DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This report includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. For example, statements included in this report regarding our financial position, business strategy and other plans and objectives for future operations, and assumptions and predictions about future product demand, supply, manufacturing, costs, marketing and pricing factors are all forward-looking statements. When we use words like "intend," "anticipate," "believe," "estimate," "plan" or "expect," we are making forward-looking statements. We believe that the assumptions and expectations reflected in such forward-looking statements are reasonable, based on information available to us on the date hereof, but we cannot assure you that these assumptions and expectations will prove to have been correct or that we will take any action that we may presently be planning. We have disclosed certain important factors that could cause our actual results to differ materially from our current expectations elsewhere in this report. You should understand that forward-looking

statements made in this report are necessarily qualified by these factors. We are not undertaking to publicly update or revise any forward-looking statement if we obtain new information or upon the occurrence of future events or otherwise.

PART I

Item 1. *Business*

In this report, “JAKKS,” the “Company,” “we,” “us” and “our” refer to JAKKS Pacific, Inc. and its subsidiaries.

Company Overview

We are a leading multi-line, multi-brand toy company that designs, produces, markets and distributes toys and related products, writing instruments and related products, pet toys, consumables and related products, electronics and related products, and other consumer products. We focus our business on acquiring or licensing well-recognized trademarks and brand names, most with long product histories (“evergreen brands”). We seek to acquire these evergreen brands because we believe they are less subject to market fads or trends. We also develop proprietary products marketed under our own trademarks and brand names. Our products are typically lower-priced toys and accessories, and include:

Traditional Toys

• Action figures and accessories, including licensed characters, principally based on *World Wrestling Entertainment*® (“WWE”), *The Chronicles of Narnia: Prince Caspian*™ and *Pokemon*® franchises;

- Toy vehicles, including *Road Champs*®, *RC Racers*™ and *MXS*® toy vehicles and accessories, as well as those based on Nascar®;

• Electronics products, including *Plug It In & Play TV Games*™, *EyeClops*™ *Bionic Eye* products, and *Laser Challenge*®, as well as others based on Disney® and Discovery Kids® brands;

• Role-play, dress-up and novelty products featuring entertainment and consumer products properties such as *Dirt Devil*®, *Subway*®, *Pizza Hut*® and *McDonalds*® pretend play products, *Disney Princess*®, *Hannah Montana*™, *Barbie*® and *Dora the Explorer*® playsets for girls and *Black & Decker*® and *Pirates of the Caribbean*™ playsets for boys;

• Infant and pre-school toys and plush toys featuring *Care Bears*®, *Barney*®, *The Wiggles*®, *Curious George*®, and slumber bags;

• Dolls including large, fashion and mini dolls and related accessories based on *Cabbage Patch Kids*®, *Hannah Montana*, *The Cheetah Girls*™, *Puppy in My Pocket and Friends*™, *Hairspray*™ the movie and *Disney Princess*® dolls and private label fashion dolls for other retailers;

• Seasonal and outdoor toys and leisure products, including *Go Fly A Kite*®, *Air Creations*®, and other kites, *Funnoodle*® pool toys, *The Storm*® water guns and *Fly Wheels*® *XPV*® and *Flight*™ vehicles; and

- Junior sports and toy paintball products, including *Gaksplat*® and *The Storm*.

Prior to 2007, we had accounted for seasonal and outdoor products as a separate category. During 2007, we restructured our internal operations and have consolidated this product group within the Traditional category. These products share key characteristics, including common management, distribution and marketing strategies. We have restated our prior segment reporting to reflect this change.

Craft, Activity and Writing Products

• Craft, activity and stationery products, including *Flying Colors*® activity sets, compounds, playsets and lunch boxes based on *Nickelodeon*®, *Dora the Explorer*, *Pokémon*, *The Littlest Petshop*® and others, and *Color Workshop*® craft products such as *Blopens*®, *Vivid Velvet*®, and *Pentech*® writing instruments, stationery and activity products, and non-licensed brands including *Girl Gourmet*™ and *The Spa Factory*™.

Pet Products

• Pet products, including toys, consumables, beds, clothing and accessories, with licenses used in conjunction with these products, including *American Kennel Club*®, *The Cat Fanciers' Association*™, *Arm & Hammer*® and *The Humane Society of the United States*® brands, as well as entertainment properties, including *Disney* and *Snoop Dogg*®, and private label brands including *Totally My Pet*™.

We continually review the marketplace to identify and evaluate evergreen brands that we believe have the potential for significant growth. We endeavor to generate growth within these brands by:

- creating innovative products under established brand names;
- focusing our marketing efforts to enhance consumer recognition and retailer interest;
- linking them with our evergreen portfolio of brands;
- adding new items to the branded product lines that we expect will enjoy greater popularity; and
- adding simple innovation and technology to make them more appealing to today's kids.

In addition to developing our proprietary brands and marks, licensing popular brands enables us to use these high-profile marks at a lower cost than we would incur if we purchased these marks or developed comparable marks on our own. By licensing marks, we have access to a far greater range of marks than would be available for purchase. We also license technology produced by unaffiliated inventors and product developers to improve the design and functionality of our products.

We have obtained an exclusive worldwide license for our joint venture with THQ Inc. ("THQ"), which develops, publishes and distributes video games based on *WWE* characters and themes. Since the joint venture's first title release in 1999, it has released 35 new titles. We have recognized approximately \$93.3 million in profit from the joint venture through December 31, 2007. We and the joint venture are named as defendants in lawsuits commenced by *WWE*, pursuant to which *WWE* is seeking treble, punitive and other damages (including disgorgement of profits) in an undisclosed amount and a declaration that the video game license with the joint venture and an amendment to our toy licenses with *WWE* are void and unenforceable (see "Legal Proceedings").

We sell our products through our in-house sales staff and independent sales representatives to toy and mass-market retail chain stores, department stores, office supply stores, drug and grocery store chains, club stores, toy specialty stores and wholesalers. Our three largest customers are Wal-Mart, Target and Toys 'R' Us, which account for approximately 19.3%, 14.5% and 14.1%, respectively, of our net sales in 2007. No other customer accounted for more than 10.0% of our net sales in 2007.

Our Growth Strategy

The execution of our growth strategy has resulted in increased revenues and earnings. In 2006 and 2007, we generated net sales of \$765.4 million and \$857.1 million, respectively, and net income of \$72.4 million and \$89.0 million, respectively. Approximately 24.3% and 1.4% of our increased net sales in 2006 and 2007, respectively, were attributable to our acquisitions since 2005. Key elements of our growth strategy include:

- **Expand Core Products.** We manage our existing and new brands through strong product development initiatives, including introducing new products, modifying existing products and extending existing product lines to maximize their longevity. Our marketing teams and product designers strive to develop new products or product lines to offer added technological, aesthetic and functional improvements to our extensive portfolio. We use multiple methods including real-scan technology, articulated joints and a flexible rubberized coating to enhance the life-like feel of our action toys, and expanded to classic characters and special techniques such as vinyl figures. These innovations appeal to collectors and/or produce higher quality and better likenesses of the representative characters.
- **Enter New Product Categories.** We use our extensive experience in the toy and other consumer product industries to evaluate products and licenses in new product categories and to develop additional product lines. We

began marketing licensed classic video games for simple plug-in use with television sets and expanded into several related categories through the licensing of this category from our current licensors, such MTV Networks which owns *Nickelodeon*.

- ***Pursue Strategic Acquisitions.*** We intend to supplement our internal growth with selected strategic acquisitions. Most recently, in June 2005, we acquired the assets of Pet Pal Corp. which expanded our offerings and distribution into pet toy, treats and related products, and in February 2006, we acquired the business of Creative Designs International, Ltd., a leading manufacturer of girls' dress-up and role-play toys. We will continue focusing our acquisition strategy on businesses or brands that have compatible product lines and offer valuable trademarks or brands.
- ***Acquire Additional Character and Product Licenses.*** We have acquired the rights to use many familiar corporate, trade and brand names and logos from third parties that we use with our primary trademarks and brands. Currently, among others, we have license agreements with *WWE*, *Nickelodeon*, *Disney*®, and *Warner Bros*®, as well as with the licensors of the many popular licensed children's characters previously mentioned, among others. We intend to continue to pursue new licenses from these entertainment and media companies and other licensors. We also intend to continue to purchase additional inventions and product concepts through our existing network of product developers.

- **Expand International Sales.** We believe that foreign markets, especially Europe, Australia, Canada, Latin America and Asia, offer us significant growth opportunities. In 2007, our sales generated outside the United States were approximately \$126.1 million, or 14.7% of total net sales. We intend to continue to expand our international sales by capitalizing on our experience and our relationships with foreign distributors and retailers. We expect these initiatives to continue to contribute to our international growth in 2008.
- **Capitalize On Our Operating Efficiencies.** We believe that our current infrastructure and operating model can accommodate significant growth without a proportionate increase in our operating and administrative expenses, thereby increasing our operating margins.

The execution of our growth strategy, however, is subject to several risks and uncertainties and we cannot assure you that we will continue to experience growth in, or maintain our present level of, net sales (see “Risk Factors,” beginning on page 12). For example, our growth strategy will place additional demands on our management, operational capacity and financial resources and systems. The increased demand on management may necessitate our recruitment and retention of additional qualified management personnel. We cannot assure you that we will be able to recruit and retain qualified personnel or expand and manage our operations effectively and profitably. To effectively manage future growth, we must continue to expand our operational, financial and management information systems and to train, motivate and manage our work force. There can be no assurance that our operational, financial and management information systems will be adequate to support our future operations. Failure to expand our operational, financial and management information systems or to train, motivate or manage employees could have a material adverse effect on our business, financial condition and results of operations.

Moreover, implementation of our growth strategy is subject to risks beyond our control, including competition, market acceptance of new products, changes in economic conditions, our ability to obtain or renew licenses on commercially reasonable terms and our ability to finance increased levels of accounts receivable and inventory necessary to support our sales growth, if any.

Furthermore, we cannot assure you that we can identify attractive acquisition candidates or negotiate acceptable acquisition terms, and our failure to do so may adversely affect our results of operations and our ability to sustain growth.

Finally, our acquisition strategy involves a number of risks, each of which could adversely affect our operating results, including difficulties in integrating acquired businesses or product lines, assimilating new facilities and personnel and harmonizing diverse business strategies and methods of operation; diversion of management attention from operation of our existing business; loss of key personnel from acquired companies; and failure of an acquired business to achieve targeted financial results.

Recent Acquisitions

In February 2006, we acquired substantially all of the assets of Creative Designs International, Ltd. and a related Hong Kong company, Arbor Toys Company Limited (collectively, “Creative Designs”). The total initial consideration of \$111.1 million consisted of cash paid at closing in the amount of \$101.7 million, the issuance of 150,000 shares of our common stock valued at approximately \$3.3 million and the assumption of liabilities in the amount of \$6.1 million, and resulted in the recording of goodwill in the amount of \$53.6 million. Goodwill represents anticipated synergies to be gained via the combination of Creative Designs with us. In addition, we agreed to pay an earn-out of up to an aggregate of \$20.0 million in cash over the three calendar years following the acquisition based on the achievement of certain financial performance criteria, which will be recorded as goodwill when and if earned. For the years ended December 31, 2006 and 2007, \$6.9 million and \$6.7 million, respectively, of the earn-out was earned and recorded as goodwill. Creative Designs is a leading designer and producer of dress-up and role-play toys. This acquisition expands our product offerings in the girls role-play and dress-up area and brings new product development and

marketing talent to us. Our results of operations have included Creative Designs from the date of acquisition.

Industry Overview

According to Toy Industry Association, Inc., the leading toy industry trade group, the United States is the world's largest toy market, followed by Japan and Western Europe. Total retail sales of toys, excluding video games, in the United States, were approximately \$22.1 billion in 2007. We believe the two largest United States toy companies, Mattel and Hasbro, collectively hold a dominant share of the domestic non-video toy market. In addition, hundreds of smaller companies compete in the design and development of new toys, the procurement of character and product licenses, and the improvement and expansion of previously introduced products and product lines. In the United States video game segment, total retail sales of video game software were approximately \$17.9 billion in 2007.

Over the past few years, the toy industry has experienced substantial consolidation among both toy companies and toy retailers. We believe that the ongoing consolidation of toy companies provides us with increased growth opportunities due to retailers' desire to not be entirely dependent on a few dominant toy companies. Retailer concentration also enables us to ship products, manage account relationships and track retail sales more effectively and efficiently.

Products

We focus our business on acquiring or licensing well-recognized trademarks or brand names, and we seek to acquire evergreen brands which are less subject to market fads or trends. Generally, our license agreements for products and concepts call for royalties ranging from 1% to 14% of net sales, and some may require minimum guarantees and advances. Our principal products include:

Traditional Toys

Electronics Products

Our electronic products category includes our *Plug It In & Play TV Games*, *EyeClops™ Bionic Eye* products and *Laser Challenge®* product lines. Our current *Plug It In & Play TV Games* titles include licenses from *Namco®*, *Disney*, *Marvel®* and *Nickelodeon*, and feature such games as *SpongeBob SquarePants®*, *Dora the Explorer*, *Disney Princess®*, *Ms. Pac-Man®* and *Pac-Man®*.

We regularly release new *Plug It In & Play TV Games* titles for the pre-school and leisure gamer segments including *Wheel of Fortune®*, *Deal or No Deal®*, *Jeopardy®*, *Sesame Street®* and *Thomas the Tank™*.

Wheels Division Products

- *Toy and activity vehicles*

Our toy vehicle line includes toy and activity vehicles and other toys. We also produce radio controlled vehicles. Our toy vehicle line is comprised of an assortment of rugged die-cast and plastic vehicles that range in size from four-and three-quarter inch to big-wheeled seventeen inch vehicles. The breadth of the line is extensive, with themes ranging from emergency, fire, farm and construction, to racing and jungle adventure.

- *Road Champs® die-cast collectible and toy vehicles*

The *Road Champs* product line consists of highly detailed, die-cast replicas of new and classic cars, trucks, motorcycles, emergency vehicles and service vehicles, primarily in 1/43 scale (including police cars, fire trucks and ambulances), buses and aircraft. Through licenses, we produce replicas of well-known vehicles including those from *Ford®*, *Chevrolet®* and *Porsche®*. We believe that these licenses increase the perceived value of the products and enhance their marketability.

- *Extreme sports die-cast collectibles and toy vehicles and action figures*

Our extreme sports offerings include our *MXS* line of motorcycles with riders, off-road vehicles, personal watercraft, surfboards and skateboards, which are sold individually and with playsets and accessories.

Action Figures and Accessories

We have an extensive toy license with the *WWE* pursuant to which we have the right, until December 31, 2009, to develop and market a full line of toy products based on the popular *WWE* professional wrestlers. These wrestlers

perform throughout the year at live events that attract large crowds, many of which are broadcast on free and cable television, including pay-per-view specials. We launched this product line in 1996 with various series of 6 inch articulated action figures that have movable body parts. We continually expand and enhance this product line by using technology in the development and in the products themselves. The 6 inch figures currently make up a substantial portion of our overall *WWE* line, which has since grown to include many other new products including playsets. Our strategy has been to release new figures and accessories frequently and to offer many exclusive programs to our retail partners to keep the line fresh and relevant to *WWE*'s television programming, and to retain the interest of the consumers.

We also develop, manufacture and distribute other action figures and action figure accessories including those based on the animated series *Pokemon*, and the Disney feature film *The Chronicles of Narnia: Prince Caspian*.

Role-play and Dress-up Products

Our line of role-play and dress-up products features entertainment and consumer products properties such as *Disney Princess*, *Hannah Montana* and *Dora the Explorer* for girls and *Black & Decker* and *Pirates of the Caribbean* for boys. These products generated a significant amount of sales in 2007, and we expect that level of sales to continue in 2008.

Infant and Pre-school Toys

Our pre-school toys include plush and electronic toys based on *Care Bears*, *The Wiggles*, *Barney* licenses and more, some branded under *Child Guidance*® and others under *Play Along*®. In 2007, we also introduced new pre-school foam play products called *Gorilla Blocks*™.

• ***Slumber bags***

Our line of children's indoor slumber bags features *Dora the Explorer*, *SpongeBob SquarePants* and *Pokémon* brands, in addition to our own proprietary designs.

Dolls

Dolls include large, fashion and mini dolls and related accessories based on *Cabbage Patch Kids*®, *Hannah Montana*, *The Cheetah Girls*, *Puppy in My Pocket* and *Friends*, *Hairspray* the movie and *Disney Princess* dolls and private label fashion dolls for other retailers and sold to Disney Stores and Disney Parks and Resorts.

Seasonal/ Outdoor Products

We have a wide range of seasonal toys and outdoor and leisure products. Our *Go Fly A Kite* product line includes youth and adult kites and a wide array of decorative flags, windsocks, and windwheels. Our *Funnoodle* pool toys include the basic Funnoodle pool floats and a variety of other pool toys. Our *The Storm* product line includes water guns, gliders and sport balls. Another outdoor product is our *Fly Wheels XPV* and *Flight*, extensions of our original *Fly Wheels* vehicle line.

Junior Sports Products

Our junior sports products include *Gaksplat*, toy paintball products and *The Storm*, which include a variety of mini sport balls and activity products.

Craft, Activity and Writing Products

We market products into the toy activity category which contain a broad range of activities, such as make and paint your own characters, jewelry making, art studios, posters, puzzles and other projects. These activities, which feature popular characters, such as Nickelodeon's *Dora the Explorer*, among others, have immediate visual appeal and brand recognition. Our product lines also include stationery, back-to-school and office pens, pencils, markers, notebooks and craft products such as *Blopens* and *Vivid Velvet* activities. These products are primarily marketed under our *Flying Colors* and *Pentech* brands, in addition to various private label and other brands.

Pet Products

We entered the Pet Products category with our acquisition of Pet Pal, whose products include pet toys, treats, beds, clothes and related pet products. These products are marketed under JAKKS Pets™ and licenses include *American Kennel Club*, *The Cat Fanciers' Association*, *Bratz*®, *Disney* and *Marvel*, as well as numerous other entertainment and consumer product properties.

World Wrestling Entertainment Video Games

In June 1998, we formed a joint venture with THQ, a developer, publisher and distributor of interactive entertainment software for the leading hardware game platforms in the home video game market. The joint venture entered into a license agreement with the WWE under which it acquired the exclusive worldwide right to publish *WWE* video games on all hardware platforms. The term of the license agreement expires on December 31, 2009, and the joint venture has a right to renew the license for an additional five years provided that there is an absence of a material breach of the license agreement and that certain royalty minimums are met. Those minimums have been met. We and the joint venture are named as defendants in lawsuits commenced by WWE, pursuant to which WWE is claiming that there have been material breaches with respect to the video game license and is seeking treble, punitive and other damages (including disgorgement of profits) in an undisclosed amount and a declaration that the video game license with the joint venture and an extension of our toy licenses with WWE are void and unenforceable (see "Legal Proceedings").

The games are designed, developed, manufactured and distributed by or through THQ. THQ arranges for the manufacture of the CD-ROMs and game cartridges used in the various video game platforms under non-exclusive licenses with Sony, Nintendo and Microsoft. No other licenses are required for the manufacture of the personal computer titles.

The joint venture agreement provides for us to have received guaranteed preferred returns through June 30, 2006 at varying rates of the joint venture's net sales depending on the cumulative unit sales and platform of each particular game. The preferred return was subject to change after June 30, 2006 and was to be set for the distribution period beginning July 1, 2006 and ending December 31, 2009 (the "Next Distribution Period"). The agreement provides that the parties will negotiate in good faith and agree to the preferred return not less than 180 days prior to the start of the Next Distribution Period. It further provides that if the parties are unable to agree on a preferred return, the preferred return will be determined by arbitration. Since the parties have not reached an agreement with respect to the preferred return for the Next Distribution Period, the preferred return for the Next distribution Period is to be determined through arbitration. The preferred return is accrued in the quarter in which the licensed games are sold and the preferred return is earned. Based on the same rates as set forth under the original joint venture agreement, an estimated receivable of \$35.3 million has been accrued for the eighteen months ended December 31, 2007, pending the resolution of this outstanding issue.

The joint venture currently publishes titles for the Sony, Nintendo and Microsoft consoles, Sony® and Nintendo® hand-held platforms, mobile/wireless and personal computers. It will also publish titles for new hardware platforms when, and as they are introduced to the market and have established a sufficient installed base to support new software. These titles are marketed to our existing customers as well as to game, electronics and other specialty stores, such as Electronics Boutique and Best Buy.

The following table presents our results with the joint venture since its inception:

	New Game Titles		Profit from video game joint venture (1) (In millions)
	Console Platforms	Hand- held Platforms	
1999	1	1	\$ 3.6
2000	4	1	15.9
2001	1	2	6.7
2002	3	1	8.0
2003	5	—	7.4
2004	2	1	7.9
2005	3	1	9.4
2006	2	1	13.2
2007	4	2	21.2

(1) Profit from the video game joint venture reflects our preferred return on joint venture revenue less certain costs incurred directly by us and payments made by us to THQ for their share of the profit on *Plug It In & Play* TV Games based on *WWE* content.

Wrestling video games have demonstrated consistent popularity. We believe that the success of *WWE* titles is dependent on the graphic look and feel of the software, the depth and variation of game play and the popularity of *WWE*. We believe that as a franchise property, *WWE* titles have brand recognition and sustainable consumer appeal,

which may allow the joint venture to use titles over an extended period of time through the release of sequels and extensions and to re-release such products at different price points in the future.

Sales, Marketing and Distribution

We sell all of our products through our own in-house sales staff and independent sales representatives to toy and mass-market retail chain stores, department stores, office supply stores, drug and grocery store chains, club stores, toy specialty stores and wholesalers. Our three largest customers are Wal-Mart, Target and Toys 'R' Us, which accounted for approximately 58.7% of our net sales in 2006 and 47.9% of our net sales in 2007. With the addition of the *Pet Pal*® product line, we began to distribute pet products to key pet supply retailers Petco and Petsmart in addition to many other pet retailers and our existing customers. Except for purchase orders relating to products on order, we do not have written agreements with our customers. Instead, we generally sell products to our customers pursuant to letters of credit or, in some cases, on open account with payment terms typically varying from 30 to 90 days. From time to time, we allow our customers credits against future purchases from us in order to facilitate their retail markdown and sales of slow-moving inventory. We also sell our products through e-commerce sites, including Toysrus.com and Amazon.com.

We contract the manufacture of most of our products to unaffiliated manufacturers located in The People's Republic of China ("China"). We sell the finished products on a letter of credit basis or on open account to our customers, many of whom take title to the goods in Hong Kong or China. These methods allow us to reduce certain operating costs and working capital requirements. A portion of our sales originate in the United States, so we hold certain inventory in our warehouse and fulfillment facilities. To date, a significant portion of all of our sales has been to domestic customers. We intend to continue expanding distribution of our products into foreign territories and, accordingly, we have:

- engaged representatives to oversee sales in certain territories,
- engaged distributors in certain territories,
- established direct relationships with retailers in certain territories, and
- expanded in-house resources dedicated to product development and marketing of our lines internally.

Outside of the United States, we currently sell our products primarily in Europe, Australia, Canada, Latin America and Asia. Sales of our products abroad accounted for approximately \$99.1 million, or 12.9% of our net sales, in 2006 and approximately \$126.1 million, or 14.7% of our net sales, in 2007. We believe that foreign markets present an attractive opportunity, and we plan to intensify our marketing efforts and further expand our distribution channels abroad.

We establish reserves for sales allowances, including promotional allowances and allowances for anticipated defective product returns, at the time of shipment. The reserves are determined as a percentage of net sales based upon either historical experience or on estimates or programs agreed upon by our customers and us.

We obtain, directly, or through our sales representatives, orders for our products from our customers and arrange for the manufacture of these products as discussed below. Cancellations generally are made in writing, and we take appropriate steps to notify our manufacturers of these cancellations. We may incur costs or other losses as a result of cancellations.

We maintain a full-time sales and marketing staff, many of whom make on-site visits to customers for the purpose of showing product and soliciting orders for products. We also retain a number of independent sales representatives to sell and promote our products, both domestically and internationally. Together with retailers, we occasionally test the consumer acceptance of new products in selected markets before committing resources to large-scale production.

We publicize and advertise our products in trade and consumer magazines and other publications, market our products at international, national and regional toy, stationery and other specialty trade shows, conventions and exhibitions and carry on cooperative advertising programs with toy and mass market retailers and other customers which include the use of print and television ads and in-store displays. We also produce and broadcast television commercials for several of our product lines, including our *WWE* action figure line, *Disney* large role playsets, *Plug It In & Play TV Games*, *Puppy in My Pocket and Friends*, *EyeClops*, *Hannah Montana* and *Cabbage Patch Kids*. We may also advertise some of our other products on television, if we expect that the resulting increase in our net sales will justify the relatively high cost of television advertising.

Product Development

Each of our product lines has an in-house manager responsible for product development. The in-house manager identifies and evaluates inventor products and concepts and other opportunities to enhance or expand existing product lines or to enter new product categories. In addition, we create proprietary products to fully exploit our concept and character licenses. Although we do have the capability to create and develop products from inception to production,

we generally use third-parties to provide a portion of the sculpting, sample making, illustration and package design required for our products in order to accommodate our increasing product innovations and introductions. Typically, the development process takes from three to nine months from concept to production and shipment to our customers.

We employ a staff of designers for all of our product lines. We occasionally acquire our other product concepts from unaffiliated third parties. If we accept and develop a third party's concept for new toys, we generally pay a royalty on the toys developed from this concept that are sold, and may, on an individual basis, guarantee a minimum royalty. In addition, we engage third party developers to program our line of *Plug it in & Play TV Games*. Royalties payable to inventors and developers generally range from 1% to 2.5% of the wholesale sales price for each unit of a product sold by us. We believe that utilizing experienced third-party inventors gives us access to a wide range of development talent. We currently work with numerous toy inventors and designers for the development of new products and the enhancement of existing products.

Safety testing of our products is done at the manufacturers' facilities by quality control personnel employed by us or by independent third-party contractors engaged by us. Safety testing is designed to meet or exceed regulations imposed by federal and state, as well as applicable international governmental authorities, our retail partners, licensors and the Toy Industry Association. We also closely monitor quality assurance procedures for our products for safety purposes. In addition, independent laboratories engaged by some of our larger customers and licensors test certain of our products.

Manufacturing and Supplies

Most of our products are currently produced by overseas third-party manufacturers, which we choose on the basis of quality, reliability and price. Consistent with industry practice, the use of third-party manufacturers enables us to avoid incurring fixed manufacturing costs, while maximizing flexibility, capacity and production technology. Substantially all of the manufacturing services performed overseas for us are paid for on open account with the manufacturers. To date, we have not experienced any material delays in the delivery of our products; however, delivery schedules are subject to various factors beyond our control, and any delays in the future could adversely affect our sales. Currently, we have ongoing relationships with over eighty different manufacturers. We believe that alternative sources of supply are available to us, although we cannot be assured that we can obtain adequate supplies of manufactured products.

Although we do not conduct the day-to-day manufacturing of our products, we are extensively involved in the design of the product prototype and production tools, dies and molds for our products and we seek to ensure quality control by actively reviewing the production process and testing the products produced by our manufacturers. We employ quality control inspectors who rotate among our manufacturers' factories to monitor the production of substantially all of our products.

The principal raw materials used in the production and sale of our toy products are plastics, zinc alloy, plush, printed fabrics, paper products and electronic components, all of which are currently available at reasonable prices from a variety of sources. Although we do not manufacture our products, we own the tools, dies and molds used in the manufacturing process, and these are transferable among manufacturers if we choose to employ alternative manufacturers. Tools, dies and molds represent a substantial portion of our property and equipment with a net book value of \$12.6 million in 2006 and \$14.4 million in 2007. Substantially all of these assets are located in China.

Trademarks and Copyrights

Most of our products are produced and sold under trademarks owned by or licensed to us. We typically register our properties, and seek protection under the trademark, copyright and patent laws of the United States and other countries where our products are produced or sold. These intellectual property rights can be significant assets. Accordingly, while we believe we are sufficiently protected, the loss of some of these rights could have an adverse effect on our business, financial condition and results of operations.

Competition

Competition in the toy industry is intense. Globally, certain of our competitors have greater financial resources, larger sales and marketing and product development departments, stronger name recognition, longer operating histories and benefit from greater economies of scale. These factors, among others, may enable our competitors to market their products at lower prices or on terms more advantageous to customers than those we could offer for our competitive products. Competition often extends to the procurement of entertainment and product licenses, as well as to the marketing and distribution of products and the obtaining of adequate shelf space. Competition may result in price reductions, reduced gross margins and loss of market share, any of which could have a material adverse effect on our business, financial condition and results of operations. In each of our product lines we compete against one or both of

the toy industry's two dominant companies, Mattel and Hasbro. In addition, we compete in our *Flying Colors* and *Pentech* product categories, with Mega Brands (Rose Art®), Hasbro (Play-Doh®) and Binney & Smith (Crayola®), and in our toy vehicle lines, with RC2. We also compete with numerous smaller domestic and foreign toy manufacturers, importers and marketers in each of our product categories. Our joint venture's principal competitors in the video game market are Electronic Arts and Activision.

Seasonality and Backlog

In 2007, approximately 70.4% of our net sales were made in the third and fourth quarters. Generally, the first quarter is the period of lowest shipments and sales in our business and the toy industry generally and therefore the least profitable due to various fixed costs. Seasonality factors may cause our operating results to fluctuate significantly from quarter to quarter. However, our writing instrument and activity products generally are counter-seasonal to the traditional toy industry seasonality due to the higher volume generally shipped for back-to-school beginning in the second quarter. In addition, our seasonal products are primarily sold in the spring and summer seasons. Our results of operations may also fluctuate as a result of factors such as the timing of new products (and related expenses) introduced by us or our competitors, the advertising activities of our competitors, delivery schedules set by our customers and the emergence of new market entrants. We believe, however, that the low retail price of most of our products may be less subject to seasonal fluctuations than higher priced toy products.

We ship products in accordance with delivery schedules specified by our customers, which usually request delivery of their products within three to six months of the date of their orders for orders shipped FOB China or Hong Kong and within three days on orders shipped domestically. Because customer orders may be canceled at any time without penalty, our backlog may not accurately indicate sales for any future period.

Government and Industry Regulation

Our products are subject to the provisions of the Consumer Product Safety Act (“CPSA”), the Federal Hazardous Substances Act (“FHSA”), the Flammable Fabrics Act (“FFA”) and the regulations promulgated thereunder. The CPSA and the FHSA enable the Consumer Products Safety Commission (“CPSC”) to exclude from the market consumer products that fail to comply with applicable product safety regulations or otherwise create a substantial risk of injury, and articles that contain excessive amounts of a banned hazardous substance. The FFA enables the CPSC to regulate and enforce flammability standards for fabrics used in consumer products. The CPSC may also require the repurchase by the manufacturer of articles. Similar laws exist in some states and cities and in various international markets. We maintain a quality control program designed to ensure compliance with all applicable laws.

Employees

As of February 28, 2008, we employed 598 persons, all of whom are full-time employees, including three executive officers. We employed 419 people in the United States, 154 people in Hong Kong and 25 people in China. We believe that we have good relationships with our employees. None of our employees are represented by a union.

Environmental Issues

We are subject to legal and financial obligations under environmental, health and safety laws in the United States and in other jurisdictions where we operate. We are not currently aware of any material environmental liabilities associated with any of our operations.

Available Information

We make available free of charge on or through our Internet website, www.jakkspacific.com, our annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to these reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC.

Our Corporate Information

We were formed as a Delaware corporation in 1995. Our principal executive offices are located at 22619 Pacific Coast Highway, Malibu, California 90265. Our telephone number is (310) 456-7799 and our Internet Website address is www.jakkspacific.com. The contents of our website are not incorporated in or deemed to be a part of this Annual Report or Form 10-K.

Item 1A. Risk Factors

From time to time, including in this Annual Report on Form 10-K, we publish forward-looking statements, as disclosed in our Disclosure Regarding Forward-Looking Statements, beginning immediately following the Table of Contents of this Annual Report. We note that a variety of factors could cause our actual results and experience to differ materially from the anticipated results or other expectations expressed or anticipated in our forward-looking statements. The factors listed below are illustrative of the risks and uncertainties that may arise and that may be detailed from time to time in our public announcements and our filings with the Securities and Exchange Commission,

such as on Forms 8-K, 10-Q and 10-K. We undertake no obligation to make any revisions to the forward-looking statements contained in this Annual Report on Form 10-K to reflect events or circumstances occurring after the date of the filing of this report.

The outcome of litigation in which we have been named as a defendant is unpredictable and a materially adverse decision in any such matter could have a material adverse affect on our financial position and results of operations.

We are defendants in litigation matters, as described under “Legal Proceedings” in our periodic reports filed pursuant to the Securities Exchange Act of 1934, including the lawsuit commenced by WWE and the purported securities class action and derivative action claims stemming from the WWE lawsuit (see “Legal Proceedings”). These claims may divert financial and management resources that would otherwise be used to benefit our operations. Although we believe that we have meritorious defenses to the claims made in each and all of the litigation matters to which we have been named a party, and intend to contest each lawsuit vigorously, no assurances can be given that the results of these matters will be favorable to us. A materially adverse resolution of any of these lawsuits could have a material adverse effect on our financial position and results of operations.

Our inability to redesign, restyle and extend our existing core products and product lines as consumer preferences evolve, and to develop, introduce and gain customer acceptance of new products and product lines, may materially and adversely impact our business, financial condition and results of operations.

Our business and operating results depend largely upon the appeal of our products. Our continued success in the toy industry will depend on our ability to redesign, restyle and extend our existing core products and product lines as consumer preferences evolve, and to develop, introduce and gain customer acceptance of new products and product lines. Several trends in recent years have presented challenges for the toy industry, including:

The phenomenon of children outgrowing toys at younger ages, particularly in favor of interactive and high technology products;

- *Increasing use of technology;*
- *Shorter life cycles for individual products; and*
- *Higher consumer expectations for product quality, functionality and value.*

We cannot assure you that:

- *our current products will continue to be popular with consumers;*
- *the product lines or products that we introduce will achieve any significant degree of market acceptance; or*
 - *the life cycles of our products will be sufficient to permit us to recover licensing, design, manufacturing, marketing and other costs associated with those products.*

Our failure to achieve any or all of the foregoing benchmarks may cause the infrastructure of our operations to fail, thereby adversely affecting our business, financial condition and results of operations.

The failure of our character-related and theme-related products to become and/or remain popular with children may materially and adversely impact our business, financial condition and results of operations.

The success of many of our character-related and theme-related products depends on the popularity of characters in movies, television programs, live wrestling exhibitions, auto racing events and other media. We cannot assure you that:

media associated with our character-related and theme-related product lines will be released at the times we expect or will be successful;

the success of media associated with our existing character-related and theme-related product lines will result in substantial promotional value to our products;

- *we will be successful in renewing licenses upon expiration on terms that are favorable to us; or*
- *we will be successful in obtaining licenses to produce new character-related and theme-related products in the future.*

Our failure to achieve any or all of the foregoing benchmarks may cause the infrastructure of our operations to fail, thereby adversely affecting our business, financial condition and results of operations.

There are risks associated with our license agreements.

- *Our current licenses require us to pay minimum royalties*

Sales of products under trademarks or trade or brand names licensed from others account for substantially all of our net sales. Product licenses allow us to capitalize on characters, designs, concepts and inventions owned by others or developed by toy inventors and designers. Our license agreements generally require us to make specified minimum royalty payments, even if we fail to sell a sufficient number of units to cover these amounts. In addition, under certain of our license agreements, if we fail to achieve certain prescribed sales targets, we may be unable to retain or renew these licenses.

- *Some of our licenses are restricted as to use*

Under the majority of our license agreements the licensors have the right to review and approve our use of their licensed products, designs or materials before we may make any sales. If a licensor refuses to permit our use of any licensed property in the way we propose, or if their review process is delayed, our development or sale of new products could be impeded.

- *New licenses are difficult and expensive to obtain*

Our continued success will depend substantially on our ability to obtain additional licenses. Intensive competition exists for desirable licenses in our industry. We cannot assure you that we will be able to secure or renew significant licenses on terms acceptable to us. In addition, as we add licenses, the need to fund additional royalty advances and guaranteed minimum royalty payments may strain our cash resources.

- *A limited number of licensors account for a large portion of our net sales*

We derive a significant portion of our net sales from a limited number of licensors. If one or more of these licensors were to terminate or fail to renew our license or not grant us new licenses, our business, financial condition and results of operations could be adversely affected.

The toy industry is highly competitive and our inability to compete effectively may materially and adversely impact our business, financial condition and results of operations.

The toy industry is highly competitive. Globally, certain of our competitors have financial and strategic advantages over us, including:

- *greater financial resources;*
- *larger sales, marketing and product development departments;*
- *stronger name recognition;*
- *longer operating histories; and*
- *greater economies of scale.*

In addition, the toy industry has no significant barriers to entry. Competition is based primarily on the ability to design and develop new toys, to procure licenses for popular characters and trademarks and to successfully market products. Many of our competitors offer similar products or alternatives to our products. Our competitors have obtained and are likely to continue to obtain licenses that overlap our licenses with respect to products, geographic areas and markets. We cannot assure you that we will be able to obtain adequate shelf space in retail stores to support our existing products or to expand our products and product lines or that we will be able to continue to compete effectively against current and future competitors.

An adverse outcome in the litigation commenced against us and against our video game joint venture with THQ by WWE, or a decline in the popularity of WWE, could adversely impact our interest in that joint venture.

The joint venture with THQ depends entirely on a single license, which gives the venture exclusive worldwide rights to produce and market video games based on World Wrestling Entertainment characters and themes. An adverse outcome against us, THQ or the joint venture in the lawsuit commenced by WWE, or an adverse outcome against

THQ or the joint venture in the lawsuit commenced by WWE against THQ and the joint venture (see the first Risk Factor, above, and “Legal Proceedings”), would adversely impact our rights under the joint venture’s single license, which would adversely affect the joint venture’s and our business, financial condition and results of operation.

Furthermore, the popularity of professional wrestling, in general, and World Wrestling Entertainment, in particular, is subject to changing consumer tastes and demands. The relative popularity of professional wrestling has fluctuated significantly in recent years. A decline in the popularity of World Wrestling Entertainment could adversely affect the joint venture’s and our business, financial condition and results of operations.

The termination of THQ's manufacturing licenses and the inability of the joint venture to otherwise obtain these licenses from other manufacturers would materially adversely affect the joint venture's and our business, financial condition and results of operations.

The joint venture relies on hardware manufacturers and THQ's non-exclusive licenses with them for the right to publish titles for their platforms and for the manufacture of the joint venture's titles. If THQ's manufacturing licenses were to terminate and the joint venture could not otherwise obtain these licenses from other manufacturers, the joint venture would be unable to publish additional titles for these manufacturers' platforms, which would materially adversely affect the joint venture's and our business, financial condition and results of operations.

The failure of the joint venture or THQ to perform as anticipated could have a material adverse effect on our financial position and results of operations.

The joint venture's failure to timely develop titles for new platforms that achieve significant market acceptance, to maintain net sales that are commensurate with product development costs or to maintain compatibility between its personal computer CD-ROM titles and the related hardware and operating systems would adversely affect the joint venture's and our business, financial condition and results of operations.

Furthermore, THQ controls day-to-day operations of the joint venture and all of its product development and production operations. Accordingly, the joint venture relies exclusively on THQ to manage these operations effectively. THQ's failure to effectively manage the joint venture would have a material adverse effect on the joint venture's and our business and results of operations. We are also dependent upon THQ's ability to manage cash flows of the joint venture. If THQ is required to retain cash for operations, or because of statutory or contractual restrictions, we may not receive cash payments for our share of profits, on a timely basis, or at all.

The amount of preferred return that we now receive from the joint venture is subject to change, which could adversely affect our results of operations.

The joint venture agreement provides for us to have received guaranteed preferred returns through June 30, 2006 at varying rates of the joint venture's net sales depending on the cumulative unit sales and platform of each particular game. The preferred return was subject to change after June 30, 2006 and was to be set for the distribution period beginning July 1, 2006 and ending December 31, 2009 (the "Next Distribution Period"). The agreement provides that the parties will negotiate in good faith and agree to the preferred return not less than 180 days prior to the start of the Next Distribution Period. It further provides that if the parties are unable to agree on a preferred return, the preferred return will be determined by arbitration. Since the parties have not reached an agreement with respect to the preferred return for the Next Distribution Period, the preferred return for the Next Distribution Period is to be determined through arbitration. The preferred return is accrued in the quarter in which the licensed games are sold and the preferred return is earned. Based on the same rates as set forth under the original joint venture agreement, an estimated receivable of \$35.3 million has been accrued for the eighteen months ending December 31, 2007, pending the resolution of this outstanding issue.

Any adverse change to the preferred return for the next distribution period as well as the ongoing performance of the joint venture may result in our experiencing reduced net income, which would adversely affect our results of operations.

We may not be able to sustain or manage our rapid growth, which may prevent us from continuing to increase our net revenues.

We have experienced rapid growth in our product lines resulting in higher net sales over the last six years, which was achieved through acquisitions of businesses, products and licenses. For example, revenues associated with companies

we acquired since 2005 were approximately \$185.6 million and \$11.8 million, in 2006 and 2007, respectively, representing 24.3% and 1.4% of our total revenues for those periods. As a result, comparing our period-to-period operating results may not be meaningful and results of operations from prior periods may not be indicative of future results. We cannot assure you that we will continue to experience growth in, or maintain our present level of, net sales.

Our growth strategy calls for us to continuously develop and diversify our toy business by acquiring other companies, entering into additional license agreements, refining our product lines and expanding into international markets, which will place additional demands on our management, operational capacity and financial resources and systems. The increased demand on management may necessitate our recruitment and retention of qualified management personnel. We cannot assure you that we will be able to recruit and retain qualified personnel or expand and manage our operations effectively and profitably. To effectively manage future growth, we must continue to expand our operational, financial and management information systems and to train, motivate and manage our work force. There can be no assurance that our operational, financial and management information systems will be adequate to support our future operations. Failure to expand our operational, financial and management information systems or to train, motivate or manage employees could have a material adverse effect on our business, financial condition and results of operations.

In addition, implementation of our growth strategy is subject to risks beyond our control, including competition, market acceptance of new products, changes in economic conditions, our ability to obtain or renew licenses on commercially reasonable terms and our ability to finance increased levels of accounts receivable and inventory necessary to support our sales growth, if any. Accordingly, we cannot assure you that our growth strategy will continue to be implemented successfully.

If we are unable to acquire and integrate companies and new product lines successfully, we will be unable to implement a significant component of our growth strategy.

Our growth strategy depends in part upon our ability to acquire companies and new product lines. Revenues associated with our acquisitions since 2005 represented approximately 24.3% and 1.4% of our total revenues in 2006 and 2007, respectively. Future acquisitions will succeed only if we can effectively assess characteristics of potential target companies and product lines, such as:

- *attractiveness of products;*
- *suitability of distribution channels;*
- *management ability;*
- *financial condition and results of operations; and*
- *the degree to which acquired operations can be integrated with our operations.*

We cannot assure you that we can identify attractive acquisition candidates or negotiate acceptable acquisition terms, and our failure to do so may adversely affect our results of operations and our ability to sustain growth. Our acquisition strategy involves a number of risks, each of which could adversely affect our operating results, including:

• difficulties in integrating acquired businesses or product lines, assimilating new facilities and personnel and harmonizing diverse business strategies and methods of operation;

- *diversion of management attention from operation of our existing business;*
- *loss of key personnel from acquired companies; and*
- *failure of an acquired business to achieve targeted financial results.*

A limited number of customers account for a large portion of our net sales, so that if one or more of our major customers were to experience difficulties in fulfilling their obligations to us, cease doing business with us, significantly reduce the amount of their purchases from us or return substantial amounts of our products, it could have a material adverse effect on our business, financial condition and results of operations.

Our three largest customers accounted for 47.9% of our net sales in 2007. Except for outstanding purchase orders for specific products, we do not have written contracts with or commitments from any of our customers. A substantial reduction in or termination of orders from any of our largest customers could adversely affect our business, financial condition and results of operations. In addition, pressure by large customers seeking price reductions, financial incentives, changes in other terms of sale or for us to bear the risks and the cost of carrying inventory also could adversely affect our business, financial condition and results of operations. If one or more of our major customers were to experience difficulties in fulfilling their obligations to us, cease doing business with us, significantly reduce the amount of their purchases from us or return substantial amounts of our products, it could have a material adverse

effect on our business, financial condition and results of operations. In addition, the bankruptcy or other lack of success of one or more of our significant retailers could negatively impact our revenues and bad debt expense.

We depend on our key personnel and any loss or interruption of either of their services could adversely affect our business, financial condition and results of operations.

Our success is largely dependent upon the experience and continued services of Jack Friedman, our Chairman and Chief Executive Officer, and Stephen G. Berman, our President and Chief Operating Officer. We cannot assure you that we would be able to find an appropriate replacement for Mr. Friedman or Mr. Berman if the need should arise, and any loss or interruption of Mr. Friedman's or Mr. Berman's services could adversely affect our business, financial condition and results of operations.

We depend on third-party manufacturers, and if our relationship with any of them is harmed or if they independently encounter difficulties in their manufacturing processes, we could experience product defects, production delays, cost overruns or the inability to fulfill orders on a timely basis, any of which could adversely affect our business, financial condition and results of operations.

We depend on many third-party manufacturers who develop, provide and use the tools, dies and molds that we own to manufacture our products. However, we have limited control over the manufacturing processes themselves. As a result, any difficulties encountered by the third-party manufacturers that result in product defects, production delays, cost overruns or the inability to fulfill orders on a timely basis could adversely affect our business, financial condition and results of operations.

We do not have long-term contracts with our third-party manufacturers. Although we believe we could secure other third-party manufacturers to produce our products, our operations would be adversely affected if we lost our relationship with any of our current suppliers or if our current suppliers' operations or sea or air transportation with our overseas manufacturers were disrupted or terminated even for a relatively short period of time. Our tools, dies and molds are located at the facilities of our third-party manufacturers.

Although we do not purchase the raw materials used to manufacture our products, we are potentially subject to variations in the prices we pay our third-party manufacturers for products, depending on what they pay for their raw materials.

We have substantial sales and manufacturing operations outside of the United States subjecting us to risks common to international operations.

We sell products and operate facilities in numerous countries outside the United States. For the year ended December 31, 2007 sales to our international customers comprised approximately 14.7% of our net sales. We expect our sales to international customers to account for a greater portion of our revenues in future fiscal periods. Additionally, we utilize third-party manufacturers located principally in China which are subject to the risks normally associated with international operations, including:

- *currency conversion risks and currency fluctuations;*
- *limitations, including taxes, on the repatriation of earnings;*
- *political instability, civil unrest and economic instability;*
- *greater difficulty enforcing intellectual property rights and weaker laws protecting such rights;*
- *complications in complying with laws in varying jurisdictions and changes in governmental policies;*
 - *greater difficulty and expenses associated with recovering from natural disasters;*
 - *transportation delays and interruptions;*
 - *the potential imposition of tariffs; and*

the pricing of intercompany transactions may be challenged by taxing authorities in both Hong Kong and the United States, with potential increases in income taxes.

Our reliance on external sources of manufacturing can be shifted, over a period of time, to alternative sources of supply, should such changes be necessary. However, if we were prevented from obtaining products or components for a material portion of our product line due to medical, political, labor or other factors beyond our control, our operations would be disrupted while alternative sources of products were secured. Also, the imposition of trade sanctions by the United States against a class of products imported by us from, or the loss of “normal trade relations” status by China, could significantly increase our cost of products imported from that nation. Because of the importance of our international sales and international sourcing of manufacturing to our business, our financial condition and results of operations could be significantly and adversely affected if any of the risks described above were to occur.

Our business is subject to extensive government regulation and any violation by us of such regulations could result in product liability claims, loss of sales, diversion of resources, damage to our reputation, increased warranty costs or removal of our products from the market, and we cannot assure you that our product liability insurance for the foregoing will be sufficient.

Our business is subject to various laws, including the Federal Hazardous Substances Act, the Consumer Product Safety Act, the Flammable Fabrics Act and the rules and regulations promulgated under these acts. These statutes are administered by the CPSC, which has the authority to remove from the market products that are found to be defective and present a substantial hazard or risk of serious injury or death. The CPSC can require a manufacturer to recall, repair or replace these products under certain circumstances. We cannot assure you that defects in our products will not be alleged or found. Any such allegations or findings could result in:

- *product liability claims;*
- *loss of sales;*
- *diversion of resources;*
- *damage to our reputation;*
- *increased warranty costs; and*
- *removal of our products from the market.*

Any of these results may adversely affect our business, financial condition and results of operations. There can be no assurance that our product liability insurance will be sufficient to avoid or limit our loss in the event of an adverse outcome of any product liability claim.

We depend on our proprietary rights and our inability to safeguard and maintain the same, or claims of third parties that we have violated their intellectual property rights, could have a material adverse effect on our business, financial condition and results of operations.

We rely on trademark, copyright and trade secret protection, nondisclosure agreements and licensing arrangements to establish, protect and enforce our proprietary rights in our products. The laws of certain foreign countries may not protect intellectual property rights to the same extent or in the same manner as the laws of the United States. We cannot assure you that we or our licensors will be able to successfully safeguard and maintain our proprietary rights. Further, certain parties have commenced legal proceedings or made claims against us based on our alleged patent infringement, misappropriation of trade secrets or other violations of their intellectual property rights. We cannot assure you that other parties will not assert intellectual property claims against us in the future. These claims could divert our attention from operating our business or result in unanticipated legal and other costs, which could adversely affect our business, financial condition and results of operations.

Market conditions and other third-party conduct could negatively impact our margins and implementation of other business initiatives.

Economic conditions, such as rising fuel prices and decreased consumer confidence, may adversely impact our margins. In addition, general economic conditions were significantly and negatively affected by the September 11th terrorist attacks and could be similarly affected by any future attacks. Such a weakened economic and business climate, as well as consumer uncertainty created by such a climate, could adversely affect our sales and profitability. Other conditions, such as the unavailability of electronics components, may impede our ability to manufacture, source

and ship new and continuing products on a timely basis. Significant and sustained increases in the price of oil could adversely impact the cost of the raw materials used in the manufacture of our products, such as plastic.

We may not have the funds necessary to purchase our outstanding convertible senior notes upon a fundamental change or other purchase date, as required by the indenture governing the notes.

On June 15, 2010, June 15, 2013 and June 15, 2018, holders of our convertible senior notes may require us to purchase their notes, which repurchase may be made for cash. In addition, holders may also require us to purchase their notes for cash upon the occurrence of certain fundamental changes in our board composition or ownership structure, if we liquidate or dissolve under certain circumstances or if our common stock ceases being quoted on an established over-the-counter trading market in the United States. If we do not have, or have access to, sufficient funds to repurchase the notes, then we could be forced into bankruptcy. In fact, we expect that we would require third-party financing, but we cannot assure you that we would be able to obtain that financing on favorable terms or at all.

We have a material amount of goodwill which, if it becomes impaired, would result in a reduction in our net income.

Goodwill is the amount by which the cost of an acquisition accounted for using the purchase method exceeds the fair value of the net assets we acquire. Current accounting standards require that goodwill no longer be amortized but instead be periodically evaluated for impairment based on the fair value of the reporting unit. As of December 31, 2007, we have not had any impairment of Goodwill, which is reviewed on a quarterly basis and formally evaluated on an annual basis.

At December 31, 2007, approximately \$353.3 million, or 36.0%, of our total assets represented goodwill. Declines in our profitability may impact the fair value of our reporting units, which could result in a write-down of our goodwill. Reductions in our net income caused by the write-down of goodwill would adversely affect our results of operations.

Item 3. Legal Proceedings

On October 19, 2004, we were named as defendants in a lawsuit commenced by WWE in the U.S. District Court for the Southern District of New York concerning our toy licenses with WWE and the video game license between WWE and the joint venture company operated by THQ and us, captioned World Wrestling Entertainment, Inc. v. JAKKS Pacific, Inc., et al., 1:04-CV-08223-KMK (the "WWE Action"). The complaint also named as defendants THQ, the joint venture, certain of our foreign subsidiaries, Jack Friedman (our Chairman and Chief Executive Officer), Stephen Berman (our Executive Vice President and Chief Operating Officer, President and Secretary and a member of our Board of Directors), Joel Bennett (our Chief Financial Officer), Stanley Shenker and Associates, Inc., Bell Licensing, LLC, Stanley Shenker and James Bell.

WWE sought treble, punitive and other damages (including disgorgement of profits) in an undisclosed amount and a declaration that the video game license with the joint venture, which is scheduled to expire in 2009 (subject to joint venture's right to extend that license for an additional five years), and an amendment to our toy licenses with WWE, which are scheduled to expire in 2009, are void and unenforceable. This action alleged violations by the defendants of the Racketeer Influenced and Corrupt Organization Act ("RICO") and the anti-bribery provisions of the Robinson-Patman Act, and various claims under state law.

On February 16, 2005, we filed a motion to dismiss the WWE Action. On March 30, 2005, the day before WWE's opposition to our motion was due, WWE filed an Amended Complaint seeking, among other things, to add the Chief Executive Officer of THQ as a defendant and to add a claim under the Sherman Act. The Court allowed the filing of the Amended Complaint and ordered a two-stage resolution of the viability of the Complaint, with motions to dismiss the federal jurisdiction claims based on certain threshold issues to proceed and all other matters to be deferred for consideration if the Complaint survived scrutiny with respect to the threshold issues. The Court also stayed discovery pending the determination of the motions to dismiss.

The motions to dismiss the Amended Complaint based on these threshold issues were fully briefed and argued and, on March 31, 2006, the Court granted the part of our motion seeking dismissal of the Robinson-Patman Act and Sherman Act claims and denied the part of our motion seeking to dismiss the RICO claims on the basis of the threshold issue that was briefed (the "March 31 Order").

On April 7, 2006, we sought certification to appeal from the portion of the March 31 Order denying our motion to dismiss the RICO claim on the one ground that was briefed. Shortly thereafter, WWE filed a motion for reargument with respect to the portion of the March 31 Order that dismissed the Sherman Act claim and, alternatively, sought judgment with respect to the Sherman Act claim so that it could pursue an immediate appeal. At a court conference on April 26, 2006 the Court deferred the requests for judgment and for certification and set up briefing schedules with respect to our motion to dismiss the RICO claim on grounds that were not the subject of the first round of briefing, and our motion to dismiss the action based on the release contained in a January 15, 2004 Settlement Agreement and General Release between WWE and the Company (the "Release"). The Court also established a briefing schedule for WWE's motion for reargument of the dismissal of the Sherman Act claim. These motions were argued and submitted in September 2006. Discovery remained stayed.

On November 30, 2007, the Court indicated that the WWE Action would be dismissed. On December 21, 2007 the Court dismissed the WWE Action with prejudice (the "December 2007 Order") based on (1) the failure to plead RICO injury; (2) the bar of the RICO statute of limitations; (3) the denial of WWE's motion for reconsideration of the Sherman Act claim; and (4) the lack of subject matter jurisdiction with respect to the pendent state law claims. Thereafter, WWE filed an appeal to the Second Circuit Court of Appeals. We filed a motion for reconsideration of the part of the December 2007 Order that stated that the Release did not bar the WWE Action. That motion has been fully briefed and submitted to the Court. We also filed a cross-appeal based on the Court's earlier order denying our request to dismiss based on the lack of a cognizable enterprise and based on the December 2007 Order's statement with respect to the Release. A scheduling order was issued by the Second Circuit with respect to the Appeal. Thereafter, WWE moved to dismiss our cross-appeal. That motion is in the process of being briefed. We moved for a declaration that the Appeal was stayed by virtue of the motion for reconsideration. That motion is in the process of briefing.

In November 2004, several purported class action lawsuits were filed in the United States District Court for the Southern District of New York: (1) Garcia v. JAKKS Pacific, Inc. et al., Civil Action No. 04-8807 (filed on November 5, 2004), (2) Jonco Investors, LLC v. JAKKS Pacific, Inc. et al., Civil Action No. 04-9021 (filed on November 16, 2004), (3) Kahn v. JAKKS Pacific, Inc. et al., Civil Action No. 04-8910 (filed on November 10, 2004), (4) Quantum Equities L.L.C. v. JAKKS Pacific, Inc. et al., Civil Action No. 04-8877 (filed on November 9, 2004), and (5) Irvine v. JAKKS Pacific, Inc. et al., Civil Action No. 04-9078 (filed on November 16, 2004) (the "Class Actions"). The complaints in the Class Actions alleged that defendants issued positive statements concerning increasing sales of our WWE licensed products which were false and misleading because the WWE licenses had allegedly been obtained through a pattern of commercial bribery, our relationship with the WWE was being negatively impacted by the WWE's contentions and there was an increased risk that the WWE would either seek modification or nullification of the licensing agreements with us. Plaintiffs also alleged that we misleadingly failed to disclose the alleged fact that the WWE licenses were obtained through an unlawful bribery scheme. The plaintiffs in the Class Actions were described as purchasers of our common stock, who purchased from as early as October 26, 1999 to as late as October 19, 2004. The Class Actions sought compensatory and other damages in an undisclosed amount, alleging violations of Section 10(b) of the Securities Exchange Act of 1934 (the "Exchange Act") and Rule 10b-5 promulgated thereunder by each of the defendants (namely the Company and Messrs. Friedman, Berman and Bennett), and violations of Section 20(a) of the Exchange Act by Messrs. Friedman, Berman and Bennett. On January 25, 2005, the Court consolidated the Class Actions under the caption In re JAKKS Pacific, Inc. Shareholders Class Action Litigation, Civil Action No. 04-8807. On May 11, 2005, the Court appointed co-lead counsels and provided until July 11, 2005 for an amended complaint to be filed; and a briefing schedule thereafter with respect to a motion to dismiss. The motion to dismiss was fully briefed and argument occurred on November 30, 2006. The motion was granted in January 2008 to the extent that the Class Actions were dismissed without prejudice to plaintiffs' right to seek leave to file an amended complaint based on statements that the WWE licenses were obtained from the WWE as a result of the long-term relationship with WWE. A motion seeking leave to file an amended complaint was filed on February 25, 2008.

We believe that the claims in the WWE Action and the Class Actions are without merit and we intend to defend vigorously against them. However, because these Actions are in their preliminary stages or are on appeal, we cannot

assure you as to the outcome of the Actions, nor can we estimate the range of our potential losses.

On December 2, 2004, a shareholder derivative action was filed in the Southern District of New York by Freeport Partner, LLC against us, nominally, and against Messrs. Friedman, Berman and Bennett, Freeport Partners v. Friedman, et al., Civil Action No. 04-9441 (the "Derivative Action"). The Derivative Action seeks to hold the individual defendants liable for damages allegedly caused to us by their actions and in particular to hold them liable on a contribution theory with respect to any liability we incur in connection with the Class Actions. On or about February 10, 2005, a second shareholder derivative action was filed in the Southern District of New York by David Oppenheim against us, nominally, and against Messrs. Friedman, Berman, Bennett, Blatte, Glick, Miller and Skala, Civil Action 05-2046 (the "Second Derivative Action"). The Second Derivative Action seeks to hold the individual defendants liable for damages allegedly caused to us by their actions as a result of alleged breaches of their fiduciary duties. On or about March 16, 2005, a third shareholder derivative action was filed. It is captioned Warr v. Friedman, Berman, Bennett, Blatte, Glick, Miller, Skala, and JAKKS (as a nominal defendant), and it was filed in the Superior Court of California, Los Angeles County (the "Third Derivative Action"). The Third Derivative Action seeks to hold the individual defendants liable for (1) damages allegedly caused to us by their alleged breaches of fiduciary duty, abuse of control, gross mismanagement, waste of corporate assets and unjust enrichment; and (2) restitution to us of profits, benefits and other compensation obtained by them. Stays/and or extensions of time to answer are in place with respect to the derivative actions.

On March 1, 2005, we delivered a Notice of Breach of Settlement Agreement and Demand for Indemnification to WWE (the "Notification"). The Notification asserted that WWE's filing of the WWE Action violated a Covenant Not to Sue contained in a January 15, 2004 Settlement Agreement and General Release ("General Release") entered into between WWE and us and, therefore, that we were demanding indemnification, pursuant to the Indemnification provision contained in the General Release, for all losses that the WWE's actions have caused or will cause to us and our officers, including but not limited to any losses sustained by us in connection with the Class Actions. On March 4, 2005, in a letter from its outside counsel, WWE asserted that the General Release does not cover the claims in the WWE Action.

On March 30, 2006, WWE's counsel wrote a letter alleging breaches by the joint venture of the video game agreement relating to the manner of distribution and the payment of royalties to WWE with respect to sales of the WWE video games in Japan. WWE has demanded that the alleged breaches be cured within the time periods provided in the video game license, while reserving all of its rights, including its alleged right of termination of the video game license.

On April 28, 2006 the joint venture responded, asserting, among other things, that WWE had acquiesced in the manner of distribution in Japan and the payment of royalties with respect to such sales and, in addition, had separately released the joint venture from any claims with respect to such matter, including the payment of royalties with respect to such sales, and that there is therefore no basis for an allegation of a breach of the license agreement. While the joint venture does not believe that WWE has a valid claim, it tendered a protective "cure" of the alleged breaches with a full reservation of rights. WWE "rejected" that cure and reserved its rights.

On October 12, 2006, WWE commenced a lawsuit in Connecticut state court against THQ and THQ/JAKKS Pacific LLC (the "LLC"), involving a claim set forth above concerning allegedly improper sales of WWE video games in Japan and other countries in Asia (the "Connecticut Action"). The lawsuit seeks, among other things, a declaration that WWE is entitled to terminate the video game license and monetary damages and raised Connecticut Unfair Trade Practices Act ("CUTPA") and contract claims against THQ and the LLC. A motion to strike the CUTPA claim was denied in May 2007.

In March 2007, WWE filed a motion seeking leave to amend its complaint in the Connecticut Action to add the principal part of the state law claims present in the WWE Action to the Connecticut Action. That motion further sought, *inter alia*, to add our Company and Messrs. Friedman, Berman and Bennett (the "Individual Defendants") as defendants in the Connecticut Action. The motion was argued on May 8, 2007 and was granted from the bench, subject to a decision that the schedule was suspended and no discovery matters would be addressed until pleading motions were resolved. In June 2007, our Company and the Individual Defendants moved for a stay of the Connecticut Action, *inter alia*, based on the pendency of the WWE Action. On July 30, 2007, in light of the pending motion to dismiss in the WWE Action, the Court ordered a 120-day stay of the Connecticut Action (the "Stay"). In November 2007 we moved for a continuation of the Stay. WWE served discovery and sought leave to file an amended complaint alleging the state law claims from the WWE Action. Thereafter we moved for a conference and a stay of discovery. A conference was held on January 14, 2008 at which WWE was allowed to amend its complaint to assert the state law claims set forth in the WWE Action and a briefing schedule was established with respect to a combined motion to strike and a motion for summary judgment (the "Dispositive Motion"). The Court subsequently denied the motion for a protective order except to the extent that we are to submit a response to the discovery requests at the end of March 2008. Also, the Court granted permission for WWE to submit a proposed case management order. WWE did so in February 2008 and it provided for a trial on or after October 2009. On February 22, 2008, we submitted a response in which we requested that no case management order be adopted prior to the determination of the Dispositive Motion because it would moot such a case management order but that if a case management order is to be adopted it should provide for a trial, if the matter is not fully dismissed, not before June 2010.

We believe that the claims in the Connecticut Action are without merit and we intend to defend vigorously against them. However, because this action is in its preliminary stage, we cannot assure you as to the outcome of the action,

nor can we estimate the range of our potential losses. THQ and the LLC have stated that they believe the claims in the Connecticut Action prior to the additional claims in the amended complaint are without merit and intend to defend themselves vigorously. However, because this action is in its preliminary stage, we cannot assure you as to the outcome, nor can we estimate the range of our potential losses, if any.

Our agreement with THQ provides for payment of a preferred return to us in connection with our joint venture. The preferred return is subject to change after June 30, 2006 and is to be set for the distribution period beginning July 1, 2006 and ending December 31, 2009 (the "Next Distribution Period"). The agreement provides that the parties will negotiate in good faith and agree to the preferred return not less than 180 days prior to the start of the Next Distribution Period. It further provides that if the parties are unable to agree on a preferred return, the preferred return will be determined by arbitration. The parties have not reached an agreement with respect to the preferred return for the Next Distribution Period and the preferred return is to be determined through arbitration. On April 30, 2007, THQ filed an action in the Superior Court, Los Angeles County, to compel arbitration and to appoint an arbitrator pursuant to the relevant provisions of the agreement. An order was issued that identified five potential arbitrators. The parties did not agree on an arbitrator. JAKKS served notices of disqualification on four of the potential arbitrators; THQ objected; the Court struck the disqualification notices and appointed an arbitrator, who was then stricken by JAKKS. JAKKS appealed the Court's order with respect to the disclosure and disqualification process and the appellate court took the appeal and stayed the proceedings. The Court rendered a decision on the matter on February 28, 2008 which decision affirmed the lower court's decision ruling that disclosure was not required until after the arbitrator was nominated to serve by the Court.

We are a party to, and certain of our property is the subject of, various other pending claims and legal proceedings that routinely arise in the ordinary course of our business, but we do not believe that any of these claims or proceedings will have a material effect on our business, financial condition or results of operations.

Performance Graph

The graph and tables below display the relative performance of our common stock, the Russell 2000 Price Index (the "Russell 2000") and a peer group index, by comparing the cumulative total stockholder return (which assumes reinvestment of dividends, if any) on an assumed \$100 investment in our common stock, the Russell 2000 and the peer group index over the period from January 1, 2003 to December 31, 2007.

In accordance with recently enacted regulations implemented by the Securities and Exchange Commission, we retained the services of an expert compensation consultant. In the performance of its services, such consultant used a peer group index for its analysis of our compensation policies. We believe that these companies represent a cross-section of publicly-traded companies with product lines and businesses similar to our own throughout the comparison period and, accordingly, we are using the same peer group for purposes of the performance graph. Our peer group index includes the following companies: *Activision, Inc.*, *Electronic Arts, Inc.*, *EMak Worldwide, Inc.*, *Hasbro, Inc.*, *Leapfrog Enterprises, Inc.*, *Marvel Enterprises, Inc.*, *Mattel, Inc.*, *Russ Berrie and Company, Inc.*, *RC2 Corp.*, *Take-Two Interactive, Inc.* and *THQ Inc.*

The historical performance data presented below may not be indicative of the future performance of our common stock, any reference index or any component company in a reference index.

Security Holders

To the best of our knowledge, as of February 27, 2008, there were 179 holders of record of our common stock. We believe there are numerous beneficial owners of our common stock whose shares are held in "street name."

Dividends

We have never paid any cash dividends on our common stock. We currently intend to retain our future earnings, if any, to finance the growth and development of our business and/or buy back in the market some of our outstanding common stock, but may consider implementing a plan to pay cash dividends on our common stock in the future.

Equity Compensation Plan Information

The table below sets forth the following information as of the year ended December 31, 2007 for (i) all compensation plans previously approved by our stockholders and (ii) all compensation plans not previously approved by our stockholders, if any:

- (a) the number of securities to be issued upon the exercise of outstanding options, warrants and rights;
- (b) the weighted-average exercise price of such outstanding options, warrants and rights; and
- (c) other than securities to be issued upon the exercise of such outstanding options, warrants and rights, the number of securities remaining available for future issuance under the plans.

Plan Category	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a))
	(a)	(b)	(c)

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following Management's Discussion and Analysis of Financial Condition and Results of Operations contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors. You should read this section in conjunction with our consolidated financial statements and the related notes (included in Item 8).

Critical Accounting Policies

The accompanying consolidated financial statements and supplementary information were prepared in accordance with accounting principles generally accepted in the United States of America. Significant accounting policies are discussed in Note 2 to the Consolidated Financial Statements, Item 8. Inherent in the application of many of these accounting policies is the need for management to make estimates and judgments in the determination of certain revenues, expenses, assets and liabilities. As such, materially different financial results can occur as circumstances change and additional information becomes known. The policies with the greatest potential effect on our results of operations and financial position include:

Allowance for Doubtful Accounts. Our allowance for doubtful accounts is based on management's assessment of the business environment, customers' financial condition, historical collection experience, accounts receivable aging, customer disputes and the collectibility of specific customer accounts. If there were a deterioration of a major customer's creditworthiness, or actual defaults were higher than our historical experience, our estimates of the recoverability of amounts due to us could be overstated, which could have an adverse impact on our operating results. The allowance for doubtful accounts is also affected by the time at which uncollectible accounts receivable balances are actually written off.

Major customers' accounts are monitored on an ongoing basis; more in depth reviews are performed based on changes in customer's financial condition and/or the level of credit being extended. When a significant event occurs, such as a bankruptcy filing by a specific customer, and on a quarterly basis, the allowance is reviewed for adequacy and the balance or accrual rate is adjusted to reflect current risk prospects.

Revenue Recognition. Our revenue recognition policy is to recognize revenue when persuasive evidence of an arrangement exists, title transfer has occurred (product shipment), the price is fixed or readily determinable, and collectibility is probable. We recognize revenue in accordance with Staff Accounting Bulletin No. 104, "Revenue Recognition." Sales are recorded net of sales returns and discounts, which are estimated at the time of shipment based upon historical data. JAKKS routinely enters into arrangements with its customers to provide sales incentives, support customer promotions, and provide allowances for returns and defective merchandise. Such programs are based

primarily on customer purchases, customer performance of specified promotional activities, and other specified factors such as sales to consumers. Accruals for these programs are recorded as sales adjustments that reduce gross revenue in the period the related revenue is recognized. Accruals for these programs are recorded as sales adjustments that reduce gross revenue in the period the related revenue is recognized.

Goodwill and other indefinite-lived intangible assets. In accordance with Statement of Financial Accounting Standards (“SFAS”) 142, *Goodwill and Other Intangible Assets*, goodwill and indefinite-lived intangible assets are not amortized, but are tested for impairment at least annually at the reporting unit level.

Factors we consider important which could trigger an impairment review include the following:

- significant underperformance relative to expected historical or projected future operating results;
- significant changes in the manner of our use of the acquired assets or the strategy for our overall business; and
- significant negative industry or economic trends.

Due to the subjective nature of the impairment analysis significant changes in the assumptions used to develop the estimate could materially affect the conclusion regarding the future cash flows necessary to support the valuation of long-lived assets, including goodwill. The valuation of goodwill involves a high degree of judgment and consists of a comparison of the fair value of a reporting unit with its book value. Based on the assumptions underlying the valuation, impairment is determined by estimating the fair value of a reporting unit and comparing that value to the reporting unit's book value. If the implied fair value is more than the book value of the reporting unit, an impairment loss is not indicated. If impairment exists, the fair value of the reporting unit is allocated to all of its assets and liabilities excluding goodwill, with the excess amount representing the fair value of goodwill. An impairment loss is measured as the amount by which the book value of the reporting unit's goodwill exceeds the estimated fair value of that goodwill.

SFAS No. 142 requires that goodwill be allocated to various reporting units, which are either at the operating segment level or one reporting level below the operating segment, for purposes of evaluating whether goodwill is impaired. For 2007, JAKKS' reporting units are: Traditional Toys, Craft and Writing, and Pet products. Goodwill is allocated within JAKKS' reporting units based on an allocation of brand-specific goodwill to the reporting units selling those brands. As of October 1, 2007, JAKKS performed the annual impairment test required by SFAS No. 142 and determined that its goodwill was not impaired. There were no events or circumstances that indicated the impairment test should be performed again at December 31, 2007.

To determine the fair value of our reporting units, we generally use a present value technique (discounted cash flow) corroborated by market multiples when available and as appropriate. The factor most sensitive to change with respect to our discounted cash flow analyses is the estimated future cash flows of each reporting unit which is, in turn, sensitive to our estimates of future revenue growth and margins for these businesses. If actual revenue growth and/or margins are lower than our expectations, the impairment test results could differ. We applied what we believe to be the most appropriate and consistent valuation methodology for each of the reporting units. If we had established different reporting units or utilized different valuation methodologies, the impairment test results could differ.

Goodwill and intangible assets amounted to \$397.6 million as of December 31, 2007.

Reserve for Inventory Obsolescence. We value our inventory at the lower of cost or market. Based upon a consideration of quantities on hand, actual and projected sales volume, anticipated product selling prices and product lines planned to be discontinued, slow-moving and obsolete inventory is written down to its net realizable value.

Failure to accurately predict and respond to consumer demand could result in the Company under producing popular items or overproducing less popular items. Furthermore, significant changes in demand for our products would impact management's estimates in establishing our inventory provision.

Management estimates are monitored on a quarterly basis and a further adjustment to reduce inventory to its net realizable value is recorded, as an increase to cost of sales, when deemed necessary under the lower of cost or market standard.

Income Allocation for Income Taxes. Our income tax provision and related income tax assets and liabilities are based on actual income as allocated to the various tax jurisdictions based upon our transfer pricing study, US and foreign statutory income tax rates, and tax regulations and planning opportunities in the various jurisdictions in which the Company operates. Significant judgment is required in interpreting tax regulations in the US and foreign jurisdictions, and in evaluating worldwide uncertain tax positions. Actual results could differ materially from those judgments, and changes in judgments could materially affect our consolidated financial statements.

Income taxes and interest and penalties related to income tax payable. We do not file a consolidated return with our foreign subsidiaries. We file federal and state returns and our foreign subsidiaries each file Hong Kong returns, as

applicable. Deferred taxes are provided on a liability method whereby deferred tax assets are recognized as deductible temporary differences and operating loss and tax credit carry-forwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax basis. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

As of January 1, 2007, we adopted the provisions of FASB Interpretation No. 48 ("FIN 48"), *Accounting for Uncertainty in Income Taxes*, which prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions taken or expected to be taken in a tax return. As of the date of adoption, tax benefits that are subject to challenge by tax authorities are analyzed and accounted for in the income tax provision. The cumulative effect of the potential liability for unrecognized tax benefits prior to the adoption of FIN 48, along with the associated interest and penalties, are recognized as a reduction in the January 1, 2007 balance of retained earnings.

We accrue a tax reserve for additional income taxes and interest, which may become payable in future years as a result of audit adjustments by tax authorities. The reserve is based on management's assessment of all relevant information, and is periodically reviewed and adjusted as circumstances warrant. As of December 31, 2007, our income tax reserves are approximately \$20.3 million and relate to the potential income tax audit adjustments, primarily in the areas of income allocation and transfer pricing.

We recognize current period interest expense and the reversal of previously recognized interest expense that has been determined to not be assessable due to the expiration of the related audit period or other compelling factors on the income tax liability for unrecognized tax benefits as interest expense, and penalties and penalty reversals related to the income taxes payable as other expense in our consolidated statements of operations.

Share-Based Compensation. We grant restricted stock and options to purchase our common stock to our employees (including officers) and non-employee directors under our 2002 Stock Award and Incentive Plan (the “Plan”), which incorporated the shares remaining under our Third Amended and Restated 1995 Stock Option Plan. The benefits provided under the Plan are share-based payments subject to the provisions of revised Statement of Financial Accounting Standards No. 123 (Revised) (SFAS 123R), *Share-Based Payment*. Effective January 1, 2006, we began to use the fair value method to apply the provisions of SFAS 123R. We estimate the value of share-based awards on the date of grant using the Black-Scholes option-pricing model. The determination of the fair value of share-based payment awards on the date of grant using an option-pricing model is affected by our stock price, as well as assumptions regarding a number of complex and subjective variables. These variables include our expected stock price volatility over the term of the awards, actual and projected employee stock option exercise behaviors, cancellations, terminations, risk-free interest rates and expected dividends.

Recent Developments

In February 2006, we acquired substantially all of the assets of Creative Designs International, Ltd. and a related Hong Kong company, Arbor Toys Company Limited (collectively, “Creative Designs”). The total initial purchase price of \$111.1 million consisted of \$101.7 million in cash, 150,000 shares of our common stock at a value of approximately \$3.3 million and the assumption of liabilities in the amount of \$6.1 million. In addition, we agreed to pay an earn-out of up to an aggregate amount of \$20.0 million in cash over the three calendar years following the acquisition based on the achievement of certain financial performance criteria, which will be recorded as goodwill when and if earned. For the years ended December 31, 2006 and 2007, \$6.9 million and \$6.7 million, respectively, of the earn-out was earned and recorded as goodwill. Creative Designs is a leading designer and producer of dress-up and role-play toys and was included in our results of operations from the date of acquisition.

Comparison of the Years Ended December 31, 2007 and 2006

Net Sales

Traditional Toys. Net sales of our Traditional Toys segment were \$793.0 million in 2007, compared to \$692.5 million in 2006, representing an increase of \$100.5 million, or 14.5%. The increase in net sales was primarily due to impact of sales related to our Creative Designs line of products for the full twelve months ended December 31, 2007, as compared to only a part of the twelve months ended December 31, 2006 (as a result of the February 2006 acquisition of Creative Designs), which had incremental sales of \$17.4 million, and increases in sales of WWE and Pokemon action figures and accessories, role-play and dress-up toys, Bio Bytes™, Eye Clops™ Bionic Eye, Child Guidance pre-school toys, Hannah Montana dolls and accessories, In My Pocket toys, Cheetah Girls toys, Sweet Secrets toys, Funnoodle pool toys and our Fly Wheels XPV® toys, offset in part by decreases in sales of Dragonball Z® action figures, JAKKS™ dolls, Plug It In & Play TV Games, wheels products, Telestory®, Vmigo®, Sky Dancers®, Doodle Bears®, Dragon Flyz™, Trolls™, Care Bears®, Cabbage Patch Kids®, Speedstacks®, Snugglers™, RC Flight toys and our Go Fly A Kite® and junior sports products.

Craft/Activity/Writing Products. Net Sales of our Craft/Activity/Writing Products were \$39.6 million in 2007, compared to \$52.8 million in 2006, representing a decrease of \$13.2 million, or 25.0%. The decrease in net sales was primarily due to decreases in sales of our Flying Colors and Vivid Velvet activities products and our Pentech and Color Workshop writing instruments and related products.

Pet Products. Net Sales of our Pet Pal line of products were \$24.5 million in 2007, compared to \$20.1 million in 2006, representing an increase of \$4.4 million, or 21.9%. The increase is attributable to the expanding line of products and expanding distribution.

Cost of Sales

Traditional Toys. Cost of sales of our Traditional Toys segment was \$490.3 million, or 61.8% of related net sales, in 2007, compared to \$429.4 million, or 62.0% of related net sales, in 2006, representing an increase of \$60.9 million, or 14.2%. The increase primarily consisted of an increase in product costs of \$41.1 million, which is in line with the higher volume of sales. Product costs as a percentage of sales decreased primarily due to the mix of the product sold with lower product cost. Furthermore, royalty expense for our Traditional Toys segment increased by \$16.9 million and as a percentage of net sales due to changes in the product mix to more products with higher royalty rates from products with lower royalty rates or proprietary products with no royalty rates. Additionally, certain royalty advances and guarantees were written off for licensed product whose sell-off period had expired or was projected to not recoup the advances through future sales or meet its contractual minimum guaranty. Our depreciation of molds and tools increased by \$2.9 million due to the depreciation of new products being sold in this segment.

Craft/Activity/Writing Products. Cost of sales of our Craft/Activity/Writing Products segment was \$27.0 million, or 68.1% of related net sales, in 2007, compared to \$29.0 million, or 55.0% of related net sales, in 2006, representing a decrease of \$2.0 million, or 6.9%. The decrease consisted of a decrease in product costs of \$2.2 million, which is in line with the lower volume of sales. Product costs as a percentage of net sales increased primarily due to the mix of the product sold and sell-off of closeout product. Royalty expense increased by \$0.3 million and as a percentage of net sales due to changes in the product mix to more products with higher royalty rates from products with lower royalty rates or proprietary products with no royalty rates. Additionally, certain royalty advances and guarantees were written off for licensed product whose sell-off period had expired or was projected to not recoup the advances through future sales or meet its contractual minimum guaranty. Our depreciation of molds and tools decreased by \$0.2 million due to lower level of product in this segment requiring molds and tools.

Pet Products. Cost of sales of our Pet Pal line of products was \$16.2 million, or 66.2% of related net sales, in 2007, compared to \$12.1 million, or 60.5% of related net sales, in 2006, representing an increase of \$4.1 million, or 33.9%. The increase primarily consisted of an increase in product costs of \$3.5 million, which is in line with the higher volume of sales. Product costs as a percentage of net sales increased primarily due to the mix of the product sold. Royalty expense increased by \$0.4 million, which was in line with the higher volume of sales. Additionally, our depreciation of molds and tools was comparable year-over-year.

Selling, General and Administrative Expenses

Selling, general and administrative expenses were \$216.7 million in 2007 and \$202.5 million in 2006, constituting 25.3% and 26.5% of net sales, respectively. The overall increase of \$14.2 million in such costs was primarily due to increases in general and administrative expenses (\$16.8 million), the incremental overhead related to a full quarter impact of operations of Creative Designs (\$1.5 million) for the three months ended March 31, 2007 (as compared to a partial quarter of operations for the three months ended March 31, 2006 as a result of the February 2006 acquisition thereof), product development (\$2.2 million) and stock based compensation (\$2.6 million), offset in part by decreases in other selling expenses (\$7.0 million), and amortization expense related to intangible assets other than goodwill (\$1.9 million). The increase in general and administrative expenses is primarily due to an increase in salary and payroll taxes (\$5.8 million) to support our growing business which includes a lower allocation of JAKKS' overhead to the video game joint venture (\$1.2 million), bonus expense (\$10.6 million) based on a stronger EPS growth in 2007 compared to 2006, donations expense (2.1 million), rent expense (\$1.1 million) and travel and entertainment expense (\$0.8 million), offset in part by decreases in other expenses as a result of the reversal of FIN 48 penalties related to income taxes payable (\$0.6 million) and the buyout of our New York showroom lease (\$1.3 million) and legal and other professional fees (\$1.4 million). The decrease in direct selling expenses is primarily due to a decrease in advertising and promotional expenses of \$10.9 million in 2007 in support of several of our product lines, offset in part by an increase in sales commissions (\$1.2 million) and other direct selling expenses (\$2.7 million). From time to time, we may increase or decrease our advertising efforts, if we deem it appropriate for particular products.

Profit from Video Game Joint Venture

Profit from our video game joint venture in 2007 increased to \$21.1 million, as compared to \$13.2 million in 2006, due to the strong performance of the new Smackdown vs. Raw 2007 game and stronger sales of existing titles in 2007 compared to 2006. Furthermore, we devoted and allocated \$1.2 million less of JAKKS' overhead to the video game joint venture. The amount of the preferred return we will receive from the joint venture after June 30, 2006 became subject to change (see "Risk Factors", *infra*, and Note 4 of the Notes to Consolidated Financial Statements, *supra*).

Interest Income

Interest income in 2007 was \$6.8 million, as compared to \$4.9 million in 2006. The increase is due to higher average cash balances and higher interest rates during 2007 compared to 2006.

Interest Expense

Interest expense was \$5.5 million and \$4.5 million for 2007 and 2006, respectively. The increase is due to net interest accrued pursuant to our January 1, 2007 adoption of the provisions of FIN 48. Interest expense of \$4.5 million related to our convertible senior notes payable were comparable in 2007 and 2006.

Provision for Income Taxes

Provision for income taxes includes federal, state and foreign income taxes at effective tax rates of 31.7% in 2006, and 31.3% in 2007, benefiting from a flat 17.5% tax rate on the Company's income arising in, or derived from, Hong Kong for each of 2006 and 2007. The effective rate in 2007 reflects the recognition of certain discrete income tax adjustments recognized in the quarter ended September 30, 2007. These adjustments included the reconciliation of the 2006 income tax provision to the actual income tax liability as reflected in the Company's income tax return, and the reduction in income tax expense due to the recognition of a previously recorded potential income tax liability for uncertain tax positions that are no longer subject to audit due to the closure of the audit period. These discrete items resulted in approximately a 2.1% reduction in the effective income tax rate for the twelve months ended December 31, 2007. As of December 31, 2007, the Company had net deferred tax assets of approximately \$7.3 million for which an allowance of \$0.9 million has been provided since, in the opinion of management, realization of the future benefit is uncertain.

Comparison of the Years Ended December 31, 2006 and 2005

Net Sales

Traditional Toys. Net sales of our Traditional Toys segment were \$692.5 million in 2006, compared to \$589.7 million in 2005, representing an increase of \$102.8 million or 17.4%. The increase in net sales was primarily due to the addition of the Creative Designs line of products, which we acquired in February 2006, with sales of \$181.1 million and increases in sales of WWE actions figures and accessories, Doodle Bear, Speed Stacks, Snugglers, Dragonflyz, Trolls, Fly Wheels XPV and Flight toys and our Funnoodle pool toys, offset in part by decreases in sales of Plug It In & Play TV Games, wheels products, dolls, Sky Dancers, Care Bears, Cabbage Patch Kids, Go Fly A Kite and junior sports products.

Craft/Activity/Writing Products. Net Sales of our Craft/Activity/Writing Products were \$52.8 million in 2006, compared to \$62.0 million in 2005, representing a decrease of \$9.2 million or 14.8%. The decrease in net sales was primarily due to decreases in sales of our Flying Colors activities and our Pentech and Color Workshop writing instruments and related products, offset in part by an increase in sales of our Creepy Crawlers® activity sets.

Pet Products. Net Sales of our Pet Pal line of products, which we acquired in June 2005, were \$20.1 million in 2006, compared to \$9.8 million in 2005, representing an increase of \$10.3 million or 105.1%. The increase is attributable to the growth in sales of this new line of products through our existing distribution channels and having sales for the entire year in 2006.

Cost of Sales

Traditional Toys. Cost of sales of our Traditional Toys segment was \$429.4 million in 2006, compared to \$348.6 million in 2005, representing an increase of \$80.8 million or 23.2%. The increase primarily consisted of an increase in product costs of \$74.5 million, which is in line with the higher volume of sales. Furthermore, royalty expense for our Traditional Toys segment decreased by \$1.5 million and as a percentage of net sales due to changes in the product mix to more products with lower royalty rates or proprietary products with no royalty rates, from products with higher royalty rates. Product costs as a percentage of sales increased due to the mix of the product sold and sell-through of closeout product. Our depreciation of molds and tools increased by \$7.9 million due to new products being sold in this segment.

Craft/Activity/Writing Products. Cost of sales of our Craft/Activity/Writing Products was \$29.0 million in 2006, compared to \$39.9 million in 2005, representing a decrease of \$10.9 million or 27.3%. The decrease primarily consisted of decreases in product costs of \$8.6 million and royalty expense of \$2.2 million, which were in line with the lower volume of sales. Additionally, our depreciation of molds and tools was comparable year-over-year.

Pet Products. Cost of sales of our Pet Pal line of products, which we acquired in June 2005, was \$12.1 million in 2006, compared to \$6.3 million in 2005, representing an increase of \$5.8 million or 92.1%. The increase primarily consisted of increases in product costs of \$4.8 million and royalty expense of \$0.8 million, which were in line with the higher volume of sales. Additionally, our depreciation of molds and tools increased by \$0.3 million.

Selling, General and Administrative Expenses

Selling, general and administrative expenses were \$202.5 million in 2006 and \$178.7 million in 2005, constituting 26.5% and 27.0% of net sales, respectively. The overall increase of \$23.8 million in such costs was primarily due to the addition of overhead related to the operations of Creative Designs (\$20.3 million), increases in product development (\$2.7 million), amortization expense related to intangible assets other than goodwill (\$7.4 million) and stock-based compensation (\$3.1 million), offset in part by a decrease in other selling expenses (\$12.0

million). Increased grants of restricted stock awards to our non-employee directors and the increase in the price of our common stock in 2006 compared to 2005 resulted in stock-based compensation expense of \$6.5 million in 2006, compared to \$3.4 million in 2005. The decrease in direct selling expenses is primarily due to efficiencies gained by closing two third-party warehouses, and decreases in sales commission expense of \$1.9 million and advertising and promotional expenses of \$6.4 million in 2006 in support of several of our product lines. From time to time, we may increase or decrease our advertising efforts, if we deem it appropriate for particular products.

Profit from Video Game Joint Venture

Profit from our video game joint venture in 2006 increased to \$13.2 million, as compared to \$9.4 million in 2005, due to the strong performance of the three new games released and stronger sales of existing titles in 2006, offset by the reduction of \$0.1 million to THQ for their share of profit on our sales of WWE themed Plug It In & Play TV Games compared to 2005, in which period four new games were released and \$0.8 million was earned by THQ for the WWE themed Plug It In & Play TV Games. The amount of the preferred return we will receive from the joint venture after June 30, 2006 is subject to change (see “Risk Factors” and “World Wrestling Entertainment Video Games”).

Other Expense

Other expense in 2005 of \$1.4 million related to the write-off of an investment in a Chinese joint venture. There was no such expense in 2006.

Interest Income

Interest income in 2006 was \$4.9 million, as compared to \$5.2 million in 2005. This decrease is due to lower average cash balances in 2006 as a result of our acquisition of Creative Designs, offset in part by higher interest rates during 2006 compared to 2005.

Interest Expense

Interest expense in 2006 of \$4.5 million related to the convertible senior notes payable was comparable to 2005.

Provision for Income Taxes

Provision for income taxes included federal, state and foreign income taxes at effective tax rates of 34.3% in 2005 and 31.7% in 2006, benefiting from a flat 17.5% Hong Kong Corporation Tax on our income arising in, or derived from, Hong Kong for each of 2005 and 2006. The decrease in the effective tax rate in 2006 is due to the effect, in 2005, of a one-time repatriation of undistributed earnings from our international subsidiaries, which created additional taxes in 2005 on 15% of the dividends received. As of December 31, 2006, we had net deferred tax assets of approximately \$8.2 million for which an allowance of \$0.9 million has been provided since, in the opinion of management, realization of this portion of the future benefit is uncertain.

Quarterly Fluctuations and Seasonality

We have experienced significant quarterly fluctuations in operating results and anticipate these fluctuations in the future. The operating results for any quarter are not necessarily indicative of results for any future period. Our first quarter is typically expected to be the least profitable as a result of lower net sales but substantially similar fixed operating expenses. This is consistent with the performance of many companies in the toy industry.

The following table presents our unaudited quarterly results for the years indicated. The seasonality of our business is reflected in this quarterly presentation.

During the fourth quarter of 2005, we recorded a non-cash charge, which impacted net income, of \$3.6 million for restricted stock, and we repatriated \$105.5 million from our Hong Kong subsidiaries which resulted in incremental income tax expense of \$5.4 million and reduced net income.

During 2007, we recorded net interest expense of \$0.9 million related to FIN 48.

Recent Accounting Standards

In June 2006, the Financial Accounting Standards Board issued FASB Interpretation No. 48 (“FIN 48”), *Accounting for Uncertainty in Income Taxes*, which prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions taken or expected to be taken in a tax return. Under FIN 48, the tax benefit of uncertain tax positions may be recognized only if it is more likely than not that the tax position will be sustained, based solely on its technical merits presuming the tax authority has full knowledge of all relevant information. Additionally, FIN 48 provides guidance on the de-recognition, classification, and accounting in interim periods and disclosure requirements for uncertain tax positions. In the first quarter of 2007, we adopted FIN 48 which resulted in the recognition of an increased current and non-current income tax payable for unrecognized tax benefits of \$15.6 million. We have also recognized an additional liability of \$2.5 million for penalties and \$2.8 million for interest on the income tax liability. These increases to the liabilities resulted in a reduction of \$19.1 million to the January 1, 2007 balance of retained earnings, net of related tax benefits. Current interest on income tax liabilities is recognized as interest expense and penalties on income tax liabilities are recognized as other expense in the consolidated statement of income. During the year ended December 31, 2007, we accrued an additional \$0.9 million of net interest expense.

In December 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard No. 141 (Revised) (“FAS 141(R)”), *Business Combinations*. The provisions of this statement are effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning after December 15, 2008. Earlier application is not permitted. FAS141(R) replaces FAS 141 and provides new guidance for valuing assets and liabilities acquired in a business combination. We will adopt FAS141(R) in calendar year 2009.

In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard No. 157 (“FAS 157”) *Fair Value Measurements*. This standard provides new definitions for fair value and establishes a framework for measuring fair value in financial statements. FAS 157 becomes effective for us as of January 1, 2008. We anticipate that the effect of the adoption of FAS 157 will be immaterial to our financial statements.

Liquidity and Capital Resources

As of December 31, 2007, we had working capital of \$355.7 million, as compared to \$280.4 million as of December 31, 2006. This increase was primarily attributable to our operating activities, offset in part by the disbursement of earn-out payments related to our Play Along, Creative Designs and Pet Pal acquisitions.

Operating activities provided net cash of \$87.7 million in the year ended December 31, 2007, as compared to \$63.7 million in 2006. Net cash was provided primarily by net income of \$90.0 million and non-cash charges and changes in working capital. Accounts receivable turnover as measured by days sales outstanding in accounts receivable for the three months ended December 31, 2007 decreased from approximately 58 days as of December 31, 2006 to approximately 55 days as of December 31, 2007 primarily due to the larger volume of sales for the quarter ended December 31, 2007 compared to the volume of sales for the quarter ended December 31, 2006. Other than open purchase orders, issued in the normal course of business, we have no obligations to purchase finished goods from our manufacturers. As of December 31, 2007, we had cash and cash equivalents of \$241.3 million.

Our investing activities used cash of \$33.7 million in the year ended December 31, 2007, as compared to \$121.9 million in 2006, consisting primarily of cash paid for the Creative Designs earn-out of \$6.7 million, the Play Along earn-out of \$6.7 million, the Pet Pal earn-out of \$2.0 million and the purchase of office furniture and equipment and molds and tooling of \$18.1 million used in the manufacture of our products and other assets. In 2006, our investing activities consisted primarily of cash paid for the purchase of net assets in the Creative Designs acquisition of \$101.7 million, the Play Along earn-out of \$6.7 million, the Pet Pal earn-out of \$1.5 million and the purchase of office

furniture and equipment and molds and tooling of \$11.2 million used in the manufacture of our products and other assets. As part of our strategy to develop and market new products, we have entered into various character and product licenses with royalties generally ranging from 1% to 14% payable on net sales of such products. As of December 31, 2007, these agreements required future aggregate minimum guarantees of \$38.2 million, exclusive of \$26.2 million in advances already paid. Of this \$38.2 million future minimum guarantee, \$21.3 is due over the next twelve months. We do not have any significant capital expenditure commitments as of December 31, 2007.

Our financing activities provided net cash of \$2.8 million in the year ended December 31, 2007, as compared to \$3.1 million in 2006. In 2007, cash was primarily provided from the exercise of stock options and the tax benefit from stock options exercised. In 2006, cash was primarily provided from the exercise of stock options and the tax benefit from stock options exercised.

The following is a summary of our significant contractual cash obligations for the periods indicated that existed as of December 31, 2007 and is based on information appearing in the notes to the consolidated financial statements (in thousands):

	2008	2009	2010	2011	2012	Thereafter	Total

The above table excludes any potential uncertain income tax liabilities that may become payable upon examination of the Company's income tax returns by taxing authorities. Such amounts and periods of payment cannot be reliably estimated. See Note 12 to the financial statements for further explanation of the Company's uncertain tax positions. The above table also excludes our contractual obligation with one of our executives regarding his retirement plan. Such amounts and periods of payment cannot be reliably estimated. See Note 15 to the financial statements for further explanation of the Company's retirement plan commitment.

In February 2008, our Board of Directors authorized us to repurchase up to \$30.0 million of our common stock. To date, no shares have been repurchased by us.

In October 2004, the American Jobs Creation Act of 2004 (the "Act") was signed into law. The Act created a one-time incentive for U.S. corporations to repatriate undistributed earnings from their international subsidiaries by providing an 85% dividends-received deduction for certain international earnings. The deduction was available to corporations during the tax year that included October 2004, or in the immediately subsequent tax year. In the fourth quarter of 2005, our Board of Directors approved a plan to repatriate \$105.5 million in foreign earnings, which was completed in December 2005. The federal and state income tax expense related to this repatriation was approximately \$5.4 million.

In October 2004, we were named as a defendant in a lawsuit commenced by WWE (the "WWE Action"). The complaint also named as defendants, among others, the joint venture with THQ Inc., certain of our foreign subsidiaries and our three executive officers. The complaint was dismissed and an appeal has been filed with respect to the Judgment dismissing the WWE Action. In November 2004, several purported class action lawsuits were filed in the United States District Court for the Southern District of New York, alleging damages associated with the facts alleged in the WWE Action. In January 2008, the complaint was dismissed without prejudice to seeking leave to file an amended complaint. Such leave was sought in February 2008. Three shareholder derivative actions have also been filed against us, nominally, and against certain of our Board members (the "Derivative Actions"). The Derivative Actions seek to hold the individual defendants liable for damages allegedly caused to our Company by their actions, and, in one of the Derivative Actions, seeks restitution to our Company of profits, benefits and other compensation obtained by them. In October 2006, WWE commenced a lawsuit against THQ and the joint venture concerning allegedly improper sales of WWE video games in Japan and other countries in Asia, seeking among other things, a declaration that WWE is entitled to terminate its video games license with the joint venture and monetary damages (the "Connecticut Action"). In spring 2007, WWE amended the complaint in the Connecticut Action to allege the matters set forth in the WWE Action. Thereafter, WWE amended the complaint in the Connecticut Action to allege state claim laws that had been alleged in the WWE Action. WWE submitted a proposed case management order in February 2008 and it provided for a trial on or after October 2009. On February 22, 2008, we submitted a response in which we requested that no case management order be adopted prior to the determination of the motion to strike and for summary judgment because it would moot such a case management order but that if a case management order is to be adopted it should provide for a trial, if the matter is not fully dismissed, not before June 2010. See "Legal Proceedings."

In June 2005, we purchased substantially all of the operating assets and assumed certain liabilities relating to the Pet Pal line of pet products, including toys, treats and related pet products. The total initial purchase price of \$10.6 million was paid in cash. In addition, we agreed to pay an earn-out of up to an aggregate amount of \$25.0 million in cash over the three years ending June 30, 2008 following the acquisition based on the achievement of certain financial performance criteria, which will be recorded as goodwill when and if earned. During the years ended December 31, 2006 and 2007, \$1.5 million and \$2.0 million, respectively, of the earn-out was earned and recorded as goodwill. Goodwill of \$4.6 million arose from this transaction, which represents the excess of the purchase price over the fair value of assets acquired less liabilities assumed. This acquisition expands our product offerings and distribution channels. Our results of operations have included Pet Pal from the date of acquisition.

In February 2006, we acquired substantially all of the assets of Creative Designs. The total initial purchase price of \$111.1 million consisted of \$101.7 million in cash, 150,000 shares of our common stock at a value of approximately \$3.3 million and the assumption of liabilities in the amount of \$6.1 million. In addition, we agreed to pay an earn-out of up to an aggregate amount of \$20.0 million in cash over the three calendar years following the acquisition based on the achievement of certain financial performance criteria, which will be recorded as goodwill when and if earned. For the years ended December 31, 2006 and 2007, \$6.9 million and \$6.7 million respectively, of the earn-out was earned and recorded as goodwill. Creative Designs is a leading designer and producer of dress-up and role-play toys and is included in our results of operations from the date of acquisition.

In June 2003, we sold an aggregate of \$98.0 million of 4.625% Convertible Senior Notes due June 15, 2023. The notes may be converted into shares of our common stock at an initial conversion price of \$20.00 per share, or 50 shares per note, subject to certain circumstances. The notes may be converted in each quarter subsequent to any quarter in which the closing price of our common stock is at or above a prescribed price for at least 20 trading days in the last 30 trading day period of the quarter. The prescribed price for the conversion trigger is \$24.00 through June 30, 2010, and increases nominally each quarter thereafter. Cash interest is payable at an annual rate of 4.625% of the principal amount at issuance, from the issue date to June 15, 2010, payable on June 15 and December 15 of each year, commencing on December 15, 2003. After June 15, 2010, interest will accrue at the same rate on the outstanding notes until maturity. At maturity, we will redeem the notes at their accreted principal amount, which will be equal to \$1,811.95 (181.195%) per \$1,000 principal amount at issuance, unless redeemed or converted earlier. The notes were not convertible as of December 31, 2007, but are convertible in the first quarter of 2008.

We may redeem the notes at our option in whole or in part beginning on June 15, 2010, at 100% of their accreted principal amount plus accrued and unpaid interest, if any, payable in cash. Holders of the notes may also require us to repurchase all or part of their notes on June 15, 2010, for cash, at a repurchase price of 100% of the principal amount per note plus accrued and unpaid interest, if any. Holders of the notes may also require us to repurchase all or part of their notes on June 15, 2013 and June 15, 2018 at a repurchase price of 100% of the accreted principal amount per note plus accrued and unpaid interest, if any. Any repurchases at June 15, 2013 and June 15, 2018 may be paid in cash, in shares of common stock or a combination of cash and shares of common stock.

We believe that our cash flows from operations and cash and cash equivalents will be sufficient to meet our working capital and capital expenditure requirements and provide us with adequate liquidity to meet our anticipated operating needs for at least the next 12 months. Although operating activities are expected to provide cash, to the extent we grow significantly in the future, our operating and investing activities may use cash and, consequently, this growth may require us to obtain additional sources of financing. There can be no assurance that any necessary additional financing will be available to us on commercially reasonable terms, if at all. We intend to finance our long-term liquidity requirements out of net cash provided by operations and net cash and cash equivalents. As of December 31, 2007, we do not have any off-balance sheet arrangements.

Exchange Rates

Sales from our United States and Hong Kong operations are denominated in U.S. dollars and our manufacturing costs are denominated in either U.S. or Hong Kong dollars. Operations and operating expenses of all of our operations are denominated in local currency, thereby creating exposure to changes in exchange rates. Changes in the Hong Kong dollar/U.S. dollar exchange rate may positively or negatively affect our operating results. The exchange rate of the Hong Kong dollar to the U.S. dollar has been fixed by the Hong Kong government since 1983 at HK\$7.80 to US\$1.00 and, accordingly, has not represented a currency exchange risk to the U.S. dollar. We cannot assure you that the exchange rate between the United States and Hong Kong currencies will continue to be fixed or that exchange rate fluctuations between the United States and Hong Kong currencies will not have a material adverse effect on our business, financial condition or results of operations.

Item 7A. *Quantitative and Qualitative Disclosures About Market Risk*

Market risk represents the risk of loss that may impact our financial position, results of operations or cash flows due to adverse changes in financial and commodity market prices and rates. We are exposed to market risk in the areas of changes in United States and international borrowing rates and changes in foreign currency exchange rates. In addition, we are exposed to market risk in certain geographic areas that have experienced or remain vulnerable to an economic downturn, such as China. We purchase substantially all of our inventory from companies in China, and, therefore, we are subject to the risk that such suppliers will be unable to provide inventory at competitive prices. While we believe that, if such an event were to occur we would be able to find alternative sources of inventory at

competitive prices, we cannot assure you that we would be able to do so. These exposures are directly related to our normal operating and funding activities. To date, we have not used derivative instruments or engaged in hedging activities to minimize our market risk.

Interest Rate Risk

In June 2003, we issued convertible senior notes payable of \$98.0 million with a fixed interest rate of 4.625% per annum, which remain outstanding as of December 31, 2007. Accordingly, we are not generally subject to any direct risk of loss arising from changes in interest rates.

Foreign Currency Risk

We have wholly-owned subsidiaries in Hong Kong and China. Sales are made by these operations on FOB China or Hong Kong terms and are denominated in U.S. dollars. However, purchases of inventory and Hong Kong operating expenses are typically denominated in Hong Kong dollars and local operating expenses in China are denominated in local currency, thereby creating exposure to changes in exchange rates. Changes in the Chinese Yuan or Hong Kong dollar/U.S. dollar exchange rates may positively or negatively affect our gross margins, operating income and retained earnings. A gain in Hong Kong dollars gave rise to the other comprehensive loss in the balance sheet at December 31, 2007. The exchange rate of the Hong Kong dollar to the U.S. dollar has been fixed by the Hong Kong government since 1983 at HK\$7.80 to US\$1.00 and, accordingly, has not represented a currency exchange risk to the U.S. dollar. We do not believe that near-term changes in these exchange rates, if any, will result in a material effect on our future earnings, fair values or cash flows, and therefore, we have chosen not to enter into foreign currency hedging transactions. We cannot assure you that this approach will be successful, especially in the event of a significant and sudden change in the value of the Hong Kong dollar or Chinese Yuan.

Item 8. Consolidated Financial Statements and Supplementary Data

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders
JAKKS Pacific, Inc.
Malibu, California

We have audited the accompanying consolidated balance sheets of JAKKS Pacific, Inc. (the "Company") as of December 31, 2007 and 2006 and the related consolidated statements of income, other comprehensive income, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of JAKKS Pacific, Inc. as of December 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

As more fully described in Note 2 to the consolidated financial statements, effective January 1, 2007, the Company adopted the provisions of FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes, an Interpretation of FASB Statement No. 109," and effective January 1, 2006, the Company adopted the provisions of Statement of Financial Accounting Standards No. 123(R), "Share-Based Payment."

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), JAKKS Pacific, Inc.'s internal control over financial reporting as of December 31, 2007, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) and our report dated February 28, 2008 expressed an unqualified opinion thereon.

JAKKS PACIFIC, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2007

Note 1—Principal Industry

JAKKS Pacific, Inc. (the “Company”) is engaged in the development, production and marketing of consumer products, including toys and related products, stationery and writing instruments and pet toys and related products, some of which are based on highly-recognized entertainment properties and character licenses. The Company commenced its primary business operations in July 1995 through the purchase of substantially all of the assets of a Hong Kong toy company. The Company markets its product lines domestically and internationally.

The Company was incorporated under the laws of the State of Delaware in January 1995.

Note 2—Summary of Significant Accounting Policies

Principles of consolidation

The consolidated financial statements include accounts of the Company and its wholly-owned subsidiaries. In consolidation, all significant inter-company balances and transactions are eliminated.

Cash and cash equivalents

The Company considers all highly liquid assets, having an original maturity of less than three months, to be cash equivalents. The Company maintains its cash in bank deposits which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk of cash and cash equivalents.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the dates of the financial statements, and the reported amounts of revenue and expenses during the reporting periods. Actual future results could differ from those estimates.

Revenue recognition

Revenue is recognized upon the shipment of goods to customers or their agents, depending on terms, provided that there are no uncertainties regarding customer acceptance, the sales price is fixed or determinable, and collectibility is reasonably assured and not contingent upon resale.

Generally, the Company does not allow for product returns. The Company provides a negotiated allowance for breakage or defects to its customers, which is recorded when the related revenue is recognized. However, the Company does make occasional exceptions to this policy and consequently accrues a return allowance in gross sales based on historic return amounts and management estimates.

The Company also will occasionally grant credits to facilitate markdowns and sales of slow moving merchandise. These credits are recorded as a reduction of gross sales at the time of occurrence. The Company’s reserve for sales returns and allowances decreased by \$6.6 million from \$32.6 million as of December 31, 2006 to \$26.0 million as of December 31, 2007.

Inventory

Inventory, which includes the ex-factory cost of goods, capitalized warehouse costs and in-bound freight and duty, is valued at the lower of cost (first-in, first-out) or market, net of inventory obsolescence reserve, and consists of the following (in thousands):

	December 31,	
	2006	2007
Raw materials	\$ 3,845	\$ 1,694
Finished goods	72,943	73,792
	\$ 76,788	\$ 75,486

Fair value of financial instruments

The Company's cash and cash equivalents, marketable securities, accounts receivable, accounts payable and accrued expenses represent financial instruments. The carrying value of these financial instruments is a reasonable approximation of fair value. The fair value of the \$98.0 million of convertible senior notes payable at December 31, 2006 and 2007 was approximately \$127.4 million and \$137.7 million, respectively, based on the most recent quoted market price.

Property and equipment

Property and equipment are stated at cost and are being depreciated using the straight-line method over their estimated useful lives as follows:

Office equipment	5 years
Automobiles	5 years
Furniture and fixtures	5 - 7 years
Molds and tooling	2 - 4 years
Leasehold improvements	Shorter of length of lease or 10 years

For the years ended December 31, 2005, 2006, and 2007, the Company's aggregate depreciation expense related to property and equipment was \$6.3 million, \$8.5 million and \$11.4 million, respectively.

Advertising

Production costs of commercials and programming are charged to operations in the year during which the production is first aired. The costs of other advertising, promotion and marketing programs are charged to operations in the year incurred. Advertising expense for the three years in the period ended December 31, 2007, was approximately \$38.8 million, \$36.7 million and \$22.3 million, respectively.

The Company also participates in cooperative advertising arrangements with some customers, whereby it allows a discount from invoiced product amounts in exchange for customer purchased advertising that features the Company's products. Typically, these discounts range from 1% to 6% of gross sales, and are generally based on product purchases or on specific advertising campaigns. Such amounts are accrued when the related revenue is recognized or when the advertising campaign is initiated. These cooperative advertising arrangements are accounted for as direct selling expenses.

Income taxes

The Company does not file a consolidated return with its foreign subsidiaries. The Company files federal and state returns and its foreign subsidiaries each file Hong Kong returns, as applicable. Deferred taxes are provided on a liability method whereby deferred tax assets are recognized as deductible temporary differences and operating loss and tax credit carry-forwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax basis. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Translation of foreign currencies

Assets and liabilities denominated in Hong Kong dollars are translated into United States dollars at the rate of exchange ruling at the balance sheet date. Transactions during the period are translated at the rates ruling at the dates of the transactions.

Profits and losses resulting from the above translation policy are recognized in the statements of other comprehensive income.

Accounting for the impairment of long-lived assets

Long-lived assets with finite lives, which include property and equipment and intangible assets other than goodwill, are evaluated at least annually for impairment when events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable through the estimated undiscounted future cash flows from the use of these assets. When any such impairment exists, the related assets will be written down to fair value. Finite-lived intangible assets consist primarily of product technology rights, acquired backlog, customer relationships, product lines and license agreements. These intangible assets are amortized over the estimated economic lives of the related assets. Accumulated amortization as of December 31, 2006 and 2007 was \$48.5 million and \$63.1 million, respectively.

Goodwill and other indefinite-lived intangible assets

In accordance with Statement of Financial Accounting Standards (“SFAS”) 142, *Goodwill and Other Intangible Assets*, goodwill and indefinite-lived intangible assets are not amortized, but are tested for impairment at least annually at the reporting unit level. Losses in value are recorded when and as material impairment has occurred in the underlying assets or when the benefits of the identified intangible assets are realized. As of December 31, 2007, there was no impairment to the underlying value of goodwill or indefinite-lived intangible assets other than goodwill. Indefinite-lived intangible assets other than goodwill consist of trademarks.

The carrying value of goodwill and trademarks are based on cost which is subject to management’s current assessment of fair value. Management evaluates fair value recoverability using both objective and subjective factors. Objective factors include management’s best estimates of projected future earnings and cash flows and analysis of recent sales and earnings trends. Subjective factors include competitive analysis and the Company’s strategic focus.

Share-based Compensation

In December 2004, the FASB issued SFAS 123 (Revised), *Share-Based Payment*, (“SFAS 123R”) which amends SFAS 123, *Accounting for Stock Based Compensation*, and SFAS 95, *Statement of Cash Flows*. SFAS 123R requires companies to measure all employee stock-based compensation awards using a fair value method and record such expense in its consolidated financial statements, and requires additional accounting and disclosure related to the income tax and cash flow effects resulting from share-based payment arrangements. SFAS 123R was effective for the Company beginning as of January 1, 2006, and the Company recorded \$1.9 million and \$1.0 million of stock option expense in 2006 and 2007, respectively, and \$4.6 million and \$8.1 million of restricted stock expense, respectively, in 2006 and 2007. See Note 16 for further details relating to share based compensation.

Earnings per share

The following table is a reconciliation of the weighted-average shares used in the computation of basic and diluted earnings per share (“EPS”) for the periods presented (in thousands, except per share data):

			2005 Weighted Average Shares		Per Share

Unvested restricted stock grants	—	256	
Diluted EPS			
Income available to common stockholders plus assumed exercises and conversion	\$ 91,937	33,149	\$ 2.77

Basic earnings per share has been computed using the weighted average number of common shares outstanding. Diluted earnings per share has been computed using the weighted average number of common shares and common share equivalents outstanding (which consist of warrants, options, restricted stock and convertible debt to the extent they are dilutive). Potentially dilutive stock options of 487,506, 406,612 and nil for the years ended December 31, 2005, 2006 and 2007, respectively, were not included in the computation of diluted earnings per share as the average market price of the Company's common stock did not exceed the weighted average exercise price of such options and to have included them would have been anti-dilutive. Potentially dilutive restricted stock of 13,907 for the year ended December 31, 2007 was not included in the computation of diluted earnings per share as the average market price of the Company's common stock did not exceed the weighted average exercise price of such restricted stock and to have included them would have been anti-dilutive.

Recent Accounting Standards

In June 2006, the Financial Accounting Standards Board issued FASB Interpretation No. 48 ("FIN 48"), *Accounting for Uncertainty in Income Taxes*, which prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions taken or expected to be taken in a tax return. Under FIN 48, the tax benefit of uncertain tax positions may be recognized only if it is more likely than not that the tax position will be sustained, based solely on its technical merits presuming the tax authority has full knowledge of all relevant information. Additionally, FIN 48 provides guidance on the de-recognition, classification, and accounting in interim periods and disclosure requirements for uncertain tax positions. In the first quarter of 2007, the Company adopted FIN 48 which resulted in the recognition of an increased current and non-current income tax payable for unrecognized tax benefits of \$15.6 million. The Company has also recognized an additional liability of \$2.5 million for penalties

and \$2.8 million for interest on the income tax liability. These increases to the liabilities resulted in a reduction of \$19.1 million to the January 1, 2007 balance of retained earnings, net of related tax benefits. Current interest on income tax liabilities is recognized as interest expense and penalties on income tax liabilities are recognized as other expense in the consolidated statement of income. During the year ended December 31, 2007, the Company accrued an additional \$0.9 million of net interest expense.

In December 2007, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard No. 141 (Revised) ("FAS141(R)"), *Business Combinations*. The provisions of this statement are effective for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning after December 15, 2008. Earlier application is not permitted. FAS141(R) replaces FAS 141 and provides new guidance for valuing assets and liabilities acquired in a business combination. The Company will adopt FAS141(R) in calendar year 2009.

In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard No. 157 (“FAS 157”) *Fair Value Measurements*. This standard provides new definitions for fair value and establishes a framework for measuring fair value in financial statements. FAS 157 becomes effective for the Company as of January 1, 2008. The Company anticipates that the effect of the adoption of FAS 157 will be immaterial to its financial statements.

Reclassifications

Certain reclassifications have been made to prior year balances in order to conform to the current year presentation.

Note 3—Business Segments, Geographic Data, Sales by Product Group, and Major Customers

The Company is a worldwide producer and marketer of children’s toys and related products, principally engaged in the design, development, production, marketing and distribution of traditional toys, including boys’ action figures, vehicles and playsets, dolls, craft and activity products, writing instruments, compounds, girls’ toys, plush, construction toys, and infant and preschool toys, as well as pet treats, toys and related pet products.

The Company’s reportable segments are Traditional Toys, Craft/Activity/Writing Products, and Pet Products, each of which include worldwide sales. Traditional Toys include boys’ action figures, vehicles and playsets, plush products, role-play, electronic toys, swimming pool toys, kites, remote control flying vehicles, squirt guns, and related products. Craft/Activity/Writing Products include pens, pencils, stationery and drawing, painting and other craft related products. Pet Products include pet treats, toys and related pet products. Prior to 2007, the Company had accounted for seasonal and outdoor products as a separate reporting unit. During 2007, the Company restructured its internal operations and consolidated the former seasonal/outdoor reporting unit into the Traditional reporting unit. These products share key characteristics, including common management, distribution, and marketing strategies. Prior segment reporting units have been restated to reflect this change.

Segment performance is measured at the operating income level. All sales are made to external customers, and general corporate expenses have been attributed to the various segments based on sales volumes. Segment assets are comprised of accounts receivable and inventories, net of applicable reserves and allowances, goodwill and other assets.

Results are not necessarily those that would be achieved were each segment an unaffiliated business enterprise. Information by segment and a reconciliation to reported amounts for the three years in the period ended December 31, 2007 are as follows (in thousands):

No other customer accounted for more than 10% of our total net sales.

At December 31, 2006 and 2007, the Company's three largest customers accounted for approximately 78.1% and 82.2%, respectively, of net accounts receivable. The concentration of the Company's business with a relatively small number of customers may expose the Company to material adverse effects if one or more of its large customers were to experience financial difficulty. The Company performs ongoing credit evaluations of its top customers and maintains an allowance for potential credit losses.

Note 4—Joint Ventures

The Company owns a fifty percent interest in a joint venture with THQ Inc. (“THQ”) which develops, publishes and distributes interactive entertainment software for the leading hardware game platforms in the home video game market. The joint venture has entered into a license agreement with an initial license period expiring December 31, 2009 and a renewal period at the option of the joint venture expiring December 31, 2014 under which it acquired the exclusive worldwide right to publish video games based on the WWE franchise on all hardware platforms. The Company’s investment is accounted for using the cost method due to the financial and operating structure of the venture and its lack of significant influence over the joint venture. The Company’s basis consists primarily of organizational costs, license costs and recoupable advances and is being amortized over the term of the initial license period. The joint venture agreement provides for the Company to receive guaranteed preferred returns through June 30, 2006 at varying rates of the joint venture’s net sales depending on the cumulative unit sales and platform of each particular game. The preferred return was subject to change after June 30, 2006 and was to be set for the distribution period beginning July 1, 2006 and ending December 31, 2009 (the “Next Distribution Period”). The agreement provides that the parties will negotiate in good faith and agree to the preferred return not less than 180 days prior to the start of the Next Distribution Period. It further provides that if the parties are unable to agree on a preferred return, the preferred return will be determined by arbitration. The parties have not reached an agreement with respect to the preferred return for the Next Distribution Period and the preferred return for the Next Distribution Period is to be determined through arbitration. The preferred return is accrued in the quarter in which the licensed games are sold and the preferred return is earned. Based on the same rates as set forth under the original joint venture agreement, an estimated receivable of \$35.3 million has been accrued for the eighteen months ended December 31, 2007, pending the resolution of this outstanding issue. As of December 31, 2006 and 2007, the balance of the investment in the video game joint venture includes the following components (in thousands):

	December 31,	
	2006	2007
Preferred return receivable	\$ 13,482	\$ 35,338
Investment costs, net	1,391	752
	\$ 14,873	\$ 36,090

The Company's joint venture partner retains the financial risk of the joint venture and is responsible for day-to-day operations, including development, sales and distribution, for which they are entitled to any remaining profits. In addition, THQ is entitled to receive a preferred return based on the sale by the Company of its WWE-themed TV Games. During 2006 and 2007, the Company incurred a liability of approximately \$0.1 million and nil, respectively, which is recorded as a reduction of profit from the joint venture. During 2005, 2006 and 2007, the Company earned \$9.4 million, \$13.2 million and \$21.2 million, respectively, in net profit from the joint venture.

During 2005, the Company wrote-off its \$1.4 million investment in a Chinese joint venture to Other Expense on its determination that none of the value would be realized.

Note 5—Business Combinations

The Company acquired the following entities to further enhance its existing product lines and to continue diversification into other toy categories and seasonal businesses:

On February 9, 2006, the Company acquired substantially all of the assets of Creative Designs International, Ltd. and a related Hong Kong company, Arbor Toys Company Limited (collectively, "Creative Designs"). The total initial consideration of \$111.1 million consisted of cash paid at closing in the amount of \$101.7 million, the issuance of 150,000 shares of the Company's common stock valued at approximately \$3.3 million and the assumption of liabilities in the amount of \$6.1 million, and resulted in the recording of goodwill in the amount of \$53.6 million. Goodwill represents anticipated synergies to be gained via the combination of Creative Designs with the Company. In addition, the Company agreed to pay an earn-out of up to an aggregate of \$20.0 million in cash over the three calendar years following the acquisition based on the achievement of certain financial performance criteria, which will be recorded as goodwill when and if earned. For the years ended December 31, 2006 and 2007, \$6.9 million and \$6.7 million of the earn-out was earned and recorded as goodwill. Creative Designs is a leading designer and producer of dress-up and role-play toys. This acquisition expands the Company's product offerings in the girls role-play and dress-up area and brings it new product development and marketing talent. The Company's results of operations have included Creative Designs from the date of acquisition.

The amount of goodwill from the Creative Designs acquisition that is expected to be deductible for federal and state income tax purposes is approximately \$51.4 million. The total purchase price was allocated based on studies and valuations performed to the estimated fair value of assets acquired and liabilities assumed. The purchase price allocation including an aggregate earn-out amount of \$13.6 million earned through December 31, 2007 is set forth in the following table (in thousands):

Estimated fair value of net assets:	
Current assets acquired	\$ 15,655
Property and equipment, net	1,235
Other assets	103
Liabilities assumed	(6,081)
Intangible assets other than goodwill	40,488
Goodwill	67,186
	\$ 118,586

The following unaudited pro forma information represents the Company's consolidated results of operations as if the acquisition of Creative Designs had occurred on January 1, 2006 and after giving effect to certain adjustments including the elimination of certain general and administrative expenses and other income and expense items not attributable to ongoing operations, interest expense, and related tax effects. Such pro forma information does not purport to be indicative of operating results that would have been reported had the acquisition of Creative Designs actually occurred on January 1, 2006 or on future operating results (in thousands, except per share data).

	Year Ended December 31, 2006
Net sales	\$ 778,269
Net income	\$ 75,221
Basic earnings per share	\$ 2.73
Weighted average shares outstanding	27,512
Diluted earnings per share	\$ 2.38
Weighted average shares and equivalents outstanding	32,777

In June 2005, the Company purchased substantially all of the operating assets and assumed certain liabilities relating to the Pet Pal line of pet products, including toys, treats and related pet products. The total initial purchase price of \$10.6 million was paid in cash. In addition, the Company agreed to pay an earn-out of up to an aggregate amount of \$25.0 million in cash over the three years ending June 30, 2008 following the acquisition based on the achievement of certain financial performance criteria, which will be recorded as goodwill when and if earned. During the years ended December 31, 2006 and 2007, \$1.5 million and \$2.0 million, respectively, of the earn-out was earned and recorded as goodwill. Goodwill of \$4.6 million arose from this transaction, which represents the excess of the purchase price over the fair value of assets acquired less the liabilities assumed. This acquisition expands the Company's product offerings and distribution channels. The Company's results of operations have included Pet Pal from the date of acquisition. Pro forma results of operations are not provided since the amounts are not material to the consolidated results of operations.

Note 6—Goodwill

The changes in the carrying amount of goodwill for the year ended December 31, 2007 are as follows (in thousands):

	Traditional Toys	Craft/Activity /Writing Products	Pet Products	Total
Balance, December 31, 2005	\$ 181,868	\$ 82,826	\$ 4,604	\$ 269,298

Balance at end of the year	\$ 262,390	\$ 82,826	\$ 8,124	\$ 353,340

Adjustments to goodwill during the year represent earn-outs earned during the year on acquisitions made in prior years.

Note 7—Intangible Assets Other Than Goodwill

Intangible assets other than goodwill consist primarily of licenses, product lines, debt offering costs from the Company's convertible senior notes and trademarks. Amortized intangible assets are included in the Intangibles and other, net, in the accompanying balance sheets. Trademarks are disclosed separately in the accompanying balance sheets. Intangible assets are as follows (in thousands):

For the years ended December 31, 2005, 2006, and 2007, the Company's aggregate amortization expense related to intangible assets was \$9.1 million, \$16.5 million and \$14.6 million, respectively. The Company currently estimates continuing amortization expense for the next five years to be approximately (in thousands):

2008	\$ 8,568
2009	5,578
2010	3,048
2011	2,011
2012	2,043

Note 8—Concentration of Credit Risk

Financial instruments that subject the Company to concentration of credit risk are cash and cash equivalents and accounts receivable. Cash equivalents consist principally of short-term money market funds. These instruments are short-term in nature and bear minimal risk. To date, the Company has not experienced losses on these instruments.

The Company performs ongoing credit evaluations of its customers' financial condition, but does not require collateral to support domestic customer accounts receivable. Most goods shipped FOB Hong Kong or China are secured with irrevocable letters of credit.

At December 31, 2006 and 2007, the Company's three largest customers accounted for approximately 78.1% and 82.2%, respectively, of net accounts receivable. The concentration of the Company's business with a relatively small

number of customers may expose the Company to material adverse effects if one or more of its large customers were to experience financial difficulty. The Company performs ongoing credit evaluations of its top customers and maintains an allowance for potential credit losses.

Note 9—Accrued Expenses

Accrued expenses consist of the following (in thousands):

	2006	2007
Royalties	\$ 17,829	\$ 25,318
Bonuses	7,172	17,223
Acquisition earn-out	13,598	13,333

Note 10—Related Party Transactions

A director of the Company is a partner in a law firm that acts as counsel to the Company. The Company incurred legal fees and expenses to the law firm in the amount of approximately \$3.2 million in 2005, \$2.7 million in 2006 and \$1.9 million in 2007.

Note 11—Convertible Senior Notes

Convertible senior notes consist of the following (in thousands):

	2006	2007
4.625% Convertible senior notes	\$ 98,000	\$ 98,000

In June 2003, the Company sold an aggregate of \$98.0 million of 4.625% Convertible Senior Notes due June 15, 2023. The notes may be converted into shares of the Company's common stock at an initial conversion price of \$20.00 per share, or 50 shares per note, subject to certain circumstances. The notes may be converted in each quarter subsequent to any quarter in which the closing price of the Company's common stock is at or above a prescribed price for at least 20 trading days in the last 30 trading day period of the quarter. The prescribed price for the conversion trigger is \$24.00 through June 30, 2010, and increases nominally each quarter thereafter. Cash interest is payable at an annual rate of 4.625% of the principal amount at issuance, from the issue date to June 15, 2010, payable on June 15 and December 15 of each year, commencing on December 15, 2003. After June 15, 2010, interest will accrue at the same rate on the outstanding notes. At maturity, the Company will redeem the notes at their accreted principal amount, which will be equal to \$1,811.95 (181.195%) per \$1,000 principal amount at issuance, unless redeemed or converted earlier. The notes were not convertible as of December 31, 2007, but are convertible in the first quarter of 2008.

The Company may redeem the notes at its option in whole or in part beginning on June 15, 2010, at 100% of their accreted principal amount plus accrued and unpaid interest, if any, payable in cash. Holders of the notes may also require the Company to repurchase all or part of their notes on June 15, 2010, for cash, at a repurchase price of 100% of the principal amount per note plus accrued and unpaid interest, if any. Holders of the notes may also require the Company to repurchase all or part of their notes on June 15, 2013 and June 15, 2018 at a repurchase price of 100% of the accreted principal amount per note plus accrued and unpaid interest, if any. Any repurchases at June 15, 2013 and June 15, 2018 may be paid in cash, in shares of common stock or a combination of cash and shares of common stock.

The Company's convertible senior notes of \$98.0 million are not scheduled to be paid during the next five years.

Note 12—Income Taxes

The Company does not file a consolidated return with its foreign subsidiaries. The Company files federal and state returns and its foreign subsidiaries file Hong Kong and United Kingdom returns. Income taxes reflected in the accompanying consolidated statements of income are comprised of the following (in thousands):

	2005		2006		2007

In October 2004, the American Jobs Creation Act of 2004 (the “Act”) was signed into law. The Act created a one-time incentive for U.S. corporations to repatriate undistributed earnings from their international subsidiaries by providing an 85% dividends-received deduction for certain international earnings. The deduction was available to corporations during the tax year that included October 2004, or in the immediately subsequent tax year. In the fourth quarter of 2005, the Company’s Board of Directors approved a plan to repatriate \$105.5 million in foreign earnings, which was completed in December 2005. The Federal and State income tax expense related to this repatriation was approximately \$5.4 million.

Income tax expense varies from the U.S. federal statutory rate. The following reconciliation shows the significant differences in the tax at statutory and effective rates:

	2005	2006	2007
Federal income tax expense	35.0%	35.0%	35.0%
State income tax expense, net of federal tax effect	2.1	2.6	3.3
One time dividend from foreign subsidiaries	8.3	—	—
Effect of differences in U.S. and Foreign statutory rates	(9.0)	(5.4)	(5.1)
Other, including adjustments to previously accrued taxes for statute expirations	(2.1)	(0.5)	(1.9)
	34.3%	31.7%	31.3%

Deferred taxes result from temporary differences between tax bases of assets and liabilities and their reported amounts in the consolidated financial statements. The temporary differences result from costs required to be capitalized for tax purposes by the U.S. Internal Revenue Code (“IRC”), and certain items accrued for financial reporting purposes in the year incurred but not deductible for tax purposes until paid.

As of December 31, 2007, the Company has federal and state net operating loss carryforwards of \$5.9 million and \$12.5 million, respectively, expiring through 2023 and 2024. These carryforwards resulted from the acquisitions of Pentech and Toymax. The utilization of these losses to offset future income is limited under IRC§382. As of December 31, 2007, the Company’s management concluded that a deferred tax asset valuation allowance was necessary for \$0.9 million of the state net operating loss carryforwards due to uncertainty about the ability to utilize these losses prior to expiration.

The components of income before provision for income taxes are as follows (in thousands):

	2005	2006	2007
Domestic	\$ 24,953	\$ 58,227	\$ 73,115
Foreign	71,684	47,708	56,426
	\$ 96,637	\$ 105,935	\$ 129,541

As of January 1, 2007, the Company adopted the provisions of FIN 48 “Accounting for Uncertainty in Income Taxes” which prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions (“UTP”) taken or expected to be take in a tax return. As a result of FIN 48, the Company recognized a liability for UTP of \$22.8 million, which was accounted for as a reduction to the January 1, 2007 balance of retained earnings. These UTPs are primarily due to income allocation issues between the United States and Hong Kong, and fixed asset depreciation in Hong Kong. The Company has also recognized an additional liability of \$2.5 million for penalties and \$2.8 for interest on the potential tax liability. These amounts were also accounted for as a reduction in the January 1, 2007 balance of retained earnings. Current interest on potential tax liabilities is recognized as interest expense.

Approximately \$0.3 million of the liability for UTP relating to the timing of interest deductions were recognized during 2007. The following table provides further information of UTPs that would affect the effective tax rate, if recognized, as of 12/31/07 (in millions):

Balance, January 1, 2007	\$ 22.8
Current year additions	0.3
Current year reduction due to lapse of applicable statute of limitations	(2.8)
Balance, December 31, 2007	\$ 20.3

Current year interest and penalties related to UTPs are \$0.9 million and \$0.6 million, respectively. The interest and penalty liabilities related to UTPs is \$3.7 million and \$2.0 million on the December 31, 2007 statement of financial position.

Approximately \$1.3 million of United States based, and \$1.5 million of Hong Kong based UTPs became recognized during 2007 as they related to income tax years for which the audit period had expired. These items are included in the 2007 income tax provision. The tax years 2001 through 2007 are subject to examination in Hong Kong, the tax years 2004 through 2007 are subject to examination in the United States, and the tax year 2003 through 2007 are subject to examination in California.

Note 13—Leases

The Company leases office, warehouse and showroom facilities and certain equipment under operating leases. Rent expense for the years ended December 31, 2005, 2006 and 2007 totaled \$7.1 million, \$9.1 million and \$10.4 million, respectively. The following is a schedule of minimum annual lease payments (in thousands).

2008	\$	9,662
2009		6,796

Note 14—Common Stock, Preferred Stock and Warrants

The Company has 105,000,000 authorized shares of stock consisting of 100,000,000 shares of \$.001 par value common stock and 5,000,000 shares of \$.001 par value preferred stock.

During 2007, the Company issued an aggregate of 240,000 shares of restricted stock to two of its executive officers, which vest 50% in each of January 2008 and 2009 subject to acceleration based on the Company achieving certain financial performance criteria, and an aggregate of 27,340 shares of restricted stock to its five non-employee directors, which vest in January 2008, at an aggregate value of approximately \$5.8 million. In July 2007, the Company issued 15,000 shares of restricted stock at a value of \$0.5 million to an executive officer, which vests one-third on each of December 31, 2007, 2008 and 2009. During 2007, the Company also issued 216,200 shares of common stock on the exercise of options at a value of \$3.6 million, and 83,644 shares of restricted stock previously received by two executive officers were surrendered at a value of \$1.8 million to cover their income taxes due on the 2007 vesting of the restricted shares granted them in 2006. This surrendered restricted stock was subsequently retired by the Company. Additionally, one executive officer surrendered 107,637 shares of common stock of the Company at a value of \$2.8 million to cover his exercise of options to purchase 175,000 shares of common stock of the Company. During 2007, certain employees surrendered an aggregate of 1,340 shares of restricted stock at a value of \$29,931 to cover their income taxes on the 2007 vesting of the restricted shares granted them in 2006. The Company granted and issued an aggregate of 41,000 shares of restricted stock to its employees at an aggregate value of approximately \$1.1 million. As of December 31, 2007, 536,977 shares of the restricted stock remained unvested, of which \$2.9 million remained unamortized.

In February 2008, the Board of Directors of the Company authorized the repurchase of up to \$30.0 million of the Company's common stock. To date, no shares have been repurchased.

During 2006, the Company issued 150,000 shares of common stock at a value of \$3.3 million in connection with the Creative Designs acquisition. The Company issued 473,160 shares of restricted stock to two executive officers, five non-employee directors of the Company and certain of the Company's management at a value of approximately \$9.0 million. The Company also issued 333,228 shares of common stock on the exercise of options for a total value of \$4.4 million, including 37,910 shares of common stock acquired by two executive officers in a cashless exercise of options through the surrender of an aggregate of 13,264 shares of restricted stock as payment of the exercise prices therefor at a value of \$0.3 million. In addition, the two executive officers surrendered an aggregate of 110,736 shares of restricted stock at a value of \$2.5 million as payment for income taxes due on the vesting of such stock. This restricted stock was subsequently retired by the Company.

During 2005, the Company issued 245,000 shares of restricted stock to two executive officers and five non-employee directors of the Company at a value of approximately \$5.1 million. The Company also issued 566,546 shares of common stock on the exercise of options for a total of \$4.9 million, including 215,982 shares of common stock acquired by two executive officers in a cashless exercise of options through the surrender of an aggregate of 101,002 shares of restricted stock as payment of the exercise prices therefor at a value of \$1.7 million. This restricted stock was subsequently retired by the Company.

During 2003, the Company awarded 2,760,000 shares of restricted stock to four executive officers of the Company pursuant to its 2002 Stock Award and Incentive Plan ("the Award"), of which 636,000 were earned during 2003, 396,000 were earned during 2004, 288,000 were canceled upon the termination of employment of one of our executive officers in October 2004, and the balance may be earned through 2010 based upon the achievement of certain financial criteria and continuing employment (see Note 16.)

During 2003, the Company issued 100,000 fully vested warrants, expiring in 2013, in connection with license costs relating to its video game joint venture. The fair value of these warrants was approximately \$1.1 million and has been included in the basis of the joint venture (Note 4). The Company also issued \$98.0 million of convertible senior notes payable that may be converted (at their initial conversion rate of \$20.00 per share) into an aggregate of 4.9 million shares of the Company's common stock (Note 11).

Warrant activity is summarized as follows:

	Number of Shares	Weighted Average Exercise Price
Outstanding, December 31, 2007	100,000	\$ 11.35

There has been no other warrant activity since the issuance in 2003.

Note 15—Commitments

The Company has entered into various license agreements whereby the Company may use certain characters and intellectual properties in conjunction with its products. Generally, such license agreements provide for royalties to be paid at 1% to 14% of net sales with minimum guarantees and advance payments.

Future annual minimum royalty guarantees as of December 31, 2007 are as follows (in thousands):

2008	\$ 21,260
2009	10,224
2010	5,001
2011	1,175
2012	500
	\$ 38,160

The Company has entered into employment and consulting agreements with certain executives expiring through December 31, 2010. The aggregate future annual minimum guaranteed amounts due under those agreements as of December 31, 2007 are as follows (in thousands):

2008	\$ 5,919
2009	3,789
2010	2,280
	\$ 11,988

The Company has entered into a retirement plan agreement with one of its executives. Upon meeting the eligibility criteria for retirement, the executive can elect to retire and receive a single-life annuity retirement payment of approximately \$1.0 million per year for a period of ten years following his retirement. Furthermore, in the event of his death during such period, his estate will receive a death benefit equal to the difference between approximately \$2.9 million and retirement benefits previously paid to him. This retirement benefit is conditioned upon the executive agreeing to accept the position of Chairman Emeritus of our Board of Directors, if so requested by the Board.

Note 16—Share-Base Payments

Under its 2002 Stock Award and Incentive Plan (“the Plan”), which incorporated its Third Amended and Restated 1995 Stock Option Plan, the Company has reserved 6,025,000 shares of its common stock for issuance upon the exercise of options granted under the Plan, as well as for the awarding of other securities. Under the Plan, employees (including officers), non-employee directors and independent consultants may be granted options to purchase shares of common stock and other securities (Note 14). The vesting of these options and other securities may vary, but typically vest on a step-up basis over a maximum period of 5 years and restricted shares typically vest over one to two years. Share-based compensation expense is recognized on a straight-line basis over the requisite service period.

Restricted Stock

Under the Plan, share-based compensation payments may include the issuance of shares of restricted stock. Two executive officers are each entitled to be awarded 120,000 shares of restricted stock annually on each January 1 (through and including January 1, 2010). Such awards vest 50% each on the first and second anniversaries of issuance, subject to acceleration. Beginning in January 2006, the Company's five non-employee directors each receive annual grants of restricted stock at a value of \$120,000 (or, for 2007, 5,468 shares per director) which vest after one year. In March 2003, two executive officers of the Company were each granted 240,000 shares of restricted stock which, based on the achievement of certain financial performance criteria, vested on January 1, 2004. In January 2004, the Company issued 240,000 shares of restricted stock which, based on the achievement of certain financial performance criteria, vested on January 1, 2005. In January 2006 and 2007, respectively, the Company issued 268,660 shares of restricted stock at a value of \$5.6 million and 267,340 shares of restricted stock at a value of \$5.8 million to two executive officers and five non-employee directors of the Company. In July 2007, the Company issued 15,000 shares of restricted stock at a value of \$0.5 million to an executive officer, which vests one-third on each of December 31, 2007, 2008 and 2009. During 2006, the Company granted and issued an aggregate of 204,500 shares of restricted stock to its employees, which vest over a five-year period, at an aggregate value of approximately \$3.4 million, which represents the fair market value at the grant date. During 2007, the Company granted and issued an aggregate of 41,000 shares of restricted stock to its employees at an aggregate value of approximately \$1.1 million. As of December 31, 2007, 536,977 shares of the restricted stock remained unvested, of which \$2.9 million remained unamortized.

The table below summarizes the grant activity for the year ending December 31, 2007 and is broken down in the following three distinct groups because each group has unique characteristics: executives, board of directors, and employees:

Group Type	# Shares Granted	Grant Price Range	Vest Schedule Range
Executives	255,000	\$ 21.84 – 31.04	2 – 3 years
Board of directors	27,340	\$ 21.84	1 year
Employees	41,000	\$ 24.60 – 26.86	3 – 5 years
Total	323,340	\$ 21.84 – 31.04	1 to 5 years

Stock Options

Under SFAS 123R, share-based compensation cost is measured at the grant date, based on the estimated fair value of the award, and is recognized as expense over the employee's requisite service period. The Company adopted the provisions of SFAS 123R using a modified prospective application. The valuation provisions of SFAS 123R apply to new awards and to awards that are outstanding on the effective date and subsequently vest or are modified or cancelled. Estimated compensation expense for awards outstanding at the effective date will be recognized over the remaining service period using the compensation cost calculated for pro forma disclosure purposes under SFAS 123, *Accounting for Stock-Based Compensation*.

The Company uses the Black-Scholes method of valuation for share-based option awards. In valuing the stock options, the Black-Scholes model incorporates assumptions about stock volatility, expected term of stock options, and risk free interest rate. The valuation is reduced by an estimate of stock option forfeitures.

The amount of share-based compensation expense recognized in the year ended December 31, 2007 is based on options granted prior to January 1, 2006 and restricted stock issued during the years ended December 31, 2006 and 2007, and ultimately expected to vest, and it has been reduced for estimated forfeitures. SFAS 123R requires

forfeitures to be estimated at the time of grant and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates.

The following table summarizes the total share-based compensation expense and related tax benefits recognized (in thousands):

	Year Ended December 31,	
	2006	2007
Stock option compensation expense	\$ 1,903	\$ 972
Tax benefit related to stock option compensation	\$ 623	\$ 314
Restricted stock compensation expense	\$ 4,580	\$ 8,082
Tax benefit related to restricted stock compensation	\$ 1,404	\$ 2,859

Edgar Filing: JAKKS PACIFIC INC - Form 10-K

As of December 31, 2007, 807,876 shares were available for future grant. Additional shares may become available to the extent that options or shares of restricted stock presently outstanding under the Plan terminate or expire. Stock option activity pursuant to the Plan is summarized as follows:

	Number of Shares	Weighted Average Exercise Price
Outstanding, December 31, 2004	2,088,006	\$ 13.28
Granted	360,000	21.74
Exercised	(566,546)	8.60

Canceled	(235,000)	17.10
Outstanding, December 31, 2007	836,178	\$ 17.27

The weighted average fair value of options granted to employees in 2005 was \$21.74 per share.

In 2005, the fair value of each employee option grant was estimated on the date of grant using the Black-Scholes option-pricing model with the following assumptions used: risk-free rate of interest of 4.25%; dividend yield of 0%; with volatility of 130.2%; and expected term of five years. There were no option grants in 2006 and 2007.

The following table summarizes information about stock options outstanding and exercisable at December 31, 2007:

Option Price Range	Number of Shares	Outstanding Weighted Average Life in Years	Weighted Average Exercise Price	Exercisable	
				Number of Shares	Weighted Average Exercise Price
\$ 7.875 — \$13.39	280,063	3.55	\$ 11.20	276,313	\$ 11.19
\$ 13.47 — \$20.55	281,100	4.39	\$ 18.69	201,050	\$ 18.31
\$ 20.94 — \$22.11	275,015	3.85	\$ 21.99	95,469	\$ 21.96

The following characteristics apply to the Plan stock options that are fully vested, or expected to vest, as of December 31, 2007:

Number of options outstanding	836,178
Weighted-average exercise price	\$ 17.27
Aggregate intrinsic value of options outstanding	\$ 5,304,576
Weighted-average contractual term of options outstanding	3.9 years

Weighted-average exercise price of options currently exercisable	\$ 15.48
Aggregate intrinsic value of options currently exercisable	\$ 4,656,208
Weighted-average contractual term of currently exercisable	4.34 years

At and for the year ended December 31, 2005, the Company accounted for options granted under the Plan using the recognition and measurement principles of APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and related Interpretations. Prior to the implementation of SFAS 123R, stock-based employee compensation expense was not generally reflected in net income, as all options granted under the Plan had an exercise price equal to the market value of the underlying common stock on the date of grant. The following table illustrates the effect on net income and earnings per share if the Company had applied the fair value recognition provisions of SFAS 123R to stock-based employee compensation for the year ended December 31, 2005 (in thousands, except per share data):

Note 17—Employee Benefits Plan

The Company sponsors for its U.S. employees, a defined contribution plan under Section 401(k) of the Internal Revenue Code. The plan provides that employees may defer up to 50% of their annual compensation subject to annual dollar limitations, and that the Company will make a matching contribution equal to 100% of each employee's deferral, up to 5% of the employee's annual compensation. Company matching contributions, which vest immediately, totaled \$0.5 million, \$0.7 million and \$0.9 million for 2005, 2006 and 2007, respectively.

Note 18—Supplemental Information to Consolidated Statements of Cash Flows

In 2007, two executive officers surrendered an aggregate of 83,644 shares of restricted at a value of \$1.8 million to cover their income taxes due on the 2007 vesting of the restricted shares granted them in 2006. This surrendered restricted stock was subsequently retired by the Company. Additionally, one executive officer surrendered 107,637 shares of common stock of the Company at a value of \$2.8 million to cover his exercise of options to purchase 175,000 shares of common stock of the Company. During 2007, certain employees surrendered an aggregate of 1,340 shares of restricted stock at a value of \$29,931 to cover their incomes taxes on the 2007 vesting of the restricted shares granted them in 2006. Additionally, the Company recognized a \$1.1 million tax benefit from the exercise of stock options.

In 2006, two executive officers acquired 37,910 shares of common stock in a cashless exercise of options through the surrender of an aggregate of 13,264 shares of restricted stock as payment of the exercise prices therefor at a value of \$0.3 million. In addition, the two executive officers surrendered an aggregate of 110,736 shares of restricted stock at a value of \$2.5 million as payment for income taxes due on the vesting of such stock. This restricted stock was subsequently retired by the Company. Additionally, the Company recognized a \$1.5 million tax benefit from the exercise of stock options. During 2006, the Company issued 150,000 shares of common stock at a value of \$3.3 million in connection with the Creative Designs acquisition.

In 2005, two executive officers acquired 215,982 shares of common stock in a cashless exercise of options through the surrender of an aggregate of 101,002 shares of restricted stock as payment of the exercise prices therefor at a value of \$1.7 million. This restricted stock was subsequently retired by the Company. Additionally, the Company recognized a \$4.1 million tax benefit from the exercise of stock options.

Note 20—Litigation

In October 2004, the Company was named as a defendant in a lawsuit commenced by World Wrestling Entertainment, Inc. (“WWE”) (the “WWE Action”). The complaint also named as defendants, among others, the joint venture with THQ Inc., certain of the Company’s foreign subsidiaries and the Company’s three executive officers. The Complaint was amended, the antitrust claims were dismissed and, on grounds not previously considered by the Court, a motion to dismiss the RICO claim, the only remaining basis for jurisdiction, was argued and submitted in September 2006. Discovery remained stayed. In December 2007 the Court dismissed the WWE Action and WWE appealed. The Company sought reconsideration of and filed a cross-appeal with respect to certain parts of the Court’s Orders. In November 2004, several purported class action lawsuits were filed in the United States District Court for the Southern District of New York, alleging damages associated with the facts alleged in the WWE Action (the “Class Action”). A motion to dismiss was filed, was fully briefed and argument occurred on November 30, 2006. The motion was granted without prejudice to seeking leave to amend; such leave has been sought by plaintiffs. Three shareholder derivative actions have also been filed against the Company, nominally, and against certain of the Company’s Board members (the “Derivative Actions”). The Derivative Actions seek to hold the individual defendants liable for damages allegedly caused to the Company by their actions, and, in one of the Derivative Actions, seeks restitution to the Company of profits, benefits and other compensation obtained by them. These actions are currently stayed or the time to answer has been extended.

The Company received notice from WWE alleging breaches of the video game license in connection with sales of WWE video games in Japan and other countries in Asia. The joint venture responded that WWE acquiesced in the arrangements, and separately released any claim against the joint venture in connection therewith and accordingly there is no breach of the joint venture’s video game license. While the joint venture does not believe that WWE has a valid claim, it tendered a protective “cure” of the alleged breaches with a full reservation of rights. WWE “rejected” that

cure and reserved its rights. On October 12, 2006, WWE commenced a lawsuit in Connecticut state court against THQ and the joint venture, involving the claim set forth above concerning allegedly improper sales of WWE video games in Japan and other countries in Asia (the "JV Action"). The lawsuit seeks, among other things, a declaration that WWE is entitled to terminate the video game license and monetary damages. A motion to strike one claim was argued on March 12, 2007 and submitted to the Court. Additionally, a schedule was set, with trial no earlier than October 2008. Thereafter, WWE amended the complaint to import state law claims from the WWE Action. WWE has proposed a case management order calling for trial on or after October 2009. On February 22, 2008, we submitted a response in which we requested that no case management order be adopted prior to the determination of the motion to strike and for summary judgment because it would moot such a case management order but that if a case management order is to be adopted it should provide for a trial, if the matter is not fully dismissed, not before June 2010.

In connection with the joint venture with THQ (see Note 4), the Company receives its profit through a preferred return based on net sales of the joint venture, which was to be reset as of July 1, 2006 for the period through December 31, 2009 (the "Next Distribution Period"). The agreement with THQ provides for the parties to agree on the reset of the preferred return or, if no agreement is reached, for arbitration of the issue. No agreement has been reached and the preferred return for the Next Distribution Period is to be determined through arbitration. The preferred return is accrued in the quarter in which the licensed games are sold and the preferred return is earned. Based on the same rates as set forth under the original joint venture agreement, an estimated receivable of \$35.3 million has been accrued for the eighteen months ended December 31, 2007, pending the resolution of this outstanding issue.

The Company is a party to, and certain of its property is the subject of, various other pending claims and legal proceedings that routinely arise in the ordinary course of its business. Other than with respect to the claims in the WWE Action, the Class Action, the JV Action and the matter of the reset of the preferred return from THQ in connection with the joint venture, with respect to which the Company cannot give assurance as to the outcome, the Company does not believe that any of these claims or proceedings will have a material effect on its business, financial condition or results of operations.

Item 9A. Controls and Procedures

Evaluation of Disclosure Controls and Procedures.

Our Chief Executive Officer and Chief Financial Officer, after evaluating the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this Annual Report, have concluded that as of that date, our disclosure controls and procedures were adequate and effective to ensure that information required to be disclosed by us in the reports we file or submit with the Securities

and Exchange Commission is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

Changes in Internal Control over Financial Reporting.

There were no changes in our internal control over financial reporting identified in connection with the evaluation required by Exchange Act Rules 13a-15(d) and 15d-15 that occurred during the fourth quarter period covered by this Annual Report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Management's Annual Report on Internal Control over Financial Reporting.

We, as management, are responsible for establishing and maintaining adequate "internal control over financial reporting" (as defined in Exchange Act Rule 13a-15(f)). Our internal control system was designed by or is under the supervision of management and our board of directors to provide reasonable assurance regarding the reliability of financial reporting and the preparation of published financial statements.

All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

Our management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our internal control over financial reporting as of December 31, 2007. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control — Integrated Framework*. We believe that, as of December 31, 2007, our internal control over financial reporting is effective based on those criteria.

Our independent auditors have issued a report on our internal controls over financial reporting. This report appears below.

Report of the Independent Registered Public Accounting Firm.

Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholders
JAKKS Pacific, Inc.
Malibu, California

We have audited JAKKS Pacific, Inc.'s internal control over financial reporting as of December 31, 2007, based on criteria established in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (the "COSO criteria"). JAKKS Pacific, Inc.'s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Item 9A, "Management's Annual Report on Internal Control over Financial Reporting." Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, JAKKS Pacific, Inc. maintained, in all material respects, effective internal control over financial reporting as of December 31, 2007, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of JAKKS Pacific, Inc. as of December 31, 2007 and 2006 and the related consolidated statements of income, other comprehensive income, stockholders' equity and cash flows for the years then ended and our report dated February 28, 2008 expressed an unqualified opinion thereon.

PART III**Item 10. Directors, Executive Officers, and Corporate Governance****Directors and Executive Officers**

Our directors and executive officers are as follows:

Name	Age	Positions with the Company
Jack Friedman	68	Chairman and Chief Executive Officer
Stephen G. Berman	43	Chief Operating Officer, President, Secretary and Director
Joel M. Bennett	46	Executive Vice President and Chief Financial Officer
Dan Almagor	54	Director
David C. Blatte	43	Director
Robert E. Glick	62	Director
Michael G. Miller	60	Director
Murray L. Skala	61	Director

Jack Friedman has been our Chairman and Chief Executive Officer since co-founding JAKKS with Mr. Berman in January 1995. Until December 31, 1998, he was also our President. From January 1989 until January 1995, Mr. Friedman was Chief Executive Officer, President and a director of THQ. From 1970 to 1989, Mr. Friedman was President and Chief Operating Officer of LJN Toys, Ltd., a toy and software company. After LJN was acquired by MCA/Universal, Inc. in 1986, Mr. Friedman continued as President until his departure in late 1988.

Stephen G. Berman has been our Chief Operating Officer and Secretary and one of our directors since co-founding JAKKS with Mr. Friedman in January 1995. Since January 1, 1999, he has also served as our President. From our inception until December 31, 1998, Mr. Berman was also our Executive Vice President. From October 1991 to August 1995, Mr. Berman was a Vice President and Managing Director of THQ International, Inc., a subsidiary of THQ. From 1988 to 1991, he was President and an owner of Balanced Approach, Inc., a distributor of personal fitness products and services.

Joel M. Bennett joined us in September 1995 as Chief Financial Officer and was given the additional title of Executive Vice President in May 2000. From August 1993 to September 1995, he served in several financial management capacities at Time Warner Entertainment Company, L.P., including as Controller of Warner Brothers Consumer Products Worldwide Merchandising and Interactive Entertainment. From June 1991 to August 1993, Mr. Bennett was Vice President and Chief Financial Officer of TTI Technologies, Inc., a direct-mail computer hardware and software distribution company. From 1986 to June 1991, Mr. Bennett held various financial management positions at The Walt Disney Company, including Senior Manager of Finance for its international television syndication and production division. Mr. Bennett holds a Master of Business Administration degree and is a Certified Public Accountant.

Dan Almagor has been one of our directors since September 2004. Since March 1992, Mr. Almagor has served as the Chairman of ACG Inc., an advisory firm affiliated with First Chicago Bank One Equity Capital, a global private equity organization which provides equity capital financing primarily to private companies.

David C. Blatte has been one of our directors since January 2001. From January 1993 to May 2000, Mr. Blatte was a Senior Vice President in the consumer/retail group of the investment banking division of Donaldson, Lufkin and Jenrette Securities Corporation. From May 2000 to January 2004, Mr. Blatte was a partner in Catterton Partners, a private equity fund. Since February 2004, Mr. Blatte has been a partner in Centre Partners, a private equity fund.

Robert E. Glick has been one of our directors since October 1996. For more than 20 years until May, 2007, Mr. Glick was an officer, director and principal stockholder in a number of privately-held companies which manufacture and market women's apparel and he is currently employed as President of a division by a publicly-held company engaged in the apparel industry.

Michael G. Miller has been one of our directors since February 1996. From 1979 until May 1998, Mr. Miller was President and a director of a group of privately-held companies, including a list brokerage and list management consulting firm, a database management consulting firm, and a direct mail graphic and creative design firm. Mr. Miller's interests in such companies were sold in May 1998. Mr. Miller is currently retired.

Murray L. Skala has been one of our directors since October 1995. Since 1976, Mr. Skala has been a partner of the law firm Feder, Kaszovitz, Isaacson, Weber, Skala, Bass & Rhine LLP, our general counsel.

A majority of our directors are “independent,” as defined under the rules of Nasdaq. Such independent directors are Messrs. Blatte, Glick, Miller and Almagor. Our directors hold office until the next annual meeting of stockholders and until their successors are elected and qualified. Our officers are elected annually by our Board of Directors and serve at its discretion.

Committees of the Board of Directors

We have an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee. The primary functions of the Audit Committee are to select or to recommend to our Board the selection of outside auditors; to monitor our relationships with our outside auditors and their interaction with our management in order to ensure their independence and objectivity; to review, and to assess the scope and quality of, our outside auditor’s services, including the audit of our annual financial statements; to review our financial management and accounting procedures; to review our financial statements with our management and outside auditors; and to review the adequacy of our system of internal accounting controls. Messrs. Blatte, Glick and Miller are the current members of the Audit Committee and are each “independent” (as that term is defined in NASD Rule 4200(a)(14)), and are each able to read and understand fundamental financial statements. Mr. Blatte, our audit committee financial expert, is the Chairman of the Audit Committee and possesses the financial expertise required under Rule 401(h) of Regulation SK of the Act and NASD Rule 4350(d)(2). He is further “independent”, as that term is defined under Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act. We will, in the future, continue to have (i) an Audit Committee of at least three members comprised solely of independent directors, each of whom will be able to read and understand fundamental financial statements (or will become able to do so within a reasonable period of time after his or her appointment); and (ii) at least one member of the Audit Committee that will possess the financial expertise required under NASD Rule 4350(d)(2). Our Board has adopted a written charter for the Audit Committee and the Audit Committee reviews and reassesses the adequacy of that charter on an annual basis.

Compensation Committee. The functions of the Compensation Committee are to make recommendations to the Board regarding compensation of management employees and to administer plans and programs relating to employee benefits, incentives, compensation and awards under our 2002 Stock Award and Incentive Plan (the “2002 Plan”). Messrs. Glick (Chairman), Almagor and Miller are the current members of the Compensation Committee. The Board has determined that each of them are “independent,” as defined under the applicable rules of Nasdaq.

Nominating and Corporate Governance Committee. The functions of the Nominating and Corporate Governance Committee are to develop our corporate governance system and to review proposed new members of our board of directors, including those recommended by our stockholders. Messrs. Almagor (Chairman), Glick and Miller are the current members of our Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee operates pursuant to a written charter adopted by the Board. The full text of the charter is available on our website at www.jakkspacific.com. The Board has determined that each member of this Committee is “independent,” as defined under the applicable rules of Nasdaq.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to us during 2007 and Forms 5 and amendments thereto furnished to us with respect to 2007, during 2007, Jack Friedman and Stephen Berman, executive officers of our Company and members of our Board of Directors, each untimely filed two reports on Form 4 reporting two late transactions and each of our directors also untimely filed one report on Form 4 reporting one late transaction. Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to us during 2007 and Forms 5 and amendments thereto furnished to us with respect to 2007, all other Forms 3, 4 and 5 required to be filed during 2007 were done so on a timely basis.

Code of Ethics

We have a Code of Ethics that applies to all our employees, officers and directors. This code was filed as an exhibit to our Annual Report on Form 10-K for the fiscal year ended December 31, 2003. We have posted on our website, www.jakkspace.com, the full text of such Code. We will disclose when there have been waivers of, or amendments to, such Code, as required by the rules and regulations promulgated by the Securities and Exchange Commission and/or Nasdaq.

Item 11. Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

We believe that a strong management team comprised of highly talented individuals in key positions is critical to our ability to deliver sustained growth and profitability, and our executive compensation program is an important tool for attracting and retaining such individuals. We also believe that our most important resource is our people. While some companies may enjoy an exclusive or limited franchise or are able to exploit unique assets or proprietary technology, we depend fundamentally on the skills, energy and dedication of our employees to drive our business. It is only through their constant efforts that we are able to innovate through the creation of new products and the continual rejuvenation of our product lines, to maintain superior operating efficiencies, and to develop and exploit marketing channels. With this in mind, we have consistently sought to employ the most talented, accomplished and energetic people available in the industry. Therefore, we believe it is vital that our named executive officers receive an aggregate compensation package that is both highly competitive with the compensation received by similarly-situated executive officers at peer group companies, and also reflective of each individual named executive officer's contributions to our success on both a long-term and short-term basis. As discussed in greater depth below, the objectives of our compensation program are designed to execute this philosophy by compensating our executives at the top quartile of their peers.

Our executive compensation program is designed with three main objectives:

- to offer a competitive total compensation opportunity that will allow us to continue to retain and motivate highly talented individuals to fill key positions;
- to align a significant portion of each executive's total compensation with our annual performance and the interests of our stockholders; and
- reflect the qualifications, skills, experience and responsibilities of our executives

Administration and Process

Our executive compensation program is administered by the Compensation Committee. The Compensation Committee receives legal advice from our outside general counsel and has retained Frederick W. Cook & Co., Inc. ("FWC"), a compensation consulting firm, that provided advice directly to the Compensation Committee. The base salary, bonus structure and the long-term equity compensation of our executive officers are governed by the terms of their individual employment agreements (see "-Employment Agreements and Termination of Employment Arrangements"). With respect to our chief executive officer and president, the Compensation Committee, with input from FWC, establishes target performance levels for incentive bonuses based on a number of factors that are designed to further our executive compensation objectives, including our performance, the compensation received by similarly-situated executive officers at peer group companies, the conditions of the markets in which we operate and the relative earnings performance of peer group companies.

Pursuant to the terms of their employment agreements, during the first quarter of each year, the Compensation Committee establishes the targeted level of our Adjusted EPS (as defined below) growth and corresponding bonus levels, as a percentage of base salary, Messrs. Friedman and Berman will earn if the target is met. Pursuant to the terms of their employment agreements, this bonus is capped at a maximum of 200% of base salary, although the Compensation Committee has the authority, in its discretion, to increase the maximum. The Compensation Committee also has wide discretion to set the target levels of Adjusted EPS and they work together with FWC to

establish target levels that will accomplish the general objectives outlined above of also promoting growth and alignment with our shareholders' interests. The employment agreements also give the Compensation Committee the authority to award additional compensation to Messrs. Friedman, Berman and Bennett as it determines in its sole discretion based upon criteria it establishes.

Adjusted EPS is the net income per share of our common stock calculated on a fully-diluted basis in accordance with GAAP, applied on a basis consistent with past periods, as adjusted in the sole discretion of the Compensation Committee to take account of extraordinary or special items.

While the Compensation Committee does not establish target performance levels for our chief financial officer, it does consider similar factors when determining such officer's bonus. The employment agreement for Mr. Bennett authorizes our Compensation Committee and Board of Directors to award an annual bonus to Mr. Bennett in an amount up to 50% of his salary as the Committee or Board determines in its discretion and also gives the Compensation Committee and the Board the discretionary authority to pay Mr. Bennett additional incentive compensation as it determines.

The Compensation Committee also annually reviews the overall compensation of our named executive officers for the purpose of determining whether discretionary bonuses should be granted. In 2007, FWC presented a report to the Compensation Committee comparing our performance, size and executive compensation levels to those of peer group companies. FWC also reviewed with the Compensation Committee the base salaries, annual bonuses, total cash compensation, long-term compensation and total compensation of our senior executive officers relative to those companies. The performance comparison presented to the Compensation Committee each year includes a comparison of our total shareholder return, earnings per share growth, sales, net income (and one-year growth of both measures) to the peer group companies. The Compensation Committee reviews this information along with details about the components of each named executive officer's compensation.

Peer Group

One of the factors considered by the Compensation Committee is the relative performance and the compensation of executives of peer group companies. The peer group is comprised of a group of the companies selected in conjunction with FWC that we believe provides relevant comparative information, as these companies represent a cross-section of publicly-traded companies with product lines and businesses similar to our own throughout the comparison period. The composition of the peer group is reviewed annually and companies are added or removed from the group as circumstances warrant. For the last fiscal year, the peer group companies utilized for executive compensation analysis were:

.	Activision, Inc.
.	Electronic Arts, Inc.
.	EMak Worldwide, Inc.
.	Hasbro, Inc.
.	Leapfrog Enterprises, Inc.
.	Marvel Enterprises, Inc.
.	Mattel, Inc.

Elements of Executive Compensation

The compensation package for the Company's senior executives has both performance-based and non-performance based elements. Based on its review of each named executive officer's total compensation opportunities and performance, and our performance, the Compensation Committee determines each year's compensation in the manner that it considers to be most likely to achieve the objectives of our executive compensation program. The specific elements, which include base salary, annual cash incentive compensation and long-term equity compensation, are described below.

The Compensation Committee has negative discretion to adjust performance results used to determine annual incentive and the vesting schedule of long-term incentive payouts to the named executive officers. The Compensation Committee also has discretion to grant bonuses even if the performance targets were not met.

Base Salary

Each of our named executive officers received compensation in 2007 pursuant to the terms of his respective employment agreement. As discussed in greater detail below, the employment agreements for Messrs. Friedman and Berman expire on December 31, 2010 and Mr. Bennett's employment agreement expires on December 31, 2009. Pursuant to the terms of their employment agreements, Messrs. Friedman and Berman each receive a base salary which, pursuant to his employment agreement, is increased automatically each year by \$25,000. Mr. Bennett's employment agreement does not provide for automatic annual increases in base salary. Any increase or additional increase in base salary, as the case may be, is determined by the Compensation Committee based on a combination of two factors. The first factor is the Compensation Committee's evaluation of the salaries paid in peer group companies to executives with similar responsibilities. The second factor is the Compensation Committee's evaluation of the executive's unique role, job performance and other circumstances. Evaluating both of these factors allows us to offer a competitive total compensation value to each individual named executive officer taking into account the unique attributes of, and circumstances relating to, each individual, as well as marketplace factors. This approach has allowed us to continue to meet our objective of offering a competitive total compensation value and attracting and retaining key personnel. Based on its review of these factors, the Compensation Committee determined not to increase any of the base salaries of Messrs. Friedman and Berman above the contractually required minimum increase in 2007 as unnecessary to maintain our competitive total compensation position in the marketplace, but did determine to raise Mr. Bennett's base salary for 2008 by \$20,000.

Annual Cash Incentive Compensation

The function of the annual cash bonus is to establish a direct correlation between the annual incentives awarded to the participants and our financial performance. This purpose is in keeping with our compensation program's objective of aligning a significant portion of each executive's total compensation with our annual performance and the interests of our shareholders.

The employment agreements for Messrs. Friedman and Berman provide for an incentive cash bonus award based on a percentage of each participant's base salary if the performance goals set by the Compensation Committee are met for that year. The employment agreements mandate that the specific criteria to be used is earnings per share and the Compensation Committee sets the various target thresholds to be met to earn increasing amounts of the bonus up to a maximum of 200% of base salary, although the Compensation Committee has the ability to increase the maximum in its discretion. During the first quarter of each year, the Compensation Committee meets to establish the target thresholds for that year. During 2007, growth in the Company's EPS was almost 22%, which exceeded the target levels established by the Compensation Committee entitling each of Messrs. Friedman and Berman to a cash bonus equal to 250% of base salary, or \$2,662,500. Mr. Bennett's employment agreement provides for an annual bonus of up to 50% of his base salary to be awarded in the discretion of the Compensation Committee or the Board of Directors, upon consideration of such factors as economic and business conditions affecting us and his personal performance. Following such consideration, the Board of Directors determined to award Mr. Bennett a bonus of \$300,000.

The employment agreement for each of our named executive officers contemplates that the Compensation Committee may grant discretionary bonuses in situations where, in its sole judgment, it believes they are warranted. The Compensation Committee approaches this aspect of the particular executive's compensation package by looking at the other components of each executive's aggregate compensation and then evaluating if any additional compensation is appropriate to meet our compensation goals. As part of this review, the Compensation Committee, with significant input from FWC, collects information about the total compensation packages in our peer group and various indicia of performance by the peer group such as sales, one-year sales growth, net income, one-year net income growth, market capitalization, size of companies, one- and three-year stockholder returns, etc. and then compares such data to our corresponding performance data. The Compensation Committee also gave particular consideration to the fact that we ended the year with over \$240 million in cash, no long term debt other than the debentures and a strong balance sheet, all of which poised us for continued growth, that our earnings per share grew by 20.5% over 2006, that our strong performance occurred in the face of negative economic trends in the economy in general and the toy industry in particular, with little growth in Christmas sales reported by most retailers and specific weakness in toy company sales, and that we have not experienced to date any recall issues such as those plaguing other toy companies. In addition, in the case of Mr. Bennett, the Compensation Committee and the Board of Directors considered the continued expansion of Mr. Bennett's responsibilities as a result of our growth and Mr. Bennett's management of the integration of the operations we acquired into our overall financial controls. Following consideration of all of the above as well as input from FWC, the Compensation Committee recommended and the Board of Directors approved discretionary bonuses in the amount of \$500,000 of restricted shares of our common stock to each of Messrs. Friedman and Berman (representing approximately 47% of their respective 2007 base salary) and a discretionary bonus in the amount of \$200,000 to Mr. Bennett and \$100,000 restricted shares of our common stock (representing in the aggregate 75% of his 2007 base salary). The restricted shares so awarded to Messrs. Friedman and Berman are fully vested, but are subject to a three-year restriction on sale and may not be sold until February 14, 2011. In addition, as a condition to this award, the Board required that Messrs. Friedman and Berman agree that, with respect to the 120,000 shares of our restricted stock each received on January 1, 2008 pursuant to the terms of their employment agreements, sale of 10,000 of the first 60,000 shares scheduled to vest on January 1, 2009 be restricted for two years from the date of vesting and sale of 10,000 of the balance of such 120,000 shares initially scheduled to vest on January 1, 2010 be restricted for two years from the vesting date of the balance of such 120,000 shares. The restricted shares so awarded to Mr. Bennett vest as to 50% on March 1, 2009 and the balance on March 1, 2010.

Long-Term Compensation

Long-term compensation is an area of particular emphasis in our executive compensation program, because we believe that these incentives foster the long-term perspective necessary for our continued success. Again, this emphasis is in keeping with our compensation program objective of aligning a significant portion of each executive's total compensation with our long-term performance and the interests of our shareholders.

Historically, our long-term compensation program has focused on the granting of stock options that vested over time. However, commencing in 2006 we began shifting the emphasis of this element of compensation and we currently favor the issuance of restricted stock awards. The Compensation Committee believes that the award of full-value shares that vest over time is consistent with our overall compensation philosophy and objectives as the value of the restricted stock varies based upon the performance of our common stock, thereby aligning the interests of our executives with our shareholders. The Compensation Committee has also determined that awards of restricted stock are anti-dilutive as compared to stock options inasmuch as it feels that less restricted shares have to be granted to match the compensation value of stock options.

The employment agreements for Messrs. Friedman and Berman provide for annual grants of 120,000 shares of restricted stock subject to a two-year vesting period, all or part of which may be accelerated to one year if we achieve earnings per share growth targets. The initial vesting of the restricted stock is subject to our achieving pre-tax income in excess of \$2 million in the fiscal year that the grant is made. Since we had in excess of \$2 million of pre-tax

income for 2007, 50% of the 2007 restricted stock awards to Messrs. Friedman and Berman vested on January 1, 2008. Moreover, since the 2007 earnings per share growth exceeded certain of the targets for 2007, the vesting schedule for 75% of the 2007 award was accelerated and vested completely on January 1, 2008. The remaining 25% of the 2007 award will vest on January 1, 2009. Mr. Bennett's employment agreement does not provide for any specified award of restricted shares, rather the Compensation Committee has discretion to determine if an award of restricted shares (or stock options) should be granted and if granted, the specific terms of the grant.

After a review of all of the factors discussed above, the Compensation Committee determined that, in keeping with our compensation objectives, other than the contractual amounts and the \$500,000 special stock award noted above for Messrs. Friedman and Berman and \$100,000 special stock award noted above for Mr. Bennett, no additional restricted stock (or stock option) awards should be granted to our named executives for fiscal 2007.

Other Benefits and Perquisites

Our executive officers participate in the health and dental coverage, life insurance, paid vacation and holidays, 401(k) retirement savings plans and other programs that are generally available to all of the Company's employees.

The provision of any additional perquisites to each of the named executive officers is subject to review by the Compensation Committee. Historically, these perquisites include payment of an automobile allowance and matching contributions to a 401(k) defined contribution plan. In 2007, the named executive officers were granted the following perquisites: automobile allowance and matching contributions to a 401(k) defined contribution plan. We value perquisites at their incremental cost to us in accordance with SEC regulations.

We believe that the benefits and perquisites we provide to our named executive officers are within competitive practice and customary for executives in key positions at comparable companies. Such benefits and perquisites serve our objective of offering competitive compensation that allows us to continue to attract, retain and motivate highly talented people to these critical positions, ultimately providing a substantial benefit to our shareholders.

Change of Control/Termination Agreements

We recognize that, as with any public company, it is possible that a change of control may take place in the future. We also recognize that the threat or occurrence of a change of control can result in significant distractions of key management personnel because of the uncertainties inherent in such a situation. We further believe that it is essential and in our best interest and the interests of our shareholders to retain the services of our key management personnel in the event of the threat or occurrence of a change of control and to ensure their continued dedication and efforts in such event without undue concern for their personal financial and employment security. In keeping with this belief and its objective of retaining and motivating highly talented individuals to fill key positions, which is consistent with our general compensation philosophy, the employment agreements for our executive officers contain provisions which guarantee the named executive officers specific payments and benefits upon a termination of employment as a result of a change of control of the Company. In addition, the employment agreements also contain provisions providing for certain lump-sum payments in the event the executive is terminated without "cause" or if we materially breach the agreement leading the affected executive to terminate the agreement for good reason.

Additional details of the terms of the change of control agreements and termination provisions outlined above are provided below.

Retirement Plans

Mr. Friedman's employment agreement provides that, commencing at age 67, he may retire and receive a single-life annuity retirement payment of \$975,000 per year for a period of ten (10) years following his retirement. Mr. Friedman is currently 68 years old. In the event of his death during such period, his estate will receive a death benefit equal to the difference between \$2,925,000 and retirement benefits previously paid to him. This retirement benefit is conditioned upon Mr. Friedman agreeing to accept the position of Chairman Emeritus of our Board of Directors, if so requested by the Board.

We believe that by limiting our retirement benefits to only our senior-most executive we are striking a fair and reasonable balance between achieving our compensation objective of retaining a highly-talented individual to fill our most key position and the best interests of our stockholders.

Impact of Accounting and Tax Treatments

Section 162(m) of the Internal Revenue Code (the “Code”) prohibits publicly held companies like us from deducting certain compensation to any one named executive officer in excess of \$1,000,000 during the tax year. However, Section 162(m) provides that, to the extent that compensation is based on the attainment of performance goals set by the Compensation Committee pursuant to plans approved by the Company’s shareholders, the compensation is not included for purposes of arriving at the \$1,000,000.

The Company, through the Compensation Committee, intends to attempt to qualify executive compensation as tax deductible to the extent feasible and where it believes it is in our best interests and in the best interests of our shareholders. However, the Compensation Committee does not intend to permit this arbitrary tax provision to distort the effective development and execution of our compensation program. Thus, the Compensation Committee is permitted to and will continue to exercise discretion in those instances in which mechanistic approaches necessary to satisfy tax law considerations could compromise the interests of our shareholders. In addition, because of the uncertainties associated with the application and interpretation of Section 162(m) and the regulations issued thereunder, there can be no assurance that compensation intended to satisfy the requirements for deductibility under Section 162(m) will in fact be deductible.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis (the “CD&A”) for the year ended December 31, 2007 with management. In reliance on the reviews and discussions referred to above, the compensation committee recommended to the board, and the board has approved, that the CD&A be furnished in the annual report on Form 10-K for the year ended December 31, 2007.

By the Compensation Committee of the Board of Directors:

Robert E. Glick, Chairman
Dan Almagor, Member
Michael G. Miller, Member

The following table sets forth the compensation we paid for our fiscal years ended December 31, 2006 and 2007 to (i) our Chief Executive Officer; (ii) each of our other executive officers whose compensation exceeded \$100,000 on an annual basis; and (iii) up to two additional individuals for whom disclosure would have been provided under the foregoing clause (ii) but for the fact that the individual was not serving as an executive officer of our Company at the end of the last completed fiscal year (collectively, the “Named Officers”).

(1) Pursuant to the 2002 Plan, on January 1, 2007, 120,000 shares of restricted stock were granted to the Named Officer, of which 50% vest on January 1, 2008 and 50% vest on January 1, 2009, subject to acceleration. Based on the Company’s 2007 financial performance, the vesting of 45,000 of the January 1, 2009 vesting shares were accelerated. The amount in this column reflects the expense recorded in the Company’s 2007 financial statements and was calculated as the product of (a) 105,000 shares of restricted stock multiplied by (b) \$21.84, the last sales price of our common stock, as reported by Nasdaq on January 1, 2007, the date the shares were granted, reflecting the 60,000 shares vested on January 1, 2008 and 45,000 of the remaining 60,000 shares whose vesting accelerated based on the Company’s 2007 financial performance. See “— Critical Accounting Policies.” Also reflects the expense recorded in the Company’s 2007 financial statements and was calculated as the product of (a) 30,000 shares of restricted stock multiplied by (b) \$20.94, the last sales price of our common stock, as reported by Nasdaq on January 1, 2006, the date the shares were granted, reflecting the 30,000 shares vested on January 1, 2007. Also includes stock award of \$500,000 of restricted stock as additional bonus compensation granted on February 14, 2008.

(2) Pursuant to the 2002 Plan, on January 1, 2006, 120,000 shares of restricted stock were granted to the Named Officer, of which 50% vest on January 1, 2007 and 50% vest on January 1, 2008, subject to acceleration. Based on

the Company's 2006 financial performance, the vesting of 30,000 of the January 1, 2008 vesting shares were accelerated. The amount in this column reflects the expense recorded in the Company's 2006 financial statements and was calculated as the product of (a) 90,000 shares of restricted stock multiplied by (b) \$20.94, the last sales price of our common stock, as reported by Nasdaq on January 1, 2006, the date the shares were granted, reflecting the 60,000 shares vested on January 1, 2007 and 30,000 of the remaining 60,000 shares whose vesting accelerated based on the Company's 2006 financial performance. See "— Critical Accounting Policies."

- (3) Represents automobile allowances paid in the amount of \$18,000 to each of Messrs. Friedman and Berman and \$7,200 and \$12,000 for 2006 and 2007, respectively, to Mr. Bennett and matching contributions made by us to the Named Officer's 401(k) defined contribution plan in the amount of \$10,000, \$7,500 and \$7,500, respectively, for Messrs. Friedman, Berman and Bennett. See "— Employee Pension Plan."

Potential Payments upon Termination or Change in Control

The following tables describe potential payments and other benefits that would have been received by each Named Officer at, following or in connection with any termination, including, without limitation, resignation, severance, retirement or a constructive termination of such Named Officer, or a change in control of our Company or a change in such Named Officer’s responsibilities. The potential payments listed below assume that there is no earned but unpaid base salary at December 31, 2007. Under our vacation policy, the Named Officers would not receive payment for 2008 vacation unless they were employed at January 1, 2008.

(1) Mr. Friedman's employment agreement with us (see "- Employment Agreements") provides that if he retires and is at least 67 years old, then he is entitled to be paid an annual retirement benefit of \$975,000 (the "Retirement Benefit") during the 10-year period following his retirement; provided, however, that Mr. Friedman must agree to serve as our non-executive Chairman Emeritus for so long as may be requested by the Board of Directors; and provided further, however, that if Mr. Friedman dies before the payment of his entire Retirement Benefit, the remaining Retirement Benefit will be reduced such that his designated beneficiary or estate, as the case may be, will receive in a lump sum the positive difference, if any, between \$2,925,000 and any Retirement Benefit already paid to him. Mr. Friedman was 67 years of age as at December 31, 2007.

(2) Assumes that if the Named Officer is terminated on December 31, 2007, they were employed through the end of the incentive period.

(3) Defined as (i) our violation or failure to perform or satisfy any material covenant, condition or obligation required to be performed or satisfied by us, or (ii) the material change in the nature or scope of the duties, obligations, rights or powers of the Named Officer's employment resulting from any action or failure to act by us.

(4) Defined as a Named Officer's inability to perform his duties by reason of any disability or incapacity (due to any physical or mental injury, illness or defect) for an aggregate of 180 days in any consecutive 12-month period.

(5) An amount equal to 90% of the Retirement Benefit described in footnote (1) above.

(6) Defined as (i) the Named Officer's conviction of, or entering a plea of guilty or nolo contendere (which plea is not withdrawn prior to its approval by the court) to, a felony offense and either the Named Officer's failure to perfect an appeal of such conviction prior to the expiration of the maximum period of time within which, under applicable law or rules of court, such appeal may be perfected or, if he does perfect such an appeal, the sustaining of his conviction of a felony offense on appeal; or (ii) the determination by our Board of Directors, after due inquiry, based on convincing evidence, that the Named Officer has:

- (A) committed fraud against, or embezzled or misappropriated funds or other assets of, our Company;
- (B) violated, or caused us or any of our officers, employees or other agents, or any other individual or entity to violate, any material law, rule, regulation or ordinance, or any material written policy, rule or directive of our Company or our Board of Directors;
- (C) willfully, or because of gross or persistent inaction, failed properly to perform his duties or acted in a manner detrimental to, or adverse to our interests; or

(D) violated, or failed to perform or satisfy any material covenant, condition or obligation required to be performed or satisfied by him under his employment agreement with us;

and that, in the case of any violation or failure referred to in clause (B), (C) or (D), above, such violation or failure has caused, or is reasonably likely to cause, us to suffer or incur a substantial casualty, loss, penalty, expense or other liability or cost.

(7) Section 280G of the Code disallows a company's tax deduction for what are defined as "excess parachute payments" and Section 4999 of the Code imposes a 20% excise tax on any person who receives excess parachute payments. As discussed above, Messrs. Friedman and Berman are entitled to certain payments upon termination of their employment, including termination following a change in control of our Company. Under the terms of their respective employment agreements (see " - Employment Agreements"), neither Mr. Friedman nor Mr. Berman are entitled to any payments that would be an excess parachute payment, and such payments are to be reduced by the least amount necessary to avoid the excise tax. Accordingly, our tax deduction would not be disallowed under Section 280G of the Code, and no excise tax would be imposed under Section 4999 of the Code.

(8) Under the terms of Messrs. Friedman's and Berman's respective employment agreements (see " - Employment Agreements"), if a change of control occurs, then they each have the right to terminate their employment and receive a payment equal to 2.99 times their then current annual salary (which was \$1,065,000 in 2007).

(9) Each of Messrs. Friedman and Berman were granted and are scheduled to be granted restricted stock of our Company in accordance with the terms of their respective employment agreements (see " - Employment Agreements"). Pursuant to the terms of those employment agreements, vesting accelerates for performance-based restricted stock upon a change in control, whether or not the relevant performance targets are met. Furthermore, under our Third Amended and Restated 1995 Stock Option Plan and 2002 Stock Award and Incentive Plan, in the event of a change in control, stock options granted under those plans become immediately exercisable in full and under our 2002 Stock Award and Incentive Plan, shares of restricted stock granted under that plan are immediately vested. The stock price used to calculate values in the above tables is \$23.61 per share, the closing price on the last trading day of 2007.

Compensation of Directors

Analogous to our executive compensation philosophy, it is our desire to similarly compensate our non-employee directors for their services in a way that will serve to attract and retain highly qualified members. As changes in the securities laws require greater involvement by, and places additional burdens on, a company's directors it becomes even more necessary to locate and retain highly qualified directors. As such, in close cooperation with FWC, the Compensation Committee has reconfigured the structure of the compensation package of our directors so that it places our directors at approximately the median total compensation package for directors in our peer group.

For 2007, each of our non-employee directors received (i) a cash stipend of \$30,000 for serving on the Board, (ii) \$1,000 for each board or committee meeting attended (whether in person or by telephone), and (iii) a grant of restricted shares of our common stock valued at \$121,000 (using a per share value equal to the average closing price of our common stock for the last ten trading days of December in the year preceding the grant date). Directors are also reimbursed for reasonable expenses incurred in attending meetings. The Chairman of the Audit Committee receives a cash stipend of \$25,000 for serving in such capacity and the Chairmen of the Compensation Committee and the Nominating and Corporate Governance Committee each receive cash stipends of \$10,000 for serving in such capacities.

Newly-elected non-employee directors will receive a portion of the foregoing annual consideration, pro rated according to the portion of the year in which they serve in such capacity.

The following table sets forth the compensation we paid to our non-employee directors for our fiscal year ended December 31, 2007:

Director Compensation

Name	Year	Fees Earned or Paid in		Option Awards	Non-Equity Compensation	Nonqualified Incentive Deferred Plan Compensation	Change in Pension Value and Earnings Compensation	All Other Compensation	Total

(1) Represents the product of (a) 5,468 shares of restricted stock multiplied by (b) \$22.128, the average last sales price of our common stock over the last ten trading days in December 2006, as reported by Nasdaq, which represents the last tradings preceding January 1, 2007, the date the shares were granted, all of which shares vested on January 1, 2008.

Employment Agreements and Termination of Employment Arrangements

In March 2003 we amended and restated our employment agreements with each of Messrs. Friedman and Berman and on July 17, 2007 entered into a new employment agreement with Joel Bennett.

Mr. Friedman's amended and restated employment agreement, pursuant to which he serves as our Chairman and Chief Executive Officer, provides for an annual base salary in 2007 of \$1,065,000. Mr. Friedman's agreement expires December 31, 2010. His base salary is subject to annual increases determined by our Board of Directors, but in an amount not less than \$25,000 per annum. For each fiscal year between 2007 through 2010, Mr. Friedman's bonus will depend on our achieving certain earnings per share growth targets, with such earnings per share growth targets to be determined annually by the Compensation Committee of our Board of Directors. Depending on the levels of earnings per share growth that we achieve in each fiscal year, Mr. Friedman will receive an annual bonus from 0% to up to 200% of his base salary. This bonus will be paid in accordance with the terms and conditions of our 2002 Stock Award and Incentive Plan. In addition, in consideration for modifying and replacing the pre-tax income formula provided in his prior employment agreement for determining his annual bonus, and for entering into the amended employment agreement, Mr. Friedman was granted the right to be issued an aggregate of 1,080,000 shares of restricted stock. The first tranche of restricted stock, totaling 240,000 shares, was granted at the time the agreement became effective, and 120,000 shares were granted on each of January 1, 2004, 2005, 2006 and 2007 (or 480,000 shares in the aggregate). In each subsequent year of the employment agreement term, Mr. Friedman will receive 120,000 shares of restricted stock. The grant of these shares is in accordance with our 2002 Stock Award and Incentive Plan, and the vesting of each tranche of restricted stock is subject to our achieving pre-tax income in excess of \$2,000,000 in the fiscal year that the grant is made. Each tranche of restricted stock granted or to be granted from January 1, 2004 through January 1, 2008 is subject to a two-year vesting period, which may be accelerated to one year if we achieve certain earnings per share growth targets. Each tranche of restricted stock to be granted thereafter through January 1, 2010, is subject to a one-year vesting period. Finally, the agreement provides that Mr. Friedman upon his retirement at or after age 67 will receive a single-life annuity retirement payment equal to \$975,000 a year

for a period of 10 years, or in the event of his death during such retirement period, his estate will receive a death benefit equal to the difference between \$2,925,000 and any prior retirement benefits previously paid to him; provided, however, that Mr. Friedman must agree to serve as Chairman Emeritus of our Board of Directors, if requested to do so by such Board.

Mr. Berman's amended and restated employment agreement, pursuant to which he serves as our President and Chief Operating Officer, provides for an annual base salary in 2007 of \$1,065,000. Mr. Berman's agreement expires December 31, 2010. His base salary is subject to annual increases determined by our Board of Directors, but in an amount not less than \$25,000 per annum. For our fiscal year ended December 31, 2006, Mr. Berman received a bonus of \$250,000. For each fiscal year between 2007 through 2010, Mr. Berman's bonus will depend on our achieving certain earnings per share growth targets, with such earnings per share growth targets to be determined annually by the Compensation Committee of our Board of Directors. Depending on the levels of earnings per share growth that we achieve in each fiscal year, Mr. Berman will receive an annual bonus of from 0% to up to 200% of his base salary. This bonus will be paid in accordance with the terms and conditions of our 2002 Stock Award and Incentive Plan. In addition, in consideration for modifying and replacing the pre-tax income formula provided in his prior employment agreement for determining his annual bonus, and for entering into the amended employment agreement, Mr. Berman was granted the right to be issued an aggregate of 1,080,000 shares of restricted stock. The first tranche of restricted stock, totaling 240,000 shares, was granted at the time the agreement became effective, and 120,000 shares were granted on each of January 1, 2004, 2005, 2006 and 2007 (or 480,000 shares in the aggregate). In each subsequent year of the employment agreement term, Mr. Berman will receive 120,000 shares of restricted stock. The grant of these shares is in accordance with our 2002 Stock Award and Incentive Plan, and the vesting of each tranche of restricted stock is subject to our achieving pre-tax income in excess of \$2,000,000 in the fiscal year that the grant is made. Each tranche of restricted stock granted or to be granted from January 1, 2004 through January 1, 2008 is subject to a two-year vesting period, which may be accelerated to one year if we achieve certain earnings per share growth targets. Each tranche of restricted stock to be granted thereafter through January 1, 2010, is subject to a one-year vesting period.

On July 17, 2007, we entered into a new employment agreement with Mr. Bennett that expires on December 31, 2009, pursuant to which he will receive (i) a base salary of \$400,000 per year; (ii) an annual discretionary bonus of up to 50% of his annual base salary, determined by the Compensation Committee or the Board of Directors; (iii) a \$1,000 per month car allowance; and (iv) a one-time grant of 15,000 shares of restricted stock, vesting over three years in equal annual installments of 5,000 shares on December 31, 2007, 2008 and 2009, provided he remains employed by us on each vesting date.

If we terminate Mr. Friedman's or Mr. Berman's employment other than "for cause" or if such Named Officer resigns because of our material breach of the employment agreement or because we cause a material change in his employment, we are required to make a lump-sum severance payment in an amount equal to the sum of his base salary on the termination date and the performance bonus paid for the last completed year prior to the termination date multiplied by a fraction the numerator of which is the number of full months remaining in the balance of the term of the employment agreement after the termination date and the denominator of which is 96. In the event of the termination of his employment under certain circumstances after a "Change of Control" (as defined in each employment agreement), we are required to make a one-time payment of an amount equal to 2.99 times of the "base amount" of such Named Officer determined in accordance with the applicable provisions of the Internal Revenue Code.

If Mr. Bennett's employment is terminated by (a) him for "good reason" (as described in his employment agreement) or due to a Change of Control (as defined in his employment agreement), or (b) by us other than as a result of the occurrence of a "For Cause Event" (as defined in his employment agreement), Mr. Bennett will be entitled to receive an amount equal to the total amount of his base annual salary in effect as of the date of termination; and if Mr. Bennett's employment terminates as a result of his death or disability, he or his guardian, custodian or other legal representative or successor will be entitled to continue to receive his base salary for a period of six months following the date of termination.

The foregoing is only a summary of the material terms of our employment agreements with the Named Officers. For a complete description, copies of such agreements are annexed herein in their entirety as exhibits or are otherwise incorporated herein by reference.

Employee Benefits Plan

We sponsor for our U.S. employees (including the Named Officers), a defined contribution plan under Section 401(k) of the Internal Revenue Code. The plan provides that employees may defer up to 50% of their annual compensation subject to annual dollar limitations, and that we will make a matching contribution equal to 100% of each employee's deferral, up to 5% of the employee's annual compensation. Our matching contributions, which vest immediately, totaled \$0.5 million, \$0.7 million and \$0.9 million for 2005, 2006 and 2007, respectively.

Compensation Committee Interlocks and Insider Participation

None of our executive officers has served as a director or member of a compensation committee (or other board committee performing equivalent functions) of any other entity, one of whose executive officers served as a director or a member of our Compensation Committee.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The following table sets forth certain information as of February 27, 2008 with respect to the beneficial ownership of our common stock by (1) each person known by us to own beneficially more than 5% of the outstanding shares of our common stock, (2) each of our directors, (3) each Named Officer, and (4) all our directors and executive officers as a group.

(1) Unless otherwise indicated, such person's address is c/o JAKKS Pacific, Inc., 22619 Pacific Coast Highway, Malibu, California 90265.

(2) The number of shares of common stock beneficially owned by each person or entity is determined under the rules promulgated by the Securities and Exchange Commission. Under such rules, beneficial ownership includes any shares as to which the person or entity has sole or shared voting power or investment power. The percentage of our outstanding shares is calculated by including among the shares owned by such person any shares which such person or entity has the right to acquire within 60 days after February 27, 2008. The inclusion herein of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of such shares.

(3) Except as otherwise indicated, exercises sole voting power and sole investment power with respect to such shares.

(4) Does not include any shares of common stock issuable upon the conversion of \$98.0 million of our 4.625% convertible senior notes due 2023, initially convertible at the rate of 50 shares of common stock per \$1,000 principal amount at issuance of the notes (but subject to adjustment under certain circumstances as described in the notes).

(5) The address of Third Avenue Management LLC is 622 Third Avenue, New York, NY 10017. All the information presented in this Item with respect to this beneficial owner was extracted solely from the Schedule 13G/A filed on

February 11, 2008.

- (6) The address of Barclays Global Investors, NA. is 45 Fremont Street, San Francisco, CA 94105. Possesses sole voting power with respect to 1,612,442 of such shares and sole dispositive power with respect to all of such 2,000,117 shares. All the information presented in this Item with respect to this beneficial owner was extracted solely from the Schedule 13G/A filed on February 5, 2008.
- (7) The address of Dimensional Fund Advisors LP (formerly known as Dimensional Fund Advisors, Inc.) is 1299 Ocean Avenue, 11th Floor, Santa Monica, CA 90401. - (9) Includes 3,186 shares held in trusts for the benefit of children of Mr. Friedman. Also includes 120,000 shares of common stock issued on January 1, 2008 pursuant to the terms of Mr. Friedman's January 1, 2003 Employment Agreement, which shares are further subject to the terms of our January 1, 2008 Restricted Stock Award Agreement with Mr. Friedman (the "Friedman Agreement"). The Friedman Agreement provides that Mr. Friedman will forfeit his rights to all 120,000 shares unless certain conditions precedent are met prior to January 1, 2009, including the condition that our Pre-Tax Income (as defined in the Friedman Agreement) for 2008 exceeds \$2,000,000, whereupon the forfeited shares will become authorized but unissued shares of our common stock. The Friedman Agreement, as modified by a subsequent agreement with our Board of Directors as a condition to receiving the 20,567 restricted share grant described below, further prohibits Mr. Friedman from selling, assigning, transferring, pledging or otherwise encumbering (a) 50,000 of the 120,000 shares prior to January 1, 2009 and 10,000 until January 1, 2011, (b) of the remaining 60,000 shares, 50,000 shares prior to January 1, 2010; provided, however, that if our Pre-Tax Income for 2008 exceeds \$2,000,000 and our Adjusted EPS Growth (as defined in the Friedman Agreement) for 2008 increases by certain percentages as set forth in the Friedman Agreement, the vesting of some or all of the 50,000 shares that would otherwise vest on January 1, 2010 will be accelerated to the date the Adjusted EPS Growth is determined and (c) the remaining 10,000 shares until two years after the vesting date of all of the 50,000 shares described in (b). Mr. Friedman is prohibited from selling, assigning, transferring, pledging or otherwise encumbering 15,000 shares issued him on January 1, 2007 until January 1, 2009. Also includes 20,567 shares granted on February 14, 2008 which are subject to a three-year restriction on sale and 175,000 shares subject to restriction on sale until June 11, 2009 of which shares not more than 87,500 shares may be sold prior to June 11, 2010.
- (10) Includes 120,000 shares of common stock issued on January 1, 2008 pursuant to the terms of Mr. Berman's January 1, 2003 Employment Agreement, which shares are further subject to the terms of our January 1, 2008 Restricted Stock Award Agreement with Mr. Berman (the "Berman Agreement"). The Berman Agreement provides that Mr. Berman will forfeit his rights to all 120,000 shares unless certain conditions precedent are met prior to January 1, 2009, including the condition that our Pre-Tax Income (as defined in the Berman Agreement) for 2008 exceeds \$2,000,000, whereupon the forfeited shares will become authorized but unissued shares of our common stock. The Berman Agreement, as modified by a subsequent agreement with our Board of Directors as a condition to receiving the 20,567 restricted share grant described below, further prohibits Mr. Berman from selling, assigning, transferring, pledging or otherwise encumbering (a) 50,000 of the 120,000 shares prior to January 1, 2009 and 10,000 until January 1, 2011, (b) of the remaining 60,000 shares, 50,000 shares prior to January 1, 2010; provided, however, that if our Pre-Tax Income for 2008 exceeds \$2,000,000 and our Adjusted EPS Growth (as defined in the Berman Agreement) for 2008 increases by certain percentages as set forth in the Berman Agreement, the vesting of some or all of the 50,000 shares that would otherwise vest on January 1, 2010 will be accelerated to the date the Adjusted EPS Growth is determined and (c) the remaining 10,000 shares until two years after the vesting date of all of the 50,000 shares described in (b). Mr. Berman is prohibited from selling, assigning, transferring, pledging or otherwise encumbering 15,000 shares issued him on January 1, 2007 until January 1, 2009. Also includes 20,567 shares granted on February 14, 2008 which are subject to a three-year restriction on sale and 175,000 shares subject to restriction on sale until June 11, 2009 of which shares not more than 87,500 shares may be sold prior to June 11, 2010.
- (11) Includes 10,000 shares of restricted common stock granted by our Board of Directors to Mr. Bennett upon the execution of his new employment agreement (see "Executive Compensation- Employment Agreements"), which restricted shares vest in equal annual installments of 5,000 shares each on December 31, 2008 and 2009. Does not include 3,593 restricted shares on February 29, 2008 and which vest 50% on March 1, 2009 and the balance on March 1, 2010.
- (12) Includes 29,644 shares which Mr. Almagor may purchase upon the exercise of certain stock options and 17,578 shares of common stock issued pursuant to our 2002 Stock Award and Incentive Plan, pursuant to which 5,068

shares may not be sold, mortgaged, transferred or otherwise encumbered prior to January 1, 2009.

- (13) Includes 82,500 shares which Mr. Blatte may purchase upon the exercise of certain stock options and 13,268 shares of common stock issued pursuant to our 2002 Stock Award and Incentive Plan, pursuant to which 5,068 of such shares may not be sold, mortgaged, transferred or otherwise encumbered prior to January 1, 2009.
- (14) Includes 99,021 shares which Mr. Glick may purchase upon the exercise of certain stock options and 18,268 shares of Common Stock issued pursuant to our 2002 Stock Award and Incentive Plan, pursuant to which 5,068 of such shares may not be sold, mortgaged, transferred or otherwise encumbered prior to January 1, 2009.
- (15) Includes 89,646 shares which Mr. Miller may purchase upon the exercise of certain stock options and 18,268 shares of Common Stock issued pursuant to our 2002 Stock Award and Incentive Plan, pursuant to which 5,068 of such shares may not be sold, mortgaged, transferred or otherwise encumbered prior to January 1, 2009.
- (16) Includes 97,771 shares which Mr. Skala may purchase upon the exercise of certain stock options and 18,268 shares of common stock issued pursuant to our 2002 Stock Award and Incentive Plan, pursuant to which 5,068 of such shares may not be sold, mortgaged, transferred or otherwise encumbered prior to January 1, 2009.

(17) Includes 3,186 shares held in trust for the benefit of Mr. Friedman's children, 20,567 shares 41,134 shares granted to each of Messrs. Friedman and Berman but are unissued on the date hereof and an aggregate of 398,582 shares which the directors and executive officers may purchase upon the exercise of certain stock options.

Item 13. *Certain Relationships and Related Transactions, and Director Independence*

(a) *Transactions with Related Persons*

One of our directors, Murray L. Skala, is a partner in the law firm of Feder, Kaszovitz, Isaacson, Weber, Skala, Bass & Rhine LLP, which has performed, and is expected to continue to perform, legal services for us. In 2007, we incurred approximately \$1,572,007 for legal fees and \$362,949 for reimbursable expenses payable to that firm. As of December 31, 2006 and 2007, legal fees and reimbursable expenses of \$825,749 and \$916,048, respectively, were payable to this law firm.

(b) *Review, Approval or Ratification of Transactions with Related Persons*

Pursuant to our Code of Ethics (a copy of which may be found on our website, www.JAKKSpacific.com), all of our employees are required to disclose to our General Counsel, the Board of directors or any committee established by the Board of Directors to receive such information, any material transaction or relationship that reasonably could be expected to give rise to actual or apparent conflicts of interest between any of them, personally, and us. In addition, our Code of Ethics also directs all employees to avoid any self-interested transactions without full disclosure. This policy, which applies to all of our employees, is reiterated in our Employee Handbook which states that a violation of this policy could be grounds for termination. In approving or rejecting a proposed transaction, our General Counsel, Board of Directors or designated committee will consider the facts and circumstances available and deemed relevant, including but not limited to, the risks, costs, and benefits to us, the terms of the transactions, the availability of other sources for comparable services or products, and, if applicable, the impact on director independence. Upon concluding their review, they will only approve those agreements that, in light of known circumstances, are in or are not inconsistent with, our best interests, as they determine in good faith

(c) *Director Independence*

For a description of our Board of Directors and its compliance with the independence requirements therefor as promulgated by the Securities and Exchange Commission and Nasdaq, see "Item 10- Directors, Executive Officers and Corporate Governance".

Item 14. *Principal Accountant Fees and Services.*

Before our principal accountant is engaged by us to render audit or non-audit services, where required by the rules and regulations promulgated by the Securities and Exchange Commission and/or Nasdaq, such engagement is approved by the Audit Committee.

The following are the fees of BDO Seidman, LLP, our principal auditor since June 28, 2006, for services rendered in connection with the 2006 audit (all of which have been pre-approved by the Audit Committee):

	2006	2007
Audit Fees	\$ 1,015,700	\$ 1,026,500
Audit Related Fees	\$	-\$
Tax Fees	\$	-\$
All Other Fees	\$	-\$

Audit Fees consist of the aggregate fees for professional services rendered for the audit of our annual financial statements and the reviews of the financial statements included in our Forms 10-Q and for any other services that were normally provided by our auditors in connection with our statutory and regulatory filings or engagements.

Audit Related Fees consist of the aggregate fees billed for professional services rendered for assurance and related services that were reasonably related to the performance of the audit or review of our financial statements and were not otherwise included in Audit Fees.

Tax Fees consist of the aggregate fees billed for professional services rendered for tax consulting. Included in such Tax Fees were fees for consultancy, review, and advice related to our income tax provision and the appropriate presentation on our financial statements of the income tax related accounts.

All Other Fees consist of the aggregate fees billed for products and services provided by our auditors and not otherwise included in Audit Fees, Audit Related Fees or Tax Fees.

Our Audit Committee has considered whether the provision of the non-audit services described above is compatible with maintaining our auditors' independence and determined that such services are appropriate.
