SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 12b-25

Commission File Number 0-19771
Cusip Number 237887104

NOTIFICATION OF LATE FILING

(Check One): Form 10-K Form 11-K Form 20-F Form 10-Q
 Form N-SAR

For Period Ended: December 31, 2002

Transition Report on Form 10-K

Transition Report on Form 20-F

Transition Report on Form 11-K

Transition Report on Form 10-Q

Transition Report on Form N-SAR

For the Transition Period Ended:

Read attached instruction sheet before preparing form. Please print or type.

Nothing in this form shall be construed to imply that the Commission has verified any information contained herein.

If the notification relates to a portion of the filing checked above, identify the item(s) to which the notification relates:

PART I
REGISTRANT INFORMATION

DATA SYSTEMS & SOFTWARE INC.

Full Name of Registrant

Former Name if Applicable

200 Route 17

Address of Principal Executive Office (Street and Number)

Edgar Filing: DATA SYSTEMS & SOFTWARE INC - Form NT 10-K

Mahwah, New Jersey 07430

City, State and Zip Code

PART II
RULE 12b-25(b) AND (c)

If the subject report could not be filed without unreasonable effort or expense and the registrant seeks relief pursuant to Rule 12b-25(b), the following should be completed. (Check box if appropriate.)

- (a) The reasons described in reasonable detail in Part III of this form could not be eliminated without unreasonable effort or expense;
(b) The subject annual report, semi-annual report, transition report on Form 10-K, Form 20-F, Form 11-K or Form N-SAR, or portion thereof will be filed on or before the 15th calendar day following the prescribed due date; or the subject quarterly report or transition report on Form 10-Q, or portion thereof will be filed on or before the fifth calendar day following the prescribed due date; and
(c) The accountant's statement or other exhibit required by Rule 12b-25(c) has been attached if applicable.

PART III
NARRATIVE

State below in reasonable detail why the Form 10-K, 11-K, 20-F 10-Q, N-SAR or the transition report portion thereof could not be filed within the prescribed time period.

The registrant was not able to file the Annual Report on Form 10-K on March 31, 2003 as required due to a pending significant corporate transaction which needs to be disclosed as a significant subsequent event in the notes to the financial statements for the year ended December 31, 2002. The registrant expects this transaction and any necessary disclosures and procedures related thereto to be completed on or before the fifteenth calendar day following the original due date of the Report.

PART IV
OTHER INFORMATION

(1) Name and telephone number of person to contact in regard to this notification

George Morgenstern 201 529-2026
(Name) (Area Code) (Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If the answer is no, identify report(s).

[x] Yes [] No

Edgar Filing: DATA SYSTEMS & SOFTWARE INC - Form NT 10-K

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

[X] Yes [] No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company has announced its results for the year ended December 31, 2002. This press release announcing the results is annexed to this Notification.

Data Systems & Software Inc.

(Name of Registrant as Specified in Charter)

has caused this notification to be signed on its behalf by the undersigned thereunto duly authorized.

Date April 1, 2003

By: /s/ Sheldon Krause

Sheldon Krause, Secretary
Authorized Representative

INSTRUCTION: The form may be signed by an executive officer of the registrant or by any other duly authorized representative. The name and title of the person signing the form shall be typed or printed beneath the signature. If the statement is signed on behalf of the registrant by an authorized representative (other than an executive officer), evidence of the representative's authority to sign on behalf of the registrant shall be filed with the form.

ATTENTION

Intentional misstatements or omissions of fact constitute Federal Criminal Violations (see 18 U.S.C. 1001).

GENERAL INSTRUCTIONS

1. This form is required by Rule 12b-25 of the General Rules and Regulations under the Securities Exchange Act of 1934.

2. One signed original and four conformed copies of this form and amendments thereto must be completed and filed with the Securities and Exchange Commission, Washington, D.C. 20549, in accordance with Rule 0-3 of the General Rules and Regulations under the Act. The information contained in or filed with the form will be made a matter of public record in the Commission files.

3. A manually signed copy of the form and amendments thereto shall be filed with each national securities exchange on which any class of securities of the registrant is registered.

Edgar Filing: DATA SYSTEMS & SOFTWARE INC - Form NT 10-K

4. Amendments to the notifications must also be filed on Form 12b-25 but need not restate information that has been correctly furnished. The form shall be clearly identified as an amended notification.

5. ELECTRONIC FILERS. This form shall not be used by electronic filers unable to timely file a report solely due to electronic difficulties. Filers unable to submit a report within the time period prescribed due to difficulties in electronic filing should comply with either Rule 201 or Rule 202 of Regulation S-T or apply for an adjustment in filing date pursuant to Rule 13(b) of Regulation S-T.

DATA SYSTEMS & SOFTWARE INC. ANNOUNCES

RESULTS FOR THE FOURTH QUARTER AND YEAR ENDED DECEMBER 31, 2002

MAHWAH, NEW JERSEY - APRIL 1, 2003 -- DATA SYSTEMS & SOFTWARE INC. (NASDAQ: DSSI) today announced results for the fourth quarter and year ended December 31, 2002. The Company reported net income of \$ 0.2 million for the fourth quarter of 2002, which partially offset the net loss from the first three quarters of 2002 and resulted in a net loss for the year ended December 31, 2002 of \$8.1 million, a decrease of \$1.7 million, or 17%, from the net loss of \$9.8 million reported for the year ended December 31, 2001. The net income for the quarter and reduced loss for the year were primarily due to improved results in the energy intelligence segment

Sales for the year 2002 were \$55.9 million, increasing by \$10.0 million, or 22%, from \$45.9 million in 2001, due to sales increases in all segments.

Energy intelligence solution sales increased by \$5.2 million, or 38%, from \$13.8 million in 2001, to \$19.0 million in 2002. The increase in this segment's sales was primarily attributable to fulfillment of a large contract to sell our Maingate™ C & I and PowerCAMPTM systems to a major U.S. utility and to a generally higher level of business activity in 2002 compared to 2001. Sales in the computer hardware segment continued to improve, increasing by \$2.8 million, or 14%, from \$19.8 million in 2001, to \$22.6 million in 2002. Although sales in this segment improved through the year, the increase was primarily attributable to the \$9.2 million segment sales in the fourth quarter of 2002.

Software consulting and development sales increased by \$1.9 million, or 16%, from \$12.3 million in 2001, to \$14.2 million in 2002. This improvement in sales was entirely attributable to the expanded revenue base achieved as a result of the Endan acquisition by dsIT in December 2001, which more than offset the general weakness in the global hi-tech markets and in the market in Israel for software consulting and development services.

Gross profit in 2002 was \$13.0 million increasing by \$4.6 million, or 55%, from \$8.4 million in 2001. Gross profit margins improved from 19% in 2001 to 23% in 2002. The increase in gross profit was attributable to improvements in all segments, particularly in the energy intelligence solutions segment.

Gross profit in the energy intelligence solution segment increased by \$3.4 million, or 130%, from \$2.7 million, or 19% of sales, in 2001 to \$6.1 million,

Edgar Filing: DATA SYSTEMS & SOFTWARE INC - Form NT 10-K

or 32% of sales, in 2002. The increase in gross profit margin was primarily attributable to improved sales mix, with increases in sales of higher margin products and services, as well as a credit of \$0.7 million related to a settlement with a former contract manufacturer which reduced cost of goods for the period.

In the computer hardware segment, gross profit increased by \$0.6 million, or 17%, primarily due to the increase in sales.

Gross profit in the software consulting and development segment also increased by \$0.6 million, or 27%, from \$2.1 million, or 17% of sales, in 2001, to \$2.7 million, or 19% of sales, in 2002. The increase in gross profit was primarily attributable to the increase in sales, as well as the improved gross profit margin, resulting from the segment's more efficient cost structure in 2002.

Net loss for 2002 included a goodwill impairment charge in 2002 of \$2.8 million all of which related to the writeoff of a portion of our software consulting and development segment goodwill, in addition the \$0.2 million write-off of software acquired by that segment in connection with the acquisition of Endan.

We had net interest expense in 2002 of \$1.0 million as compared to net interest income of \$0.6 million in 2001, reflecting lower interest income in 2002 due to use of investments to fund operating activities and increased interest expense incurred in financing transactions. Of the \$1.2 million of interest expense during the year ended December 31, 2002, \$0.7 million was from the amortization of interest costs associated with conversion feature of convertible debt and warrants issued in financing transactions.

George Morgenstern, Chairman and Chief Executive Officer of DSSI commented: "We were successful in the fourth quarter in improving operating income in each of our segments. The fourth quarter of 2002 was profitable and brought us to our highest level of operating income since the second quarter of 1998. During the year we also improved the cost structure in our software consulting and development segment and grew our computer hardware business. However our greatest achievement in 2002 has been the progress made by our energy intelligence segment, where Comverge's management team has achieved steadily improving results and market presence through the year. Comverge is currently on the verge of obtaining independent financing from a group of world-class outside investors. Negotiation of the term's of Comverge's venture financing are almost complete and we expect the definitive documents to be signed and the investment funded in the very near future. We believe that this transaction, which will give Comverge the capital and enhanced industry relationships it needs to grow its business, will herald a new era for both Comverge and DSSI."

This press release includes forward-looking statements, which are subject to risks and uncertainties, including risks associated with (i) the completion of definitive documentation and closing of the Comverge venture capital transaction, (ii) conditions in the market for energy intelligence solutions, including the pace and consequences of deregulation and competition, (iii) conditions in the computer hardware markets, (iv) the downturn in the hi-tech markets, (v) the need to raise additional capital to finance the activities of the Company's energy intelligence solutions subsidiary, which funding may not be available on a timely basis or on reasonable terms and (vi) the Company's business generally. Actual results may vary from those projected or implied by such forward-looking statements. There is no assurance that the Comverge transaction referred to in this release will be consummated in the near future or at all. A more complete discussion of risks and uncertainties which may affect the accuracy of these statements and the Company's business generally is

Edgar Filing: DATA SYSTEMS & SOFTWARE INC - Form NT 10-K

included in under the caption "Business-Factors Which May Affect Future Results" in the Company's most recent Annual Report on Form 10-K as filed by the Company with the Securities and Exchange Commission.

2

Data Systems & Software Inc. is a provider of software consulting and development services, and is an authorized direct seller and value added reseller of computer hardware. Through its Converge Technologies subsidiary, the Company provides energy intelligence solutions to utilities.
