Item 1. DESCRIPTION OF BUSINESS

General

We were incorporated in November 1998 in the state of Nevada as USA Telcom and subsequently changed our name in 2000 to USA Telcom Internationale. In 2004, we changed our name to ZannWell, Inc. and, in 2005, we changed our name to Blackhawk Fund.

Our executive offices are located at 1802 N. Carson Street, Suite 212-3018. Our telephone number is (775) 887-0670.

Changes in Control

2004

On November 29, 2004, a change in control occurred as the result of the acquisition of our series A, series B and series C preferred stock by Palomar Enterprises, Inc., a Nevada corporation (“Palomar”).

Pursuant to that certain Capital Stock Purchase Agreement dated November 9, 2004, between Robert C. Simpson, our then-sole director and officer and Palomar, on November 29, 2004, Palomar acquired from Dr. Simpson 19,000,000 shares of our series A preferred stock, 10,000,000 shares of our series B preferred stock and 10,000,000 shares of our Series C preferred stock. Each share of the series A preferred stock is convertible into ten shares of our common stock. The shares of the series A preferred stock do not have voting rights. Each share of the series B preferred stock is convertible into two hundred shares of our common stock. On all matters submitted to a vote of the holders of the Common Stock, a holder of the Series B Preferred Stock is entitled to one vote per share of the Series B Preferred Stock held by such holder. The series C preferred stock is not convertible into our common shares. Each share of the series C preferred stock entitles the holder to 100 votes of our common stock on all matters brought before our stockholders.

All of the preferred shares acquired by Palomar carried a legend restricting the transfer thereof under the Securities Act of 1933, as amended. Palomar used \$380,000 of its working capital as consideration for the preferred shares purchased by it pursuant to the Capital Stock Purchase Agreement.

Concurrently with the stock purchase transaction, Robert C. Simpson, our then-sole director and officer, nominated Steve Bonenberger and Brent Fouch as directors. Steve Bonenberger was also elected president and chief executive officer and Brent Fouch was elected Secretary and chief financial officer. Following the election of Messrs. Bonenberger and Fouch as our officers and directors, Robert C. Simpson resigned his positions as our director and officer.

2008

On April 24, 2008, in connection with the consummation of the purchase and sale of our Series C Preferred Stock, we entered into a stock purchase agreement with Terminus, Inc. (“Terminus”) and Palomar whereby Terminus purchased 10,000,000 shares of our Series C Preferred Stock from Palomar. Each share of Series C Preferred Stock was entitled to 100 votes per share. As of the date thereof, we had approximately 562,293,791 million shares of our common stock

Edgar Filing: Blackhawk Fund - Form 10-K

outstanding. As a result, the sale of the Series C Preferred Stock by Palomar to Terminus effectively transferred Palomar's control of the company to Terminus, giving Terminus approximately 62% of all votes entitled to be cast in any matter requiring or permitting a vote of stockholders. The funds for the acquisition were obtained pursuant to the issuance of the \$550,000 promissory note. The sale of the shares of Series C Preferred Stock was exempt from registration under the Securities Act of 1933, as amended, pursuant to Section 4(1) of the Securities Act (under the so-called "4(1 1/2) exemption" of the Securities Act).

On April 24, 2008, in connection with the stock purchase agreement described above, Steve Bonenberger resigned as our President and Chief Executive Officer, and Brent Fouch resigned as our Secretary and Chief Financial Officer. In connection therewith, the board of directors increased the number of authorized directors from two to three and appointed Frank Marshik to fill the newly created vacancy on the board. The board of directors then appointed Mr. Marshik as our President, Chief Financial Officer, and Secretary. Thereafter, Mr. Bonenberger and Mr. Fouch resigned as directors. Their resignations as directors were not based on any disagreement with us on any matter relating to our operations, policies or practices. Mr. Marshik, as the sole remaining director, appointed Terry Ross to fill one of the two vacancies resulting from these resignations.

Fiscal 2008 and Fiscal 2009 Developments

Website Launch. On July 20, 2009, we launched our new corporate website at www.blackhawkfund.com. Information contained on our website shall not be deemed to be part of this report.

Amendment of Note Issued in April 2008 Financing. On May 4, 2009, we and Terminus, Inc., as co-issuers, both defaulted on repayment of a \$550,000 12% secured promissory note issued in April 2008. Prior to the default, we were considered a guarantor of the note, and accordingly, classified the guaranty a contingent liability and as an “off-balance sheet arrangement.” As a result of the default on the note, we became unconditionally liable for repayment of all principal and interest due under the note, we recorded the full amount of all such principal and interest as a liability, and we have incurred an expense for such amount. Accordingly, on July 10, 2009 we, along with Terminus, Inc., entered into a first amendment to the April 2008 Note with the holder of such note. The amended note extends the maturity date until July 10, 2010. In addition, the amendment provides that the note may be converted into shares of our common stock. The conversion price for the amended note is the greater of (i) the then existing par value of the Company’s common stock or (ii) 75 % of the average of the per shares market values (as defined in the amended note) during the 20 trading days immediately preceding a conversion date. If at any time after September 10, 2009, there is either (i) insufficient shares of our common stock to permit conversions pursuant to the amended note or (ii) the per share market value is less than the then existing par value of our common stock for a period of 5 consecutive trading days, we will use its best efforts to amend its capital structure by means of either a reverse split of its common stock, an increase in its authorized common stock, or a reduction of the par value of its common stock, or any combination of the foregoing as determined by our board of directors in its reasonable judgment.

Distribution of Certain Real Property Held for Sale. In February 2009, we entered into settlement agreements with certain prior affiliated parties pursuant to which we transferred our condominium located in Carlsbad, CA and our residential property located in Oceanside, California. We entered into a settlement agreement with Angel Acquisition Corp. (“Angel”) under which Angel agreed to cancel and forgive a promissory note made by us in the aggregate principal amount of \$841,828 in exchange for the Carlsbad condominium property. This property also is subject to a \$496,000 mortgage which is now the responsibility of Angel. We also entered into a settlement agreement with Debbie Avey with whom we had previously entered into a joint venture in relation to the residential property in Oceanside, CA. Pursuant to the agreement, Ms. Avey released us from any and all liability pursuant to the joint venture as well as any liability associated with the 2 mortgage notes on this property (\$1,120,000 and \$320,000) in exchange for the property.

Purchase of Land in Riverside County, City of Desert Hot Springs. In December 2008, we purchased two parcels of undeveloped land in Riverside County, City of Desert Hot Springs for a purchase price of \$1,000 promissory note. The land approximates 3.5 acres. This property is zoned for residential dwellings. Management is determining whether to build finished lots or in the alternative to sell the land to a developer. The property has not yet been entitled.

Edgar Filing: Blackhawk Fund - Form 10-K

Change in Control and Management. In April 2008, there was a change in control and in management of our company. See “Changes in Control—2008” above

April 2008 Financing. In April 2008, we, along with Terminus, Inc. as co-issuers, issued and sold to a single accredited investor: (i) a \$550,000 12% secured promissory note and (ii) 500,000 shares of our series A preferred stock. To secure payment of the note, Terminus pledged the 10,000,000 shares of its series C preferred stock.

Current Business Plan

The Blackhawk Fund acquires and redevelops residential and commercial real estate for investment. Once we acquire a property, we redevelop and refurbish the properties, seeking to enhance the value of the properties. Once a property is refurbished, we seek to generate revenue by rental of the property, and we also seek to resell the properties if market conditions permit. We currently hold one property as discussed under “2009 Developments.”

Historically, we have also operated a media and television production division. In this division, we have sought to manage and implement proprietary media properties, including cable television shows, infomercials, online video magazines, and DVDs. However, as discussed below, management has determined that the ongoing media and television production operations are not viable, and accordingly has determined to discontinue the media and television production operations.

Business Objectives and Strategies

Our primary business objective is to acquire, develop and manage real estate properties that will provide cash for distributions to shareholders while also creating the potential for capital appreciation to enhance investor returns.

Investment Strategy — External Growth through Opportunistic Acquisition Platforms

The requirements that acquisitions be accretive on a long-term basis based on our cost of capital, as well as increase the overall portfolio quality and value, are core to our acquisition program. We may also engage in discussions with public and private entities regarding business combinations.

Capital Strategy — Balance Sheet Focus and Access to Capital

Given the significant turmoil in the capital markets and the unprecedented disruption of the economy, our primary capital objective is to maintain a flexible balance sheet through conservative financial practices while seeking access to sufficient capital to fund future growth. We intend to finance acquisitions and property redevelopment with sources of capital determined by management to be the most appropriate based on, among other factors, availability in the current capital markets, pricing and other commercial and financial terms. The sources of capital may include the issuance of public equity, unsecured debt.

Operating Strategy — Experienced Management Team with Proven Track Record

Our management team has experience in the real estate industry. We believe our management team has the ability to create value internally through property development and strategic dispositions. We intend to capitalize on our expertise in the acquisition, redevelopment, leasing and management of retail real estate by establishing joint ventures, in which we intend to earn, in addition to a return on our investment, management, fees.

We intend that in some instances, operating functions such as leasing, property management, construction, finance and legal (collectively, the “Operating Departments”) will be provided by our personnel, providing for fully integrated property management and development. Because we intend that that Operating Departments will have involvement with, and corresponding understanding of, the acquisition process, we expect that transition time is minimized and management can immediately execute on its strategic plan for each asset.

We intend to hold properties in our portfolio for long-term investment. As such, we intend to review our existing portfolio and implement programs to enhance the property’s market position.

Property Acquisitions

Purchase of Desert Hot Springs Real Estate. In December 2008, we purchased two lots consisting of 3.5 acres in Desert Hot Springs, California. This property is zoned for residential dwellings. We are determining whether to build finished lots or in the alternative to sell the land to a developer. The value of the property has been assessed at \$100,814.

Asset Dispositions

Distribution of San Diego County Real Estate. In February 2009, we transferred a condominium located in Carlsbad, California and a residential property located in Oceanside, California. We recognized a gain on sale of assets of \$1,015,179 in connection with this transaction resulting from the reduction and elimination of the debt associated with these properties.

Competition

There are numerous entities that compete with us in seeking properties for acquisition and tenants that will lease space in our properties. Our competitors include real estate investment trusts, financial institutions, private companies and individuals. We expect our properties to compete for tenants with similar properties primarily on the basis of location, total occupancy costs (including base rent and operating expenses) and the design and condition of the improvements.

Company Website

All of our filings with the Securities and Exchange Commission, including our annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, are available free of charge at our website at www.blackhawkfund.com, as soon as reasonably practicable after we electronically file such material with, or furnish it to, the Securities and Exchange Commission. These filings can also be accessed through the Securities and Exchange Commission's website at www.sec.gov.

Employees

We currently employ one person. None of our employees are represented by a labor union, and we have not entered into a collective bargaining agreement with any union. We have not experienced any work stoppages and consider the relations with our employees to be good.

Item 1A. RISK FACTORS AND CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

Item 1B. UNRESOLVED STAFF COMMENTS

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

Item 2. PROPERTIES

We lease office space at 1802 N. Carson Street, Suite 212, Carson City, Nevada, 89701. Our Carson Street lease costs \$100 per month and expired on December 31, 2008. However, we currently occupy the office space on a month-to-month lease.

The existing facilities are adequate for our current operations. We anticipate that additional facilities may be leased or purchased as needed and that facilities that are adequate for our needs are readily available.

Item 3. LEGAL PROCEEDINGS

We are not a party to material legal proceedings as of the date of this report.

Item 4. (REMOVED AND RESERVED).

PART II

Item 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Until January 3, 2005, our common stock was quoted on the OTC Bulletin Board under the symbol ZWLL.OB. On January 3, 2005, in connection with our name change and 1-800 reverse stock split, our symbol changed to BHWF.OB.

These quotations reflect inter-dealer prices, without mark-up, mark-down or commission, and may not represent actual transactions. The following table shows the high and low bid prices for our common stock for each quarter since January 1, 2008 as reported by the OTC Bulletin Board.

We consider our stock to be “thinly traded” and any reported sale prices may not be a true market-based valuation of our stock. Some of the bid quotations from the OTC Bulletin Board set forth below may reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions.

2008 (OTC Bulletin Board)	High Bid	Low Bid
First quarter	\$ 0.002	\$ 0.001
Second quarter	0.001	0.001
Third quarter	0.00	0.10
Fourth quarter	0.00	0.00
2009 (OTC Bulletin Board)	High Bid	Low Bid
First quarter	\$ 0.0002	\$ 0.0001
Second quarter	0.0010	0.0001
Third quarter	0.0045	0.0003
Fourth quarter	0.0011	0.0003

As of March 31, 2010 there were approximately 56 record holders of our common stock. This does not include an indeterminate number of shareholders whose shares are held by brokers in street name.

We have not paid cash dividends since our inception and we do not contemplate paying dividends in the foreseeable future.

Shares eligible for future sale could depress the price of our common stock and lower the value of your investment. Sales of substantial amounts of our common stock, or the perception that such sales could occur, could adversely affect prevailing market prices for shares of our common stock.

SECTION 15(G) OF THE EXCHANGE ACT

The shares of our common stock are covered by Section 15(g) of the Exchange Act, and Rules 15g-1 through 15g-6 promulgated thereunder, which impose additional sales practice requirements on broker-dealers who sell our securities to persons other than established customers and accredited investors.

Rule 15g-2 declares unlawful any broker-dealer transactions in “penny stocks” unless the broker-dealer has first provided to the customer a standardized disclosure document.

Rule 15g-3 provides that it is unlawful for a broker-dealer to engage in a “penny stock” transaction unless the broker-dealer first discloses and subsequently confirms to the customer the current quotation prices or similar market

information concerning the penny stock in question.

Rule 15g-4 prohibits broker-dealers from completing “penny stock” transactions for a customer unless the broker-dealer first discloses to the customer the amount of compensation or other remuneration received as a result of the penny stock transaction.

6

Rule 15g-5 requires that a broker-dealer executing a “penny stock” transaction, other than one exempt under Rule 15g-1, disclose to its customer, at the time of or prior to the transaction, information about the sales person’s compensation.

Our common stock may be subject to the foregoing rules. The application of the “penny stock” rules may affect our stockholders’ ability to sell their shares because some broker-dealers may not be willing to make a market in our common stock because of the burdens imposed upon them by the “penny stock” rules.

Securities Authorized for Issuance Under Equity Compensation Plans. The following provides information concerning compensation plans under which our equity securities are authorized for issuance as of December 31, 2009:

Plan Category	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights	(b) Weighted-average exercise price of outstanding options, warrants and rights	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders (1)(2)	—	—	612,611,979
Equity compensation plans not approved by security holders (3)(4)	—	—	126,500,000
Total	-	—	729,111,979

(1) Amended and Restated 2004 Stock Plan. On June 15, 2004, our board of directors adopted (and further amended and restated on July 22, 2004 and December 6, 2004) our Amended and Restated 2004 Stock Plan. The purpose of the 2004 Stock Plan is to provide incentives to attract, retain and motivate eligible persons whose present and potential contributions are important to the success of The Blackhawk Fund and our subsidiaries, by offering them an opportunity to participate in our future performance through awards of options, restricted stock and stock bonuses. The maximum aggregate number of shares of common stock that may be issued and sold under all awards granted under the plan is 207,500,000 shares, and as of December 31, 2009, we have issued 207,500,000 shares under the plan, and there are no options outstanding under this plan.

(2) 2005 Stock Plans. On February 25, 2005, our board of directors adopted our 2005 Stock Plans (consisting of the Employee Stock Incentive Plan and the Non-Employee Directors and Consultants Retainer Stock Plan). The purpose of the 2005 Stock Plans is to provide incentives to attract, retain and motivate eligible persons whose present and potential contributions are important to the success of The Blackhawk Fund and our subsidiaries, by offering them an opportunity to participate in our future performance through awards of options, restricted stock and stock bonuses. The maximum aggregate number of shares of common stock that may be issued and sold under all awards granted under the 2005 Stock Plans is 975,000,000 shares, and as of December 31, 2009, we have issued 362,388,021 shares under the plan, and there are no options outstanding under these plans.

(3) 2007 Stock Incentive Plan. On June 7, 2007, our board of directors adopted our 2007 Stock Incentive Plan. The purpose of the plan is intended to secure for the Company and its Affiliates the benefits arising from ownership of the Company’s Common Stock by the Employees, Officers, Directors and Consultants of the Company and its Affiliates,

Edgar Filing: Blackhawk Fund - Form 10-K

all of whom are and will be responsible for the Company's future growth. The Plan is designed to help attract and retain for the Company and its Affiliates personnel of superior ability for positions of exceptional responsibility, to reward Employees, Officers, Directors and Consultants for their services and to motivate such individuals through added incentives to further contribute to the success of the Company and its Affiliates. The maximum aggregate number of shares of common stock that may be issued and sold under all awards granted under the plan is 250,000,000 shares, and as of December 31, 2009, we have issued 200,000,000 shares under the plan, and there are no options outstanding under this plan.

(4) 2009 Stock Incentive Plan. The purpose of our 2009 Stock Incentive Plan is to advance the best interests of the company by providing those persons who have a substantial responsibility for our management and growth with additional incentive and by increasing their proprietary interest in the success of the company, thereby encouraging them to maintain their relationships with us. Further, the availability and offering of stock options and common stock under the plan supports and increases our ability to attract and retain individuals of exceptional talent upon whom, in large measure, the sustained progress, growth and profitability which we depend. The total number of shares available for the grant of either stock options or compensation stock under the plan is 200,500,000 shares, subject to adjustment, and as of December 31, 2009, we have issued 124,000,000 shares.

Our compensation committee which is appointed by our board of directors administers our plan and has full power to grant stock options and common stock, construe and interpret the plan, establish rules and regulations and perform all other acts, including the delegation of administrative responsibilities, it believes reasonable and proper. Any decision made, or action taken, by the compensation committee or our board of directors arising out of or in connection with the interpretation and administration of the plan is final and conclusive.

The compensation committee or our board of directors, in its absolute discretion, may award common stock to employees of, consultants to, and directors of the company, and such other persons as the board of directors or compensation committee may select, and permit holders of common stock options to exercise such options prior to full vesting therein and hold the common stock issued upon exercise of the option as common stock. Stock options may also be granted by our board of directors or compensation committee to non-employee directors of the company or other persons who are performing or who have been engaged to perform services of special importance to the management, operation or development of the company.

In the event that our outstanding common stock is changed into or exchanged for a different number or kind of shares or other securities of the company by reason of merger, consolidation, other reorganization, recapitalization, combination of shares, stock split-up or stock dividend, prompt, proportionate, equitable, lawful and adequate adjustment shall be made of the aggregate number and kind of shares subject to stock options which may be granted under the plan.

Our board of directors may at any time, and from time to time, suspend or terminate the plan in whole or in part or amend it from time to time in such respects as our board of directors may deem appropriate and in our best interest.

Recent Sales of Unregistered Securities

On March 19, 2010, we issued an 8% \$50,000 convertible promissory note to a single accredited investor. The note is due and payable on March 19, 2015. In addition, the note is convertible into shares of our common stock. The conversion price for the note is the greater of (i) the then existing par value of the Company's common stock or (ii) 75% of the average of the per shares market values (as defined in the amended note) during the 20 trading days immediately preceding a conversion date. If at any time after September 10, 2009, there is either (i) insufficient shares of the Company's common stock to permit conversions pursuant to the amended note or (ii) the per share market value is less than the then existing par value of the Company's common stock for a period of 5 consecutive trading days, the Company will use its best efforts to amend its capital structure by means of either a reverse split of its common stock, an increase in its authorized common stock, or a reduction of the par value of its common stock, or any combination of the foregoing as determined by the Company's board of directors in its reasonable judgment. The proceeds for the sale of the note were for working capital and general corporate purposes. The issuance was exempt under Section 4(2) and Rule 506 of the Securities Act of 1933, as amended.

Item 6. SELECTED FINANCIAL DATA

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

General

The Blackhawk Fund acquires and redevelops residential and commercial real estate for investment. Once we acquire a property, we redevelop and refurbish the properties, seeking to enhance the value of the properties. Once a property is refurbished, we seek to generate revenue by rental of the property, and we also seek to resell the properties if market conditions permit. We currently hold one property in our real estate portfolio.

Historically, we have also operated a media and television production division. In this division, we have sought to manage and implement proprietary media properties, including cable television shows, infomercials, online video magazines, and DVDs. However, as discussed below, management has determined that the ongoing media and television production operations are not viable, and accordingly has determined to discontinue the media and television production operations.

Change of Control and Change in Management

On April 24, 2008, we entered into a stock purchase agreement with Terminus, Inc. and Palomar Enterprises, Inc. pursuant to which Terminus purchased 10,000,000 shares of our Series C Preferred Stock from Palomar for \$363,000. As a result, the sale of the Series C Preferred Stock by Palomar to Terminus effectively transferred Palomar's control of our company to Terminus.

Concurrently, Steve Bonenberger resigned as our President and Chief Executive Officer, and Brent Fouch resigned as our Secretary and Chief Financial Officer. In connection therewith, the board of directors increased the number of authorized directors from two to three and appointed Frank Marshik to fill the newly created vacancy on the board. The board of directors then appointed Mr. Marshik as our President, Chief Financial Officer, and Secretary. Thereafter, Mr. Bonenberger and Mr. Fouch resigned as directors. Mr. Marshik, as the sole remaining director, appointed Terry Ross to fill one of the two vacancies resulting from these resignations.

On August 19, 2008, the board of directors reduced the number of authorized directors from three (3) to one (1). Concurrently therewith, Terry Ross resigned as a director. Mr. Ross' resignation was not due to any

disagreements with The Blackhawk Fund on matters relating to its operations, policies, and practices.

Plan of Operation

Our new management determined that our company has incurred operating and net losses in each of the last two fiscal years, had a working capital deficit as of the end of the latest fiscal year and as of the latest fiscal quarter, and has a large accumulated deficit. Accordingly, new management commenced an analysis of each of our two business lines to determine the viability of each line during the second and third quarters of 2008. Within each line of business, management has evaluated and is evaluating historical and projected costs in running the line, existing and potential revenue streams, and the availability of additional capital for expansion of the business line. In particular, with respect to the real estate business, management is evaluating our current real estate portfolio in light of current market conditions, both in the real estate markets and the credit markets. Upon completion of the analysis, management will determine whether to seek to expand the business line or to discontinue or divest of the division.

In 2008, management determined that, based on its analysis of the foregoing factors, the media and television production operations are not viable. Accordingly, management has determined to discontinue the media and television production operations. Management is continuing the evaluation of our real estate business, the existing real estate portfolio valuations, the existing and potential rental possibilities, the current market values, and the existing financing arrangements. In addition, in light of the distress in the real estate markets, management is looking at potential real estate acquisition opportunities that, if consummated, would increase and diversify our real estate portfolio. Management is also considering diversifying into additional lines of business. In all cases, management may seek to form one or more partnerships, enter into one or more joint ventures, or conduct one or more strategic acquisitions.

We are currently focused on expanding our real estate development business. We currently have one property in our portfolio and are engaged in preliminary discussion for the acquisition of two others. We expect to have at least two properties in our portfolio at the end of fiscal 2010.

Critical Accounting Policies

The discussion and analysis of our financial conditions and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with generally accepted accounting principles in the United States. The preparation of financial statements requires managers to make estimates and disclosures on the date of the financial statements. On an on-going basis, we evaluate our estimates, including, but not limited to, those related to revenue recognition. We use authoritative pronouncements, historical experience, and other assumptions as the basis for making judgments. Actual results could differ from those estimates. We believe the following critical accounting policies affect our more significant judgments and estimates in the preparation of our consolidated financial statements. A summary of our critical accounting policies can be found in the notes to our annual financial statements included this report.

Results of Operations

The following table sets forth, for the periods indicated, certain unaudited selected financial data:

	Year Ended December 31,	
	2009	2008
Revenues	\$ —	\$ 31,765

Edgar Filing: Blackhawk Fund - Form 10-K

Costs of Sales	—	—
General and administrative	82,165	344,462
Gain on sale of assets	1,015,179	—
Loss on guarantee	(618,750)	—
Interest Expense	(489,982)	632,483
Operating loss	\$ (175,718)	\$ (945,180)

Comparison of the year ended December 31, 2009 and 2008

Net sales. Our revenues were \$0 for the year ended December 31, 2009 as compared to 31,765 for the year ended December 31, 2008. This decrease resulted from our prior decision to cease our media operations in the end of fiscal 2008. In addition, the decrease resulted from a lack of sales of any real estate properties held for development or any real estate properties generating rental revenue. The disposition of property in 2009 did not result in revenues to us, rather it was in exchange for a settlement in which prior affiliates forgave amounts due under promissory notes in exchange for the properties. Our revenues were generated from rental income from our real estate properties and revenues from our former media operations.

Cost of Sales. Costs of sales were \$0 for the years ended December 31, 2009 and 2008.

General and administrative. General and administrative expenses decreased to \$82,165 for the year ended December 31, 2009 as compared to 344,462 for the year ended December 31, 2008. This decrease resulted from a significant reduction in shares and options issued for services in 2009 as compared to 2008.

Gain on sale of assets. We recognized a non-cash gain on sale of assets of \$1,015,179 in 2009. This gain was related to our settlements with former affiliates pursuant to which they forgave amounts due under promissory notes made by us as released us from liability under mortgage notes in exchange for the real estate properties.

Loss on guarantee. We recognized a loss on guarantee of \$618,750 in 2009. This loss on guarantee is a result of the default under a promissory note on which we are the guarantor. The issuer defaulted on the note in 2009 giving rise to obligations under the note which became due and payable.

Interest. Interest expense decreased to \$489,982 for the year ended December 31, 2009 as compared to interest expense of \$632,483 for the year ended December 31, 2008. The decrease in interest was primarily attributed to the forgiveness of promissory notes made by us and former affiliates assuming liability under mortgage notes in exchange for real estate properties.

Net loss. We incurred an operating loss of \$175,718 for the year ended December 31, 2009 as compared to \$945,180 for the year ended December 31, 2008. The reduction in net loss resulted primarily from non-cash gain on sale of asset in 2009 as well as a reduction in shares and options issued for services in 2009 as compared to 2008.

Liquidity and Capital Resources

We have financed our operations, debt service, and capital requirements through cash flows generated from operations and through issuance of debt and equity securities. Our working capital deficit at December 31, 2009 was \$416,784, and we had cash of \$2,719 as of December 31, 2009.

We used \$31,942 of net cash in operating activities for the year ended December 31, 2009, compared to using \$247,796 in the year ended December 31, 2008. The net loss of \$175,718 was offset by a non-cash gain on the sale of assets of \$1,105,178 as well as non-cash expenses of \$420,516 in discount accretion on a note, 618,750 loss on guarantee, \$24,000 of stock and options issued for services, an increase of \$71,984 in accounts payable, and an increase of \$23,704 in prepaid financing costs.

We generated no cash flows from investing activities for the year ended December 31, 2009, whereas we used \$3,550 in net cash flows from investing activities for the year ended December 31, 2008. The cash flow generated from investing activities related to the disposition of certain equipment.

Net cash flows provided by financing activities were \$23,500 for the year ended December 31, 2009, compared to net cash flows provided by financing activities of \$253,026 for the year ended December 31, 2008. The only proceeds received in 2009 was generated from a note payable from related party. In 2008, our cash provided by financing activities was due to proceeds from the exercise of stock options and receipt of stock subscriptions of \$186,260, proceeds from a note payable of \$26,251, and proceeds from related party notes payable of \$40,515.

Capital Requirements

Our financial statements for the fiscal year ended December 31, 2009 state that we have incurred significant losses, have a negative capital, and a negative current ratio. These factors, among others indicate that we may not be able to continue as a going concern. We believe that, as of the date of this report, in order to fund our plan of operations over the next 12 months, we will need to fund operations out of cash flows generated from operations, from the borrowing of money, and from the sale of additional securities. It is possible that we will be unable to obtain sufficient additional capital through the borrowing of money or the sale of our securities as needed.

Part of our growth strategy may include diversifying into additional lines of business, forming one or more partnerships, entering into one or more joint ventures, or conducting one or more strategic acquisitions, which may require us to raise additional capital. We do not currently have binding agreements or understandings to acquire any other companies.

We intend to retain any future earnings to pay our debts, finance the operation and expansion of our business and any necessary capital expenditures, and for general corporate purposes.

Off-Balance Sheet Arrangements

None.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
The Blackhawk Fund
Carson City, Nevada

We have audited the accompanying balance sheet of The Blackhawk Fund (“Blackhawk” or the “Company”) as of December 31, 2009 and 2008 and the related statements of operations, stockholders’ deficit, and cash flows for the years then ended. These financial statements are the responsibility of Blackhawk’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Blackhawk as of December 31, 2009 and 2008 and the results of its operations and its cash flows for the period described in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that Blackhawk will continue as a going concern. As discussed in Note 9 to the financial statements, Blackhawk has suffered recurring losses from operations and a net capital deficiency that raise substantial doubt about its ability to continue as a going concern. Management’s plans in regard to these matters are also described in Note 9. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

THE BLACKHAWK FUND
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Blackhawk Fund (“Blackhawk” or the “Company”) was organized on November 5, 1998 in Nevada as USA Telecom. In 1998, the entity amended its articles of incorporation to change its name to USA Telcom, in 2000 it amended its articles of incorporation to change its name to USA Telcom Internationale, in 2004 it amended its articles of incorporation to change its name to ZannWell Inc., and in January 2005, it amended its articles of incorporation to change its name to Blackhawk Fund. For the year ended December 31, 2009 the Company was in the business of residential and commercial real estate acquisition and development.

Cash and cash equivalents

The Company considers all cash on hand and in banks, including accounts in book overdraft positions, certificates of deposit and other highly- liquid investments with maturities of three months or less, when purchased, to be cash and cash equivalents.

Advertising expenses

Advertising and marketing expenses are charged to operations as incurred there were no expenses in 2009 or 2008.

Revenue recognition

The Company generates revenue from the sale of real estate, brokerage commissions, and rental income from rental properties. Revenues from real estate sales and commissions are recognized on execution of the sales contract. The Company records gross commissions on the sales of properties closed. The Company pays the broker of record five percent of all transactions and 100 percent of personal sales. This is in accordance with standard procedures. The Company compensates its independent agents on a sliding scale between 70 and 80 percent based on productivity. The Company also recognizes sales when it sells properties that have been held for sale when their renovation is complete. Revenue is recognized at “closing”.

The Company has not recognized any revenue from its new business plan other than rental income.

Income Taxes

The Company utilizes the asset and liability method of accounting for income taxes. Temporary differences represent differences in the recognition of assets and liabilities for tax and financial reporting purposes, primarily accumulated depreciation and amortization.

As of December 31, 2009, the deferred tax asset is related solely to the Company’s net operating loss carry forward and is fully reserved.

Loss per share

Basic loss per share are computed by dividing the net loss by the weighted-average number of shares of common stock and common stock equivalents (primarily outstanding options and warrants). Common stock equivalents

represent the dilutive effect of the assumed exercise of the outstanding stock options and warrants, using the treasury stock method. The calculation of fully diluted loss per share assumes the dilutive effect of the exercise of outstanding options and warrants at either the beginning of the respective period presented or the date of issuance, whichever is later. As of December 31, 2009, the Company's outstanding warrants are considered anti-dilutive.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the accounting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In February 2010, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-9 Subsequent Events (Topic 855) Amendments to Certain Recognition and Disclosure Requirements ("ASU 2010-9"). ASU 2010-9 amends disclosure requirements within Subtopic 855-10. An entity that is an Securities and Exchange Commission ("SEC") filer is not required to disclose the date through which subsequent events have been evaluated. This change alleviates potential conflicts between Subtopic 855-10 and the SEC's requirements. ASU 2010-9 is effective for interim and annual periods ending after June 15, 2010. The Company does not expect the adoption of ASU 2010-09 to have a material impact on its consolidated results of operations or financial position.

In January 2010, FASB issued ASU 2010-6 Improving Disclosures about Fair Measurements ("ASU 2010-6"). ASU 2010-6 provides amendments to subtopic 820-10 that require separate disclosure of significant transfers in and out of Level 1 and Level 2 fair value measurements and the presentation of separate information regarding purchases, sales, issuances and settlements for Level 3 fair value measurements. Additionally, ASU 2010-6 provides amendments to subtopic 820-10 that clarify existing disclosures about the level of disaggregation and inputs and valuation techniques. ASU 2010-6 is effective for financial statements issued for interim and annual periods ending after December 15, 2010. The Company does not expect the adoption of ASU 2010-06 to have a material impact on its consolidated results of operations or financial position.

In January 2010, FASB issued ASU 2010-2 Accounting and Reporting for Decreases in Ownership of a Subsidiary- a Scope Clarification ("ASU 2010-2"). ASU 2010-2 addresses implementation issues related to the changes in ownership provisions in the Consolidation—Overall Subtopic (Subtopic 810-10) of the FASB Accounting Standards Codification, originally issued as FASB Statement of Financial Accounting Standards ("FAS") No. 160, Noncontrolling Interests in Consolidated Financial Statements. Subtopic 810-10 establishes the accounting and reporting guidance for noncontrolling interests and changes in ownership interests of a subsidiary. An entity is required to deconsolidate a subsidiary when the entity ceases to have a controlling financial interest in the subsidiary. Upon deconsolidation of a subsidiary, an entity recognizes a gain or loss on the transaction and measures any retained investment in the subsidiary at fair value. The gain or loss includes any gain or loss associated with the difference between the fair value of the retained investment in the subsidiary and its carrying amount at the date the subsidiary is deconsolidated. In contrast, an entity is required to account for a decrease in ownership interest of a subsidiary that does not result in a change of control of the subsidiary as an equity transaction. ASU 2010-2 is effective for the Company starting January 1, 2010. The Company does not expect the adoption of ASU 2010-2 to have a material impact on the Company's consolidated results of operations or financial position.

In December 2009, FASB issued ASU 2009-17 Consolidations (Topic 810) Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities ("ASU 2009-17"). ASU 2009-17 amends the FASB Accounting Standards Codification ("ASC") for the issuance of FASB Statement No. 167, Amendments to FASB Interpretation No. 46(R). The amendments in ASU 2009-17 replace the quantitative-based risks and rewards calculation for determining which enterprise, if any, has a controlling financial interest in a variable interest entity with an approach focused on identifying which enterprise has the power to direct the activities of a variable interest entity that most significantly impact the entity's economic performance and (1) the obligation to absorb losses of the entity or (2) the right to receive benefits from the entity. ASU 2009-17 also requires additional disclosures about an enterprise's involvement in variable interest entities. ASU 2009-17 is effective as of the beginning of each reporting entity's first

annual reporting period that begins after November 15, 2009. The Company does not expect the adoption of ASU 2009-17 to have a material impact on its consolidated results of operations or financial position.

In December 2009, FASB issued ASU 2009-16 Transfers and Servicing (Topic 860) Accounting for Transfers of Financial Assets ("ASU 2009-16"). ASU 2009-16 amends the FASB Accounting Standards Codification for the issuance of FASB Statement No. 166, Accounting for Transfers of Financial Assets—an amendment of FASB SFAS No. 140. The amendments in ASU 2009-16 improve financial reporting by eliminating the exceptions for qualifying special-purpose entities from the consolidation guidance and the exception that permitted sale accounting for certain mortgage securitizations when a transferor has not surrendered control over the transferred financial assets. In addition, the amendments require enhanced disclosures about the risks that a transferor continues to be exposed to because of its continuing involvement in transferred financial assets. ASU 2009-16 is effective as of the beginning of each reporting entity's first annual reporting period that begins after November 15, 2009. The Company does not expect the adoption of ASU 2009-16 to have a material impact on its results of operations or financial position.

In August 2009, FASB issued ASU 2009-5 Fair Value Measurements and Disclosures (Topic 820) Measuring Liabilities at Fair Value ("ASU 2009-5"). ASU 2009-5 provides amendments to Subtopic 820-10, Fair Value Measurements and Disclosures-Overall, for the fair value measurement of liabilities. ASU 2009-5 clarifies that in circumstances in which a quoted price in an active market for the identical liability is not available, a reporting entity is required to measure fair value. ASU 2009-5 was effective for the Company for interim and annual periods ending after September 30, 2009. The adoption of ASU 2009-5 did not have a material impact on the Company's results of operations or financial position.

In August 2009, FASB issued ASU 2009-4 Accounting for Redeemable Equity Instruments—an Amendment to Section 480-10-S99 ("ASU 2009-4"). ASU 2009-4 represents a SEC update to Section 480-10-S99, Distinguishing Liabilities from Equity. The adoption of guidance within ASU 2009-4 did not have an impact on the Company's results of operations or financial position.

In June 2009, FASB issued SFAS No. 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles—A Replacement of FASB Statement No. 162, (now codified within ASC 105, Generally Accepted Accounting Principles ("ASC 105")). ASC 105 establishes the Codification as the single source of authoritative GAAP recognized by the FASB to be applied by nongovernmental entities. All guidance contained in the Codification carries an equal level of authority. Following this statement, FASB will not issue new standards in the form of statements, FASB Staff Positions, or Emerging Issues Task Force Abstracts. Instead, it will issue Accounting Standards Updates, which will serve only to: (1) update the Codification; (2) provide background information about the guidance; and (3) provide the bases for conclusions on the change(s) in the Codification. ASC 105 was effective for financial statements issued for interim and annual periods ending after September 15, 2009. The Codification supersedes all existing non-SEC accounting and reporting standards. The adoption of ASC 105 did not have an impact on the Company's results of operations or financial position.

In May 2009, FASB issued SFAS No. 165, Subsequent Events, (now codified within ASC 855, Subsequent Events ("ASC 855")). ASC 855 establishes the general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. ASC 855 was effective for the Company on April 1, 2009. The adoption of ASC 855 did not have a material impact on the Company's results of operations or financial position.

In April 2009, FASB issued FSP FAS 115-2 and FSP 124-2, Recognition and Presentation of Other-Than-Temporary Impairments (now codified within ASC 320, Investments—Debt and Equity Securities ("ASC 320")). ASC 320 provides greater clarity about the credit and noncredit component of an other-than-temporary impairment event and more effectively communicates when an other-than-temporary impairment event has occurred. ASC 320 amends the other-than-temporary impairment model for debt securities. The impairment model for equity securities was not affected. Under ASC 320, an other-than-temporary impairment must be recognized through earnings if an investor has the intent to sell the debt security or if it is more likely than not that the investor will be required to sell the debt security before recovery of its amortized cost basis. This standard was effective for interim periods ending after June 15, 2009. The adoption of ASC 320 did not have a material impact on the Company's results of operations or financial position.

In April 2009, FASB issued FSP 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly (now codified within ASC 820, Fair Value Measurements and Disclosures). ASC 820 provides guidelines for making fair value measurements more consistent and provides additional authoritative guidance in determining whether a market is active or inactive and whether a transaction is distressed. ASC 820 is applied to all assets and liabilities (i.e., financial and non-financial) and requires enhanced disclosures. This standard was effective for periods ending after June 15, 2009. The adoption of ASC 820 did not have a material impact on the Company's results of operations or financial position.

In April 2009, FASB issued FSP 107-1 and Accounting Principles Board 28-1, Interim Disclosures about Fair Value of Financial Instruments (now codified within ASC 825, Financial Instruments ("ASC 825")). ASC 825 requires disclosures about fair value of financial instruments in interim financial statements as well as in annual financial statements. ASC 825 was effective for interim periods ending after June 15, 2009. The adoption of ASC 825 did not have a material impact on the Company's consolidated results of operations or financial position.

In June 2008, FASB issued FSP—Emerging Issues Task Force 03-6-1, Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities (now codified within ASC 260, Earnings Per Share ("ASC 260")). Under ASC 260, unvested share based payment awards that contain non-forfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share pursuant to the two-class method. ASC 260 was effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those years and requires retrospective application. The adoption of ASC 260 did not have a material impact on the Company's earnings per share calculations.

In April 2008, FASB issued FSP FAS 142-3, Determination of the Useful Life of Intangible Assets (now codified within ASC 350, Intangibles—Goodwill and Other ("ASC 350")). ASC 350 provides guidance for determining the useful life of a recognized intangible asset and requires enhanced disclosures so that users of financial statements are able to assess the extent to which the expected future cash flows associated with the asset are affected by our intent and/or ability to renew or extend the arrangement. ASC 350 was effective for financial statements issued for fiscal years and interim periods beginning after December 15, 2008. The adoption of ASC 350 on January 1, 2009 did not impact the Company's results of operations or financial position.

In March 2008, FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities (now codified within ASC 815, Derivatives and Hedging ("ASC 815")). ASC 815 requires enhanced disclosures about an entity's derivative and hedging activities aimed at improving the transparency of financial reporting. ASC 815 was effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. The adoption of ASC 815 did not have any impact on the Company's results of operations or financial position.

In December 2007, FASB issued SFAS No. 141(R), Business Combinations (now codified within ASC 805, Business Combinations ("ASC 805")). ASC 805 establishes principles and requirements for how the acquirer in a business combination recognizes and measures in its financial statements the fair value of identifiable assets acquired, the liabilities assumed and any noncontrolling interest in the acquiree at the acquisition date. ASC 805 significantly changes the accounting for business combinations in a number of areas, including the treatment of contingent consideration, preacquisition contingencies, transaction costs and restructuring costs. In addition, under ASC 805, changes in an acquired entity's deferred tax assets and uncertain tax positions after the measurement period will impact income tax expense. The provisions of this standard applied to any acquisitions completed on or after December 15, 2008. The adoption of ASC 805 did not have an impact on the Company's results of operations or financial position.

In December 2007, FASB issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements, an Amendment of ARB No. 51 (now codified within ASC 810, Consolidation ("ASC 810")). ASC 810 changes the accounting and reporting for minority interests, which is recharacterized as noncontrolling interests and classified as a component of equity. This new consolidation method significantly changes the accounting for transactions with minority interest holders. The provisions of ASC 810 were applied to all noncontrolling interests prospectively, except for the presentation and disclosure requirements, which were applied retrospectively to all periods presented and have been disclosed as such in our consolidated financial statements herein. ASC 810 became effective for fiscal years beginning on or after December 15, 2008. The Company adopted ASC 810 effective January 4, 2009. The adoption of ASC 810 did not have an initial material impact on the Company's results of operations or financial position.

In September 2006, FASB issued SFAS No. 157, Fair Value Measurements (now codified within ASC 820). ASC 820 provides guidance for using fair value to measure assets and liabilities. Under ASC 820, fair value refers to the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The guidance within ASC 820 became effective for financial statements issued for fiscal years beginning after November 15, 2007; however, the FASB provided a one year deferral for implementation of the standard for non-recurring, non-financial assets and liabilities. The Company adopted ASC 820 for non-financial assets and non-financial liabilities effective January 1, 2009, which did not have any effect on its results of operations or financial position.

NOTE 2 - STOCK BASED COMPENSATION

Prior to January 1, 2006, we accounted for stock based compensation under SFAS No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"). As permitted under this standard, compensation cost was recognized using the intrinsic value method described in Accounting Principles Board Opinion ("APB") No. 25, "Accounting for Stock Issued to Employees" ("APB 25"). Effective January 1, 2006, the Company has adopted SFAS No. 123 (Revised 2004),

“Share-Based Payment” (“SFAS 123R”) and applied the provisions of the Securities and Exchange Commission Staff Accounting Bulletin No. 107 using the modified-prospective transition method. Prior periods were not restated to reflect the impact of adopting the new standard. As a result of the adoption of SFAS 123R, stock-based compensation expense recognized during the year ended December 31, 2008 includes compensation expense for all share-based payments granted on or prior to, but not yet vested as of December 31, 2006, based on the grant date fair value estimated in accordance with the original provisions of SFAS 123, and compensation cost for all share-based payments granted on or subsequent to January 1, 2006, based on the grant date fair value estimated in accordance with the provisions of SFAS 123R.

Beginning on January 1, 2006, any future excess tax benefits derived from the exercise of stock options will be recorded prospectively and reported as cash flows from financing activities in accordance with SFAS 123R.

During the year ended December 31, 2009 and 2008, the Company recorded stock based consulting expense of \$24,000 and \$592,300, respectively, as determined under SFAS 123R.

NOTE 3 - PROPERTY - HELD FOR SALE/FIXED ASSETS

In late March 2006, the Company purchased a condominium located in Carlsbad, California for \$625,083 (“Carlsbad Property”). The Company intended to renovate and sell the condominium upon completion of the planned renovations, and, accordingly, it has been designated as “held-for-sale.” Therefore, it will be carried at the lower cost or fair value (net of expected sales costs) during the renovation period and will not be depreciated. Major improvements and renovations were capitalized.

In June of 2006, the Company entered into a joint venture agreement to renovate and then sell a residential home located in Oceanside, California (“Oceanside Property”). The Company is a 50% joint venture partner, but has the right to exercise control. The Company is 100% responsible for improvement costs, with these costs to be reimbursed upon sale and any remaining profits allocated evenly. The Company has valued the house at the original value of the liability assumed of \$1,000,000. As the intention on this property is identical to the Carlsbad Property, the Oceanside Property has been designated as “held for sale”. The Company has capitalized improvements on this property of \$149,817.

In February 2009, the Company entered into settlement agreements with certain prior affiliated parties pursuant to which the Company transferred the Carlsbad Property and Oceanside Property. The Company entered into a settlement agreement with the former controlling stockholder of the Company under which the former controlling stockholder agreed to cancel and forgive a promissory note made by the Company in the aggregate principal amount of \$841,828 in exchange for the Carlsbad Property. The Carlsbad Property is also subject to a \$496,000 mortgage which is now the responsibility of the former controlling stockholder.

The Company also entered into a settlement agreement with a joint venture partner in relation to the Oceanside, Property. Pursuant to the agreement, the joint venture partner released the Company from any and all liability pursuant to the joint venture as well as any liability associated with the two mortgage notes on this property (\$1,120,000 and \$320,000) in exchange for the property.

The Company recognized a gain on of \$1,015,178 in connection with the settlement agreements for the Carlsbad Property and the Oceanside Property.

In December 2008, the Company purchased two parcels of undeveloped land in Riverside County, City of Desert Hot Springs, California, for a purchase price of a \$1,000 promissory note. The land approximates 3.5 acres. This property is zoned for residential dwellings. The Company is determining whether to build finished lots or in the alternative to sell the land to a developer. The property comprised of these two parcels has not yet been entitled.

NOTE 4 - PREFERRED STOCK

Series A Preferred Stock

On April 24, 2008, the Company withdrew its certificate of designation establishing the Company’s Series A Preferred Stock and filed a new certificate of designation for 500,000 shares of Series A Preferred Stock, par value \$0.001 per share. Anytime after October 24, 2008, the Series A Preferred Stock is convertible based upon the average of the per shares market value of the Company’s common stock during the 20 trading days immediately preceding a conversion

date. In addition, upon the consummation of a bona fide sale third party sale by the Company of its securities resulting in gross proceeds of at least \$1,000,000, the Series A Preferred Stock will automatically convert into the securities being sold in such offering. The Series A Preferred Stock has no voting rights, dividend rights, liquidation preference, redemption rights, or preemptive rights.

On April 24, 2008, the Company issued 500,000 shares of the newly designated Series A Preferred Stock as part of a financing transaction with Terminus, Inc. (“Terminus”). See Note 6. The Company has valued the convertible shares using the Black-Scholes model and has recognized a financing expense equivalent to the stated value of the Series A Preferred Stock of \$500,000.

On August 19, 2008, the Company amended and restated its articles of incorporation (“August Amendment”) to increase the aggregate number of shares of all classes of preferred stock which the Company shall have authority to issue to 50,000,000 shares with a par of \$0.0001 per share.

Series B Preferred Stock

On April 24, 2008, the Company amended the certificate of designation establishing the Company’s Series B Preferred Stock. Pursuant to this amendment, the Company’s Series B Preferred Stock now contains on limitation on conversions such that no holder of Series B Preferred Stock can convert such shares into the Company’s common stock if such conversion would result in the holder owning in excess of 4.99% of the Company’s issued and outstanding common stock.

Series C Preferred Stock

On April 24, 2008, the Company amended the certificate of designation for its Series C Preferred Stock. Pursuant to the Amendment, on all matters submitted to a vote of the holders of the common stock, including, without limitation, the election of directors, a holder of shares of the Series C Preferred Stock shall be entitled to the number of votes on such matters equal to the product of (a) the number of shares of the Series C Preferred Stock held by such holder, (b) the number of issued and outstanding shares of the Company’s common stock, on a fully-diluted basis, as of the record date for the vote, or, if no such record date is established, as of the date such vote is taken or any written consent of stockholders is solicited, and (c) 0.0000002.

NOTE 5 - COMMON STOCK

During the year ended December 31, 2008, the Company issued 221,100,000 shares of common stock under its stock option plan resulting in an expense of \$592,300 and cash received \$186,260.

During the year ended December 31, 2009, the Company issued 210,000,000 shares of common stock to retire debt (See Note 6). The Company also issued 124,000,000 shares of common stock for professional services rendered.

In connection with the August Amendment, the Company’s changed the par value of its common stock from \$0.001 to \$0.0001.

NOTE 6 – PROMISSORY NOTES

In conjunction with the purchase of the condominium described in Note 3 above, the Company executed a 30-year adjustable rate promissory note for \$496,000. The initial interest rate on the note is 7.875%. Pursuant to the terms of the note, the Company is required to make interest-only payments for the first 10 years (first 120 payments). The initial monthly payments were \$3,225 and have since been reduced to \$2,273. The note payable is personally guaranteed by the Company’s former president. This note is in arrears at December 31, 2008.

In conjunction with the joint venture property described in Note 3 above, the Company refinanced this note in July 2007 and assumed a 50% interest and corresponding promissory note debt of \$1,440,000. Terms indicate that the first note is for \$1,120,000 over 30 years, with interest only payments required for the first 10 years. The second note is

Edgar Filing: Blackhawk Fund - Form 10-K

carried for \$320,000 with interest at 9.875% over 30 years, with interest only payments required for the first 10 years. Monthly amounts are presently \$9,983. Both of the above notes are classified as long term notes payable. This amount is in arrears at December 31, 2008.

On April 24, 2008, the Company issued, and the formerly related party accepted, a subordinated secured non-recourse note in the principal amount of \$841,828, due December 31, 2008. The balance on this note as of December 31, 2008 is \$854,079. See Note 7.

On April 24, 2008, the Company and Terminus,, as co-issuers, issued and sold to a single accredited investor: (i) a \$550,000 due on demand secured promissory note with an interest rate of 12% per annum (“Terminus Note Payable”) and (ii) 500,000 shares of the Company’s Series A Preferred Stock. To secure payment of the note, Terminus pledged the 10,000,000 shares of the Company’s Series C Preferred Stock. The Company is a guarantor of the Terminus Note, and accordingly, has treated the note as a contingent liability and as an “off-balance sheet arrangement.”

On May 4, 2009, the Company and Terminus both defaulted on repayment of the Terminus Note. As a result of the default on the Terminus Note, the Company has become unconditionally liable for repayment of all principal and interest due under the note, has recorded the full amount of \$550,000 in principal and \$68,750 in accrued interest as a liability, and has incurred an expense for such amounts. In addition, the Company continues to accrue interest from the date of default.

On July 10, 2009, the Company, along with Terminus, entered into a first amendment to the Terminus Note with the holder of the note. The amended note extends the maturity date until July 10, 2010. In addition, the amendment provides that the note may be converted into shares of the Company's common stock. The conversion price for the amended note is the greater of (i) the then existing par value of the Company's common stock or (ii) 75 % of the average of the per shares market values (as defined in the amended note) during the 20 trading days immediately preceding a conversion date. If at any time after September 10, 2009, there is either (i) insufficient shares of the Company's common stock to permit conversions pursuant to the amended note or (ii) the per share market value is less than the then existing par value of the Company's common stock for a period of 5 consecutive trading days, the Company will use its best efforts to amend its capital structure by means of either a reverse split of its common stock, an increase in its authorized common stock, or a reduction of the par value of its common stock, or any combination of the foregoing as determined by the Company's board of directors in its reasonable judgment.

Subsequent to the Terminus Note amendment, the holder of the note has effected a series of partial conversions and was issued an aggregate of 210,000,000 shares of common stock at a conversion price of \$0.001 per share. In the aggregate, these issuances reduced the debt by \$210,000 in principal.

The Company has recorded a beneficial conversion feature relating to this note payable in the amount of \$631,033, and recorded \$420,516 of the beneficial conversion feature as additional interest expense for the year ended.

The balance of the note is recorded on the Company's balance sheet at the net amount of \$130,483 after deducting the remaining beneficial conversion feature.

NOTE 7 - RELATED PARTY TRANSACTIONS

At March 31, 2008, the Company was indebted to a formerly related party for \$801,616. Interest had been imputed at 6% per year. On April 24, 2008, the Company issued, and the formerly related party accepted, a subordinated secured non-recourse note in the principal amount of \$841,828, due October 24, 2008. The note is secured by the real estate described in Note 3 above, but is subordinated to the notes described above. The lender’s recovery for default on payment of this note is limited to limited solely to the real estate described above. The balance on this note as of December 31, 2008 is \$854,079.

At December 31, 2009 and 2008, Terminus, Inc. the holder of the Company’s Series C Preferred Stock, has loaned the Company \$81,127 and \$58,627, respectively. The loan is payable upon demand with interest at 12% per annum. At December 31, 2009 and 2008 interest accrued to this loan was \$8,637 and \$3,888, respectively.

During the year ended December 31, 2008, the Company made payments totaling \$65,000 to entities controlled by the former CEO and CFO for consulting services. No such payments were made during the year ended December 31,

2009.

NOTE 8 – 2009 STOCK INCENTIVE PLAN

On August 10, 2009, the Company's Board of Directors adopted its 2009 Stock Incentive Plan. The Board of Directors approved the issuance of 124,000,000 shares of common stock pursuant to the 2009 Stock Incentive Plan in payment of legal services.

26

NOTE 9 - GOING CONCERN

The Company has incurred significant losses, has a negative capital, and negative current ratio. These factors, among others indicate that the Company may not be able to continue as a going concern. No adjustments have been made to the carrying value of assets and liabilities should the company not continue as a going concern.

NOTE 10 - SUBSEQUENT EVENT

On March 19, 2010, we issued an 8% \$50,000 convertible promissory note to a single accredited investor. The note is due and payable on March 19, 2015. In addition, the note is convertible into shares of our common stock. The conversion price for the note is the greater of (i) the then existing par value of the Company's common stock or (ii) 75 % of the average of the per shares market values (as defined in the amended note) during the 20 trading days immediately preceding a conversion date. If at any time after September 10, 2009, there is either (i) insufficient shares of the Company's common stock to permit conversions pursuant to the amended note or (ii) the per share market value is less than the then existing par value of the Company's common stock for a period of 5 consecutive trading days, the Company will use its best efforts to amend its capital structure by means of either a reverse split of its common stock, an increase in its authorized common stock, or a reduction of the par value of its common stock, or any combination of the foregoing as determined by the Company's board of directors in its reasonable judgment. The proceeds for the sale of the note were for working capital and general corporate purposes. The issuance was exempt under Section 4(2) and Rule 506 of the Securities Act of 1933, as amended.

On March 25, 2010, the holder of the Terminus Note effected a partial conversion and was issued 14,000,000 shares of common stock. On April 5, 2010, the holder of the Terminus Note effected another partial conversion and was issued 45,000,000 shares of common stock. In the aggregate, these issuances reduced the debt by \$20,700 in principal.

The Company has evaluated subsequent events through the April 13, 2010 which is the date these financial statements were available to be issued.

Item 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

None.

Item 9A. CONTROLS AND PROCEDURES.

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports that we file under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure based on the definition of "disclosure controls and procedures" in Rule 13a-15(e). In designing and evaluating the disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

At the end of the period covered by this Annual Report on Form 10-K, we carried out an evaluation, under the supervision and with the participation of our former management, including our former Chief Executive Officer and former Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our former Chief Executive Officer and our former Chief Financial Officer concluded that our disclosure controls and procedures were effective to ensure that all material information required to be disclosed in this Annual Report on Form 10-K has been made known to them in a timely fashion.

Our Chief Executive Officer and Chief Financial Officer have also evaluated whether any change in our internal controls occurred during the last fiscal quarter and have concluded that there were no material changes in our internal controls or in other factors that occurred during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, these controls.

Item 9B. OTHER INFORMATION.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers, and stockholders holding more than 10% of our outstanding common stock, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in beneficial ownership of our common stock. Executive officers, directors and greater-than-10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on review of the copies of such reports furnished to us for the period ended December 31, 2009, all of the Section 16(a) reports required to be filed by our executive officers, directors, and greater-than-10% stockholders were filed on a timely basis.

Item 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of our common stock as of March 31, 2010 by the following persons:

- each person who is known to be the beneficial owner of more than five percent (5%) of our issued and outstanding shares of common stock;
 - each of our directors and executive officers; and
 - all of our directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules and regulations of the SEC. The number of shares and the percentage beneficially owned by each individual listed above include shares that are subject to options held by that individual that are immediately exercisable or exercisable within 60 days from March 31, 2010, and the number of shares and the percentage beneficially owned by all officers and directors as a group includes shares subject to options held by all officers and directors as a group that are immediately exercisable or exercisable within 60 days from March 31, 2010.
