Edgar Filing: E-Z-EM, Inc. - Form DEFA14A

The filing consists of a memorandum sent by Anthony A. Lombardo, President and Chief Executive Officer of E-Z-EM, Inc. (the "Company") to the employees of the Company relating to the Agreement and Plan of Merger, dated as of October 30, 2007, by and among Bracco Diagnostics, Inc., Eagle Acquisition Sub, Inc., the Company and Bracco Imaging S.p.A. (for the limited purposes specified therein).

INTER-OFFICE MEMORANDUM

TO: E-Z-EM Team
FROM: Tony Lombardo
DATE: November 29, 2007
SUBJECT: Update on Bracco Merger

Dear E-Z-EM Team Members:

Here is an update on the current activities and schedule relating to the proposed merger with Bracco.

- We are working toward a filing for antitrust clearance under the Hart Scott Rodino Anti-Trust Improvements Act with the U.S. Federal Trade Commission and the Anti-Trust Division of the U.S. Department of Justice. In addition, we will be filing under the applicable German competition regulations.
- We are also working toward a filing for U.S. Government clearance (with respect to RSDL) under the Exon-Florio provision of the Defense Production Act of 1950.
- We are presently drafting our Proxy Statement to be filed with the U.S. Securities and Exchange Commission. The proxy statement will describe to our stockholders the transaction, including, among other things, the process followed by the Company's Board of Directors in reaching its decision and a recommendation to approve the transaction.

These filings, coupled with the government's review, and the requirement to notify E-Z-EM stockholders and hold a special meeting of the stockholders to approve the transaction suggest a projected closing date in early 2008. The exact timing may vary dependent upon any governmental review of the transaction or filing delays that may occur.

At the same time we have commenced very preliminary discussions with our colleagues at Bracco on post -acquisition integration tasks. An Executive Steering Committee has been formed that includes myself and Peter Graham from E-Z-EM, and Carlo Medici (President and C.E.O Bracco Diagnostics Inc.), Fulvio Bracco (C.E.O. - Acist Medical Systems) and Dr. Roberto Rettani (Managing Director and C.E.O. Bracco Imaging S.p.A.) from Bracco. This team will work together to ensure that we have a smooth integration process.

Edgar Filing: E-Z-EM, Inc. - Form DEFA14A

Supporting this team on a full time basis will be Chris Purdy from E-Z-EM, and Denise Odenkirk (V.P., Operations & Information Services) from Bracco and Ed Miller (Chief Technical Officer, Business Integration) from Acist. Their goal is to identify areas of cooperation and post-acquisition integration activities. More working groups will be formed over time to address certain areas. I want to stress that these are only initial discussions and only relate to planning – no integration decisions have been made nor will any integration occur until after the closing.

For now, please remember that we continue to be E-Z-EM, a separate and independent publicly traded company. It is imperative that we strive to achieve our goals for this year in order to ensure the success of our current business. I recognize that for most of you there are unanswered questions and uncertainty. As this transaction evolves, we will continue to provide periodic project status updates with the goal of keeping you informed. Thank you for your continued support.
