DESCRIPTION OF THE DIVIDEND REINVESTMENT PLAN

The following, in question and answer form, are the provisions of the Plan. Those holders of Common Stock who do not wish to participate in the Plan will continue to receive cash dividends, if and when declared.

PURPOSE

1. What is the purpose of the Plan?

The purpose of the Plan is to provide current holders of shares of Common Stock with a simple and convenient way of investing cash dividends in shares of Common Stock at the average market price, without payment of any brokerage commissions or service charges.

When original issue shares of Common Stock are purchased from the Company, the Company will receive the net proceeds for its use. When shares of Common Stock are purchased in the open market, the Company will not receive any proceeds.

3

ADVANTAGES

2. What are the advantages of the Plan?

Participants in the Plan may:

Reinvest automatically their dividends in shares of Common Stock at the average market price and without any charges for brokerage commissions, fees or record keeping. See Questions 4, 6, 9, 10, 11 and 12.

Invest the full amount of all dividends since a fractional share is allowed to be held under the Plan. See Questions 10 and 15.

Avoid safekeeping requirements and record keeping costs through the free custodial service and reporting provisions of the Plan. See Questions 13 and 16.

PARTICIPATION

3. Who is eligible to participate in the Plan?

Any person of legal age who is a holder of Common Stock is eligible to participate in the Simmons First National Corporation Amended and Restated Dividend Reinvestment Plan. Shareholders of record of Common Stock may elect to participate with respect to all the shares of Common Stock registered in their name. Beneficial owners of shares of Common Stock that are registered in another person's name who want to participate in the Plan

Edgar Filing: SIMMONS FIRST NATIONAL CORP - Form S-3D

may be required by the record holder of such shares to have the shares registered in the individual's own name.

4. ***How do shareholders enroll in the Plan?***

After you receive a copy of this Prospectus, you may enroll in the Plan by completing and signing an Authorization Card and returning it to the Plan Administrator at the address provided in Question 7. Authorization Cards may be obtained at any time by written request to the Company or the Plan Administrator at the address provided in Question 7.

5. ***When may a shareholder join the Plan?***

A shareholder may join the Plan at any time. If an Authorization Card specifying reinvestment of dividends is received by the Plan Administrator more than five (5) business days before the record date established for payment of a particular dividend, reinvestment will commence with that dividend payment. If the Authorization Card is received after that date, the reinvestment of dividends through the Plan will begin with the next succeeding dividend. Dividend payment dates ordinarily are the first business day of January, April, July and October. The record date for determining shareholders who receive dividends normally precedes the dividend payment by about two weeks.

6. ***What does the Authorization Card provide?***

By completing on the Authorization Card, you choose to reinvest automatically cash dividends on all shares of which you are the owner of record at the average market price, computed as described under Question 12.

4

7. ***Who administers the Plan for the participants?***

Simmons First Trust Company, N.A. (the Plan Administrator), an affiliated national banking association, administers the Plan for participants and will perform only clerical and administrative functions in connection with the Plan, such as arranging for the custody of share certificates, keeping records, and sending statements of account to participants. The Plan Administrator's mailing address is as follows:

Simmons First Trust Company, N.A.
Corporate Trust Department
P. O. Box 7009
Pine Bluff, Arkansas 71611

Common Stock purchased in the open market under the Plan will be purchased by an independent agent which is a bank or registered broker/dealer appointed to act as agent (the Agent) for the participants for the purchases and sales of Common Stock.

Common Stock acquired under the Plan will be registered in the name of Simmons First Trust Company, N.A. (or its nominee) as administrator for participants in the Plan.

COSTS

8. ***Are there any expenses to participants in connection with purchases under the Plan?***

No. Participants will incur no brokerage commissions, fees, expenses or service charges for the purchases made under the Plan. All costs of administration of the Plan, including brokerage fees, if any, on share purchases will be paid by the Company.

PURCHASES

9. ***How are purchases of Common Stock made under the Plan?***

Common Stock acquired under the Plan will be either shares purchased in the open market by the Agent or shares newly issued by the Company. The source of the Common Stock (i.e., open market or newly issued) will be designated by the Company prior to the related Investment Date, but all Common Stock acquired with respect to a single Investment Date will come from the same source. The Company will not change the source from which Common Stock is acquired under the Plan more than once in any three month period.

The primary consideration in determining the source of Common Stock to be used for purchases under the Plan is expected to be the Company's need to increase equity capital. If the Company does not need to raise funds externally or financing needs are satisfied using non-equity sources of funds to maintain the Company's desired capital structure, Common Stock purchased for participants in the Plan will be purchased in the open market. At any time that Common Stock is purchased for Participants under the Plan in the open market, the Company will not exercise its right to change the source of purchases of Common Stock absent a determination by the Company's Board of Directors or Chief Financial Officer that the Company's need to raise additional capital has changed, whether or not there is another valid reason for such change.

10. ***How many shares of Common Stock will be purchased for participants?***

The number of shares of Common Stock to be purchased for a participant depends on the amount of that participant's dividends and the market price of the Common Stock. Each participant's account will be credited with that number of shares, including fractions computed to three decimal places, equal to the total amount to be invested, divided by the purchase price per share.

In the event that open market transactions are made, the Company shall not have any authorization or power to direct the time or price at which Common Stock may be so purchased, or to select a broker/dealer through or from whom purchases are to be made.

5

11. ***When will shares of Common Stock be purchased under the Plan?***

Purchases of originally issued shares of Common Stock with reinvested dividends will be made on the dividend payment date or as soon thereafter as possible. Participants will become the owner of the Common Stock purchased by them under the Plan on the date of purchase; however, for federal income tax purposes, the holding period will commence on the following day.

Common Stock purchased in the open market normally will be purchased within three (3) business days of the dividend payment date, subject to applicable regulatory restrictions on such purchases. Participants will become the owners of such shares purchased for their account under the Plan upon settlement of such purchases.

PRICE

12. ***At what price will shares of Common Stock be purchased under the Plan?***

Originally Issued Shares

Originally issued shares of Common Stock purchased with reinvestment dividends will be purchased at a price equal to the average of the high and low price of the Common Stock traded on the NASDAQ National Market on the dividend payment date as subsequently reported in the Wall Street Journal.

If there is no trading in the Common Stock on the dividend payment date, the purchase price shall be determined by the Company on the next preceding date on

which trading occurred.

Shares Purchased in the Open Market

If the Company elects to purchase Common Stock in the open market for the account of participants, such purchases will be made at prevailing market prices, and the price to each participant's account for shares purchased with reinvested dividends will be the average price of all shares purchased for the reinvestment of each such dividend.

REPORTS TO PARTICIPANTS

13. ***What reports will be sent to participants in the Plan?***

As soon as practicable after each purchase, you will receive a statement of your account showing amounts invested, purchase prices, shares purchased and other information for the year to date. This statement will provide a cost record of purchases under the Plan and should be retained for tax purposes. Additionally, you will receive the same materials sent to every other holder of Common Stock, including the Company's Annual and Quarterly Reports to Shareholders, proxy statements and information for income tax reporting.

14. ***May a participant receive immediate confirmation of the stock purchases?***

A participant may notify the Plan Administrator to send immediate confirmation of stock purchases under the Plan. The notification must be mailed to the address of the Plan Administrator at the address set forth in the response to Question 7 above and received at least five (5) days prior to the next record date for cash dividends.

6

DIVIDENDS

15. ***Will participants be credited with dividends on shares held in their accounts under the Plan?***

Yes. The Plan Administrator will receive dividends for all Plan shares held on the dividend record date and will credit such dividends to participants' accounts on the basis of full shares and fractional shares credited to those accounts. Such dividends will be reinvested automatically in additional shares of Common Stock.

CERTIFICATES

16. ***Will certificates be issued for shares of Common Stock purchased under the Plan?***

Unless requested, certificates for shares of Common Stock purchased under the Plan will not be issued. The Plan Administrator will hold all shares purchased under the Plan in the name of one of its nominees. The number of shares purchased for a participant's account under the Plan will be shown on that participant's statement of account. This convenience protects against loss, theft or destruction of stock certificates, permits ownership of a fractional share and reduces the cost to be borne by the Company.

A Participant may also add shares to the account by depositing certificates for those shares with the Plan Administrator with the request that those shares be added to the Participant's account.

17. ***May shares held in the Plan be withdrawn by participants?***

Certificates for any number of whole shares of Common Stock credited to a participant's account under the Plan will be issued without charge upon that participant's written request. Any remaining full shares and fractional share will continue to be held in the participant's account. A participant's written request should be mailed to the Plan Administrator.

TERMINATION OF PARTICIPATION

18. ***How does a participant discontinue the reinvestment of dividends under the Plan?***

A participant may discontinue the reinvestment of dividends under the Plan by notifying the Plan Administrator in writing to that effect. This notice should be mailed to:

Simmons First Trust Company, N.A.
Corporate Trust Department
P. O. Box 7009
Pine Bluff, Arkansas 71611

If a participant's notice of termination is received on or after the tenth business day prior to the record date for the next dividend, that dividend will be reinvested for the participant's account, then the account will be terminated and all subsequent dividends on those shares will be paid to the participant.

When a participant terminates participation in the Plan, the Plan Administrator will issue certificates for whole shares credited to the participant's account under the Plan, and a cash payment will be made to the participant for the value of any fractional share.

7

TAX INFORMATION

19. ***What are the Federal Income Tax Consequences of Participation in the Plan?***

Pursuant to rulings by the Internal Revenue Service in connection with similar plans, dividends reinvested in additional shares of Common Stock under the Plan will be treated for federal income tax purposes as having been received by Plan participants in the form of a taxable stock distribution. Accordingly, an amount equal to the fair market value on the dividend payment date of the shares acquired with reinvested dividends on that date will be treated as a dividend to Plan participants, taxable as ordinary income to the extent of the Company's earnings and profits. The fair market value of such shares will be based upon the average of the high and low market prices for the shares on the dividend payment date. For each tax year, statements of account will show the fair market value of the Common Stock purchased with reinvested dividends, and Form 1099 mailed to stockholders at year end will show total dividend income, including all dividends paid in cash that are not reinvested through the Plan and the fair market value on the dividend payment date of shares acquired with reinvested dividends.

The tax basis of shares acquired under the Plan by reinvestment of dividends will be equal to the fair market value of the shares on the dividend payment date. The holding period of shares of Common Stock acquired under the Plan, will begin on the day following the date the shares are purchased for the account of the participant.

For corporate shareholders (other than S corporations), the amount of dividends reinvested generally will be eligible for the 70% dividends received deduction currently available under the Code with respect to dividends received by regular corporate shareholders. No dividend exclusion is available for individuals or S corporations.

In the case of foreign shareholders whose taxable income under the Plan is subject to federal income tax withholding, an amount equal to the dividends payable to such foreign participants, less the amount of tax required to be withheld, will be applied to the purchase of shares of Common Stock under the Plan.

Any brokerage fees paid by the Company for a participant must be reported by the Company as taxable income to the participant, and the amount of such fees will become part of the cost basis for shares purchased on behalf of the participant, or in the case of sales, will reduce the amount realized with respect to the sale for purposes of computing taxable gain or loss.

The foregoing is merely a general discussion of certain of the federal income tax consequences with respect to participation in the Plan. Accordingly, participants should consult their own tax advisors regarding the application of applicable tax law to their own specific situations and with respect to applicable state and local tax laws.

OTHER INFORMATION

20. ***What happens if a participant sells a portion of the shares of Common Stock registered in the participant's name?***

If a participant has authorized the reinvestment of dividends on all shares registered in his name and then disposes of a portion of those shares, the dividends on the remaining shares will continue to be reinvested.

8

21. ***What happens when a participant sells or transfers all of the shares registered in his name?***

If a participant disposes of all shares registered in his name and with respect to which he participates in the Plan, the dividends on the shares credited to that participant's account under the Plan may continue to be reinvested or the Company may elect to terminate the account by issuing full shares and a cash payment for any fractional share.

22. ***What happens if the Company has a Common Stock rights offering?***

In the event the Company makes available to its shareholders rights to purchase additional shares or other securities, such rights will be made available to participants based on the number of shares (including any fractional interest to the extent practicable) held in the participant's Plan account on the record date established for determining the holders of Common Stock entitled to such rights.

23. ***What happens if the Company issues a stock dividend or declares a stock split?***

Any stock dividends or split shares distributed by the Company on shares of Common Stock credited to the participant's account under the Plan will be added to the participant's account. Stock dividends or split shares distributed on shares of Common Stock registered in the participant's name but not held in the participant's account will be distributed in the same manner as to shareholders who are not participating in the Plan.

24. ***How will a participant's shares be voted at meetings of shareholders?***

The shares of Common Stock credited to the account of a participant under the Plan will be included in the proxy for voting on any matters submitted to a meeting of shareholders. The proxy will include shares of Common Stock registered in the participant's name and shares of Common Stock credited to the participant's account under the Plan.

If the proxy is returned properly signed and marked for voting, all the shares covered by the proxy - those registered in the participant's name and/or those credited to the participant's account under the Plan - will be voted as marked. If the proxy is returned properly signed but without indicating instructions as to the manner in which shares are to be voted with respect to any item thereon, the shares will be voted in accordance with the recommendations of the Board of Directors of the Company. If the proxy is not returned, or if it is returned unexecuted or improperly executed, a participant's shares will be voted only if the participant votes in person.

25. ***May a participant sell, assign, transfer or pledge Plan shares?***

No. A participant cannot sell, assign, transfer or pledge shares credited to the participant's account for any purpose. However, the participant may request certificates for such shares in accordance with Question 17 above and then may sell, assign transfer or pledge the shares upon receipt of such certificates.

26. ***May the Plan be changed or discontinued?***

Yes. Although the Company intends to continue the Plan, the Company reserves the right to suspend, modify or terminate the Plan at any time. Participants will be notified of any such suspension, modification or termination.

27. ***What is the responsibility of the Plan Administrator?***

The Plan Administrator receives the participants' dividend payments and invests such amounts in shares of Common Stock, maintains continuing records of each participant's account, and advises participants as to all transactions in and the status of their account. All notices from the Plan Administrator to a participant will be addressed to the participant at the last address of record with the Plan Administrator. The mailing of a notice to a participant's last address of record will satisfy the Plan Administrator's duty of giving notice to such participant. Therefore, participants must promptly notify the Plan Administrator of any change of address. Neither the Plan Administrator nor the Company shall have any responsibility beyond the exercise of ordinary care for any reasonable and prudent actions taken or omitted pursuant to the Plan, including, without limitation, any claim for liability arising out of failure to terminate a participant's account upon such participant's death or adjudicated incompetency prior to receipt of notice in writing of such death or adjudicated incompetency, nor shall they have any duties, responsibilities or liabilities except such as are expressly set forth in the Plan.

9

Plan participants should recognize that the Company cannot assure the participant of a profit or protection from a loss on the Common Stock purchased under the Plan.

INDEMNIFICATION OF OFFICERS AND DIRECTORS

The Arkansas Business Corporation Act which governs the corporate affairs of the Company includes very broad powers and authority for a corporation to indemnify its officers and directors for any expenses, costs, judgments or settlement relating to any civil, criminal, administrative or investigative proceeding, if the person acted in good faith and reasonably believed his actions or conduct to have been in the best interests or not opposed to the best interests of the corporation. Such an officer or director is entitled by right to be indemnified for expenses if the defense of the claim is successful and, in all other events, may be indemnified as permitted by a court of law, the determination of a directors not a party to the litigation, the written legal opinion of an independent legal counsel or the shareholders. The Articles of Incorporation of the Company provide for indemnification for directors, officers and employees to the fullest extent legally permissible under the Arkansas Business Corporation Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

II-1

- (b) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement, unless the information required to be included in such post-effective amendment is contained in a periodic report filed by registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 and incorporated herein by reference. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

- (c) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions referred to in Item 15 above, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
