Compensatory Arrangements of Executive Officers.

Under U.S Physical Therapy, Inc.'s (the "Company") 2007 Executive Officer Incentive Plan, the Company's Chief Executive Officer, Chief Financial Officer and Chief Operating Officer could earn cash bonus awards of up to 50% of base salary in annual incentive compensation calculated using scaled levels of growth in net earnings from continuing operations as compared to prior year results (the "Objective Bonus Portion") and up to 50% of base salary based on specific accomplishments compared to certain other defined performance criteria (the "Subjective Bonus Portion"). These other defined performance criteria included:

stock price performance; same store growth; clinic productivity improvements; management development; operational performance relative to the external environment; accretive acquisitions; clinic development including number and quality of new partners recruited; sales and marketing; regulatory compliance; maintaining adequate internal controls; investor relations; quality of earnings; and cash flow including accounts receivable management.

The Compensation Committee of the Board of Directors of the Company has adopted a 2008 Executive Officer Incentive Plan. This 2008 Executive Officer Incentive Plan provides the same bonus potential for the executive officer participants as the 2007 Executive Officer Incentive Plan, except that the Objective Bonus Portion will be calculated using scaled levels of growth in earnings per share as compared to prior year results, instead of net earnings from continuing operations. The Subjective Bonus Portion remains unchanged.
