PART III — NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

AeroGrow International, Inc. (the "Company") was not able to timely file its Quarterly Report on Form 10-Q (the "Form 10-Q") for the three months ended June 30, 2009 (the "June Quarter") by August 14, 2009, the prescribed due date, because of recent developments related to the matter discussed below that the Company is in the process of addressing and which have diverted necessary resources from the completion of the Form 10-Q.

On July 19, 2009, a \$1,000,000 loan (the "Loan") extended to the Company by First National Bank of Colorado ("FNB") matured. The Company has been in discussions with FNB regarding an extension of the maturity of the Loan, and expects to finalize an extension with FNB shortly. The discussions with FNB, subsequent negotiations, and documentation of the extension have diverted necessary resources from the completion of the Company's Form 10-Q.

The Company expects that its Form 10-Q will be filed within five calendar days following the prescribed due date.

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).  Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?  Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

For the three months ended June 30, 2009, our sales totaled \$2,979,693, a 55.7% decrease from the same period in the prior year. The decline in sales reflected lower sales in each of our channels of distribution, principally because of the decline in economic activity associated with the global recession, which adversely affected the levels of consumer spending and retailer procurement relative to the prior year period. In addition, because of the general economic conditions and a low anticipated return on investment, we elected to reduce our spending on advertising and promotions in our direct-to-consumer business, causing a further reduction in these sales, but ultimately contributing to a reduced operating loss. Sales of AeroGardens declined 68.2% year-over-year; however, sales of seed kits and accessories, which represent recurring revenue related to cumulative sales of AeroGardens, declined by only 19.7%. As a result, sales of seed kits and accessories increased to 46.8% of total revenue from 25.8% in the prior year period.

The gross margin for the three months ended June 30, 2009, was 37.3% as compared to 45.1% for the prior year period. The decline reflected changes in channel, customer and product mix, as well as the impact of fixed facility costs in our Indianapolis, Indiana, manufacturing and distribution facility that was opened in July 2008, on a lower revenue base in the current year period. Operating expenses other than cost of revenue were reduced \$2,913,756, or 51.2%, from the prior year reflecting cost savings initiatives, staffing reductions, and reduced spending on advertising and promotion.

The loss from operations totaled \$1,670,366, which was \$990,386 lower than the prior year loss from operations of \$2,660,752. The reduced loss reflected the decrease in operating expenses other than cost of revenue, which more than offset the combined impact of lower sales and gross margin relative to a year earlier.

Other income totaled \$608,634 as compared to other expense of \$156,597 in the prior year, principally reflecting the impact of approximately \$807,310 in gains that were recognized during the three months ended June 30, 2009, to reflect discounts negotiated on certain accounts payable balances, partially offset by higher interest expense resulting from a higher average level of debt outstanding.

The net loss for the three months ended June 30, 2009, was \$1,061,732 as compared to a \$2,817,349 net loss in the same period a year earlier.
