ZIONS BANCORPORATION REPORTS 2003 THIRD

QUARTER EARNINGS OF \$0.68 PER DILUTED SHARE

Results Include Impact of Several Key Strategic Actions

SALT LAKE CITY, October 16, 2003 Zions Bancorporation (Zions or the Company) (Nasdaq: ZION) today reported third-quarter net income of \$62.1 million, or \$0.68 per diluted share. This net income and earnings per share performance represented an increase of 57.4% and 58.1%, respectively, over the \$39.4 million, or \$0.43 per diluted share earned for the third quarter of 2002. Income from continuing operations was \$64.2 million for the third quarter of 2003, a decrease of 1.8% from the \$65.4 million reported for the third quarter of 2002. Income from continuing operations was \$0.71 per diluted share for the third quarter of 2003, unchanged from the third quarter of 2002.

Year-to-date net income for 2003 was \$242.2 million, or \$2.67 per diluted share compared to year-to-date net income of \$168.8 million, or \$1.83 per diluted share for 2002. Year-to-date income from continuing operations for 2003 was \$244.0 million, or \$2.69 per diluted share, an increase of 4.7% and 6.7%, respectively, over income from continuing operations of \$233.0 million, or \$2.52 per diluted share for year-to-date 2002.

Results for the third quarter of 2003 included the impact of several key strategic actions related to Zions' previously announced restructuring of Vectra Bank Colorado, the rationalization of branches in Zions Bank, restructuring of debt, and the final disposition of certain strategic investments. The impact of these items is summarized in the following table:

The \$75.6 million of impairment losses on goodwill are intangible losses that arise from write-downs of goodwill and do not impact tangible capital.

Loan and Deposit Growth

Loan growth for the quarter was modest, reflecting the improving but still soft economy and the Company's caution regarding aggressive loan growth in the current economic environment. On-balance-sheet net loans and leases at September 30, 2003 were \$19.4 billion. On-balance-sheet and sold loans being serviced were \$22.3 billion at September 30, 2003 and increased 4.7% from September 30, 2002 and 9.6% annualized from June 30, 2003.

Deposits at September 30, 2003 were \$20.9 billion, an increase of 7.2% over the balances reported one year ago. Deposits at September 30, 2003 increased at an annualized rate of 4.8% from the balances reported at the end of the second quarter of 2003.

Net Interest Income

For the quarter, taxable-equivalent net interest income of \$282.8 million increased 6.0% compared to \$266.7 million for the third quarter of 2002. For the third quarter of 2003, the net interest margin

was 4.39%, compared to 4.50% for the second quarter of 2003, and 4.53% for the third quarter of 2002.

Noninterest Income

For the third quarter of 2003, noninterest income was \$190.2 million compared to \$74.8 million for the third quarter of 2002. Excluding equity securities gains (losses) from both quarters, noninterest income for the third quarter of 2003 increased 11.3% from the third quarter of 2002.

Loan sales and servicing income included a gain on sale of \$2.4 million in the third quarter of 2003 resulting from the securitization of \$587 million of small business loans.

The third quarter of 2003 also included net equity securities gains of \$77.4 million compared to net equity securities losses of \$26.5 million for the third quarter of 2002. Equity securities gains during the third quarter of 2003 included the following:

	Pre-Tax Amount	
	(\$ millions)	Diluted EPS Impact
	_____	_____
Gain on sale of ICAP, plc stock	\$ 68.5	\$ 0.47
Gain on sale of other investments	16.7	0.11
Write-downs made by venture capital funds	(7.8)	(0.04)*
	_____	_____
Total	\$ 77.4	\$ 0.54

*Net of income taxes and minority interest, the results of the venture capital funds reduced net income by \$3.5 million in the third quarter of 2003.

The gain on the sale of ICAP, plc was previously reported in an 8-K filed with the Securities and Exchange Commission on July 1, 2003.

Noninterest Expense

For the third quarter of 2003, noninterest expense was \$245.5 million compared to \$219.2 million for the third quarter of 2002. The third quarter of 2003 includes debt extinguishment cost of \$24.2 million. Excluding this item, noninterest expense increased 1.0% from the third quarter of 2002.

Vectra Bank Colorado Restructuring

Edgar Filing: ZIONS BANCORPORATION /UT/ - Form 8-K

As previously noted, earlier this year the Company and Vectra management initiated a strategic review of Vectra Bank.

As a part of the restructuring of Vectra Bank Colorado, the Company offered 11 branches for sale during the quarter. The assets and liabilities to be sold were measured at their fair value less

estimated costs to sell based on bids, letters of intent received and negotiations to date. As a result, the Company recognized an impairment loss on goodwill of \$7.1 million on the branches held for sale. The loans and deposits associated with these branches at quarter end were \$153.9 million and \$133.0 million, respectively.

As a result of this restructuring and as previously communicated, Zions also performed a SFAS 142 impairment test on the retained operations of Vectra in the third quarter of 2003. As a result of this analysis, in which Zions was assisted by valuation consultants from KPMG LLP, Zions recognized an additional goodwill impairment charge of \$68.5 million. The SFAS 142 Step 1 fair value calculation resulted in a determination of modest impairment compared to current book value adjusted to exclude assets and liabilities associated with the branches being sold. The total \$68.5 million goodwill impairment included the adjustments resulting from the Step 2 measurement of the fair value of assets and liabilities.

The total goodwill impairment of \$75.6 million in the quarter is the sum of the \$7.1 million and \$68.5 million described above.

Sale of Lexign, Inc.

During the third quarter of 2003, Zions completed the sale of its subsidiary, Lexign, Inc., incurring a pretax loss on sale of \$2.4 million. However, the sale also triggered a tax capital loss that was recognizable only due to capital gains from the sale of equity investments during the quarter. This capital loss resulted in an income tax benefit of \$11.9 million, included in other tax effects in the table on page 2.

Asset Quality

The ratio of nonperforming assets to total loans and other real estate was 0.56% at September 30, 2003 compared to 0.61% at June 30, 2003 and 0.72% at September 30, 2002. For the third quarter of 2003, net loan and lease losses were \$18.4 million or 0.38% annualized of average loans, compared to \$17.2 million or 0.36% annualized for the second quarter of 2003 and \$21.3 million or 0.46% annualized for the third quarter of 2002. At \$281.3 million on September 30, 2003, the allowance for loan losses was 1.45% of total loans and 342% of nonperforming loans.

Provision for Loan Losses

For the third quarter of 2003, the provision for loan losses was \$18.3 million compared to \$18.2 million provided during the second quarter of 2003 and \$22.3 million provided during the third quarter of 2002. The provision reflects management's evaluation of its various portfolios, statistical

trends and other economic factors, and its desire to maintain a strong coverage of nonperforming assets in a continued uncertain economic environment in the markets in which it operates.

Capital Management

During the third quarter of 2003, Zions repurchased 352,983 shares of common stock at an average price of \$54.60 per share. Year-to-date 2003, Zions has repurchased 1,577,631 shares at an average price of \$48.00 per share. As of September 30, 2003, the Company had \$1.9 million remaining in its currently authorized share repurchase program. Weighted average common and common equivalent shares outstanding for the third quarter of 2003 were 90,810,743, compared to 90,586,065 for the second quarter of 2003 and 92,017,388 for the third quarter of 2002.

The Company's tangible common equity ratio increased to 6.55% at September 30, 2003, from 6.20% at June 30, 2003 and 6.09% at September 30, 2002.

Zions conducted a modified Dutch auction tender offer during the quarter in which tenders for \$197.4 million of notes were received. All tendered securities qualified as Tier 2 capital.

During the quarter Zions issued \$500 million of 6.00% subordinated notes due 2015. All of this debt issue qualifies as Tier 2 capital. The Company subsequently swapped this fixed rate debt for a Libor-based floating rate.

These debt issuances and redemptions had the net effect of increasing Tier 2 capital by approximately \$300 million.
