PROXY STATEMENT

Solicitation of Proxies by the Board of Directors

Our board of directors is soliciting proxies from holders of our common shares for use at the annual meeting of our shareholders to be held on May 13, 2004, at 2:00 p.m., Pacific Time. The meeting will be held at the executive offices of The First American Corporation, located at 1 First American Way, Santa Ana, California. We have included a map and directions to our executive offices on the inside back cover of the proxy statement for your convenience.

The approximate date on which this proxy statement and the enclosed proxy card, notice of annual meeting, chairman's letter and 2003 annual report will be first mailed to our shareholders is April 7, 2004.

The Securities and Exchange Commission requires portions of certain documents to be written in plain English. The plain English rules set forth guidelines for preparing written documents without using confusing legal and technical language. Although the SEC rules do not require proxy statements to be written in plain English, we have decided to write parts of our proxy statement that way. We want you to have access to information about us in a direct and understandable way. We feel there is no need to sort through complex legal language that adds little to an understanding of who we are and where we are headed.

In furtherance of this goal, the remainder of this proxy statement has been divided into three sections. You should read all three sections.

- I. Questions and answers: This section provides answers to a number of frequently asked questions.
- II. Proposals to be voted on: This section provides information relating to the proposals to be voted on at the shareholders' meeting.
- III. Required information: This section contains information that is required by law to be included in this proxy statement and which has not been included in Sections I or II.

I. QUESTIONS AND ANSWERS

Why have I been sent these proxy materials?

Our board of directors has sent you this proxy statement and the accompanying proxy card to ask for your vote, as a shareholder of First American, on certain matters that will be voted on at the annual meeting.

What matters will be voted on at the meeting?

- the election of 13 individuals to serve as directors of our company for the next year; and
- any other business properly raised at the meeting.

At the time this proxy statement was printed, our board of directors did not know of any other matters to be voted on at the annual meeting.

Who may attend the annual meeting?

All shareholders of First American.

Who is entitled to vote?

Shareholders of record as of the close of business on March 24, 2004, the record date, or those with a valid proxy from a bank, brokerage firm or similar organization that held our shares on the record date.

Who is a shareholder of record?

A shareholder of record is a person or entity whose name appears as an owner of one or more shares of our common stock on the records of our transfer agent as of its close of business on the record date.

How many shares are entitled to vote at the meeting?

Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

As of the record date 79,275,249 of our common shares, par value \$1.00 per share, were issued, outstanding and entitled to vote at the meeting.

How many votes do I have?

Each common share is entitled to one vote. However, if cumulative voting applies for the election of directors, you will be entitled to cast more than one vote for each nominee.

How many votes are needed to elect each director?

Those candidates receiving the highest number of affirmative votes, up to the number of directors to be elected, will be elected directors.

What does it mean to cumulate a vote?

In elections for directors, California law provides that a shareholder, or his or her proxy, may cumulate votes. That is, each shareholder has a number of votes equal to the number of shares owned, multiplied by 13 (the

number of directors to be elected), and the shareholder may cumulate such votes for a single candidate, or distribute such votes among as many candidates as he or she deems appropriate. However, a shareholder may cumulate votes only for a candidate or candidates whose names have been properly placed in nomination prior to the voting, and only if the shareholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes for the candidates in nomination. Unless you give different instructions, your proxy gives discretionary authority to the appointees to vote your shares cumulatively. Cumulative voting does not apply to any proposal other than the election of directors.

Who are the board nominees?

The 13 nominees are:

Gary J. Beban	Lewis W. Douglas, Jr.	Frank E. O Bryan	Virginia M. Ueberroth
J. David Chatham	Paul B. Fay, Jr.	Roslyn B. Payne	
Hon. William G. Davis	D. P. Kennedy	D. Van Skilling	
James L. Doti	Parker S. Kennedy	Herbert B. Tasker	

All of the nominees are currently board members. See pages 7 through 9 for biographical information regarding the nominees.

How do I vote?

You can vote on matters that properly come before the meeting in one of four ways:

You may vote by mail.

You do this by signing and dating the proxy card and mailing it in the enclosed, prepaid and addressed envelope within the required time. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

You may vote by telephone.

You do this by following the instructions accompanying the proxy card. If you vote your proxy by telephone, you do not have to mail in your proxy card. Some shareholders may not be able to vote their proxy by telephone.

You may vote on the Internet.

Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

You do this by following the instructions accompanying the proxy card. If you vote your proxy on the Internet, you do not have to mail in your proxy card. Some shareholders may not be able to vote their proxy on the Internet.

You may vote in person at the meeting.

You can vote in person at the meeting. However, if you hold your shares in street name (in the name of a bank, broker or some other nominee), you must request and receive a legal proxy from the record owner prior to the meeting in order to vote at the meeting.

What happens if I sign and return my proxy card, but don't mark my votes?

D. P. Kennedy, Parker S. Kennedy or Kenneth D. DeGiorgio, our chairman emeritus, chairman of the board and general counsel, respectively, will vote your shares in their discretion as proxies.

Can I revoke my proxy?

You have the power to revoke your proxy at any time before the polls close at the meeting. You may do this by:

- signing and returning another proxy with a later date;
- submitting written notice of your revocation to our secretary at our mailing address on the cover page of this proxy statement;
- voting your proxy by telephone or on the Internet (only your latest proxy is counted); or
- voting in person at the meeting.

What happens if my shares are held under the name of a brokerage firm?

If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares. Brokerage firms have authority under New York Stock Exchange rules to vote customers' unvoted shares on certain routine matters, including the election of directors. If you do not vote your proxy, your brokerage firm may either:

- vote your shares on routine matters; or
- leave your shares unvoted.

We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures that your shares will be voted at the meeting. You may have granted to your stockbroker discretionary voting authority over your account. Your stockbroker may be able to vote your shares depending on the terms of the agreement you have with your stockbroker.

Who will count the votes?

An employee of First American will serve as the inspector of elections and count the votes.

What does it mean if I get more than one proxy card?

It means that you have multiple accounts at the transfer agent and/or with stockbrokers. Please sign and return all proxy cards to ensure that all your shares are voted.

What constitutes a quorum?

A quorum refers to the number of shares that must be represented at a meeting in order to lawfully conduct business. A majority of the outstanding common shares entitled to vote at the annual meeting, present in person or represented by proxy, will constitute a quorum at the meeting. Abstentions and broker nonvotes will be

counted for the purpose of determining the presence or absence of a quorum for the transaction of business, but will not otherwise affect proposals voted upon. Without a quorum, no business may be transacted at the annual meeting. However, whether or not a quorum exists, a majority of the voting power of those present at the annual meeting may adjourn the annual meeting to another date, time and place.

What is a broker nonvote and how is it treated?

A broker nonvote occurs with respect to a proposal to be voted on if a broker or other nominee does not have the discretionary authority to vote shares and has not received voting instructions from the beneficial owners with respect to such proposal. Broker nonvotes are treated as present for purposes of establishing the presence or absence of a quorum, but will not otherwise affect the outcome of the votes on proposals acted upon at the meeting.

What percentage of stock do the directors and executive officers own?

Together, they owned approximately 6.1% of our common shares as of the record date. See pages 10 through 12 for more details.

When are shareholder proposals for our next annual meeting due in order to be included in the proxy statement?

We will consider proposals submitted by shareholders for inclusion in the proxy statement for the annual meeting to be held in 2005 if they are received no later than December 8, 2004. See page 30 for more details.

Who is paying the cost of preparing, assembling and mailing the notice of the annual meeting of shareholders, proxy statement and form of proxy, and the solicitation of the proxies?

First American. We will also pay brokers and other nominees for the reasonable expenses of forwarding solicitation materials to their customers who own our common shares.

Who may solicit proxies?

In addition to this proxy statement, our directors, officers and other regular employees may solicit proxies. None of them will receive any additional compensation for such solicitation. Morrow & Company, Inc., 445 Park Avenue, New York, New York 10022, has been engaged by the company to solicit proxies at an estimated cost of \$6,000 plus reimbursement of reasonable expenses.

How will solicitors contact me?

Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

People soliciting proxies may contact you in person, by mail, by telephone, by e-mail or by facsimile.

Does the board of directors have any recommendations with respect to the listed proposals?

The board of directors recommends that you vote **FOR** the slate of director candidates proposed in this proxy statement.

Who are the largest principal shareholders outside of management?

The following table lists as of the record date the persons or groups of shareholders who are known to us to be the beneficial owners of 5% or more of our common shares. The information regarding beneficial owners of 5% or more of our common shares was gathered by us from the filings made by such owners with the SEC and/or from informal sources. Shares that may be acquired within 60 days are treated as outstanding for purposes of determining the amount and percentage beneficially owned. This table does not include shares beneficially owned by our directors and officers and entities controlled by them. See the table headed Security Ownership of Management on pages 10 through 12 for that information.

Name of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class
Fidelity Management Trust Company	9,690,778(1)	12.2%

- (1) The shares set forth in the table are held by Fidelity Management Trust Company as trustee pursuant to The First American Corporation 401(k) Savings Plan. The governing documents require the trustee to vote the shares as directed by the employees for whose benefit the shares are held. Shares for which no direction is received by the trustee from the employees are voted in the same proportions as are the shares for which directions are received. The investment options available to participants in the plan include a Company Stock Fund, which invests in our Common shares. In addition, effective December 1, 2001, our Employee Profit Sharing and Stock Ownership Plan, which included individual accounts to which shares of our company acquired by the former trustees of that plan had been allocated (the ESOP), was merged into our 401(k) Savings Plan and the shares of our company held in the former plan became held by Fidelity as trustee of the merged plans. Thus, the 401(k) Savings Plan now includes ESOP accounts as well as accounts in the above-mentioned Company Stock Fund. The combined shareholdings in these two funds is what is shown in the table. The employees have the power to direct the trustee to dispose of the shares held for their benefit in the Company Stock Fund. However, the employees do not currently have the power to direct the trustee to dispose of shares held for their benefit in the ESOP accounts. The trustee's address is 82 Devonshire Street, Boston, Massachusetts 02109.

II. PROPOSAL

Election Of Directors

Our bylaws require that directors be elected annually and that the number of directors be not less than 9 nor more than 17. By resolution, the board has fixed the number of directors at 13. The 13 persons named below are nominated for election as directors to serve until the next annual meeting or as soon thereafter as their successors are duly elected and qualified.

Votes by the company's proxy holders will be cast in such a way as to effect the election of all nominees listed below or as many as possible under the rules of cumulative voting. **Unless otherwise specified by you in your proxy card, the proxies solicited by our board will be voted**

FOR the election of these nominees. If any nominee should become unable or unwilling to serve as a director, the proxies will be voted for such substitute nominee(s) as shall be designated by the board. The board presently has no knowledge that any of the nominees will be unable or unwilling to serve.

The following list provides information with respect to each person nominated and recommended to be elected by the current board. See the section entitled "Security Ownership of Management," which begins on page 10, for information pertaining to stock ownership of the nominees. Except for D. P. Kennedy, who is Parker S. Kennedy's father, there are no family relationships among any of the nominees for director or any of the executive officers of the company. Pursuant to a contract, our company is required to recommend one nominee of Experian Information Solutions, Inc., to our nominating committee as a candidate for election to our board, as long as Experian owns at least 10% of the membership interests in our second tier subsidiary, First American Real Estate Solutions LLC, which owns our information technology businesses. Currently, our company owns 80% of the membership interests in this subsidiary and Experian owns the remaining 20%. Director D. Van Skilling, information about whom is presented in the following table, has been serving as Experian's nominee. There are no other arrangements or understandings between any nominee and any other person pursuant to which any nominee was or is to be selected as a director. All of the nominees currently are directors of the company.

Kennedy is the sole general partner and D. P. Kennedy, Parker S. Kennedy's father, is one of the limited partners. The limited partnership agreement pursuant to which the partnership was formed provides that the general partner has all powers of a general partner as provided in the California Uniform Limited Partnership Act, provided that the general partner is not permitted to cause the partnership to sell, exchange or hypothecate any of its shares of stock of First American without the prior written consent of all of the limited partners. Of the shares held by the partnership, 460,591 are allocated to the capital accounts of Parker S. Kennedy and 2,048,283 are allocated to the capital account of D. P. Kennedy. The balance of the shares held by the partnership is allocated to the capital accounts of the other limited partners, who are family members of the Kennedys. Except to the

In accordance with California law, those shares are not voted.

- (5) Includes 1,100 shares held by a nonprofit corporation for which Mr. Skilling serves as a director and officer. In his capacity as an officer, Mr. Skilling has the power, acting alone, to direct the voting and disposition of the shares.
- (6) The shares set forth in the table include 5,000 shares held by a nonprofit corporation whose six-member board of directors is composed of Mrs. Ueberroth and her husband and children. In her capacity as an officer of that corporation, Mrs. Ueberroth has the power, as do certain other officers, to direct the voting and disposition of the shares.

Board and Committee Meetings

Our board of directors held nine meetings during 2003. Each director attended 75% or more of the meetings of the board and the board committees on which the director served, if any. From time to time, our board may act by unanimous written consent as permitted by the laws of the State of California.

Our board of directors has an audit committee. The members of the audit committee are Messrs. Chatham (chairman), Doti, Fay, O Bryan, Skilling and Tasker. The functions performed by this committee include selecting our independent auditor, directing and supervising investigations into matters within the scope of its duties, reviewing with the independent auditor the plan and results of its audit, reviewing internal auditing procedures and results, and determining the nature of other services to be performed by, and fees to be paid to, the independent auditor. During 2003, our audit committee met 12 times. This committee's charter is attached to this proxy statement as Appendix A and also is posted in the corporate governance section of our Web site at www.firstam.com/investor.

Our board of directors has a compensation committee. The members of the compensation committee are Messrs. Beban, Chatham, Davis, Doti, Douglas (chairman) and Fay. This committee establishes compensation rates and procedures with respect to our senior management and the senior management of our subsidiaries, including bonus awards. During 2003, our compensation committee met five times. This committee's charter is posted in the corporate governance section of our Web site at www.firstam.com/investor.

Our board of directors also has a nomination and corporate governance committee. The members of this committee are Messrs. Chatham, Davis (chairman), Douglas and Fay, and Mrs. Ueberroth. This committee is

responsible for identifying individuals qualified to become directors of our company; recommending that the board select the nominees identified by the committee for all directorships to be filled by the board or by the shareholders; and developing, recommending to the board and periodically reviewing the corporate governance principles applicable to our company. This committee was established by our board on December 12, 2002, and held three meetings during 2003. This committee's charter is posted in the corporate governance section of our Web site at www.firstam.com/investor. The committee is confident that it has adequate perspectives and resources, including the ability to retain any search firm, on the basis of which to assess the need for additional or new directors and for identifying and evaluating potential candidates for nomination to stand for election as directors. Indeed, this is among the primary purposes for which this committee was formed. Accordingly, the committee will not consider nominees recommended by security holders unless our company is legally required to do so, such as by contract with such security holders.

Independence of Directors

Our board has affirmatively determined that each member of the three committees described above is independent as that term is defined in the corporate governance rules of the New York Stock Exchange for listed companies and has no relationship with our company falling outside of the independence standards established by our board, which are stated in the excerpt from our corporate governance guidelines attached to this proxy statement as Appendix B. Each member of our board, except D. P. Kennedy and Parker S. Kennedy (who are not independent), meets the independence standards set forth in that appendix.

Lead Director

Our board has elected William G. Davis as its lead nonmanagement director. As the lead director, Mr. Davis is responsible for chairing the executive sessions of the nonmanagement directors, which are those directors who are not officers of our company.

Director Attendance at Annual Meetings

Our directors are expected to attend the annual meetings of our shareholders. Twelve of our thirteen directors attended last year's annual meeting.

Shareholder Communications with Directors

Shareholders and other interested parties may communicate directly with any or all of the nonmanagement directors of our company by writing to such director(s) at the business addresses provided under each director's name in the corporate governance section of our Web site at www.firstam.com/investor. Directors receiving such communications will respond as such directors deem appropriate in their business judgment, including the possibility of referring the matter to management of our company, to the full board or to an appropriate committee of the board.

The audit committee of our board of directors has established procedures to receive, retain and treat complaints regarding accounting, internal accounting controls or auditing matters, and for the submission by our employees of concerns regarding questionable accounting or auditing matters. Our 24-hour, toll-free hotline is

available for the submission of such concerns or complaints at 1-800-589-3259. Employees wishing to remain anonymous or to otherwise express their concerns or complaints confidentially are permitted to do so.

Executive Officers

Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

In the interest of retaining our named executive officers, we and our subsidiaries may have paid or provided certain incidental perquisites and other personal benefits to the named executive officers. However, the expenses incurred by us and our subsidiaries in providing such perquisites and benefits to the named executive officers did not, for any fiscal year covered, exceed the lesser of \$50,000 or 10% of the total of annual salary and bonus reported for such year for any of the named executive officers. In accordance with the rules of the SEC, the amounts of such perquisites and benefits are not included in the summary compensation table.

- (4) Consists of the matching contributions made to the named executive officer's account in our 401(k) Savings Plan during, or with respect to, the covered fiscal year, plus the dollar value of insurance premiums paid by, or on behalf of, us during the covered fiscal year with respect to term life insurance for the benefit of such officer.
- (5) The compensation shown in the Salary column of the table for the complete fiscal year 2003 was entirely received by Mr. Kennedy during the six-month period preceding Mr. Kennedy's retirement on June 30. The compensation shown in this column includes fees totaling \$1,000 and \$1,400, which were earned by D. P. Kennedy for services he rendered as a director of our subsidiaries during 2003 and 2001, respectively. Mr. Kennedy did not earn such fees during 2002.
- (6) The amounts shown in the last column of the summary compensation table include, for each fiscal year covered, the distributions made to D. P. Kennedy from our pension plan, which were required to be made under provisions of the federal tax laws. For further information, please refer to the section entitled Pension Plan below. The compensation shown also includes cash and the value of stock, aggregating \$9,948 and \$78,456, distributed to Mr. Kennedy during 2002 and 2001, respectively, from his account in our profit sharing plan attributable to contributions made by us and our participating subsidiaries in years prior to those covered in the table and earnings on those contributions. These distributions were required to be made under provisions of the federal tax laws. Mr. Kennedy's account was fully distributed by the end of 2002. Mr. Kennedy retired from his positions with the Corporation effective June 30, 2003, except that he continues to serve as a director of the Corporation and its principal subsidiary, First American Title Insurance Company, and continues in the position of vice chairman of the board of that subsidiary. Mr. Kennedy's compensation for 2003 shown in the last column of the Summary Compensation Table includes \$106,708 and \$54,468 paid pursuant to the Corporation's Pension Plan and its Executive Supplemental Benefit Plan, respectively. See Pension Plan and Supplemental Benefit Plan below. Since his retirement on June 30, 2003, Mr. Kennedy has been rendering services to the Corporation and its subsidiaries in the capacity of a consultant, and the last column of the table also includes \$187,500 earned by him for such services during 2003. The Corporation provides an office and a secretary to Mr. Kennedy in connection with his performance of such consulting services. The consulting agreement terminates on July 1, 2005.
- (7) The compensation shown in the Salary column of the table includes fees totaling \$300, which were earned by Parker S. Kennedy for services he rendered as a director of our subsidiaries for 2003. Mr. Kennedy did not earn such fees during 2002 and 2001.
- (8) The compensation shown in the Salary column of the table includes fees totaling \$ 9,350, \$9,550 and \$9,300 for 2003, 2002, and 2001, respectively, which were earned by Mr. Klemens for services he rendered as a director of our subsidiaries during those years.

- (10) Barry M. Sando was not deemed an officer of our company prior to 2003. Mr. Sando is the only named executive officer who participated in our company's deferred compensation plan, discussed below under the heading Deferred Compensation Plan, during the years covered in the table. However, no contributions or payments were made to that plan by our company for the benefit of Mr. Sando in excess of the market interest rate determined in accordance with the rules and regulations of the SEC.

Stock Option Grants and Exercises

The following tables provide information with respect to stock options granted to, and exercised and held by, each of the executive officers named in the summary compensation table for fiscal year 2003. All share amounts, values and exercise prices have been adjusted to reflect the three-for-two stock split that occurred on January 15, 1998, and the three-for-one stock split that occurred on July 17, 1998.

- (1) The option grants disclosed in the table were made on February 27, 2003; however, these grants were intended by the compensation committee to be part of each named officer's compensation package with respect to the year 2002 and therefore were reported in last year's proxy statement with respect to D. P. Kennedy, Parker S. Kennedy and Messrs. Klemens, DeRoy and Kermott. These same option grants are again being reported because the SEC's disclosure rules require that all such grants made during the year 2003 be included in this table regardless of whether or not those grants are deemed by the committee to be compensation for services rendered during that year. Each of the options disclosed in the table is exercisable in 20% equal annual increments commencing February 27, 2004, the first anniversary date of the grant.
- (2) Section 4.2 of the plan pursuant to which the options disclosed in the table were awarded allows the compensation committee discretion to exchange outstanding options for new, lower-priced options, provided that the lower exercise price is not less than the fair market value, as defined in the plan, of the shares at the time such new options are granted.

- (1) Final average pay is defined as the highest consecutive five-year average pay, as defined in the plan, during the 10-year period ending on December 31, 2001.

The above table sets forth estimated annual benefits upon retirement (assuming such benefits will be paid in the form of a life annuity) at various compensation levels and years of service under our pension plans. Subject to certain conditions of age and tenure, all regular employees of the

Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

company and participating subsidiaries were eligible to join our qualified pension plan until December 31, 2001. No employees are eligible to join the pension plan after that date.

In order to participate, during plan years ending on or prior to December 31, 1994, an employee was required to contribute 1½% of pay (*i.e.*, salary, plus cash bonuses, commissions and other pay) to the plan. As a

result of amendments to the pension plan that were adopted in 1994, during plan years commencing after December 31, 1994, an employee was not required to contribute to the plan in order to participate. As a result of further amendments, which were adopted in 2000, the pension plan has not accepted new participants since December 31, 2001.

A participant generally vests in his accrued benefit attributable to the company's contributions upon the completion of three years of service or, if earlier, the attainment of normal retirement age while an employee. Normal retirement age is defined under the plan as the later of the employee's attainment of age 65 or his third anniversary of participation in the plan.

Upon retirement at normal retirement age, an employee receives full monthly benefits which are equal, when calculated as a life annuity:

- for years of credited service with the company and its subsidiaries as of December 31, 1994, to 1% of the first \$1,000 and 1¼% of remaining final average pay (i.e., the average of the monthly pay, as defined above, during the five highest paid consecutive calendar years out of the last 10 years prior to retirement) times the number of years of credited service as of December 31, 1994; and
- for years of credited service with the company and its subsidiaries after December 31, 1994, to ¾% of the first \$1,000 and 1% of the remaining final average pay times the number of years of credited service subsequent to December 31, 1994.
- Effective December 31, 2000, our pension plan was amended to exclude from the calculation of benefits (i) any pay earned after December 31, 2001, and (ii) any service earned after December 31, 2005.
- Effective December 31, 2002, our pension plan was amended to reduce the rate at which future benefits accrue for participants who had not yet attained age 50 by spreading the accrual of the benefit that would have accrued during 2003–2005 over extended periods ranging from 5 to 20 years, depending on the participant's age as of December 31, 2002.

An employee with at least three years of participation in the plan may elect to retire after attaining age 55, but prior to age 65, and receive reduced benefits.

We fund the plan based on actuarial determinations of the amount required to provide the stated benefits. The table is based on retirement at age 65 or later, with contributions having been made by the employee in each year of credited service prior to 1995. The benefits are not subject to deduction for Social Security payments or any other offsets. Currently, D. P. Kennedy, Parker S. Kennedy, Thomas A. Klemens, Craig I. DeRoy, Gary L. Kermott and Barry M. Sando have 55, 27, 18, 10, 21 and 12 years, respectively, of credited service.

The compensation levels shown in the table are less than those set forth in the summary compensation table because the federal tax law limits the maximum amount of pay that may be considered in determining benefits under the tax-qualified pension plan, and our pension restoration plan, which is described below, does not make up for these limits for pay exceeding \$275,000. The limit on pay that could be recognized by tax-qualified retirement plans was \$200,000 in 1989. This amount was adjusted for inflation for each year through 1993, when the limit was \$235,840. In 1993, this limit was decreased to \$150,000 for plan years beginning in 1994. The \$150,000 limit has been adjusted for inflation and was increased to \$160,000 as of January 1, 1997, and to

\$170,000 as of January 1, 2000. The highest final average pay that could be considered in determining benefits accruing under the pension plan before 1994 is \$219,224, and since our pension plan does not consider pay earned after December 31, 2001, the highest final average pay that can be considered in determining benefits accruing after 1993 is \$164,000.

During 1996, we adopted our pension restoration plan. This plan is an unfunded, nonqualified plan designed to make up for the benefit accruals that are restricted by the indexed \$150,000 pay limit. However, in order to limit its expense, the pension restoration plan does not make up for benefit accruals on compensation exceeding \$275,000. The pension restoration plan also makes up for benefits that cannot be paid from our pension plan because of limitations imposed by the federal tax laws. Vesting of benefits payable to an employee under our pension restoration plan occurs at the same time that vesting occurs for that employee in his or her pension plan benefits. The pension restoration plan is effective as of January 1, 1994, but only covers selected pension plan participants who were employees on that date. As noted above, January 1, 1994, is the date as of which the pay limit for the pension plan was reduced from \$235,840 to \$150,000. The pension restoration plan excludes pay earned after December 31, 2001, as does the pension plan.

Pursuant to the provisions of the federal tax laws, during 2003, 2002 and 2001, respectively, mandatory distributions totaling \$106,708, \$108,294 and \$103,548 were made to D. P. Kennedy from the pension plan. These amounts are included in the last column of the summary compensation table.

Supplemental Benefit Plan

We maintain an executive supplemental benefit plan which we believe assists us in attracting and retaining highly qualified individuals for upper management positions. The plan provides retirement benefits for, and preretirement death benefits with respect to, certain key management personnel selected by our board of directors. Under the plan, upon retirement at normal retirement date (the later of age 65 or, unless waived by our board of directors, completion of 10 years of service), a participant receives a joint life and 50% survivor annuity benefit equal to 35% of final average compensation. Final average compensation is the average annual compensation, composed of base salary, plus cash and stock bonuses, for those three calendar years out of the last 10 years of employment preceding retirement in which such compensation is the highest.

The benefit is reduced by 5% for each year prior to normal retirement date in which retirement occurs and, until age 70, increased by 5% (compounded in order to approximate the annuitized value of the benefit had retirement occurred at age 65) for each year after such date in which retirement occurs. With respect to such postponed retirement, the plan takes into account covered compensation received until age 70, so that the retirement benefit of an executive who retires after normal retirement date is determined as the greater of the annuitized benefit or the benefit calculated using final average compensation until age 70.

To be eligible to receive benefits under the plan, a participant must be at least age 55, have been one of our employees, or an employee of one of our subsidiaries, for at least 10 years and, unless waived by our board of directors, covered by the plan for at least five years. A preretirement death benefit is provided consisting of 10 annual payments, each of which equals 50% of final average compensation. Vesting of rights under the plan is accelerated in the event of a change in control (as defined in the plan) of our company.

Currently 44 employees, including Parker S. Kennedy, Thomas A. Klemens, Craig I. DeRoy, Gary L. Kermott and Barry M. Sando, have been selected to participate in the plan. The annual benefit payable under the

plan to D. P. Kennedy following his retirement is \$108,936 and the pro rated portion of such benefit paid to him during 1993 is included in the last column of the summary compensation table. The estimated annual benefits payable under the plan to Parker S. Kennedy, Thomas A. Klemens, Craig I. DeRoy, Gary L Kermott and Barry M. Sando upon retirement at normal retirement age, assuming compound annual increases of 5.0% in the relevant portions of compensation shown above in the summary compensation table, are \$687,756, \$623,566, \$691,881, \$757,746 and \$866,500, respectively.

The plan is unfunded and unsecured. We purchase insurance, of which we are the owner and beneficiary, on the lives of the plan participants. This insurance is designed to recover, over the life of the plan, our costs incurred with respect to the plan.

Deferred Compensation Plan

Our deferred compensation plan offers to a select group of management and highly compensated employees the opportunity to elect to defer portions of salary, commissions and bonuses. A committee appointed by our board is responsible for administering the plan, which became effective January 1, 1998. We maintain a deferral account for each participating employee on a fully vested basis for all deferrals. Participants can choose to have their cash benefits paid in one lump sum or in quarterly payments upon termination of employment or death. Subject to the terms and conditions of the plan, participants also may elect to schedule in-service withdrawals of deferred compensation and the earnings and losses attributable thereto. For all participants who joined the plan prior to December 31, 2001, the plan provides a pre-retirement life insurance benefit equal to the lesser of 15 times the amount deferred in the participant's first year of participation or \$2 million. The life insurance benefit is reduced beginning at age 61 by 20% per year. Participants who join the plan after December 31, 2001, are not eligible for any life insurance benefit thereunder. Our company pays a portion of the cost of such life insurance benefits. The plan is unfunded and unsecured.

Change of Control Arrangements

Our supplemental benefit plans and all of our stock option plans (unless our board directs otherwise with respect to our 1997 directors' stock option plan) call for accelerated vesting of all benefits and options in the event of a change in control of the company. In addition, as part of our efforts to retain key employees, effective November 12, 1999, we entered into agreements with each of the named executive officers and other designated employees to provide for certain benefits in the event they are terminated within three years after a change in control occurs. A change in control means any one of the following:

- a merger or consolidation in which our shareholders end up owning less than 50% of the voting securities of the surviving entity;
- the sale, transfer or other disposition of all or substantially all of our assets or the complete liquidation or dissolution of the company;
- a change in the composition of our board over a two-year period without the consent of a majority of the directors in office at the beginning of the two-year period; or
- the acquisition or accumulation by certain persons of at least 25% of our voting securities.

If termination of employment occurs without cause or if the employee terminates employment for good cause, we will pay the following benefits in one lump sum within 10 business days:

- the employee's base salary through and including the date of termination and any accrued but unpaid bonus;
- a portion of the employee's annual bonus prorated through the date of termination;
- any compensation previously deferred by the employee (other than pursuant to a tax-qualified plan) together with any interest and earnings;
- accrued and unpaid vacation pay;
- unreimbursed business expenses;
- three times the employee's annual salary in effect immediately prior to the date of termination; and
- three times the greater of the employee's highest annual incentive bonus (including cash and stock) during the preceding four fiscal years or the employee's anticipated bonus for the remainder of the year.

We will also continue to pay the health and welfare benefits for the employee and dependents that were in place immediately prior to the termination for a 24-month period following the date of termination. All cash payments will be on an after-tax basis so that the employee will receive benefits without reduction for any excise tax. The change-in-control agreements have an initial term of three years and will be automatically extended for additional one-year periods unless our board or the employee with whom the agreement is entered into gives notice not to extend. In addition, if the employee terminates employment for any reason during the 30-day period following the one-year anniversary of the change of control, the employee will receive all of the benefits described above, except that the multiple of annual salary and bonus would be reduced from three to two.

Directors Compensation

During 2003, each director who is not one of our employees, or an employee of a subsidiary, received annual compensation of \$20,000, a fee of \$1,000 for attending each meeting of the board of directors and \$1,000 for attending each committee meeting. Each director who is an employee receives a fee of \$150 for attending each meeting of the board. Directors are reimbursed for their expenses incurred in attending meetings of the board and its committees. For fiscal year 2003, nonemployee directors were not awarded options to purchase our common shares.

Codes of Ethics

Last year, our board of directors adopted a code of ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions. We have posted a copy of this code of ethics in the corporate governance section of our Internet Web site at www.firstam.com/investor. Our board also has adopted a broader code of ethics and conduct, applying to all employees, officers and directors, which also has been posted to our Web site at the address stated above.

Corporate Governance Guidelines

In addition to the previously mentioned codes of ethics and committee charters, our board has adopted Corporate Governance Guidelines which have been posted in the corporate governance section of our Web site at www.firstam.com/investor. In addition to stating the standards that our board applies in determining whether or not its members are independent of our company and its management, these guidelines state the qualifications and responsibilities of our directors and describe fundamental aspects of our board and its key committees.

Compensation Committee Interlocks and Insider Participation

During 2003, the compensation committee of our board of directors consisted of Messrs. Beban, Chatham, Davis, Doti, Douglas and Fay. No member of this committee was at any time during 2003 or at any other time an officer or employee of our company, and no member had any relationship with our company requiring disclosure under Item 404 of Regulation S-K. No executive officer of our company has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers who served as a member of the board of directors or the compensation committee of our company during 2003.

Pursuant to the SEC's regulations, the following report of the compensation committee on executive compensation, comparative cumulative total return to shareholders graph and accompanying text, and report of the audit committee shall not be deemed to be incorporated by reference into any of our filings under either the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that incorporates future Securities Act or Securities Exchange Act filings in whole or in part by reference.

Report of the Compensation Committee on Executive Compensation

Compensation Policy

The company's compensation program, which has been endorsed by the compensation committee, is designed to enhance shareholder value by providing that a large part of the executive compensation be related to the company's performance, as well as to the contribution of each individual officer. The company's policy is further designed to develop and administer programs that will:

- attract and retain key executives critical to the company's long-term success;
- provide median compensation levels that are competitive with others in the company's industry;
- motivate executives to enhance long-term shareholder value; and
- integrate compensation programs with the company's annual planning and measurement processes.

Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

The annual bonus programs include a cash bonus program, as well as stock option and stock bonus plans designed to encourage and create ownership and retention of the company's shares by its key employees.

Responsibilities of the Compensation Committee

The board of directors established the compensation committee in 1979. The committee consists of six independent directors, none of whom is a former or current officer or employee of the company or any of its subsidiaries. The committee reviews and approves the base salaries of the named executive officers of the company, as well as the annual bonus programs, incentive plans and executive benefit plans. The committee, as needed, engages compensation and benefits-consulting firms to assist in the performance of its duties. For the year 2003, the committee analyzed the reasonableness of the compensation paid to the named executive officers. In addition, the committee reviewed information on general compensation trends of related companies. For the purpose of this analysis, the committee used the group of companies whose returns to shareholders compose the peer group index shown in the performance graph below.

The committee also reviewed published compensation surveys for comparative results against First American's compensation level. It reviewed the compensation of the company's named executive officers for 2003 and believes that the compensation for all named executive officers is reasonable in view of the company's performance and industry compensation levels. Measures used for determining the appropriate level of compensation for the named executive officers include competitive position, profit, profit retention (ratio of profits to revenue) and ability to select and develop executive replacement personnel.

CEO Compensation

In December 2002, the committee increased Parker S. Kennedy's annual base salary to \$600,000 from its previous level of \$550,000. Mr. Kennedy's base salary for the year 2003 was, in the opinion of the committee, within the median salary range for chief executive officers in the group of comparable companies. In determining the appropriate salary level, the committee considered the company's market share, the company's earnings relative to its competitors and the benefit the company derives from the retention of its chief executive officer.

Reflecting the committee's commitment to relating a portion of each executive officer's compensation to the annual results of the company, Parker S. Kennedy received a cash bonus of \$2,000,000, representing 333% of his 2003 salary. This bonus was intended to reward Mr. Kennedy for his leadership for the year 2003. In February 2004, Mr. Kennedy also was awarded options to acquire 80,000 common shares for his performance during 2003.

Comparative Cumulative Total Return To Shareholders

Since December 3, 1993, our common shares have been listed and trading on the New York Stock Exchange under the trading symbol FAF. Previously, our shares were traded on the national over-the-counter market and were designated and quoted on the NASDAQ National Market System under the trading symbol FAMR. The following graph compares the yearly percentage change in the cumulative total shareholder return on our common shares, assuming reinvestment of dividends, with the corresponding changes in the cumulative total returns of the Standard & Poor's 500 Composite Stock Price Index, the Standard & Poor's Financial Index and a peer group index consisting of the following eight companies, in each case assuming reinvestment of dividends:

- Chicago Title Corp. (excluding the period following its acquisition by Fidelity National Financial, Inc., on March 20, 2000);
- Fidelity National Financial, Inc.;
- LandAmerica Financial Group, Inc.;
- Old Republic International Corp.;
- Reliance Group Holdings, Inc. (excluding the period following sale of its title insurance business in 1998 to Lawyers Title Corp., which is part of the LandAmerica Financial Group companies);
- Stewart Information Services Corp.;
- Equifax Inc.; and
- ChoicePoint Inc.

The cumulative total shareholder returns of the peer group of companies have been included in the graph to provide comparisons with other publicly held companies having subsidiaries that transact the business of title insurance and/or information services on a nationwide basis.

* Adjusted for reinvestment of dividends. Stock price performance shown is not indicative of future price performance.

** As calculated by Bloomberg Financial Services, to include the reinvestment of dividends.

Report of the Audit Committee

The audit committee of the board of directors reviews the company's accounting policies and financial reporting and disclosure practices, system of internal controls, audit process and the process for monitoring compliance with laws, regulations and corporate policies. The board adopted a revised written charter for the audit committee on May 8, 2003, a copy of which is attached to this proxy statement as Appendix A.

The audit committee has reviewed the company's audited consolidated financial statements and discussed them with management. The audit committee has discussed with PricewaterhouseCoopers LLP, the company's independent accountants, the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees), as amended.

The audit committee received from PricewaterhouseCoopers the written disclosures required by Independence Standards Board Standard No. 1 and discussed with them their independence. Based on the review and discussions noted above, the audit committee recommended to the board that the audited consolidated financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, and be filed with the U.S. Securities and Exchange Commission.

Our board of directors has determined that both Messrs. Chatham and Skilling are audit committee financial experts within the meaning of the SEC's rules and regulations and that both of them, as well as the other members of the audit committee, meet the requirement of independence established in the New York Stock Exchange Listing Standards. One member of the audit committee, Frank O. Bryan, occupies an office in the building housing the company's executive offices, which the company owns. Director O. Bryan pays rent for that office at the current market rate. Director O. Bryan makes a jet aircraft that he owns available to certain executive officers of the company for business use, for which he is reimbursed only for the expenses incurred in operating the aircraft during the time it is being used by such executives. Also, Director O. Bryan occasionally makes personal use of a jet aircraft owned by the company for which he reimburses the company at a rate commensurate with the fair market rental value of that aircraft. The other members of the audit committee and the board have concluded that these relationships and transactions are noncompensatory in nature, are not material to the company nor to Director O. Bryan and do not interfere with Director O. Bryan's exercise of independent judgment.

Section 16(a) Beneficial Ownership Reporting Compliance

Rules adopted by the SEC require our officers and directors, and persons who own more than 10% of our issued and outstanding common shares, to file reports of their ownership, and changes in ownership, of our shares with the SEC on prescribed forms. Officers, directors and greater-than-ten-percent shareholders are required by the SEC's rules to furnish us with copies of all such forms they file with the SEC.

Based solely on the review of the copies of the forms received by us, or written representations from reporting persons that they were not required to file a Form 5 to report previously unreported ownership or changes in ownership, we believe that, during our fiscal year ending December 31, 2003, our officers, our directors and the greater-than-ten-percent beneficial owners that we know of complied with all such filing requirements, except as follows: Due to delay by our company in informing certain officers of the granting of options to them, Parker S. Kennedy, Thomas A. Klemens, Craig I. DeRoy, Gary L. Kermott, Dennis J. Gilmore, Barry M. Sando, Anand K. Nallathambi and Mark R. Arnesen were late in reporting the options granted to them in February 2003, and Elizabeth M. Brandon, Curt A. Caspersen, John M. Hollenbeck and Max O. Valdes were late in reporting options granted to them in March 2003 and options granted to them in April 2003. Messrs. Gilmore, Sando and Nallathambi also were late in filing their initial reports of beneficial ownership of our shares at the time they became officers of our company in February 2003, and Mr. Nallathambi inadvertently omitted the shares directly owned by him when he filed his initial report of such ownership, but subsequently amended his initial report to include the shares he owned directly.

Relationship with Independent Accountants

The firm of PricewaterhouseCoopers LLP has been selected by our audit committee as independent accountants to audit our books and accounts, as well as those of certain of our subsidiaries, for the year ending December 31, 2004. This firm has served as our independent accountants since 1954.

A representative of PricewaterhouseCoopers will be present at the meeting. The representative will have the opportunity to make any desired statement and to answer any appropriate questions by the shareholders.

Principal Accountant Fees and Services

The aggregate fees billed for each of the last two fiscal years for professional services rendered by our principal independent accountant in the four categories of service set forth in the table below are as follows:

Aggregate fees billed in year	2003	2002
Audit Fees	\$ 1,898,720	\$ 1,596,300
Audit-Related Fees(a)	223,650	577,900
Tax Fees(b)	439,217	919,400
All Other Fees	-0-	-0-

(a) These fees were incurred primarily for due diligence, controls reviews, Sarbanes-Oxley Act readiness services and agreed-upon procedure reports.

(b) These fees were incurred for tax advice, compliance and planning.

Our audit committee approved 33% of the audit-related fees and tax fees that were billed in 2003. Approval for the remaining audit-related fees and tax fees that were billed in 2003 was not required as the related services were subject to pre-existing engagement letters. Our audit committee's policy is to pre-approve all engagements of our independent accountants for nonaudit services. Those engagements for which payment by our company would exceed \$25,000 must be pre-approved by a designated member of that committee on an individual basis. Nonaudit services for which payment would not exceed \$25,000 are approved on an aggregate basis and the services being provided are reviewed quarterly by the committee. Our audit committee pre-approves all audit services.

Shareholder Proposals

In order for a proposal by you or your fellow shareholders to be included in the proxy statement and form of proxy solicited by our board of directors for our next annual meeting of shareholders, the proposal must be received no later than December 8, 2004. This date assumes that the date of our next annual meeting will not be advanced or delayed by more than 30 calendar days from the date of the current annual meeting. If such an event occurs, we will provide you with notice in our earliest possible quarterly report on Form 10-Q of the date by which such proposals must be received in order to be included in the proxy materials.

If you or your fellow shareholders wish to submit a proposal for consideration at next year's annual meeting without including the same in the proxy statement and form of proxy solicited by our board of directors, you should inform our secretary no later than February 21, 2005, of your intention to do so. If you wait longer, the holders of the proxies solicited by our board of directors may vote on your proposal(s) at their discretion even if they are not mentioned in the proxy statement and form of proxy solicited by our board.

Appraisal Rights

You are not entitled to appraisal rights in connection with the approval of the proposal to be voted upon at the meeting.

General Information

We will, upon the written request of any person who is a beneficial owner of our common shares on the record date for the annual meeting, furnish without charge a copy of our annual report filed with the SEC on Form 10-K for the year 2003 and will furnish, at a charge of \$10, a copy of the exhibits thereto. Such request should contain a representation that the person requesting this material was a beneficial owner of our shares on the record date. Such request should be sent to the secretary at our address indicated on the first page of this proxy statement.

The board of directors is not aware of any matters to come before the meeting other than those set forth on the notice accompanying this proxy statement. If any other matters come before the meeting, the holders of the proxies will vote thereon in their discretion.

THE FIRST AMERICAN CORPORATION

AUDIT COMMITTEE CHARTER

I. PURPOSE

The purposes of the audit committee (the Committee) of the Board of Directors (the Board) of The First American Corporation (the Company) shall include the following:

To provide assistance to the Board in fulfilling its responsibility to the shareholders, potential shareholders and investment community with respect to the oversight of:

- (a) The quality and integrity of the Company's financial statements;
- (b) The Company's compliance with legal and regulatory requirements;
- (c) The independent auditor's qualifications and independence; and
- (d) The performance of the Company's internal audit function and independent auditors.

To prepare the report that Securities and Exchange Commission (SEC) rules in effect from time to time require to be included in the Company's annual proxy statement.

II. STRUCTURE AND OPERATIONS

Composition and Qualifications

The Committee shall be comprised of three or more members of the Board, each of whom is determined by the Board to be independent and financially literate under the rules of the New York Stock Exchange (NYSE) and the Sarbanes-Oxley Act of 2002. No member of the Committee may serve on the audit committee of more than three public companies, including the Company, unless the Board (i) determines that such simultaneous service would not impair the ability of such member to effectively serve on the Committee and (ii) discloses such determination in the Company's annual proxy statement.

All members of the Committee shall have a working familiarity with basic finance and accounting practices or shall acquire such familiarity within a reasonable period after appointment to the Committee. At least one member of the Committee shall be a financial expert as defined by the SEC in connection with Section 407 of the Sarbanes-Oxley Act of 2002. Committee members are encouraged to enhance their familiarity with finance and accounting by participating in educational programs conducted by the Company or any qualified third party.

No member of the Committee shall receive any compensation from the Company other than (i) director's fees for service as a director of the Company, including reasonable compensation for serving on the Committee or another committee of the Board and regular benefits that other directors receive and (ii) fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Company (provided that such compensation is not contingent in any way on continued service).

A-1

Appointment and Removal of Committee Members

The members of the Committee shall be appointed by the Board and shall serve until such member's successor is duly elected and qualified or until such member's earlier resignation or removal. The members of the Committee may be removed, with or without cause, by a majority vote of the independent directors.

Election of Chairperson

Unless a Chairperson is elected by the full Board, the members of the Committee shall designate a Chairperson by the majority vote of the full Committee membership. The Chairperson shall be entitled to cast a vote to resolve any ties. The Chairperson will chair all regular sessions of the Committee and set the agendas for Committee meetings.

Delegation to Subcommittees

In fulfilling its responsibilities, the Committee shall be entitled to delegate any or all of its responsibilities to a subcommittee of the Committee consisting of two or more Committee members.

III. MEETINGS

The Committee shall meet at least quarterly, or more frequently as circumstances dictate. As part of its goal to foster open communication, the Committee shall periodically meet separately with each of management, the director of the internal auditing department and the independent auditors to discuss any matters that the Committee or any of these groups believe would be appropriate to discuss privately. In addition, the Committee should meet with the independent auditors and management quarterly to review the Company's financial statements in a manner consistent with that outlined in Section IV of this Charter. The Chairperson of the Board or any member of the Committee may call meetings of the Committee. All meetings of the Committee may be held telephonically.

All non-management directors that are not members of the Committee may attend meetings of the Committee but may not vote. Additionally, the Committee may invite to its meetings any director, management of the Company and such other persons as it deems appropriate in order to carry out its responsibilities. The Committee may also exclude from its meetings any persons it deems appropriate in order to carry out its responsibilities.

IV. RESPONSIBILITIES AND DUTIES

The following functions shall be the common recurring activities of the Committee in carrying out its purposes. The functions specified in this Section IV are intended as a guide with the understanding that the Committee may carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal or other conditions. The Committee shall also carry out any other responsibilities and duties delegated to it by the Board from time to time related to its purposes.

The Committee, in discharging its oversight role, is empowered to study or investigate any matter of interest or concern that the Committee deems appropriate.

A-2

In fulfilling its duties, the Committee shall have the authority, and the Company shall provide all necessary funding, to retain outside legal, accounting or other advisors as it deems necessary or prudent.

The Committee shall have access to the Company's internal audit group, Board, corporate executives and independent accountants as necessary to carry out these responsibilities. While acting within the scope of its stated purposes, the Committee shall have all the authority of the Board that is delegable to the Committee under applicable law.

Notwithstanding the foregoing, the Committee is not responsible for certifying the Company's financial statements or guaranteeing the auditor's report. The fundamental responsibility for the Company's financial statements and disclosures rests with management and the independent auditors.

Committee Review of Documents and Reports

The Committee shall review with management and the independent auditors prior to public dissemination the Company's annual audited financial statements and quarterly financial statements, including the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations and discuss with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61.

The Committee shall review and discuss with management and the independent auditors the Company's earnings press releases (paying particular attention to the use of any pro forma or adjusted non-GAAP information), as well as financial information and earnings guidance provided to analysts and rating agencies. The Committee's discussion in this regard may be general in nature (i.e., discussion of the types of information to be disclosed and the type of presentation to be made) and need not take place in advance of each earnings release or each instance in which the Company may provide earnings guidance.

The Committee shall perform any functions required to be performed by it or otherwise appropriate under applicable law, rules or regulations, the Company's bylaws and the resolutions or other directive of the Board, including review of any certification required to be reviewed in accordance with applicable law or SEC regulation.

Relationship with Independent Auditor

The Committee shall have the sole authority (subject to shareholder approval if required by law or the Company's Articles of Incorporation or bylaws) to retain and terminate independent auditors and approve all audit engagement fees and terms.

The Committee shall inform each registered public accounting firm that performs work for the Company that such firm shall report directly to the Committee.

Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

The Committee shall be directly responsible to oversee the work of any registered public accounting firm employed by the Company, including the resolution of any disagreement between management and the auditor regarding financial reporting, for the purpose of preparing or issuing an audit report or related work.

The Committee shall pre-approve (and shall be solely responsible for the approval of) any significant audit or non-audit engagement or relationship between the Company and the independent auditor.

A-3

Notwithstanding the foregoing, Committee pre-approval is not required for non-audit services if: (i) the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the Company to its auditor during the fiscal year in which the non-audit services are provided; (ii) such services were not recognized by the Company at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board to whom authority to grant such approvals has been delegated by the Committee.

The Committee may delegate to one or more of its members the authority to approve in advance all significant audit or non-audit services to be provided by the independent auditor, so long as decisions made pursuant to such delegation of authority are presented to the full Committee at its next scheduled meeting.

Neither the Committee nor any member to whom the authority to approve in advance all significant audit or non-audit services to be provided by the independent auditor shall approve the provision of any of the non-auditing services that are prohibited from being provided contemporaneously with the provision of audit services under Section 201 of the Sarbanes-Oxley Act and Rule 2-01(c)(4) of Regulation S-X (17 CFR 210.2-01(c)(4)).

Review, at least annually, the qualifications, performance and independence of the independent auditor. In conducting its review and evaluation, the Committee should:

- (a) obtain and review a report by the Company's independent auditor describing: (i) the auditing firm's internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues; and (iii) the disclosures required by Independence Standards Board Standard No. 1 with respect to the effect of any relationships between the independent auditor and the Company on the auditor's independence;
- (b) Ensure the rotation of audit partners as required by applicable law, and consider whether there should be regular rotation of the independent audit firm; and
- (c) Take into account the opinions of management and the Company's internal auditors (or other personnel responsible for the internal audit function).

Financial Reporting Process

In consultation with the independent auditors, management and the internal auditors, the Committee shall review the integrity of the Company's financial reporting processes, both internal and external. In that connection, the Committee should obtain and discuss with management and the independent auditor reports from management and the independent auditor regarding: (i) all critical accounting policies and practices to be used by the Company; (ii) analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including all alternative treatments of financial information within generally accepted accounting principles that have been discussed with the Company's management, the ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the independent auditor; (iii) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or

application of accounting principles; (iv) major issues as to the adequacy of the Company's internal controls and any specific audit steps adopted in light of material control deficiencies; and (v) any other material written communications between the independent auditor and the Company's management.

The Committee shall review periodically the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.

The Committee shall review with the independent auditor (i) any audit problems or other difficulties encountered by the auditor in the course of the audit process, including any restrictions on the scope of the independent auditor's activities or on access to requested information, and any significant disagreements with management and (ii) management's responses to such matters. Without excluding other possibilities, the Committee may wish to review with the independent auditors (i) any accounting adjustments that were noted or proposed by the auditor but were passed (as immaterial or otherwise), (ii) any communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement and (iii) any management or internal control letter issued, or proposed to be issued, by the independent auditor to the Company.

Legal Compliance / General

The Committee shall, in its discretion, review periodically with counsel any legal matter that could have a significant impact on the Company's financial statements.

The Committee shall discuss with management and the independent auditors the Company's guidelines and policies with respect to risk assessment and risk management. The Committee should discuss the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.

The Committee shall set clear policies regarding the hiring of employees or former employees of the independent auditors. At a minimum, these policies should provide that:

- (a) any registered public accounting firm may not provide audit services to the Company if the CEO, controller, CFO, chief accounting officer or any person serving the Company in a financial reporting oversight role (as defined in Rule 2.01(c)(2)(iii)(B) of Regulation S-X) was employed by the registered public accounting firm and participated in the audit of the Company within one year of the commencement of the current audit (as defined in Rule 2.01(c)(2)(iii)(B)(3) of Regulation S-X); and
- (b) the Company shall not hire any person into a position which permits such person to exercise significant authority over accounting or financial reporting if such person has participated in an audit engagement for the Company within the previous 12 months of being hired and held responsibility, with respect to the audit engagement, requiring such person to exercise significant judgment in the audit process, including positions where such person was in charge of the fieldwork, up through positions where such person was a partner on the engagement.

The Committee shall establish procedures for: (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters; and (ii) the confidential, anonymous submission by Company employees of concerns regarding questionable accounting or auditing matters.

A-5

Reports

The Committee shall prepare the reports required to be included in the Company's proxy statement, pursuant to and in accordance with applicable rules and SEC regulations.

The Committee shall report regularly to the full Board including:

- (a) with respect to any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditors or the performance of the internal audit function;
- (b) with respect to issues discussed at meetings of the Committee as the Committee deems appropriate; and
- (c) with respect to such other matters as the Committee may deem relevant to the discharge of its responsibilities.

The Committee shall provide the Board with such recommendations as the Committee may deem appropriate. Reports to the Board may take any form, including an oral report by the Chairperson or any other member of the Committee designated by the Committee to make such report.

Annual Performance Evaluation

The Committee shall perform a review and evaluation, at least annually, of the performance of the Committee and its members, including by reviewing the compliance of the Committee with this Charter. In addition, the Committee shall review and reassess, from time to time, the adequacy of this Charter and recommend to the Board any improvements to this Charter that the Committee considers necessary or advisable. The Committee shall conduct such evaluations and reviews in the manner that it deems appropriate.
