PROXY STATEMENT

OF

WESBANCO, INC.

One Bank Plaza

Wheeling, West Virginia 26003

ANNUAL MEETING OF STOCKHOLDERS

APRIL 20, 2005

This statement is furnished to the stockholders of Wesbanco, Inc. (the Corporation) in connection with the solicitation of proxies to be used in voting at the annual meeting of the stockholders of the Corporation (the Annual Meeting), which will be held in the Banquet View Rooms at Wilson Lodge, Oglebay Resort and Conference Center, Wheeling, West Virginia, 26003, at 4:30 p.m. E.D.T. on Wednesday, April 20, 2005. This statement is first being mailed to the stockholders on or about March 18, 2005.

Wesbanco, Inc. is the parent company and the holder of all of the outstanding shares of the capital stock of Wesbanco Bank, Inc., Wheeling, West Virginia. The Corporation also maintains two other operating entities, namely, Wesbanco Securities, Inc., Marietta, Ohio, and Wesbanco Insurance Services, Inc., Shinnston, West Virginia.

Proxies

The proxies are solicited by the Board of Directors of the Corporation, and the cost thereof is being borne by the Corporation. Employees and Directors of the Corporation and its subsidiaries may follow up on this written solicitation by telephone or other methods of communication.

Proxies may be revoked by the stockholders who execute them at any time prior to the exercise thereof by written notice to the Corporation, or by announcement at the Annual Meeting. Unless so revoked, the shares represented by all proxies will be voted, by the persons named in the proxies, at the Annual Meeting and all adjournments thereof, in accordance with the specifications set forth therein, or, absent such specifications, in accordance with the discretion of the holders of such proxies.

Alternatively, if shares of the Corporation's common stock are registered in a stockholder's name, such stockholder may vote over the Internet or by telephone by following the instructions set forth on the Proxy Card.

Delivery of Proxy Materials to Households

Edgar Filing: WESBANCO INC - Form DEF 14A

Annually, the Corporation mails to each registered stockholder at a shared address, not previously notified, a separate notice of its intention to household proxy materials. Beneficial stockholders (those who hold common shares through a financial institution, broker or other record holder) are notified of the householding process by the record holder. Those registered and beneficial stockholders who are eligible and have not opted-out (as defined below) of the householding process will receive one copy of the Corporation's Annual Report to Stockholders for the year 2004 and one copy of this Proxy Statement. A separate proxy card and a separate notice of the meeting of stockholders will continue to be included for each account at the shared address.

Registered stockholders who reside at a shared household and who would like to receive a separate Annual Report and/or a separate Proxy Statement (to opt-out), or have questions regarding the householding process, may contact the Corporation's transfer agent and registrar by calling (888) 294-8217 or forwarding a written request addressed to Computershare Investor Services LLC, P.O. Box 2388, Chicago, IL 60690. Promptly upon request, a separate Annual Report and/or separate Proxy Statement will be sent. By contacting the transfer agent, registered stockholders sharing an address can also request delivery of a single copy of annual reports or proxy statements if they are receiving multiple copies. Beneficial stockholders should contact their brokers, financial institutions, or other record holder for specific information on the householding process as it applies to those accounts.

Stock Outstanding and Voting Rights

The authorized capital stock of the Corporation consists of 50,000,000 shares of common stock with a par value of \$2.0833 per share, and 1,000,000 shares of preferred stock without par value. Of the 50,000,000 shares of authorized common stock, as of March 7, 2005, there were 22,892,217 shares issued and outstanding. There are no shares of preferred stock outstanding.

The authorized shares of preferred stock of the Corporation may be issued in one or more classes or series with such preferences and voting rights as the Board of Directors may fix in the resolution providing for the issuance of such shares. The issuance of shares of preferred stock could affect the relative rights of the common stock.

Depending upon the exact terms, limitations and relative rights and preferences, if any, of the shares of preferred stock as determined by the Board of Directors of the Corporation at the time of issuance, the holders of preferred stock may be entitled to a higher dividend rate than that paid on the common stock, a prior claim on funds available for the payment of dividends, a fixed preferential payment in the event of liquidation and dissolution of the corporation, redemption rights, rights to convert their preferred stock into shares of the common stock, and voting rights which would tend to dilute the voting control of the Corporation by the holders of the Corporation's common stock.

A quorum is required to conduct business at the Annual Meeting. A majority of the outstanding shares of the Corporation present in person or represented by proxy constitutes a quorum. Abstentions, votes withheld and shares represented by broker non-votes are counted in determining whether a quorum is present.

Stockholders of record as of the close of business on March 7, 2005, will be entitled to vote at the Annual Meeting. Each stockholder will be entitled to one vote for each share of common stock held, as shown by the records of the Corporation at that time. Cumulative voting in the election of Directors is permitted by West Virginia statutory provisions, and the exercise of that right is not subject to any condition precedent. Each stockholder is entitled to as many votes as shall equal the number of his shares of common stock multiplied by the number of Directors to be elected within each class, and he may cast all of such votes for a single Director or he may distribute them among the number to be voted for as he may see fit. The nominees receiving the highest number of votes in each class, four (4) in the class of 2008 and one (1) in the class of 2007, will be elected as directors of the Corporation. Proxies marked as abstaining (including proxies containing broker non-votes) will not be counted as votes either for or against any matters coming before the Annual Meeting.

To the best of management's knowledge, Wesbanco Trust and Investment Services, the Trust Department of Wesbanco Bank, Inc. (the Bank), Bank Plaza, Wheeling, West Virginia, 26003, is the only holder or beneficial owner of more than 5% of the common stock of the Corporation. As of March 1, 2005, 1,771,726 shares of the common stock of the Corporation, representing 7.65% of the total shares outstanding, were held in various capacities in the Trust Department. Of these shares, the Bank does not have voting control of 561,164 shares, representing 2.42% of the shares outstanding, has partial voting control of 31,464 shares, representing 0.14% of the shares outstanding, and sole voting control of 1,179,098 shares, representing 5.09% of the shares outstanding.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 (the "Act") requires the Corporation's officers, directors, and persons who own more than 10% of a registered class of the Corporation's equity securities, to file reports of ownership and changes in ownership with the Securities & Exchange Commission (the "SEC"). Officers, directors and greater than 10% stockholders are required to furnish the Corporation with copies of all Section 16(a) reports they file.

Based solely on its review of the copies of Forms 3, 4 and 5 received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Corporation believes that, during the calendar year 2004, all filing requirements applicable to its officers, directors and greater than 10% beneficial owners were fulfilled, except that one Form 4 filing for Paul M. Limbert, Robert H. Young, Jerome B. Schmitt, Kristine N. Molnar, John W. Moore, Peter W. Jaworski, Larry G. Johnson and Brent E. Richmond with respect to a single option grant made in 2004 were filed late. Additionally, John W. Moore filed one additional Form 4 late.

with respect to one transaction involving a sale of shares by a member of his immediate family. The Corporation is required to report late filings.

Transactions With Directors and Officers

It has been the practice of the Bank, on occasion, to engage in the ordinary course of business in banking transactions, which at times involved loans in excess of \$60,000, with some of its Officers and Directors and some of the Officers and Directors of the Corporation and their associates. It is anticipated that the practice will be continued. All loans to such persons, however, have been made, and in the future will be made, in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not, and will not, involve more than normal risk of collectibility or present other unfavorable features. From time to time, the firm of Schrader, Byrd & Companion, PLLC, of which Ray A. Byrd, Director of the Corporation, is a member, performs services for the Corporation. It is contemplated that this firm will be retained to perform legal services during the current year. The Corporation also retains the law firm of McCamic, Sacco, Pizzuti & McCoid, PLLC, pursuant to an agreement dated November 30, 2001, as modified by letter dated January 7, 2003. The agreement provides for a monthly retainer of \$6,000 and continues for a term of six (6) years from March 1, 2002. Jay T. McCamic, a Director of the Corporation, is a member of such professional limited liability company.

Kristine N. Molnar's husband, Douglas A. Molnar, was Executive Vice President of James Communications, Inc. which provided marketing, advertising and creative services to the Corporation during the year 2004 under a month to month contract at fees totaling \$496,022 which expired on December 31, 2004. Mr. Molnar was hired as a Senior Vice President of the Corporation effective as of January 1, 2005.

Election of Directors

The Board of Directors of the Corporation is divided into three classes, as nearly equal in number as the numerical membership of the Board will permit, the members of such classes to serve staggered terms of three years each. The Bylaws permit the Board to determine each year the number of Directors up to a maximum of thirty-five (35), and the Board of Directors has determined that the Board shall consist of nineteen (19) members, and has fixed the number of Directors to be elected at the forthcoming meeting at five (5), four (4) of whom are to be elected for a three (3) year term which will expire at the annual stockholders meeting in 2008, and one (1) of whom will be elected for a two (2) year term which will expire at the annual stockholders meeting in 2007. Shares may not be voted for a greater number of persons than are nominated.

There are no family relationships among the directors, nominees or executive officers of the Corporation, except that Abigail M. Feinknopf is the sister of Jay T. McCamic. A majority of the Corporation's directors are independent as defined in Nasdaq listing standards. The Board has determined that all of the directors and nominees are independent as that term is defined under the Nasdaq definition, except for Abigail M. Feinknopf, Jay T. McCamic, Paul M. Limbert and Edward M. George.

Accordingly, the following persons have been nominated for election to the Board:

The Corporation maintains a defined benefit pension plan for all employees and a Supplemental Employee Retirement Plan for certain executive officers. The preceding pension plan table lists the approximate annual retirement benefits (qualified plan only) an executive officer would receive if he or she retired at age 65. Amounts are based on a full life annuity form for the defined benefit plan.

Under the defined benefit plan, a participant's compensation covered by the Corporation's pension plan is the salary reported on the Form W-2 plus 401(k) Plan elective deferrals and Section 125 contributions made by the employee (as reported in the Summary Compensation Table), for the 60 consecutive months out of the last 120 consecutive months of the participant's career for which such average is the highest, or in the case of a participant who has been employed for less than 60 months, the period of his employment with the Corporation. Average compensation for named executives as of the end of the last calendar year is: Mr. Limbert, \$380,666; Mr. Young, \$260,495; Mr. Schmitt, \$197,477; Mrs. Molnar, \$184,926; and Mr. Moore, \$173,327. The estimated years of service for each named executive are as follows: Mr. Limbert: 27.7; Mr. Schmitt: 32; Mrs. Molnar: 20.5; Mr. Moore: 28.6; and Mr. Young: 3.7. The plan benefit is not subject to any offset for social security benefits. Under current IRS rules only annual compensation of \$200,000 (for 2004) or less is considered covered compensation for defined benefit plan purposes.

In 1999, the Corporation approved and subsequently established a Supplemental Employee Retirement Plan for certain executive officers, including some of the individuals named in the Summary Compensation Table. Although benefits under the plan are unsecured, the Corporation funded payment of certain of such benefits through bank owned life insurance arrangements where appropriate or available. The plan is a non-qualified retirement benefit. The Plan's annual accrued benefits for the named executive officers are noted in the Compensation Table.

This plan provides for payment of a scheduled annual benefit at normal retirement age of 65 of a fixed amount which was set at the time of adoption, payable annually for a period of 10 years. The plan further provides, pursuant to a schedule, for (i) a reduced early retirement benefit, (ii) a disability retirement benefit, and (iii) a benefit payable upon a termination of employment other than due to death, disability or retirement within three years after a change of control (as defined in the plan) of the Corporation. Each of these annual benefits is payable in monthly installments for a period of 10 years beginning with the month following the date that the executive attains age 65.

Death benefits also are payable under the Supplemental Plan. If the executive dies prior to any termination of employment with the Corporation, the executive's designated beneficiary is entitled to a payment of a death benefit under a split dollar life insurance agreement. If the executive dies after payment of retirement benefits under the plan has commenced, any remaining benefit payments will be paid to the executive's designated beneficiary in the same manner as they would have been paid to the executive. In addition, if the executive dies after termination of employment with the Corporation and prior to the commencement of any payment of retirement benefits under the plan, the executive's designated beneficiary will be entitled to receive payment of the executive's retirement benefit under the plan beginning with the month following the executive's death.

Corporation Change in Control Agreements

During 1999, or upon initial employment, if later, the Corporation entered into agreements with all officers listed in the Summary Compensation Table and with certain other officers to encourage those key officers not to seek other employment because of the possibility of another entity's acquisition of the Corporation. These agreements were designed to secure the executives' continued service and dedication in the face of the perception that a change in control could occur, or of an actual or threatened change in control. Because of the amount of acquisition activity in the banking industry, the Board of Directors believed that entering into these agreements was in the Corporation's best interest.

The agreements operate only upon the occurrence of a change in control as described below. Absent a change in control, the agreements do not require the Corporation to retain the executives in its employ or to pay them any specified level of compensation or benefits.

Each agreement provides that if a change in control of the Corporation or its bank subsidiary which employs the employee (collectively, the Subsidiary) occurs, the Corporation and the Subsidiary will be obligated to continue to employ the executive during the time period starting upon the occurrence of a change in control and ending two years thereafter (or, if earlier, at the executive's retirement date under established rules of the Corporation's tax-qualified retirement plan) (the Term of Employment).

If, during the Term of Employment, the executive is discharged by the Corporation or the Subsidiary without cause or resigns for good reason, then the executive shall receive a lump sum payment equal to three times (i) the highest rate of the executive's annual base salary in effect prior to the date of termination, and (ii) the greater of the executive's average annual bonus over the three years ending prior to the date of termination, or the executive's bonus established for the annual bonus year in which the date of termination occurs. If the executive is

terminated during the Term of Employment for any reason other than cause, then for a period of 18 months from the date of termination, the executive and/or the executive's family will continue to receive insurance and health care benefits equivalent to those in effect immediately prior to the date of the change in control, subject to reduction to avoid duplication with benefits of a subsequent employer.

Generally, and subject to certain exceptions, a change in control shall be deemed to have occurred if (a) final regulatory approval is obtained for any party to acquire securities of the Corporation and/or the Subsidiary representing 20% or more of the combined voting power of the Corporation's or the Subsidiary's then outstanding securities; (b) during any two consecutive years, there is a significant change in the Corporation's or the Subsidiary's Board of Directors not approved by the incumbent Board; or (c) final regulatory approval is obtained for a plan of complete liquidation or dissolution or sale of all or substantially all of the Corporation's or the Subsidiary's assets or certain significant reorganizations, mergers and similar transactions involving the Corporation or the Subsidiary.

If an excise tax under Section 4999 of the Internal Revenue Code applies to these payments, the Corporation will either pay the executive a reduced amount as a lump sum or over an extended period of years such that the net present value of such payments would not cause an excise tax to become due.

Compensation Committee Report

Members of the Compensation Committee consist of the non-salaried members of the Executive Committee and one additional member of the Board of Directors and include Messrs. Criss, Chalfant, Kirkbride, Strauss, and Tanner.

Generally, compensation policies are determined by the annual budget process in which overall salary adjustment ranges are established based upon a projected annual budgeted amount for salaries. The actual increases are then allocated based on administration of the Corporation's salary administration program, and individual performance evaluations, which are done each year on all employees, including executive officers. Salary increases are also adjusted for merit increases and changes in duties and responsibilities where warranted.

Corporation performance, including total stockholder return, is considered in establishing the annual budget for salary increases, which is the initial part of the process. Projected annual income growth and savings through automation and consolidation are considered in establishing the overall salary increase range. Also, Corporation performance factors, including net income, return on assets and return on equity, are considered in setting annual bonuses. The bonuses are determined using specific targets and goals and applying a subjective final judgment to the analysis.

During 2004, the Compensation Committee engaged an outside consultant to review senior executive officer salaries, retirement benefits, annual bonuses, and total compensation. The consultant conducted a comparative survey of salary and corporate performance from a select peer group of banks, and a salary review based on a comparison with salary information from a national group of banks reflecting total compensation, three year averages for such compensation, other compensation, and stock option awards.

Based on the survey work conducted by the firm, the consultant reported that even though Wesbanco outperformed many members of the select peer group, based on a one year and three year performance measurement (considering the average and the 50th percentile of such performance) total compensation levels for the executive officers of the Corporation have fallen below the 50th percentile for key executive positions. The consultant noted that this issue exists for base compensation levels and incentive opportunities, where total compensation ranks below the 50th percentile for three out of the four top executive officers of the Corporation. The consultant further reported that the survey data confirms that for the top four executives and the next five positions in order of rank, total compensation is at or below the 50th percentile for the selected peer group. The consultant further noted that based on the firm's review of other benefits, primarily retirement benefits, as a result of the existing cap

Edgar Filing: WESBANCO INC - Form DEF 14A

on the defined benefit pension plan, the estimated replacement income at retirement for several executives will fall below other similarly situated executives.

Considerations affecting Mr. Limbert's salary and bonus for 2004 included the overall salary administration program of the Corporation and the continuing work involved in integrating systems and procedures. The Committee considered, in particular, the improvement of corporate financial performance in the year in earnings per share and return on equity and the progress made in addressing regulatory issues relative to the administration of the subsidiary bank's Bank Secrecy Act and Anti-Money Laundering Program. The Committee also considered the interest rate environment in which the Corporation operated during the past year, the improvement in the efficiency ratio achieved by the Corporation, and the completion of one acquisition and the execution of a definitive agreement for a second acquisition. Also, the Committee considered the overall increases granted to other employees in the Corporation.

In considering Mr. Limbert's compensation and the bonuses paid to senior executive officers, the Committee also considered the consultant's comparative data for certain regional bank holding companies which compete in markets served by the Corporation and markets within reasonable proximity thereto (hereinafter referred to as Peer Group). The Peer Group information reflected that overall, relative to published survey medians for base salary and total cash compensation in similar size organizations, the Corporation's top executive group's base salaries and total cash compensation are in the lower median of competitive levels. Total direct compensation continues to be below the 50th percentile.

The Committee reaffirmed its goal of striving to maintain its base salary structure at the middle of the appropriate competitive marketplace and positioning actual salaries at the middle of the marketplace subject to performance, longevity and evaluation. The Committee also considered the other benefit programs being provided, including the defined benefit pension plan, certain supplement retirement plan benefits, the Corporation's KSOP Plan, and certain other contractual benefits.

Description of Employment Contracts

The Corporation and its subsidiaries provide certain executive officers, including the executive officers named in the Summary Compensation Table, with written Employment Contracts at their respective base annual salaries. These contracts are all substantially the same and are structured on a revolving three year term which is annually renewable. The contracts provide for discharge for cause, and terminate in the event of the death of the employee. If terminated by reason of the death of the employee, or without cause, the employee or his designated beneficiary is entitled to a severance payment equal to the greater of (i) six months of the employee's base salary, or (ii) the base salary the employee would have received had he continued to be employed throughout the end of the then existing term of the Agreement. There are no golden parachute type provisions contained in the contracts.

Several directors have been appointed to the Board and subsequently nominated for election pursuant to acquisition and merger related agreements. Mrs. Feinknopf was appointed to the Board pursuant to the merger agreement with American Bancorporation. Under the terms of the Agreement, Mr. Jeremy C. McCamic served as a member of the Board until December 31, 2002, at which time he resigned and the Corporation appointed his son, Jay T. McCamic, to the Board. Under the terms of the Agreement, the Corporation has agreed to include Mrs. Feinknopf and Mr. Jay T. McCamic as recommended nominees until each has served at least a full three (3) year term. Mr. Schulhoff was appointed to the Board pursuant to the Merger Agreement with Winton Financial Corporation. Under the terms of the Merger Agreement, the Corporation has agreed to include Mr. Schulhoff as a recommended nominee until he has served at least a full three (3) year term.

Wesbanco KSOP Plan

The Wesbanco Employee Stock Ownership and 401(k) Plan (the Plan) is a qualified non-contributory employee stock ownership plan with a deferred savings plan feature under Section 401(k) of the Internal Revenue Code. The employee stock ownership feature of the Plan (the ESOP) was adopted by the Corporation on December 31, 1986, and subsequently amended and restated effective January 1, 1996, to add 401(k) pre-tax savings features (the KSOP). All employees of the Corporation, together with all employees of the subsidiary companies which adopt the Plan, are eligible to participate in the KSOP on the first day of the month following completion of sixty (60) days of service and attaining age 21. The Plan is administered by a Committee appointed by the Board of Directors of the Corporation.

As of December 31, 2004, the Plan Trust held 614,479 shares or 3.3% of the outstanding shares of Corporation's common stock, of which 585,884 shares are allocated to specific employee accounts for both the ESOP component and the 401(k) savings component. The ESOP Trustee has available a \$2,000,000 borrowing capacity from an affiliated financial institution. A balance of \$253,241 was outstanding at December 31, 2004. The loan originated during 2000 and is structured as a revolving line of credit, and the unpaid balance of any borrowing is amortized over a five-year period at an interest rate equal to the lender's base rate. The Corporation is required to make annual payments to principal equal to 20% of the January 1st balance each year. Any balance due at maturity, which is December 15, 2005, is to be paid in full or refinanced. The ESOP is required to pledge the shares of employer securities purchased with the proceeds of the loan as security for the loan. The Corporation guaranteed the loan by issuing a contribution commitment letter. As securities are allocated to the accounts of participating employees, and the loan balance is paid down, they are released by the secured party.

Employer securities purchased with the proceeds of the loan are placed in a suspense account and released, prorata, from such suspense account under a formula which considers the amount of principal and interest paid for a given period over the amount of principal and interest anticipated to be paid for that period and all future periods. Shares released from the suspense account, employer contributions, if any, and forfeitures are each allocated, pro rata, subject to limits imposed by the Internal Revenue Code, to the accounts of individual participants under a format which considers the amount of the participant's compensation over the aggregate compensation of all participants.

Incentive Bonus Plan

Key Executive Incentive Bonus and Option Plan

The Board of Directors of the Corporation adopted and approved effective February 19, 1998 (the Effective Date), an incentive compensation plan to be sponsored and maintained by the Corporation, known as the Wesbanco, Inc. Key Executive Incentive Bonus and Option Plan (the Incentive Plan). The Incentive Plan was approved by the stockholders of the Corporation on April 15, 1998, and the stockholders approved an increase in the amount of stock available under the Incentive Plan to 1,000,000 shares on April 18, 2001. The Incentive Plan is administered by the Compensation Committee of the Corporation (the Committee.)

The Incentive Plan is designed to pay incentive compensation, in the case of Annual Bonus or Long Term Bonus or permit granting of Stock Options if the Committee determines, after review of all applicable measurements and circumstances, predetermined performance goals are actually achieved. If the Committee determines that applicable performance goals have not been met for a particular measurement period, no incentive compensation will be paid and/or no options will become vested with respect to that measurement period.

The Board of Directors of the Corporation is involved in the operation of the Incentive Plan to the extent of determining whether Annual Bonus awards will be made for a particular fiscal year and/or whether Long Term Bonus awards will be made available for a particular series of fiscal years and informing the Committee of the Board's priorities as to performance goals. The Committee makes awards and determines the amount, terms and conditions of each such award as well as the respective performance goals to be achieved in each period by the participants. The Committee has the sole discretion to interpret the Incentive Plan, establish and modify administrative rules, impose conditions and restrictions on awards, and take such other actions as it deems necessary or advisable, including, but not limited to, considering the effect, if any, of extraordinary items or special circumstances on the ability of one or more participants (each a Key Employee) to achieve performance goals for a period.

The Incentive Plan provides for awards of up to 1,000,000 shares of Common Stock. The number of shares available for issuance under the Incentive Plan is subject to anti-dilution adjustments upon the occurrence of significant corporate events. The shares offered under the Incentive Plan are either authorized and unissued shares or issued shares which have been reacquired by the Corporation and held in treasury.

The Incentive Plan consists of three portions: the Annual Bonus Portion, the Long Term Bonus Portion and the Stock Option Portion. A Key Employee may participate in one or more portions simultaneously. The Annual Bonus Portion provides a participating Key Employee an opportunity to earn incentive compensation, if any, based on the actual achievement of performance goals set for that Key Employee over a fiscal year of the Corporation. Under this program a total of \$678,500 in cash was allocated and paid for such bonuses in 2004 of which \$292,000 was paid to the officers noted on the Summary Compensation Table.

The Long Term Bonus Portion provides a participating Key Employee an opportunity to earn incentive compensation, if any, based on the actual achievement of performance goals set for that Key Employee over several fiscal years of the Corporation. Awards totaling \$68,000 were

Edgar Filing: WESBANCO INC - Form DEF 14A

allocated to key employees for 2004, of which \$45,000 were made to the officers in the Summary Compensation Table in 2004.

The Committee may grant to a Key Employee stock options which do not qualify as incentive stock options (non-qualified stock options). The terms and conditions of stock option grants including the quantity, price, waiting periods, and other conditions on exercise are determined by the Committee but the exercise price per share may not be less than the fair market value of a share on the date of the grant. Options may vest over a period of time determined by the Committee based on the elapse of time or the actual achievement of performance goals set by the Committee at the time of grant. Under the Incentive Plan, if a Change in Control occurs, all stock options will become vested and exercisable and all opportunities for Annual Bonus and Long Term Bonus will be deemed earned and be immediately payable.

¹ Capitalized terms not herein defined in this section have the meanings given to them in the Incentive Plan.

Fees in the total amount of \$174,900 were paid to Directors for attendance at meetings of the Board of Directors of the Corporation and at meetings of all Committees of the Corporation during the year 2004. In addition, fees in the aggregate amount of \$94,650 were credited to the accounts of those Directors who have elected to participate in the Wesbanco, Inc. and All Affiliate Banks Directors Deferred Compensation Plan, pursuant to which payment of fees for attendance at meetings of the Board of Directors and committees established by the Board may be deferred and deemed invested in

common stock or in a money market account. The Board has approved increased fees for the year 2005. The per meeting Board attendance fee was increased to \$1,000 and the Executive Committee attendance fee was increased to \$1,250.

The Corporation has a standing Nominating Committee. Members of the Corporation's Nominating Committee are Vaughn L. Kiger, R. Peterson Chalfant and Christopher V. Criss, all of whom are independent directors, as the term is defined in Nasdaq listing standards. The Committee meets only when vacancies on the Corporation's Board of Directors are to be filled and met once in conjunction with a regular board meeting during calendar year 2004. The principal function of the Committee is to recommend individuals for election to the Board of Directors. Shareholder nominations may be considered by the Committee if made in accordance with the Bylaw requirements. See Stockholders Intending to Nominate Candidates for Election to Board of Directors Must Give Notice to Corporation. The Committee will consider recommendations of shareholders for nomination to the

Board and shareholders may submit such recommendations in writing to the Secretary of the Corporation at its principal office. The Committee considers share ownership, business experience and expertise, educational background, geographic location, board experience and business interests and relationships in evaluating nominees. The Committee weighs all such criteria in evaluating recommendations, whether from shareholders or others.

Each director attended at least 75% of the total meetings of the Board of Directors and its committees held in 2004, with the exception of Abigail M. Feinknopf who attended 57% of the total of such meetings. The Corporation does not require its directors to attend the annual meeting of the shareholders, but attendance is encouraged. Thirteen directors attended the 2004 shareholders meeting.

Compensation Committee Interlocks and Insider Participation

The Corporation has a standing Compensation Committee. The members of the Corporation's Compensation Committee include Reed J. Tanner, Robert E. Kirkbride, Carter W. Strauss, Christopher V. Criss, and R. Peterson Chalfant, all of whom are independent directors as the term is defined in Nasdaq listing standards and under applicable law. The Compensation Committee met two times during the year. The principal functions of the Committee are to review and approve salary adjustments for officers, bonus recommendations, executive compensation, overall salary and benefit costs, and the Incentive Bonus Plan.

Audit Committee

The Corporation has an Audit Committee. All members are considered independent and the currently serving members are: Christopher V. Criss, Chairman, Reed J. Tanner, James E. Altmeyer, Ernest S. Fragale and Carter W. Strauss. Certain members of the Audit Committee are partners, controlling stockholders or executive officers of an organization that has a lending relationship with the banking affiliate of the Corporation, or individually, they maintain such relationships. The Corporation's Board of Directors has determined that such lending relationships do not interfere with the director's exercise of independent judgment. Each of the Audit Committee members satisfies the current definition of independent director applicable to Audit Committee members as established by the Nasdaq listing standards. The Board of Directors of the Corporation has determined that Reed J. Tanner, a licensed CPA, is an audit committee financial expert as defined in Item 401 of Regulation S-K and that he is independent as that term is used in Item 7 of Schedule 14A. The Corporation has adopted a formal charter and the Audit Committee has reviewed and assessed the adequacy of the written charter during the past year. A copy of the written charter is attached hereto as Exhibit A and made a part hereof. The Audit Committee met nine times in 2004.

The Audit Committee's pre-approval policies and procedures are detailed in the Audit Committee Charter which is attached to this Proxy Statement. Of the total 2004 audit fees of \$641,600, approximately 93.2% were pre-approved by the Audit Committee before commencement of the service, and the remainder were approved by management under terms of the Audit Committee's pre-approval policy or under a diminimis exception provided for under Sarbanes-Oxley regulations, subject to later ratification by the Committee. Additionally, 91.4% of the 2004 audit-related fees totaling \$144,910 and 100% of the tax fees totaling \$11,250 were pre-approved by the Audit Committee. For 2003, 100% of the above three categories were pre-approved by the Audit Committee.

Report of Audit Committee

The Audit Committee oversees the Corporation's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management, including a discussion

Edgar Filing: WESBANCO INC - Form DEF 14A

of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the registered public accounting firm, Ernst & Young LLP, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Corporation's accounting principles and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States and by codification of statements on auditing standards, pursuant to PCAOB Rule 3600T. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, as may be modified or supplemented, and has discussed with the independent auditors the independent auditors' independence from management and the Corporation and considered the compatibility of nonaudit services with the auditors' independence.

The Audit Committee discussed with the Corporation's internal and independent auditors the overall scope and plans for and results of their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Corporation's internal controls, credit quality and the overall quality of the Corporation's financial reporting.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission. This report is not deemed soliciting material or deemed to be filed with the SEC or subject to Regulation 14A, or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, except to the extent requested by the Corporation or specifically incorporated by documents otherwise filed.
