ITEM 1.01 Entry into a Material Definitive Agreement.

On March 21, 2005, Positron Corporation ("Positron") issued a press release ("Release") announcing that effective February 28, 2005 it entered into a series of agreements with Solaris Opportunity Fund, L.P. ("Solaris") pursuant to which Solaris agreed to purchase from Positron 10% convertible secured notes in the aggregate principal amount of \$1,000,000. Solaris purchased notes in the principal amounts of \$200,000 and \$800,000 on March 4, 2005 and March 17, 2005, respectively. If the notes are converted in full into common stock, Solaris will control approximately 29% of Positron's outstanding common stock, based on the 58,185,803 shares outstanding as of February 28, 2005.

Simple interest accrues on the notes at the rate of 10% per annum and is payable annually. However, in the event that interest on all outstanding notes of Positron exceeds 50% of Positron's operating cash flow, interest is payable, at the option of Positron, in cash and new notes. Subject to acceleration, the notes are due on March 6, 2007. In the event Positron defaults in the payment of principal or interest on the notes, does not obtain shareholder approval prior to January 1, 2006 to amend its Articles of Incorporation to increase its authorized shares of common stock to allow for full conversion of the notes, becomes subject to certain bankruptcy proceedings, or otherwise breaches the terms of the notes, all amounts owing on the notes become immediately due and payable. To secure payment of principal and interest owing under the notes, Positron has granted to Solaris a subordinated security interest in all of its assets.

The notes are initially convertible into a new Series E Preferred Stock that in turn is convertible into an aggregate of 22,000,000 million shares of Positron's common stock. The notes and the underlying securities have not been registered under the Securities Act of 1933 and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

Full convertibility of the Series E Preferred shares into Positron's common stock will require an amendment to Positron's Articles of Incorporation which must be approved by Positron's shareholders. Positron has agreed to promptly seek such approval.

Patrick G. Rooney, Chairman of the Board of Positron is the manager of the general partner of Solaris.

A copy of the Release is attached as Exhibit 99.1 to this Report and is incorporated herein by reference.

ITEM 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth under Item 1.01 "Entry into a Material Definitive Agreement" is incorporated herein by reference.
