting any of the nominees named above should be unable to serve, the discretionary authority provided in the proxy will be exercised to vote for such substitute nominee or nominees, if any, as shall be designated by the Board.

The election of directors requires a plurality of the votes cast FOR the election of the directors by the shares entitled to vote in the election at a meeting at which a quorum is present. Accordingly, the twelve (12) directorships to be filled at the meeting will be filled by the twelve (12) nominees receiving the highest number of FOR votes.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ALL TWELVE (12) NOMINEES.

PROPOSAL 2:

ADVISORY (NON-BINDING) VOTE TO APPROVE EXECUTIVE COMPENSATION

The Company is required to submit to shareholders a separate non-binding shareholder vote to approve the compensation of NEOs, as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and any related material).

This proposal, commonly known as a Say-On-Pay proposal permits shareholders to endorse or not endorse the Company's executive compensation program through the following resolution:

Resolved, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Because the shareholders' vote is advisory, it will not be binding on the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

Currently the Say-On-Pay vote, as determined by the Board following a shareholder advisory vote at the 2017 Annual Meeting of Shareholders, is to be held annually. The next scheduled Say-On-Pay vote after the Meeting will occur at the 2019 Annual Meeting of Shareholders.

**PROPOSAL 3:
RATIFICATION OF THE APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018. KPMG LLP audited the Company's financial statements for the fiscal year ended December 31, 2017, and has audited the Company's financial statements since the Company's inception in 1982. Representatives of KPMG LLP are expected to attend the Meeting. The representatives are expected to be available to respond to appropriate questions and will have an opportunity to make a statement, if they desire to do so.

The Company is asking its shareholders to ratify the selection of KPMG LLP as its independent registered public accounting firm (as it has done in prior years) because it believes it is a matter of good corporate practice. If the Company's shareholders do not ratify the selection, the Audit Committee will reconsider whether to retain KPMG LLP, but may still retain them. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Services Rendered by and Fees Paid to Independent Registered Public Accounting Firm. The following sections describe the services rendered by KPMG LLP to the Company, and fees paid by the Company to KPMG LLP for such services, for the fiscal years ended December 31, 2016 and December 31, 2017. KPMG LLP acted as the independent registered public accounting firm for the Company for the fiscal years ended December 31, 2016 and December 31, 2017 and performed the Company's audit services in fiscal years 2016 and 2017.

Audit Fees. The audit fees include only fees that are customary under generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and are the aggregate fees the Company incurred for professional services rendered for the audit of the Company's annual financial statements, the audit of internal controls over financial reporting, reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q, and regulatory and statutory engagements related to the aforementioned statements. Audit fees were \$1,169,000 for the fiscal year ended December 31, 2016, and \$1,278,000 for the fiscal year ended December 31, 2017, respectively.

Audit-Related Fees. Audit-related fees include fees for assurance and related services that are related to the performance of the audit of the financial statements, but are not reported under audit fees. These services include audits of the Company's retirement plans, internal audit quality assurance reviews and audits of financial statements and internal controls for mortgage banking activities. Audit-related fees were \$173,000 for the fiscal year ended December 31, 2016, and \$159,000 for the fiscal year ended December 31, 2017, respectively.

Tax Fees. Tax fees include only fees the Company incurred for professional services related to tax consulting. Tax fees were \$42,000 for the fiscal year ended December 31, 2016, and \$5,000 for the fiscal year ended December 31, 2017, respectively.

All Other Fees. All other fees include the fees billed for services rendered by KPMG LLP other than those services covered above. For the fiscal years ended December 31, 2016 and December 31, 2017, there were no other fees billed.

The Audit Committee of the Board established a policy in 2003 to pre-approve all services provided by KPMG LLP. Each service to be provided by KPMG LLP is presented for pre-approval at the Audit Committee's regular meeting or presented to the Chair of the Audit Committee for pre-approval under delegated authority and presented to the Audit Committee at their next regular meeting. All engagements with KPMG LLP that commenced during 2004 and since

then have been pre-approved in accordance with the pre-approval policy.

The Audit Committee considered whether the provision of audit-related services, tax services, and all other services is compatible with maintaining the independence of KPMG LLP.

The Board has submitted its appointment of KPMG LLP for ratification by the Company's shareholders. The affirmative vote of the holders of at least a majority of the shares of Common Stock represented and entitled to vote at the Meeting will be required for passage of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.
