**Item 2.03 Creation of a Direct Financial Obligation.**

**Item 3.02 Unregistered Sales of Equity Securities.**

Vortex Resources Corp. (the "Company") entered into a Securities Purchase Agreement (the "Agreement") with Trafalgar Capital Specialized Investment Fund, Luxembourg ("Buyer") on September 25, 2008 for the sale of up to \$2,750,000 in convertible notes (the "Notes"). Pursuant to the terms of the Agreement, the Company and the Buyer closed on the sale and purchase of \$1,600,000 in Notes on September 25, 2008, with escrow instruction to be closed on October 1, 2008. The Buyer, at its sole discretion, has the option to close on a second financing for \$400,000 in Notes and a third financing for \$750,000 in Notes. Pursuant to the terms of the Agreement, the Company agreed to pay to the Buyer a commitment fee of 4% of the commitment amount, a structuring fee of \$15,000, a facility draw down fee of 4%, issue the Buyer 150,000 shares of common stock, pay a due diligence fee to the Buyer of \$15,000 and pay an advisory fee of \$100,000 to TAS Holdings Limited.

The Notes bear interest at 8.5% with such interest payable on a monthly basis with the first two payments due at closing. The Notes are due in full in September 2010. In the event of default, the Buyer may elect to convert the interest payable in cash or in shares of common stock at a conversion price using the closing bid price of when the interest is due or paid. The Notes are convertible into our common stock, at the Buyer's option, at a conversion price equal to 85% of the volume weighted average price for the ten days immediately preceding the conversion but in no event below a price of \$2.00 per share. If on the conversion or redemption of the Notes, the Euro to US dollar spot exchange rate (the "Exchange Rate") is higher than the Exchange Rate on the closing date, then the number of shares shall be increased by the same percentage determined by dividing the Exchange Rate on the date of conversion or redemption by the Exchange Rate on the closing date. We are required to redeem the Notes starting on the fourth month in equal instalments of \$56,000 with a final payment of \$480,000 with respect to the initial funding of \$1,600,000. We are also required to pay a redemption premium of 7% on the first redemption payment, which will increase 1% per month. We may prepay the Notes in advance, which such prepayment will include a redemption premium of 15%. In the event we close on a funding in excess of \$4,000,000, the Buyer, in its sole election, may require that we redeem the Notes in full. On any principal or interest repayment date, in the event that the Euro to US dollar spot exchange rate is lower than the Euro to US dollar spot exchange rate at closing, then we will be required to pay additional funds to compensate for such adjustment.

Pursuant to the terms of the Notes, the Company shall default if (i) the Company fails to pay amounts due within 15 days of maturity, (ii) failure of the Company to comply with any provision of the Notes upon ten days written notice; (iii) bankruptcy or insolvency or (iv) any breach of the Agreement and such breach is not cured upon ten days written notice. Upon default by the Company, the Buyer may accelerate full repayment of all Notes outstanding and all accrued interest thereon, or may convert all Notes outstanding (and accrued interest thereon) into shares of common stock (notwithstanding any limitations contained in the Agreement and the Notes). The Buyer has a secured lien on three of our wells and would be entitled to foreclose on such wells in the event an event of default is entered. In the event that the foregoing were to occur, significant adverse consequences to the Company would be reasonably anticipated.

So long as any of the principal of or interest on the Notes remains unpaid and unconverted, the Company shall not, without the prior written consent of the Buyer, (i) issue or sell any common stock or preferred stock, (ii) issue or sell any Company preferred stock, warrant, option, right, contract, call, or other security or instrument granting the holder thereof the right to acquire Common Stock, (iii) incur debt or enter into any security instrument granting the holder a security interest in any of the assets of the Company or (iv) file any registration statement on Form S-8.

The Buyer has contractually agreed to restrict their ability to convert the Notes and receive shares of our common stock such that the number of shares of the Company common stock held by a Buyer and its affiliates after such conversion or exercise does not exceed 9.9% of the Company's then issued and outstanding shares of common stock.

As of the date hereof, the Company is obligated on the Notes issued to the Buyer in connection with this offering. The Notes are a debt obligation arising other than in the ordinary course of business, which constitute a direct financial obligation of the Company.

The Notes were offered and sold to the Buyer in a private placement transaction made in reliance upon exemptions from registration pursuant to Section 4(2) under the Securities Act of 1933 and Rule 506 promulgated thereunder. The Buyer is an accredited investor as defined in Rule 501 of Regulation D promulgated under the Securities Act of 1933.
