Item 2.02 Results of Operations and Financial Condition

On November 17, 2005, Barnes & Noble, Inc. (the "Company") issued a press release announcing its results for the third quarter ended October 29, 2005. A copy of this press release is attached hereto as Exhibit 99.1.

The information in this Form 8-K and the Exhibit attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

Use of Non-GAAP Financial Information

To supplement the Company's consolidated financial statements presented in accordance with generally accepted accounting principles ("GAAP") in the press release attached hereto as Exhibit 99.1, the Company provides certain financial results which exclude certain charges. The Company's management reviews these non-GAAP financial measures internally to evaluate the Company's performance and manage its operations. Additionally, the Company believes that such information also provides investors a better understanding of the Company's current operating results and provides comparable measures to help investors understand the Company's future operating results. The non-GAAP measures included in the press release attached hereto as Exhibit 99.1 have been reconciled to the comparable GAAP measures as required under SEC rules regarding the use of non-GAAP financial measures. In fiscal 2005, the charge was for the write off of unamortized deferred financing fees resulting from the replacement of the Company's \$400 million credit facility with a new \$850 million credit facility, and the pre-payment and cancellation of the Company's \$245 million term loan. In fiscal 2004, the charge was for the write-off of the unamortized portion of the deferred financing fees from the issuance of the Company's convertible subordinated notes and for payment of the redemption premium. The Company urges investors to carefully review the GAAP financial information included as part of the Company's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, and quarterly earnings releases.
