**PROXY STATEMENT  
Relating to  
Annual Meeting of Stockholders  
To be held on June 12, 2008**

**INTRODUCTION**

We are sending this proxy statement to the holders of our common stock, \$0.001 par value, in connection with the solicitation by our Board of Directors of proxies to be voted at the General Moly, Inc. (the “Company,” “we,” or “us,” or “our”) Annual Meeting of Stockholders (the “Annual Meeting”) to be held on June 12, 2008 at 9:00 am, local Colorado time, at the Denver West Marriott, 1717 Denver West Boulevard, Golden, Colorado 80401, and any postponements or adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and the accompanying proxy card are first being mailed to the stockholders on or about May 5, 2008.

A proxy card is enclosed for your use. *You are requested on behalf of the Board of Directors to sign, date, and return the proxy card in the accompanying envelope*, which is postage-paid if mailed in the United States. Your execution of the enclosed proxy will not affect your right as a stockholder to attend the Annual Meeting and to vote in person.

**PURPOSE OF THE ANNUAL MEETING**

At the Annual Meeting, stockholders entitled to vote will be asked to consider and take action on the following matters:

- To elect three (3) Class I members to our Board of Directors to serve until the 2011 Annual Meeting of Stockholders and until their respective successors are elected and qualified or until their earlier death, resignation, or removal in accordance with our Certificate of Incorporation, Bylaws, and Corporate Governance Guidelines;
- To ratify the selection of PricewaterhouseCoopers LLP as our independent auditor; and
- To act on such matters as may properly come before the meeting or any adjournment thereof.

***As your vote is important, we are requesting that you complete and sign the enclosed proxy card and mail it promptly in the postage paid return envelope provided. Shares cannot be voted at the meeting unless the owner is present to vote or is represented by proxy.***

## VOTING AT ANNUAL MEETING

**Record Date; Quorum.** Our Board of Directors has fixed the close of business on April 16, 2008 as the record date for the purpose of determining stockholders of the Company entitled to notice of and to vote at the Annual Meeting. At the close of business on that date, we had 70,930,195 issued and outstanding shares of common stock. A majority of such shares will constitute a quorum for the transaction of business at the Annual Meeting. Proxies that are submitted but are not voted for or against (whether by abstentions, broker non-votes, or otherwise) will be treated as present for all matters considered at the meeting, and will be counted for purposes of a quorum.

**Solicitation of Proxies.** The accompanying proxy is solicited on behalf of our Board of Directors and the entire cost of solicitation will be borne by us. Following the original mailing of the proxies and soliciting materials, our directors, officers and employees may, but do not presently intend to, solicit proxies by mail, telephone, telegraph, or personal interviews. We may request brokers, custodians, nominees, and other record holders to forward copies of the proxies and soliciting materials to persons for whom they hold shares of the Company and to request authority for the exercise of proxies. In such cases, the Company will reimburse such holders for their reasonable expenses. We may utilize the services of a proxy solicitation firm.

**Revocation of Proxy.** Any proxy delivered in the accompanying form may be revoked by the person executing the proxy by either (i) providing our Corporate Secretary a later-dated proxy prior to the Annual Meeting or presenting a later-dated proxy at the Annual Meeting, (ii) providing our Corporate Secretary a written revocation prior to the Annual Meeting, or (iii) attending the Annual Meeting and voting in person.

**How Proxies will be Voted.** Assuming a quorum is present, proxies received by our Board of Directors in the accompanying form will be voted at the Annual Meeting as specified by the person giving the proxy. All shares represented by valid proxy will be voted at the discretion of the proxy holders on any other matters that may properly come before the meeting. The Board of Directors, however, does not know of any matters to be considered at the meeting other than those specified in the Notice of Annual Meeting.

**Required Votes.** With respect to the election of directors, the three (3) candidates receiving the highest number of votes will be elected. If, however, any candidate does not receive a favorable vote by a majority of the votes cast in the election, under our Corporate Governance Guidelines adopted by the Board, he or she must submit their resignation from the Board of Directors. See Proposal 1 for further discussion of the majority voting provisions of the Corporate Governance Guidelines.

**Effect of Abstentions and Broker Non-Votes.** Abstentions occur when stockholders abstain from voting for the nominees for director or abstain from voting on other proposals. Brokers and other intermediaries, holding shares in street name for their customers, are generally required to vote the shares in the manner directed by their customers. If their customers do not give any direction, brokers may vote the shares on routine matters, such as the election of directors, but not on non-routine matters. The absence of a vote on a non-routine matter is referred to as a broker non-vote. Any shares represented at the Annual Meeting but not voted (whether by abstention, broker non-vote or otherwise) will have no impact in the election of directors, except to the extent that the failure to vote for an individual results in another individual receiving a larger proportion of votes cast for the election of directors.

**Voting Power.** Holders of our common stock are entitled to one vote for each share held. There is no cumulative voting for directors.

### **PROPOSAL 1: ELECTION OF DIRECTORS**

Our Board of Directors currently consists of seven members. Pursuant to our Bylaws, the members of our Board of Directors have been divided into three (3) classes. The term of office of the Class I members of our Board of Directors, consisting of three (3) members, expires at the 2008 Annual Meeting. The term of office for the Class II members of our Board of Directors, consisting of two (2) members, expires at our 2009 Annual Meeting of Stockholders. The term of office for the Class III members of our Board of Directors, consisting of two (2) members, expires at our 2010 Annual Meeting of Stockholders. At each of our Annual Meeting of Stockholders, the number of directors equal to the number of the class whose term expires on the day of such meeting will be elected for a term of three (3) years and will hold office until expiration of the terms for which they were elected and qualified. Any director, however, may be removed from office as a director at any time by our stockholders, but only for cause, and only by the affirmative vote of a majority of the outstanding voting power entitled to elect such director. At this Annual Meeting, the three (3) Class I directors are to be elected and will serve for a term of three (3) years and until their successors are elected and qualified. The following nominees for election as Class I directors at this Annual Meeting are all recommended by our Board of Directors:

Jean-Pierre M. Ergas  
Gary A. Loving  
Richard Nanna

In the event that any of the nominees for director should become unable or decline to serve if elected, it is intended that shares represented by proxies that are executed and returned will be voted for any substitute nominee(s) as may be recommended by our existing Board of Directors.

The three (3) nominees receiving the highest number of votes cast at the Annual Meeting will be elected as Class I directors for a term of three (3) years and until their successors are elected and qualified. Pursuant to our Corporate Governance Guidelines adopted by our Board of Directors, however, if a director nominee does not receive a majority of the votes cast, the director is required to promptly tender his or her resignation to the Board of Directors. For purposes of the policy, a majority of votes cast means that the number of shares voted “for” a director’s election exceeds the number of votes cast “against” that director’s election. The Governance and Nominating Committee will consider the resignation and make a recommendation to the Board as to whether to accept or reject the tendered resignation, or whether other action should be taken. The Board will act on the tendered resignation, taking into account the recommendation of the Governance and Nominating Committee, within 90 days from the date of the certification of the election results, and publicly disclose its decision promptly thereafter. The Governance and Nominating Committee, in making its recommendation, and the Board in making its decision, may each consider any factors or other information that it considers appropriate and relevant. The director who tenders his or her resignation will not participate in the recommendation of the Governance and Nominating Committee or the decision of the Board with respect to his or her resignation. If no director receives a majority of shares cast in an uncontested election, then the incumbent directors will nominate a new slate of directors and hold a special meeting for the purpose of electing those nominees within 180 days after certification of the stockholder vote.

***THE BOARD RECOMMENDS A VOTE “FOR” THE THREE (3) NOMINEES***

During the year ended December 31, 2007, our Board of Directors held 13 meetings. Each of the incumbent directors who were on our Board of Directors during 2007 attended at least 75% of the total number of meetings of the Board of Directors and the total number of meetings held by the committees of the Board of Directors on which he served. In 2007, we adopted a policy requiring members of our Board of Directors to attend each annual meeting of stockholders. All of our then-sitting directors attended our annual meeting of stockholders held on October 4, 2007.

Our Board of Directors had three standing committees during 2007: Audit and Finance Committee, Compensation Committee, and Governance and Nominating Committee. Each committee is described more fully below.

Stockholders may communicate with our Board of Directors by sending an email or letter to General Moly, Inc. Board of Directors, c/o Corporate Secretary, 1726 Cole Blvd., Suite 115 Lakewood, CO 80401, [sgoebel@generalmoly.com](mailto:sgoebel@generalmoly.com). Our Corporate Secretary will receive the correspondence and forward it to the Chairman of the applicable Board of Directors Committee or to any individual director or directors to whom the communication is directed.

### **Audit and Finance Committee**

Our Audit and Finance Committee members are: Mark A. Lettes (Chairman), Ricardo M. Campoy, and Jean-Pierre M. Ergas, all being independent directors in accordance with the listing standards of the American Stock Exchange (“AMEX”). Mark A. Lettes is deemed the committee’s financial expert. The Audit and Finance Committee held 9 meetings in 2007. As set forth in its Charter, the Audit and Finance Committee recommends a firm of independent certified public accountants to audit the annual financial statements; discusses and approves in advance the scope of the audit with the auditors; reviews with the independent auditors their independence, the financial statements, and their audit report; reviews management’s administration of the system of internal accounting controls; and reviews our procedures relating to business ethics. On April 24, 2008, our Board of Directors changed the name of the Audit & Finance Committee to the “Audit Committee” and created a separate Finance Committee. A copy of the written Audit Committee Charter, as approved by our Board of Directors, is available on our website at [www.generalmoly.com](http://www.generalmoly.com).

### **Compensation Committee**

Our Compensation Committee members are Ricardo M. Campoy (Chairman), Mark A. Lettes, Richard F. Nanna, and Gary Loving. The Compensation Committee held at least 3 meetings in 2007. Our Board of Directors has approved a written Compensation Committee Charter, a copy of which is available on our website at [www.generalmoly.com](http://www.generalmoly.com). The primary purposes of the Compensation Committee, as set forth in its charter, are: (i) to assist our Board of Directors in discharging its responsibilities in respect of compensation of our executive officers, including setting salary and annual bonus levels for our senior executive officers as well as overseeing the senior staff bonus plans, subject to the approval of the Board of Directors; (ii) to review and evaluate compensation information for inclusion in our filings with the Securities and Exchange Commission; (iii) to provide recommendations to our Board of Directors in connection with directors’ compensation; (iv) to provide recommendations to our Board of Directors in connection with succession planning for our senior management; (v) to conduct an annual review and evaluation of our Chief Executive Officer’s performance; (vi) to oversee administration of our equity-based compensation and incentive programs; and (vii) to approve and authorize grants of awards under our equity-based compensation and incentive programs.

The Compensation Committee's evaluation is based on criteria designed to help ensure that our Chief Executive Officer's interests are aligned with the long-term interests of our stockholders, including the performance of our business, accomplishment of long-term strategic objectives, the handling of extraordinary events, and the development of management.

The Compensation Committee has delegated, to our senior management, the authority to make certain equity awards within prescribed limits under our 2006 Equity Incentive Plan. This delegation to make equity awards applies solely to awards to new non-officers at the time when we hire such eligible individuals. Equity compensation grants to non-officers are generally subject to a three year vesting period. Our Human Resources Department and Senior Paralegal assist the Compensation Committee in its work.

### **Governance and Nominating Committee**

Our Governance and Nominating Committee members are: Richard Nanna (Chairman), Mark Lettes, Ricardo Campoy, Gary Loving, and Jean-Pierre M. Ergas. The Governance and Nominating Committee held at least 4 meetings in 2007. Our Board of Directors has approved a written Governance and Nominating Committee Charter, a copy of which is available on our website at [www.generalmoly.com](http://www.generalmoly.com). The responsibilities of the Governance and Nominating Committee, as set forth in its charter, include: (i) developing policies on the size and composition of the Board for election or re-election and reviewing and developing the Board's criteria for selecting new directors, including standards for director independence and competence; (ii) reviewing possible candidates for Board membership consistent with the Board's criteria for selecting new directors; (iii) conducting an annual performance evaluation of the individual directors and of the Board as a whole; (iv) annually recommending a slate of nominees to the Board with respect to nominations for the Board at the annual meeting of our stockholders; (v) making recommendations to the Board relating to the composition of Board committees; (vi) advising the Board on committee member qualifications, committee member appointments and removals, committee structure and operations (including authority to delegate to subcommittees), and committee reporting to the Board; and (vii) maintaining an orientation program for new directors and a continuing education program for all directors.

Our stockholders may recommend director nominees, and the Governance and Nominating Committee will consider nominees recommended by stockholders. To date, we have not received any recommendations from our stockholders requesting that the Board, or any of its committees, consider a nominee for inclusion among the Board's slate of nominees in this proxy statement. A stockholder wishing to submit a director nominee recommendation should comply with the provisions of our bylaws and the provisions set forth in this proxy statement under the heading "Stockholder Proposals and Recommendations for Director Nominees for the 2009 Annual Meeting." We anticipate that nominees recommended by stockholders will be evaluated in the same manner as nominees recommended by anyone else, although the Governance and Nominating Committee may prefer nominees who are personally known to the existing directors and whose reputations are highly regarded. The Governance and Nominating Committee will consider all relevant qualifications as well as the needs of the Company in terms of compliance with applicable SEC and stock exchange rules.

While the selection of qualified directors is a complex, subjective process that requires consideration of many intangible factors, the Governance and Nominating Committee and our Board take into account the following criteria, among others, in considering directors and candidates for the Board:

· judgment, experience, skills and personal character of the candidate; and  
· the needs of the Board.

The Governance and Nominating Committee conducts a preliminary assessment of each proposed nominee based upon the proposed nominee's resume and biographical information, the individual's willingness to serve as a director of the Company, and other background information. This information is evaluated against the criteria set forth above and our specific needs at that time. Based upon a preliminary assessment of the candidate(s), those who appear best suited

to meet our needs may be invited to participate in a series of interviews, which are used as a further means of evaluating potential candidates. On the basis of information learned during this process, the Governance and Nominating Committee determines which nominee(s) to recommend to the Board to submit for election at the next annual meeting. The Governance and Nominating Committee uses the same process for evaluating all nominees, regardless of the original source of the nomination. The Governance and Nominating Committee has approved the nominees included in our proxy card.

## **Independent Directors**

Of the seven persons who currently make up our Board of Directors, the Board has determined that Messrs. Nanna, Lettes, Campoy, Loving, and Ergas are independent directors under the listing standards of AMEX.

## **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors, and any person who beneficially owns more than 10% of our common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors, and more than 10% stockholders are required by regulation to furnish us with copies of all Section 16(a) forms which they file. During 2007, certain of our directors and executive officers who own our stock filed Forms 3 or Forms 4 with the Securities and Exchange Commission. The information on these filings reflects the current ownership position of all such individuals. To the best of our knowledge, during 2007 all such filings by our officers and directors were made timely, except that, due to an administrative error in each instance, Forms 4 were not filed in a timely manner for the following officers and directors: John B. Benjamin (1 Form 4 involving 1 transaction); Robert Dumont (1 Form 4 involving 1 transaction); and Robert L. Russell (2 Forms 4, each involving 1 transaction).

## **Code of Ethics**

We have adopted a Code of Conduct and Ethics for our Chief Executive Officer and our senior financial officers. A copy of our Code of Conduct and Ethics is available on our website at [www.generalmoly.com](http://www.generalmoly.com) and can also be obtained at no cost, by telephone at (303) 928-8599 or by mail at: General Moly, Inc., 1726 Cole Blvd., Suite 115 Lakewood, CO 80401, attention: Investor Relations. We believe our Code of Conduct and Ethics is reasonably designed to deter wrongdoing and promote honest and ethical conduct; provide full, fair, accurate, timely and understandable disclosure in public reports; comply with applicable laws; ensure prompt internal reporting of code violations; and provide accountability for adherence to the code.

## AUDIT COMMITTEE REPORT

The Board of Directors has appointed the members of the Audit and Finance Committee. The Audit and Finance Committee is governed by a charter that the Board of Directors approved and adopted, a copy of which is available on the Company's website at [www.generalmoly.com](http://www.generalmoly.com), and which will be reviewed and reassessed annually by the Audit and Finance Committee. The Audit and Finance Committee is comprised of three independent directors.

## CERTAIN RELATED PARTY TRANSACTIONS

We recognize that related party transactions may raise questions among our stockholders as to whether those transactions are consistent with the best interests of the Company and our stockholders. It is our policy to enter into or ratify related party transactions only when the Board of Directors, acting through the Audit and Finance Committee, determines that the related party transaction in question is in, or is not inconsistent with, the best interests of the Company and our stockholders.

Our Audit and Finance Committee reviews any transaction involving the Company and a related party (i) prior to the entry by the Company into such transaction, (ii) at least once a year after the Company's entry into the transaction, and (iii) upon any significant change in the transaction or relationship. For these purposes, a "related party transaction" includes any transaction required to be disclosed pursuant to Item 404 of Regulation S-K. In its review of any related party transactions, the Audit and Finance Committee will consider all of the relevant facts and circumstances available to the Audit and Finance Committee, including (if applicable): the benefits to the Company; the impact on a director's independence in the event the related person is a director, an immediately family member of a director or an entity in which a director is a partner, stockholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms available to unrelated third parties or to employees generally.

Effective November 28, 2007, we issued a warrant to purchase 500,000 shares of the Company's common stock to each of Coghill Capital Management, L.L.C., our largest stockholder, and CCM Qualified Master Fund, Ltd., an affiliate of Coghill Capital Management, L.L.C. Each warrant has an exercise price of \$10.00 per share and is exercisable once we have received financing necessary for the commencement of commercial production at the Mount Hope molybdenum project (the "Mt. Hope Project").

On January 30, 2007, we entered into an amended and restated employment agreement with Mr. Robert L. Russell, our then Chief Executive Officer and Chairman of the Board of Directors, as well as the father of Mr. R. David Russell, a current member of our Board of Directors, that increased Mr. Robert Russell's annual base salary to \$350,000 and provided for Mr. Robert Russell to serve as our Executive Director for 24 months. In June 2007, our Board of Directors voided Mr. Robert Russell's amended and restated employment agreement and confirmed the terms of Mr. Robert Russell's March 2005 employment agreement, which provided that Mr. Robert Russell would be paid a base salary of \$180,000 per year, subject to annual increases at the discretion of the Board.

On October 1, 2007, we entered into a General Release and Settlement Agreement (the "Release Agreement") with Mr. Robert Russell. Pursuant to the terms of the Release Agreement, Mr. Robert Russell resigned as an employee of the Company and as a member of our Board of Directors. The Release Agreement also provided, among other things, for a general release of any claims by Mr. Robert Russell against the Company and, subject to the terms and conditions of the Release Agreement, for Mr. Robert Russell to receive \$1,000,000 on the effective date of the Release Agreement, \$750,000 on or about April 1, 2008, and \$750,000 on or before October 1, 2008. In the event of a change of control of the Company, Mr. Robert Russell will be entitled to receive all amounts due but unpaid under the Release Agreement.

In connection with entering into the Release Agreement, on October 1, 2007, we also entered into a Consulting and Advisory Agreement (the "Consulting Agreement") with Mr. Robert Russell. The Consulting Agreement provides, among other things, for Mr. Robert Russell to provide consulting and advisory services (the "Services") to us for a term of thirty-six months. In consideration for the Services to be performed, Mr. Robert Russell will receive an annual payment of \$250,000 and, subject to the terms and conditions of the Consulting Agreement, a bonus of \$250,000 payable within 45 days of the start of construction of the Mt. Hope Project. In the event of a change of control of the Company, Mr. Robert Russell will be entitled to receive all amounts earned through the date of the change of control, plus a sum equal to the remaining amounts due under the Consulting Agreement.

On January 30, 2007, we entered into an amended and restated employment agreement with Mr. Andrew Russell, a son of Mr. Robert Russell and the brother of Mr. R. David Russell, for services as our Director of Projects and Operations for a term of three years. On January 1, 2008, we entered into an amendment to the amended and restated employment agreement to provide for annual bonuses to Mr. Andrew Russell to be paid within 45 days following the end of each calendar year (as amended, the "Amended and Restated Employment Agreement"). Under the Amended and Restated Employment Agreement, Mr. Andrew Russell receives a salary of \$200,000 per year and is entitled to an annual bonus, payable within 45 days of the each calendar year, of an amount not less than 50% of Mr. Andrew Russell's base salary.

Pursuant to the terms of the Amended and Restated Employment Agreement, Mr. Andrew Russell also received a stock option to purchase 140,000 shares of our common stock at \$2.78 per share, the closing price of our common stock on January 30, 2007, an additional aggregate amount of 90,000 shares of restricted common stock that will vest based on certain performance based milestones, and the right to receive additional cash bonuses upon the completion of these same milestones. The specific milestones, the number of shares of restricted stock that vest upon completion of these milestones, as applicable, and the cash bonuses payable upon completion of these milestones are as follows: (i) 10,000 shares and \$15,000 upon completion of the Company's Mt. Hope Bankable Feasibility Study; (ii) 20,000 shares and \$20,000 upon the Company obtaining water rights necessary to operate Mt. Hope Project's planned facilities; (iii) 20,000 shares and \$50,000 if the Company receives a favorable Record of Decision for the Mt. Hope Project during the term of the Amended and Restated Employment Agreement; (iv) not less than \$100,000 if the Company obtains sufficient financing to commence operation of the Mt. Hope Project within the term of the Amended and Restated Employment Agreement; and (v) 40,000 shares and \$200,000 if operations commence at the Mt. Hope Project during the term of the Amended and Restated Employment Agreement or six months thereafter.

In the event Mr. Andrew Russell's employment is terminated without cause, he will be entitled to an amount equal to 18 months of his annual base salary, any declared bonuses not yet paid, and all unvested stock options and awards will accelerate as to vesting. In the event Mr. Andrew Russell's employment is terminated in connection with a change of control of the Company, Mr. Andrew Russell will be entitled to receive an amount equal to 138% of his annual base salary and 138% of his annual budgeted bonus. If Mr. Andrew Russell terminates his employment for "Good Reason," which includes substantial diminution of Mr. Andrew Russell's duties, a direction to Mr. Andrew Russell that would violate local, state or federal law, or a failure by the Company to pay Mr. Andrew Russell's base salary, Mr. Andrew Russell will be entitled to his annual base salary as of the date of termination, together with one year of his base salary, and all unvested stock options and awards will accelerate as to vesting.

## EXECUTIVE COMPENSATION

### *Introduction*

The Compensation Committee of our Board of Directors sets total compensation for our executive officers, including our Chief Executive Officer and Chief Financial Officer.

We are a development stage company in the business of the exploration, development and mining of properties primarily containing molybdenum. We do not have any operations and have relatively few employees. Because of our size and stage of development, we do not have a broad-based, detailed executive compensation program. Instead, we have a fairly simple executive compensation program that is intended to provide appropriate compensation for our executive officers. The program currently has three major components: salary, annual bonus and equity-based incentives, such as stock options and restricted stock awards. The program's overall objective is to enable us to obtain and retain the services of skilled executives. The compensation program seeks to enhance stockholder value by aligning the financial interests of our executive officers with those of our stockholders. For example, our equity-based compensation program is designed to retain the individual executive officer and to align his long-term financial interests with those of our stockholders. We also have designed our compensation program to motivate and reward executives whose knowledge, skills and performance are critical to our success. Compensation depends to a significant extent on the achievement of annual and long-term performance goals.

The compensation packages for our executive officers are designed to promote teamwork as well as individual initiative and achievement. We have entered into employment agreements with each of our executive officers. A summary of our employment agreements with each of our Named Executive Officers is set forth below. We believe that these employment agreements are necessary to grow the Company and to increase our stockholder value. Each employment agreement sets the compensation for the individual executive officer. In establishing the agreement with each executive officer, the Compensation Committee takes into account many factors, including the individual's prior business experience, historical compensation levels, work performance, and retention considerations and our business need for the executive's skills. The Compensation Committee also considered external market data, market trends, and the individual experience of the Compensation Committee members.

### **Elements of Compensation**

Our compensation program has three principal elements: salary, annual bonus, and equity-based incentives. The remaining compensation, paid through employee benefits, is not significant in amount or as a percentage of any executive's compensation. Each of these components is discussed further below.

**Base Salary.** We recognize that paying a reasonable base salary is necessary in order for us to obtain and retain the services of skilled executives. We establish our executives' salaries based on consideration of, among other things, the scope of their responsibilities, taking into account competitive market compensation for similar positions, seniority of the individual, and our ability to replace the individual, as well as the median of the range of salaries for executives in similar positions with similar responsibilities at comparable companies. Base salaries are reviewed annually by our Compensation Committee and our Board and may be adjusted pursuant to this annual review. An adjustment to an executive's salary may be made, for example, to align that salary with market levels, taking into account the individual's responsibilities, performance and experience. The salaries of our executive officers were well below the median through 2006, reflecting the underfunding of a startup company. However, salaries were adjusted in 2007 to reflect salaries paid to individuals in operating companies with similar positions and responsibilities.

**Discretionary Performance Bonus.** Our Board has the authority to award discretionary bonuses to our executive officers based upon their performance and efforts. We believe it is reasonable and necessary to compensate our executive officers with bonus payments for achieving financial, operational and strategic goals. Bonus amounts are intended to reward both achievement of Company goals and individual performance. Annual bonuses have traditionally been paid to executive officers to recognize specific accomplishments and overall performance.

**Long-Term Equity Incentive Program.** We focus on creating long-term value for our stockholders by aligning the financial interests of our executive officers with those of our stockholders, since the price of our stock is the principal factor in stockholder value over time. We believe that stock-based incentives through stock options and restricted stock awards ensure that our executive officers have a continuing stake in our long-term success. We have issued stock options and/or restricted stock awards to our executive officers under our 2003 Stock Option Plan (sometimes hereinafter referred to as the “2003 Plan”) and 2006 Equity Incentive Plan (sometimes hereinafter referred to as the “2006 Plan” and the 2003 Plan and 2006 Plan, together are sometimes hereinafter referred to as the “Plans”) and outside of any formal plan. Stock option awards are principally given at the start of employment with vesting complete by the end of the officer’s second anniversary of employment. The Board adopted the Plans to give us greater ability to attract, retain, and motivate our officers and key employees and are intended to provide us with the ability to provide incentives that are more directly linked to the success of our business and increases in stockholder value.

Our 2006 Plan provides for the grant of ISOs, nonqualified stock options, restricted stock awards, restricted stock units and stock appreciation rights, which may be granted to our employees (including officers), directors and consultants, to retain the services of participants, to secure and retain the services of new members of this group and to provide incentives for such persons to exert maximum efforts for the success of the Company. Each award is subject to an agreement between the Company and the recipient of the grant reflecting the terms and conditions of the award. Subject to the terms of the 2006 Plan, the Compensation Committee establishes guidelines for recipients, grant dates, the numbers and types of stock awards to be granted and the terms and conditions of the stock awards, including the period of their exercisability and vesting. The Compensation Committee also determines, in accordance with the 2006 Plan, the exercise price of options granted, the purchase price for restricted stock and restricted stock units, and, if applicable, the strike price for stock appreciation rights.

**Employee Benefits.** Our executive officers participate in the same employee benefit programs (health, dental, and, effective January 1, 2008, life, accident and disability insurance) as other employees, and on the same basis with our other employees.

### **Timing of Compensation Decisions**

Salary adjustments and bonus awards have typically been made at the Compensation Committee and Board meetings held in January. Adjustments to salary and bonus awards are based on the individual executive officer’s performance in the prior fiscal year and are awarded in January.

### **Individual Executive Officers**

Each of our executive officers is considered individually in the compensation setting process. In setting cash compensation, the primary factors are the scope of the executive officer’s duties and responsibilities, the executive officer’s performance of those duties and responsibilities, the executive officer’s experience level and tenure with us, and a general evaluation of the competition in the market for skilled executives with the executive officer’s experience. Long-term equity incentives are focused largely on retention of our executive officers and matching the financial interests of our executive officers with those of our stockholders.

Upon the completion of an equity or debt financing that raises sufficient capital to commence production at the Mt. Hope Project, Mr. Hansen is also entitled to a cash payment of \$1,000,000. If a change of control occurs, Mr. Hansen will be entitled to receive three years of annual base salary and all unvested stock options and awards will accelerate as to vesting. In the event the Company terminates Mr. Hansen's employment without cause, Mr. Hansen will be entitled to his annual base salary as of the date of termination, together with two years of his base salary.

**PROPOSAL 2: RATIFICATION OF INDEPENDENT AUDITOR**

### **Independent Accountant**

On August 21, 2007, our Audit and Finance Committee, with the approval of our Board of Directors, dismissed Williams & Webster, P.S. (“Williams & Webster”) as our independent registered public accounting firm. The reports of Williams & Webster on our financial statements for the past two years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principle. During the period of engagement through Williams & Webster’s dismissal, there were no disagreements with Williams & Webster on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Williams & Webster, would have caused it to make reference to the subject matter of the disagreements in connection with its reports.

On August 21, 2007, our Audit and Finance Committee, with the approval of our Board of Directors, engaged PricewaterhouseCoopers LLP as our new independent registered public accounting firm. The decision to change accountants was approved by our Audit and Finance Committee. Representatives of PricewaterhouseCoopers llp will be present at the Annual Meeting, will have the opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions.

### **Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditors**

Our Audit and Finance Committee is responsible for appointing, setting compensation and overseeing the work of our independent auditors. The Audit and Finance Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent auditors. On an ongoing basis, management communicates specific projects and categories of services for which advance approval of the Audit and Finance Committee is requested. The Audit and Finance Committee reviews these requests and advises management if the Audit and Finance Committee approves the engagement of the independent auditors for specific projects. On a periodic basis, management reports to the Audit and Finance Committee regarding the actual spending for such projects and services

compared to the approved amounts. The Audit and Finance Committee may also delegate the ability to pre-approve audit and permitted non-audit services to a subcommittee consisting of one or more Audit and Finance Committee members, provided that any such pre-approvals are reported on at a subsequent Audit and Finance Committee meeting.
