We are pleased to use the SEC rule that allows companies to furnish proxy materials to their shareholders primarily over the Internet. The notice also included instructions on how to receive a paper copy of your Annual Meeting materials, including the Proxy Statement and Proxy Card.

During the meeting, we will discuss each item of business described in the Notice of Annual Meeting of Shareholders and Proxy Statement.

Whether or not you attend the 2010 Annual Meeting, it is important that your shares be represented and voted at the meeting. Therefore, I urge you to vote via the Internet, by telephone or by completing, dating, signing and promptly returning your Proxy Card. If you decide to attend the 2010 Annual Meeting, you will of course be able to vote in person, even if you have previously submitted your Proxy Card.

On behalf of the Board of Directors, I would like to express our appreciation for your continued interest in our affairs.

PROXY STATEMENT

July 19, 2010, 10:00 a.m. EST
250 Australian Avenue
Suite 104
West Palm Beach, Florida

This Proxy Statement is furnished in connection with the solicitation by our Board of Directors of proxies from the holders of our common stock (the "Common Stock") for use at our 2010 Annual Meeting of Shareholders, to be held at 250 Australian Avenue, Suite 104, West Palm Beach, Florida on Monday, July 19th, 2010, at 10:00 a.m. EST, or at any adjournment(s) or postponement(s) thereof, pursuant to the foregoing Notice of Annual Meeting of Shareholders.

The complete mailing address, including zip code, of our principal executive offices is 250 Australian Avenue, Suite 400, West Palm Beach, Florida 33401 and our telephone number is (561) 805-8500.

INTERNET AVAILABILITY OF PROXY MATERIALS

Under SEC rules, we are furnishing proxy materials to our shareholders primarily via the Internet, instead of mailing printed copies of those materials to each shareholder. On June 4, 2010, we mailed to our shareholders (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability containing instructions on how to access our proxy materials, including our Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2009. The Notice of Internet Availability also instructs you on how to access your Proxy Card to vote through the Internet or by telephone.

This process is designed to expedite shareholders' receipt of proxy materials, lower the cost of the Annual Meeting, and help conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

PURPOSES OF THE MEETING

At the Annual Meeting, our shareholders will consider and vote upon the following matters:

1. The election of seven members to our Board of Directors to serve until our next Annual Meeting of Shareholders or until their successors are duly elected and qualified;
2. To consider and vote upon a proposal to approve of and ratify the selection of Grant Thornton LLP ("Grant Thornton") as our independent registered public accounting firm for the fiscal year ending December 31, 2010; and
3. Such other business as may properly come before the 2010 Annual Meeting, including any adjournments or postponements thereof.

Unless contrary instructions are indicated on the enclosed proxy card, all shares represented by valid proxies received pursuant to this solicitation (and which have not been revoked in accordance with the procedures set forth below) will be voted: (1) FOR the election of the seven nominees for director named below and (2) FOR the approval of and ratification of Grant Thornton as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

In the event a shareholder specifies a different choice by Internet or telephone vote or by means of the enclosed proxy card, his or her shares will be voted in accordance with the specification so made. The Board of Directors does not know of any other matters that may be brought before the Annual Meeting nor does it foresee or have reason to believe that proxy holders will have to vote for substitute or alternate director nominees. In the event that any other matter should come before the Annual Meeting or any director nominee is not available for election, the persons designated as proxies for the Annual Meeting will have discretionary authority to vote all proxies not marked to the contrary with respect to such matters, in accordance with their best judgment.

GENERAL INFORMATION ABOUT VOTING

Who can vote at the Annual Meeting?

You can vote or direct the voting of your shares of Common Stock if our records show that you owned the shares on Wednesday, June 2, 2010. A total of 40,478,013 shares of Common Stock can vote at the Annual Meeting. You are entitled to one vote for each share of Common Stock.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the SEC, we may furnish proxy materials, including this Proxy Statement and our 2009 Annual Report on Form 10-K, which includes our audited consolidated financial statements for the year ended December 31, 2009, to our shareholders by providing access to these documents on the Internet instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice of Internet Availability, that was mailed to our shareholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. This notice also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, including a copy of our 2009 Annual Report, you should follow the instructions in the notice for requesting these materials.

How do I get electronic access to the proxy materials?

The Notice of Internet Availability will provide you with instructions regarding how to:

- view our proxy materials for the Annual Meeting on the Internet; and
- instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of printing and mailing these materials on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares beneficially through a stockbroker, bank, or other nominee rather than directly in their own name. There are some distinctions between shares held of record and shares owned beneficially, specifically:

Shares held of record

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the shareholder of record with respect to those shares, and the Notice of Internet Availability was sent directly to you by us. As the shareholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the 2010 Annual Meeting. If you requested to receive printed proxy materials, we have enclosed or sent a proxy card for you to use. You may also vote on the Internet or by telephone, as described in the notice and below under the heading "How can I vote my shares without attending the Annual Meeting?"

Shares owned beneficially

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the Notice of Internet Availability was forwarded to you by your broker or nominee who is considered, with respect to those shares, the shareholder of record. As the beneficial owner or nominee, you have the right to direct your broker or other nominee on how to vote the shares in your account, and you are also invited to attend the Annual Meeting.

However, because you are not the shareholder of record, you may not vote these shares in person at the 2010 Annual Meeting unless you request and receive a valid proxy from your broker or other nominee. If you do not wish to vote in person or you will not be attending the Annual Meeting, you may vote by proxy. You may vote by proxy over the Internet or by telephone, as described in the notice and below under the heading "How can I vote my shares without attending the Annual Meeting?"

Can I attend the Annual Meeting?

You are invited to attend the Annual Meeting if you are a shareholder of record or a beneficial owner as of June 2, 2010. If you are a shareholder of record, you must bring proof of identification such as a valid driver's license. If you hold your shares through a broker or other nominee, you will need to provide proof of ownership by bringing either a copy of the voting instruction card provided by your broker or a copy of a brokerage statement showing your share ownership as of June 2, 2010.

How can I vote my shares in person at the Annual Meeting?

Shares held directly in your name as the shareholder of record may be voted in person at the Annual Meeting. If you choose to vote in person, please bring proof of identification. Even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting. Shares held in street name through a brokerage account or by a bank or other nominee may be voted in person by you if you obtain a valid proxy from the record holder giving you the right to vote the shares.

How can I vote my shares without attending the Annual Meeting?

Whether you hold shares directly as the shareholder of record or beneficially in street name, you may vote without attending the Annual Meeting as follows:

- 3 -

- If you are a shareholder of record, you may vote by proxy. You can vote by proxy over the Internet by following the instructions provided in the Notice of Internet Availability, or, if you requested to receive printed proxy materials, you can also vote by mail or telephone pursuant to instructions provided on the proxy card.
- If you hold shares beneficially in street name, you may also vote by proxy over the Internet by following the instructions provided in the Notice of Internet Availability, or, if you requested to receive printed proxy materials, you can also vote by telephone or mail by following the voting instruction card provided to you by your broker, bank, trustee or nominee.

Under Section 607.0722 of the Florida Business Corporation Act, votes cast by Internet or telephone have the same effect as votes cast by submitting a written proxy card.

Can I change my vote or revoke my proxy?

If you are the shareholder of record, you may change your proxy instructions or revoke your proxy at any time before your proxy is voted at the Annual Meeting. Proxies may be revoked by any of the following actions:

- filing a timely written notice of revocation with our Corporate Secretary at our principal executive office (250 Australian Avenue, Suite 400, West Palm Beach, Florida 33401);
- granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method); or
- attending the Annual Meeting and voting in person (attendance at the meeting will not, by itself, revoke a proxy).

If your shares are held through a brokerage account or by a bank or other nominee, you may change your vote by:

- submitting new voting instructions to your broker, bank, or nominee following the instructions they provided; or
- if you have obtained a legal proxy from your broker, bank, or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

What if other matters come up at the Annual Meeting?

The matters described in this Proxy Statement are the only matters we know will be voted on at the Annual Meeting. If other matters are properly presented at the meeting, the proxyholders will vote your shares as they see fit.

What is the quorum requirement for the Annual Meeting?

We will hold the Annual Meeting if holders of a majority of the shares of Common Stock entitled to vote are represented at the Annual Meeting in person or by proxy. If you vote via the Internet or telephone or sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card.

What are broker non-votes and what effect do they have on the proposals?

Generally, broker non-votes occur when shares held by a broker in “street name” for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote those shares. A broker is entitled to vote shares held for a beneficial owner on routine matters without instructions from the beneficial owner of those shares, but is not entitled to vote shares held for a beneficial owner on any non-routine matter without instruction from the beneficial owner. The ratification of our independent registered public accounting firm is considered to be a routine matter. However, the election of directors is not considered to be a routine matter and, accordingly, brokers that have not received voting instructions from their clients cannot vote on their clients’ behalf on this proposal. Accordingly, broker non-votes will decrease the number of votes cast in the election of directors. Therefore, it is very important that you provide your broker with voting instructions with respect to the election of directors in one of the manners set forth in this proxy statement.

Who pays for this proxy solicitation?

We do. In addition to sending you these materials, we may engage a proxy solicitation firm to contact you directly by telephone, mail or in person. We will bear such costs, if any, which are not expected to exceed \$12,500. Our officers and employees also may solicit proxies by mail, telephone and personal contact. They will not receive any additional compensation for these activities.

OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

The Board of Directors has set the close of business on Wednesday, June 2, 2010 as the record date (the "Record Date") for determining shareholders entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were 40,478,013 shares of Common Stock issued and outstanding, all of which are entitled to be voted at the Annual Meeting.

Each share of Common Stock is entitled to one vote on each matter submitted to shareholders for approval at the Annual Meeting.

Shareholders do not have the right to cumulate their votes for directors.

Our Amended and Restated Bylaws (the "Bylaws") provide that the presence, in person or by proxy, of the holders of record of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum.

Pursuant to the Bylaws, the seven persons receiving the highest number of votes cast in his or her favor by the shares of Common Stock represented in person or by proxy at the Annual Meeting will be elected as directors (Proposal No. 1). Pursuant to the Bylaws, the affirmative vote of a majority of the outstanding shares of Common Stock represented in person or by proxy at the Annual Meeting and entitled to vote with respect to the subject proposal is required to approve the ratification of auditors (Proposal No. 2).

Abstentions are counted as present for purposes of determining the presence of a quorum. Abstentions are not counted as votes cast "for" or "against" the election of any director (Proposal No. 1). However, abstentions are treated as present and entitled to vote and thus have the effect of a vote against the ratification of auditors (Proposal No. 2).

If less than a majority of the outstanding shares of Common Stock entitled to vote are represented at the Annual Meeting, a majority of the shares so represented may adjourn the Annual Meeting to another date, time or place, and notice need not be given for the new date, time or place, if the new date, time or place is announced at the Annual Meeting before an adjournment is taken.

Prior to the Annual Meeting, we will select one or more inspectors of election for the meeting. Such inspectors shall determine the number of shares of Common Stock represented at the Annual Meeting, the existence of a quorum and the validity and effect of proxies and shall receive, count and tabulate ballots and votes and determine the results thereof.

A list of shareholders entitled to vote at the Annual Meeting will be available at our offices, 250 Australian Avenue, Suite 400, West Palm Beach, Florida 33401, for a period of ten (10) days prior to the Annual Meeting and at the Annual Meeting itself, for examination by any shareholder.

ELECTION OF DIRECTORS

(Proposal No. 1)

The size of our Board of Directors is currently set at seven members and there are currently seven persons serving on the Board of Directors. Pursuant to our Bylaws, the Board of Directors must consist of no less than one and no more than eleven directors, with the exact number of directors to be determined from time to time by resolution duly adopted by the Board of Directors.

Seven directors are to be elected at the Annual Meeting to hold office until the next Annual Meeting of Shareholders or until their successors are duly elected and qualified. It is intended that the accompanying proxy will be voted in favor of the following persons to serve as directors unless the shareholder indicates to the contrary via telephone, Internet or written proxy card. Under Florida law and our Bylaws, the seven persons receiving the highest number of votes cast in his or her favor in person or by proxy at the Annual Meeting will be elected to our Board of Directors. Management expects that each of the nominees will be available for election, but if any of them is not a candidate at the time the election occurs, it is intended that such proxy will be voted for the election of another nominee to be recommended by the Governance & Nominating Committee and designated by the Board of Directors. Each of the seven director nominees listed below, all of whom currently serve as members of our Board of Directors, has been recommended by the Governance & Nominating Committee of the Board of Directors.

The Board of Directors recommends a vote FOR the seven director nominees listed below:

Name	Age	Position

Michael Cahr	70	Director
Richard A. Franco, Sr.	68	Director

APPROVAL AND RATIFICATION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

(Proposal No. 2)

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm.

The Audit Committee has designated Grant Thornton as our independent registered public accounting firm for the fiscal year ending December 31, 2010. Grant Thornton served as our independent registered public accounting firm for the fiscal years ended December 31, 2008 and December 31, 2009.

The Audit Committee has considered whether Grant Thornton's provision of services other than audit services is compatible with maintaining independence as the Company's independent registered public accounting firm and determined that such services are compatible.

Although ratification by shareholders is not a prerequisite to the ability of the Audit Committee to select Grant Thornton as our independent registered public accounting firm, we believe such ratification to be desirable. Accordingly, shareholders are being requested to ratify, confirm and approve the selection of Grant Thornton as our independent registered public accounting firm to conduct the annual audit of our consolidated financial statements for the year ending December 31, 2010. If the shareholders do not ratify the selection of Grant Thornton, the selection of the independent registered public accounting firm will be reconsidered by the Audit Committee; however, the Audit Committee may select Grant Thornton notwithstanding the failure of the shareholders to ratify its selection. If the appointment of Grant Thornton is ratified, the Audit Committee will continue to conduct an ongoing review of Grant Thornton's scope of engagement, pricing and work quality, among other factors, and will retain the right to replace Grant Thornton at any time.

The Audit Committee considers Grant Thornton to be a good firm to deliver independent auditing services due to, among other things, their depth of experience, breadth of reserves, commitment to provide exceptional service, ability to handle transaction issues and location of key personnel.

Independent Registered Public Accounting Firm Fees

Aggregate fees billed to us for the fiscal years ended December 31, 2009 and December 31, 2008 by our independent registered public accounting firm, Grant Thornton, are as follows:

Type of Fees	2009	2008
Audit Fees (1)	\$ 524,333	\$ 650,574
Audit Related Fees	—	—
Tax Fees	—	—
All Other Fees	—	—

(1) Represents the aggregate fees billed to us by Grant Thornton during the applicable fiscal year for professional services rendered for the audits of our annual consolidated financial statements, the reviews of the financial statements included in our Quarterly Reports on Form 10-Q and the audits of our internal controls over financial reporting, and/or services normally provided by Grant Thornton in connection with statutory or regulatory filings or engagements by us during such fiscal year.

Independent Registered Public Accounting Firm's Independence and Attendance at the Annual Meeting

We believe that Grant Thornton has no direct or indirect financial interest in us or in any of our subsidiaries, nor has it had any connection with us or any of our subsidiaries in the capacity of promoter, underwriter, voting trustee director, officer or employee.

We anticipate representatives of Grant Thornton will be present at the meeting of shareholders and will be afforded an opportunity to make a statement, if they desire to do so. It is also expected that they will be available to respond to appropriate questions.

Audit Committee Pre-Approval Policy

Consistent with policies of the Securities and Exchange Commission regarding auditor independence, the Audit Committee has responsibility for the appointment, compensation and oversight of the work of the independent auditor. As part of this responsibility, the Audit Committee has adopted, and our Board has ratified, an Audit and Non-Audit Services Pre-Approval Policy pursuant to which the Audit Committee is required to pre-approve the audit and non-audit services performed by our independent registered public accounting firm in order to assure that these services do not impair the auditor's independence from us.

Prior to engagement of the independent auditor for the next year's audit, the independent auditor and the Chief Financial Officer submit a list of services and related fees expected to be rendered during that year within each of four categories of services to the Audit Committee for approval:

- (i) **Audit Services:** Audit services include the annual financial statement audit (including required quarterly reviews), subsidiary audits, equity investment audits and other procedures required to be performed by the independent auditor to be able to form an opinion on our consolidated financial statements. Audit Services also include information systems and procedural reviews and testing performed in order to understand and place reliance on the systems of internal control, and consultations relating to the audit or quarterly review as well as the attestation engagement for the independent auditor's report on management's report on internal controls for financial reporting.
- (ii) **Audit-Related Services:** Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of our financial statements, including due diligence related to potential business acquisitions/dispositions, accounting consultations related to accounting, financial reporting or disclosure matters not classified as "Audit Services," assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities, financial audits of employee benefit plans, agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters and assistance with internal control reporting requirements.
- (iii) **Tax Services:** Tax services include services such as tax compliance, tax planning and tax advice; however, the Audit Committee will not permit the retention of the independent registered public accounting firm in connection with a transaction initially recommended by the independent registered public accounting firm, the sole business purpose of which may be tax avoidance and treatment which may not be supported in the Internal Revenue Code and related regulations.
- (iv) **All Other Services:** All other services are those permissible non-audit services that the Audit Committee believes are routine and recurring and would not impair the independence of the auditor and are consistent with the Securities and Exchange Commission's rules on auditor independence.

Prior to engagement, the Audit Committee pre-approves the services and fees of the independent auditor within each of the above categories. During the year, it may become necessary to engage the independent auditor for additional services not previously contemplated as part of the engagement. In those instances, the Audit and Non-Audit Services Pre-Approval Policy requires that the Audit Committee specifically approve the services prior to the independent auditor's commencement of those additional services. Under the Audit and Non-Audit Services Pre-Approval Policy, the Audit Committee may delegate the ability to pre-approve audit and non-audit services to one or more of its members provided the delegate reports any pre-approval decision to the Audit Committee at its next scheduled meeting. As of the date hereof, the Audit Committee has not delegated its ability to pre-approve audit services.

All of the 2008 and 2009 fees paid to Grant Thornton described above were pre-approved by the full Audit Committee in accordance with the Audit and Non-Audit Services Pre-Approval Policy.

Report of the Audit Committee

Pursuant to SEC rules for proxy statements, the Audit Committee of our Board has prepared the following Audit Committee Report. The audit committee intends that this report clearly describe our current audit program, including the underlying philosophy and activities of the Audit Committee.

The Audit Committee is currently composed of Mr. Gunnell (Chairman), Mr. Franco and Mr. Stolper. During the fiscal year ended December 31, 2009, the Audit Committee was composed of Mr. Karl Sachs (Chairman), Mr. David Florman, Dr. Martin Harrison, Mr. Eric Haskell and Mr. Barry Zeman, none of whom continue to serve on the Board as of the date of this Proxy Statement. The Audit Committee operates under a written charter, which is posted on our website. Management has the primary responsibility for preparing the financial statements and designing and assessing the effectiveness of internal control over financial reporting. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies and the internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. In this context, the Audit Committee reviewed and discussed with management the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2009 filed with the SEC.

The Audit Committee also discussed with Grant Thornton the matters required to be discussed by Statement of Auditing Standards No. 114, The Auditor's Communication with those Charged with Governance, as amended.

The Audit Committee received the written disclosures and the letter from Grant Thornton required by applicable requirements of the Public Company Accounting Oversight Board regarding Grant Thornton's communications with the Audit Committee concerning independence and discussed with Grant Thornton its independence.

Based on the Audit Committee's discussions with management and Grant Thornton, the Audit Committee recommended that our Board include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2009 filed with the SEC.

The foregoing report does not constitute solicitation material and should not be deemed filed or incorporated by reference into any of our other filings under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate this report by reference therein.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

We have adopted corporate governance guidelines which are available at www.metcare.com. The Corporate Governance Guidelines are also available in print to any shareholder who requests it. These principles were adopted by the Board to promote the effective functioning of the Board and its committees, to promote the interests of shareholders and other stakeholders of the Company, and to ensure a common set of expectations as to how the Board, the committees of the Board, individual directors and management should perform their functions

Director Independence and Family Relationships

We define an “independent” director in accordance with the corporate governance rules of the NYSE Amex (the “NYSE Amex Rules”). Because it is not possible to anticipate or explicitly provide for all potential conflicts of interest that may affect independence, the Board, with the recommendation of the Governance & Nominating Committee, is responsible for affirmatively determining as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board and the Governance & Nominating Committee each review information provided by the directors with regard to each director’s business and personal activities as they may relate to the us and our management.

Our Board of Directors, upon the recommendation of the Governance & Nominating Committee, has affirmatively determined that each of the following persons, constituting a majority of our Board of Directors, are “independent” and has no relationship with us, except for serving as a member of our Board of Directors and holding our securities: Michael Cahr, Richard Franco, Casey Gunnell, Arthur Kowaloff, Mark Stolper and John Watts, Jr. The Board also had previously determined in March 2009 that each of David Florman, Dr. Martin Harrison, Eric Haskell, Karl Sachs, Robert Shields and Barry Zeman, each of whom served as a director during all of 2009, was “independent.” The Board has further determined that each director serving on our Audit Committee, Compensation Committee and Governance & Nominating Committee is independent.

There are no family relationships among our officers and directors, nor are there any arrangements or understandings between any of our directors or officers or any other person pursuant to which any officer or director was or is to be selected as an officer or director.

Board Leadership Structure

We do not have a fixed policy with respect to the separation of the offices of the Chairman of the Board and Chief Executive Officer. The Board understands that there is no single, generally accepted approach to providing Board leadership and, in light of the competitive and dynamic environment in which we operate, the appropriate Board leadership structure may vary from time to time as circumstances warrant. The Board has the ability to appoint a new Chairman of the Board at any time and has recently reappointed Mr. Earley to such position.

Since April 23, 2010, Mr. Earley has served and has agreed to serve as both our Chairman and our Chief Executive Officer pursuant to the terms and conditions of an employment agreement dated April 26, 2010. He also previously served in both roles from September 2004 through December 2009. Our Board believes that, at this time, service in these dual roles is in the best interests of the Company and our shareholders. Especially in light of the Board transition in April 2010, the Board is confident that Mr. Earley possesses the most thorough knowledge of the issues, opportunities and challenges facing us and our business and, accordingly, is the person best positioned to develop agendas that ensure that the Board’s time and attention are focused on the most critical matters. His combined role

enables decisive leadership, ensures clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to our shareholders, employees and customers.

- 16 -

Because the board also believes that strong, independent board leadership is a critical aspect of effective corporate governance, the Board has established the position of Lead Independent Director. Mr. Kowaloff currently serves as the Lead Independent Director. As Lead Independent Director, he chairs formal closed sessions of the independent directors, is responsible for seeking to organize meetings of the independent directors as deemed necessary or advisable, leads board meetings in the absence of the chairman, and works to promote open and effective communications among the independent directors and our management.

Risk Oversight

Our Board of Directors provides various forms of risk oversight. As part of this process, the Board seeks to identify, prioritize, source, manage and monitor our critical risks. To this end, our Board periodically, and at least annually, reviews the material risks faced by us, our risk management processes and systems and the adequacy of our policies and procedures designed to respond to and mitigate these risks.

The Board has generally retained the primary risk oversight function and has an active role, as an entirety and also at the committee level, in overseeing management of our material risks. The Board regularly reviews information regarding our operations, strategic plans and liquidity, as well as the risks associated with each. The Audit Committee oversees management of financial and internal control risks, including our whistleblower procedures, as well as the risks associated with related party transactions. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Governance & Nominating committee oversees the management of risks associated with the composition and independence of our board and oversees our corporate governance policies and procedures related to risk management, including our insider trading policy, code of ethics and corporate governance guidelines. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Nominations for Directors and Diversity Policy

The Governance & Nominating Committee's Charter provides that shareholder nominees to the Board of Directors will be evaluated using the same guidelines and procedures used in evaluating nominees nominated by other persons. In evaluating director nominees, the Governance & Nominating Committee considers the following factors:

- the appropriate size and the diversity of our Board;
- our needs with respect to the particular talents and experience of our directors;
- the knowledge, skills and experience of nominees, including experience in healthcare, technology, business, finance, administration or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;

- familiarity with national and international business matters;
 - experience in political affairs;
 - experience with accounting rules and practices;
- whether such person qualifies as an “audit committee financial expert” pursuant to Securities and Exchange Commission rules;
 - appreciation of the relationship of our business to the changing needs of society; and
 - the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members.

In identifying director nominees, the Governance & Nominating Committee will first evaluate the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service shall be considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. Generally, the Governance & Nominating Committee strives to assemble a Board of Directors that brings to us a variety of perspectives, backgrounds and skills derived from business and professional experience. In doing so, the Governance & Nominating Committee also considers candidates with appropriate non-business backgrounds. If any member of the Board does not wish to continue in service or if the Governance & Nominating Committee or the Board decides not to re-nominate a member for re-election, the Governance & Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria above. Other than the foregoing, there are no specific, minimum qualifications that the Governance & Nominating Committee believes that a Committee-recommended nominee to the Board of Directors must possess, although the Governance & Nominating Committee may also consider such other factors as it may deem are in our best interests or the best interests of our shareholders.

In its deliberations, the Governance & Nominating Committee is aware that our Board must be comprised of a majority of “independent” directors, as such term is defined by the NYSE Amex Rules, and at least one director who qualifies as an “audit committee financial expert” as defined by Securities and Exchange Commission rules. The Governance & Nominating Committee also believes it appropriate for certain key members of our management to participate as members of the Board.

The Governance & Nominating Committee and Board of Directors are polled for suggestions as to individuals meeting the criteria of the Governance & Nominating Committee. Research may also be performed to identify qualified individuals. To date, we have not engaged third parties to identify or evaluate or assist in identifying potential nominees. We reserve the right in the future to retain a third party search firm, if necessary.

Each of our current nominees for director who were not up for election at the 2009 Annual Meeting were recommended by shareholders.

Communication with the Board of Directors

We have a Shareholder Communication Policy for shareholders wishing to communicate with various Board committees and individual members of the Board of Directors. Shareholders wishing to communicate with the Board of Directors, our Governance & Nominating Committee, and specified individual members of the Board of Directors can send communications to the Board of Directors and, if applicable, to the Governance & Nominating Committee or

We do not screen such mail and all such letters will be forwarded to the intended recipient.

Code of Ethics

As part of our system of corporate governance, our Board of Directors has adopted a code of ethics that is specifically applicable to our Chief Executive Officer and senior financial officers. This Code of Ethics for senior financial officers, as well as our Code of Business Conduct and Ethics, applicable to all directors, officers and employees, are available on our web site at www.metcare.com. If we make substantive amendments to this Code of Business Conduct and Ethics or grant any waiver, including any implicit waiver, we will disclose the nature of such amendment or waiver on our website or in a report on Form 8-K.

Director Attendance at Annual Meetings

We have adopted a formal written policy regarding attendance by members of the Board of Directors at Annual Meetings of Shareholders. While members of our Board of Directors are not required to be present at our Annual Meetings, all members of our Board of Directors are welcome and encouraged to attend. All of the members of our Board of Directors serving at the time of our 2009 annual meeting were able to attend the 2009 annual meeting.

Legal Proceedings

There are no pending, material legal proceedings to which any of our directors, officers or affiliates, any owner of record or beneficially of more than five percent of any class of our voting securities, or any associate of any such director, officer, affiliate, or security holder is a party adverse to us or any of our subsidiaries or has a material interest adverse to us.

The Board

Directors are expected to attend meetings of the Board and any Board committees on which they serve. During the fiscal year ended December 31, 2009, our Board of Directors held 18 meetings and took three actions by unanimous written consent. Immediately prior to that time and for all of 2009, the Audit Committee was comprised of Mr. Karl Sachs, Mr. David Florman, Mr. Eric Haskell and Mr. Barry Zeman.

The Board of Directors has determined that each member of the Audit Committee is independent pursuant to the corporate governance rules of the NYSE Amex (the "NYSE Amex Rules"). In April 2010, Mr. Kowaloff was appointed to serve as Lead Independent Director for a two-year term expiring in April 2012. Mr. Haskell previously served as Lead Independent Director from May 2007 until December 2009 when he was appointed as Chairman of the Board. EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

General Philosophy

Our executive compensation program, which is grounded in the principle of pay-for-performance, is intended to reward members of our executive team and senior management for sustained, high-level performance over the short and long term as demonstrated by measurable, company-wide performance metrics and personal contributions which are consistent with our overall growth and goals. We compensate our senior management team through a combination of cash compensation in the form of base salary and cash incentive compensation and equity compensation awards. Our compensation program has been structured to enhance our ability to achieve our short-term and long-term strategic goals and to retain and motivate the members of our executive team and senior management to achieve such goals.

To determine compensation, we first establish a target overall compensation figure for each member of our executive team and senior management and allocate this target amount among base salary, cash incentive compensation and equity compensation awards.

For our most senior executive officers, including our “named executive officers” listed in the Summary Compensation Table, we have designed our cash incentive compensation program predominantly to reward the achievement of company-wide performance goals by tying awards to our operating income.

Board Process for Determining Compensation

Our Compensation Committee has responsibility for evaluating and administering our director and executive officer compensation plans and making recommendations to our Board of Directors with respect thereto, including with respect to the compensation of our Chief Executive Officer. The Compensation Committee is also responsible for annually reviewing and making recommendations to the Board with respect to the compensation, including individual base salaries, cash incentives and equity compensation grants of the other named executive officers. In recommending compensation for the named executive officers, the Compensation Committee consults with the Chief Executive Officer and when it deems appropriate, other appropriate advisors.

Use of Compensation Consultants

Pursuant to its charter, the Compensation Committee has the authority to retain any compensation consultant to assist the Compensation Committee in its evaluation of compensation for our Board of Directors and/or senior executive officers. In accordance with this authority, in December 2006, the Compensation Committee engaged Watson Wyatt to conduct a review of the competitiveness of our compensation program for our named executive officers and our Board of Directors as compared to a peer group and to published survey data for companies with revenues similar to ours. In October 2007, to assist the Compensation Committee make determinations with respect to our executive compensation program for 2008, the Committee asked Watson Wyatt to provide an updated review of the competitiveness of our compensation program for our named executive officers. In late 2008, the Committee consulted with Watson Wyatt on various issues regarding our 2009 executive compensation program.

Use of Employment Agreements

We believe that employment agreements provide us with a mechanism to assist in the retention of our executive officers and provide us with competitive protections through provisions restricting these officers, for a period of time, from commencing employment with a competitor within our service area or soliciting our employees or customers. We believe these agreements provide our officers with security upon their termination without cause or upon a change of control of the company. We are a party to employment agreements with Michael M. Earley, our Chairman and Chief Executive Officer, Dr. Jose Guethon, our President and Chief Operating Officer, Robert J. Sabo, our Chief Financial Officer, and Roberto L. Palenzuela, our General Counsel and Secretary (collectively, the “NEO Employment Agreements”).

2009 Compensation as compared to 2008 Compensation

The primary change to our executive compensation program in 2009 was additional earnings opportunity for the executives with respect to short-term incentive compensation, which was reflected in the terms of our 2009 executive bonus plan. Under the 2009 bonus plan, the maximum amount payable equaled 2.5 times the target bonus percentage, up from 2 times the target bonus percentage under the 2008 plan. Additionally, the bonus thresholds were lowered so that 100% of the target bonus would be payable if the Company hit 93% of budgeted income before income taxes (the “Target Amount”) and 50% of the target bonus would be payable if the Company hit 85% of the Target Amount (or approximately 79% of budgeted income before income taxes). The Compensation Committee considered these lower thresholds to be appropriate considering that budgeted income before income taxes for 2009 was approximately 60% higher than 2008 income before income taxes and at the Target Amount was over 50% higher than 2008 income before income taxes.

Other than increasing the base salary of Dr. Guethon to reflect his promotion to President and Chief Operating Officer in September 2008, we did not make any other changes to the compensation of our named executive officers in 2009 as compared to 2008. In making compensation decisions for 2009, the Compensation Committee balanced the strong company performance and significant company accomplishments in 2008, including the successful sale of our HMO, against the rapidly deteriorating economy. After consulting with Watson Wyatt and reviewing the results of a flash survey completed by them in October/November 2009, the Compensation Committee determined that it was in line with the market to keep executive compensation packages in 2009 at the same level they were at in 2008.

Factors Considered in Determining Executive Compensation

The Compensation Committee considers a variety of factors in coming to decisions regarding compensation for the named executive officers. Competitive market information is an important consideration, but not the only one.

Market competitiveness. In making determinations regarding 2009 executive compensation, the Compensation Committee relied, in part, upon information regarding competitive market pay information and compensation structures provided by Watson Wyatt to the Committee in October 2007. As part of its study, Watson Wyatt compared the compensation paid in 2007 to our named executive officers to the compensation paid by a peer group comprised of 13 similarly sized companies in the healthcare industry (the "Peer Group") as well as to published survey data for issuers with similar revenues (approximately \$250 million) to the Company (the "Published Survey Data"). This study updated the compensation study provided by Watson Wyatt to the Company in December 2006 which compared our performance and the compensation paid in 2006 to our named executive officers to the performance of and compensation paid to the same Peer Group. The Peer Group includes:

- Continucare Corporation
- Radiation Therapy Services, Inc.
- Vistacare, Inc.
- Amedisys, Inc.
- Ventana Medical Systems, Inc.
- Amsurg Corporation
- Pediatrix Medical Group, Inc.
- Horizon Health Corporation
- Thoratec Corporation
- Healthways, Inc.
- Pediatric Services of America, Inc.
- Techne Corporation
- Integramed America, Inc.

For each named executive officer, Watson Wyatt provided the Committee with information as to whether the base salary, target cash bonus as a percentage of base salary and equity incentive compensation as a percentage of base salary paid to the subject named executive officer in 2007 was at, above or below market as compared to the Peer Group and the Published Survey Data. The following table summarizes the results of the Watson Wyatt study.

Named Executive Officer	Base Salary	Cash Bonus as a Percentage of Base Salary	Equity Incentive Compensation as a Percentage of Base Salary
Michael M. Earley	Significantly Below Market	Competitive	Competitive (1)
Dr. Jose Guethon (2)	Competitive	Competitive	Above Market
Robert J. Sabo	Competitive	Competitive	Below Market
Roberto L. Palenzuela	Competitive	Competitive	Competitive

(1) Although Mr. Earley's equity incentive compensation as a percentage of base salary is competitive with the Peer Group and Published Survey Data, since Mr. Earley's base salary for 2007 was significantly below market, the actual dollar value of his equity incentive compensation for 2007 was below the market.

(2) As of the date of the Watson Wyatt study and for a substantial portion of 2008, Dr. Guethon served as the President of our Provider Service Network (our "PSN"). In September 2008, he was promoted to President and Chief Operating Officer.

In setting compensation levels for the named executive officers for 2008, the Compensation Committee sought to provide target compensation—in the aggregate, and generally for each element—that is competitive, and therefore approximates the 50th percentile (or the market median) for comparable positions in the Peer Group and companies included in the Published Survey Data. Individual compensation may be more or less than the median compensation amount when warranted by individual or corporate performance.

In December 2008, the Chairman of the Compensation Committee and the Lead Independent Director, now Chairman of the Board, consulted with Watson Wyatt regarding 2009 compensation considerations.

Although Watson did not provide a formal report, it informed the directors that, based upon a review of the still existing members of the Peer Group, the CEO's base salary continued to be materially less than CEOs of the Peer Group companies. Mr. Earley, however, had indicated to the Compensation Committee that he did not desire a raise for 2009. Watson further indicated that the base salaries for the CFO and General Counsel continued to be competitive as compared to the Peer Group companies.

Watson further indicated that equity compensation as a percentage of base salary continued to be competitive as compared to the Peer Group companies.

Our executive compensation policies are generally applied in the same manner to all of the named executive officers, although the Chief Executive Officer's compensation package is designed to incorporate a more significant performance based component than our other named executive officers. The comparison to the market median is done on a position by position basis and takes into account the relative responsibilities and authority of each named executive officer. The differences in amounts of compensation for each named executive officer reflect the significant differences in the scope of responsibilities and authority attributed to their respective positions.

Performance. Our policy is to provide our executive officers with compensation opportunities that are based upon their individual performance, the performance of the Company and their contribution to that performance. The Compensation Committee considers these performance factors when approving adjustments to the compensation of the named executive officers.

Mix of current and long-term compensation. Because the successful operation of the Company's business requires a long-term approach, one of the important components of the program is long-term compensation by means of long-term incentives. The Compensation Committee believes that the incorporation of a long-term compensation element assists in the alignment of the named executive officers' interests with the economic interests of the Company's shareholders.

- 26 -

Impact and mix of cash vs. non-cash compensation. The Compensation Committee considers both the cost and the motivational value of the various components of compensation. The Compensation Committee has determined that current compensation—base salary and annual bonuses—should be delivered in cash, but that long-term incentive compensation should include stock-based compensation so that the long-term financial rewards available to the named executive officers are linked to increases in our value over the long-term. The Compensation Committee believes that this also aligns the named executive officers' interests with the economic interests of the Company's shareholders.

The Elements of Our Executive Compensation Program

The elements of our executive compensation program are as follows:

- cash compensation in the form of base salary;
- cash compensation in the form of incentive compensation (i.e. performance-based bonuses); and
- equity-based awards.

In addition, as discussed above, the NEO Employment Agreements provide for potential payments upon termination of employment for a variety of reasons, including a change in control of our Company. Each of these elements is discussed below.

Pursuant to our executive compensation program for fiscal 2009, the allocation of compensation among base salary, target performance-based bonus and equity-based awards was relatively consistent among our named executive officers, other than our Chief Executive Officer, with base salary generally comprising between 45% and 57% of the named executive officer's total compensation package for 2009, the target bonus generally comprising between 22% and 23% of a named executive officer's total compensation package for 2009 and equity awards generally comprising between 20% and 32% of a named executive officer's total compensation package for 2009.

The Chief Executive Officer's compensation package for 2009 had a more significant performance based component than our other named executive officers, with base salary comprising only 41% of his total compensation package while target bonus and equity awards comprised 20% and 37%, respectively, of his total compensation package.

In allocating executive compensation among these elements, we believe that, in light of their significant ability to influence our performance, the compensation of our senior-most management team and, most especially, our Chief Executive Officer should have a large performance based component.

Base Salaries

We include base salary as part of executive compensation because we want to provide our executive officers with a level of assured cash compensation that facilitates an appropriate lifestyle in light of their professional status and accomplishments. In accordance with our Compensation Policy, base salaries are set at levels which are intended to produce the highest value for us at an appropriate cost, reflect the individual's responsibilities, tenure and past performance and be competitive with the Peer Group.

Each named executive officer's employment agreement specifies a minimum level of base salary. The Board of Directors, however, may, in its discretion, set each executive's salary at any higher level that it deems appropriate. Accordingly, the Compensation Committee generally evaluates and recommends the base salaries for our named executive officers annually. Changes in each officer's base salary on an annual basis depend upon the Compensation Committee's and the Board's assessment of Company and individual performance as well as an assessment of the competitiveness of the officer's base salary to companies included in the Peer Group and the Published Survey Data. For 2009, the Compensation Committee set each named executive officer's base salary as follows:

Name	2009 Base Salary
Michel M. Earley	\$ 375,000
Jose A. Guethon, M.D.	\$ 336,000
Robert J. Sabo	\$ 270,000
Roberto L. Palenzuela	\$ 225,000

For 2008, the median base salaries and total compensation paid by companies in the Peer Group and companies included in the Published Survey Data were the starting point of the analysis of base salary for each of the named executive officers. However, the Compensation Committee also analyzed a number of other factors in determining appropriate salary levels, including, but not limited to:

- the relative experience and skills of the subject officer;
- the importance of the particular position to us;
- the level of responsibilities assigned to the subject officer;
- the difficulty in replacing the executive;
- the subject officer's historical performance in light of the Corporate Objectives;
- our operating performance to date during his tenure with us;
- internal alignment considerations; and
- inflation.

As described further below, target cash incentive compensation and equity awards are generally set as a percentage of each named executive officer's base salary.

The relative weight applied to each of the foregoing factors varied with each position and individual and was within the sole discretion of the Compensation Committee. Decisions regarding the individual performance factors identified above and used by the Compensation Committee in making base salary decisions for each named executive officer, other than the CEO, were based on the Compensation Committee's review of the Chief Executive Officer's evaluation of the officer's individual performance for the prior year. Decisions regarding the individual performance factors identified above and used in making base salary decisions for the Chief Executive Officer were based on the Board of Directors' review of the CEO's individual performance for the prior year.

As discussed above, the Compensation Committee determined that, in light of the economic crisis, it was appropriate to keep base salaries at the same level in 2009 as in 2008. Notwithstanding the foregoing, the Compensation Committee recommended an increase in Dr. Guethon's base salary from \$320,000 to \$336,000 in consideration of his

promotion to President and Chief Operating Officer.

Cash Incentive Compensation

Our executive bonus plan is a performance-based cash incentive plan designed to promote our interests and the interests of our shareholders by providing employees with financial rewards upon achievement of specified business objectives, as well as helping us attract and retain key employees. Under this plan, additional cash is payable to our named executive officers based upon the degree that the performance goals recommended by the Compensation Committee and approved by the Board are met. The amount of cash incentive compensation earned by our named executive officers in 2009 is set forth in the “Non-Equity Incentive Plan Compensation” column of the 2009 Summary Compensation Table. These amounts were paid in February 2010 and were included in our results of operations for the year ended December 31, 2009.

The Compensation Committee assigns the named executive officers a competitive incentive target for each year under our executive bonus plan. The target incentive is expressed as a percentage of the participant’s annual base salary as of the end of the year and is designed by the Compensation Committee to be indicative of the incentive payment that each participant would expect to receive on the basis of our strong performance and the strong individual performance by our senior vice presidents and vice presidents reporting to our named executive officers. The Compensation Committee set 2009 target incentives (“Target Bonus”) for each of the named executive officers at the percentage of base salary as set forth below:

Name	Percentage of Base Salary at Target
Michel M. Earley	70%
Jose A. Guethon, M.D	50%
Robert J. Sabo	50%
Roberto L. Palenzuela	40%

For each named executive officer, the Target Bonus percentage for 2009 was the same as the target bonus percentage for 2008.

Depending on our income before income taxes in 2009, actual cash incentive compensation payable under our executive bonus plan to each named executive officer could have been as low as zero or as high as the percentage of base salary set forth next to his name below.

Name	Maximum Percentage of Base Salary
Michel M. Earley	175%
Jose A. Guethon, M.D	125%
Robert J. Sabo	125%
Roberto L. Palenzuela	100%

In 2009, for our named executive officers to be eligible to receive the full Target Bonus under our executive bonus plan, our consolidated year-end income before income taxes for 2009 was required to equal or exceed \$25.37 million (the “Target Goal”), which was 93% of our budgeted consolidated year-end income before income taxes of \$27.29 million. For our named executive officers to be eligible to receive any bonus under the executive bonus plan, our consolidated year end income before income taxes for 2009 was required to equal or exceed \$21.57 million (the “Threshold Goal”), which was 85% of Target Goal. Our 2009 consolidated year-end income before income taxes, as adjusted by the Committee to take into account the costs associated with the anticipated CEO succession, gain on the sale of our HMO in 2008 and changes in estimates of HMO associated accounts, was approximately \$23.03 million. Accordingly, each of our named executive officers were eligible to receive annual incentive compensation

equal to between 27% and 48% of his 2009 base salary as set forth in the Summary Compensation Table. Bonuses under the plan were paid in February 2010.

- 29 -

Equity Compensation

Prior to 2007, the primary form of equity compensation that we had awarded consisted of non-qualified stock options, which we believe provided a strong motivation to our executives to continue to seek growth in our business. In 2007, we began utilizing restricted stock grants in addition to option grants. Grants of restricted stock are increasingly becoming a trend in our industry and we believe that this type of award provides an equally motivating form of incentive compensation while permitting us to issue fewer shares, thereby reducing potential dilution of our shareholders.

Each year, the Compensation Committee assigns each named executive officer a competitive equity incentive dollar amount expressed as a percentage of the participant's annual base salary for the subject year. In setting this percentage, in addition to competitive market information, the Compensation Committee considers our operating results and performance, individual performance against the individual's objectives, as well as the allocation of overall share usage attributed to executives and the total number of shares issued in the grant relative to our outstanding shares. We do not place particular emphasis on any one factor but rather analyze the appropriateness of rewarding equity compensation in light of each of these considerations.

The Compensation Committee set 2009 equity incentives for each of the named executive officers at the percentage of base salary as set forth below:

Name	Percentage of Base Salary
Michel M. Earley	100%
Jose A. Guethon, M.D	70%
Robert J. Sabo	70%
Roberto L. Palenzuela	40%

For each named executive officer, the equity award percentage for 2009 was the same as the equity award percentage for 2008.

Equity awards for any year are generally issued to the named executive officers in February of the subject year and are generally paid approximately 60% in stock options and approximately 40% in restricted shares of Common Stock. See "Grants of Plan Based Awards" for information as to the total number of stock options and restricted shares of Common Stock granted to our named executive officers in 2009.

Options and restricted stock are generally granted pursuant to our Omnibus Equity Compensation Plan. Both our stock options and restricted stock granted to our employees generally vest ratably on an annual basis over a four year service period and expire after a ten year term. The exercise price for option grants is based on the closing price of our Common Stock on the NYSE Amex on the grant date. Stock options only have compensatory value if the market price of the Common Stock increases after the grant date.

Severance Benefits and Change in Control Payments

Pursuant to our NEO Employment Agreements, our named executive officers are entitled to receive certain severance payments upon their death, disability, termination without cause, resignation for good reason and upon a change in control of the Company. These benefits are designed to promote stability and continuity of senior management as well as to recognize the potential difficulty for such individuals to locate comparable employment within a short period of time. Information regarding applicable payments under such agreements for the named executive officers is provided under the heading "Potential Payments Upon Termination or Change-In-Control."

Retirement Plan

The Metropolitan Health Networks 401(k) Plan (the "401(k) Plan") is a tax qualified employee savings and retirement plan covering our eligible employees, including our named executive officers. At our discretion, we may make a matching contribution and a non-elective contribution to the 401(k) Plan. The rights of the participants in the 401(k) Plan to our contributions do not fully vest until such time as the participant has been employed by us for three years. In 2009, we made matching contributions to our named executive officers.

Perquisites and Other Benefits

We provide our named executive officers with perquisites and other personal benefits that we and the Compensation Committee believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain talented employees for key positions. We periodically review the levels of perquisites and other personal benefits provided to named executive officers.

The named executive officers are each provided automobile allowances and mobile phone allowances. We believe these allowances enable our executives to be available to customers and employees at all times.

The named executive officers also participate in our medical, dental and life insurance plans to the same extent as our other employees. Upon relocation, key executive officers may receive, at the discretion of the Board of Directors, a relocation allowance in amounts individually negotiated at the time of relocation.

Stock Ownership Guidelines

In 2007, our Board of Directors adopted stock ownership guidelines for our senior executives, including our named executive officers, and for non-employee members of our Board of Directors. The Compensation Committee monitors progress under these guidelines annually. Although we expect each senior executive and director to make annual progress towards his or her target, each senior executive and non-employee member of our Board of Directors will have five years from the earlier of (a) the date he or she becomes a senior executive or non-employee director and (b) the date the guidelines were adopted to meet his or her target. If an executive is promoted and the target is increased, an additional five-year period will be provided to meet the increase in the target attributable to the promotion. Targets for our executives increase with rank in the organization and are based upon multiples of base salary. Shares counted toward the guidelines include:

- shares of Common Stock owned outright by the senior executive or director or his or her immediate family members residing in the same household;

- shares of Common Stock owned jointly by the senior executive or director with a spouse or children;
- shares of Common Stock held in trust for the benefit of the senior executive or director;
- restricted shares of Common Stock owned by the senior executive or director, whether or not vested;
- shares of Common Stock held in our 401(k) Retirement Savings Plan for the benefit of the executive or director; and
- shares of Common Stock acquired by the senior executive or director upon stock option exercises.

Material Changes since December 31, 2009

On January 26, 2010, our Board of Directors, upon the recommendation of our Compensation Committee, fixed the 2010 base salaries of our President and Chief Operating Officer, our Chief Financial Officer and our General Counsel (the “Applicable Officers”) and awarded each Applicable Officer a one-time retention bonus payable in restricted shares of our common stock (the “Retention Shares”) in an amount equal to his 2010 base salary. The number of Retention Shares issued in satisfaction of the bonus amounts was based upon the closing price of our common stock on the grant date. The following table sets forth the 2010 base salary of and the number of Retention Shares issued to each Applicable Officer:

Name and Title	2010 Base Salary	Percentage Increase Over 2009 Base Salary	Number of Retention Shares Issued in Connection with Bonus
Jose A. Guethon, M.D. President and Chief Operating Officer	\$ 346,080	3 %	155,193
Robert J. Sabo Chief Financial Officer	\$ 278,100	3%	124,709
Roberto L. Palenzuela General Counsel and Secretary	\$ 231,750	3%	103,924

The 2010 base salary is effective retroactive to January 1, 2010.

The Retention Shares vest in four equal annual installments commencing on the first anniversary of the grant date. Notwithstanding the foregoing, any unvested Retention Shares held by an Applicable Officer will automatically vest upon a change in control, the subject officer’s resignation for good reason, death or disability at any time or upon the termination of the subject officer without cause prior to the second anniversary of the grant date.

On February 24, 2010, upon the recommendation of the Compensation Committee, the Board established the target bonus amounts and the performance criteria applicable to the Company's 2010 bonus plan for executive officers and certain key management employees (the “2010 Bonus Plan”).

For the named executive officers, bonuses will be payable under the Bonus Plan based upon our income before income taxes for the year ending December 31, 2010 (“2010 IBIT”). For any bonus to be paid to a named executive officer under the 2010 Bonus Plan, we must first achieve at least 80% (the “Threshold Goal”) of our budgeted 2010 IBIT (the “Budgeted IBIT”). Provided the Threshold Goal is satisfied, the named executive officers shall receive some level of bonus.

In the event that we achieve 100% of the Budgeted IBIT (the “Target Goal”), the named executive officers will be entitled to receive a bonus (the “Target Bonus”) equal to the percentage of their base salary set forth below.

Title	Percentage of Base Salary at Target
Chief Executive Officer	70%
Chief Financial Officer	50%
President and Chief Operating Officer	50%
General Counsel	40%

Actual bonuses payable may be as high as 250% of the Target Bonus or as low as zero depending on the Company's 2010 IBIT.

As a general rule, bonus awards under the 2010 Bonus Plan are subject to the participant’s employment with us as of December 31, 2010. Bonuses pursuant to the Bonus Plan are anticipated to be paid once we complete the audit of our financial statements for the fiscal year ending December 31, 2010.

On April 26, 2010, our Board of Directors, upon the recommendation of our Compensation Committee, fixed the 2010 base salaries of our Chief Executive Officer at \$386,250, representing a 3% increase from his 2009 base salary. The 2010 base salary is effective retroactive to January 1, 2010.

Compensation Committee Report

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Pension Benefits

We do not have any plans that provide for payments or other benefits at, following or in connection with the retirement of our employees, including our named executive officers.

Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans

We do not have any defined contribution or plans that provide for the deferral of compensation on a basis that is not tax-qualified.

Potential Payments Upon Termination or Change-In-Control.

The tables below reflect the amount of compensation payable to each of the named executive officers in the event of termination of such officer’s employment. The amount of compensation payable to each officer pursuant to his employment agreement (i) upon termination for cause or resignation without good reason, (ii) upon termination without cause or resignation for good reason, (iii) in the event of disability or death of the executive and (iv) upon termination following a change of control is shown below. The amounts shown assume that such termination was effective as of December 31, 2009, and thus include amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such executive’s separation from the Company.

Payments Made Upon Termination For Cause or Resignation Without Good Reason

In the event an executive officer is terminated for cause or resigns his or her employment without good reason, we are required pursuant to our employment agreements to:

- pay the executive any unpaid base salary earned through the date of termination or resignation; and

- 40 -

- reimburse the executive for reasonable business expenses incurred prior to the date of termination or resignation.

Under our employment agreements with the named executive officers, “cause” is defined to include (i) an action or omission of the executive which constitutes a willful and material breach of, or failure or refusal (other than by reason of disability) to perform his or her duties under the employment agreement, which is not cured within 15 days after notice thereof, (ii) fraud, embezzlement, misappropriation of funds or breach of trust in connection with his or her services under the employment agreement, (iii) conviction of a felony or any other crime which involves dishonesty or a breach of trust or (iv) gross negligence in connection with the performance of the executive’s duties under the employment agreement, which is not cured within 15 days after notice thereof.

Under our employment agreements with the named executive officers, “good reason” is defined to include (i) the assignment to the executive of any duties or responsibilities inconsistent in any respect with the executive’s position or a similar position in the Company or one of our subsidiaries, (ii) any other action by us which results in a substantial and compelling diminution of the executive’s position, authority, duties or responsibilities, excluding an isolated, insubstantial and inadvertent action not taken in bad faith which we remedy within 15 days of notice by the executive or (iii) our breach of certain provisions of the employment agreement, other than an isolated, insubstantial and inadvertent failure not taken in bad faith which we remedy promptly after receipt of notice by the executive, (iii) our requiring the executive to be based at any office or location outside the area for which he or she was originally hired to work, except for travel reasonably required in the performance of his or her responsibilities. Any good faith determination of “good reason” made by our Board of Directors is conclusive pursuant to our employment agreements.

Upon an executive officer’s termination for cause or resignation without good reason, any options granted to such executive pursuant to our Omnibus Equity Compensation Plan (the “Omnibus Plan”) and vested as of the date of termination or resignation will generally remain exercisable for a period of up to three months, although our Compensation Committee has the right to cancel or suspend the option if the executive is terminated for cause or the Compensation Committee determines that the executive is competing or has competed with us. Any unvested options granted pursuant to the Omnibus Plan will immediately terminate.

Payments Made Upon Termination Without Cause, Resignation For Good Reason, Death or Disability

In the event an executive officer is terminated without cause, resigns his or her employment for good reason, dies or becomes disabled, we are required pursuant to our employment agreements to:

- pay the executive (or his estate, as applicable) any unpaid base salary earned through the date of termination or resignation;
- continue to pay the executive’s base salary for a period of twelve months from the date of termination or resignation;
- continue to allow the executive to participate in all benefit plans offered by us to our executives for a period of twelve months from the date of termination or resignation or, if participation in any such plan is not possible, pay the executive (or his estate, as applicable) cash equal to the value of the benefit that otherwise would have accrued for the executive’s benefit under such plan for the period during which such benefits could not be provided under the plan;

- reimburse the executive for reasonable business expenses incurred prior to the date of termination or resignation; and
- pay the executive (or his estate, as applicable) for any unused vacation days.

Pursuant to our Compensation Policy, unless otherwise decided by the Board, in order to be eligible for a bonus in respect of any fiscal year, it is anticipated that an executive must be employed by us as of the end of such year. For our executives with employment agreements, which includes all of our named executive officers, unless otherwise decided by the Board, if such executive's employment is terminated following the end of the calendar year to which a bonus relates but prior to the date bonuses are paid, the determination of whether such executive is entitled to receive his or her bonus for the prior calendar year will depend on whether, pursuant to the applicable employment agreement, we are required to pay the executive his or her base salary for any period following the termination of employment. If we are required to continue to pay an executive's base salary for any post-employment period, such executive will receive any bonus payable pursuant to our executive bonus plan contemporaneously with other members of our management team as if he continued to be employed by us. If we are not required to continue to pay an executive's base salary for any post-employment period, such executive will not receive any bonus with respect to the prior year.

Upon an executive officer's resignation with good reason, any options granted to such executive pursuant to our Omnibus Plan and vested as of the date of resignation will generally remain exercisable for a period of up to three months and any unvested options granted pursuant to the Omnibus Plan will immediately terminate. Any unvested restricted shares held by the executive as of the date of his resignation for good reason will automatically vest as of the resignation date.

Upon an executive officer's termination without cause, any options granted to such executive pursuant to our Omnibus Plan and vested as of the date of termination will generally remain exercisable for a period of up to three months. Any unvested options granted under the Omnibus Plan generally will become immediately exercisable and fully vested in accordance with their terms and exercisable for three months following the date of termination. Any unvested restricted shares held by the executive as of the date of his termination without cause will automatically vest as of the termination date.

Upon an executive officer's death or disability, any options granted to such executive pursuant to our Omnibus Plan and vested as of the date of termination will generally remain exercisable for a period of one year. Any unvested options granted under the Omnibus Plan generally will become immediately exercisable and fully vested in accordance with their terms and exercisable for one year following the date of termination. Any unvested restricted shares held by the executive as of the date of his death or disability will automatically vest as of the date of the executive's termination from the employ of the Company on account of death or disability.

The following table shows amounts that would be payable to each named executive officer upon his termination without cause, death or disability. The amounts in the table assume that the listed officer left Metropolitan effective December 31, 2009 and are based on the price per share of our Common Stock on that date of \$1.99. Amounts actually received should any of the listed officers cease to be employed will vary based on factors such as the timing during the year of any such event, our stock price and any changes to our benefit arrangements and policies.

Payments Made Upon Termination Following a Change in Control

In the event that following a “change in control” of the Company (as defined below), an executive officer is terminated without cause or resigns for good reason within one year of the event causing the “change in control”, we are required pursuant to our employment agreements to:

- pay the executive any unpaid base salary earned through the date of termination or resignation;
- pay the executive a single lump sum payment of an amount equal to his or her then annual base salary plus bonuses payable, the value of annual fringe benefits paid to him or her in the year preceding the year of termination, and the value of the portion of his or her benefits under any deferred compensation plan which are forfeited for reason of the termination.
- reimburse the executive for reasonable business expenses incurred prior to the date of termination or resignation; and
 - pay the executive (or his estate, as applicable) for any unused vacation days.

A “change in control” will be deemed to occur pursuant to our employment agreements in the event the shareholders of the Company approve (x) the sale of substantially all of our assets, (y) our liquidation or dissolution or (z) a merger or other similar transaction which would result in our shareholders prior to the transaction owning 50% or less of the combined voting power of the merged entity immediately following the transaction. In addition, with certain exceptions, a “change of control” will be deemed to occur upon any person or group’s acquisition of more than 50% of our outstanding shares or voting power.

Under the provisions of the Omnibus Plan and our award agreements with our executives, upon a change in control of the Company, any outstanding unvested stock options and restricted shares will become immediately and automatically vested.

The following table shows amounts that would be payable upon each named executive officer’s termination following a change in control. The amounts in the table assume that the listed officer left Metropolitan effective December 31, 2009 and are based on the price per share of our Common Stock on that date of \$1.99. Amounts actually received should any of the listed officers cease to be employed will vary based on factors such as the timing during the year of any such event, our stock price and any changes to our benefit arrangements and policies.

Such persons are required by SEC regulation to furnish us with copies of all such reports they file.

Based solely on our review of the copies of such reports furnished to us or written representations that no other reports were required, we believe that all Section 16(a) filing requirements applicable to our officers, directors and greater than ten (10%) percent beneficial owners have been complied with during the year ended December 31, 2009 except for one late Form 4 filed by Dr. Harrison, a former member of the Board of Directors.

TRANSACTIONS WITH RELATED PERSONS

Stock and Stock Option Repurchases

In connection with our stock repurchase program, after the close of trading on September 8, 2009, we entered into stock and stock option repurchase agreements with certain of our directors and executive officers (collectively, the "Stock and Option Repurchase").

More specifically, as detailed in the following table, we agreed to repurchase an aggregate of 500,000 shares of the Common Stock at a per share price of \$2.1462 (the "Per Share Price"), which is equal to a two percent discount to the closing price of the Common Stock on the NYSE AMEX on September 8, 2009.

Name	Title	Number of Shares to be Repurchased	Total Repurchase Price
Dr. Martin W. Harrison	Former Director (1)	250,000	\$ 536,550
Karl M. Sachs	Former Director (2)	230,000	\$ 493,626
Robert J. Sabo	Chief Financial Officer	20,000	\$ 42,924

(1) Dr. Harrison resigned as a member of the Board effective March 8, 2010.

(2) Mr. Sachs resigned as a member of the Board effective April 23, 2010.

In addition, as detailed in the following table, we agreed to repurchase options exercisable for an aggregate of 567,500 shares of the Common Stock at a price per option equal to the difference between the exercise price of the subject option and the Per Share Price:

Name	Title	Number of Options to be Repurchased	Total Repurchase Price
Dr. Jose A. Guethon	President and Chief Operating Officer	300,000	\$ 70,360
Roberto L. Palenzuela	General Counsel	267,500	\$ 261,558

The Stock and Option Repurchase, which was approved by a special subcommittee of the Audit Committee formed for the purpose of negotiating and reviewing the Stock and Option Repurchase and comprised of those members of the Board of Directors who did not participate as sellers in the Stock and Option Repurchase, closed on September 10, 2009. The Stock and Option Repurchase was also approved by those members of the Board who did not participate as sellers in the Stock and Option Repurchase.

The directors and officers who participated as sellers in the Stock and Option Repurchase identified investment diversification, estate planning, desired liquidity and satisfaction of tax liabilities as reasons for entering into the Stock and Option Repurchase.

In connection with our stock repurchase program, on December 9, 2009, we repurchased options to purchase 116,667 shares of the Common Stock from Mr. Earley for aggregate consideration of \$180,974. The options, which were scheduled to expire on December 31, 2009, were repurchased at a price per option equal to the difference between (i) the exercise price of the subject option and (ii) \$1.9012, which is equal to a two percent discount to the closing price of the Common Stock on the NYSE AMEX on December 8, 2009.

REVIEW OF RELATED PARTY TRANSACTIONS

The Board of Directors has delegated to the Audit Committee the responsibility to review and approve all transactions or series of transactions in which we or a subsidiary is a participant, the amount involved exceeds \$120,000 and a "Related Person" (as defined in Item 404 of Regulation S-K") has a direct or indirect material interest. Transactions that fall within this definition will be referred to the Audit Committee for approval, ratification or other action. Based on its consideration of all of the relevant facts and circumstances, the Audit Committee will decide whether or not to approve such transaction and will approve only those transactions that are in the best interests of the Company.

- the reasons for conducting such business at the meeting; and
- any material interest in such business of such shareholder and the beneficial owner, if any, on whose behalf the proposal is made.
