NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2018

(1) BASIS OF PRESENTATION:

The accompanying condensed consolidated financial information for the periods ended June 30, 2018 and July 1, 2017 are unaudited. Financial information as of September 30, 2017 has been derived from the audited financial statements of the Company, but does not include all disclosures required by accounting principles generally accepted in the United States of America. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the financial information for the periods indicated have been included. For further information regarding the Company's accounting policies, refer to the Consolidated Financial Statements and related notes included in the Company's Annual Report on Form 10-K for the year ended September 30, 2017. Operating results for interim periods are not necessarily indicative of results to be expected for a full year.

The condensed consolidated financial statements include the accounts of the Company, its wholly-owned subsidiaries and the accounts of the eight limited partnerships in which we act as general partner and have controlling interests. All intercompany balances and transactions have been eliminated. Non-controlling interest represents the limited partners' proportionate share of the net assets and results of operations of the eight limited partnerships.

These condensed consolidated financial statements include estimates relating to performance based officers' bonuses. The estimates are reviewed periodically and the effects of any revisions are reflected in the financial statements in the period they are determined to be necessary. Although these estimates are based on management's knowledge of current events and actions it may take in the future, they may ultimately differ from actual results.

(2) EARNINGS PER SHARE:

We follow Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Section 260 - "Earnings per Share". This section provides for the calculation of basic and diluted earnings per share. The data on Page 2 shows the amounts used in computing earnings per share and the effects on income. As of June 30, 2018 and July 1,

2017, no stock options were outstanding.

(3) RECENTLY ADOPTED AND RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS:

Adopted

In November 2015, the FASB issued ASU 2015-17, *Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes*. ASU 2015-17 requires that all deferred tax liabilities and tax assets be classified as non-current in a classified balance sheet, rather than separating such deferred taxes into current and non-current amounts, as is required under current guidance. ASU 2015-17 is effective for fiscal years, and for interim periods within those years, beginning after December 15, 2016 and may be applied either prospectively or retrospectively. The adoption of this new guidance did not have a material impact on our consolidated financial statements.

(3) RECENTLY ADOPTED AND RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS:

(Continued)

Issued

In August 2016, the Financial Accounting Standards Board (“FASB”) issued ASU 2016-15 “*Classification of Certain Cash Receipts and Cash Payments*”. This update provides clarification regarding how certain cash receipts and cash payments are presented and classified in the statement of cash flows. ASU 2016-15 addresses eight specific cash flow issues with the objective of reducing the existing diversity in practice. ASU 2016-15 is effective for annual reporting periods, and interim periods therein, beginning after December 15, 2017, which will require us to adopt these provisions in the first quarter of our fiscal year 2019. Early adoption is permitted for financial statements that have not been previously issued. The update will be applied on a retrospective basis. We do not expect the adoption of this guidance to have a material impact on our consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. ASU 2016-02 requires a lessee to recognize on the balance sheet a liability to make lease payments and a corresponding right-of-use asset for virtually all leases, other than leases with a term of 12 months or less. The update also requires additional disclosures about the amount, timing and uncertainty of cash flows arising from leases. ASU 2016-02 is effective for annual and interim periods beginning after December 15, 2018, which will require us to adopt these provisions in the first quarter of our fiscal year 2020. Early adoption is permitted for financial statements that have not been previously issued. ASU 2016-02 will be applied on a modified retrospective basis to each prior reporting period presented with various optional practical expedients. The discounted minimum remaining rental payments will be the starting point for determining the right-of-use asset and lease liability. We expect the adoption of the new guidance will have a material impact on our consolidated balance sheets due to recognition of the right-of-use asset and lease liability related to our current operating leases. We are continuing to evaluate the effect the new guidance will have on our consolidated financial statements and related disclosures.

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, “*Revenue from Contracts with Customers*,” (Topic 606), which provides a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods and services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. ASU 2014-09 also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts. The new standard was originally effective for interim and annual periods in fiscal years beginning after December 15, 2016. In August 2015, the FASB issued ASU 2015-14 delaying the effective date of adoption. ASU 2015-14 is now effective for annual and interim periods for fiscal years beginning after December 15, 2017, which will require us to adopt these provisions in the first quarter of our fiscal year 2019. Early application in fiscal year 2018 is permitted. ASU 2014-09 permits the use of either the retrospective or

cumulative effect transition method. We do not expect the adoption of this guidance to have a material impact on our consolidated financial statements.

(4) EXTENSION OF LEASE FOR EXISTING LOCATION:

Pinecrest, Florida

During the second quarter of our fiscal year 2018, the lease with an unrelated third party for the restaurant owned by our limited partnership located at 11415 S. Dixie Highway, Pinecrest, Florida (Store #13) was extended for five years through July 31, 2026. The extended lease is on the same terms and conditions, except the annual rent (base and estimated percentage rent) effective February 1, 2018 increased by approximately 20%, with annual 3% increases on the base rent thereafter commencing February 1, 2021.

(5) INCOME TAXES:

We account for our income taxes using FASB ASC Topic 740, "*Income Taxes*", which requires among other things, recognition of future tax benefits measured at enacted rates attributable to deductible temporary differences between financial statement and income tax basis of assets and liabilities and to tax net operating loss carryforwards and tax credits to the extent that realization of said tax benefits is more likely than not.

Index

On December 22, 2017 the Tax Cuts and Jobs Act (“the Act”) was signed into law, reducing the corporate income tax rate to 21%. Our accounting for the impact of the Act was completed during the thirteen weeks ended December 31, 2017 when we recorded a decrease of approximately \$268,000 to our net deferred tax asset, with a corresponding adjustment to deferred income tax expense.

(6) DEBT:

(a) Revolving Credit Line/Term Loan

During the first quarter of our fiscal year 2017, we closed on a secured revolving line of credit from an unaffiliated third party lender which, subject to certain conditions, entitled us to borrow, from time to time through December 28, 2017, up to \$5,500,000 (the “Credit Line”). From December 28, 2016 through December 28, 2017, we were obligated to pay interest only on the outstanding balance under the Credit Line, at a rate of LIBOR, Daily Floating Rate, plus 2.25%, per annum. During the second quarter of our fiscal year 2017, we entered into an interest rate swap agreement to hedge the interest rate risk when the unpaid principal balance under the Credit Line converted to a term loan on December 28, 2017 and our repayment obligations thereunder become amortizable over a five year period, payable in equal monthly installments of principal and interest at the rate of 4.65% per annum, with any outstanding principal balance and all accrued but unpaid interest due on December 28, 2022, (the “Term Loan”). We granted our lender a first priority security interest in substantially all of our personal property assets to secure our repayment obligations under the Term Loan. On December 28, 2017 the entire principal balance under the Credit Line (\$5,500,000) converted to the Term Loan.

(d) Financed Insurance Premiums

During the thirty nine weeks ended June 30, 2018, we financed with an unaffiliated third party lender, approximately \$1.33 million of insurance premiums relating to the following three (3) property and general liability insurance policies. This property and general liability insurance includes coverage for our franchises although results of operations for our franchises are not included in our consolidated financial statements:

(i) For the policy year beginning December 30, 2017, our general liability insurance, excluding limited partnerships, is a one (1) year policy with our insurance carriers, including automobile and excess liability coverage. The one (1) year general liability insurance premiums, including automobile and excess liability coverage, total, in the aggregate \$581,000, of which \$466,000 is financed through an unaffiliated third party lender (the “Third Party Lender”). The finance agreement obligates us to repay the amounts financed together with interest at the rate of 3.15% per annum, over 10 months, with monthly payments of principal and interest, each in the amount of \$47,000. The finance agreement is secured by a first priority security interest in all insurance policies, all unearned premium, return premiums, dividend payments and loss payments thereof.

(ii) For the policy year beginning December 30, 2017, our general liability insurance for our limited partnerships is a one (1) year policy with our insurance carriers, including excess liability coverage. The one (1) year general liability insurance premiums, including excess liability coverage, total, in the aggregate \$511,000, of which \$409,000 is financed through the Third Party Lender. The finance agreement obligates us to repay the amounts financed, together with interest at the rate of 3.15% per annum, over 10 months, with monthly payments of principal and interest, each in the amount of \$41,000. The finance agreement is secured by a first priority security interest in all insurance policies, all unearned premium, return premiums, dividend payments and loss payments thereof.

Index

(iii) For the policy year beginning December 30, 2017, our property insurance is a one (1) year policy. The one (1) year property insurance premium is in the amount of \$564,000, of which \$453,000 is financed through the Third Party Lender. The finance agreement provides that we are obligated to repay the amounts financed, together with interest at the rate of 3.15% per annum, over 10 months, with monthly payments of principal and interest, each in the amount of approximately \$46,000. The finance agreement is secured by a first priority security interest in all insurance policies, all unearned premium, return premiums, dividend payments and loss payments thereof.

As of June 30, 2018, the aggregate principal balance owed from the financing of our property and general liability insurance policies is \$528,000.

(7) COMMITMENTS AND CONTINGENCIES:

Construction Contract

On June 14, 2017, we entered into an agreement with a third party unaffiliated general contractor to renovate our restaurant located at 13205 Biscayne Boulevard, North Miami, Florida, (Store #20) for a total contract price of \$880,000. The renovations include, but are not limited to the construction of a new kitchen and the expansion of the restaurant into our former package liquor store location. During the thirty nine weeks of our fiscal year 2018, we agreed to change orders which had the effect of increasing the total contract price for the renovation to \$1,074,000, of which, as of the end of the third quarter of our fiscal 2018, we have paid \$691,000.

During the second quarter of our fiscal year 2018, we entered into an agreement with a third party unaffiliated general contractor to renovate and add an outdoor patio area to the front of our restaurant located at 13205 Biscayne Boulevard, North Miami, Florida (Store #20) for a total contract price of \$912,000. During the third quarter of our fiscal year 2018, we agreed to change orders which had the effect of decreasing the total contract price for the renovation to \$819,000, of which, as of the end of the third quarter of our fiscal 2018, we have paid \$338,000.

During the first quarter of our fiscal year 2018, we entered into two agreements with a third party unaffiliated general contractor for design and development services for a total contract price of \$127,000 (the "\$127,000 Contract") and \$174,000 (the "\$174,000 Contract"). The \$127,000 Contract provides for design and development services for the construction of a new building (the "New Building") on a parcel of real property which we own which is adjacent to the real property where our combination package liquor store and restaurant located at 2505 N. University Drive, Hollywood, Florida, (Store #19) operates. The \$174,000 Contract provides for design and development services for the renovation of the existing building which currently houses the combination package liquor store and restaurant. If we complete the construction of the New Building and the renovation of the existing building, we currently plan to re-locate our package liquor store located at the property to the New Building and to operate the restaurant located at the property in the renovated and expanded existing building. As of the end of our third quarter fiscal 2018, we have

paid \$88,000 and \$76,000 on the \$127,000 Contract and the \$174,000 Contract respectively.

Litigation

From time to time, we are a defendant in litigation arising in the ordinary course of our business, including claims resulting from “slip and fall” accidents, dram shop claims, claims under federal and state laws governing access to public accommodations, employment-related claims and claims from guests alleging illness, injury or other food quality, health or operational concerns. To date, none of this litigation, some of which is covered by insurance, has had a material effect on us.

Index**(8) SUBSEQUENT EVENTS:**

Subsequent events have been evaluated through the date these condensed consolidated financial statements were issued and no events required disclosure.

(9) BUSINESS SEGMENTS:

We operate principally in two reportable segments – package stores and restaurants. The operation of package stores consists of retail liquor sales and related items. Information concerning the revenues and operating income for the thirteen weeks and thirty nine weeks ended June 30, 2018 and July 1, 2017, and identifiable assets for the two reportable segments in which we operate, are shown in the following table. Operating income is total revenue less cost of merchandise sold and operating expenses relative to each segment. In computing operating income, none of the following items have been included: interest expense, other non-operating income and expenses and income taxes. Identifiable assets by segment are those assets that are used in our operations in each segment. Corporate assets are principally cash and real property, improvements, furniture, equipment and vehicles used at our corporate headquarters. We do not have any operations outside of the United States and transactions between restaurants and package liquor stores are not material.

At June 30, 2018, we (i) operated 26 units, (excluding the adult entertainment club referenced in (ii) below), consisting of restaurants, package stores and combination restaurants/package stores that we either own or have operational control over and partial ownership in; (ii) own but do not operate one adult entertainment club; and (iii) franchise an additional five units, consisting of two restaurants, (one restaurant of which we operate), and three combination restaurants/package stores. The table below provides information concerning the type (i.e. restaurant, package store or combination restaurant/package liquor store) and ownership of the units (i.e. whether (i) we own 100% of the unit; (ii) the unit is owned by a limited partnership of which we are the sole general partner and/or have invested in; or (iii) the unit is franchised by us), as of June 30, 2018 and as compared to July 1, 2017 and September 30, 2017. With the exception of “The Whale’s Rib”, a restaurant we operate but do not own, all of the restaurants operate under our service mark “Flanigan’s Seafood Bar and Grill” and all of the package liquor stores operate under our service mark “Big Daddy’s Liquors”.

Franchise Financial Arrangement: In exchange for our providing management and related services to our franchisees and granting them the right to use our service marks “Flanigan’s Seafood Bar and Grill” and “Big Daddy’s Liquors”, our franchisees (four of which are franchised to members of the family of our Chairman of the Board, officers and/or directors), are required to (i) pay to us a royalty equal to 1% of gross package store sales and 3% of gross restaurant sales; and (ii) make advertising expenditures equal to between 1.5% to 3% of all gross sales based upon our actual advertising costs allocated between stores, pro-rata, based upon gross sales.

Limited Partnership Financial Arrangement: We manage and control the operations of all restaurants owned by limited partnerships, except the Fort Lauderdale, Florida restaurant which is managed and controlled by a related franchisee. Accordingly, the results of operations of all limited partnership owned restaurants, except the Fort Lauderdale, Florida restaurant are consolidated into our operations for accounting purposes. The results of operations of the Fort Lauderdale, Florida restaurant are accounted for by us utilizing the equity method of accounting. In general, until the investors’ cash investment in a limited partnership (including any cash invested by us and our affiliates) is returned in full, the limited partnership distributes to the investors annually out of available cash from the operation of the restaurant up to 25% of the cash invested in the limited partnership, with no management fee paid to us. Any available cash in excess of the 25% of the cash invested in the limited partnership distributed to the investors annually, is paid one-half (½) to us as a management fee, with the balance distributed to the investors. Once the investors in the limited partnership have received, in full, amounts equal to their cash invested, an annual management fee is payable to us equal to one-half (½) of cash available to the limited partnership, with the other one half (½) of available cash distributed to the investors (including us and our affiliates). As of June 30, 2018, limited partnerships owning seven (7) restaurants, (Surfside, Florida, Kendall, Florida, West Miami, Florida, Pinecrest, Florida, Wellington, Florida, Miami, Florida and Pembroke Pines, Florida locations), have returned all cash invested and we

receive an annual management fee equal to one-half (1/2) of the cash available for distribution by the limited partnership. In addition to receipt of distributable amounts from the limited partnerships, we receive from the limited partnerships a fee equal to 3% of gross sales for their use of our service mark "Flanigan's Seafood Bar and Grill".

Effective September 3, 2017 we increased certain menu prices for our bar offerings to target an increase to our total bar revenues of approximately 4.9% annually and effective September 16, 2017 we increased certain menu prices for our food offerings to target an increase to our total food revenues of approximately 4.0% annually, (the “Price Increases”).

Restaurant revenue generated from the sale of food, including non-alcoholic beverages, at restaurants (food sales) totaled \$17,852,000 for the thirteen weeks ended June 30, 2018 as compared to \$17,169,000 for the thirteen weeks ended July 1, 2017. The increase in restaurant revenue from food sales at restaurants for the thirteen weeks ended June 30, 2018 as compared to the thirteen weeks ended July 1, 2017 is primarily due to the Price Increases and to a lesser extent increased restaurant traffic. Comparable weekly food sales (for restaurants open for all of the third quarter of our fiscal year 2018 and the third quarter of our fiscal year 2017, which consists of ten restaurants owned by us and eight restaurants owned by affiliated limited partnerships) was \$1,373,000 and \$1,321,000 for the thirteen weeks ended June 30, 2018 and July 1, 2017, respectively, an increase of 3.94%. Comparable weekly food sales for Company owned restaurants was \$716,000 and \$698,000 for the third quarter of our fiscal year 2018 and the third quarter of our fiscal year 2017, respectively, an increase of 2.58%. Restaurant Bar Sales. Restaurant revenue generated from the sale of alcoholic beverages at restaurants (bar sales) totaled \$5,470,000 for the thirteen weeks ended June 30, 2018 as compared to \$5,049,000 for the thirteen weeks ended July 1, 2017. The increase in restaurant revenue from bar sales at restaurants during the thirteen weeks ended June 30, 2018 is primarily due to the Price Increases and to a lesser extent increased restaurant traffic. Comparable weekly bar sales (for restaurants open for all of the third quarter of our fiscal year 2018 and the third quarter of our fiscal year 2017, which consists of ten restaurants owned by us and eight restaurants owned by affiliated limited partnerships) was \$421,000 for the thirteen weeks ended June 30, 2018 and \$388,000 for the thirteen weeks ended July 1, 2017, an increase of 8.51%. Comparable weekly bar sales for Company owned restaurants was \$195,000 and \$185,000 for the third quarter of our fiscal year 2018 and the third quarter of our fiscal year 2017, respectively, an increase of 5.41%. Package Store Sales. Revenue generated from sales of liquor and related items at package liquor stores (package store sales) totaled \$4,435,000 for the thirteen weeks ended June 30, 2018 as compared to \$4,067,000 for the thirteen weeks ended July 1, 2017, an increase of \$368,000. This increase was primarily due to increased package liquor store traffic. The weekly average of same store package store sales, (which includes all nine (9) Company owned package liquor stores open for all of the third quarter of our fiscal years 2018 and 2017), was \$341,000 for the thirteen weeks ended June 30, 2018 as compared to \$313,000 for the thirteen weeks ended July 1, 2017, an increase of 8.95%. We expect package liquor store sales to continue to increase throughout the balance of our fiscal year 2018.

Operating Costs and Expenses. Operating costs and expenses, (consisting of cost of merchandise sold, payroll and related costs, occupancy costs and selling, general and administrative expenses), for the thirteen weeks ended June 30, 2018 increased \$961,000 or 3.79% to \$26,342,000 from \$25,381,000 for the thirteen weeks ended July 1, 2017. The increase was primarily due to an expected general increase in food costs, offset by actions taken by management to reduce and/or control costs and expenses. We anticipate that our operating costs and expenses will continue to increase through our fiscal year 2018 for the same reasons. Operating costs and expenses decreased as a percentage of total revenue to approximately 92.64% in the third quarter of our fiscal year 2018 from 94.12% in the third quarter of our fiscal year 2017.

Gross Profit. Gross profit is calculated by subtracting the cost of merchandise sold from sales.

Restaurant Food and Bar Sales. Our gross profit margin for food sales and bar sales (calculated as gross profit reflected as a percentage of restaurant food sales and bar sales), was 65.46% for the thirteen weeks ended June 30, 2018 and 63.29% for the thirteen weeks ended July 1, 2017. The increase in gross profit margin for food sales and bar sales was due primarily to the Price Increases. We anticipate that our gross profit margin for restaurant food and bar sales will increase throughout the balance of our fiscal year 2018 due to the Price Increases, partially offset by higher food costs.

Package Store Sales. Gross profit for package store sales for the thirteen weeks ended June 30, 2018 increased to \$1,267,000 from \$1,150,000 for the thirteen weeks ended July 1, 2017. Our gross profit margin, (calculated as gross profit reflected as a percentage of package store sales), for package store sales was 28.57% for the thirteen weeks ended June 30, 2018 and 28.28% for the thirteen weeks ended July 1, 2017. We anticipate that the gross profit margin for package store merchandise will decrease during our fiscal year 2018 due to our reduction of prices of certain package store merchandise to remain competitive.

Index

Payroll and Related Costs. Payroll and related costs for the thirteen weeks ended June 30, 2018 increased \$524,000 or 6.32% to \$8,817,000 from \$8,293,000 for the thirteen weeks ended July 1, 2017. Higher payroll and related costs for the thirteen weeks ended June 30, 2018 were primarily due to higher restaurant sales, which require additional payroll and related costs for employees such as cooks, bartenders and servers and higher pay rates. Payroll and related costs as a percentage of total revenue was 31.01% in the third quarter of our fiscal year 2018 and 30.75% of total sales in the third quarter of our fiscal year 2017.

Selling, general and administrative expenses decreased as a percentage of total revenue in the third quarter of our fiscal year 2018 to approximately 17.21% as compared to 17.24% in the third quarter of our fiscal year 2017. We anticipate that our selling, general and administrative expenses will increase throughout the balance of our fiscal year 2018 due primarily to increases across all categories.

Depreciation and Amortization. Depreciation and amortization expense, which is included in selling, general and administrative expenses, for the thirteen weeks ended June 30, 2018 increased \$45,000 or 6.78% to \$709,000 from \$664,000 for the thirteen weeks ended July 1, 2017. increased when compared to the thirteen weeks ended July 1, 2017 primarily due to the Price Increases, higher gross profit margin for restaurant food and bar sales and to a lesser extent increased restaurant traffic, offset partially by higher overall expenses. As a percentage of total revenue, net income for the third quarter of our fiscal year 2018 is 5.68%, as compared to 4.08% in the third quarter of our fiscal year 2017.

Net Income Attributable to Stockholders. Net income for the thirteen weeks ended June 30, 2018 increased when compared to the thirteen weeks ended July 1, 2017 primarily due to the Price Increases, higher gross profit margin for restaurant food and bar sales and to a lesser extent increased restaurant traffic, offset partially by higher food costs. As a percentage of total revenue, net income attributable to stockholders for the third quarter of our fiscal year 2018 is 3.67%, as compared to 3.12% in the third quarter of our fiscal year 2017.

Restaurant Food Sales. Restaurant revenue generated from the sale of food, including non-alcoholic beverages, at restaurants (food sales) totaled \$53,368,000 for the thirty nine weeks ended June 30, 2018 as compared to \$50,674,000 for the thirty nine weeks ended July 1, 2017. The increase in restaurant revenue from food sales from restaurants for the thirty nine weeks ended June 30, 2018 as compared to the thirty nine weeks ended July 1, 2017 is primarily due to Price Increases and to a lesser extent increase restaurant traffic. The increase in restaurant revenue from bar sales from restaurants for the thirty nine weeks ended June 30, 2018 as compared to the thirty nine weeks ended July 1, 2017 is primarily due the Price Increases and to a lesser extent increased traffic. During the thirty nine weeks ended July 1, 2017, we introduced new promotions to increase the sale of alcoholic beverages, including but not limited to the significant discounting of the price of draft beer manufactured for the Company by a local brewery and sold under the trade mark “Joe’s Pale Ale”, which was a factor on reducing bar sales during the thirty nine weeks ended July 1, 2017. Comparable weekly bar sales (for restaurants open for all of the thirty nine weeks of our fiscal years 2018 and 2017, which consists of ten restaurants owned by us and eight restaurants owned by affiliated limited partnerships) was \$426,000 for the thirty nine weeks ended June 30, 2018 and \$395,000 for the thirty nine weeks ended July 1, 2017, an increase of 7.85%. This increase was primarily due to increased package liquor store traffic. The weekly average of same store package store sales, (which includes all nine (9) Company owned package liquor stores open for all of the thirty nine weeks of our fiscal years 2018 and 2017) was \$367,000 and \$332,000 for the thirty nine weeks ended June 30, 2018 and July 1, 2017, respectively, an increase of 10.54%. We

expect package liquor store sales to continue to increase throughout the balance of our fiscal year 2018.

Operating Costs and Expenses. Operating costs and expenses, (consisting of cost of merchandise sold, payroll and related costs, occupancy costs and selling, general and administrative expenses), for the thirty nine weeks ended June 30, 2018 increased \$4,252,000 or 5.61% to \$80,092,000 from \$75,840,000 for the thirty nine weeks ended July 1, 2017. The increase was primarily due to an expected general increase in food costs, offset by actions taken by management to reduce and/or control costs and expenses. We anticipate that our operating costs and expenses will continue to increase through our fiscal year 2018 for the same reasons. Operating costs and expenses decreased as a percentage of total revenue to approximately 92.82% for the thirty nine weeks ended June 30, 2018 from 93.64% for the thirty nine weeks ended July 1, 2017.

Gross Profit. Gross profit is calculated by subtracting the cost of merchandise sold from sales.

Restaurant Food and Bar Sales. Our gross profit margin for restaurant food and bar sales for the thirty nine weeks ended June 30, 2018 as compared to the thirty nine weeks ended July 1, 2017 increased due to the Price Increases. We anticipate that our gross profit margin for restaurant food and bar sales will increase throughout the balance of our fiscal year 2018 due to the Price Increases, partially offset by higher food costs.

We anticipate that the gross profit margin for package store merchandise will decrease during our fiscal year 2018 due to a reduction in pricing of certain package store merchandise to be more competitive.

Payroll and Related Costs. Payroll and related costs for the thirty nine weeks ended June 30, 2018 increased \$1,509,000 or 6.07% to \$26,357,000 from \$24,848,000 for the thirty nine weeks ended July 1, 2017. Higher payroll and related costs for the thirty nine weeks ended June 30, 2018 were primarily due to higher restaurant sales which require additional payroll and related costs for employees such as cooks, bartenders and servers and higher pay rates. Payroll and related costs as a percentage of total revenue was 30.55% for the thirty nine weeks ended June 30, 2018 and 30.68% of total sales for the thirty nine weeks ended July 1, 2017.

Occupancy Costs. Occupancy costs (consisting of rent, common area maintenance, repairs, real property taxes and amortization of leasehold purchases) for the thirty nine weeks ended June 30, 2018 increased \$227,000 or 5.58% to \$4,298,000 from \$4,071,000 for the thirty nine weeks ended July 1, 2017. We anticipate that our occupancy costs will remain stable throughout our fiscal year 2018.

Selling, General and Administrative Expenses. Selling, general and administrative expenses (consisting of general corporate expenses, including but not limited to advertising, insurance, professional costs, clerical and administrative overhead) for the thirty nine weeks ended June 30, 2018 increased \$859,000 or 6.12% to \$14,889,000 from \$14,030,000 for the thirty nine weeks ended July 1, 2017. Selling, general and administrative expenses decreased as a percentage of total revenue for the thirty nine weeks ended June 30, 2018 to 17.26% as compared to 17.32% for the thirty nine weeks ended July 1, 2017. We anticipate that our selling, general and administrative expenses will increase throughout the balance of our fiscal year 2018 due primarily to increases across all categories.

Index

Depreciation and Amortization. Depreciation and amortization expense, which is included in selling, general and administrative expenses, for the thirty nine weeks ended June 30, 2018 increased \$93,000 or 4.68% to \$2,081,000 from \$1,988,000 for the thirty nine weeks ended July 1, 2017. As a percentage of total revenue, depreciation and amortization expense was 2.41% of revenue in the thirty nine weeks ended June 30, 2018 and 2.45% of revenue in the thirty nine weeks ended July 1, 2017.

Interest Expense. Interest expense for the thirty nine weeks ended June 30, 2018 increased \$122,000 to \$565,000 from \$443,000 for the thirty nine weeks ended July 1, 2017. The increase in interest expense, net, for the thirty nine weeks ended June 30, 2018 is due to our borrowing of the available balance on our Credit Line (\$3.5 million for a total amount borrowed on the Credit Line of \$5.5 million) during the first quarter of our fiscal year 2018.

Income Taxes. Income taxes for the thirty nine weeks ended June 30, 2018 was \$1,216,000 and \$1,089,000 for the thirty nine weeks ended July 1, 2017. Income taxes increased during the thirty nine weeks ended June 30, 2018 due to a reduction of \$268,000 to our deferred tax asset due to the corporate tax rate reduction, which reduction was a part of our current tax expense during the thirteen weeks ended December 31, 2017.

Net Income. Net income for the thirty nine weeks ended June 30, 2018 increased \$745,000 or 20.08% to \$4,456,000 from \$3,711,000 for the thirty nine weeks ended July 1, 2017. Net income for the thirty nine weeks ended June 30, 2018 increased when compared to the thirty nine weeks ended July 1, 2017 primarily due to the Price Increases, higher gross profit margin for restaurant food and bar sales and to a lesser extent increased restaurant traffic, offset partially due to a reduction of \$268,000 to our deferred tax asset and overall expenses. As a percentage of total revenue, net income for the thirty nine weeks ended June 30, 2018 is 5.16%, as compared to 4.58% for the thirty nine weeks ended July 1, 2017.

Net Income Attributable to Stockholders. Net income attributable to stockholders for the thirty nine weeks ended June 30, 2018 increased \$507,000 or 19.85% to \$3,061,000 from \$2,554,000 for the thirty nine weeks ended July 1, 2017. Net income attributable to stockholders for the thirty nine weeks ended June 30, 2018 increased when compared to the thirty nine weeks ended July 1, 2017 primarily due to the Price Increases, higher gross profit margin for restaurant food and bar sales and to a lesser extent increased restaurant traffic, offset partially due to a reduction of \$268,000 to our deferred tax asset and overall expenses. As a percentage of total revenue, net income attributable to stockholders for the thirty nine weeks ended June 30, 2018 is 3.55%, as compared to 3.15% for the thirty nine weeks ended July 1, 2017.

New Limited Partnership Restaurants

As new restaurants open, our income from operations will be adversely affected due to our obligation to fund pre-opening costs, including but not limited to pre-opening rent for the new locations. During the thirteen weeks

ended June 30, 2018, we did not have a new restaurant location in the development stage and did not recognize any pre-opening costs.

Menu Price Increases and Trends

Effective September 3, 2017 we increased menu prices for our bar offerings to target an increase to our bar revenues of approximately 4.9% annually and effective September 16, 2017 we increased menu prices for our food offerings to target an increase to our food revenues of approximately 4.0% annually to offset higher food costs and higher overall expenses. Prior to these increases, we previously raised menu prices in the second quarter of our fiscal year 2016. During the next twelve months, if demand for our restaurant and bar offerings remains substantially similar to the demand during our fiscal year 2017, of which there can be no assurance, we expect that restaurant and bar sales, as well as gross profit for food and bar operations should increase as a result of the Price Increases, offset partially by higher food costs. We anticipate that our package liquor store sales will continue to increase, while gross profit margin for package liquor store sales will decrease.

Index

We do not have a new “Flanigan’s Seafood Bar and Grill” restaurant in the development stage, but continue to search for new locations to open restaurants and thereby expand our business. As of the end of our fiscal year 2017 we abandoned our attempt to expand “The Whale’s Rib” restaurant concept that we manage in Deerfield Beach, Florida through the opening of a new restaurant in Miami, Florida due to our inability to get all necessary governmental approvals.

We are not actively searching for locations for the operation of new package liquor stores, but when our attempt to expand “The Whale’s Rib” restaurant concept in Miami, Florida was abandoned, we decided that the space we had targeted for the “The Whales Rib” would be ideal for the operation of a package liquor store and subsequent to the end of the third quarter of our fiscal year 2018, we received governmental approval to operate a package liquor store.

Liquidity and Capital Resources

We fund our operations through cash from operations. As of June 30, 2018, we had cash of approximately \$13,900,000, an increase of \$4,015,000 from our cash balance of \$9,885,000 as of September 30, 2017. Our cash increased during the first quarter of our fiscal year 2018, because we borrowed \$3.50 million from our Credit Line just prior to its conversion to the Term Loan on December 28, 2017. During the second quarter of our fiscal year 2018, we also paid on March 30, 2018 a dividend of \$.25 per share. We believe that our current cash availability from our cash on hand, positive cash flow from operations and borrowed funds will be sufficient to fund our operations and planned capital expenditures for at least the next twelve months.

Cash Flows

The following table is a summary of our cash flows for the thirty nine weeks ended June 30, 2018 and July 1, 2017.

	-----Thirty Nine Weeks Ended----- June 30, July 1, 2018 2017 (in Thousands)

During the thirty nine weeks ended July 1, 2017, our Board of Directors declared and paid a cash dividend of 20 cents per share to shareholders of record on March 17, 2017. Any future determination to pay cash dividends will be at our Board's discretion and will depend upon our financial condition, operating results, capital requirements and such other factors as our Board deems relevant.

Capital Expenditures

In addition to using cash for our operating expenses, we use cash to fund the development and construction of new restaurants and to fund capitalized property improvements for our existing restaurants. During the thirty nine weeks ended June 30, 2018, we acquired property and equipment and construction in progress of \$3,219,000, (of which \$81,000 was for the purchase of a vehicle for debt; \$1,439,000 was for construction in process; and \$132,000 was deposits recorded in other assets as of September 30, 2017), which amount included \$326,000 for renovations to four (4) Company owned restaurants. During the thirty nine weeks ended July 1, 2017, we acquired property and equipment of \$6,235,000, (of which \$24,000 was for the purchase of a vehicle for debt; \$2,133,000 was for construction in process; and \$414,000 was deposits recorded in other assets as of October 1, 2016), which amount included \$2.475 million for the purchase of real property, \$1,272,000 for construction and redevelopment of a new package store on the same, \$635,000 for the construction of a catering kitchen and \$260,000 for renovations to four Company owned restaurants and two Company owned package stores.

All of our owned units require periodic refurbishing in order to remain competitive. We anticipate the cost of this refurbishment in our fiscal year 2018 to be approximately \$400,000, of which \$326,000 has been spent through June 30, 2018.

Long Term Debt

As of June 30, 2018, we had long term debt of \$15,321,000, as compared to \$12,398,000 as of September 30, 2017. Our long term debt increased as of June 30, 2018 as compared to September 30, 2017 due to the \$3,500,000 we borrowed on our Credit Line (now included as part of the Term Loan) and \$1,057,000 for financed insurance premiums, less any payments made on account thereof. As of June 30, 2018, we are in compliance with the covenants of all loans with our lender.

As of June 30, 2018, the aggregate principal balance owed from the financing of our property and general liability insurance policies is \$528,000.

Construction Contracts

On June 14, 2017, we entered into an agreement with a third party unaffiliated general contractor to renovate our restaurant located at 13205 Biscayne Boulevard, North Miami, Florida, (Store #20) for a total contract price of \$880,000. The renovations include, but are not limited to the construction of a new kitchen and the expansion of the restaurant into our former package liquor store location. During the thirty nine weeks of our fiscal year 2018, we

agreed to change orders which had the effect of increasing the total contract price for the renovation to \$1,074,000, of which, as of the end of our third quarter fiscal 2018, we have paid \$691,000.

During the first quarter of our fiscal year 2018, we entered into two agreements with a third party unaffiliated general contractor for design and development services for a total contract price of \$127,000 (the “\$127,000 Contract”) and \$174,000 (the “\$174,000 Contract”). The \$127,000 Contract provides for design and development services for the construction of a new building (the “New Building”) on a parcel of real property which we own which is adjacent to the real property where our combination package liquor store and restaurant located at 2505 N. University Drive, Hollywood, Florida, (Store #19) operates. The \$174,000 Contract provides for design and development services for the renovation of the existing building which currently houses the combination package liquor store and restaurant. If we complete the construction of the New Building and the renovation of the existing building, we currently plan to re-locate our package liquor store located at the property to the New Building and to operate the restaurant located at the property in the renovated and expanded existing building. As of the end of our third quarter fiscal 2018, we have paid \$88,000 and \$76,000 on the \$127,000 Contract and \$174,000 Contract respectively.

Index

During the second quarter of our fiscal year 2018, we entered into an agreement with a third party unaffiliated general contractor to renovate and add an outdoor patio area to the front of our restaurant located at 13205 Biscayne Boulevard, North Miami, Florida (Store #20) for a total contract price of \$912,000. During the third quarter of our fiscal year 2018, we agreed to change orders which had the effect of decreasing the total contract price for the renovation to \$819,000, of which, as of the end of our third quarter fiscal 2018, we have paid \$338,000.

Purchase Commitments

In order to fix the cost and ensure adequate supply of baby back ribs for our restaurants, on November 7, 2017, we entered into a purchase agreement with our current rib supplier, whereby we agreed to purchase approximately \$6,208,000 of baby back ribs during calendar year 2018 from this vendor at a fixed cost.

While we anticipate purchasing all of our rib supply from this vendor, we believe there are several other alternative vendors available, if needed.

Purchase of Limited Partnership Interest

During the thirty nine weeks ended June 30, 2018, we purchased from one limited partner (who is not an officer, director or family member of officers or directors) a limited partnership interest of 0.21% in a limited partnership which owns a restaurant, for a purchase price of \$1,600. During the thirty nine weeks ended July 1, 2017, we did not purchase any limited partnership interests.

Working Capital

The table below summarizes the current assets, current liabilities, and working capital for our fiscal quarters ended June 30, 2018, July 1, 2017 and our fiscal year ended September 30, 2017.

<u>Item</u>	June 30, 2018	September 30, 2017	July 1, 2017
	(in thousands)		
Current Assets	\$ 19,753	\$ 14,640	\$ 15,169
Current Liabilities	12,534	11,011	10,715

Working Capital \$7,219 \$ 3,629 \$4,454

Our working capital as of June 30, 2018 increased by 62.08% from our working capital as of July 1, 2017 and increased by 98.92% from our working capital as of September 30, 2017 primarily due to the \$3,500,000 we borrowed against our Credit Line prior to the Credit Line converting to the Term Loan. We plan to use certain of the borrowed funds to complete the renovation of our restaurant located at 13205 Biscayne Boulevard, North Miami, Florida (Store #20R) and to construct a new building on a parcel of real property which we own which is adjacent to the real property where our combination package liquor store and restaurant located at 2505 N. University Drive, Hollywood, Florida, (Store #19) operates into which we plan to re-locate our package liquor store and to renovate and expand the restaurant into the former package liquor store space.

Index

While there can be no assurance due to, among other things, unanticipated expenses or unanticipated decline in revenues, or both, we believe that our cash on hand, positive cash flow from operations and funds available from our term loan will adequately fund operations, debt reductions and planned capital expenditures throughout our fiscal year 2018.

Off-Balance Sheet Arrangements

We do not have off-balance sheet arrangements.

Inflation

The primary inflationary factors affecting our operations are food, beverage and labor costs. A large number of restaurant personnel are paid at rates based upon applicable minimum wage and increases in minimum wage directly affect labor costs. To date, inflation has not had a material impact on our operating results, but this circumstance may change in the future if food and fuel costs continue to rise.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We do not ordinarily hold market risk sensitive instruments for trading purposes and as of June 30, 2018 we held no equity securities.

Interest Rate Risk

As part of our ongoing operations, we are exposed to interest rate fluctuations on our borrowings. As more fully described in Note 9 “Fair Value Measurements of Financial Instruments” to the Consolidated Financial Statements included in “Item 8. Financial Statements and Supplementary Data” of our Annual Report on Form 10-K for our fiscal year ended September 30, 2017, we use interest rate swap agreements to manage these risks. These instruments are not used for speculative purposes but are used to modify variable rate obligations into fixed rate obligations.

At June 30, 2018, we had three variable rate debt instruments outstanding that are impacted by changes in interest rates. In November, 2011, we financed our purchase of the real property and two building shopping center in Miami,

Florida, with a \$4,500,000 mortgage loan (the “\$4.5M Mortgage Loan”). In January, 2013, we refinanced the mortgage loan encumbering the property where our combination package liquor store and restaurant located at 4 N. Federal Highway, Hallandale, Florida, (Store #31) operates, which mortgage loan is held by an unaffiliated third party lender (the “\$1.405M Loan”). In December, 2016, we closed on a secured revolving line of credit which entitled us to borrow, from time to time through December 28, 2017, up to \$5,500,000 (the “Credit Line”), which on December 28, 2017 converted to the term loan (the “Term Loan”).

As a means of managing our interest rate risk on these debt instruments, we entered into interest rate swap agreements with our unrelated third party lender to convert these variable rate debt obligations to fixed rates. We are currently party to the following three (3) interest rate swap agreements:

(i) The first interest rate swap agreement entered into in November, 2011 by our wholly owned subsidiary, Flanigan’s Calusa Center, LLC, relates to the \$4.5 million Mortgage Loan (the “\$4.5M Mortgage Loan Swap”). The \$4.5M Mortgage Loan Swap requires us to pay interest for an eight (8) year period at a fixed rate of 4.51% on an initial amortizing notional principal amount of \$3,750,000, while receiving interest for the same period at LIBOR – 1 Month, plus 2.25%, on the same amortizing notional principal amount. We determined that at June 30, 2018, the interest rate swap agreement is an effective hedging agreement and the fair value was not material;

Index

(ii) The second interest rate swap agreement entered into in January, 2013 relates to the \$1.405M Loan (the “\$1.405M Term Loan Swap”). The \$1.405M Term Loan Swap requires us to pay interest for a twenty (20) year period at a fixed rate of 4.35% on an initial amortizing notional principal amount of \$1,405,000, while receiving interest for the same period at LIBOR – 1 Month, plus 2.25%, on the same amortizing notional principal amount. We determined that at June 30, 2018, the interest rate swap agreement is an effective hedging agreement and the fair value was not material; and

(iii) The third interest rate swap agreement entered into in December, 2016 relates to the Credit Line (the “Line of Credit Swap”). The Line of Credit Swap requires us to pay interest for a five (5) year period, commencing December 28, 2017 at a fixed rate of 4.65% on an initial amortizing notional principal amount of \$5,500,000, while receiving interest for the same period at LIBOR – 1 Month, plus 2.25%, on the same amortizing notional principal amount. We determined that at June 30, 2018, the interest rate swap agreement is an effective hedging agreement and the fair value was not material.

At June 30, 2018, our cash resources earn interest at variable rates. Accordingly, our return on these funds is affected by fluctuations in interest rates.

There is no assurance that interest rates will increase or decrease over our next fiscal year or that an increase will not have a material adverse effect on our operations.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed with the U.S. Securities and Exchange Commission (the “SEC”) is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

As of June 30, 2018, an evaluation was performed under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) to the Securities Exchange Act of 1934) . Based on that evaluation, management, including our Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective as of June 30, 2018.

Changes in Internal Control Over Financial Reporting

During the period covered by this report, we have not made any change to our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
