HOOKER FURNITURE CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Dollar and share amounts in tables, except per share amounts, in thousands unless otherwise indicated) (Unaudited)

For the Thirty-nine Weeks Ended November 1, 2009

Preparation of Interim Financial Statements

The condensed consolidated financial statements of Hooker Furniture Corporation and subsidiaries (referred to as "we," "us," "our," "Hooker" or the "Company") have been prepared in accordance with the rules and regulations of the Securitie and Exchange Commission ("SEC"). In the opinion of management, these statements include all adjustments necessary for a fair statement of the results of all interim periods reported herein. All such adjustments are of a normal recurring nature. Certain information and footnote disclosures prepared in accordance with U.S. generally accepted accounting principles ("GAAP") are condensed or omitted pursuant to SEC rules and regulations. However, we believe that the disclosures made are adequate for a fair presentation of our results of operations and financial position. Operating results for the interim periods reported herein may not be indicative of the results expected for the year. These financial statements should be read in conjunction with the audited consolidated financial statements and accompanying notes included in our annual report on Form 10-K for the fiscal year ended February 1, 2009.

The financial statements contained herein are being filed as part of a quarterly report on Form 10-Q covering the thirteen-week period (also referred to as "three months," "three-month period," "quarter" or "quarterly period") that began August 3, 2009 and the thirty-nine week period (also referred to as "nine months," "nine-month period" or "first nine months") that began February 2, 2009, both ending on November 1, 2009. These financial statements also include the thirteen-week period that began August 4, 2008 and the thirty-nine week period that began February 4, 2008, both ending on November 2, 2008.

References to the 2010 fiscal year and comparable terminology in the notes to the condensed consolidated financial statements mean the fiscal year that began February 2, 2009 and will end January 31, 2010. References to the 2009 fiscal year and comparable terminology in the notes to the condensed consolidated financial statements mean the fiscal year that began February 4, 2008 and ended February 1, 2009.

We made a change in accounting principle in fiscal 2009 to classify shipping and warehousing costs associated with the distribution of finished products to our customers, as well as certain supply chain and operations management expenses, as cost of sales (previously recorded in selling and administrative expenses). We believe this accounting principle is preferable because the classification of these shipping and warehousing costs in cost of sales better reflects the cost of producing, selling and distributing our products. The reclassification due to this change in accounting principle amounted to \$4.1 million for the 2009 third quarter and \$12.9 million for the 2009 nine-month period.

2. Accounting Pronouncements

In May 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 165 Subsequent Events ("FAS 165"), which was subsequently codified in the subsequent events topic of the accounting standards codification (ASC 855.) FAS 165 addresses accounting and disclosure requirements related to subsequent events. It requires management to evaluate subsequent events through the date the financial statements are either issued or available to be issued, depending on the company's expectation of whether it will widely distribute its financial statements to its shareholders and other financial statement users. Companies are required to disclose the date through which subsequent events have been evaluated. This disclosure requirement is effective for interim or annual financial periods ending after June 15, 2009 and should be applied prospectively. We adopted this disclosure requirement in the fiscal year 2010 second quarter.

In June 2009, the FASB issued Statement of Financial Accounting Standards No. 166 ("FAS 166"), "Accounting for Transfers of Financial Assets", the objective of which is to improve the relevance, representational faithfulness, and comparability of the information that a reporting entity provides in its financial statements about a transfer of financial assets; the effects of a transfer on its financial position, financial performance, and cash flows; and a transferor's continuing involvement, if any, in transferred financial assets. FAS 166 is effective for annual reporting periods that begin after November 15, 2009, for interim periods within that first annual reporting period and for interim and annual reporting periods thereafter. Early application is prohibited. This statement must be applied to transfers occurring on or after the effective date. We expect to adopt this standard during our fiscal 2011 first quarter. The adoption of this statement is not expected to have a material impact on our financial position or results of operations.

In June 2009, the FASB issued FAS 167, "Amendments to FASB Interpretation No. 46(R)", the objective of which is to improve financial reporting by enterprises involved with variable interest entities. FAS 167 is effective for annual reporting periods that begin after November 15, 2009, for interim periods within that first annual reporting period, and for interim and annual reporting periods thereafter. Early application is not permitted. We expect to adopt this statement during our fiscal 2011 first quarter. The adoption of this statement is not expected to have a material impact on our financial position or results of operations.

In June 2009, the FASB issued FAS 162, "The Hierarchy of Generally Accepted Accounting Principles", which is commonly referred to as the "Accounting Standards Codification" or "ASC", and subsequently codified as ASC 105. The ASC has become the sole source of authoritative U.S. generally accepted accounting principles (GAAP) recognized by the FASB to be applied by nongovernmental entities. It supersedes all existing non-SEC accounting and reporting standards. All other non-grandfathered non-SEC accounting literature not included in the Codification has become non-authoritative. This update is effective for financial statements issued for interim and annual periods ending after September 15, 2009. Accordingly, we adopted this update during our fiscal 2010 third quarter.

During our fiscal 2010 second quarter, we decided to transition production from our Bradington-Young Woodleaf, North Carolina frame manufacturing plant (a leased facility) to Bradington-Young's Cherryville, North Carolina facility by the end of December 2009. On July 17, 2009, we met with the Woodleaf employees and announced our plans to sell the frame production operation, including the associated machinery and equipment, as an on-going business. However, at November 1, 2009 we had not found and do not anticipate finding a buyer for this operation. Consequently, during the 2010 fiscal third quarter, we recorded \$132,000 for severance, the majority of which we expect to pay during our fiscal 2010 fourth quarter and \$48,000 in accelerated depreciation for the write-down of fixed assets utilized at this location. We anticipate recording an additional \$32,000 in accelerated depreciation during our fiscal 2010 fourth quarter.
