Pointer Telocation Files for Dual Listing on Tel-Aviv Stock Exchange

Givatayim, Israel - November 27th, 2006. Pointer Telocation Ltd. (Nasdaq Capital Market: PNTR), a leading provider of services to insurance companies and car owners, including road-side assistance, towing and stolen vehicle retrieval services in Israel, Argentina and Mexico, has filed an application for the dual listing of its shares on the TASE. Assuming the Company's share price is maintained at approximately its current level while the application is being processed, it will fulfill the necessary criteria for a dual listing in Tel-Aviv.

The Company is also currently considering applying for listing on Nasdaq's Global Market during 2007.

Yossi Ben Shalom, the Company's Chairman said: Pointer Telocation sees the dual listing as an important step toward greater liquidity and less volatility in its shares. This view is based upon the experience of an increasing number of Israeli companies that are dually listed on Nasdaq and

in Tel Aviv. The resulting increase in trading hours as well as the exposure to greater numbers of investors have been shown to achieve these important goals for the benefit of investors. Given that most of our activities are in Israel and Shagrir, our road-side assistance, towing and stolen vehicle retrieval services subsidiary, is a house-hold name in Israel, our investor visibility is already high. By listing on the TASE, we expect to leverage this visibility and maximize the opportunities for Israeli investors to purchase our stock.
