Notes to the Consolidated Condensed Interim Financial Statements

1 Basis of presentation

Ternium S.A. (the "Company" or "Ternium"), a Luxembourg Corporation (Societe Anonyme), was incorporated on December 22, 2003 under the name of Zoompart Holding S.A. to hold investments in flat and long steel manufacturing and distributing companies. The extraordinary shareholders' meeting held on August 18, 2005, changed the corporate name to Ternium S.A.

These consolidated condensed interim financial statements have been prepared in accordance with IAS 34, "Interim Financial Reporting".

These consolidated condensed interim financial statements should be read in conjunction with the audited combined consolidated financial statements for the year ended December 31, 2005.

Certain comparative amounts have been reclassified to conform to changes in presentation in the current period.

The preparation of consolidated condensed interim financial statements requires management to make estimates and assumptions that might affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the balance sheet dates, and also the reported amounts of revenues and expenses for the reported periods. Actual results may differ from

Edgar Filing: Ternium S.A. - Form 6-K

these estimates.

Material intercompany transactions and balances have been eliminated in consolidation. However, the fact that the functional currency of the Company's subsidiaries differ, results in the generation of foreign exchange gains (losses) that are included in the consolidated condensed interim income statement under "Financial expenses, net".

These consolidated condensed interim financial statements were approved by the Board of Directors of Ternium on August 1, 2006.

2 Accounting policies

The accounting policies used in the preparation of these consolidated condensed interim financial statements are consistent with those used in the audited combined consolidated financial statements for the year ended December 31, 2005.

Recently issued accounting pronouncements were applied by the Company as from their respective dates.

A detail of the accounting policies followed by the Company in the preparation of these financial statements, other than those followed in the preparation of the audited combined consolidated financial statements for the year ended December 31, 2005 follows:

- Non-current assets (disposal groups) classified as held for sale

Non-current assets (disposal groups) are classified as assets held for sale and stated at the lower of carrying amount and fair value less cost to sell if their carrying amount is recovered principally through a sale transaction rather than through a continuing use.

The carrying value of non-current assets classified as held for sale total USD 9.4 million and include principally land and other real estate items. Sale is expected to be completed within a one-year period.

TERNIUM S.A.

Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

3 Initial Public Offering

In January 2006, the Company successfully completed its registration process with the United States Securities and Exchange Commission ("SEC") and announced the commencement of its offer to sell 24,844,720 American Depositary Shares ("ADS") representing 248,447,200 shares of common stock through Citigroup Global Markets Inc., Deutsche Bank Securities Inc., JP Morgan Securities Inc., Morgan Stanley & Co. Incorporated, BNP Paribas Securities Corp., Caylor Securities (USA) Inc. and Bayerische Hypo-und Vereinsbank AG (collectively, the "Underwriters" and the offering thereunder, the "Initial Public Offering"). The gross proceeds from the Initial Public Offering totaled USD 496.9 million and have been used to fully repay Tranche A of the Ternium Credit Facility, after deducting related expenses.

Also, the Company has granted to the Underwriters an option, exercisable for 30

Edgar Filing: Ternium S.A. - Form 6-K

days from January 31, 2006, to purchase up to 3,726,708 additional ADSs at the public offering price of USD20 per ADS less an underwriting discount of USD0.55 per ADS. On February 23, 2006 the Underwriters exercised such option to purchase 2,298,136 ADSs at the public offering price of USD20 per ADS less an underwriting discount of USD0.55 per ADS. The gross proceeds from this transaction totaled USD46.0 million.

In addition, the Company entered into the Subordinated Convertible Loan Agreements for a total aggregate amount of USD594 million to fund the acquisition of Hylsamex. As per the provisions contained in the Subordinated Convertible Loan Agreements, the Subordinated Convertible Loans would be converted into shares of the Company upon delivery of Ternium's ADSs to the Underwriters. On February 6, 2006 the Company delivered the above mentioned ADSs and, accordingly, the Subordinated Convertible Loans (including interest accrued through January 31, 2006) were converted into shares at a conversion price of USD2 per share, resulting in the issuance of 302,962,261 new shares.

Furthermore, in November 2005, Sidetur, a subsidiary of Sivensa, exchanged with ISL its 3.42% equity interest in Amazonia and USD 3.1 million in cash for shares of the Company. ISL has contributed such interest in Amazonia to the Company in exchange for shares of the Company after the settlement of the Initial Public Offering.

10 Contingencies, commitments and restrictions on the distribution of profits

This note should be read in conjunction with Note 29 to the Company's audited Combined Consolidated Financial Statements for the year ended December 31, 2005. Significant changes or events since the date of the annual report are as follows:

(i) Consorcio Siderurgia Amazonia Ltd .- PDVSA-Gas C.A. claim
As a consequence of the commercial transactions entered into by Sidor and PDVSA-Gas during the six-month period ended June 30, 2006, Sidor's potential exposure under its litigation against that company increased by USD 16.3 million, thus reaching a total amount of USD 110.6 million.

(ii) Consorcio Siderurgia Amazonia Ltd .- Sidernet supply agreement
During the six-month period ended June 30, 2006, Sidor and Sidernet de Venezuela C.A. ("Sidernet", a related party under the common control of San Faustin) entered into a supply agreement for the term of 10 years (the "Supply Agreement") under which Sidernet will perform the heavy cleaning of Sidor's mills, as well as the moving and processing of certain raw and other materials (the "Service"). The total value to be paid by Sidor for the Service is approximately USD 155.8 million.

As part of the Supply Agreement, Sidor agreed to make an advanced payment of USD 15.0 million. This advanced payment will be repaid in 120 equal monthly installments that will be deducted from the payments made by Sidor in connection with the Service.

(iii) Restrictions on the distribution of profits
Under Luxembourg law, at least 5% of net income per year calculated in accordance with Luxembourg law and regulations must be allocated to a reserve until such reserve has reached an amount equal to 10% of the share capital.

Ternium may pay dividends to the extent that it has distributable retained earnings and distributable reserves calculated in accordance with Luxembourg law and regulations. Therefore, retained earnings included in the consolidated condensed interim financial statements may not be wholly distributable.

Shareholders' equity under Luxembourg law and regulations comprises the following captions (amounts in USD thousands):

	At June 30, 2006

11 Acquisition of business

- a) On November 18 2005, Ternium's Argentine subsidiary, Siderar, agreed to acquire assets and facilities of Acindar Industria Argentina de Aceros S.A. ("Acindar") related to the production of welded steel pipes in the province of Santa Fe in Argentina, as well as 100% of the issued and outstanding shares of Impeco S.A., which in turn owns a plant located in the province of San Luis in Argentina. Purchase price paid totaled USD 55.2 million, subject to subsequent adjustments. These two plants have a production capacity of 140 thousand tons per year of tubes to be used in the construction, agricultural and manufacturing industries. The acquisition has been approved by the Argentine competition authorities and was completed on January 31, 2006. This acquisition did not give rise to goodwill.

The acquired business contributed revenues of USD 28.6 million in the six month period ended June 30, 2006. The fair value of assets and liabilities arising from acquisition are as follows:

	USD thousands

Property, plant and equipment	47,825
Inventories	8,180
Deferred tax liabilities	(875)
Others assets and liabilities, net	53

Net	55,183

- b) In April 2006, the Company acquired a 50% equity interest in Acerex S.A. de C.V. ("Acerex") through its subsidiary Hylsa S.A. de C.V. for a total purchase price of USD 44.6 million. Upon completion of this transaction Hylsa S.A. de C.V. owns 100% of Acerex. Acerex is a service center dedicated to processing steel to produce short-length and steel sheets in various widths. Acerex operates as a cutting and processing plant for Ternium's Mexican operations and as an independent processor for other steel companies.

As permitted by IFRS 3, the Company accounted for this acquisition under the economic entity model, which requires that the acquisition of an additional equity interest in a controlled subsidiary be accounted for at its carrying amount, with the difference arising on purchase price allocation (amounting to USD 25.1 million) being recorded directly in equity.

- c) On June 19, 2006, Siderar completed the acquisition of 940,745 additional shares of Hylsamex, representing 0.2% of that company's issued and outstanding common stock, for a total consideration of USD 3.3 million. Ternium's voting and equity interest in Hylsamex after this acquisition totals 99.9% and 86.8%, respectively. This acquisition was effected through a trust fund established by Siderar in 2005 in connection with the initial acquisition of Hylsamex (see note 3(a) to Ternium's Annual Combined Consolidated Financial Statements at December 31, 2005). Goodwill resulting from this acquisition totaled USD 0.7 million.

IFRIC Interpretation 9, Reassessment of Embedded Derivatives

In February 2006, the International Financial Reporting Interpretations Committee ("IFRIC") issued IFRIC Interpretation 9 "Reassessment of Embedded Derivatives" ("IFRIC 9"). IFRIC 9 applies to all embedded derivatives within the scope of International Accounting Standard No. 39. However, it does not address (i) remeasurement issues arising from a reassessment of embedded derivatives, or (ii) the acquisition of contracts with embedded derivatives in a business combination nor their possible reassessment at the date of acquisition.

Paragraph 7 of IFRIC 9 states that an entity shall assess whether an embedded derivative is required to be separated from the host contract and accounted for as a derivative when the entity first becomes a party to the contract. Subsequent reassessment is prohibited unless there is a change in the terms of the contract that significantly modifies the cash flows that otherwise would be required under the contract, in which case reassessment is required. Also, paragraph 8 of IFRIC 9 states that a first-time adopter shall assess whether an embedded derivative is required to be separated from the host contract and

Edgar Filing: Ternium S.A. - Form 6-K

accounted for as a derivative on the basis of the conditions that existed at the later of the date it first became a party to the contract and the date a reassessment is required by paragraph 7.

An entity shall apply this Interpretation for annual periods beginning on or after 1 June 2006, although earlier application is encouraged. If an entity applies the Interpretation for a period beginning before 1 June 2006, it shall disclose that fact. The Interpretation shall be applied retrospectively.

The Company's management has not assessed the potential impact that the application of IFRIC 9 may have on the Company's financial condition or results of operations.
