Notification of Transactions of Directors and Persons Discharging Managerial Responsibility

Grant of Conditional Share Awards under GlaxoSmithKline Share Plans

Conditional Share Awards

On 12 February 2014 the Company granted conditional share awards to Executive Directors and Persons Discharging Managerial Responsibility (PDMRs) under the GlaxoSmithKline 2009 Performance Share Plan and the GlaxoSmithKline 2009 Deferred Annual Bonus Plan.

2009 Performance Share Plan

The 2009 Performance Share Plan (PSP) was approved by shareholders on 20 May 2009, and allows a performance-related opportunity in the form of conditional awards to be made to senior executives in the Group, including the Executive Directors.

Under the terms of the PSP, conditional awards are granted over a specific number of Ordinary Shares or American Depositary Shares (ADS), and the percentage of awards that ultimately vests is dependent on the level of achievement against performance targets set by the Remuneration Committee.

The PSP awards made on 12 February 2014 are based on three equally weighted performance measures:

Key strategic priorities	Performance Measure	Proportion of each award
Deliver value to shareholders	Total Shareholder Return (TSR)	1/3rd
Simplify the operating model	Adjusted free cash flow	1/3rd
Deliver more products of value	Research & Development (R&D) new product performance	1/3rd

The performance period for the awards is three financial years from 1 January 2014 to 31 December 2016.

TSR measure

One third of each conditional award is based on relative TSR. This measure compares the TSR of the Company's Ordinary Shares over the performance period with the TSR of the shares of nine (9) other global pharmaceutical companies (i.e. a comparator group of 10 companies including the Company). The vesting schedule is based on delivering 30% vesting for achieving median performance. However, in a group of 10 companies, the median (position 5.5) falls between two companies. Therefore, 0% will vest if the Company's TSR is ranked 6th and 44% will vest if its TSR is ranked 5th, i.e. above median, in the comparator group. The maximum amount will vest for this element, if the Company's TSR is ranked in positions 1, 2 or 3.

The companies in the TSR comparator group are AstraZeneca, Bristol-Myers Squibb, Eli Lilly, Johnson & Johnson, Merck, Novartis, Pfizer, Roche Holdings, Sanofi and GlaxoSmithKline.

Adjusted free cash flow measure

One third of each conditional award is based on adjusted free cash flow. This element of the award will vest as follows:

	Adjusted free cash flow performance	% vesting
Below threshold	< £ 13.68bn	0%
Threshold	£ 13.68bn	25%
	£ 14.10bn	50%
	£ 15.51bn	75%
Maximum	£ 16.22bn	100%

R&D new product measure

One third of each conditional award is based on R&D new product performance. Due to commercial sensitivity, the Remuneration Committee has decided that the R&D new product target cannot be published at the time of grant. The target and vesting outcome will be disclosed in full at the end of the performance period.

25% of this element will vest if the performance threshold level is attained, rising to 100% for stretching performance exceeding 122% of the set threshold. Below the set threshold, none of this element will vest.

To the extent that each element of a conditional award does not vest at the end of the three-year performance period, it will lapse.

The Executive Directors or PDMRs in the tables below were each granted a conditional award under the terms of the PSP. Awards granted are of Ordinary Shares or ADS. The table below shows the number of Ordinary Shares or ADS which can potentially vest in respect of this incentive opportunity.

Dividends will accrue on the conditional award of Ordinary Shares or ADS during the performance period, but only vest to the extent that the awards themselves vest at the end of the performance period. These dividends are not included in the figures below.

Subject to the below qualification regarding the award to Sir Andrew Witty, the vesting date for these conditional awards will be the date, following the end of the three year performance period, on which the Remuneration Committee determines the extent to which the performance conditions have been achieved or such other later date as determined by the Remuneration Committee.

In the case of the award to Sir Andrew Witty, the vesting date for 75% of the overall award will be as set out above. The remaining 25% of the award will be subject to an additional vesting period of two years following the end of the performance period, during which the relevant Ordinary Shares would only be forfeited in the event that Sir Andrew Witty was terminated for cause.

All of the above conditional awards were made on 12 February 2014 and were determined, in accordance with the PSP rules, using an Ordinary Share price of £16.43, being the closing price quoted on the London Stock Exchange and an ADS price of US\$54.17, the closing price quoted on the New York Stock Exchange on 11 February 2014.

2009 Deferred Annual Bonus Plan

The 2009 Deferred Annual Bonus Plan (DABP) was approved by shareholders on 20 May 2009, and allows a performance related opportunity in the form of conditional awards to be made to eligible employees.

All Executive Directors and Corporate Executive Team (CET) members are required to defer 25% of any bonus earned into shares and may choose to invest up to an additional 25% (i.e. up to a maximum of 50%) (Deferred Bonus Award).

The Company will match Ordinary Shares or ADS up to one-for-one depending on the achievement of performance targets (Matching Award). The performance measures, vesting schedules and performance period for the Matching

Award will be the same as for the PSP awards described above.

The awards of Deferred and Matching shares have been granted as nil-cost options over Ordinary Shares for UK, Belgium and Singapore based pre-tax participants and conditional awards over ADS for US pre-tax participants. The percentage of Matching shares that ultimately vests will be dependent on the achievement of the performance targets.

Dividends accrue on the Deferred shares during the performance period. Dividends also accrue on the conditionally awarded Matching shares during the performance period, but will only vest to the extent that the Matching shares themselves vest at the end of the relevant performance period. These dividends are not included in the figures below.

The following individuals have invested a proportion of their bonus in the DABP in respect of the 2013 bonus that they have earned on a gross or pre-tax basis. The following awards are gross of tax. The post-tax DABP awards will be the subject of a separate announcement following the date of the bonus payment:

The vesting date for these conditional awards will be the later of the date, following the end of the three year performance period, on which the Remuneration Committee determines the extent to which the performance measures have been achieved, the third anniversary of the Award Date or such other later date as determined by the Remuneration Committee.

All of the above conditional awards were made on 12 February 2014.
