PROXY STATEMENT

The Board of Directors of Beasley Broadcast Group, Inc., a Delaware corporation (the **Company**), is soliciting your proxy on the proxy card enclosed with this Proxy Statement. Your proxy will be voted at the Annual Meeting of Stockholders (the **Annual Meeting**) to be held on Tuesday, May 12, 2004, at 11:00 a.m. local time, at the corporate offices of Beasley Broadcast Group, Inc., 3033 Riviera Drive, Suite 200, Naples, Florida, and any adjournment or postponement thereof. This Proxy Statement, the accompanying proxy card and the Company's Annual Report to Stockholders are first being mailed to stockholders on or about April 9, 2004.

VOTING SECURITIES

Voting Rights and Outstanding Shares

Only stockholders of record on the books of the Company as of 5:00 p.m., March 24, 2004, which is the **Record Date**, will be entitled to vote at the Annual Meeting. At the close of business on March 24, 2004, the Company had 7,444,364 shares of Class A Common Stock outstanding (the **Class A Shares**), and 16,832,743 shares of Class B Common Stock outstanding (the **Class B Shares** and together with the Class A Shares, the **Common Stock**).

Under the Company's Restated Certificate of Incorporation and Bylaws, in the election of directors, the holders of the Class A Shares are entitled by class vote, exclusive of all other stockholders, to elect two of the Company's directors, with each Class A Share being entitled to one vote. With respect to the election of the other six directors and all other matters submitted to the stockholders for vote, the holders of Class A Shares and Class B Shares shall vote as a single class, with each Class A Share being entitled to one vote and each Class B Share entitled to ten votes.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector of Elections with the assistance of the Company's transfer agent. The Inspector will also determine whether or not a quorum is present. Except with respect to the election of directors and except in certain other specific circumstances, the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present is required under Delaware law and our Bylaws for approval of proposals presented to stockholders. Our Bylaws provide that a quorum consists of a majority of the votes entitled to be cast and present in person or represented by proxy. The Inspector will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum and therefore, abstentions will generally have the effect of a negative vote for purposes of determining the approval of matters submitted to the stockholders for a vote. However, with respect to any matter to be decided by a plurality of the votes cast at the meeting (such as the election of a director), proxies marked **withhold authority** or marked **abstain** or which constitute broker non-votes, will not be counted for the purpose of determining the number of votes cast at the meeting and will have no effect on the voting for such matter.

Edgar Filing: BEASLEY BROADCAST GROUP INC - Form DEF 14A

The shares represented by the proxies received, properly dated and executed and not revoked will be voted at the Annual Meeting in accordance with the instructions of the stockholders. A proxy may be revoked at any time before it is exercised by:

delivering written notice of revocation to the Company, Attention: Caroline Beasley;

delivering a duly executed proxy bearing a later date to the Company; or

attending the Annual Meeting and voting in person.

Any proxy that is returned using the form of proxy enclosed and that is not marked as to a particular item will be voted FOR the election of directors, FOR the approval of the amendment of the 2000 Equity Plan, and as the proxy holders deem advisable on other matters that may come before the meeting, as the case may be with respect to the item not marked. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present with respect to that matter. The Company believes that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

The cost of soliciting proxies will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or telegram.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Eight directors are to be elected at the Annual Meeting to serve until the next annual meeting of stockholders or until their respective successors are elected or appointed. Nominees for election to the Board of Directors shall be approved by the following vote:

For Nominees to be Elected by the Holders of the Class A Shares: by a plurality of the votes cast by the holders of Class A Shares present in person or by proxy at the Annual Meeting, with each share being entitled to one vote.

Abstentions from voting on the election of directors, including broker non-votes, will have no effect on the outcome of the election of directors. In the event any nominee is unable or unwilling to serve as a nominee, the proxies may be voted for the balance of those nominees named and for any substitute nominee designated by the present Board of Directors or the proxy holders to fill such vacancy, or for the balance of those nominees named without nomination of a substitute, or the Board of Directors may be reduced in accordance with the Bylaws of the Company. THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Company's Board of Directors met four times during 2003 and did not act by unanimous written consent. Each member of the Board attended at least 75% of the aggregate number of meetings of the Board of Directors and attended at least 75% of the aggregate number of meetings of the Committees of the Board of Directors of which he or she was a member.

Stockholder Communication with Board Members

Although the Company has not to date developed formal processes by which stockholders may communicate directly to directors, it believes that the informal process, in which stockholder communications which are received by the Secretary for the Board's attention, or summaries thereof, will be forwarded to the Board has served the Board's and the stockholders' needs. In view of recently adopted SEC disclosure

requirements relating to this issue, the Board of Directors may consider developing more specific procedures. Until any other procedures are developed and posted on the Company's corporate website, any communications to the Board of Directors should be sent to it in care of the Secretary.

Board Member Attendance at Annual Meetings

The Company encourages all of its directors to attend the annual meeting of stockholders. The Company generally holds a board meeting coincident with the annual meeting to minimize director travel obligations and facilitate their attendance at the stockholders' meeting. All of our then-current directors attended the 2003 annual meeting of stockholders.

Controlled Company

The Company qualifies as a controlled company, within the meaning of Rule 4350(c)(5) of the National Association of Securities Dealers. The Company currently qualifies as a controlled company because more than 50% of the Company's voting power is controlled by the Company's Chairman and Chief Executive Officer, George Beasley. As a result, the Company is not required to have a Board of Directors consisting of a majority of Directors who are independent or compensation committee or nominating committee composed solely of independent directors.

Committees of the Board of Directors

During 2003, the Board of Directors had a standing audit committee and a compensation committee.

The Audit Committee, established in accordance with Section 3(a)(58)(A) of the Securities Act of 1924, as amended (the Exchange Act), consists of Messrs. Cox, Fowler and McCord, each of whom is independent as the term independence is defined in Rule 4200(a)(15) of the NASDAQ rules and Rule 10A-3 under the Exchange Act. The Board of Directors has determined that Mr. Cox is an audit committee financial expert as that term is defined in the Exchange Act. The responsibilities of the audit committee include:

recommending to the Board of Directors independent auditors to conduct the annual audit of the Company's financial statements;

reviewing the proposed scope of the audit and approving the audit fees to be paid;

reviewing the Company's accounting and financial controls with the independent auditors and its financial and accounting staff; and

reviewing and approving transactions, other than compensation matters, between the Company and its directors, officers and affiliates.

The audit committee met nine times during 2003 and did not act by unanimous written consent. The charter of the audit committee, as amended by the Board of Directors in June 2003, is attached hereto as Appendix A.

AUDIT COMMITTEE REPORT

To the Board of Directors:

We have reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2003.

We have discussed with the independent auditors, KPMG LLP, the matters required to be discussed by the American Institute of Certified Public Accountants, the Securities and Exchange Commission, the National Association of Securities Dealers, and the Public Company Accounting Oversight Board, including those required by the Statement on Auditing Standards No. 61.

We have received and reviewed the written disclosures and the letter from KPMG LLP required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the auditors the auditors independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

Joe B. Cox, Chair

Mark S. Fowler

Herbert W. McCord

The Compensation Committee consists of Messrs. Cox, Fowler, and McCord each of whom is independent as the term independence is defined in Rule 4200(a)(14) of the NASDAQ rules. This Committee provides a general review of the Company's compensation plans to ensure that they meet corporate objectives. The responsibilities of the compensation committee also include administering and interpreting the 2000 Equity Plan of the Company. The Compensation Committee met three times during 2003 and did not act by unanimous written consent.

The Board of Directors currently does not have a nominating committee or a committee performing the functions of a nominating committee. The Board of Directors is not required to have a nominating committee because it is a controlled company as defined in the NASDAQ rules. Although there are no formal procedures for stockholders to nominate persons to serve as directors, the Board of Directors will consider recommendations from stockholders, which should be addressed to Caroline Beasley, Secretary of Beasley Broadcast Group, Inc. at the Company's address. The Company has not adopted a formal process because it believes that the informal consideration process has been adequate to date.

Director Compensation

Edgar Filing: BEASLEY BROADCAST GROUP INC - Form DEF 14A

All of the Company's non-employee directors receive \$750 per meeting for attendance at each Board of Directors meeting, \$500 per meeting for attendance at each Audit Committee or Compensation Committee meeting, \$250 for each meeting deemed to be a telephonic meeting, and are reimbursed for their out-of-pocket travel expenses for each meeting attended. In addition, Mr. Cox received \$10,000 and Mr. Fowler and Mr. McCord each received \$5,000 for their services on the Audit Committee during 2003.

COMPENSATION COMMITTEE REPORT ON

EXECUTIVE COMPENSATION

The Compensation Committee is responsible for establishing compensation policies with respect to the Company's executive officers, including the Chief Executive Officer and the other executive officers, and setting the compensation for these individuals.

The Compensation Committee seeks to achieve three broad goals in connection with the Company's executive compensation programs and decisions regarding individual compensation. First, the Compensation Committee structures executive compensation programs in a manner that the Committee believes will enable the Company to attract and retain key executives. Second, the Compensation Committee establishes compensation programs that are designed to reward executives for the achievement of business objectives of the Company. Finally, the Company's executive compensation programs are intended to provide executives with an equity interest in the Company so as to link a portion of the compensation of the Company's executives with the performance of the Company's common stock.

In fiscal 2003, executive compensation had two primary components: cash compensation and stock-based compensation, consisting of stock options.

Cash Compensation: Cash compensation consists of base salaries, annual increases, and cash bonuses. In establishing base salaries, consideration is given to the goals for the Company for the fiscal year. Consideration is also given to the standards and compensation at comparable companies, particularly those that are in the same industry as the Company or related industries and/or located in the same general geographical area as the Company, historic salary levels of the individual and the nature of the individual's responsibilities. The Compensation Committee will meet at least annually to discuss annual increases greater than the minimum increases in the employment agreement and cash bonuses. In the year ended December 31, 2003, the Compensation Committee awarded cash bonuses to the Chief Executive Officer and the other executive officers.

Stock-Based Compensation: Stock-based compensation consists of stock options to purchase shares of the Company's Class A common stock. The emphasis on long-term incentives is intended to encourage executive officers to focus on the growth of the Company since the value of these awards depends on the Company's performance and future stock value. In deciding to award options, the Compensation Committee also considers a number of factors, including the number of options outstanding or previously granted and the aggregate size of current awards.

Chief Executive Officer Compensation: George G. Beasley received \$574,867 in annual salary pursuant to his employment agreement and was also awarded a cash bonus of \$100,000 in 2003. Mr. Beasley's compensation was determined based upon the same factors used in setting other executive officer salaries, as well as the salaries paid to chief executive officers of comparable companies and his leadership in setting and pursuing our financial, operational and strategic objectives.

Based on its evaluation of the performance of the executive officers, the Compensation Committee believes that the Company's executive officers are committed to achieving positive long-term financial performance and enhancing shareholder value, and that the compensation policies and programs discussed in this report have motivated the Company's executive officers to work toward these goals.

Section 162(m) of the Internal Revenue Code of 1986 (the Code) limits the Company's Federal income tax deduction for certain executive compensation in excess of \$1 million paid to the Chief Executive Officer and the four next highest paid named executive officers. The \$1 million deduction limit does not apply, however, to performance-based compensation as that term is defined in Section 162(m)(4)(C) of the Code and the regulations promulgated thereunder. The Committee recognizes the possibility that if the amount of the base salary of a named executive officer, and other compensation not described in the preceding paragraph exceeds \$1 million, it may not be fully deductible for Federal income tax purposes. The Committee will make a determination at any such time whether to authorize the payment of such amounts without regard to deductibility or whether the terms of such payment should be modified as to preserve any deduction otherwise available.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

The audit committee has reappointed KPMG LLP as the independent public accounting firm to audit the Company's financial statements for the fiscal year beginning January 1, 2004. In making this appointment, the audit committee considered whether the audit and non-audit services KPMG LLP provides are compatible with maintaining the independence of the Company's outside auditors. The audit committee has adopted a policy that sets forth the manner in which the audit committee will review and approve all services to be provided by KPMG LLP before the firm is retained. The audit committee pre-approves all audit and permitted non-audit services to be performed for the Company by its independent public accountants. The chairperson of the audit committee may represent the entire committee for the purposes of pre-approving permitted non-audit services. The audit committee does not consider the provision of the permitted non-audit services to be incompatible with maintaining the independent public accountant's independence.

Representatives of KPMG LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. They are also expected to be available to respond to appropriate questions.

PROPOSAL NO. 2: AMENDMENT OF THE 2000 EQUITY PLAN

General

The 2000 Equity Plan (the "Equity Plan") is proposed to be amended as described below. Approval of the amendment requires the affirmative vote of a majority of the votes cast by holders of the Class A and Class B Common Stock present in person or by proxy at the Annual Meeting, each share of Class A Common Stock being entitled to one vote and each share of Class B Common Stock being entitled to ten votes each. Abstentions from voting on the amendment shall have the effect of a vote against the amendment. Broker non-votes will not be considered present for purpose of calculating a majority and, therefore, will have no effect on the outcome of the vote.

On June 3, 2003 the Board approved the amendment of the Equity Plan to increase the shares available for grant under the Equity Plan. The principal purposes for increasing the shares available under the Equity Plan are to allow the Company to continue to use the Equity Plan to continue to further the goals and purposes of the Equity Plan as described below.

2000 Equity Plan

The principal purpose of the equity plan is to attract, retain and motivate selected officers, employees, consultants and directors through the granting of stock-based compensation awards. The equity plan provides for a variety of compensation awards, including non-qualified stock options, incentive stock options that are within the meaning of Section 422 of the Internal Revenue Code, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock-related benefits. A total of 3 million shares of Class A common stock were originally reserved for issuance under the Equity Plan. As of December 31, 2003, there were 81,500 options available for issuance under the Equity Plan. The proposed amendment of the Equity Plan would increase to 4 million the number of shares of Class A common stock reserved for issuance under the Equity Plan and would increase to 1,081,500 the number of shares of Class A common stock available for issuance under the Equity Plan.

Edgar Filing: BEASLEY BROADCAST GROUP INC - Form DEF 14A

The Equity Plan provides that the Compensation Committee has the authority to select the employees and consultants to whom awards are to be made, to determine the number of shares to be subject to those awards and their terms and conditions, and to make all other determinations and to take all other actions necessary or advisable for the administration of the Equity Plan with respect to employees or consultants.

The Equity Plan also provides that each of the Company's independent director nominees will automatically be granted options to purchase 20,000 shares of the Company's Class A common stock upon election to the Board of Directors. These options will have an exercise price per share equal to the fair market value per share of the Company's Class A common stock as of the date of grant, and will be exercisable with respect to 10,000 shares as of the date of grant and will become exercisable with respect to an additional 5,000 shares on each of the first two anniversaries of the date of grant. The board may make additional option grants to the Company's independent directors from time to time, in its discretion, on such terms as the board determines consistent with the Equity Plan.

On April 22, 2003, the Board of Directors granted options to purchase 20,000 shares of the Company's Class A common stock to each of its independent directors. These options have an exercise price per share equal to the fair market value per share of our Class A common stock as of the date of grant, and vested or will become vested with respect to one third of the shares as of December 31, 2003, 2004 and 2005, respectively.

As of March 26, 2004, approximately 2.9 million shares of the Company's Class A common stock were subject to stock options held by 42 officers, directors and employees of the Company. On that date, the closing price of the Company's Class A common stock on Nasdaq was \$16.97.

The price per share of the shares subject to options granted to employees and consultants is set by the compensation committee provided that the price per share may not be less than \$.01. However, in the case of incentive stock options or options intended to qualify as performance-based compensation the price per share may not be less than 100% of the fair market value of a share of our Class A common stock on the date the option is granted, and in the case of Incentive Stock Options granted to an individual then owning more than 10% of the total combined voting power of all classes of stock of the Company the price per share may not be less than 110% of the fair market value of a share of our Class A common stock on the date the option is granted

The exercise period of any option issued to an employee or consultant may be set by the compensation committee. However in the case of an incentive stock option, the exercise period cannot exceed ten years from the date of the grant, and the exercise period of an incentive stock option granted to an employee who owns more than 10% of the Class A common stock may not exceed five years from the date of the grant.

The exercise or purchase price for all options must be paid in full in cash at the time of exercise or purchase or may, with prior approval, be paid in whole or in part in Class A common stock owned by the recipient (or issuable upon exercise of the option) valued at its fair market value on the date of exercise. Options may also be exercised through delivery of other property that constitutes good and valuable consideration, through delivery of a recourse promissory note bearing interest payable to the Company, or through a broker assisted cash-less exercise procedure.

The tax consequences of the issuance and exercise of options granted under the Equity Plan to the Company and to the recipient under current federal law are summarized in the following discussion. This discussion is limited to the general tax principles applicable to option grants under the Equity Plan, and is intended for general information only. State and local income taxes are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The tax information summarized is not tax advice.

Nonqualified Stock Options. For federal income tax purposes, an optionee generally will not recognize taxable income at the time an is granted under the Equity Plan. The optionee will recognize ordinary income, and the Company generally will be entitled to a deduction, upon the exercise of a nonqualified stock option. The amount of income recognized (and the amount generally deductible by the Company) generally will be equal to the excess, if any, of the fair market value of the shares at the time of exercise over the aggregate exercise price paid for the shares, regardless of whether the exercise price is paid in cash or in shares or other property. An

optionee's basis for the stock for purposes of determining his or her gain or loss upon a subsequent disposition of the shares generally will be the fair market value of the stock on the date of exercise of the nonqualified stock option, and any subsequent gain or loss will generally be taxable as capital gain or loss.

Incentive Stock Options. An optionee generally will not recognize taxable income either at the time an incentive stock option is granted or when it is exercised. However, the amount by which the fair market value of the shares at the time of exercise exceeds the exercise price will be an item of tax preference to the optionee for purposes of alternative minimum tax. Generally, upon the sale or other taxable disposition of the shares of Common Stock acquired by the exercise of an incentive stock option, the optionee will recognize taxable income. If stock acquired by the exercise of an incentive stock option is held for a minimum of two years from the date of grant and one year from the date of exercise, the gain or loss (in an amount equal to the difference between the fair market value on the date of sale and the exercise price) upon disposition of the stock will be treated as a long-term capital gain or loss, and the Company will not be entitled to any deduction. If these holding period requirements are not met and the stock is sold for a gain, then the difference between the option price and the fair market value of the stock on the date of exercise will be taxed as ordinary income and any gain over that will be eligible for long or short term capital gain treatment. If the holding period is not met and the shares are disposed of for less than the fair market value on the date of exercise, then the amount of ordinary income is limited to the excess, if any, of the amount realized over the exercise price paid. The Company generally will be entitled to a deduction in the amount of any ordinary income recognized by the optionee.

Section 162(m) Limitation. In general, under Section 162(m), income tax deductions of publicly-held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and non-qualified benefits paid) for certain executive officers exceeds \$1 million (less the amount of any excess parachute payments as defined in Section 280G of the Code) in any one year. However, under Section 162(m), the deduction limit does not apply to certain performance-based compensation established by an independent compensation committee that is adequately disclosed to, and approved by, stockholders. In particular, stock options will satisfy the performance-based compensation exception if the awards are made by a qualifying compensation committee, the Equity Plan sets the maximum number of shares that can be granted to any person within a specified period and the compensation is based solely on an increase in the stock price after the grant date (i.e., the option exercise price is equal to or greater than the fair market value of the stock subject to the award on the grant date). Performance or incentive awards granted under the Amended and Restated Plan may qualify as qualified performance-based compensation for purposes of Section 162(m) if such awards are granted or vest upon the preestablished objective performance goals described above.

The Company has attempted to structure the Amended and Restated Plan in such a manner that the Committee can determine the terms and conditions of stock options, performance and incentive awards granted thereunder such that remuneration attributable to such awards will not be subject to the \$1 million limitation. The Company has not, however, requested a ruling from the IRS or an opinion of counsel regarding this issue. This discussion will neither bind the IRS nor preclude the IRS from taking a contrary position with respect to the Amended and Restated Plan.

Recommendation of the Board of Directors:

The Board of Directors recommends a vote **FOR** the amendment of the 2000 Equity Plan as described above.

CODE OF BUSINESS CONDUCT AND ETHICS

The Company adopted a Code of Business Conduct and Ethics applicable to all of its directors and employees, including its principal executive officer and principal financial and accounting officer, which is a code of ethics as defined by applicable rules of the SEC.
