PROXY STATEMENT

For the Annual Meeting of Stockholders on May 7, 2004

INTRODUCTION

General Information

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Franklin Street Properties Corp. (the "Company") for use at the Annual Meeting of Stockholders to be held on May 7,

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

2004, and at any adjournment of that meeting. All proxies will be voted in accordance with the stockholders' instructions, and, if no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting.

The Company's Annual Report for the fiscal year ended December 31, 2003 is being mailed to stockholders with the mailing of these proxy materials on or about April 5, 2004.

Quorum Requirement

At the close of business on April 1, 2004, the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding and entitled to vote an aggregate of 49,630,338 shares of Common Stock of the Company, constituting all of the outstanding voting stock of the Company. Holders of Common Stock are entitled to one vote per share.

The holders of a majority of the number of shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock represented in person or by proxy (including shares that abstain or otherwise do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

Votes Required

The affirmative vote of the holders of a plurality of the votes cast by the holders of Common Stock is required for the election of directors.

Shares that abstain from voting as to a particular matter, and shares held in "street name" by a broker or nominee that indicates on a proxy that it does not have discretionary authority to vote as to a particular matter, will not be voted in favor of such matter, and also will not be counted as shares voting on such matter. Accordingly, abstentions and "broker non-votes" will have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the votes cast or the shares voting on that matter.

Beneficial Ownership of Voting Stock

The following table sets forth the beneficial ownership of the Company's Common Stock as of April 1, 2004 (1) by each director, (2) by each of the executive officers named in the Summary Compensation Table set forth below (the "Named Executive Officers") and (3) by all current directors and executive officers as a group. Board and Committee Meetings

The Company's Board of Directors held eight meetings during 2003, and acted on one occasion by unanimous written consent. Each of the directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board on which he or she served, in each case during the period that he or she served. The Board has an informal policy that all directors are expected to attend the annual meeting of stockholders. All directors attended the 2003 annual meeting of stockholders.

The Company has a standing Audit Committee of the Board of Directors, which was formed in January 2002. The Audit Committee is responsible for reviewing financial reports, accounting procedures and the scope and results of the annual audit of the Company's financial statements. The current members of the Audit Committee are Ms. Corinha and Ms. Notopoulos. The members of the Audit

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

Committee are not "independent" under the listing standards of the New York Stock Exchange, the American Stock Exchange or the Nasdaq National Market. The Company does not have an "audit committee financial expert," as defined in Item 401(h) of Regulation S-K, serving on the Audit Committee or the Board of Directors. The Company believes that Messrs. McGillicuddy and Silverstein possess the financial knowledge and expertise necessary to aid the Board of Directors in effectively assessing and evaluating financial issues and concerns as such issues and concerns may affect the Company's financial reports and related financial disclosure. The Company's Board also concluded that the ability of the Audit Committee to perform its duties is not impaired by the absence of an "an audit committee financial expert." The members of the Audit Committee met six times in 2003.

The Company has a standing Compensation Committee of the Board of Directors, which was formed in July 2002. The Compensation Committee is responsible for reviewing compensation issues and making decisions concerning the compensation of the Company's executive officers. The current members of the Compensation Committee are Messrs. McGillicuddy and Silverstein and Ms. Corinha. The members of the Compensation Committee met once in 2003.

The Company does not have a standing nominating committee. The Board of Directors has determined that it is appropriate for the Company not to have a nominating committee because all of the matters which a nominating committee would be responsible for are presently considered by all the members of the Board of Directors. Each member of the Board of Directors participates in the consideration of director nominees.

8

Director Candidates

The process followed by the Board of Directors to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Board.

In considering whether to recommend any particular candidate for inclusion in its slate of recommended director nominees, the Board of Directors applies criteria including the candidate's integrity, business acumen, knowledge of the Company's business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Board does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. The Board believes that the backgrounds and qualifications of its directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Stockholders may recommend individuals to the Board for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials. Assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Stockholders also have the right under the Company's bylaws to directly nominate director candidates, without any action or recommendation on the part of the Board, by following the procedures set forth under "Stockholder Proposals." If the Board determines to nominate a stockholder-recommended

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

candidate and recommends his or her election, then his or her name will be included in the Company's proxy card for the next annual meeting.

Communicating with the Board of Directors

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The Secretary of the Company is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he or she considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Secretary considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which the Company tends to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to Board of Directors, Franklin Street Properties Corp., 401 Edgewater Place, Suite 200, Wakefield, Massachusetts 01880, Attn: Barbara J. Corinha, Secretary.

9

Compensation of Directors

None of the Company's directors receives compensation for his or her services as a director. The Company reimburses Messrs. McGillicuddy and Silverstein for expenses incurred by them in connection with attendance at Board meetings.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee (the "Committee") is responsible for determining the compensation package of each executive officer and establishes compensation policies for the Company's Chief Executive Officer and the other executive officers of the Company.

The Company's executive compensation program is designed to promote the achievement of the Company's business goals and, thereby, to maximize corporate performance and stockholder returns.

The executive officers of the Company fall into two categories. The first category is comprised of executive officers who make up the corporate management team (i.e., CEO, Chief Operating Officer, subsidiary president, etc.). The second category is comprised of executive officers who are Investment Executives and are engaged in the sale of equity interests in the Company's Sponsored REITs.

Executive compensation for the corporate management team generally consists of a combination of base salary, cash performance bonuses and the potential for awards of stock through the Company's 2002 Stock Incentive Plan.

During 2002, the Committee reviewed the Company's compensation levels/philosophies in order to be able to assess the need for compensation adjustments where appropriate. The Committee expended a great deal of effort collecting comparative compensation data for the Company's corporate management team. Comparative data consisted of: (1) the NAREIT (National Association of Real Estate Investment Trusts) 2002 Compensation & Benefits Survey; (2) the NAIOP (National Association of Industrial and Office Properties) 2002-2003 Compensation Report; and (3) conversations with the Compensation Consulting Group of Deloitte & Touche. Comparisons were made as to salary, cash bonus and total compensation. As a result of that effort, the Compensation Committee concluded that the total compensation for the CEO and other key management officers (Chief Operating Officer, subsidiary president, director of acquisitions), although competitive in total, was out of balance between salary and cash bonus levels. The Committee determined that the salary amounts should be adjusted upward to bring each officer's salary level into a range that would be considered "market rate" compensation, while still keeping the total compensation competitive with the appropriate offsetting bonus adjustments. The

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

Compensation Committee made its recommendations to the FSP Board in early January 2003, and the Board approved the Committee's recommendations. As a result, the CEO's and the other key management officers' salary levels were adjusted to a competitive market rate as of January 1, 2003.

Executive compensation for the Company's executive officers who are Investment Executives consists primarily of commissions earned on the sale of interests in the Company's Sponsored REITs. As is standard practice in the investment industry, Investment Executives earn as commission a percentage of payout of the gross sales commission earned on each investment sale. The actual

13

amount of compensation earned as commissions is determined by the level of sales conducted by each individual. An investment executive's ability to earn commissions is limited only by the amount of equity available to be sold and his individual ability to sell it. As such, the Committee does not set the level of compensation for the executive officers who are Investment Executives. The Committee does determine the percentage of payout that is paid to the Investment Executives. As part of the compensation survey conducted in late 2002, the Committee reviewed comparative compensation programs within the securities industry. The Committee determined that the percentage of payout paid to the Company's Investment Executives is competitive, and no adjustment was necessary.

The Committee considers stock incentives to be a critical component of an executive's compensation package in order to help align executive interests with stockholder interests.

Compensation Philosophy

The objectives of the executive compensation program are to align compensation with business objectives and individual performance and to enable the Company to attract, retain and reward executive officers who are expected to contribute to the long-term success of the Company. The Company's executive compensation philosophy is based on the principles of competitive and fair compensation and sustained performance.

Competitive and Fair Compensation

The Committee is committed to providing an executive compensation program that helps attract and retain highly qualified executives. To ensure that total cash compensation (salary plus cash bonus) is competitive, the Committee compares its compensation practices with those of other companies in the industry and sets its compensation guidelines based on this review. The Committee believes total cash compensation for its executive officers is within the range of total cash compensation paid to executives with comparable qualifications, experience and responsibilities in the same or similar business and of comparable size and success. The Company also strives to achieve equitable relationships both among the compensation of individual officers and between the compensation of officers and other employees throughout the organization.

Sustained Performance

Executive officers who are part of the corporate management team are rewarded based upon corporate performance and individual performance. Corporate performance is evaluated by reviewing the extent to which strategic and business plan goals are met, including such factors as levels of property acquisitions, performance of properties in the Company's portfolio, gains or losses on property dispositions, levels of equity sales and the achievement of earnings,

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

cash available for distribution, or CAD, and dividend goals. Individual performance is evaluated by reviewing the attainment of specified individual objectives and the degree to which teamwork and Company values are fostered.

In evaluating each management executive's performance, the Company generally conforms to the following process:

14

- o Company and individual goals and objectives generally are set at the beginning of the performance cycle (which is a calendar year).
- o At the end of the performance cycle, the accomplishment of the executive's goals and objectives and his/her contributions to the Company are evaluated, and the results are communicated to the executive.
- o The comparative results, compared with comparative compensation practices of other companies in the industry, are then used to determine cash bonus and stock compensation levels, if any.

Any increases in annual salaries and payment of bonus awards is based on actual corporate and individual performance against targeted performance and various subjective performance criteria. Targeted performance criteria vary for each executive based on his/her area of responsibility, and may include achievement of specific acquisition goals, achievement of specific property performance goals, continued innovation in development of the Company's infrastructure, achievement of the operating budget for the Company as a whole or of a business group of the Company, and achievement of specific earnings, CAD and dividends goals. Subjective performance criteria include an executive's ability to motivate others, develop the skills necessary to grow as the Company matures, recognize and pursue new business opportunities and initiate programs to enhance the Company's growth and success. The Committee does not use a specific formula based on these targeted performance and subjective criteria, but instead makes an evaluation of each executive officer's contribution in light of all such criteria.

Compensation at the management executive level has also included the award of stock in the Company. The stock award program is designed to promote the identity of long-term interests between the Company's employees and its stockholders. The size of the stock award is generally intended to reflect the executive's position with the Company and his/her contribution to the Company, including his/her success in achieving the individual performance criteria described above.

Mr. Carter's 2003 Compensation

Mr. Carter is the CEO of the Company. Mr. Carter participates in the same executive compensation plans available to the other executive officers of the Company. Mr. Carter's base salary for 2003 was \$225,000. Mr. Carter was also paid \$400,000 in cash bonus for his performance in 2003. The Committee determined that Mr. Carter performed very well in an otherwise very difficult commercial real estate environment. The major market in which the Company operates, commercial real estate operations, continued to be in recession during 2003. However, the Company was still able to take advantage of an opportunity to dispose of properties at profitable prices. The sale of these properties, along with rental operations and investment banking business, allowed the Company to raise the total dividends per share for the fifth year in a row, even though the Company did not meet its stated goal for CAD for the year. Based upon numerous performance measurements, the Board of Directors felt that the Company had a

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

successful year. Mr. Carter's cash bonus compensation for 2003 is reflective of the Company's overall performance. Mr. Carter was not awarded any stock as compensation for his 2003 performance. Mr. Carter's cash bonus for 2003 was paid in 2004. Mr. Carter's 2003 salary and bonus were based upon a number of factors, which included the Company:

15

- o successfully completing the merger of 13 single-asset REITs with and into the Company, thereby increasing the Company's value and further reducing the risk due to a larger, diversified portfolio;
- o obtaining an increase in the Company's line of credit from \$50 million to \$125 million;
- o generating an increase of approximately 6.3% in net income/share over the previous year;
- o increasing total dividends paid to shareholders of the Company by approximately 6% over the previous year;
- o successfully completing the sale of two properties from the Company's portfolio, both properties were sold at a profit;
- o completing the acquisition of five new operating properties;
- o completing five syndications of preferred stock on behalf of Sponsored REITs totaling in excess of \$230 million in equity, an increase of 10% over the previous year; and
- o generating operating results that produced an increase in estimated market valuation of the Company's Common Stock of approximately 11.5% over the prior year's estimated valuation.

The Committee also considered that throughout the past year, Mr. Carter maintained his focus and discipline on the Company's business plan and investment philosophy and effectively and efficiently managed the Company's resources.

SELECTION OF ACCOUNTANTS

The Board of Directors has selected Ernst & Young LLP as the Company's independent accountants for fiscal 2004. Ernst & Young LLP has served as the Company's independent accountants since May 2003. PricewaterhouseCoopers served as the Company's independent accountants from October 2001 to May 2003.

Representatives of Ernst & Young are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

On May 8, 2003, Pricewaterhouse Coopers LLP informed the Company that it

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

had elected not to stand for re-election as the Company's independent certified public accountant. The reports of Pricewaterhouse Coopers LLP on the Company's financial statements for the fiscal years ended December 31, 2001 and 2002 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 31, 2002 and 2001 and any subsequent interim period preceding the dismissal, there were (i) no disagreements with Pricewaterhouse Coopers on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Pricewaterhouse Coopers, would have caused it to make reference to the subject matter of the disagreements in connection with its reports and (ii) no reportable events as defined in Regulation S-K Item 304(a)(1)(iv).

The Company solicited proposals from various accounting firms and following review of such proposals engaged Ernst & Young to act as the Company's independent accountants effective May 8, 2003. During the fiscal year ended December 31, 2002 and any subsequent interim period preceding the engagement, the Company did not consult Ernst & Young regarding the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or any matter that was the subject of a disagreement or a reportable event.

Report of the Audit Committee of the Board of Directors

The Audit Committee of the Company's Board of Directors acts under a written charter first adopted and approved in January 2002. A copy of this charter is attached to the proxy statement for the 2002 Annual Meeting of Stockholders, filed with the Securities and Exchange Commission on April 5, 2002, and is available on the SEC's website at www.sec.gov.

The Audit Committee reviewed the Company's audited financial statements for the fiscal year ended December 31, 2003 and discussed these financial statements with the Company's management and the Company's independent auditors. Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with accounting principles generally accepted in the United States of America and to issue a report on those financial statements. As appropriate, the Audit Committee reviews and evaluates, and discusses with the Company's management, internal accounting, financial and auditing personnel and the independent auditors, the following:

- o the plan for, and the independent auditors' report on, each audit of the Company's financial statements;

19

- o the Company's financial disclosure documents, including all financial statements and reports filed with the Securities and Exchange Commission or sent to stockholders;
- o management's selection, application and disclosure of critical accounting policies;
- o changes in the Company's accounting practices, principles, controls or methodologies;
- o significant developments or changes in accounting rules applicable

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

to the Company; and

- o the adequacy of the Company's internal controls and accounting, financial and auditing personnel.

The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards 61 (Communication with Audit Committees) with Ernst & Young LLP, the Company's independent auditors for the year ended 2003. SAS 61 requires the Company's independent auditors to discuss with the Company's Audit Committee, among other things, the following:

- o methods to account for significant unusual transactions;
- o the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- o the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- o disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. The Audit Committee discussed with the independent auditors the matters disclosed in this letter and their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of the other, non-audit related services which are referred to under the heading "Independent Auditor Fees and Other Matters" is compatible with maintaining such auditor's independence.

20

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

Pre-Approval Policy and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent auditor. This policy generally provides that the Company will not engage its independent auditor to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to the Company by its independent auditor during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The Audit Committee has also delegated to each individual member of the Audit Committee the authority to approve any audit or non-audit services to be provided to the Company by its independent auditor. Any approval of services by a member of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return on the FSP Units of limited partnership interests of the Partnership between December 31, 1999 and the Company's Common Stock as of December 31, 2003 with the cumulative total return of (1) the Russell 2000 Total Return Index, (2) the Standard & Poor's 500 Composite Stock Price Index ("S&P 500") and (3) the Morgan Stanley REIT Index over the same period. This graph assumes the investment of \$100.00 on December 31, 1999 in FSP Units of the Partnership's limited partnership interests and assumes any distributions are reinvested. Pursuant to the Merger, each FSP Unit was converted into one share of Common Stock.

Notes to Graph:

- (1) Because there was no market for FSP Units, the price per FSP Unit used in the calculations set forth above for December 31, 1999 and December 31, 2000 is the price ascribed to an FSP Unit in equity-for-equity mergers consummated by the Partnership on January 1, 2000, and October 1, 2000, respectively. The price ascribed to the FSP Units for the mergers took into account, among other factors, the lack of a trading market.
- (2) Because there was no market for the Company's Common Stock, the Board of Directors has made a good faith determination of the price per share of Common Stock as of December 31, 2001, December 31, 2002 and December 31, 2003 for purposes of the calculations set forth above. In order to make the Common Stock price more comparable to publicly traded indices, the Board of Directors has not applied any discount to reflect the lack of a trading market.

OTHER MATTERS

Edgar Filing: FRANKLIN STREET PROPERTIES CORP /MA/ - Form DEF 14A

Matters to be Considered at the Meeting

The Board of Directors does not know of any other matters which may come before the Annual Meeting. However, if any other matters are properly presented to the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

Solicitation of Proxies

All costs of solicitation of proxies will be borne by the Company. In addition to solicitations by mail, the Company's directors, officers and employees, without additional remuneration, may solicit proxies by telephone, telegraph and personal interviews, and the Company reserves the right to retain outside agencies for the purpose of soliciting proxies. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and, as required by law, the Company will reimburse them for their out-of-pocket expenses in this regard.

Stockholder Proposals

Proposals of stockholders intended to be included in the Company's proxy statement for the 2005 Annual Meeting of Stockholders must be received by the Company at its principal office not later than January 11, 2005.

If a stockholder who wishes to make a proposal at the 2005 Annual Meeting--other than one that will be included in the Company's proxy materials--does not notify the Company by no earlier than December 6, 2004 and no later than January 5, 2005, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting.

Important Notice Regarding Delivery of Security Holder Documents

The Company participates in the practice of "householding" proxy statements and annual reports, meaning that the Company delivers a single proxy or information statement to a household, even though two or more stockholders live under the same roof or a stockholder has shares registered in multiple accounts, unless the Company has received an instruction to the contrary from one or more of the stockholders. This practice enables the Company to reduce the expense of printing and mailing associated with proxy statements and reduces the amount of duplicative information a stockholder may currently receive.

The Company will promptly deliver a separate copy of either document to a stockholder if a stockholder calls or writes to the Company at the following address or phone number: Franklin Street Properties Corp., 401 Edgewater Place, Suite 200, Wakefield, Massachusetts 01880, (781) 557-1300.
