2. To approve an amendment to our Restated Articles of Incorporation increasing the number of authorized shares of the Company's common stock to 150,000,000 shares;
3. To approve our Second Amended and Restated 2000 Stock Option Plan;

The meeting may be adjourned from time to time and at any reconvened meeting action with respect to the matters specified in this notice may be taken without further notice to stockholders except as may be required by our by-laws. Stockholders of record at the close of business on May 6, 2004 are entitled to notice of, and to vote on, all matters at the meeting and any reconvened meeting following any adjournments thereof.

**PROXY STATEMENT FOR ANNUAL MEETING
TO BE HELD JUNE 22, 2004**

GENERAL INFORMATION

TO OUR STOCKHOLDERS:

Edgar Filing: AXONYX INC - Form DEF 14A

The accompanying proxy is solicited by the Board of Directors of Axonyx Inc. (the Board or Board of Directors) with its principal executive offices at 500 Seventh Avenue, 10th Floor, New York, New York 10018 (Axonyx or the Company) to be voted at the 2004 Annual Meeting of Stockholders (the Annual Meeting) to be held on June 22, 2004 at the offices of Eisner LLP, 750 Third Avenue, 16th Floor, New York, NY 10017 at 10:00 a.m. Eastern Standard Time, and any adjournment thereof. When a proxy is properly executed and returned to Axonyx in time for the Annual Meeting, the shares it represents will be voted by the proxy holders in accordance with the instructions given in the proxy. If no direction is given in the proxy, the votes represented thereby will be voted in accordance with the recommendation of the Board of Directors with respect to each matter submitted to the Company's stockholders for approval. With respect to any other item of business that may come before the Annual Meeting, the proxy holders will vote in accordance with their best judgment. This Proxy Statement and the accompanying proxy are being sent to stockholders on or about May 27, 2004.

PROXY REVOCATION PROCEDURE

A proxy may be revoked at any time before it has been exercised by written notice of revocation given to the Secretary of the Company, by executing and delivering to the Secretary a proxy dated as of a later date than the enclosed proxy; provided, however, that such action must be taken in sufficient time to permit the necessary examination and tabulation of the subsequent proxy before the vote is taken, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself revoke a proxy.

ABSTENTIONS, BROKER NON-VOTES

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. Votes withheld from any nominee for election as a director, abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

The election of directors by the stockholders shall be determined by a plurality of the votes cast by stockholders entitled to vote at the Meeting, and votes withheld will not be counted toward the achievement of a plurality. The amendment of the Company's Restated Articles of Incorporation to increase the number of authorized shares of the Company's Common Stock requires the affirmative vote of a majority of the shares entitled to vote at the Meeting. On all other matters being submitted to the stockholders, the affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote on such matter is required for approval. The vote on each matter submitted to stockholders is tabulated separately. Abstentions are included in the number of shares present and voting on each matter. Broker non-votes are not considered for the particular matter and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of votes from which the majority is calculated.

1

HOLDERS OF RECORD, QUORUM

Holders of record of our shares of common stock, par value \$0.001 per share (Common Stock), our only class of issued and outstanding voting securities, at the close of business on May 6, 2004 are entitled to vote at the Annual Meeting. There were 51,233,773 shares of Common Stock outstanding as of the record date. The presence, in person or by proxy, of stockholders entitled to cast at least a majority of the votes entitled to be cast by all stockholders will constitute a quorum for the transaction of business at the Annual Meeting. Stockholders are entitled to cast one vote per share on each matter presented for consideration by the stockholders. A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for a proper purpose during normal business hours at the executive offices of the Company for a period of at least 10 days preceding the Annual Meeting.

PROPOSAL 2
TO APPROVE AN AMENDMENT TO THE COMPANY S RESTATED ARTICLES OF
INCORPORATION
INCREASING THE NUMBER OF AUTHORIZED SHARES OF THE COMPANY S
COMMON STOCK TO 150,000,000 SHARES

The Company s Restated Articles of Incorporation, as amended, (the Restated Articles) currently authorize the issuance of up to 90,000,000 shares of stock of which, the total number of shares of Common Stock that are authorized to be issued is 75,000,000. The Board of Directors of the Company has approved, subject to stockholder approval, an amendment (the Amendment) to the Restated Articles increasing the number of authorized shares of stock to 165,000,000, of which, the total number of shares of Common Stock that are authorized to be issued will be 150,000,000. The additional authorized shares of Common Stock, if and when issued, would have the same rights and privileges as the shares of Common Stock previously authorized. A copy of the proposed amendment to the Restated Articles is attached to this proxy statement as Appendix D.

The additional shares of Common Stock authorized by the Amendment could be issued at the direction of the Board of Directors from time to time for any proper corporate purpose, including, without limitation, the acquisition of other businesses, the raising of additional capital for use in the Company s business, a split of or dividend on then outstanding shares or in connection with any employee stock plan or program. The holders of shares of Common Stock do not presently have preemptive rights to subscribe for any of the Company s securities and holders of Common Stock will not have any such rights to subscribe for the additional Common Stock proposed to be authorized. Any future issuances of authorized shares of Common Stock may be authorized by the Board of Directors without further action by the stockholders.

Although the Board of Directors will issue Common Stock only when required or when the Board considers such issuance to be in the best interests of the Company, the issuance of additional Common Stock may, among other things, have a dilutive effect on the earnings per share (if any) and on the equity and voting rights of stockholders. Furthermore, since Nevada law requires the vote of a majority of shares of each class of stock in order to approve certain mergers and reorganizations, the proposed amendment could permit the Board to issue shares to persons supportive of management s position. Such persons might then be in a position to vote to prevent a proposed business combination that is deemed unacceptable to the Board, although perceived to be desirable by some stockholders, including, potentially, a majority of stockholders. This could provide management with a means to block any majority vote which might be necessary to effect a business combination in accordance with applicable law, and could enhance the ability of Directors of the Company to retain their positions. Additionally, the presence of such additional authorized but unissued shares of Common Stock could discourage unsolicited business combination transactions that might otherwise be desirable to stockholders.

10

Except for (i) shares of Common Stock reserved for issuance under the Company s stock option plans (including under the proposed amendment and restatement to the Company s 2000 Amended and Restated Stock Option Plan) and other non-plan stock options (granted prior to June 30, 2003) and (ii) shares of Common Stock which the Company would be required to issue upon the exercise of outstanding warrants, the Board of Directors has no current plans to issue additional shares of Common Stock. However, the Board believes that the benefits of providing it with the flexibility to issue shares without delay for any proper business purpose, including as an alternative to an unsolicited business combination opposed by the Board, outweigh the possible disadvantages of dilution and discouraging unsolicited business combination proposals and that it is prudent and in the best interests of stockholders to provide the advantage of greater flexibility which will result from the Amendment.

Vote required. Approval of the Amendment to increase the number of authorized shares of the Company s stock requires the affirmative vote of a majority of the shares entitled to vote at the Meeting. Abstentions will have the same effect as a vote against such ratification, whereas broker non-votes and shares not represented at the meeting will not be counted for purposes of determining whether such ratification has been approved.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE COMPANY S RESTATED ARTICLES OF INCORPORATION INCREASING THE NUMBER OF AUTHORIZED SHARES OF THE COMPANY S STOCK (ITEM 2 ON THE ENCLOSED PROXY CARD).

PROPOSAL 3
TO APPROVE AND ADOPT
OUR SECOND AMENDED AND RESTATED 2000 STOCK OPTION PLAN

Shareholders will be asked at the annual meeting to vote on a proposal to approve and adopt the amendment and restatement of our 2000 Amended and Restated Stock Option Plan (the 2000 Plan), which was adopted as of June 14, 2000 and was amended and restated as of March 20, 2002. The complete text of the Second Amended and Restated 2000 Stock Option Plan, as proposed to be amended and restated, is attached to this proxy statement as Appendix E.

TO OUR STOCKHOLDERS:

Edgar Filing: AXONYX INC - Form DEF 14A

The plan, as proposed to be amended and restated, will (i) increase the number of options available under the plan from 3,500,000 shares of Common Stock to 7,500,000 shares of Common Stock and (ii) remove the evergreen provision that provides for the automatic increase of the share reserve on the first day of January of each calendar year, beginning in January 2003, by a number of shares equal to 4% of the total number of shares of Common Stock outstanding on the last trading day of the prior calendar year, subject to a maximum annual increase of 750,000 shares.

The Board believes that increasing the number of shares of Common Stock reserved for issuance under the 2000 Plan is necessary to ensure that a sufficient reserve of Common Stock remains available for issuance to allow the Company to continue to utilize stock options to attract and retain the services of key individuals essential to the Company's long-term growth and financial success. The Company relies on equity incentives in the form of stock option grants in order to attract and retain key employees, consultants and non-employee directors and believes that such equity incentives are necessary for the Company to remain competitive in the marketplace for executive talent and other key individuals. Option grants made to newly-hired and continuing employees, non-employee directors, consultants will be based on competitive market conditions, experience and individual performance. Without the proposed increase to the share reserve under the 2000 Plan, there will be only 216,380 shares remaining available for issuance under the 2000 Plan.

11

The Board recommends the removal of the evergreen provision in accordance with the new regulations proposed by the Internal Revenue Service (IRS) in 2003. Under Proposed Treasury Regulations 1.421, 1.422 and 1.424 promulgated by the IRS, the requirement of a maximum share cap must apply to the entire option plan and therefore a plan that provides for the grant of incentive stock options cannot include an evergreen provision. Although the new regulations are not yet in effect as of the date of this proxy statement and it is difficult to predict when final regulations will be issued, the Board recommends amending the current option plan to comply with the proposed regulations in contemplation thereof.

Vote Required. Under the marketplace rules of the Nasdaq Stock Market, the proposal to approve the plan will be considered approved if a majority of the votes cast are in favor of approval. Abstentions will have the same effect as a vote against such approval, whereas broker non-votes and shares not represented at the meeting will not be counted for purposes of determining whether this matter has been approved.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF THE COMPANY'S SECOND AMENDED AND RESTATED 2000 STOCK OPTION PLAN (ITEM 3 ON THE ENCLOSED PROXY CARD).

PROPOSAL 4

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditor

The charter of the audit committee requires that the committee pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the company by its independent auditor, subject to any exception permitted by law or regulation. The Audit Committee pre-approved all auditing services and permitted non-audit services rendered by Eisner LLP in 2003.

Vote required. Submission of the appointment to stockholder approval is not required. However, the Board of Directors will reconsider the appointment if it is not approved by stockholders. The appointment will be deemed ratified if a majority of the shares of Common Stock present, either in person or by proxy, and voting on the matter, votes in favor of the proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF EISNER LLP AS INDEPENDENT AUDITORS OF THE COMPANY'S FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2004 (ITEM 4 ON THE ENCLOSED PROXY CARD).

Employment Contracts with Executive Officers and Termination of Employment and Change-in-Control Arrangements

Axonyx does not have employment contracts with any of its Named Executive Officers, except as follows:

18

Gosse B. Bruinsma, M.D., President, Chief Operating Officer and Director. On September 21, 2002, Axonyx signed an Employment Agreement with Dr. Bruinsma under which Dr. Bruinsma agreed to serve as President of Axonyx Europe BV, a wholly owned subsidiary of Axonyx Inc, and Chief Operating Officer of Axonyx Inc. and was to be paid an annual salary of US\$200,000. In addition, \$25,000 per year is available to Dr. Bruinsma for reimbursement of expenses, including for the use of a home office and personal equipment, health insurance, disability insurance, life insurance, pension distribution and auto lease premium. This agreement has been renewed and now extends through September 2006. The salary has been determined at Euro 260,000 and the expense reimbursement at Euro 25,000.

In March 2004, following approval of the Compensation Committee and the Board, Axonyx entered into change of control agreements with Marvin S. Hausman, Gosse Bruinsma and S. Colin Neill. Each agreement provides that if the executive's employment is terminated without cause, as defined in the agreement, within 90 days prior to, or one year following, a change of control, he will receive severance pay equal to 200% of his annual base salary for the then-current year, plus the greater of the annual bonus he received for the prior year or the then-current annual target bonus. Such payments are also required to be made in connection with a change of control if the executive has good reason to terminate his employment, as defined in the agreement. A change of control involves an acquisition of at least 50% of the voting power of the Company's securities, a change in at least a majority of the members of the current Board of Directors, or approval by the Board of Directors or stockholders of the Company of a transaction where such change of voting control or composition of the Board would occur, where the Company would be liquidated or where all or substantially all of its assets would be sold.

In addition, all options granted under the 1998 Stock Option Plan and the 2000 Amended and Restated Stock Option Plan, including those to its executive officers, provide for accelerated vesting upon a change in control, among other events.

Compensation Committee Report on Executive Compensation

Edgar Filing: AXONYX INC - Form DEF 14A

The Compensation Committee of the Board of Directors, which is composed of outside directors, is responsible for setting and administering the policies and programs that govern compensation. The Compensation Committee was originally formed in January 1999. Prior to that time no executive compensation, other than limited consultant fees, was paid. For 2003, the Company's executive compensation consisted of two components: (1) an annual component, i.e., salaries, and the potential for year end bonuses, and (2) a long-term component, i.e., stock options. The Compensation Committee bases its decisions on executive compensation based on individual assessments of the amount of compensation required to attract individuals to fill positions in the Company and motivate those individuals to focus on achieving the objectives of the Company. The Compensation Committee seeks to reward the management team if the Company achieves its corporate objectives, and it also recognizes meaningful differences in individual performance and offers the opportunity for executives to earn rewards when merited by individual performance.

Annual Component. Salaries for executive officers are determined by the Committee with reference to the job description and a general assessment of the executive's performance, experience and potential. Year-end bonuses may be granted subject to an assessment of an executive's performance against established objectives. The Committee establishes these salaries annually or semi-annually, depending upon the individual.

Long-Term Component. The Compensation Committee awarded stock options or contingent stock options to its executive officers in November 2003 based on the Committee's assessment of the accomplishment of corporate and individual objectives. These options provide the opportunity to buy a number of shares of the Company's Common Stock at a price equal to the market price of the stock on the date of Committee approval of the grant. These options are generally subject to four year vesting, so that they become exercisable in annual installments during the participant's period of service with the Company. The Committee believes that, because these options gain value only to the extent that the price of the Company's Common Stock increases above the option exercise price during the term of the optionee's service, management's equity participation offers a significant incentive and helps to create a long-term partnership between management/owners and other stockholders. The Committee believes that the grant of stock options should reflect the Company's success in meeting objectives established by the Board, each individual officer's ability to attain such objectives and such officer's contribution towards the attainment of past objectives.

Compliance with Internal Revenue Code Section 162(m). As a result of Section 162(m) of the Internal Revenue Code of 1986, as amended, the Company will not be allowed a federal income tax deduction for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any one calendar year. This limitation will apply to all compensation which is not considered to be performance-based. Compensation which does qualify as performance-based compensation will not have to be taken into account for purposes of this limitation. The Amended and Restated 2000 Stock Option Plan (as well as the Second Amended and Restated 2000 Stock Option Plan), contains certain provisions which permit the Company, on a grant-by-grant basis, to make awards of stock options (with an exercise price equal to or greater than fair market value of the Common Stock on the date of grant) that will qualify as performance-based compensation so that any compensation deemed paid in connection with those options will be excluded from the 162(m) limitation. The Company's 1998 Stock Option Plan does not contain provisions to qualify stock options under that plan as performance-based compensation. The Compensation Committee considers this among all factors taken into account when setting compensation policy and making individual compensation decisions.

The Compensation Committee does not expect that the compensation to be paid to any of the Company's executive officers for 2003 will exceed the \$1 million limit per officer; however, it is possible that in the future the deductibility of compensation may be limited by Internal Revenue Code Section 162(m).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. In 2003, officers, directors and greater than ten percent stockholders were required by Securities and Exchange Commission regulation to furnish the Company with copies of all Section 16(a) forms they file. Based on a review of copies of such forms that have been furnished to the Company in 2003, the Company has determined that the following reporting persons subject to Section 16(a) failed to file reports on a timely basis.

Security Ownership of Certain Beneficial Owners and Management.

The following table sets forth certain information regarding beneficial ownership of our common stock as of May 6, 2004 (a) by each person known by us to own beneficially 5% or more of any class of our common stock, (b) by each of our Named Executive Officers and directors and (c) by all executive officers and directors of the Company as a group. As of May 6, 2004 there were 51,233,773 shares of our common stock issued and outstanding. The numbers of shares beneficially owned include shares of common stock that the listed beneficial owners have the right to acquire within 60 days of May 6, 2004 upon the exercise of all options and other rights beneficially owned on that date. Unless otherwise noted, we believe that all persons named in the table have sole voting and investment power with respect to all the shares beneficially owned by them.

Such committee shall be composed of not fewer than two non-Employee Directors (the Committee). If and when such a Committee is so appointed, references herein to the Board shall be deemed to be references to the Board or Committee, to the

extent such entity is carrying out its administrative functions under the Plan with respect to matters under its jurisdiction. The Board or the Committee may adopt, amend and rescind such rules and regulations for carrying out the Plan and implementing agreements and take such actions as it deems proper. The interpretation, construction and application by the Board or the Committee of any of the provisions of the Plan or any Option granted thereunder shall be final and binding on the Company, all Optionees, their legal representatives, and any person who may acquire an Option directly from an Optionee by permitted transfer, bequest or inheritance. Reference to administrative acts by the Board in the Plan shall also refer to acts by the Committee, unless the context otherwise indicates. Whether or not the Board has delegated administrative authority, the Board has the final power to determine all questions of policy or expediency that may arise in administration of the Plan.

E-3

4. Eligibility.

Only Employees are eligible to receive Incentive Stock Options under the Plan. Employees, Officers, Directors and Consultants of the Company or its Affiliates are eligible to receive Non-Statutory Stock Options under the Plan.

No person shall be eligible to receive an Option for a larger number of shares than is recommended for him or her by the Board. Any Optionee may hold more than one Option (whether Incentive Stock Options, Non-Statutory Stock Options, or both, but only on the terms and conditions and subject to the restrictions set forth herein).

5. Stock Subject to the Plan.

(a) Options granted under the Plan shall be for shares of the Company's authorized but unissued or re-acquired Stock. The aggregate number of shares of Stock which may be issued over the term of the Plan shall not exceed seven million and five hundred thousand (7,500,000) shares, subject to adjustment by the Board as provided herein. Stock issued under other stock option plans of the Company shall not be counted against the maximum number of shares that can be issued under the Plan.

(b) No individual shall be granted in any one calendar year Options to purchase more than 800,000 shares of Stock, subject to adjustment as provided herein.

(c) In the event that any outstanding Option expires or is terminated for any reason, the shares of Stock allocable to the unexercised portion of such Option may again be subject to an Option under the Plan. If the Option Price of an Option under the Plan is paid with shares of Stock or should shares of Stock otherwise issuable under the Plan be withheld by the Company in satisfaction of the withholding taxes incurred in connection with the exercise of an Option under the Plan, then the number of shares of Stock available for issuance under the Plan shall be reduced by the net number of shares of Stock issued to the holder of such option, and not by the gross number of shares of Stock for which the Option is exercised. Stock issued on the exercise of an Option which is forfeited in accordance with the conditions contained in the grant by the Optionee after issuance shall be deemed to have never been issued under the Plan and, accordingly, shall not be counted against the maximum number of shares that can be issued under the Plan. Notwithstanding the terms of the previous two sentences, the maximum number of shares which may be issued under the Plan upon the exercise of Incentive Stock Options shall be seven million and five hundred thousand (7,500,000) shares, subject to adjustment by the Board as provided herein, regardless of the fact that under the terms of the preceding sentences, a lesser number of shares is deemed to be issued pursuant to the exercise of Incentive Stock Options. Shares of Stock underlying one or more stock appreciation rights exercised under Section 6(d)(v) shall not be available for subsequent issuance under the Plan.

E-4

(d) If any change is made to the Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Stock as a class without the Company's receipt of consideration, appropriate adjustments shall be made by the Board to (i) the maximum number and/or class of securities issuable under the Plan, (ii) the maximum number and/or class of securities for which any one person may be granted stock options and separately exercisable stock appreciation rights under the Plan per calendar year, (iii) the number and/or class of securities and the Option Price per share in effect under each outstanding option under the Plan and. Such adjustments to the outstanding options are to be effected in a manner, which shall preclude the enlargement or dilution of rights and benefits under such options. The adjustments determined by the Board shall be final, binding and conclusive.

6. Terms and Conditions of Options.

The Board or its delegates shall authorize the granting of all Options under the Plan with such Options to be evidenced by Incentive Stock Option Agreements or Non-Statutory Stock Option Agreements, as the case may be. Each Agreement shall be in such form as the Board may approve from time to time. Each Agreement shall comply with and be subject to the following terms and conditions:

(a) Type of Option; Number of Shares. Each particular Agreement shall state the type of Options to be granted (whether Incentive Stock Options or Non-Statutory Stock Options) and the number of shares to which the Option pertains. Under no circumstances shall the aggregate Fair Market Value of the Stock (determined as of the time the Option is granted) with respect to which Incentive Stock Options are exercisable for the first time by any Employee during any calendar year (under all incentive stock option plans of the Company and its Affiliates) exceed \$100,000. To the extent the Employee holds two (2) or more such options which become exercisable for the first time in the same calendar year, the foregoing limitation on the exercisability of such options as Incentive Stock Options shall be applied on the basis of the order in which such options are granted.

(b) Option Price. Each particular Agreement shall state the Option Price. The Option Price for an Incentive Stock Option shall not be less than one hundred percent (100%) of the Fair Market Value per share of Stock on the date the Incentive Stock Option is granted. The Option Price for a Non-Statutory Stock Option shall be the price per share of Stock set by the Board or its delegates. If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the Option Price shall not be less than one hundred ten percent (110%) of the Fair Market Value per share of Stock on the date the Option is granted.

E-5

(c) Certificate Legends. Certificates for shares of Stock issued and delivered to Reporting Persons may be legended, as the Board deems appropriate, if required by the provisions of any applicable rule or regulation.

(d) Medium and Time of Payment. The aggregate Option Price shall be payable upon the exercise of the Option and shall be paid in any combination of:

- (i) United States cash currency;
- (ii) a cashier's or certified check to the order of the Company;
- (iii) a personal check acceptable to the Company;
- (iv) to the extent permitted by the Board, shares of Stock of the Company (including previously owned Stock or Stock issuable in connection with the Option exercise), properly endorsed to the Company, whose Fair Market Value on the date of exercise equals the aggregate Option Price of the Option being exercised;
- (v) to the extent permitted by the Board, the Optionee's entering into an agreement with the Company, whereby a portion of the Optionee's Options are terminated and where the built-in gain on any Options which are terminated as part of such agreement equals the aggregate Option Price of the Option being exercised. Built-in gain means the excess of the aggregate Fair Market Value of any Stock otherwise issuable on exercise of a terminated Option, over the aggregate Option Price otherwise due the Company on such exercise.
- (vi) The Company may establish, from time to time, procedures for a cashless exercise of Options, including to the extent the Option is exercised for vested shares of stock, through a special sale and remittance procedure pursuant to which the Optionee shall concurrently provide irrevocable instructions to (a) a Company-designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate Option Price payable for the purchased shares plus all applicable income and employment taxes required to be withheld by the Company by reason of such exercise and (b) the Company to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale.

E-6

Except to the extent such sale and remittance procedure is utilized, payment of the Option Price for the purchased shares must be made on the exercise date.

The Board may permit deemed or constructive transfer of shares in lieu of actual transfer and physical delivery of certificates. Except to the extent prohibited by applicable law, the Board may take any necessary or appropriate steps in order to facilitate the payment of any such Option Price. Without limiting the foregoing, the Board may cause the Company to loan the aggregate Option Price to the Optionee or to guarantee that any Stock to be issued will be delivered to a broker or lender in order to allow the Optionee to borrow the aggregate Option Price. The Board, in its sole and exclusive discretion, may require satisfaction of any rules or conditions in connection with payment of the Option Price at any particular time, in any particular form, or with the Company's assistance. If Stock used to pay any Option Price is subject to any prior restrictions imposed in connection with any plan of the Company (including this Plan), an equal number of the shares of Stock acquired on exercise shall be made subject to such prior restrictions in addition to any further restrictions imposed on such Stock by the terms of the Optionee's Agreement or by the Plan.

(e) Vesting. The total number of shares of Stock subject to an Option may, but need not, be allotted in periodic installments (which may, but need not, be equal). The Agreement may provide that from time to time during each of such installment periods, the Option may become exercisable (vest) with respect to some or all of the shares allotted to that period, and may be exercised with respect to some or all of the shares allotted to such period and/or any prior period as to which the Option became vested but was not fully exercised. During the remainder of the term of the Option (if its term extends beyond the end of the installment periods), any unexercised Option Stock may be exercised from time to time.

(f) Duration of Options. Each particular Agreement shall state the term of the Option; provided, however, that all Incentive Stock Options granted under this Plan shall expire and not be exercisable after the expiration of ten (10) years from the date granted; provided, further, that any Incentive Stock Option granted to an Employee who is a 10% Stockholder shall expire and not be exercisable after the expiration of five (5) years from the date granted. Non-Statutory Stock Options shall expire and not be exercisable after the date set by the Board or its delegates in the particular Agreement, or on any later date subsequently approved by the Board or its delegates.

(g) Exercise of Options.

- (i) Each particular Agreement shall state when the Optionee's right to purchase Stock pursuant to the terms of an Option are exercisable in whole or in part. Subject to the earlier termination of the right to exercise the Options as provided under this Plan, Options shall be exercisable in whole or in part as the Board, in its sole and exclusive discretion, may provide in the particular Agreement, as amended. The Board may at any time increase the percentage of an Option that is otherwise exercisable under the terms of a particular Agreement. The Board, in its sole and exclusive discretion, may permit the issuance of Stock underlying an Option prior to the date the Option is otherwise exercisable, provided such Stock is subject to repurchase rights which expire pro rata as the Option would otherwise have become exercisable.

E-7

- (ii) If the Optionee does not exercise in any one (1) year period the full number of shares to which he or she is then entitled to exercise, the Optionee may exercise those shares in any subsequent year during the term of the Option.

(h) Transfer of Options. An Option shall not be transferable except by will or by the laws of decent and distribution, and shall be exercisable during the lifetime of the person to whom the Option is granted only by such person, except as specifically provided for by the Board. An attempted non-permitted transfer of an Option shall be void.

(i) Disability of Optionee. In the event an Optionee ceases to provide services as an Employee, Director or Consultant as a result of the Optionee's Disability, the Optionee may exercise his or her Option, but only within twelve (12) months from the date of such termination (or such shorter period specified in the Agreement and in no event no event later than the expiration of the term of such Option as set forth in the Agreement), and only to the extent that the Optionee was entitled to exercise it at the date of such termination (but in no event later than the expiration of the term of such Option as set forth in the Agreement). If, at the date of termination, the Optionee is not entitled to exercise his or her entire Option, the unexercisable portion of Option shall terminate immediately and the shares covered thereby shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option in full within the time specified herein, the unexercised portion of the Option shall terminate, and the shares covered thereby shall revert to the Plan.

(j) Death of Optionee. In the event an Optionee ceases to provide services to as an Employee, Director or Consultant as a result of his or her death, the Option may be exercised, at any time within sixteen (16) months following the date of death (or such other period specified in the Agreement and in no event later than the expiration of the term of such Option as set forth in the Agreement), by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent the Optionee was entitled to exercise the Option at the date of death. If, at the time of death, the Optionee was not entitled to exercise his or her entire Option, the unexercisable portion of the Option shall terminate immediately and the shares covered thereby shall revert to the Plan. If, after death, the Optionee's estate or a person who acquired the right to exercise the Option by bequest or inheritance does not exercise the Option in full within the time specified herein, the unexercised portion of the Option shall terminate, and the shares covered thereby shall revert to the Plan.

E-8

(k) Other Termination of Employment or Relationship as an Officer, Director or Consultant. In the event that an Optionee shall cease to be employed by or perform services for the Company or its Affiliates prior to the Option's expiration date (other than upon the Optionee's death or Disability), the exercise of Options held by such Optionee shall be subject to such limitations on the periods of time during which such Options, may be exercised as may be specified in the particular Agreement, as amended, between the Optionee and the Company. Whether authorized leave of absence or absence for military or governmental service shall constitute termination of employment for purposes of the Plan or any Agreement shall be determined by the Board in its sole and exclusive discretion. No provision of the Plan or any Agreement shall be construed so as to grant any individual the right to remain in the employ or service of the Company for any period of specific duration.

(l) Corporate Transactions.

- (i) The Board, in its sole and exclusive discretion, may make such equitable adjustments to the Plan and outstanding Options as it deems appropriate in order to preclude the dilution or enlargement of benefits under the Plan, upon exchange of all of the outstanding stock of the Company for a different class or series of capital stock or the separation of assets of the Company, including a spin-off or other distribution of stock or property by the Company.
- (ii) Except as provided in the following sentence, if the Company shall be the surviving corporation in any merger or consolidation, each outstanding Option shall pertain to and apply to the securities to which a holder of the number of shares of Option Stock would have been entitled. A dissolution or liquidation of the Company, a merger (other than a merger the principal purpose of which is to change the state of the Company's incorporation) or consolidation in which the Company is not the surviving corporation, a reverse merger in which the Company is the surviving corporation but the Company's Stock outstanding immediately preceding the merger is converted by virtue of the merger into other property, or other capital reorganization in which more than fifty percent (50%) of the Company's Stock is exchanged (unless the dissolution or liquidation plan, merger or consolidation agreement or capital reorganization corporate documents expressly provide to the contrary) shall cause each outstanding Option to terminate, provided, that each Optionee shall, immediately prior to such event, have the right to exercise his or her Option in whole or in part, unless the Option in connection with such event is either to be assumed by the successor corporation or parent thereof, or to be replaced with a comparable option to purchase shares of the capital stock of the successor corporation or parent thereof, or the Option is to be replaced by a comparable cash incentive program of the successor corporation based on the value of the Option on the date of such event. Notwithstanding the preceding, if, within one (1) year from the date of such event, an Employee's employment is involuntarily terminated, then the Employee's outstanding Options, if any, shall become immediately exercisable.

E-9

- (iii) All adjustments required by the preceding paragraphs shall be made by the Board, whose determination in that respect shall be final, binding and conclusive, provided, that, except with respect to any accelerated exercisability, adjustments shall not be made in a manner that causes an Incentive Stock Option to fail to continue to qualify as an incentive stock option within the meaning of Code Section 422. The portion of any Incentive Stock Option accelerated in connection with a transaction pursuant to this Section 6(l) shall remain exercisable as an Incentive Stock Option only to the extent the applicable One Hundred Thousand Dollar (\$100,000) limitation is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-Statutory Stock Option under the Federal tax laws.
- (iv) The Board shall have the discretionary authority to structure one or more outstanding Options so that those Options shall, immediately prior to the effective date of a corporate transaction, become exercisable in whole or part for the shares of Stock at the time subject to those Options and may be exercised for any or all of those shares as fully vested shares of Stock, whether or not those options are to be assumed in the corporate transaction or otherwise continued in effect.
- (v) Except as expressly provided in this Paragraph 6(l), an Optionee shall have no rights by reason of any subdivision or consolidation of shares of stock of any class, or the payment of any stock dividend, or any other increase in the number of shares of stock of any class by reason of any dissolution, liquidation, merger, consolidation, reorganization, or separation of assets, and any issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or amount of the Option Stock or the Option Price of outstanding Options.
- (vi) The grant or existence of an Option shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes in its capital or business structure, or to merge, consolidate, dissolve, liquidate or sell, or transfer all or any part of its business or assets.

E-10

(m) Rights as a Shareholder. An Optionee shall not have rights as a shareholder with respect to any shares until the date of the issuance of a stock certificate to him or her for such shares. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date of issuance of such stock certificate, except as provided in Paragraph 6(l) above.

(n) Other Provisions. Each Option Agreement may contain such other provisions, including without limitation, restrictions upon the exercise or transferability of the Option, as the Board may deem advisable.

7. Miscellaneous.

(a) Modification, Extension and Renewal of Options. Subject to the terms and conditions of the Plan, the Board may modify (including lowering the Option Price or changing Incentive Stock Options into Non-Statutory Stock Options), extend or renew outstanding Options granted under the Plan, or accept the surrender of outstanding Options under this Plan and/or other stock option plans of the Company (to the extent not previously exercised) and authorize the granting of new Options in substitution therefor. Notwithstanding the foregoing, no modification of an Option shall, without the consent of the Optionee, alter or impair any rights or obligations under any Option previously granted under the Plan.

(b) Securities Compliance. The Company may require any Optionee, or any person to whom an Option is transferred under subsection 6(d), as a condition of exercising any such Option, (1) to give written assurances satisfactory to the Company as to the Optionee's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters, and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Option; and (2) to give written assurances satisfactory to the Company stating that such person is acquiring the stock subject to the Option for such person's own account and not with any present intention of selling or otherwise distributing the stock. These requirements, and any assurances given pursuant to such requirements, shall be inoperative if (i) the issuance of the shares upon the exercise of the Option has been registered under a then currently effective registration statement under the Securities Act of 1933, as amended (the Securities Act), or (ii) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. Unless an Optionee could otherwise exercise a Stock Option or dispose of Stock delivered upon exercise of a Stock Option granted under the Plan without incurring liability under Section 16(b) of the Exchange Act, at least six months shall elapse from the date of acquisition of the Stock Option to the date of disposition of its underlying Stock.

E-11

(c) Withholding Taxes. When the Company becomes required to collect federal and state income and employment taxes in connection with the exercise of an Option or the vesting of shares acquired under the Plan, the holder of the Option shall promptly pay to the Company the amount of such taxes in cash, unless the Board permits or requires payment in another form. Subject to such conditions as it may require, the Board, in its sole discretion, may provide any or all holders of Non-Statutory Stock Options or unvested shares of Stock with the right to use shares of Stock in satisfaction of all or part of the Withholding Taxes to which such holders may become subject in connection with the exercise of their Options or the vesting of Stock. Such right may be provided to any such holder in either or both of the following formats:

Stock Withholding: The election to have the Corporation withhold, from the shares of Stock otherwise issuable upon the exercise of such Non-Statutory Stock Option or the vesting of such shares, a portion of those shares with an aggregate Fair Market Value equal to the percentage of the Withholding Taxes (not to exceed one hundred percent (100%)) designated by the holder.

Stock Delivery: The election to deliver to the Corporation, at the time the Non-Statutory Stock Option is exercised or the shares vest, one or more shares of Stock previously acquired by such holder (other than in connection with the option exercise or share vesting triggering the Withholding Taxes) with an aggregate Fair Market Value equal to the percentage of the Withholding Taxes (not to exceed one hundred percent (100%)) designated by the holder.

8. Term of Plan.

The Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall not extend beyond a date ten (10) years from the date of adoption hereof by the Board. No Incentive Stock Options or Non-Statutory Stock Options may be granted under the Plan while the Plan is suspended or after it is terminated. Rights and obligations under any Option granted while the Plan is in effect shall not be altered or impaired by suspension or termination of the Plan, except with the consent of the person to whom the Option was granted.

9. Amendment of Plan.

The Board shall have complete and exclusive power and authority to amend or modify the Plan in any or all respects. However, no such amendment or modification shall adversely affect the rights and obligations with respect to Options at the time outstanding under the Plan unless the Optionee consents to such amendment or modification. In addition, certain amendments may require stockholder approval pursuant to applicable laws and regulations.

Options may be granted in excess of the number of shares of Stock then available for issuance under the Plan, provided any excess shares actually issued shall be held in escrow until there is obtained stockholder approval of an amendment sufficiently increasing the number of shares of Stock available for issuance under the Plan. If such stockholder approval is not obtained within twelve (12) months after the date the first such excess grants are made, then (i) any unexercised options granted on the basis of such excess shares shall terminate and cease to be outstanding and (ii) the Company shall promptly refund to the Optionees the Option Price paid for any excess shares issued under the Plan and held in escrow, together with interest (at the applicable Short Term Federal Rate) for the period the shares were held in escrow, and such shares shall thereupon be automatically cancelled and cease to be outstanding.

10. Application of Funds.

The proceeds received by the Company from the sale of Stock pursuant to the exercise of an Option will be used for general corporate purposes.

11. No Obligation to Exercise Option.

The granting of an Option shall impose no obligation upon the Optionee to exercise such Option.

12. Indemnification.

In addition to such other rights of indemnification as they may have as Directors, Employees or agents of the Company, the Directors, or any individuals who are delegated authority by the Board to administer the Plan, shall be indemnified by the Company against: (i) their reasonable expenses, including attorneys' fees actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan or any Option granted thereunder; and (ii) against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company), or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in actions to matters as to which it shall be adjudged in such action, suit or proceeding that such Director or individual is liable for negligence or misconduct in the performance of his duties; this indemnification is expressly conditioned upon the indemnified party, within ninety (90) days after institution of any such action, suit or proceeding, offering the Company in writing the opportunity, at its own expense, to handle and defend the same.

13. Approval of Stockholders.

The portions of the Plan dealing with Incentive Stock Options shall not take effect unless approved by the stockholders of the Company's preferred (if any) and common stock, which approval must occur within a period commencing twelve (12) months before and ending twelve (12) months after the date the Plan is adopted by the Board. Nothing in the Plan shall be construed to limit the authority of the Company to exercise its corporate rights and powers, including the right of the Company to grant Non-Statutory Stock Options for proper corporate purposes.
