Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On December 14, 2006 management of Trulite, Inc. (the “Company”) concluded that the financial statements contained in its previously issued quarterly report on Form 10-QSB for the quarter ended June 30, 2006, should not be relied upon, and the financial statements contained in the Form 10-QSB are therefore being restated in order to make a correction to the valuation of the Company’s common stock for the purposes of accounting for stock-based compensation issued in conformity with Statement of Financial Accounting Standards No. 123R “Stock Based Compensation” as well as a correction to the cost attributable to the fair value of consulting services rendered for which the company issued common shares and warrants. The Company also made certain other insignificant changes to the format and content of the original Form 10-QSB. The impact of the stock-based compensation modification is to increase the non-cash expense recognized in 2006.

The Management of the Company has discussed the matters disclosed in this filing with the Company’s independent registered public accounting firm.

The Company expects to file an amended Form 10-QSB for the three-month period ended June 30, 2006, on December 22, 2006.

Item 5.02. Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers.
