Your investment return is limited to the return represented by the Step Up Value and may be less than a comparable investment directly in the stocks included in the Basket Components.

Changes in the level of one Basket Component may be offset by changes in the level of the other Basket Component.

The initial estimated value of the notes on the pricing date will be less than their public offering price.

If you attempt to sell the notes prior to maturity, their market value may be lower than both the public offering price and the initial estimated value of the notes on the pricing date.

You will have no rights of a holder of the securities represented by the Basket Components, and you will not be entitled to receive securities or dividends or other distributions by the issuers of those securities.

The issuer, MLPF&S and our respective affiliates do not control any company included in the Basket Components, and are not responsible for any disclosure made by any other company, except to the extent that the common stock of Bank of America Corporation, which is the parent company of MLPF&S, is included in the S&P 500® Index.

Your return on the notes and the value of the notes may be affected by exchange rate movements and factors affecting the international securities markets.

Final terms will be set on the pricing date within the given range for the specified investment. Please see the Preliminary Offering Documents for complete product disclosure, including related risks and tax disclosure.
