was a defendant in an action for money damages, or had a judgment for money damages docketed against it and, in either case, after final judgment, the judgment was unsatisfied.

A bankruptcy court would likely find that a subsidiary guarantor received less than fair consideration or reasonably equivalent value for its note guarantee to the extent that it did not receive any direct or indirect benefits from the issuance of the notes. A bankruptcy court could also void a note guarantee if it found that the subsidiary issued its note guarantee with actual intent to hinder, delay, or defraud creditors.

Although courts in different jurisdictions measure solvency differently, in general, an entity would be deemed insolvent if the sum of its debts, including contingent and unliquidated debts, exceeds the fair value of its assets, or if the present fair salable value of its assets is less than the amount that would be required to pay the expected liability on its debts, including contingent and unliquidated debts, as they become due.

If a court voided a note guarantee, it could require that noteholders return any amounts previously paid under such note guarantee. If any note guarantee were voided, noteholders would retain their rights against us and any other subsidiary guarantors, although there is no assurance that those entities' assets would be sufficient to pay the notes in full.

Any Future Pledge of Collateral Might be Avoidable in Bankruptcy.

Any future pledge of collateral in favor of the collateral agent, including pursuant to security documents delivered after the date of the indenture governing the notes, might be avoidable by the pledgor (as debtor in possession) or by its trustee in bankruptcy if certain events or circumstances exist or occur, including, among others, if the pledgor is insolvent at the time of the pledge, the pledge permits the noteholders to receive a greater recovery than if the pledge had not been given and a bankruptcy proceeding in respect of the pledgor is commenced within 90 days following the pledge, or, in certain circumstances, a longer period.

Table of Contents

The Collateral is Subject to Casualty Risks.

The indenture governing the notes and the security documents requires us and the guarantors to maintain adequate insurance or otherwise insure against risks to the extent customary with companies in the same or similar business operating in the same or similar locations. There are, however, certain losses, including losses resulting from terrorist acts, that may be either uninsurable or not economically insurable, in whole or in part. As a result, we cannot assure you that the insurance proceeds will compensate us fully for our losses. If there is a total or partial loss of any of the collateral securing the notes, we cannot assure you that any insurance proceeds received by us will be sufficient to satisfy all the secured obligations, including the notes.

There are Circumstances other than Repayment or Discharge of the Notes Under which the Collateral Securing the Notes will be Released Automatically, without Consent of the Trustee or Noteholders.

Under various circumstances, collateral securing the notes will be released automatically, including:

with respect to collateral owned by a guarantor, upon the release of such guarantor from its note guarantee;

upon a disposition of such collateral in a transaction not prohibited under the indenture;

with respect to any particular item of collateral, assuming the notes do not constitute the largest class of outstanding pari passu secured obligations at such time, upon release by the authorized representative for the largest class of outstanding pari passu secured obligations at such time of the liens on such item of collateral and the concurrent release of the liens on such item securing any other pari passu secured obligations; or

if such property or other asset is or becomes an excluded asset pursuant to the security documents.

The indenture governing the notes permits us to designate one or more of our restricted subsidiaries that is a guarantor as an unrestricted subsidiary. If we designate a guarantor that is a subsidiary as an unrestricted subsidiary for purposes of the indenture, all of the liens on any collateral owned by such subsidiary or any of its subsidiaries, and any guarantees of the notes by such subsidiary or any of its subsidiaries, will be released under the indenture. Designation of an unrestricted subsidiary will reduce the aggregate value of the collateral securing the notes to the extent that liens on the assets of the unrestricted subsidiary and its subsidiaries are released. In addition, the creditors of the unrestricted subsidiary and its subsidiaries will have a senior claim on the assets of such unrestricted subsidiary and its subsidiaries.

Any of these events will reduce the aggregate value of the collateral securing the notes.

We will in Most Cases have Control over the Collateral, and the Sale of Particular Assets by us could Reduce the Pool of Assets Securing the Notes and the Note Guarantees.

The security documents allow us to remain in possession of, retain exclusive control over, freely operate, and collect, invest and dispose of any income from, the collateral securing the notes and the note guarantees. So long as no default or event of default under the indenture would result therefrom, we may, among other things, without any release or consent by the collateral agent, conduct ordinary course activities with respect to collateral, such as selling, factoring, abandoning or otherwise disposing of collateral and making ordinary course cash payments (including repayments of indebtedness). To the extent that additional indebtedness and obligations are secured by the collateral, our control over the collateral may be diminished.

You may have Limited Rights to Enforce Remedies Under the Security Documents, and the Collateral may be Released without your Consent in Certain Circumstances.

If we issue additional pari passu secured indebtedness, subject to our compliance with the restrictive covenants in the indenture governing the notes at the time we issue such additional senior secured indebtedness, the collateral agent will enter into an intercreditor agreement with the collateral agent for the holders of such additional pari passu secured indebtedness. Under the terms of the intercreditor agreement, the collateral agent will pursue remedies and take other action related to the collateral, including the release

Table of Contents

thereof, pursuant to the direction of the authorized representative for the holders of the largest class of outstanding obligations secured by liens on the collateral, including the notes. There can be no assurance that the notes will always represent the largest class of obligations secured by liens on the collateral. Accordingly, noteholders may not always have the right to control the remedies and the taking of other actions related to the collateral. In addition, all collateral sold or otherwise disposed of in accordance with the terms of the documents governing the pari passu secured obligations will automatically be released from the lien securing the notes and the lien securing the other pari passu secured obligations. Accordingly, any such sale or other disposition in a transaction that does not violate the asset disposition covenant of the indenture governing the notes may result in a release of the collateral subject to such sale or disposition. See Description of the Exchange Notes Limitation on Asset Sales. Under the intercreditor agreement, the collateral agent may not object following the filing of a bankruptcy petition to any debtor-in-possession financing or to the use of the shared collateral to secure that financing, subject to conditions and limited exceptions, if at such time the notes are not the largest class of outstanding obligations secured by liens on the collateral. After such a filing, the value of the collateral could materially depreciate, and the noteholders would be unable to raise an objection.

The Value of the Collateral Securing the Notes may not be Sufficient to Secure Post-Petition Interest.

In the event of a bankruptcy proceeding against us or any guarantor, the noteholders will be entitled to post-petition interest, costs and attorneys' fees under the bankruptcy code to the extent the value of their security interest in the collateral (which would be determined after taking into consideration, among other things, any equal ranking or prior ranking lien claims in the collateral) is greater than their pre-bankruptcy claim. The noteholders that have a security interest in the collateral with a value equal to or less than their pre-bankruptcy claim will not be entitled to post-petition interest, costs and attorney's fees under the bankruptcy code. The bankruptcy trustee, the debtor-in-possession or competing creditors could possibly assert that the fair market value of the collateral with respect to the notes on the date of the bankruptcy filing was less than the then-current principal amount of the notes. Upon a finding by a bankruptcy court that the notes are under collateralized, the claims in the bankruptcy proceeding with respect to the notes would be bifurcated between a secured claim and an unsecured claim, and the unsecured claim would not be entitled to the benefits of security in the collateral. No appraisal of the fair market value of the collateral securing the notes has been prepared in connection with the offering of the notes and, therefore, the value of the collateral agent's interest in the collateral may not equal or exceed the principal amount of the notes. We cannot assure you that there will be sufficient collateral to satisfy our and the guarantors' obligations under the notes.

We may not be Able to Fulfill our Repurchase Obligations with Respect to the Notes Upon a Change of Control or an Asset Sale.

If we experience certain change of control events, we are required by the indenture governing the notes to offer to repurchase all outstanding notes at a repurchase price equal to 101% of the principal amount of notes repurchased, plus accrued and unpaid interest and special interest, if any, to the applicable repurchase date. In addition, under certain circumstances, if we sell assets and fail to apply the net proceeds therefrom as provided in the indenture, we must offer to repurchase the notes at a repurchase price equal to 100% of the principal amount of the notes repurchased, plus accrued and unpaid interest and special interest, if any, to the applicable repurchase date. The instruments governing our future indebtedness may also provide that certain change of control events or asset sales will constitute events of default thereunder. Such defaults could result in amounts outstanding under such other indebtedness becoming immediately due and payable.

If a change of control event or an asset sale were to occur, we cannot assure you that we would have sufficient funds to repay any notes that we would be required to offer to purchase or that would become immediately due and payable as a result of such change of control event or asset sale. We may require additional financing from third parties to fund any such repurchases, and we cannot assure you that we would be able to obtain additional financing on satisfactory terms or at all. Our failure to repay noteholders who tender notes for repurchase following a change of control event

could result in an event of default under the indenture governing the notes. Any future indebtedness to which we become a party may also prohibit us from purchasing notes. If a change of control event or an asset sale occurs at a time when we are prohibited from

Table of Contents

purchasing notes, we may have to either seek the consent of the applicable lenders to the purchase of notes or attempt to refinance the borrowings that contain such prohibition. Our failure to obtain such a consent or to refinance such borrowings may preclude us from purchasing tendered notes and trigger an event of default under the indenture governing the notes, which may, in turn, constitute a default under other indebtedness.

Noteholders may not be Able to Determine when a Change of Control Giving Rise to Mandatory Repurchase Rights has Occurred Following a Sale of Substantially All of our Assets and our Restricted Subsidiaries Assets.

The definition of change of control in the indenture governing the notes includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of all or substantially all of our assets and our restricted subsidiaries assets. There is no precise established definition of the phrase substantially all under applicable law. Accordingly, the ability of a noteholder to require us to repurchase notes as a result of a sale, transfer, conveyance, assignment or other disposition of less than all of our assets and our restricted subsidiaries assets to another individual, group or entity may be uncertain.

No Active Trading Market Exists for the Notes and, if an Active Trading Market for the Notes does not Develop, you may not be Able to Resell Them.

The notes are a new issue of securities for which there is currently no public market. We do not intend to file an application to have the notes listed on any securities exchange or included for quotation on any automated dealer quotation system. There is no established public trading market for the notes, and an active trading market may not develop. If no active trading market develops, you may not be able to resell your notes at their fair market value or at all. Future trading prices of the notes will depend on many factors, including, among other things, our ability to effect the exchange offer, prevailing interest rates, our financial condition and results of operations, the volume of noteholders and the market for similar securities. The initial purchaser has advised us that it intends to make a market in the notes, but it is not obligated to do so. The initial purchaser may discontinue any market making in the notes at any time, in its sole discretion.

In the past, the market for debt securities has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes. We cannot assure you that the market, if any, for the notes will be free from similar disruptions or that any such disruptions may not adversely affect the prices at which noteholders may sell their notes.

If a Bankruptcy Petition were Filed by or Against us, Holders of Notes may Receive A Lesser Amount for their Claim than they would have been Entitled to Receive Under the Indenture Governing the Notes.

If a bankruptcy petition were filed by or against us under the U.S. Bankruptcy Code, the claim by any holder of the notes for the principal amount of the notes may be limited to an amount equal to the sum of:

the original issue price for the notes; and

that portion of the original issue discount that does not constitute unamortized interest for purposes of the U.S. Bankruptcy Code.

Any original issue discount that was not amortized as of the date of the bankruptcy filing would constitute unamortized interest. Accordingly, holders of the notes under these circumstances may receive a lesser amount than they would be entitled to receive under the terms of the indenture governing the notes, even if sufficient funds are available.

Risks Related to our Recently Completed Acquisition of OIS

We may be unable to Integrate OIS Operations Successfully or to Achieve Expected Cost Savings and Unanticipated Costs Relating to the OIS Acquisition could Reduce our Future Earnings Per Share.

On August 4, 2011, we consummated our acquisition of OIS. Our earnings, financial condition and prospects after the acquisition of OIS will depend in part on our ability to integrate the operations and management of OIS and to continue to implement OIS business plan. Among the issues that we could face in such integration are:

- unexpected problems with operations, personnel, technology or credit;
- loss of customers and employees of OIS;
- potential difficulty in working with OIS employees and customers;
- the assimilation of OIS operations, sites and personnel; and
- instituting and maintaining uniform standards, controls, procedures and policies.

Even if the integration of OIS is successful, it may not result in the realization of the full benefits of the synergies and growth opportunities that we currently expect or these benefits may not be achieved within the anticipated time frame. Any failure to timely realize these anticipated benefits could have a material adverse effect on our revenues, expenses and operating results.

Further, although we anticipate cost savings as a result of the acquisition, we may not be fully able to realize those savings. Any cost savings which are realized may be offset by losses in revenues or other charges to earnings.

We believe that we have reasonably estimated the likely costs of integrating the operations of OIS into our business and the incremental costs of operating as a combined company. However, it is possible that unexpected transaction costs or future operating expenses, as well as other types of unanticipated adverse developments, could have a material adverse effect on our results of operations and financial condition. If unexpected costs are incurred, the acquisition could have a dilutive effect on our earnings per share, meaning earnings per share could be less than if the acquisition had not been completed.

USE OF PROCEEDS

We will not receive any proceeds from the issuance of the exchange notes in the exchange offer. In return for issuance of the exchange notes, we will receive in exchange old notes in like principal amount. We will retire or cancel all of the old notes tendered in the exchange offer.

On June 20, 2011, we issued and sold the old notes. Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth the ratio of earnings to fixed charges of Merge Healthcare Incorporated for the periods indicated:

	Six Months Ended		Year Ended December 31,				
	2011	June 30, 2010	2010	2009	2008	2007	2006
Ratio of Earnings to Fixed Charges	NA	NA	NA	1.0	NA	NA	NA

For purposes of computing these ratios, earnings consists of pre-tax income from continuing operations plus fixed charges. Fixed charges consist of interest expense (including amortization of debt issuance premiums, discounts and issuance costs) and interest portion of rental expense. The ratio is calculated by dividing earnings by the sum of the fixed charges. The interest portion of rental expense is estimated at 23% of rental expense based on net present value analysis.

For further information on the Ratio of Earnings to Fixed Charges, see Exhibit 12.1, Computation of Ratio of Earnings to Fixed Charges, filed herewith.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Merrick RIS, LLC (Merrick) beneficially owns, as of August 5, 2011, 37.7% of our outstanding Common Stock (including 250,000 shares of Common Stock which may be acquired upon the exercise of stock options which are currently exercisable or exercisable within sixty (60) days by Michael W. Ferro, Jr.). Michael W. Ferro, Jr., the Company's Chairman of the Board, and trusts for the benefit of Mr. Ferro's family members beneficially own a majority of the equity interests in Merrick. Mr. Ferro also serves as the chairman and chief executive officer of Merrick. Accordingly, Mr. Ferro indirectly controls all of the shares of Common Stock owned by Merrick.

In January of 2009, we entered into a Consulting Agreement with Merrick which was effective as of January 1, 2009, had a one (1) year term and which allowed us to take advantage of certain consulting services offered by Merrick to us. These services included, but were not limited to, investor relations, financial analysis and strategic planning. Effective on January 1, 2010, we and Merrick entered into an amendment to extend the term of this Consulting Agreement through December 31, 2011, and modified the payment terms from a flat fee arrangement per quarter to a per transaction or success based arrangement. Our Audit Committee considered the amendment to the Consulting Agreement prior to its execution and approved its terms. The fees under the Consulting Agreement in 2010 were approximately \$1,050,000.

In addition, as a result of the completion of the acquisition of AMICAS, Inc. (now Merge Healthcare Solutions Inc.), we paid a \$1.0 million success fee to Merrick in April 2010.

Merrick also subscribed for and purchased 1.8 million shares of our Common Stock and 10,000 shares of our Series A Non-Voting Preferred Stock in the private placement that funded a portion of our acquisition of AMICAS, Inc. (now Merge Healthcare Solutions Inc.). These shares were purchased by Merrick at the same purchase price per share of Common Stock and per share of Series A Non-Voting Preferred Stock paid by the other investors in the private placement. The Series A Non-Voting Preferred Stock was redeemed on June 20, 2011 as described in Prospectus Summary Recent Developments Consent Solicitation and Redemption of Series A Non-Voting Preferred Stock.

On July 30, 2010, we entered into an Asset Purchase Agreement with Merrick Healthcare Solutions, LLC, a subsidiary of Merrick Ventures, pursuant to which we acquired substantially all of the assets related to the development and distribution of the Olivia Greets system. In consideration of this purchase, we issued 500,000 shares of our Common Stock to Merrick Healthcare Solutions, LLC subject to a twelve month lock up.

Merrick also purchased an aggregate principal amount of \$5.0 million of the old notes at the same purchase price per old note as the other investors who purchased old notes in the offering of the old notes. Together with the \$5.0 million of April 2010 notes that were previously purchased by Merrick on April 28, 2010, Merrick now holds \$10.0 million aggregate principal of the notes.

THE EXCHANGE OFFER

Purpose and Effect

Concurrently with the sale of the old notes on June 20, 2011, we and the guarantors entered into a registration rights agreement with the initial purchaser of the old notes, which requires us to file the registration statement under the Securities Act with respect to the exchange notes (the exchange offer registration statement) and, upon the effectiveness of the exchange offer registration statement, offer to the holders of old notes who are able to make certain representations the opportunity to exchange their old notes for a like principal amount of exchange notes. The exchange notes will be issued without a restrictive legend and may generally be reoffered and resold without registration under the Securities Act.

Pursuant to the registration rights agreement, we and the guarantors agreed, at our cost, for the benefit of the holders of the notes, to:

not later than 90 days after the date of original issuance of the notes, file the exchange offer registration statement with the SEC with respect to a registered offer to exchange the notes for new notes of Merge evidencing the same continuing indebtedness under, and having terms substantially identical in all material respects to, the old notes (except that the exchange notes will not contain terms with respect to transfer restrictions); and

use our commercially reasonable efforts to cause the exchange offer registration statement to be declared effective under the Securities Act not later than 180 days after the date of original issuance of the notes.

Upon the effectiveness of the exchange offer registration statement, we will promptly offer the exchange notes in exchange for surrender of the notes. We will keep the registered exchange offer open for not less than 20 business days (or longer if required by applicable law) after the date notice of the registered exchange offer is mailed to the holders of the notes. For each note surrendered to us pursuant to the registered exchange offer, the holder of such note will receive an exchange note having a principal amount equal to that of the surrendered note. Interest on each exchange note will accrue from the last interest payment date on which interest was paid on the note surrendered in exchange thereof or, if no interest has been paid on such note, from the date of its original issue.

Under existing SEC interpretations, the exchange notes would be freely transferable by holders of the notes other than our affiliates after the registered exchange offer without further registration under the Securities Act if the holder of the exchange notes represents that it is acquiring the exchange notes in the ordinary course of its business, that it has no arrangement or understanding with any person to participate in the distribution of the exchange notes and that it is not an affiliate of us, as such terms are interpreted by the SEC; provided that broker-dealers (participating broker-dealers) receiving exchange notes in the registered exchange offer will have a prospectus delivery requirement with respect to resales of such exchange notes. The SEC has taken the position that participating broker-dealers may fulfill their prospectus delivery requirements with respect to exchange notes (other than a resale of an unsold allotment from the original sale of the notes) with the prospectus contained in the exchange offer registration statement. Under the registration rights agreement, we will be required to allow participating broker-dealers and other persons, if any, with similar prospectus delivery requirements to use the prospectus contained in the exchange offer registration statement in connection with the resale of such exchange notes.

A holder of notes (other than certain specified holders) who wishes to exchange such notes for exchange notes in the registered exchange offer will be required to represent that any exchange notes to be received by it will be acquired in

the ordinary course of its business and that at the time of the commencement of the registered exchange offer it has no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the exchange notes and that it is not an affiliate, as defined in Rule 405 of the Securities Act, of us or if it is an affiliate, that it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable.

Table of Contents

In the event that

(i) any change of law or applicable interpretations thereof by the staff of the SEC do not permit us to effect such a registered exchange offer,

(ii) for any other reason the registered exchange offer is not consummated within 210 days after the date of the original issuance of the notes,

(iii) the initial purchaser so requests with respect to notes not eligible to be exchanged for exchange notes in the registered exchange offer,

(iv) any holder of notes (other than the initial purchaser) is not eligible to participate in the registered exchange offer, or

(v) in the case of the initial purchaser participates in the registered exchange offer or otherwise acquires new securities under the registration rights agreement and, the initial purchaser does not receive freely tradable new securities (it being understood that (x) the requirement that the initial purchaser deliver the prospectus contained in the exchange offer registration statement containing the information required by Item 507 or 508 of Regulation S-K under the Act in connection with sales of exchange notes shall not result in such new securities being not freely tradable and (y) the requirement that a participating broker-dealer deliver the prospectus contained in the exchange offer registration statement in connection with sales of exchange notes shall not result in such exchange notes being not freely tradable),

we and the guarantors will, at our cost,

(a) as promptly as practicable (but in no event more than 60 days after so required or requested in accordance with the above), file a registration statement (the shelf registration statement) covering resales of the notes or the exchange notes, as the case may be,

(b) use our commercially reasonable efforts to cause the shelf registration statement to be declared effective under the Securities Act within 120 days after so required or requested and

(c) use our commercially reasonable efforts to keep the shelf registration statement effective until two years after its effective date.

We will, in the event a shelf registration statement is filed, among other things, provide to each holder for whom such shelf registration statement was filed copies of the shelf registration statement and prospectus which is a part of the shelf registration statement, notify each such holder when the shelf registration statement has become effective and take certain other actions as are required to permit unrestricted resales of the notes or the exchange notes, as the case may be. A holder selling such notes or exchange notes pursuant to the shelf registration statement generally would be required to be named as a selling security holder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with such sales and will be bound by the provisions of the registration rights agreement which are applicable to such holder (including certain indemnification obligations).

If

(a) either the exchange offer registration statement or the shelf registration statement has not been filed with the SEC as required by the registration rights agreement,

(b) either the exchange offer registration statement or the shelf registration statement has not been declared effective as required by the registration rights agreement, or

(c) after either the exchange offer registration statement or the shelf registration statement has been declared effective, such registration statement thereafter ceases to be effective or usable (subject to certain exceptions) in connection with resales of notes or exchange notes in accordance with and during the periods specified in the registration rights agreement, (each such event referred to in clauses (a) through (c), a registration default), we shall pay liquidated damages (registration default damages) to the holders of the notes and the exchange notes. Registration default damages shall accrue at a rate of 0.25%

per annum for the first 60 days from and including the date of a registration default and at a rate of 0.50% thereafter.

Resale of Exchange Notes

Based on interpretations by the SEC set forth in no-action letters issued to third parties, we believe that you may resell or otherwise transfer exchange notes issued in the exchange offers without complying with the registration and prospectus delivery provisions of the Securities Act, if: you are not an affiliate of Merge Healthcare Incorporated or any guarantor within the meaning of Rule 405 under the Securities Act; you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes in violation of the provisions of the Securities Act; you are not engaged in, and do not intend to engage in, a distribution of the exchange notes; and you are acquiring the exchange notes in the ordinary course of your business.

If you are our affiliate or an affiliate of any guarantor, or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business: you cannot rely on the position of the SEC set forth in Morgan Stanley & Co. Incorporated (available June 5, 1991) and Exxon Capital Holdings Corp. (available May 13, 1988), as interpreted in the SEC's letter to Shearman & Sterling, publicly available July 2, 1993, or similar no-action letters; and in the absence of an exception from the position stated immediately above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

This prospectus may be used for an offer to resell, resale or other transfer of exchange notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the old notes as a result of market-making activities or other trading activities may participate in the exchange offer. Each broker-dealer that receives exchange notes for its own account in exchange for old notes, where such old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. Please read Plan of Distribution for more details regarding the transfer of exchange notes.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus, we will accept any and all old notes validly tendered and not validly withdrawn prior to 5:00 p.m., Eastern time, on _____, 2011, or such date and time to which we extend the offer. Notes may be tendered only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The exchange notes will evidence the same debt as the old notes and will be issued under the terms of, and be entitled to the benefits of, the indenture relating to the old notes.

As of the date of this prospectus, \$200 million in aggregate principal amount of notes were outstanding, and there was one registered holder, a nominee of the Depository Trust Company, or DTC. This prospectus is being sent to that registered holder and to others believed to have beneficial interests in the old notes. We intend to conduct the exchange offer in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC promulgated under the Exchange Act.

We will be deemed to have accepted for exchange validly tendered old notes when, as and if we have given oral or written notice of the acceptance to The Bank of New York Mellon Trust Company, N.A., the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving the exchange notes from us and delivering the exchange notes to holders. If any tendered old notes are not accepted for exchange because of an invalid

tender, the occurrence of certain other events set forth under the heading Conditions to the Exchange Offer or otherwise, such unaccepted old notes will be returned, without expense, to the tendering holder of those old notes promptly after the expiration date unless the exchange offer is extended.

Table of Contents

Holders who tender old notes in the exchange offer will not be required to pay brokerage commissions or fees or transfer taxes with respect to the exchange of old notes in the exchange offer. We will pay all charges and expenses applicable to the exchange offer, other than certain applicable taxes, underwriting discounts, if any, and commissions and transfer taxes, if any, which shall be borne by the holder. See Fees and Expenses.

Expiration Date; Extensions; Amendments

The expiration date for the exchange offer shall be 5:00 p.m., Eastern time, on _____, 2011, unless we, in our sole discretion, extend the exchange offer, in which case the expiration date shall be the latest date and time to which the exchange offer is extended. In order to extend the exchange offer, we will notify the exchange agent of any extension by oral or written notice, followed by notification by press release or other public announcement to the registered holders of the outstanding notes no later than 9:00 a.m., Eastern time, on the next business day after the previously scheduled expiration date. In the event of a material change to the terms of the exchange offer, we will extend the offer period if necessary to ensure that at least five business days remain in the exchange offer following notice of the material change. We reserve the right, in our sole discretion: to delay accepting for exchange any old notes (if we amend or extend the exchange offer), to extend the exchange offer or, if any of the conditions set forth under

Conditions to the Exchange Offer shall not have been satisfied, to terminate the exchange offer, by giving oral or written notice of that delay, extension or termination to the exchange agent, or to amend the terms of the exchange offer in any manner.

In the event that we make a fundamental change to the terms of the exchange offer, we will file a post-effective amendment to the registration statement of which this prospectus is a part.

Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any old notes and may terminate or amend the exchange offer if at any time before the acceptance of those old notes for exchange or the exchange of the exchange notes for those old notes, we determine in our reasonable discretion that the exchange offer violates applicable law or any applicable interpretation of the staff of the SEC.

In addition we will not be obligated to accept for exchange the old notes of any holder that has not made to us: the representations described under Purpose and Effect ; or any other representations as may be reasonably necessary under applicable SEC rules, regulations, or interpretations to make available to us an appropriate form of registration of the exchange notes under the Securities Act.

We expressly reserve the right at any time or at various times to extend the period of time during which the exchange offer is open. Consequently, we may delay acceptance of any old notes by giving oral or written notice of such extension to their holders. We will return any old notes that we do not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offer.

We expressly reserve the right to amend or terminate the exchange offer and to reject for exchange any old notes not previously accepted for exchange, upon the occurrence of any of the conditions of the exchange offer specified above. We will give notice by press release or other public announcement of any extension, amendment, non-acceptance or termination to the holders of the old notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., Eastern time, on the next business day after the previously scheduled expiration date. In the event of a material change to the terms of the exchange offer, we will extend the offer period if necessary to ensure that at least five business days remain in the exchange offer following notice of the material change.

The foregoing conditions are for our sole benefit and may be asserted by us regardless of the circumstances giving rise to any such condition or may be waived by us in whole or in part at any time on or before the expiration of the exchange offer in our sole discretion. The failure by us at any time to exercise any of the foregoing rights shall not be deemed a waiver of any of those rights and each of those rights shall be deemed an ongoing right which may be asserted at any time on or before the expiration of the exchange offer.

Table of Contents

In addition, we will not accept for exchange any old notes tendered, and no exchange notes will be issued in exchange for those old notes, if at such time any stop order shall be in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939. In any of those events we are required to use every commercially reasonable effort to obtain the withdrawal of any stop order at the earliest practicable date.

Procedures for Tendering

To tender your old notes in the exchange offer, you must comply with either of the following: complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal, have the signature(s) on the letter of transmittal guaranteed if required by the letter of transmittal and mail or deliver such letter of transmittal or facsimile thereof to the exchange agent at the address set forth below under Exchange Agent prior to the expiration date; or comply with DTC's Automated Tender Offer Program, or ATOP, procedures described below.

In addition, either: the exchange agent must receive certificates for old notes along with the letter of transmittal prior to the expiration date; the exchange agent must receive a timely confirmation of book-entry transfer of old notes into the exchange agent's account at DTC according to the procedures for book-entry transfer described below or a properly transmitted agent's message prior to the expiration date; or you must comply with the guaranteed delivery procedures described below.

Your tender, if not withdrawn prior to the expiration date, constitutes an agreement between us and you upon the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

The method of delivery of old notes, letter of transmittal, and all other required documents to the exchange agent is at your election and risk. We recommend that instead of delivery by mail, you use an overnight or hand delivery service, properly insured. In all cases, you should allow sufficient time to assure timely delivery to the exchange agent before the expiration date. You should not send letters of transmittal or certificates representing old notes to us. You may request that your broker, dealer, commercial bank, trust company or nominee effect the above transactions for you.

If you are a beneficial owner whose old notes are registered in the name of a broker, dealer, commercial bank, trust company, or other nominee and you wish to tender your old notes, you should promptly contact the registered holder and instruct the registered holder to tender on your behalf. If you wish to tender the old notes yourself, you must, prior to completing and executing the letter of transmittal and delivering your old notes, either: make appropriate arrangements to register ownership of the old notes in your name; or obtain a properly completed bond power from the registered holder of old notes.

The transfer of registered ownership may take considerable time and may not be able to be completed prior to the expiration date.

Signatures on the letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the Financial Industry Regulatory Authority, Inc., a commercial bank or trust company having an office or correspondent in the United States or another eligible guarantor institution within the meaning of Rule 17Ad-15 under the Exchange Act unless the old notes surrendered for exchange are tendered: by a registered holder of the old notes who has not completed the box entitled Special Issuance Instructions or Special Delivery Instructions on the letter of transmittal; or for the account of an eligible guarantor institution.

If the letter of transmittal is signed by a person other than the registered holder of any old notes listed on the old notes, such old notes must be endorsed or accompanied by a properly completed bond power. The bond power must be signed by the registered holder as the registered holder's name appears on the old notes and an eligible guarantor

institution must guarantee the signature on the bond power.

If the letter of transmittal or any certificates representing old notes, or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations, or others acting in a fiduciary

Table of Contents

or representative capacity, those persons should also indicate when signing and, unless waived by us, they should also submit evidence satisfactory to us of their authority to so act.

If you are a participant that has old notes which are credited to your DTC account by book-entry and which are held of record by DTC, you may tender your old notes by book-entry transfer as if you were the record holder. Because of this, reference herein to registered or record holders include DTC participants with old notes credited to their accounts. If you are not a DTC participant, you may tender your old notes by book-entry transfer by contacting your broker, dealer or other nominee or by opening an account with a DTC participant.

Participants in DTC's ATOP program must electronically transmit their acceptance of the exchange by causing DTC to transfer the old notes to the exchange agent in accordance with DTC's ATOP procedures for transfer. DTC will then send an agent's message to the exchange agent. The term agent's message means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, which states that:

DTC has received an express acknowledgment from a participant in its ATOP that is tendering old notes that are the subject of the book-entry confirmation; the participant has received and agrees to be bound by the terms and subject to the conditions set forth in this prospectus; and we may enforce the agreement against such participant.

Your tender, if not withdrawn before the expiration date, will constitute an agreement between you and us in accordance with the terms and subject to the conditions described in this prospectus.

We reserve the right in our sole discretion to purchase or make offers for any old notes that remain outstanding after the expiration date or, as set forth under Conditions to the Exchange Offer, to terminate the exchange offer and, to the extent permitted by applicable law, purchase old notes in the open market, in privately negotiated transactions, or otherwise. The terms of any such purchases or offers could differ from the terms of the exchange offer.

Subject to and effective upon the acceptance for exchange and exchange of exchange notes, a tendering holder of old notes will be deemed to: have agreed to irrevocably sell, assign, transfer and exchange, to us all right, title and interest in, to and under all of the old notes tendered thereby; have represented and warranted that when such old notes are accepted for exchange by us, we will acquire good and marketable title thereto, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claims; and have irrevocably appointed the exchange agent the true and lawful agent and attorney-in-fact of the holder with respect to any tendered old notes, with full power of substitution to (1) deliver certificates representing such old notes, or transfer ownership of such old notes on the account books maintained by DTC (together, in any such case, with all accompanying evidences of transfer and authenticity), to us, (2) present and deliver such old notes for transfer on our books and (3) receive all benefits and otherwise exercise all rights and incidents of beneficial ownership with respect to such old notes, all in accordance with the terms of the exchange offer.

Each broker-dealer that receives exchange notes for its own account in exchange for old notes, where those old notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of those exchange notes. See Plan of Distribution.

Acceptance of Exchange Notes

In all cases, we will promptly issue exchange notes for old notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives: old notes or a timely book-entry confirmation of such old notes into the exchange agent's account at the book-entry transfer facility; and a properly completed and duly

executed letter of transmittal and all other required documents or a properly transmitted agent's message.

Table of Contents

By tendering old notes pursuant to the exchange offer, you will represent to us that, among other things: you are not our affiliate or an affiliate of any guarantor within the meaning of Rule 405 under the Securities Act; you are acquiring the exchange notes in the ordinary course of your business; you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes; you are not engaging in or intend to engage in a distribution of the exchange notes; and if you are a broker that will receive exchange notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities, that you will comply with the applicable provisions of the Securities Act (including, but not limited to, the prospectus delivery requirements thereunder).

The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. See Plan of Distribution.

We will interpret the terms and conditions of the exchange offer, including the letter of transmittal and the instructions to the letter of transmittal, and will resolve all questions as to the validity, form, eligibility, including time of receipt, and acceptance of old notes tendered for exchange. We reserve the absolute right to reject any and all tenders of any particular old notes not properly tendered or to not accept any particular old notes if the acceptance might, in its or its counsel's judgment, be unlawful. We also reserve the absolute right to waive any defects or irregularities as to any particular old notes prior to the expiration date.

Unless waived, any defects or irregularities in connection with tenders of old notes for exchange must be cured within such reasonable period of time as we determine. Neither we, the exchange agent, nor any other person will be under any duty to give notification of any defect or irregularity with respect to any tender of old notes for exchange, nor will any of them incur any liability for any failure to give notification. Any old notes received by the exchange agent that are not properly tendered and as to which the irregularities have not been cured or waived will be returned by the exchange agent to the tendering holder, unless otherwise provided in the letter of transmittal, promptly after the expiration date.

Return of Notes

If we do not accept any tendered old notes for any reason described in the terms and conditions of the exchange offer or if you withdraw or submit old notes for a greater principal amount than you desire to exchange, we will return the unaccepted, withdrawn or non-exchanged notes without expense to you as promptly as practicable.

Book-Entry Transfer

Promptly after the date of this prospectus, the exchange agent will establish an account with respect to the old notes at DTC, as the book-entry transfer facility, for purposes of the exchange offer. Any financial institution that is a participant in the book-entry transfer facility's system may make book-entry delivery of the old notes by causing the book-entry transfer facility to transfer those old notes into the exchange agent's account at the facility in accordance with the facility's procedures for such transfer. To be timely, book-entry delivery of old notes requires receipt of a confirmation of a book-entry transfer, a book-entry confirmation, prior to the expiration date. In addition, although delivery of old notes may be effected through book-entry transfer into the exchange agent's account at the book-entry transfer facility, the letter of transmittal or a manually signed facsimile thereof, together with any required signature guarantees and any other required documents, or an agent's message in connection with a book-entry transfer, must, in any case, be delivered or transmitted to and received by the exchange agent at its address set forth on the cover page of the letter of transmittal prior to the expiration date to receive exchange notes for tendered old notes, or the guaranteed delivery procedure described below must be complied with. Tender will not be deemed made until such documents are received by the exchange agent. Delivery of documents to the book-entry transfer facility does not constitute delivery to the exchange agent.

Holders of old notes who are unable to deliver confirmation of the book-entry tender of their old notes into the exchange agent's account at the book-entry transfer facility or all other documents required by the

Table of Contents

letter of transmittal to the exchange agent on or prior to the expiration date must tender their old notes according to the guaranteed delivery procedures described below.

Guaranteed Delivery Procedures

If you wish to tender your old notes but your old notes are not immediately available or you cannot deliver your old notes, the letter of transmittal or any other required documents to the exchange agent or comply with DTC's ATOP procedures in the case of old notes, prior to the expiration date, you may still tender if: the tender is made through an eligible guarantor institution; prior to the expiration date, the exchange agent receives from such eligible guarantor institution either a properly completed and duly executed notice of guaranteed delivery, by facsimile transmission, mail or hand delivery or a properly transmitted agent's message and notice of guaranteed delivery, that (1) sets forth your name and address, the certificate number(s) of such old notes and the principal amount of old notes tendered; (2) states that the tender is being made thereby; and (3) guarantees that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or facsimile thereof, together with the old notes or a book-entry confirmation, and any other documents required by the letter of transmittal, will be deposited by the eligible guarantor institution with the exchange agent; and the exchange agent receives the properly completed and executed letter of transmittal or facsimile thereof, as well as certificate(s) representing all tendered old notes in proper form for transfer or a book-entry confirmation of transfer of the old notes into the exchange agent's account at DTC all other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your old notes according to the guaranteed delivery procedures.

Withdrawal Rights

Except as otherwise provided in this prospectus, you may withdraw your tender of old notes at any time prior to 5:00 p.m., Eastern time, on the expiration date.

For a withdrawal to be effective: the exchange agent must receive a written notice, which may be by facsimile or letter, of withdrawal at its address set forth below under Exchange Agent; or you must comply with the DTC's ATOP procedures.

Any notice of withdrawal must: specify the name of the person who tendered the old notes to be withdrawn; identify the old notes to be withdrawn, including the certificate numbers and principal amount of the old notes; and signed by the holder in the same manner as the original signature on the letter of transmittal by which such old notes are tendered (including any required signature guarantees).

If old notes have been tendered pursuant to the procedures for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn old notes and otherwise comply with the procedures of the facility. Any old notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any old notes that have been tendered for exchange but that are not exchanged for any reason will be returned to their holder, without cost to the holder, or, in the case of book-entry transfer, the old notes will be credited to an account at the book-entry transfer facility, promptly after withdrawal, rejection of tender or termination of the applicable exchange offer. Properly withdrawn old notes may be retendered by following the procedures described under Procedures for Tendering above at any time on or prior to the expiration date.

DESCRIPTION OF THE EXCHANGE NOTES

On June 20, 2011, Merge Healthcare Incorporated (the Company), issued \$52,000,000 of 11.75% Senior Secured Notes due 2015 (the old notes) under an Indenture, dated as of April 28, 2010, as supplemented by the First Supplemental Indenture dated June 14, 2011 and the Second Supplemental Indenture dated June 20, 2011, between

the Company and The Bank of New York Mellon Trust Company, N.A., as trustee (the Trustee). There are \$200,000,000 in aggregate principal amount of 11.75% Senior Secured Notes due 2015 (the April 2010 notes) already outstanding under the Indenture. As a result, the term Closing Date as used herein refers to April 28, 2010, the date of original issuance of the April 2010 notes under the Indenture. As used in this Description of the Exchange Notes, except as otherwise specified, the term Notes means the April 2010 notes together with the old notes and the exchange notes offered in the exchange transaction that is being registered hereby (the exchange notes). All such Notes will be treated as a single class for all purposes under the Indenture. The old notes, however, were issued with a separate, restricted CUSIP which is expected to be switched to the same unrestricted CUSIP as the existing notes following completion of the exchange offer. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended, which is referred to in this prospectus as the Trust Indenture Act, or TIA.

Table of Contents

The following is a summary of the material provisions of the Indenture but does not restate the Indenture in its entirety. You can find the definitions of certain capitalized terms used in the following summary under the subheading Definitions. The definitions used in this Description of the Exchange Notes may differ from definitions used elsewhere in this prospectus. We urge you to read the Indenture because it, and not this description, defines your rights as holders of the Notes. A copy of the Indenture is available upon request from the Company. For purposes of this Description of the Exchange Notes, the term Company means Merge Healthcare Incorporated, a Delaware corporation, and its successors under the Indenture, in each case excluding its subsidiaries.

General

The Notes are secured, senior Indebtedness of the Company, limited to \$252,000,000 aggregate principal amount, of which \$52,000,000 were issued on June 20, 2011 and \$200,000,000 were issued on April 28, 2010. The Notes will mature on May 1, 2015. The Notes will be issuable only in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. Subject to the covenants described below under Covenants and applicable law, the Company may issue additional Notes (Additional Notes) under the Indenture. The Notes, any exchange notes issued as described under The Exchange Offer, and any Additional Notes would be treated as a single class for all purposes under the Indenture.

Each New Note will initially bear interest at the rate per annum shown on the cover page of this prospectus from the most recent interest payment date to which interest has been paid on the Notes. Interest on the old notes will be payable semiannually on May 1 and November 1, commencing on November 1, 2011. Interest will be paid to Holders of record at the close of business on the April 15 and October 15 immediately preceding the Interest Payment Date. Interest is computed on the basis of a 360-day year of twelve 30-day months. Interest on overdue principal and interest and Additional Interest, if any, will accrue at a rate that is 1% higher than the then applicable interest rate on the Notes.

The old notes were offered and sold to qualified institutional buyers in reliance on Rule 144A under the Securities Act. Rule 144A Notes initially will be represented by one or more Notes in registered global form without interest coupons. The Rule 144A global note will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company, also referred to as DTC, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant as described below. No service charge will be made for any registration of transfer or exchange of Notes, but the Company may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith.

Ranking

The Notes are:

general senior obligations of the Company;

secured on a first-priority lien basis by the Collateral, subject to certain Permitted Liens;

equal in right of payment with all existing and future senior Indebtedness of the Company;

senior in right of payment to all existing and future subordinated Indebtedness of the Company;

structurally subordinated to all existing and future Indebtedness and other liabilities of the Company's subsidiaries that are not Guarantors; and

guaranteed on a senior secured basis by each Guarantor.

Each Note Guarantee (as defined below) is:

a general senior obligation of each Guarantor;

secured on a first-priority lien basis by the Collateral, subject to certain Permitted Liens;

Table of Contents

senior in right of payment to all future obligations of such Guarantor that are, by their terms, expressly subordinated in right of payment to such Note Guarantee; and

pari passu in right of payment with all existing and future unsecured obligations of such Guarantor that are not so subordinated.

The Notes are effectively subordinated to all existing and future obligations, including Indebtedness, of any Subsidiaries of the Company that do not guarantee the Notes, including any Unrestricted Subsidiaries. Claims of creditors of these Subsidiaries, including trade creditors, will generally have priority as to the assets of these Subsidiaries over the claims of the Company and the holders of the Company's Indebtedness, including the Notes.

As of June 30, 2011, after giving effect to the offering of the old notes, the Company would have had \$252.0 million aggregate principal amount of senior secured Indebtedness outstanding.

As of the date of the Indenture, all of our Subsidiaries were Restricted Subsidiaries. However, subject to compliance with the requirements noted in the definition of Unrestricted Subsidiary, we will be permitted to designate Subsidiaries as Unrestricted Subsidiaries. Our Unrestricted Subsidiaries will not be subject to the restrictive covenants in the Indenture. Our Unrestricted Subsidiaries will not guarantee the Notes.

Note Guarantees

The Company's obligations under the Notes and the Indenture will be jointly and severally guaranteed (the Note Guarantees) by each of the Company's current and future Domestic Restricted Subsidiaries.

Not all of the Company's Subsidiaries will guarantee the Notes. Unrestricted Subsidiaries and Foreign Restricted Subsidiaries will not be Guarantors. In the event of a bankruptcy, liquidation or reorganization of any of these non-Guarantor Subsidiaries, these non-Guarantor Subsidiaries will pay the holders of their debts and their trade creditors before they will be able to distribute any of their assets to the holders of the Notes. For the quarter ended March 31, 2011, the Company's non-Guarantor Subsidiaries represented approximately 10.0% of its revenues and had net income of approximately \$0.3 million compared to the Company's consolidated net loss of approximately \$1.6 million for the same period. In addition, as of March 31, 2011, the Company's non-Guarantor Subsidiaries held approximately 7.8% of its consolidated assets and had approximately \$32.3 million of liabilities (including trade payables), to which the Notes and Note Guarantees would have been structurally subordinated.

The obligations of each Guarantor under its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. Nonetheless, in the event of the bankruptcy or financial difficulty of a Guarantor, such Guarantor's obligations under its Note Guarantee may be subject to review and avoidance under state and federal fraudulent transfer laws. Among other things, such obligations may be avoided if a court concludes that such obligations were incurred for less than a reasonably equivalent value or fair consideration at a time when the Guarantor was insolvent, was rendered insolvent, or was left with inadequate capital to conduct its business. A court would likely conclude that a Guarantor did not receive reasonably equivalent value or fair consideration to the extent that the aggregate amount of its liability on its Note Guarantee exceeds the economic benefits it receives from the issuance of the Note Guarantee. See Risk Factors Risks Related to the Notes A court could void our subsidiaries' guarantees of the notes under fraudulent transfer laws.

Each Guarantor that makes a payment for distribution under its Note Guarantee is entitled to a contribution from each other Guarantor in a pro rata amount based on adjusted net assets of each Guarantor.

Table of Contents

A Subsidiary Guarantor shall be released from its obligations under its Note Guarantee and its obligations under the Indenture and the Registration Rights Agreement:

(1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary of the Company, if the sale or other disposition does not violate the covenants set forth below under Repurchase at the Option of Holders Asset Sales;

(2) in connection with any sale or other disposition of the Capital Stock of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary of the Company, such that, immediately after giving effect to such transaction, such Guarantor would no longer constitute a Subsidiary of the Company, if the sale or other disposition does not violate the covenants set forth below under Repurchase at the Option of Holders Asset Sales;

(3) if the Company designates any Restricted Subsidiary that is a Guarantor to be an Unrestricted Subsidiary in accordance with the applicable provisions of the Indenture; or

(4) upon legal defeasance or satisfaction and discharge of the Indenture as provided below under the captions Legal Defeasance and Covenant Defeasance and Satisfaction and Discharge.

Collateral and Security

Collateral Generally

The Notes, the Note Guarantees, and all other Permitted Pari Passu Obligations will be secured equally and ratably by continuing first priority security interests (subject to Permitted Liens) in substantially all of the tangible and intangible assets of the Company and the Guarantors, whether now owned or hereafter acquired or arising, and wherever located, including, but not limited to, all existing and future Capital Stock and intercompany debt of any Domestic Subsidiary owned directly by the Company or any Guarantor and all existing and future Capital Stock of any first-tier Foreign Subsidiary owned directly by the Company or any Guarantor (limited in the case of any such Foreign Subsidiaries, to 65% of the Capital Stock of such Foreign Subsidiaries), accounts receivable, deposit accounts, chattel paper, inventory, equipment, investment property, intellectual property, interests in commercial tort claims, other general intangibles and certain owned real property, and all proceeds of the foregoing, subject to the exceptions discussed in the succeeding paragraph (collectively, the Collateral).

The Collateral will exclude certain items of property, including without limitation:

rights in any property to the extent that and only for as long as the grant of a security interest in such property (i) is prohibited by any law, treaty, rule or regulation or determination of an arbitrator or a court or other governmental authority applicable to or binding upon the Company or any Guarantor, or (ii) constitutes a breach or default under or results in the termination of, or requires any consent not obtained under, any lease, license or agreement (other than to the extent that the provisions of any such lease, license or agreement are ineffective under applicable law or would be ineffective under Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code of any relevant jurisdiction to prevent the attachment of the security interest granted under the Security Documents);

property and assets owned by the Company or any Guarantor in which a Lien may not be granted without governmental approval or consent (but only for so long as the Company or the applicable Guarantor has not obtained such approval or consents); and

any United States Trademark applications filed on the basis of the Company's or any Guarantor's intent-to-use such mark, but only if and to the extent that the granting of a security interest in such application would result in the invalidation of such application, provided that, upon the submission of evidence of use of such Trademark in interstate commerce is submitted to the United States Patent and Trademark Office, such Trademark application shall automatically be included in the Collateral;

Table of Contents

any Capital Stock of any first-tier Foreign Restricted Subsidiary directly owned by the Company or any Guarantor in excess of 65% of the Capital Stock of such Foreign Restricted Subsidiary;

property and assets owned by the Company or any Guarantor which are located outside of the United States to the extent a lien on such property and assets cannot be perfected by the filing of UCC financing statements in the jurisdictions of organization of the Company or such Guarantor;

any Capital Stock of any direct or indirect Subsidiaries of any Foreign Subsidiary;

any leasehold interest in real property;

motor vehicles and other assets in which a security interest may be perfected only through compliance with a certificate of title or similar statute;

certain other items agreed by the parties and as more fully set forth in the Security Documents; and

proceeds and products of any and all of the foregoing excluded property and assets described above only to the extent that such proceeds and products would constitute property or assets of the type described above.

Mortgages and other perfection steps will not be required in respect of any fee interest in any Real Property having a value of \$1.0 million or less.

As of the date of the issuance of the old notes, there have been no grants of mortgages or other perfection steps taken with respect to Real Property, because none of the Real Property interests of the Company or the Guarantors meets the aforementioned \$1.0 million threshold.

Security Documents Generally

On or prior to the Closing Date, the Company and the Guarantors entered into certain Security Documents (including, without limitation, the Guarantee and Collateral Agreement) with the Collateral Agent, which documents provided for the grant of security interests in the Collateral in favor of the Collateral Agent, for the benefit of the Trustee and the Holders of the Notes, including the old notes.

The Company will, and will cause each of the Guarantors to, do or cause to be done all acts and things which may be required, or which the Collateral Agent from time to time may reasonably request, to assure and confirm that the Collateral Agent holds, for the benefit of the Trustee and the Holders of the Notes, duly created, enforceable and perfected Liens upon the Collateral as contemplated by the Indenture and the Security Documents.

The Company and the Guarantors will be able to incur additional Indebtedness in the future which could share in the Collateral. Any such Indebtedness may limit the recovery from the realization of the value of such Collateral available to satisfy the Holders of the Notes. A representative for the lenders with respect to such Indebtedness will be required to enter into the Intercreditor Agreement as Pari Passu Secured Parties. No Collateral will secure any other Indebtedness unless such Collateral also secures the Note Obligations. The amount of all such additional Indebtedness will be limited by the covenants disclosed under *Certain Covenants Limitation on Indebtedness* and *Certain Covenants Limitation on Liens*. Under certain circumstances the amount of such additional Indebtedness could be significant.

No appraisals of any Collateral have been prepared in connection with the offering of the old notes. The value of the Collateral at any time is subject to fluctuation based on factors that include, among others, the condition of the healthcare information industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of suitable buyers and similar factors. By its nature, some or all of the Collateral may be illiquid and may have no readily ascertainable market value. We cannot assure you that the fair market value of the Collateral as of the date of this prospectus exceeds the principal amount of the Indebtedness secured thereby. The value of the assets pledged as Collateral for obligations under the Indenture could be impaired in the future as a result of changing economic conditions, our failure to implement our business strategy, competition or other future trends.

Table of Contents

We cannot assure you that, in the event of a foreclosure, the proceeds from the sale of the portion of the Collateral allocated or allocable to the repayment of the obligations under the Indenture would be sufficient to satisfy the amounts outstanding under the Notes. If such proceeds were not sufficient to repay amounts outstanding under the Notes, the holders of the Notes (to the extent not repaid from the proceeds of the sale of the Collateral) would have only an unsecured, general claim against us and our Guarantors' remaining assets, which claim would rank equal in priority to unsecured general Indebtedness. In the event that a bankruptcy case is commenced by or against us, if the value of the Collateral is less than the amount of principal and accrued and unpaid interest on the Notes and all other senior secured obligations, interest may cease to accrue on the Notes from and after the date the bankruptcy petition is filed.

After-Acquired Property

Promptly following the acquisition by the Company or any Guarantor of any After-Acquired Property (but subject to the applicable limitations in the Security Documents), the Company or such Guarantor will execute and deliver such security agreement supplements, mortgages, deeds of trust, security instruments, financing statements, title insurance, surveys and certificates and opinions of counsel as are reasonably necessary to vest in the Collateral Agent a perfected security interest or other Liens in or on such After-Acquired Property and to have such After-Acquired Property added to the Collateral, and thereupon all provisions of the Indenture relating to the Collateral will be deemed to relate to such After-Acquired Property to the same extent and with the same force and effect.

Intercreditor Agreement

If additional secured Indebtedness is issued in the future, the Company, the Guarantors, the Collateral Agent, and the Authorized Representative for the holders and the lenders of such additional secured debt (the Pari Passu Debt Collateral Agent) will enter into an Intercreditor Agreement (as the same may be amended from time to time, the Intercreditor Agreement), with respect to the Collateral, which Intercreditor Agreement may be amended from time to time without the consent of the Holders of the Notes to add additional lenders holding Pari Passu Obligations permitted to be incurred under the Indenture, the Intercreditor Agreement and any Pari Passu Agreements then in effect.

Collateral Agent

By accepting the Notes, each Holder will be deemed to have irrevocably appointed The Bank of New York Mellon Trust Company, N.A. as the Collateral Agent, to act as its agent under the Intercreditor Agreement, the Guarantee and Collateral Agreement and the other Security Documents, and to have irrevocably authorized the Collateral Agent to perform the duties and exercise the rights powers and discretions that are specifically given to it under the Indenture, the Intercreditor Agreement, the Guarantee and Collateral Agreement and the other Security Documents, together with any other incidental rights power and discretion. Under the terms of the Indenture, the Collateral Agent may resign on 30 days prior written notice, and the Collateral Agent may also be removed for cause and replaced by a replacement collateral agent selected by the Trustee, in consultation with the Company.

The Collateral Agent holds (directly or through co-trustees, co-agents, agents or sub agents), and will be entitled to enforce, all Liens on the Collateral created by the Security Documents in accordance with the following.

Enforcement of Security Interests

Under the Intercreditor Agreement, the Applicable Authorized Representative has the right, under certain circumstances, to direct the Collateral Agent and each Pari Passu Debt Collateral Agent to foreclose or take other actions with respect to the Collateral, and no other party to the Intercreditor Agreement will have the right to direct

any action with respect to the Collateral. Except as described below, the Applicable Authorized Representative will be the Authorized Representative of the Series of Pari Passu Obligations that constitutes the largest outstanding principal amount of all then-outstanding Pari Passu Obligations (the Controlling

Table of Contents

Authorized Representative). Upon the occurrence of the Non-Controlling Authorized Representative Enforcement Date (as defined below), the then-Applicable Authorized Representative will be replaced as Applicable Authorized Representative by the Authorized Representative of the Series of Pari Passu Obligations that then constitutes the next largest outstanding principal amount of all then-outstanding Pari Passu Obligations with respect to the Collateral (the Major Non-Controlling Authorized Representative).

The Non-Controlling Authorized Representative Enforcement Date, with respect to which a Non-Controlling Authorized Representative becomes the Applicable Authorized Representative is the date that is 90 days (throughout which 90-day period the applicable Non-Controlling Authorized Representative was the Major Non-Controlling Authorized Representative) after the occurrence of both (a) an event of default that has occurred and is continuing, as defined in the Indenture or any other applicable indenture or credit document for that Series of Pari Passu Obligations, and (b) the Collateral Agent s and each other Authorized Representative s receipt of written notice from that Authorized Representative certifying that (i) such Authorized Representative is the Major Non-Controlling Authorized Representative and that an event of default, as defined in the Indenture or any other applicable indenture or credit document for that Series of Pari Passu Obligations, has occurred and is continuing and (ii) the Pari Passu Obligations of that Series are currently due and payable in full (whether as a result of acceleration thereof or otherwise) in accordance with the Indenture or other applicable indenture or credit document, as applicable, for that Series of Pari Passu Obligations; provided that the Non-Controlling Authorized Representative Enforcement Date will be stayed and shall not occur and shall be deemed not to have occurred with respect to any Collateral if (1) at any time the Applicable Authorized Representative has commenced and is diligently pursuing any enforcement action with respect to such Collateral or (2) at any time the Company or the Guarantor that has granted a security interest in such Collateral is then a debtor under or with respect to (or otherwise subject to) any insolvency or liquidation proceeding. If no such stay occurs, or is deemed to occur, then the Major Non-Controlling Authorized Representative will become the Applicable Authorized Representative from and after the occurrence of the Non-Controlling Authorized Representative Enforcement Date.

Restrictions on Enforcement of Priority Liens

Subject to the terms of the Intercreditor Agreement, the Applicable Authorized Representative will have the sole right to instruct the Collateral Agent and each Pari Passu Debt Collateral Agent to act or refrain from acting with respect to the Collateral, and (a) neither Collateral Agent nor any Pari Passu Debt Collateral Agent will follow any instructions (other than certain types of instructions to exercise rights other than enforcement rights) with respect to the Collateral from any representative of any Non-Controlling Secured Party or other Pari Passu Secured Party (other than the Applicable Authorized Representative), and (b) no Authorized Representative of any Non-Controlling Secured Party or other Pari Passu Secured Party (other than the Applicable Authorized Representative) will instruct the Collateral Agent or any Pari Passu Debt Collateral Agent to commence any judicial or non-judicial foreclosure proceedings with respect to, seek to have a trustee, receiver, liquidator or similar official appointed for or over, attempt any action to take possession of, exercise any right, remedy or power with respect to, or otherwise take any action to enforce its interests in or realize upon, or take any other action available to it in respect of, the Collateral.

No representative of any Non-Controlling Secured Party may contest, protest or object to any foreclosure proceeding or action brought by or at the direction of the Controlling Authorized Representative in connection with the Intercreditor Agreement or the exercise of remedies against the Collateral in accordance with the terms of the Intercreditor Agreement. Each Authorized Representative will agree that it will not accept any Lien on any Collateral for the benefit of any series of Pari Passu Obligations (other than funds deposited for the discharge or defeasance of any Pari Passu Agreement) unless each other series of Pari Passu Obligations is also secured by a Lien on such Collateral. Each of the Pari Passu Secured Parties will also agree that it will not contest or support any other person in contesting, in any proceeding (including any insolvency or liquidation proceeding), the perfection, priority, validity or enforceability of a Lien held by or on behalf of any of the Pari Passu Secured Parties in all or any part of the

Collateral, or the provisions of the Intercreditor Agreement.

Table of Contents

Notwithstanding the foregoing, with respect to any Collateral for which a third party (other than a Pari Passu Secured Party) has a lien or security interest that is junior in priority to the security interest of any Series of Pari Passu Obligations but senior (as determined by appropriate legal proceedings in the case of any dispute) to the security interest of any other Series of Pari Passu Obligations (such third party, an Intervening Creditor), the value of any Collateral or proceeds which are allocated to such Intervening Creditor will be deducted on a ratable basis solely from the Collateral or proceeds to be distributed in respect of the Series of Pari Passu Obligations with respect to which such impairment exists. In addition, the Pari Passu Secured Parties of each Series bear the risk that a court may deem that the Pari Passu Obligations of such Series (and not of any other Series) (i) are unenforceable under applicable law, (ii) are equitably subordinated to any other obligations or (iii) do not have an enforceable security interest in any of the Collateral that secures any other Series of Pari Passu Obligations. In the event of any such impairment, the rights of the holders of Pari Passu Obligations of the impaired Series under the Intercreditor Agreement will be modified to the extent necessary so that the effects of the impairment are borne solely by such impaired holders and not the holders of any other Series of Pari Passu Obligations.

None of the Pari Passu Secured Parties may institute any suit or assert in any suit, bankruptcy, insolvency or other proceeding any claim against the Collateral Agent or any other Pari Passu Secured Party seeking damages from or other relief by way of specific performance, instructions or otherwise with respect to any Collateral, except to the extent expressly permitted by the terms of the Intercreditor Agreement. In addition, none of the Pari Passu Secured Parties may seek to have any Collateral or any part thereof marshaled upon any foreclosure or other disposition of such Collateral. If any Pari Passu Secured Party obtains possession of any Collateral or realizes any proceeds or payment in respect thereof, at any time prior to the discharge of each of the Pari Passu Obligations, then it must hold such Collateral, proceeds or payment in trust for the other Pari Passu Secured Parties and promptly transfer such Collateral, proceeds or payment to the Applicable Authorized Representative to be distributed in accordance with the Intercreditor Agreement.

The Pari Passu Secured Parties acknowledge that the Pari Passu Obligations may, subject to the limitations set forth in the applicable debt documents, be increased, extended, renewed, replaced, restated, supplemented, restructured, repaid, refunded, refinanced or otherwise amended or modified from time to time, all without affecting the priorities set forth in the Intercreditor Agreement defining the relative rights of the Pari Passu Secured Parties; provided that the authorized representative of the holders of such amended or modified Indebtedness, if not a party to the Intercreditor Agreement, shall have executed a Joinder Agreement to the Intercreditor Agreement on behalf of the holders of such Indebtedness.

Release of Liens on Collateral

The Company and the Guarantors will be entitled to the release of property and other assets included in the Collateral from the Liens securing the Pari Passu Obligations under any one or more of the following circumstances:

to enable the disposition or other use of such property or assets to the extent permitted under the Indenture and all other Secured Credit Documents; and

in the case of a Guarantor that is released from its Note Guarantee and any guarantee under all other Secured Credit Documents, the release of the property and assets of such Guarantor.

The Liens on the Collateral securing the Notes and the Note Guarantees will also be released upon (i) the termination and release of all Liens on Collateral in accordance with the terms of the Indenture, each Pari Passu Agreement then in effect, the Intercreditor Agreement, and all other applicable Pari Passu Security Documents, or (ii) the consent of each Authorized Representative, the Company and, as applicable, Holders of the Notes and lenders under the Pari Passu Agreements and the Guarantors, it being agreed that the termination of the Collateral pursuant to the preceding

clause (i) or (ii) will be concurrent with the termination of the Intercreditor Agreement and the other Pari Passu Security Documents (including the release of all Liens granted thereunder).

Table of Contents

Amendment of Security Documents

The Applicable Authorized Representative may enter into any amendment to any Pari Passu Security Document, so long as the Applicable Authorized Representative receives a certificate of the Company stating that such amendment is permitted by the terms of the Indenture and each other Secured Credit Document then in effect. The Applicable Authorized Representative will give notice to each other Authorized Representative of any release of Collateral and of any amendment to any Pari Passu Security Document. The Applicable Authorized Representative may not enter into any amendment that releases all or substantially all of the Collateral from the Liens under any Pari Passu Security Document without the written consent of each Authorized Representative.

Certain Covenants with Respect to the Collateral

The Collateral is pledged pursuant to the Security Documents, which contain provisions relating to the administration of the Collateral. The following is a summary of some of the covenants and provisions set forth in the Security Documents and the Indenture as they relate to the Collateral:

Further Assurances. The Security Documents and the Indenture provide each Grantor will, at its own expense, promptly execute and deliver all further instruments and documents, and take all further action, that may be necessary, or that Collateral Agent may reasonably request, in order to perfect any security interest granted or purported to be granted thereby or to enable the Collateral Agent to exercise and enforce its rights and remedies under such Security Documents with respect to any of the Collateral. Under the terms of the Guarantee and Collateral Agreement, each Grantor authorizes the filing by the Collateral Agent of financing or continuation statements, or amendments, and such Grantor will execute and deliver to the Collateral Agent such other instruments or notices, as may be necessary or as Collateral Agent may reasonably request, in order to perfect and preserve the security interest granted or purported to be granted under the Guarantee and Collateral Agreement.

Real Property Mortgages and Filings. Each Grantor agrees that upon the acquisition of any fee interest in real property in excess of \$1.0 million in value it will promptly notify the Collateral Agent of such acquisition and will grant to the Collateral Agent, for the benefit of the Trustee and the Holders of the Notes, a first priority mortgage (subject to Permitted Liens) on each fee interest in real property owned by such Grantor and will deliver such other documentation and opinions, in form and substance satisfactory to Collateral Agent, in connection with the grant of such mortgage as the Collateral Agent reasonably requests, including title insurance policies, financing statements, fixture filings and environmental audits and such Grantor will pay all recording costs, intangible taxes and other fees and costs (including reasonable attorneys' fees and expenses) incurred in connection therewith.

New Subsidiaries. Pursuant to the Indenture and the Guarantee and Collateral Agreement, any new direct Domestic Subsidiary (whether by acquisition or creation) of a Grantor is required to enter into the Guarantee and Collateral Agreement by executing and delivering a supplement to the Guarantee and Collateral Agreement in the form attached to the Guarantee and Collateral Agreement. Upon the execution and delivery of such supplement by such new Domestic Subsidiary, such Domestic Subsidiary shall become a Grantor under the Guarantee and Collateral Agreement, with the same force and effect as if originally named as a Grantor on the Closing Date.

Certain Bankruptcy Limitations

The right of the Collateral Agent (acting on behalf of the Trustee and the Holders of the Notes) to repossess and dispose of Collateral upon the occurrence of an Event of Default would be significantly impaired by applicable bankruptcy law in the event that a bankruptcy case were to be commenced by or against the Company or any Guarantor prior to and possibly after the Collateral Agent's having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under Title 11 of the United States Bankruptcy Code of 1978, as amended (the

Bankruptcy Code), a secured creditor such as the Collateral Agent is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security repossessed from the debtor, without bankruptcy court approval.

Table of Contents

In view of the broad equitable powers of a U.S. bankruptcy court, it is impossible to predict how long payments under the Notes could be delayed following commencement of a bankruptcy case, whether or when the Collateral Agent could repossess or dispose of the Collateral, the value of the Collateral at the time of the bankruptcy petition or whether or to what extent Holders of the Notes would be compensated for any delay in payment or loss of value of the Collateral. The Bankruptcy Code permits only the payment and/or accrual of post petition interest, costs and attorneys fees to a secured creditor during a debtor's bankruptcy case to the extent the value of the Collateral is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the Collateral.

Furthermore, in the event a domestic or foreign bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the Holders of the Notes would hold secured claims to the extent of the value of the Collateral to which the Holders of the Notes are entitled, and unsecured claims with respect to such shortfall.

Optional Redemption

The Company may redeem the Notes at any time on or after May 1, 2013. The redemption price for the Notes (expressed as a percentage of principal amount), will be as follows, plus accrued and unpaid interest and Additional Interest, if any, to the redemption date:

If Redeemed During the 12-Month Period Commencing May 1,	Redemption Price
2013	105.875%
2014	100.000%

In addition, at any time prior to May 1, 2013, the Company may redeem up to 35% of the principal amount of the Notes with the Net Cash Proceeds of one or more sales of its Equity Interests (other than Disqualified Stock) at a redemption price of 111.75% of their principal amount, plus accrued interest and Additional Interest, if any, to the redemption date; *provided* that at least 65% of the aggregate principal amount of Notes originally issued (including any Additional Notes) remains outstanding after each such redemption and notice of any such redemption is mailed within 90 days of each such sale of Equity Interests.

At any time on or prior to May 1, 2013, the Notes may also be redeemed, in whole or in part, at the option of the Company, at a redemption price equal to 100% of the principal amount thereof plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to, the redemption date.

The Company may acquire Notes by means other than a redemption, whether pursuant to an issuer tender offer, open market purchase or otherwise, so long as the acquisition does not otherwise violate the terms of the Indenture.

Notice of Redemption

The Company will give not less than 30 days nor more than 60 days notice of any redemption. If less than all of the Notes are to be redeemed, subject to DTC procedures, selection of the Notes for redemption will be made by the Trustee:

in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed, or,

if the Notes are not listed on a national securities exchange, pro rata, by lot or by such other method as the Trustee in its sole discretion shall deem to be fair and appropriate, unless otherwise required by law.

However, no Notes of a principal amount of \$2,000 or less shall be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption relating to such Note will state the portion of the principal amount to be redeemed. A new Note in principal amount equal to the unredeemed portion will be issued upon cancellation of the original Note.

Table of Contents

Mandatory Redemption; Sinking Fund

The Company will not be required to make any mandatory redemption or sinking fund payments with respect to the Notes.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each holder of Notes will have the right to require the Company to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000) of that holder's Notes pursuant to a Change of Control Offer on the terms set forth in the Indenture. In the Change of Control Offer, the Company will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest and Additional Interest, if any, on the Notes repurchased to the date of purchase, subject to the rights of holders of Notes on the relevant record date to receive interest due on the relevant interest payment date. Within 20 days following any Change of Control, the Company will mail a notice to each holder and the Trustee describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control Payment Date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the indenture by virtue of such compliance.

On the Change of Control Payment Date, the Company will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes properly tendered; and
- (3) deliver or cause to be delivered to the Trustee the Notes properly accepted together with an officers' certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by the Company.

The paying agent will promptly mail to each Holder of Notes properly tendered the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The Company will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or (2) notice of redemption has been given pursuant to the Indenture as described above under the caption *Optional Redemption*, unless and until there is a default in payment of the applicable redemption price. Notwithstanding anything to the contrary herein, a Change of Control

Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The provisions described above that require the Company to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the Indenture are applicable.

Table of Contents

Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the Holders of the Notes to require that the Company repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

If a Change of Control Offer is made, we cannot assure you that the Company will have available funds sufficient to pay the Change of Control purchase price for all the Notes that might be delivered by Holders seeking to accept the Change of Control Offer. In the event the Company is required to purchase Notes pursuant to a Change of Control Offer, the Company expects that it would seek third-party financing to the extent it does not have available funds to meet its purchase obligations. However, we cannot assure you that the Company would be able to obtain such financing. See **Risk Factors** **Risks Related to the Notes** We may not be able to fulfill our repurchase obligations with respect to the notes upon a change of control or an asset sale.

The Company's future senior Indebtedness may prohibit events that would constitute a Change of Control. If the Company were to experience a change of control that triggers a default under such other senior Indebtedness, the Company could seek a waiver of such default or seek to refinance such other senior Indebtedness. In the event that the Company does not obtain such a waiver or refinance such senior Indebtedness, such default could result in amounts outstanding under such other senior Indebtedness to be declared due and payable. In addition, the exercise by the Holders of Notes of their right to require the Company to repurchase the Notes could cause a default under such other senior Indebtedness, even if the occurrence of the Change of Control itself does not, due to the financial effect of such repurchases on the Company.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of the Company and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require the Company to repurchase its Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of the Company and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

The Company will not, and will not permit any Restricted Subsidiary to, consummate any Asset Sale, unless:

(1) the consideration received by the Company or such Restricted Subsidiary is at least equal to the Fair Market Value of the assets sold or disposed of and, if the Fair Market Value of the assets or Equity Interests issued or sold or otherwise disposed of is greater than \$10.0 million, the Asset Sale is approved by the Company's Board of Directors; and

(2) at least 75% of the consideration received consists of:

(a) cash or Temporary Cash Investments, or

(b) Designated Non-Cash Consideration received by the Company or any Guarantor in such Asset Sale having an aggregate Fair Market Value (when taken together with all other Designated Non-Cash Consideration received pursuant to this clause (c)) that does not exceed 10% of the total assets of the Company and the Guarantors, on a consolidated basis, at the time of receipt of such Designated Non-Cash Consideration, with the Fair Market Value of each item of Designated Non-Cash Consideration being measured at the time it was received and without giving effect to subsequent changes in value.

For purposes of this provision, any securities, notes or other obligations received by the Company or any such Restricted Subsidiary that are converted by the Company or such Restricted Subsidiary into cash within 30 days after receipt (to the extent of the cash received in such conversion) shall be deemed to be cash.

Table of Contents

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, the Company (or the applicable Restricted Subsidiary, as the case may be) may apply such Net Proceeds at its option:

- (1) to repay Indebtedness under any Credit Facility of the Company or any Restricted Subsidiary, in each case owing to a Person other than the Company or any Affiliate of the Company; or
- (2) to invest (or enter into a definitive agreement committing to invest) in Replacement Assets or capital expenditures (*provided* that if any such commitment terminates for any reason, the Company shall, within 45 days after such termination, apply such Net Cash Proceeds in accordance with the provisions of this or the following paragraph, unless a replacement commitment has been entered into within such 45 day period); or
- (3) to make one or more offers to the Holders of the Notes (and, at the option of the Company, the holders of Pari Passu Indebtedness) to purchase Notes (and such other Pari Passu Indebtedness) pursuant to and subject to the conditions applicable to an Asset Sale Offer described below; or
- (4) to acquire (or enter into a definitive commitment to acquire) all or substantially all of the assets of, or any capital stock of another Permitted Business, if, after giving effect to such acquisition of capital stock, the Permitted Business is or becomes a Restricted Subsidiary (*provided* that if any such commitment terminates for any reason, the Company shall, within 45 days after such termination, apply such Net Cash Proceeds in accordance with the provisions of this or the following paragraph, unless a replacement commitment has been entered into within such 45 day period); or
- (5) any combination of the foregoing.

Any Net Cash Proceeds from Asset Sales that are not applied or invested as provided in the preceding paragraph of this covenant will constitute Excess Proceeds. If, as of the first day of any calendar month, the aggregate amount of Excess Proceeds not theretofore subject to an Asset Sale Offer pursuant to this covenant totals at least \$20.0 million, the Company must commence, not later than the fifteenth Business Day of such month, and consummate an Asset Sale Offer from the Holders (and if required by the terms of any Indebtedness that is pari passu with the Notes (Pari Passu Indebtedness), from the holders of such Pari Passu Indebtedness) on a pro rata basis an aggregate principal amount of Notes (and Pari Passu Indebtedness) equal to the Excess Proceeds on such date, at a purchase price equal to 100% of their principal amount, plus, in each case, accrued interest (if any) to the Payment Date. Pending the final application of any such Net Cash Proceeds, the Company or any of its Restricted Subsidiaries may temporarily reduce revolving credit borrowings or otherwise invest such Net Cash Proceeds in any manner that is not prohibited by the terms of the Indenture. If any Excess Proceeds remain after the consummation of any Asset Sale Offer, the Company may use such Excess Proceeds for any other purpose not otherwise prohibited by the Indenture. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will reset to zero.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such compliance.

Limitation on Indebtedness

The Company will not, and will not permit any Restricted Subsidiary to, create, incur, assume or Guarantee the payment of any Indebtedness (including Acquired Indebtedness) other than Permitted Indebtedness and the Company will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any Disqualified Stock or preferred stock to any Person other than the Company or its Wholly Owned Restricted Subsidiaries unless, after giving effect to the transaction, its Fixed Charge Coverage Ratio for the four full fiscal quarters immediately preceding the transaction for which internal financial statements are available immediately preceding the date of such transaction, taken as a single period, is 2.0 to 1 or greater, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom) as if the additional Indebtedness had been incurred or the Disqualified Stock (or the preferred stock, if applicable) had been issued, as the case may be, at the beginning of such four-quarter period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, Permitted Indebtedness):

- (1) Indebtedness under Credit Facilities outstanding at any time in an aggregate principal amount not to exceed \$5.0 million;
- (2) additional Indebtedness of the Company and its Restricted Subsidiaries in an aggregate principal amount outstanding at any time not to exceed \$10.0 million;
- (3) Indebtedness of the Company or any of its Restricted Subsidiaries outstanding on the Closing Date;
- (4) the incurrence by the Company or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to renew, refund, refinance, replace, defease or discharge any Indebtedness (other than Intercompany Debt Obligations) that was permitted by the Indenture to be incurred under the first paragraph of this covenant or clauses (3), (4) or (7) of this paragraph;
- (5) Intercompany Debt Obligations between or among the Company and any of its Wholly Owned Restricted Subsidiaries; provided that any Intercompany Debt Obligations of the Company incurred after the Closing Date other than in connection with Refinancing Indebtedness must be evidenced by an intercompany note; provided further that

(i) any subsequent issuance or transfer of any Equity Interests that results in such Indebtedness being held by a Person other than the Company or a Restricted Subsidiary and (ii) any sale or other transfer of such Indebtedness to a Person other than the Company or a Restricted Subsidiary shall each be deemed to be an incurrence of Indebtedness by the obligor if and to the extent that it is the Company or a continuing Restricted Subsidiary of the Company;

(6) the incurrence by the Company or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of design, construction, installation or improvement of property, plant or equipment used in the business of the Company or any

Table of Contents

of its Restricted Subsidiaries, in an aggregate principal amount, including all Permitted Refinancing Indebtedness incurred to renew, refund, refinance, replace, defease or discharge any Indebtedness incurred pursuant to this clause (6), not to exceed \$10.0 million;

(7) Indebtedness under (a) the Notes and the Note Guarantees issued on the Closing Date, (b) the exchange notes and the Note Guarantees in respect thereof to be issued pursuant to the Registration Rights Agreement and (c) Indebtedness under (i) the old notes and the related Note Guarantees issued after the Closing Date and (ii) the exchange notes and Note Guarantees in respect thereof to be issued pursuant to a Registration Rights Agreement, in the aggregate principal amount not to exceed \$52.0 million;

(8) Indebtedness represented by Guarantees by the Company or its Restricted Subsidiaries of Indebtedness otherwise permitted to be incurred;

(9) Hedging Obligations incurred by the Company or any of its Restricted Subsidiaries in the ordinary course of business;

(10) Indebtedness of the Company or any Restricted Subsidiary consisting of Guarantees, indemnities, or obligations in respect of purchase price adjustments, earnout or similar obligations, in connection with the acquisition or disposition of assets (other than Guarantees of Indebtedness by any Person acquiring such assets for the purpose of financing such acquisition), so long as the amount does not exceed the gross proceeds actually received by the Company in connection with such disposition;

(11) Indebtedness of the Company or any Restricted Subsidiary constituting reimbursement obligations with respect to letters of credit issued in the ordinary course of business;

(12) Indebtedness of the Company or any of its Restricted Subsidiaries in respect to performance bonds, bankers acceptances, workers compensation claims, surety or appeal bonds payment obligations in connection with self-insurance or similar obligations;

(13) Indebtedness of the Company or any of its Restricted Subsidiaries arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Indebtedness is promptly extinguished; and

(14) Indebtedness of Foreign Restricted Subsidiaries so long as the aggregate principal amount outstanding shall not exceed \$5.0 million (or the currency equivalent thereof).

For purposes of determining compliance with this covenant if an item of Indebtedness meets the criteria of more than one of the categories of Permitted Indebtedness or may be incurred under the Fixed Charge Coverage Ratio, the Company may classify (and from time to time may reclassify) the Indebtedness in its sole discretion.

Notwithstanding any other provision of this Limitation on Indebtedness covenant, the maximum amount of Indebtedness that may be incurred pursuant to this Limitation on Indebtedness covenant will not be deemed to be exceeded, with respect to any outstanding Indebtedness, due solely to the result of fluctuations in the exchange rates of currencies between the dates such non-dollar Indebtedness was incurred and the measurement date for purposes of this provision.

The Company will not incur any Indebtedness if such Indebtedness is subordinate in right of payment to any other Indebtedness unless such Indebtedness is also subordinate in right of payment to the Notes to the same extent. For purposes of the foregoing, no Indebtedness will be deemed to be subordinated in right of payment to any other

Indebtedness solely by virtue of being unsecured, by virtue of being secured by different collateral or by virtue of the fact that the holders of any secured Indebtedness have entered into intercreditor agreements giving one or more of such holders priority over the other holders in the collateral held by them.

Limitation on Restricted Payments

The Company will not, and will not permit any Restricted Subsidiary, directly or indirectly, to make any Restricted Payment unless, at the time and after giving effect to the proposed Restricted Payment, the following conditions are met:

- (1) no Default or Event of Default under the Indenture shall have occurred and be continuing (or would result therefrom);
- (2) at the time of and after giving effect to any proposed Restricted Payment, the Company would be able to incur at least \$1.00 of Indebtedness under the Fixed Charge Coverage Ratio described above under Limitation on Indebtedness ; and
- (3) such payment, along with the aggregate amount of all Restricted Payments declared or made on or after the Closing Date may not exceed the sum of

 - (b) 100% of the aggregate Net Cash Proceeds received by the Company on or after the Closing Date (i) as capital contributions or (ii) from the issuance and sale of (x) Equity Interests of the Company to any Person or entity other than a Subsidiary of the Company, excluding the issuance or sale of Disqualified Stock and the Series A Non-Voting Preferred Stock or (y) any other securities of the Company, upon the conversion or exchange of such securities into Equity Interests of the Company, other than Disqualified Stock; plus
 - (c) to the extent that any Restricted Investment that was made after the Closing Date is sold for cash or repaid (whether through interest payments, principal payments, dividends or other distributions), the amount received in cash from such sale or repayment; plus
 - (d) to the extent that any Restricted Investment was made in an Unrestricted Subsidiary or other entity after the Closing Date and such Unrestricted Subsidiary or other entity is redesignated as or becomes a Restricted Subsidiary, the lesser of (i) the Fair Market Value of the Investment in such Subsidiary on the date of such redesignation and (ii) the initial amount of such Restricted Investment.

The provisions of the preceding paragraph shall not prohibit the following:

- (a) the payment of any dividend, within 60 days after it was declared, if at the date it was declared, the payment would have been permitted;
- (b) the making of any Restricted Payment or the redemption, repurchase, retirement, defeasance or other acquisition of any Equity Interests of the Company (or Indebtedness that is subordinated to the Notes or any Subsidiary Guarantee) by conversion into, in exchange for, or out of the net proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company) of, any Equity Interests of the Company (other than any Disqualified Stock); *provided* that, in each such case, the amount of any such net cash proceeds that are so utilized shall be excluded from clause (3)(b) of the preceding paragraph and clause (e) of this paragraph;

(c) the payment, redemption, repurchase, defeasance or other acquisition or retirement for value of Indebtedness that is subordinated to the Notes or any Subsidiary Guarantee, including premium, if any, and accrued interest, with the proceeds of, or in exchange for, a substantially concurrent incurrence of Permitted Refinancing Indebtedness;

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or agree to any encumbrance or restriction on the ability of any Restricted Subsidiary to (1) pay dividends or make any other distributions on its Equity Interests to the Company or any of the Company's Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any Indebtedness owed to the Company or any of the Company's Restricted Subsidiaries; or (2) make loans or advances to the Company or any of the Company's Restricted Subsidiaries.

(2) the Indenture, the Notes, the Note Guarantees and the other Security Documents;

(3) applicable law, rules, regulations or orders;

(5) restrictions on the ability of any Foreign Restricted Subsidiary to make dividends or distributions resulting from the operation of payment defaults and reasonable financial covenants (as determined in good faith by the Company) contained in documents governing Indebtedness of Foreign Restricted Subsidiaries permitted to be incurred under the provisions of the covenant described above under the caption *Limitation on Indebtedness*, *provided* that, such Indebtedness does not to exceed \$50.0 million in the aggregate at any time outstanding;

Table of Contents

(9) encumbrances and restrictions in Indebtedness refinancing other Indebtedness provided that the encumbrances and restrictions contained in the new Indebtedness are not materially less favorable, taken as a whole (as determined by the Company in good faith), to the Holders, than those contained in the Indebtedness being refinanced;

(10) encumbrances on and agreements or instruments relating to any property, asset or business acquired by the Company or a Restricted Subsidiary as in effect at the time of such acquisition, which encumbrances or restrictions are not applicable to any other properties, assets or businesses of the Company or its Restricted Subsidiaries and were not incurred in contemplation of such acquisition;

(11) customary restrictions imposed on the transfer of, or in licenses related to, copyrights, patents or other intellectual property and contained in agreements entered into in the ordinary course of business;

(12) any restriction contained in mortgages, pledges or other agreements securing Indebtedness of the Company or any Restricted Subsidiary to the extent such restriction restricts the transfer of the property subject to such mortgages, pledges or other security agreements;

(14) customary non-assignment provisions and restrictions on sub-letting contained in contracts, leases or licenses entered into in the ordinary course of business.

Nothing contained in this Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries covenant shall prevent the Company or any Restricted Subsidiary from (1) creating, incurring, assuming or suffering to exist any Liens otherwise permitted in the Limitation on Liens covenant or (2) restricting the sale or other disposition of property or assets of the Company or any of its Restricted Subsidiaries that secure Indebtedness of the Company or any of its Restricted Subsidiaries.

Limitation on Guarantees by Restricted Subsidiaries

The Company will not permit any Restricted Subsidiary that is a Domestic Restricted Subsidiary, directly or indirectly, by way of the pledge of any intercompany note or otherwise, to assume, guarantee or in any other manner become liable with respect to any Indebtedness of the Company, unless, in any such case:

(1) within 30 days thereafter, such Domestic Restricted Subsidiary executes and delivers a supplemental indenture to the Indenture, providing a Note Guarantee of payment of the Notes by such Domestic Restricted Subsidiary if not previously delivered; and

(2) if such assumption, guarantee or other liability of such Domestic Restricted Subsidiary is provided in respect of Indebtedness that is expressly subordinated to the Notes, the guarantee or other instrument provided by such Domestic Restricted Subsidiary in respect of such subordinated Indebtedness shall be subordinated to the Guarantee pursuant to subordination provisions that are substantially the same as those contained in the instrument pursuant to which such subordinated Indebtedness is issued.

Notwithstanding the foregoing, any such Note Guarantee by a Domestic Restricted Subsidiary of the Notes shall provide by its terms that it shall be automatically and unconditionally released and discharged, without any further action required on the part of the Trustee or any Holder, upon:

(1) the unconditional release of such Domestic Restricted Subsidiary from its liability in respect of the Indebtedness in connection with which such Note Guarantee was executed and delivered pursuant to the preceding paragraph; or

(2) any sale or other disposition (by merger or otherwise) to any Person that is not a Restricted Subsidiary of the Company of the Company's Equity Interests, such that immediately after giving effect to such transaction, such Domestic Restricted Subsidiary would no longer constitute a Subsidiary of the Company, or any sale or other disposition of all or substantially all of the assets of, such Domestic Restricted Subsidiary; *provided* that: (a) such sale or disposition of such Equity Interests or assets is otherwise in compliance with the terms of the Indenture; and (b) such assumption, guarantee or other

Table of Contents

liability of such Domestic Restricted Subsidiary has been released by the holders of the other Indebtedness so guaranteed.

Transactions with Affiliates of the Company

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly enter into any transaction or series of related transactions (including, without limitation, the sale, purchase, exchange or lease of assets, property or services) with any Affiliate of the Company involving aggregate payments or consideration in excess of \$1.0 million unless the following conditions are met:

- (1) the transaction or series of transactions must be on terms which are as favorable to the Company or the Restricted Subsidiary, taken as a whole, as would be available in a comparable transaction with an unrelated third party;
- (2) if the transaction or series of transactions involves aggregate payments of \$10.0 million or more, then the transaction or series of transactions must be approved by the Company's Board of Directors, including the approval of a majority of directors who are not Affiliates of the Company in connection with the transaction or transactions being approved; and
- (3) if the transaction or series of transactions involves aggregate payments of \$15.0 million or more, then the Company must deliver to the Trustee an opinion as to the fairness from a financial point of view to the Company and its Subsidiaries, taken as a whole, of such transaction or series of transactions issued by an accounting, appraisal or investment banking firm of national standing.

However, this provision does not apply to:

- (1) any employment or compensation agreement (whether based in cash or securities), stock option plan, stock ownership plan or employee benefit plan, officer or director indemnification agreement or any similar arrangement entered into by the Company or any of its Restricted Subsidiaries in the ordinary course of business and payments pursuant thereto;
- (2) loans and advances to employees of the Company or any Subsidiary in the ordinary course of business not otherwise prohibited pursuant to the terms of the Notes;
- (3) Restricted Payments that are permitted by the terms of the Notes described under the covenant Limitation on Restricted Payments or Permitted Investments;
- (4) issuances of Equity Interests (other than Disqualified Stock) of the Company by the Company and the granting or performance of registration rights;
- (5) any transaction between or among the Company and one or more Restricted Subsidiaries of the Company or among one or more Restricted Subsidiaries of the Company;
- (6) if such transaction is with any Person solely in its capacity as a holder of Indebtedness or Equity Interests of the Company or any of its Restricted Subsidiaries, if such person is treated no more favorably than any other holder of Indebtedness or Equity Interest of the Company; *provided* such Person owns less than 10% of such Indebtedness or Equity Interests;
- (7) payment of reasonable and customary fees and reimbursements of expenses (pursuant to indemnity arrangements or otherwise) of officers, directors, employees or consultants of the Company or any of its Restricted Subsidiaries;

(8) transactions with customers, clients, suppliers, or purchasers or sellers of goods or services that do not, directly or indirectly, own Equity Interests in the Company and in which the Company does not, directly or indirectly, own Equity Interests, in each case, in the ordinary course of business and otherwise in compliance with the terms of the Indenture and which are on terms that are no less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable arm's length transaction with a person that is not an Affiliate of the Company;

Table of Contents

(9) any agreement between any Person and an Affiliate of such Person existing at the time such Person is acquired by or merged into the Company or any of the Company's Restricted Subsidiaries; provided that such agreement was not entered into contemplation of such acquisition or merger;

(10) any agreement as in effect on the Closing Date or any amendment thereto so long as the amendment is not materially more disadvantageous to the Holders, taken as a whole, than the agreement existing on Closing Date (as determined in good faith by the Company); and

(11) issuances of old notes to any Affiliate on terms which are as favorable to the Issuer and the Restricted Subsidiaries, taken as a whole, as is available in a simultaneous or comparable issuance of old notes with an unrelated third party.

Limitation on Liens

The Company will not, and will not permit any Restricted Subsidiary to, create, assume, incur or suffer to exist any Lien upon any of their assets now owned or hereafter acquired, except for Permitted Liens.

Limitation on Sale-Leaseback Transactions

The Company will not, and will not permit any of its Restricted Subsidiaries to, enter into any sale and leaseback transaction; *provided* that the Company and any Restricted Subsidiary may enter into a sale and leaseback transaction if:

(i) the Company or such Restricted Subsidiary could have (a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such sale and leaseback transaction pursuant to the first paragraph of the covenant described above under the caption *Limitation on Indebtedness* and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption *Limitation on Liens* ;

(ii) the gross cash proceeds of such sale and leaseback transaction are at least equal to the Fair Market Value of the property that is the subject of such sale and leaseback transaction; and

(iii) the transfer of assets in such sale and leaseback transaction is permitted by, and the Company applies the proceeds of such transaction in compliance with, the covenant described above under the caption *Repurchase at the Option of Holders - Asset Sales*.

The foregoing restriction does not apply to any sale-leaseback transaction if:

(1) the lease is for a period, including renewal rights, of not in excess of three years; or

(2) the transaction is solely between the Company and one or more Wholly Owned Restricted Subsidiaries or solely between Wholly Owned Restricted Subsidiaries; or

(3) the property that is the subject of the sale leaseback transaction is the Hartland Property.

Business Activities

The Company will not, and will not permit any of its Restricted Subsidiaries to, engage in any business other than Permitted Businesses, except to such extent as would not be material to the Company and its Restricted Subsidiaries taken as a whole.

Payments for Consent

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid and is paid to all holders of the Notes that consent, waive or agree to amend such terms and provisions in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Consolidation, Merger and Sale of Assets

The Company will agree not to consolidate or merge with or into any other entity, or sell, lease or convey all or substantially all of its assets, to any other entity in any one or more transactions unless the following conditions are met:

(1) the resulting, surviving or transferee Person (the **Surviving Entity**) is organized under the laws of the United States of America or any state thereof or the District of Columbia, and the **Surviving Entity** (if not the Company) shall expressly assume, by an indenture supplemental thereto, executed and delivered to the Trustee, in form satisfactory to the Trustee, all of the Company's obligations under the Notes and the Indenture;

(2) immediately after giving effect to the transaction (and treating any Indebtedness which becomes an obligation of the **Surviving Entity** or any **Restricted Subsidiary** as a result of such transaction as having been incurred by such **Surviving Entity** or such **Restricted Subsidiary** at the time of such transaction), no Default or Event of Default under the Indenture shall have occurred and be continuing;

(3) immediately after giving effect to the transaction (and treating any Indebtedness which becomes an obligation of the **Surviving Entity** or any **Restricted Subsidiary** as a result of such transaction as having been incurred by such **Surviving Entity** or such **Restricted Subsidiary** at the time of such transaction), either (a) the **Surviving Entity** would be able to incur at least \$1.00 of Indebtedness under the **Fixed Charge Coverage Ratio** described above under **Limitation on Indebtedness**, determined on a pro forma basis as if such transaction had occurred at the beginning of the immediately preceding four-quarter period; or (b) the **Fixed Charge Coverage Ratio** for the **Surviving Entity**, determined on a pro forma basis (including **Pro Forma Cost Savings**) as if such transaction had occurred at the beginning of the immediately preceding four-quarter period, would be greater than the actual **Fixed Charge Coverage Ratio** for the Company for the most recently completed four-quarter period prior to the transaction; and

(4) the Company must deliver to the Trustee an **Officers' Certificate and Opinion of Counsel**, in each stating that such consolidation, merger or transfer and such supplemental indenture complies with this provision and that all conditions precedent provided for herein relating to such transaction have been complied with.

If the Company is not the **Surviving Entity** and the transaction meets the above conditions, the **Surviving Entity** will be substituted for the Company and after that the Company will no longer have any obligations under the Indenture or the Notes except in the case of a conveyance, transfer or lease to an **Affiliate** of the Company or a lease of substantially all of the assets of the Company.

Notwithstanding the foregoing, if the Company effects a consolidation, merger or sale, conveyance, assignment, transfer, lease or other disposition of substantially all of its assets, the condition set forth in clause (3) of the paragraph above shall not apply to a transaction involving a **Surviving Entity** which is otherwise subject to the foregoing provisions if: (A) the consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets is between or among the Company and its **Restricted Subsidiaries**; or (B) the merger was affected solely in connection with a reincorporation of the Company.

SEC Reports and Reports to Holders

Whether or not required by the rules and regulations of the SEC, so long as any Notes are outstanding, the Company will furnish to the Holders of Notes and the Trustee or make available to the Holders of Notes, within the time periods specified in the SEC's rules and regulations:

(1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if the Company were required to file such reports; and

(2) all current reports that would be required to be filed with the SEC on Form 8-K if the Company were required to file such reports.

Table of Contents

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on the Company's consolidated financial statements by the Company's certified independent accountants. In addition, the Company will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing) and will post the reports on its website within those time periods.

If, at any time after consummation of the exchange offer contemplated by the Registration Rights Agreement, the Company is no longer subject to the periodic reporting requirements of the Exchange Act for any reason, the Company will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing. The Company will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept the Company's filings for any reason, the Company will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if the Company were required to file those reports with the SEC.

If the Company has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraphs will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of the Company and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Company.

In addition, the Company and the Guarantors agree that, for so long as any Notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the Holders of Notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default

The following events will be defined as Events of Default in the Indenture:

- (a) default in the payment of any installment of interest on any Notes for 30 days after becoming due;
- (b) default in the payment of the principal of (or premium, if any, on) any Notes when due;
- (c) default in the performance of any other covenant contained in the terms of the Notes or the Indenture for a period of 60 days (or 90 days in the case of a failure to comply with the reporting obligations under the caption "Financial Reports") after written notice of such failure, requiring the Company to remedy the same, shall have been given to the Company by the Trustee or to the Company and the Trustee by the holders of 25% in aggregate principal amount of the Notes then-outstanding;
- (d) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries (or the payment of which is guaranteed by the Company or any of its Restricted Subsidiaries), whether such Indebtedness or Guarantee now exists, or is created after the date of the Indenture, if that default:
 - (A) is caused by a failure to pay principal of, or interest or premium, if any, on, such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a "Payment Default"); or

(B) results in the acceleration of such Indebtedness prior to its express maturity,

Table of Contents

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$10.0 million or more;

(e) one or more judgments, orders or decrees for the payment of money in excess of \$10.0 million, either individually or in the aggregate, shall be entered against the Company or any Restricted Subsidiaries and shall not be discharged, paid, stayed, subject to a negotiated settlement or subject to insurance, there shall have been a period of 60 days during which a stay of enforcement of such judgment or order, by reason of an appeal or otherwise, shall not be in effect;

(f) a court having jurisdiction in the premises enters a decree or order for (A) relief in respect of the Company or any Significant Subsidiary in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, (B) appointment of a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Company or any Significant Subsidiary or for all or substantially all of the property and assets of the Company or any Significant Subsidiary or (C) the winding up or liquidation of the affairs of the Company or any Significant Subsidiary and, in each case, such decree or order shall remain unstayed and in effect for a period of 90 consecutive days;

(g) the Company or any Significant Subsidiary (A) commences a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consents to the entry of an order for relief in an involuntary case under any such law, (B) consents to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Company or any Significant Subsidiary or for all or substantially all of the property and assets of the Company or any Significant Subsidiary or (C) effects any general assignment for the benefit of creditors;

(h) default in the performance or breach of the provisions of the Indenture applicable to mergers, consolidations and transfers of all or substantially all of the assets of the Company or the failure by the Company to make or consummate an Asset Sale Offer in accordance with the Repurchase at the Option of Holders Asset Sales or a Change of Control Offer in accordance with the Repurchase at the Option of Holders Change of Control covenant;

(i) (A) any security interest created by any Collateral Document ceases to be in full force and effect (except as permitted by the terms of the Indenture or the Security Documents) or (B) the breach or repudiation by the Company or any of its Restricted Subsidiaries of any of their obligations under any Collateral Document; provided that, in the case of clauses (A) and (B), such cessation, breach or repudiation, individually or in the aggregate, results in Collateral having a Fair Market Value in excess of \$10.0 million not being subject to a valid, perfected security interest and does not result from any unauthorized action or inaction by the Collateral Agent; or

(j) except as permitted by the Indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or any Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its obligations under its Note Guarantee.

If an Event of Default (other than an Event of Default specified in clause (f) or (g) that occurs with respect to the Company) occurs and is continuing under the Indenture, the Trustee or the Holders of at least 25% in aggregate principal amount of the Notes, then-outstanding, by written notice to the Company (and to the Trustee if such notice is given by the Holders), may declare the principal of, premium, if any, and accrued interest on the Notes to be immediately due and payable. Upon a declaration of acceleration, such principal of, premium, if any, and accrued interest shall be immediately due and payable. If an Event of Default specified in clause (f) or (g) above occurs with respect to the Company, the principal of, premium, if any, and accrued interest on the Notes then-outstanding shall automatically become and be immediately due and payable without any declaration or other act on the part of the

Trustee or any Holder. The Holders of at least a majority in principal amount of the outstanding Notes by written notice to the Company and to the Trustee, may waive all past defaults and rescind and annul a declaration of acceleration and its consequences if (x) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived and (y) the

Table of Contents

rescission would not conflict with any judgment or decree of a court of competent jurisdiction. For information as to the waiver of defaults, see Modification and Waiver.

The Holders of at least a majority in aggregate principal amount of the outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee. However, the Trustee may refuse to follow any direction that conflicts with law or the Indenture, that may involve the Trustee in personal liability, or that the Trustee determines in good faith may be unduly prejudicial to the rights of Holders of Notes not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from Holders of Notes. A Holder may not pursue any remedy with respect to the Indenture or the Notes unless:

- (1) the Holder gives the Trustee written notice of a continuing Event of Default;
- (2) the Holders of at least 25% in aggregate principal amount of outstanding Notes make a written request to the Trustee to pursue the remedy;
- (3) such Holder or Holders offer the Trustee indemnity satisfactory to the Trustee against any costs, liability or expense;
- (4) the Trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and
- (5) during such 60-day period, the Holders of a majority in aggregate principal amount of the outstanding Notes do not give the Trustee a direction that is inconsistent with the request.

However, such limitations do not apply to the right of any Holder of a Note to receive payment of the principal of, premium, if any, or interest on, such Note or to bring suit for the enforcement of any such payment, on or after the due date expressed in the Notes, which right shall not be impaired or affected without the consent of the Holder.

Officers of the Company must certify, on or before a date not more than 120 days after the end of each fiscal year, that a review has been conducted of the activities of the Company and its Restricted Subsidiaries and the Company's and its Restricted Subsidiaries' performance under the Indenture and that, to their knowledge, the Company has fulfilled all obligations thereunder, or, if there has been a default in the fulfillment of any such obligation, specifying each such default and the nature and status thereof. The Company will also be obligated to notify the Trustee of any default or defaults in the performance of any covenants or agreements under the Indenture.

Legal Defeasance and Covenant Defeasance

The Company may at any time, at the option of its Board of Directors evidenced by a resolution set forth in an officers certificate, elect to have all of its obligations discharged with respect to the outstanding Notes and all obligations of the Guarantors discharged with respect to their Note Guarantees (Legal Defeasance) except for:

- (1) the rights of holders of outstanding Notes to receive payments in respect of the principal of, or interest or premium and Additional Interest, if any, on, such Notes when such payments are due from the trust referred to below;
- (2) the Company's obligations with respect to the Notes concerning issuing temporary notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the Trustee, and the Company s and the Guarantors obligations in connection therewith; and

(4) the Legal Defeasance and Covenant Defeasance provisions of the Indenture.

Table of Contents

In addition, the Company may, at its option and at any time, elect to have the obligations of the Company and the Guarantors released with respect to certain covenants (including its obligation to make Change of Control Offers and Asset Sale Offers) that are described in the Indenture (Covenant Defeasance) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest and premium and Liquidated Damages, if any, on, the outstanding Notes on the stated date for payment thereof or on the applicable redemption date, as the case may be, and the Company must specify whether the Notes are being defeased to such stated date for payment or to a particular redemption date;

(2) in the case of Legal Defeasance, the Company must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that (a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the Indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding Notes will not recognize income, gain or loss for United States federal income tax purposes as a result of such Legal Defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Company must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that the holders of the outstanding Notes will not recognize income, gain or loss for United States federal income tax purposes as a result of such Covenant Defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the Indenture) to which the Company or any of its Subsidiaries is a party or by which the Company or any of its Subsidiaries is bound;

(6) the Company must deliver to the Trustee an officers certificate stating that the deposit was not made by the Company with the intent of preferring the holders of Notes over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding any creditors of the Company or others; and

(7) the Company must deliver to the Trustee an officers certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

(1) either:

(a) all Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to the Company, have been delivered to the Trustee for cancellation; or

(b) all Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and the Company or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the Notes not delivered to the Trustee for cancellation for principal, premium and Liquidated Damages, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant on any lien securing such borrowing) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound;

(3) the Company or any Guarantor has paid or caused to be paid all sums payable by it under the Indenture; and

(4) the Company has delivered irrevocable instructions to the Trustee under the Indenture to apply the deposited money toward the payment of the Notes at maturity or on the redemption date, as the case may be.

In addition, the Company must deliver an officers' certificate and an opinion of counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Modification and Waiver

The Indenture may be amended, without the consent of any Holder, to:

(1) cure any ambiguity, defect, mistake or inconsistency in the Indenture;

(2) comply with the provisions described under Consolidation, Merger and Sale of Assets or Limitation on Guarantees by Restricted Subsidiaries ;

(3) comply with any requirements of the SEC in connection with the qualification of the Indenture under the Trust Indenture Act;

(4) evidence and provide for the acceptance of appointment by a successor Trustee;

(5) make any change that, in the good faith opinion of the Board of Directors, does not materially and adversely affect the rights of any Holder;

(6) enter into additional or supplemental Security Documents;

(7) make, complete or confirm any Note Guarantee or any grant of Collateral permitted or required by the Indenture or any of the Security Documents or release Collateral in accordance with the terms of the Indenture and the Security Documents;

(8) provide for uncertificated Notes in addition to or in replacement of certificated Notes;

Table of Contents

(9) evidence the succession of another Person to the Company or any Guarantor and the assumption by any such successor of the covenants of the Company of such Guarantor to the Indenture, the Guarantees and the Security Documents and in the Notes;

(10) add to the covenants of the Company for the benefit of the Holders, or to surrender any right or power conferred upon the Company;

(11) to add additional Events of Default;

(12) to provide for or confirm the issuance of additional notes in accordance with the terms of the Indenture;

(13) add to the Collateral securing the Notes, to add a Guarantor or to release a Guarantor in accordance with the terms of the Indenture; or

(14) conform the text of the Indenture, the Notes or the Security Documents to any provision of this Description of the Exchange Notes.

Modifications and amendments of the Indenture may be made by the Company and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of the outstanding Notes; *provided, however*, that no such modification or amendment may, without the consent of each Holder affected thereby:

(1) change the Stated Maturity of the principal of, or any installment of interest on, any Note;

(2) reduce the principal amount of, or premium, if any, or interest on, any Note;

(3) change the optional redemption dates or optional redemption prices of the Notes from that stated under the caption **Optional Redemption** ;

(4) change the place or currency of payment of principal of, or premium, if any, or interest on, any Note;

(5) impair the right to institute suit for the enforcement of any payment on or after the Stated Maturity (or, in the case of a redemption, on or after the Redemption Date) of any Note;

(6) waive a default in the payment of principal of, premium, if any, or interest on the Notes; or

(7) reduce the percentage or aggregate principal amount of outstanding Notes the consent of whose Holders is necessary for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults.

In addition, without the consent of at least two-thirds in aggregate principal amount of Notes then-outstanding, an amendment or waiver may not modify any Collateral Document relating to the Notes or the provisions of the Indenture dealing with the Security Documents that has the effect of releasing all or substantially all of the Collateral, except as otherwise permitted by the Indenture or the Security Documents.

No Personal Liability of Incorporators, Stockholders, Officers, Directors, or Employees

No recourse for the payment of the principal of, premium, if any, or interest on any of the Notes or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of the Company in the Indenture, or in any of the Notes or because of the creation of any Indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of the

Company or of any successor Person thereof. Each Holder, by accepting the Notes, waives and releases all such liability. The waiver and release are part of the consideration for the issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws.

Concerning the Trustee

Except during the continuance of an Event of Default, the Trustee will not be liable, except for the performance of such duties as are specifically set forth in the Indenture. If an Event of Default has occurred

Table of Contents

and is continuing, the Trustee will use the same degree of care and skill in its exercise of the rights and powers vested in it under the Indenture as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The Indenture and provisions of the Trust Indenture Act of 1939, as amended, incorporated by reference therein contain limitations on the rights of the Trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest, as defined by the Trust Indenture Act of 1939, it must eliminate such conflict or resign, as provided in the Trust Indenture Act of 1939.

Neither the Trustee nor the Collateral Agent shall be responsible for or make any representation as to the existence, genuineness, value or protection of any Collateral, for the legality, effectiveness or sufficiency of any Security Document, or for the creation, perfection, priority, sufficiency or protection of any Liens securing the Notes and Note Obligations. Neither the Trustee nor the Collateral Agent shall be responsible for filing any financing or continuation statements or recording any documents or instruments in any public office at any time or times or otherwise perfecting or maintaining the perfection of any Lien or security interest in the Collateral.

Governing Law

The Indenture is, and the old notes are, governed by, and construed in accordance with, the laws of the State of New York.

Book-Entry; Delivery and Form

The old notes were offered and sold to qualified institutional buyers in reliance on Rule 144A under the Securities Act. Old notes also may be offered and sold in reliance on Regulation S. In addition, Notes may subsequently be transferred to institutional accredited investors within the meaning of subparagraph (a)(1), (2), (3) or (7) of Rule 501 under the Securities Act in transactions exempt from registration under the Securities Act not made in reliance on Rule 144A or Regulation S under the Securities Act.

Rule 144A Notes initially will be represented by one or more Notes in registered, global form without interest coupons. The Rule 144A global note will be deposited upon issuance with the Trustee as custodian for The Depository Trust Company, also referred to as DTC, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant as described below.

Regulation S Notes initially will be represented by one or more Notes in registered, global form without interest coupons. The Regulation S global note will be deposited upon issuance with the Trustee as custodian for DTC, and registered in the name of a nominee of DTC, in each case for credit to the accounts of Euroclear System and Clearstream Banking, S.A. of Luxembourg. On or prior to the 40th day after the later of the commencement of the offering of the old notes and the issue date of the old notes (such period through and including such 40th day, the Restricted Period), beneficial interests in the Regulation S Note may be held only through Euroclear or Clearstream, as indirect participants in DTC, unless transferred to a person that takes delivery in the form of an interest in the corresponding Rule 144A global note in accordance with the certification requirements described below. Beneficial interests in the Rule 144A global note may not be exchanged for beneficial interests in the Regulation S global note at any time except in the limited circumstances described below. See Exchanges Between Regulation S Notes and Rule 144A Notes and Other Notes.

Except as set forth below, the global notes may be transferred, in whole but not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global notes may be exchanged for Notes in certificated form as described below. See Exchange of Book-Entry Notes for Certificated Notes.

Global notes and Notes held by institutional accredited investors will be subject to certain restrictions on transfer and will bear a restrictive legend. In addition, transfer of beneficial interests in the global notes will

Table of Contents

be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

The Notes may be presented for registration of transfer and exchange at the offices of the registrar.

Depository Procedures

DTC has advised the Company that DTC is a limited-purpose trust company created to hold securities for its participating organizations and to facilitate the clearance and settlement of transactions in those securities between the participants through electronic book-entry changes in accounts of the participants. The participants include securities brokers and dealers (including the initial purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Persons who are not participants may beneficially own securities held by or on behalf of DTC only through the participants or the indirect participants. The ownership interest and transfer of ownership interest of each actual purchaser of each security held by or on behalf of DTC are recorded on the records of the participants and the indirect participants.

DTC has also advised the Company that, pursuant to procedures established by it,

(1) upon deposit of the global notes, DTC will credit the accounts of participants designated by the beneficiaries with portions of the principal amount of the global notes, and

(2) ownership of such interests in the global notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC (with respect to the participants) or by the participants and the indirect participants (with respect to other owners of beneficial interests in the global notes).

Investors in the Rule 144A global note may hold their interests therein directly through DTC if they are participants in such system, or indirectly through organizations (including Euroclear and Clearstream) which are participants in such system. Investors in the Regulation S global note must initially hold their interests therein through Euroclear or Clearstream if they are accountholders in such systems or indirectly through organizations which are accountholders in such systems. After the expiration of the Restricted Period (but not earlier), investors may also hold interests in the Regulation S global note through organizations other than Euroclear and Clearstream that are participants in the DTC system. Euroclear and Clearstream will hold interests in the Regulation S global note on behalf of their participants through their respective depositories, which in turn will hold such interests in the Regulation S global note customers securities accounts in their respective names on the books of DTC. Morgan Guaranty Trust Company of New York, Brussels office, will initially act as depository for Euroclear, and Citibank, N.A., will initially act as depository for Clearstream. All interests in a global note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such system.

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a global note to such persons may be limited to that extent. Because DTC can act only on behalf of the participants, which in turn act on behalf of the indirect participants and certain banks, the ability of a person having beneficial interests in a global note to pledge such interests to persons or entities that do not participate in the DTC system or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests. For certain other restrictions on the transferability of the Notes, see *Exchange of Book-Entry Notes for Certificated Notes* and *Exchanges Between Regulation S Notes and Rule 144A Notes and Other Notes*.

Except as described below, owners of interests in the global notes will not have Notes registered in their names, will not receive physical delivery of Notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Table of Contents

Payments in respect of the principal of (and premium, if any) and interest on a global note registered in the name of DTC or its nominee will be payable to DTC or its nominee in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Company and the Trustee, will treat the persons in whose names the Notes, including the global notes, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever. Consequently, none of the Company, the placement agents, the Trustee nor any agent of the Company, the placement agents or the Trustee has or will have any responsibility or liability for (1) any aspect or accuracy of DTC's records or any participant's or indirect participant's records relating to the beneficial ownership or (2) any other matter relating to the actions and practices of DTC or any of the participants or the indirect participants.

The Company understands that DTC's current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant participants with the payment on the payment date, in amounts proportionate to their respective holdings in principal amount of beneficial interests in the relevant security as shown on the records of DTC. Payments by the participants and the indirect participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will not be the responsibility of DTC, the Trustee or the Company. None of the Company nor the Trustee will be liable for any delay by DTC or any of the participants in identifying the beneficial owners of the Notes, and the Company and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee as the registered owner of the global notes for all purposes.

Except for trades involving only Euroclear and Clearstream participants, interests in the global notes will trade in DTC's same-day funds settlement system and secondary market trading activity in such interests will therefore settle in immediately available funds, subject in all cases to the rules and procedures of DTC and the participants.

Transfers between participants in DTC will be effected in accordance with DTC's procedures and will be settled in same-day funds. Transfers between accountholders in Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the Notes described herein, cross-market transfers between the accountholders in DTC on the one hand and directly or indirectly through Euroclear or Clearstream accountholders, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear or Clearstream accountholders may not deliver instructions directly to the depositories for Euroclear or Clearstream.

Because of time zone differences, the securities account of a Euroclear or Clearstream accountholder purchasing an interest in a global note from an accountholder in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear or Clearstream) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream as a result of sales of interests in a global note by or through a Euroclear or Clearstream accountholder to a participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

The Company understands that DTC will take any action permitted to be taken by a holder of Notes only at the direction of one or more participants in whose account with DTC interests in the global notes are credited and only in respect of such portion of the aggregate principal amount at maturity of the notes as to which such participant or participants has or have given such direction. However, if any of the events

Table of Contents

described under Exchange of Book-Entry Notes for Certificated Notes occurs, DTC reserves the right to exchange the global notes for (in the case of a Rule 144A global note) legended notes in certificated form and to distribute such notes to its participants.

The information in this section concerning DTC, Euroclear and Clearstream and their book-entry systems has been obtained from sources that the Company believes to be reliable, but the Company takes no responsibility for the accuracy thereof.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Regulation S global note and in the Rule 144A global note among accountholders in DTC and accountholders of Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and such procedures may be discontinued at any time. None of the Company, the placement agents or the Trustee nor any agent of the Company, the placement agents or the Trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants, indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

Exchange of Book-Entry Notes for Certificated Notes

A global note is exchangeable for definitive Notes in registered certificated form if:

- (1) DTC (A) notifies the Company that it is unwilling or unable to continue as depository for the global note and the Company thereupon fails to appoint a successor depository or (B) has ceased to be a clearing agency registered under the Exchange Act;
- (2) the Company, at its option, notifies the Trustee in writing that it elects to cause the issuance of the Notes in certificated form (DTC has advised the Company that, in such event, under its current practices, DTC would notify its participants of the Company's request, but will only withdraw beneficial interests from a global note at the request of each DTC participant); or
- (3) there shall have occurred and be continuing a Default or an Event of Default with respect to the Notes.

Holders of an interest in a global note may receive certificated Notes, which may bear the legend relevant to it in accordance with DTC's rules and procedures in addition to those provided for under the Indenture. Certificated notes delivered in exchange for any global note or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of DTC (in accordance with its customary procedures) and will bear, in the case of a restricted global note, a restrictive legend unless the Company determines otherwise in compliance with applicable law.

Exchanges Between Regulation S Notes and Rule 144A Notes and Other Notes

Prior to the expiration of the restricted period, a beneficial interest in a Regulation S global note may be transferred to a person who takes delivery in the form of an interest in the corresponding Rule 144A global note only upon receipt by the Trustee of a written certification from the transferor to the effect that such transfer is being made (1) (A) to a person whom the transferor reasonably believes is a qualified institutional buyer in a transaction meeting the requirements of Rule 144A or (B) pursuant to another exemption from the registration requirements under the Securities Act which is accompanied by an Opinion of Counsel regarding the availability of such exemption, and (2) in accordance with all applicable securities laws of any state of the United States or any other jurisdiction.

Beneficial interests in the Rule 144A global note may be transferred to a person who takes delivery in the form of an interest in the Regulation S global note, whether before or after the expiration of the restricted period, only if the transferor first delivers to the Trustee a written certificate to the effect that such transfer is being made in accordance with Rule 903 or 904 of Regulation S or Rule 144 under the Securities Act (if

Table of Contents

available) and that, if such transfer occurs prior to the expiration of the restricted period, the interest transferred will be held immediately thereafter through Euroclear or Clearstream, Luxembourg.

Beneficial interests in a global note may be transferred to a person who takes delivery in the form of an accredited investor certificated Note only upon compliance with the procedures set forth in *Notice to Investors* in the offering memorandum under which such Notes were sold.

Any beneficial interest in one of the global notes that is transferred to a person who takes delivery in the form of an interest in another global note will, upon transfer, cease to be an interest in such global note and become an interest in such other global note and, accordingly, will thereafter be subject to all transfer restrictions and other procedures applicable to beneficial interests in such other global note for as long as it remains such an interest.

Transfers involving an exchange of a beneficial interest in the Regulation S global note for a beneficial interest in the Rule 144A global note or vice versa will be effected in DTC by means of an instruction originated by DTC through the DTC Deposit/Withdrawal as Custodian system. Accordingly, in connection with such transfer, upon notice from DTC through the Deposit/Withdrawal as Custodian system, appropriate adjustments will be made to reflect a decrease in the principal amount of the Regulation S global note and a corresponding increase in the principal amount of the Rule 144A global note or vice versa, as applicable.

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following summary describes U.S. federal income tax considerations relating to the exchange of old notes for exchange notes and the ownership and disposition of the exchange notes, but does not purport to be a complete analysis of all potential tax effects. This summary is based on the Internal Revenue Code of 1986,

Table of Contents

as amended (the Code), Treasury Regulations, judicial decisions, published positions of the Internal Revenue Service (the IRS), and other applicable authorities, all as in effect as of the date hereof and all of which are subject to change or differing interpretations (possibly with retroactive effect).

The discussion does not address all of the tax consequences that may be relevant to a particular person or to persons subject to special treatment under U.S. federal income tax laws (such as financial institutions, broker-dealers, insurance companies, regulated investment companies, real estate investment trusts, cooperatives, traders in securities who elect to apply a mark-to-market method of accounting, persons that have a functional currency other than the U.S. dollar, expatriates, tax-exempt organizations, or persons that are, or hold their notes through, partnerships or other pass-through entities), or to persons who hold the notes as part of a straddle, hedge, conversion, synthetic security, or constructive sale transaction for U.S. federal income tax purposes, all of whom may be subject to tax rules that differ from those summarized below. In addition, this discussion does not address the consequences of the alternative minimum tax, or any state, local or foreign tax consequences or any tax consequences other than U.S. federal income tax consequences. This summary deals only with persons who hold the notes as capital assets within the meaning of the Code (generally, property held for investment). Holders are urged to consult their tax advisors as to the particular U.S. federal tax consequences to them of the acquisition, ownership and disposition of notes, as well as the effects of state, local and non-U.S. tax laws.

For purposes of this summary, a U.S. holder means a beneficial owner of a note (as determined for U.S. federal income tax purposes) that is, or is treated as, a citizen or individual resident of the U.S., a corporation created or organized in the U.S. or under the laws of the U.S. or any political subdivision thereof or the District of Columbia, an estate the income of which is subject to U.S. federal income taxation regardless of its source, or a trust if (1) a court within the U.S. is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (2) the trust has a valid election in effect to be treated as a U.S. person. A non-U.S. holder means any beneficial owner (other than a partnership or other pass-through entity for U.S. federal income tax purposes) that is not a U.S. holder.

If a partnership (including any entity treated as a partnership or other pass-through entity for U.S. federal income tax purposes) is a holder of a note, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of such partnership. Partners and partnerships should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, HOLDERS OF NOTES ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS PROSPECTUS IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON, BY HOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON HOLDERS UNDER THE INTERNAL REVENUE CODE; (B) SUCH DISCUSSION IS BEING USED IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY US OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

Qualified Reopening

We will treat the notes as having been issued in a qualified reopening for United States federal income tax purposes, and the following discussion assumes such treatment will be respected. Consequently, the new notes will be part of the same issue as the existing notes. Because the existing notes were issued with original issue discount (OID) for United States federal income tax purposes, the new notes also will have OID. However, as discussed in further detail below under U.S. Holders Amortizable Premium, since the initial offering price of the new notes is greater than their

stated principal amount, investors who purchased new notes pursuant to the offering at their initial offering price will not be required to include any OID in income for United States federal income tax purposes.

Table of Contents**Pre-issuance Accrued Interest**

The initial offering price for the notes will include amounts attributable to interest accrued from May 1, 2011, which we call pre-issuance accrued interest. Pre-issuance accrued interest will be included in the accrued interest to be paid on the notes on the first interest payment date after the issuance of the notes. In accordance with applicable United States Treasury regulations, for United States federal income tax purposes, we will treat the notes as having been purchased for a price that does not include any pre-issuance accrued interest. If the notes are so treated, the portion of the first stated interest payment equal to the pre-issuance accrued interest will be deemed to be a non-taxable return of capital and, accordingly, will not be taxable as interest on the notes.

Exchange Offer

The exchange of old notes for exchange notes pursuant to the exchange offer should not constitute a taxable event for U.S. federal income tax purposes. As a result, (1) a holder should not recognize a taxable gain or loss as a result of exchanging such holder's old notes for exchange notes; (2) the holding period of the exchange notes should include the holding period of the old notes exchanged therefor; (3) the adjusted tax basis of the exchange notes should be the same as the adjusted tax basis of the old notes exchanged therefor immediately before such exchange; and (4) the adjusted issue price (defined below under U.S. Holders Original Issue Discount) of the exchange notes will be the same as the adjusted issue price of the old notes exchanged therefor immediately before such exchange.

U.S. Holders

Stated Interest. Payments of stated interest on the notes (other than any pre-issuance accrued interest excluded from the purchase price of the notes, as discussed above under Pre-issuance Accrued Interest) will generally be taxable to a U.S. holder as ordinary interest income at the time such holder receives or accrues such amounts, in accordance with its regular method of accounting.

Amortizable Premium. The notes are being issued at a premium equal to the difference between their initial purchase price (excluding any pre-issuance accrued interest excluded from the purchase price of the notes, as discussed above under Pre-issuance Accrued Interest) and their stated principal amount. Accordingly, even though the notes are treated as having OID (as a result of being treated as issued in a qualified reopening, as discussed above under Qualified Reopening), a U.S. holder will not be required to include any OID with respect to the notes in income. In addition, a U.S. holder generally may elect to amortize the premium over the remaining term of the notes on a constant yield method as an offset to interest when includible in income under the U.S. holder's regular accounting method. A U.S. holder who elects to amortize any premium on notes must reduce its tax basis in the notes by the amount of the premium amortized in any year. An election to amortize premium applies to all taxable debt obligations held by the U.S. holder at the beginning of the first taxable year to which the election applies and to all such obligations thereafter acquired by the U.S. holder and may be revoked only with the consent of the IRS. Premium on notes held by a U.S. holder who does not make such an election will decrease the gain or increase the loss otherwise recognized on the disposition of the notes. U.S. holders should consult their tax advisors regarding these rules, including the period over which the premium may be amortized and the amount of premium (if any) allowed in a particular tax year.

Disposition. Upon the sale, exchange, redemption or other taxable disposition of a note, a U.S. holder will generally recognize taxable capital gain or loss equal to the difference, if any, between the amount realized and the holder's adjusted tax basis in the note at the time. A U.S. holder's adjusted tax basis in a note will generally equal the amount paid by the holder for the note (excluding pre-issuance accrued interest excluded from the purchase price of such note, as discussed above under Pre-issuance Accrued Interest), reduced by any amortized premium with respect to the note and decreased by principal payments received by the U.S. holder. Such gain or loss will be long-term capital gain or

loss if the U.S. holder's holding period with respect to the note disposed of is more than one year at the time. To the extent that amounts received include accrued but unpaid interest that the U.S. holder has not yet included in income, such interest will not

Table of Contents

be taken into account in determining gain or loss, but will instead be taxable as ordinary interest income. Long-term capital gains of non-corporate U.S. holders will generally be subject to United States federal income tax at a reduced rate. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding

Information reporting requirements generally will apply to payments of interest on the notes and to the proceeds of a sale of a note paid to a U.S. holder unless the U.S. holder is an exempt recipient (such as a corporation). Backup withholding will apply to those payments if the U.S. holder fails to provide its correct taxpayer identification number, or certification of exempt status, generally by providing an IRS Form W-9 or an approved substitute or if the U.S. holder is notified by the IRS that the U.S. holder has failed to report in full payments of interest and dividend income. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS.

Non-U.S. Holders

Stated Interest. A non-U.S. holder will generally not be subject to U.S. federal income tax on interest (which, for this purpose, does not include any pre-issuance accrued interest excluded from the purchase price of the notes, as discussed above under *Pre-issuance Accrued Interest*) paid or accrued on a note if the interest is not effectively connected with a U.S. trade or business (or, in the case of certain tax treaties, is not attributable to a permanent establishment or fixed base within the U.S.). In addition, subject to the discussion of backup withholding below, a non-U.S. holder will generally not be subject to U.S. withholding tax on interest paid or accrued on a note, provided that the non-U.S. holder:

- (1) does not actually or constructively, directly or indirectly, own 10% or more of our voting stock; and
- (2) is not a controlled foreign corporation that is related to us (directly or indirectly) through stock ownership; and
- (3) is not a bank that acquired the note in connection with an extension of credit made pursuant to a loan entered into in the ordinary course of business; and
- (4) certifies to its non-U.S. status on IRS Form W-8BEN.

Alternatively, a non-U.S. holder that cannot satisfy the above requirements will generally be exempt from U.S. federal withholding tax with respect to interest paid or accrued on the notes if the holder establishes that such interest is not subject to withholding tax because it is effectively connected with the non-U.S. holder's conduct of a trade or business in the U.S. or, in the case of certain tax treaties, is attributable to a permanent establishment or fixed base within the U.S. (generally, by providing an IRS Form W-8ECI). However, to the extent that such interest is effectively connected with the non-U.S. holder's conduct of a trade or business in the U.S. (or, in the case of certain tax treaties, is attributable to a permanent establishment or fixed base within the U.S.), the non-U.S. holder will be subject to U.S. federal income tax on a net basis and, if it is a foreign corporation, may be subject to a 30% U.S. branch profits tax (or lower applicable treaty rate). If a non-U.S. holder does not satisfy the requirements described above, or does not establish that the interest is effectively connected with the non-U.S. holder's conduct of a trade or business in the U.S., the non-U.S. holder will generally be subject to U.S. withholding tax, currently imposed at 30%. Under certain income tax treaties, the U.S. withholding rate on payments of interest may be reduced or eliminated, provided the non-U.S. holder complies with the applicable certification requirements (generally, by providing a properly completed IRS Form W-8BEN).

Table of Contents

Disposition. Subject to the discussion below regarding information reporting and backup withholding, a non-U.S. holder will generally not be subject to U.S. federal income taxation with respect to gain realized on the sale, exchange, redemption or other disposition of a note, unless:

- (1) the non-U.S. holder holds the note in connection with the conduct of a U.S. trade or business (or, in the case of certain tax treaties, the gain is attributable to a permanent establishment or fixed base within the U.S.); or
- (2) in the case of an individual, such individual is present in the U.S. for 183 days or more during the taxable year in which gain is realized and certain other conditions are met.

A non-U.S. holder described in clause (1) above will be subject to tax on the net gain derived from the sale under regular graduated U.S. federal income tax rates and, if it is a foreign corporation, may be subject to a 30% U.S. branch profits tax (or lower applicable treaty rate). An individual described in clause (2) above will be subject to a flat 30% tax on the gain derived from the sale, which may be offset by U.S. source capital losses (even though the individual is not considered a resident of the U.S.) but may not be offset by any capital loss carryovers.

Information Reporting and Backup Withholding. A non-U.S. holder may be subject to information reporting with respect to interest paid or accrued on a note and with respect to amounts realized on the disposition of a note. A non-U.S. holder not subject to U.S. income tax may nonetheless be subject to backup withholding (currently imposed at 28%) on interest paid or accrued on a note, and with respect to amounts realized on the disposition of a note, unless the non-U.S. holder provides the withholding agent with the applicable IRS Form W-8 or otherwise establishes an exemption. Non-U.S. holders should consult their tax advisors as to their qualifications for an exemption from backup withholding and the procedure for obtaining such an exemption. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a non-U.S. holder may be credited against the non-U.S. holder's U.S. federal income tax liability, if any, or refunded, if the required information is furnished to the IRS in a timely manner. Non-U.S. holders are urged to consult their tax advisors regarding the applicability of the information reporting and backup withholding rules to them.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for old notes where such old notes were acquired as a result of market-making activities or other trading activities. We have agreed that, starting on the expiration date of the exchange offer and ending on the close of business 180 days after the expiration date of the exchange offer, we will make this prospectus available to any broker-dealer for use in connection with any such resale.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act.

The letter of transmittal states that by acknowledging that it will deliver and by delivering a

prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

For a period of 180 days after the expiration date of the exchange offer, the company will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offer (including the expenses of one counsel for the holder of the old notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the old notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

The validity and enforceability of the exchange notes and the related guarantees will be passed upon for us by McDermott Will & Emery LLP.

PART II INFORMATION NOT REQUIRED IN THE PROSPECTUS

Item 20. *Indemnification of Directors and Officers*

(a) Merge Healthcare Incorporated

Merge Healthcare is a Delaware corporation. Reference is made to Section 102(b)(7) of the General Corporation Law of the State of Delaware (the "DGCL"), which enables a corporation in its original certificate of incorporation or an amendment to eliminate or limit the personal liability of a director for violations of the director's fiduciary duty, except:

for any breach of the director's duty of loyalty to the corporation or its stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

pursuant to Section 174 of the DGCL (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions); or

for any transaction from which a director derived an improper personal benefit.

Reference is also made to Section 145 of the DGCL, which provides that a corporation may indemnify any persons, including officers and directors, who are, or are threatened to be made, parties to any threatened, pending or completed legal action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was a director, officer, employee or agent of such corporation or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such director, officer, employee or agent acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe that the person's conduct was unlawful. A Delaware corporation may indemnify officers and directors in an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the officer or director is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses that such officer or director actually and reasonably incurred. The indemnification permitted under the DGCL is not exclusive, and a corporation is empowered to purchase and maintain insurance against liabilities, whether or not indemnification would be permitted by statute.

Article XI of Merge's Bylaws provides in effect that, subject to certain limited exceptions, Merge Healthcare shall indemnify its directors and officers to the extent not prohibited by the DGCL. Merge's directors and officers are insured under policies of insurance maintained by Merge Healthcare, subject to the limits of the policies, against certain losses arising from any claims made against them by reason of being or having been such directors or officers. In addition, Merge Healthcare has entered into contracts with certain of its directors providing for indemnification of such persons by Merge Healthcare to the full extent authorized or permitted by law, subject to certain limited exceptions.

(b) Abraxas Medical Solutions, Inc., AMICAS, Inc. (now Merge Healthcare Solutions Inc.), Confirma Europe LLC, Merge Asset Management Corp., Merge eClinical Inc., Ophthalmic Imaging Systems, Requisite Software

Inc. and Stryker Imaging Corporation.

See the discussion of Delaware General Corporation Law above. In addition, as noted above, each of Abraxas Medical Solutions, Inc., AMICAS, Inc. (now Merge Healthcare Solutions, Inc.), Confirma Europe LLC, Merge Asset Management Corp., Merge eClinical Inc., Ophthalmic Imaging Systems, Requisite Software Inc. and Stryker Imaging Corporation enter into indemnification agreements with their directors and executive officers that cover their service as an officer and director of such entities.

Item 22. *Undertakings.*

The undersigned Registrants hereby undertake:

(a) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(d) That, for the purpose of determining liability of the registrants under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(e) That, for the purpose of determining liability of the registrants under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrants undertake that in a primary offering of securities of the undersigned registrants pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the

II-2

following communications, the undersigned registrants will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrants or used or referred to by the undersigned registrants;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrants or their securities provided by or on behalf of the undersigned registrants; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrants to the purchaser.

(f) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, the registrants have been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrants of expenses incurred or paid by a director, officer or controlling person of the registrants in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(g) The undersigned registrants hereby undertake to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(h) The undersigned registrants hereby undertake to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
