Item 1.01. Entry Into a Material Definitive Agreement

Acquisition of Distribution Rights and Inventory

General. On January 28, 2005 (the Effective Date), Aviall, Inc. (the Company), Aviall Services, Inc. (Aviall Services, and collectively with the Company, Aviall), GE Engine Services Distribution LLC (GEESD) and General Electric Company (collectively with GEESD, GE) entered into a Distribution Services Agreement (the Distribution Agreement) relating to the distribution of parts for the GE CF6-50 and CF6-80A aircraft engines (collectively, the CF6 Engines). The following summary of the material terms and conditions of the Distribution Agreement should be read in connection with, and is qualified in its entirety by, the actual text of the Distribution Agreement attached hereto as Exhibit 2.1, which is incorporated herein by reference for all purposes.

Rights and Assets Acquired; Consideration. Effective as of the end of the Transition Period described below, GE appointed Aviall Services as the exclusive worldwide distributor for parts that are unique to the CF6 Engines and that are manufactured by GE, an affiliate of GE or a third party under contract with GE (collectively, the Products). In addition, Aviall Services purchased an initial provisioning of Product inventory from GEESD on the Effective Date. On January 28, 2005, Aviall Services paid GE a total of \$160.1 million for the distribution rights and initial Product inventory.

Transition Period. The Distribution Agreement provides for a time period during which responsibility for the sale of Products to Customers (as defined below) will be transferred from GE to Aviall Services (the Transition Period). During the Transition Period, GE will continue to sell Products to Customers, and Aviall Services will receive a commission on all such sales. GE and Aviall Services have agreed to use reasonable efforts to cause the Transition Period to be no longer than six months.

Term; Projected Revenue. The term of the Distribution Agreement will continue as long as either CF6 Engine is operational on an airworthy aircraft. Aviall currently expects that the Distribution Agreement will generate approximately \$5 billion in revenues during its term, with anticipated average sales of \$300 million per year on an annualized basis for the initial ten years of the agreement.

Customers. Aviall Services may sell Products to any customer that has been previously approved by GE (collectively, the Customers). If GE determines in its reasonable discretion and good faith judgment that Aviall Services is not meeting the reasonable requirements of a Customer and Aviall Services is unable to give adequate assurance that it is addressing the issue, GE may sell Products to that Customer until Aviall Services is able to satisfy the Customer's requirements, subject to Aviall Services receiving a lesser commission on all such sales made by GE.

Restrictions on Competing Parts. Subject to certain exceptions, Aviall Services may not sell, manufacture or distribute certain engine parts that compete with original equipment manufacturer engine parts for use on any aircraft engine manufactured by GE or by any entity in which GE has a certain level of equity interest. If Aviall Services breaches the restriction and does not timely cure such breach, GE may terminate the Distribution Agreement.

Purchase of Products. Aviall Services will periodically place orders for Product with GE. GE will sell Products to Aviall Services at a specified discount off of GE's catalog list price and will deliver the Products within established manufacturing lead times. Aviall Services will also purchase additional Product inventory during the Transition Period to prepare for fulfilling Customer orders.

Edgar Filing: AVIALL INC - Form 8-K

Termination for Material Breach. In the event of a material beach of the agreement, the non-breaching party may provide written notice of default to the breaching party. If the breaching party does not timely cure the default or the parties are otherwise unable to resolve the dispute, the non-breaching party may terminate the Distribution Agreement.

Termination upon Change of Control. In general, GE may also terminate the Distribution Agreement upon a Change of Control (as defined in the Distribution Agreement) of Aviall Services or the Company if the Change of Control results in either entity being acquired by:

a competitor of GE's aircraft engine business;

a party that, in GE's good faith judgment and reasonable discretion, does not have the resources and expertise to perform Aviall Services' obligations under the Distribution Agreement; or

a party that, in GE's good faith judgment and reasonable discretion, does not have a reputation for integrity, sound business ethics and compliance with law.

Service Level and Termination for Failure to Meet Service Level. As part of the Distribution Agreement, Aviall Services has agreed to institute a program that is designed to achieve a minimum level of on time delivery of Customer Product orders. In general, if Aviall Services' on time delivery performance falls below a minimum level and Aviall Services does not return its on time delivery performance to this level within a specified cure period, GE may terminate the Distribution Agreement.

Parts Supply Agreement. On the Effective Date and in connection with the Distribution Agreement, Aviall Services entered into a separate agreement with General Electric Company whereby General Electric Company and its affiliates have agreed to purchase their requirements for Products from Aviall Services (the Parts Supply Agreement). The Parts Supply Agreement will remain in effect for the term of the Distribution Agreement. The foregoing summary of the Parts Supply Agreement should be read in connection with, and is qualified in its entirety by, the actual text of the Parts Supply Agreement attached hereto as Exhibit 99.1, which is incorporated herein by reference for all purposes.

Guarantees. The Company has guaranteed the performance of Aviall Services under the Distribution Agreement and the Parts Supply Agreement, as well as the performance of any other direct or indirect subsidiary of the Company that assumes or is assigned any obligation thereunder in the future. General Electric Company has guaranteed the performance of GEESD under the Distribution Agreement, as well as the performance of any other direct or indirect subsidiary of General Electric Company that assumes or is assigned any obligation under the Distribution Agreement or Parts Supply Agreement in the future.

Forward Looking Statements. The statements contained in this Form 8-K that are not historical facts are forward-looking statements (as such term is defined in the Private Securities Litigation Act of 1995), which involve risks and uncertainties. Actual results may differ materially from those expected in the forward-looking statements.

Amendment No. 3 to the Second Amended and Restated Credit Agreement

General. On January 28, 2005, Aviall Services, the Company, Citicorp USA, Inc., as existing administrative agent, Citicorp North America, Inc., as new administrative agent, Citigroup Global Markets, Inc., as joint lead arranger, Wachovia Bank, National Association, as joint lead arranger and documentation agent, General Electric Capital Corporation and Wells Fargo Bank, as co-syndication agents and co-arrangers, along with the other lenders and issuers signatory thereto, entered into Amendment No. 3 to the Second Amended and Restated Credit Agreement (Amendment No. 3). Amendment No. 3 was entered into in connection with Aviall's entry into the Distribution Agreement.

The provisions of Amendment No. 3 amend several provisions of Aviall's Second Amended and Restated Credit Agreement (as previously amended, the Credit Facility), including the following:

Increase in Facility Size; Restructuring of Borrowing Base. The total amount of revolving credit commitments has been increased from \$200.0 million to \$260.0 million, with availability subject to a borrowing base calculation. The categories of accounts receivable and inventory that are eligible to be included in the calculation of the borrowing base under the Credit Facility have been expanded, but remain subject to reserves required by the lenders. The borrowing base is determined by applying an advance rate of 50% to the amount of eligible receivables and eligible inventory. On January 28, 2005, Aviall Services drew down \$107.0 million under the Credit Facility to fund its purchase of distribution rights and Product inventory under the Distribution Agreement.

Extension of Scheduled Termination Date. The scheduled termination date of the Credit Facility has been extended to December 31, 2008.

Applicable Margin. Until June 28, 2005, the applicable margin for base rate loans is 1.0% per annum, and the applicable margin for Eurodollar rate loans is 2.0% per annum. After this period, the applicable margin will vary depending on the Company's leverage ratio. More specifically, depending on the Company's leverage ratio, the applicable margin for base rate loans will range between 0.5% and 1.5% per annum, and the applicable margin for Eurodollar loans will range between 1.5% and 2.5% per annum.

Maximum Leverage Ratio. The maximum leverage ratio of the Company now may not exceed:

4.50 to 1 for fiscal quarters ending on or before June 30, 2005;

4.00 to 1 for the fiscal quarter ending on September 30, 2005;

3.50 to 1 for the fiscal quarter ending on December 31, 2005; and

3.25 to 1 for fiscal quarters ending on or after March 31, 2006.

Capital Expenditures. Aviall's permitted capital expenditures in any fiscal year must not exceed \$12.0 million plus any unused carryover amounts from prior years up to a maximum of \$10.0 million.

Additional Restricted Payments Covenant. In order to make any optional redemption, repayment or prepayment pursuant to the Company's \$200.0 million principal amount of 7.625% Senior Notes due 2011, the restricted payments covenant in the Credit Facility now requires Aviall Services to have available credit under the Credit Facility, immediately after giving effect to such redemption, repayment or prepayment, of not less than \$100.0 million.

Tangible Net Worth. Amendment No. 3 provides that the consideration paid by Aviall Services for distribution rights under the Distribution Agreement will not be deducted from the calculation of tangible net worth under the Credit Facility.

Edgar Filing: AVIALL INC - Form 8-K

Other Provisions Unchanged. In general, the remaining provisions of the Credit Facility are not changed by Amendment No. 3 and remain in full force and effect. The foregoing summary of the material terms and conditions of Amendment No. 3 should be read in conjunction with, and is qualified in its entirety by, the actual text of Amendment No. 3 attached hereto as Exhibit 99.2, which is incorporated herein by reference for all purposes, and by the Company's previous disclosure regarding the terms and conditions of the Credit Facility.
