Eltek Receives \$0.5 Million of PCB Orders for
Use in Advanced Medical Equipment Developed
by a US Manufacturer

Total orders from this customer since the beginning of 2011: \$900,000

PETACH-TIKVA, Israel, August 3, 2011 (NASDAQ: ELTK) - Eltek Ltd., the leading Israeli manufacturer of advanced flex-rigid circuitry solutions, announced today that it has received orders valued at \$490,000. The orders include high-end flex-rigid PCBs (printed circuit boards) for use in advanced medical devices by a US medical equipment manufacturer. The orders are expected to be delivered between October 2011 and February 2012.

These orders are a result of Eltek's continued focus on the medical and defense sectors as part of its growth strategy. Total orders since the beginning of 2011 from this customer amount to \$900,000.

Arieh Reichart, President and Chief Executive Officer of Eltek said: "We are proud to have been selected as the supplier of PCBs for use in advanced medical equipment, which reflects the recognition of our high technological capabilities. Eltek is receiving increased recognition by worldwide customers based on the high quality and reliability of its products. According to our long term business plan, we are continuing to focus our efforts on strengthening our position in the medical and defense global markets."

About the Company

Eltek is Israel's leading manufacturer of printed circuit boards, the core circuitry of most electronic devices. It specializes in the complex high-end of PCB manufacturing, i.e., HDI, multilayered and flex-rigid boards. Eltek's technologically advanced circuitry solutions are used in today's increasingly sophisticated and compact electronic products.
