## Introduction

- Hanwha Chemical Corporation, a corporation with limited liability incorporated under the laws of the Republic of Korea (“Hanwha Chemical”), which owns 100% of Hanwha Solar.

This Amendment No. 2 and the Statement relate to a proposed “short-form” merger between Parent and the Company pursuant to section 233(7) of the Companies Law of the Cayman Islands, as amended (the “Companies Law”), as a result of which the ADSs representing the Ordinary Shares will be delisted from the Nasdaq, the registration of the ADSs will be terminated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the Company will no longer be subject to reporting and other disclosure requirements of the Exchange Act, including requirements to file annual and other periodic reports or to provide the type of disclosure contained in this Statement. The effective date of the Merger (the “Effective Date”) is expected to occur 20 days following the date of the mailing of this Statement, or such later date as may be required to comply with Rule 13e-3 under the Exchange Act and all other applicable laws. The Effective Date is expected to be in the first quarter of 2019.
