INFORMATION STATEMENT

April 6, 2005

WE ARE NOT ASKING YOU FOR A PROXY

AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

On February 14, 2005, we entered into a definitive agreement with Sprint Corporation and certain of its subsidiaries (Sprint) under which we will have the exclusive right to lease or, if certain consents have not been obtained, operate more than 6,600 wireless communication tower sites and the related towers and assets (the Towers) for a period of 32 years for approximately \$1.2 billion (the Sprint Transaction). Prior to the execution of the definitive documents for the Sprint Transaction, we submitted several bids to Sprint in an auction process conducted by Sprint with respect to the Towers. On August 23, 2004, we submitted our first bid. After the first round of bidding, Sprint required that any bidder also provide commitments for the financing necessary to consummate that bidder's proposed transaction. For more information on the auction process conducted by Sprint, see *The Equity Transaction* Background of the Equity Transaction. For more information on the terms of the Sprint Transaction, see *The Equity Transaction* The Sprint Transaction.

In connection with the financing necessary for the Sprint Transaction, our board of directors established a special committee of the board (the Special Committee) on September 10, 2004 to explore and negotiate the equity financing for the Sprint Transaction. On September 27, 2004, an affiliate of Fortress Investment Holdings LLC (Fortress), our largest stockholder, in connection with our bid for the Towers, submitted a commitment letter to us to provide up to 50% of the anticipated equity financing for the proposed transaction with respect to the Towers. On November 19, 2004, in connection with our submission of a revised bid to Sprint, Fortress, on behalf of itself and certain of its affiliates, submitted to us a revised commitment letter to provide up to \$400 million of equity financing to us, with the expectation that one or more large institutional investors would also participate. Subsequently, in connection with additional revised bids by us to Sprint, affiliates of Fortress, Abrams Capital LLC (Abrams) and Greenhill Capital Partners LLC (Greenhill), our three largest stockholders (the Investors), proposed to commit to provide up to \$500 million of equity financing in connection with the Sprint Transaction. The terms of this proposed equity financing transaction with the Investors (which we refer to herein as the Equity Transaction) are described in greater detail below in this information statement. See *Terms of the Equity Transaction*.

On February 3, 2005, the Special Committee engaged Bear, Stearns & Co. Inc. (Bear Stearns) to assist it in analyzing and evaluating the equity financing proposal from the Investors and to render an opinion as to the fairness, from a financial point of view, to us of the terms and price to be paid to us for the common stock to be issued to the Investors in the Equity Transaction. On February 7, 2005, Bear Stearns delivered an oral opinion to the Special Committee, confirmed in writing on February 9, 2005, that as of the date of the opinion, and based upon and subject to the assumptions made, matters considered, qualifications and limitations set forth in the opinion, the terms and price to be paid to us for our common stock to be issued to the Investors in the Equity Transaction were fair from a financial point of view to us. A copy of the opinion is included in Annex A to this information statement.

Table of Contents

On February 7, 2005, the Special Committee determined that it was advisable, desirable and in the best interests of us and all of our stockholders that our board approve and authorize the Equity Transaction. On February 8, 2005, our board determined that the Equity Transaction is advisable and in our, and all of our stockholders', best interests and unanimously approved the Equity Transaction. On February 14, 2005, Fortress, Abrams and Greenhill, holders of approximately 75.3% of our common stock, entered into an Investment Agreement with us (the "Investment Agreement") and executed a written consent approving the Equity Transaction. This consent constitutes the consent of a majority of the total number of shares of our outstanding common stock and is sufficient to approve the Equity Transaction. As a result, we will not be asking you to take action on the Equity Transaction. See *Terms of The Equity Transaction* Investment Agreement.

We are furnishing this information statement to our stockholders to provide you with certain information in connection with the Equity Transaction. The Equity Transaction will not be effected until at least 20 days after we first send this information statement to stockholders.

This information statement provides further information about Global Signal and the Equity Transaction. Please carefully read the information statement in its entirety. You may also obtain other information about Global Signal from publicly available documents that have been filed with the Securities and Exchange Commission. See *Where You Can Find More Information*.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of this transaction or passed upon the fairness or merits of such transaction or upon the accuracy or adequacy of the information contained in this document. Any representation to the contrary is a criminal offense.

This information statement is first being mailed to stockholders on or about April 6, 2005.

THE EQUITY TRANSACTION

The following is a summary of the material terms of the Equity Transaction and agreements relating to the Equity Transaction, including the Sprint Transaction. The following summary is qualified in its entirety by reference to the applicable agreements, which we have filed with the Securities and Exchange Commission (the SEC) as exhibits to our Current Report on Form 8-K filed with the SEC on February 17, 2005. In addition, we have included the Investment Agreement and Option Agreement (as defined below) in Annex B to this information statement. We encourage you to read these agreements in their entirety.

General

On February 14, 2005, Fortress, Abrams and Greenhill and certain of their respective affiliates, holders of approximately 75.3% of our common stock, entered into the Investment Agreement and executed a written consent approving the Equity Transaction. In the Equity Transaction, the Investors have committed to purchase from us, at a price of \$25.50 per share, up to \$500 million in aggregate of our common stock. The Investors' commitment will be reduced automatically by (i) the amount of net proceeds received by us from any offering of our equity securities prior to the closing of the Sprint Transaction (the Sprint Closing) and (ii) the amount of any borrowings in excess of \$750 million outstanding at the Sprint Closing under any credit facility or similar agreements provided to us in connection with the Sprint Transaction. However, the Equity Transaction commitment cannot be reduced below \$250 million. On March 10, 2005, we signed a term sheet from Morgan Stanley Asset Funding Inc., Bank of America, N.A. and Banc of America Securities LLC setting forth the terms and conditions on which they would provide bridge financing of up to \$850 million to us for the Sprint Transaction (the Debt Financing). The Debt Financing would decrease the Investors' commitment in the Equity Transaction to a maximum of \$400 million.

The Investors in the Equity Transaction consist of the following entities:

Fortress Investment Fund II LLC, a Delaware limited liability company (FIF II), an affiliate of our largest stockholder, Fortress Investment Holdings LLC;

Abrams Capital Partners II, L.P., a Delaware limited partnership, Abrams Capital Partners I, L.P., a Delaware limited partnership, Whitecrest Partners, L.P., a Delaware limited partnership, Abrams Capital International, LTD, a Cayman Island limited liability company and Riva Capital Partners, L.P., a Delaware limited partnership, affiliates of our third largest stockholder Abrams Capital, LLC; and

Greenhill Capital Partners, L.P., a Delaware limited partnership, which together with its affiliates, is our second largest stockholder, and the following affiliates of Greenhill Capital Partners, L.P.: Greenhill Capital Partners (Executive), L.P., a Delaware limited partnership, Greenhill Capital, L.P., a Delaware limited partnership, Greenhill Capital Partners (Cayman), L.P., a Cayman Islands limited partnership, Greenhill Capital Partners (Employees) II, L.P., a Delaware limited partnership.

Edgar Filing: GLOBAL SIGNAL INC - Form DEF 14C

As a result of the Equity Transaction, the total number of outstanding shares of our common stock will increase by the number of shares obtained by dividing (i) the total purchase price for the shares issued in the Equity Transaction by (ii) the per-share purchase price of \$25.50.

Table of Contents

If we do not complete an offering of our equity securities prior to the Sprint Closing, under an Option Agreement with us (the Option Agreement), the Investors will issue to us, at the closing of the Investment Agreement, a one-time option to purchase from the Investors a number of shares of our common stock having a value equal to the difference between the total consideration paid by the Investors for the Common Stock at the closing and \$250 million. Pursuant to the Option Agreement, we would purchase those shares at a price per share of \$26.50. The option would be immediately vested upon issuance at the closing and would expire six months and one day after the closing. If we were to exercise the option, we would purchase shares from each Investor in proportion to that Investor's participation in the Investment Agreement. In the event that we complete an offering of our equity securities prior to the Sprint Closing, we will not be entitled to this option and no option will be issued by the Investors. The option is non-transferable.

Background of the Equity Transaction

On February 14, 2005, we entered into a definitive agreement (the Agreement to Lease) with respect to the Sprint Transaction. Pursuant to the Agreement to Lease, we agreed to lease or, if certain consents have not been obtained, operate for a period of 32 years over 6,600 wireless communication tower sites and the related towers and assets (collectively, the Towers) from one or more newly formed special purpose entities of Sprint (collectively, Sprint TowerCo), under one or more master leases for which we have agreed to pay approximately \$1.2 billion as prepaid rent (the Upfront Rental Payment), subject to certain conditions, adjustments and pro-rations. The closing of the Sprint Transaction (the Sprint Closing) is expected to occur near the end of the second quarter of 2005. See The Sprint Transaction.

Prior to the execution of the Agreement to Lease, we submitted several bids to, and engaged in discussions with, Sprint in an auction process conducted by Sprint with respect to the Towers. On August 23, 2004, we submitted our first bid relating to the Towers. After the first round of bidding, Sprint required that any bidder also provide commitments for the financing necessary to consummate such bidder's proposed transaction with respect to the Towers. In order to obtain such commitments within the time allowed by the auction process, we began discussions with Fortress and other large institutional investors regarding possible financing arrangements. Our board of directors established the Special Committee on September 10, 2004, consisting of Howard Rubin and Robert H. Niehaus, who are unaffiliated with Fortress, to evaluate and negotiate the equity financing for our proposed transaction with respect to the Towers. On September 27, 2004, an affiliate of Fortress, in connection with our bid for the Towers, submitted a commitment letter addressed to us to provide up to 50% of the anticipated equity financing for the proposed transaction with respect to the Towers. Subsequently, we also began discussions with Greenhill and another institutional investor regarding possible participation in the financing arrangements. Mr. Niehaus, a Managing Director of Greenhill & Co., Inc. and Chairman of Greenhill, resigned from the Special Committee on November 14, 2004, and the board appointed Mark Whiting to the Special Committee. On November 19, 2004, in connection with our submission of a revised bid to Sprint, Fortress, on behalf of itself and its affiliates, submitted to us a commitment letter to provide up to \$400 million of equity financing to us, with the expectation that one or more large institutional investors would also participate. In connection with this commitment, the Special Committee established \$24.43 per share as the price we would receive for our common stock, based on the previous five-trading-day average.

On December 15, 2004, Sprint announced its merger agreement with Nextel Communications, Inc., resulting in a delay in the auction process for the Towers until late January, 2005. On January 31, 2005, we submitted a revised bid to Sprint. On February 1, 2005, we and Sprint entered into an exclusivity agreement in connection with the negotiation of the Sprint Transaction. On February 4, 2005, Fortress submitted another revised commitment letter to us, pursuant to which certain of its affiliates agreed to provide up to \$450 million in equity financing to us in connection with our revised bid for the proposed transaction with Sprint. As a result of our successful bid for the Towers and Fortress's commitment for equity financing for the Sprint Transaction, the Investors entered into the Investment Agreement with us on February 14, 2005. In entering into the Investment Agreement, we and the Investors assumed that consummation of the Sprint Transaction would cost approximately \$1.25 billion, including all fees and expenses, and that we would finance this amount by raising \$850 million in debt and issuing \$400 million of equity.

Table of Contents

On February 3, 2005, the Special Committee engaged Bear Stearns to assist it in analyzing and evaluating the equity financing proposal from the Investors and to render an opinion as to the fairness, from a financial point of view, to us of the terms and price to be paid to us for the common stock to be issued to the Investors in the Equity Transaction. On February 7, 2005, Bear Stearns delivered an oral opinion to the Special Committee, confirmed in writing on February 9, 2005, that, as of the date of the opinion and based upon and subject to the assumptions made, matters considered, qualifications and limitations set forth in the opinion, the terms and price to be paid to us for our common stock to be issued to the Investors in connection with the Sprint Transaction were fair from a financial point of view to us. For more information regarding the opinion, see Summary of Opinion of Financial Advisor to the Special Committee of the Board of Directors. The foregoing summary of Bear Stearns' opinion is qualified in its entirety by reference to the full text of the opinion, which is included as Annex A to this information statement. On February 7, 2005, the Special Committee determined that it was advisable, desirable and in the best interests of Global Signal and all of its stockholders that Global Signal's board of directors approve and authorize the Investment Agreement and the other transactions contemplated thereby. Global Signal's board of directors, in connection with the approval of the Sprint Transaction, subsequently approved the Investment Agreement and determined that consummation of the transactions contemplated by the Investment Agreement were advisable and in the best interests of Global Signal and all of its stockholders. At this meeting, our board of directors also delegated to the Special Committee the final determination of whether any modifications still being negotiated to the transaction documents for the Sprint Transaction after the date of this meeting were material and would effect the fairness of the Sprint Transaction.

The Sprint Transaction

Agreement to Contribute, Lease and Sublease

On February 14, 2005, we, Sprint and certain Sprint subsidiaries (the Sprint Contributors) entered into the Agreement to Lease. Under the Agreement to Lease, we agreed to lease or, if certain consents have not been obtained, operate for a period of 32 years the Towers from Sprint TowerCo, under one or more master leases for which we have agreed to pay the Upfront Rental Payment at the Sprint Closing, subject to certain conditions, adjustments and pro-rations. The Sprint Closing, which is subject to customary closing conditions, is expected to occur in the latter part of the second quarter of 2005. Certain Sprint entities will sublease space on approximately 6,400 of the Towers (as described in more detail under Master Lease) and the Towers have over 5,600 collocation leases with other wireless tenants and substantially all the revenue is derived from wireless telephony tenants. Upon the Sprint Closing, we will own, lease or manage over 10,600 wireless communications towers and other communications sites.

Upon the signing of the Agreement to Lease, we placed a \$50 million deposit in escrow. If the Sprint Closing occurs, the deposit and earnings thereon will be credited against the Upfront Rental Payment. If, however, the Sprint Closing does not occur as a result of our material breach, or in the event that we are unable to obtain the funds necessary to close the Sprint Transaction, then Sprint will be entitled to retain the deposit.

The Agreement to Lease also contains various covenants, including, but not limited to, (a) covenants by us to use commercially reasonable efforts to obtain certain consents and to enter into agreements with respect to the financing needed to consummate the Sprint Transaction and (b) covenants by Sprint to conduct its business pending the Sprint Closing in the ordinary course and not to solicit any submissions, or engage in any discussions with any third party, with respect to any proposal for the acquisition or lease of the Towers. In addition, both parties covenant to use their respective commercially reasonable efforts to close the Sprint Transaction.

Sprint has agreed to indemnify us (including our officers, directors and affiliates) for any losses related to (i) a breach of a Sprint representation, (ii) a breach of a Sprint covenant, (iii) any taxes of Sprint or Sprint TowerCo created in connection with the Agreement to Lease (other than those which we expressly assume), and (iv) the assets and liabilities of Sprint specifically excluded in the Agreement to Lease. We have agreed to indemnify Sprint (including its officers, directors and affiliates) for any losses related to (i) a breach of one of our

Table of Contents

representations, (ii) a breach of one of our covenants, and (iii) any failure of ours to discharge the liabilities we assume in connection with the Sprint Transaction. We and Sprint have agreed that, subject to certain exceptions, neither party shall make any indemnity claim for any individual loss related to a breach of a representation that is less than \$15,000 unless and until all indemnifiable losses, irrespective of amount, related to breaches of representations exceed \$10,000,000, in the aggregate.

The Agreement to Lease contains certain other customary covenants and agreements, including termination rights for each of Sprint and us, including the right of either party to terminate if the Sprint Closing does not occur by August 13, 2005. In the event that we do not meet certain milestones in obtaining certain consents, Sprint may have additional termination rights; however, we may be able to extend such milestones and/or waive the consent requirements and proceed to closing.

Master Lease

At the Sprint Closing, Sprint TowerCo will enter into a Master Lease and Sublease (the *Master Lease*) with one or more special purpose entities (collectively, *Lessee*) created by us. The term of the Master Lease will expire in 2037 and there are no contractual renewal options. Except for the Upfront Rental Payment, the Lessee will not be required to make any further payments to Sprint TowerCo for the right to lease or operate the Towers during the term of the Master Lease. The Sprint Contributors currently lease the land under substantially all of the Towers from third parties and the Lessee will assume all of the Sprint Contributors' obligations that arise under the Tower ground leases after the Sprint Closing. Additionally, the Lessee will be required to pay all costs of operating the Towers as well as an agreed-upon amount for real and personal property taxes attributable to the Towers. During the period commencing one year prior to the expiration of the Master Lease and ending one hundred and twenty days prior to the expiration of the Master Lease, the Lessee will have the option to purchase all (but not less than all) of the Towers then leased for approximately \$2.3 billion, subject to adjustment, including based on a final appraisal of the Towers to be completed prior to the Sprint Closing.

The Lessee will be entitled to all revenues from the Towers leased or operated by it during the term of the Master Lease, including amounts payable under existing Tower collocation agreements with third parties. In addition, under the Master Lease, Sprint entities that are part of Sprint's wireless division have agreed to sublease or otherwise occupy collocation space (the *Sprint Collocation Agreement*) at approximately 6,400 of the Towers for an initial monthly collocation charge of \$1,400 per Tower (the *Sprint Collocation Charge*) for an initial period of ten years. The Sprint Collocation Charge is scheduled to increase each year, beginning January 2006, at a rate equal to the lesser of (i) 3% or (ii) the sum of 2% and the increase in the consumer price index during the prior year. After ten years, Sprint may terminate the Sprint Collocation Agreement at any or all Towers; provided, however, that if Sprint does not exercise its termination right prior to the end of nine years at a Tower (effective as of the end of the tenth year), the Sprint Collocation Agreement at that Tower will continue for a further five-year period. Sprint may, subsequent to the ten-year initial term, terminate the Sprint Collocation Agreement as to any or all Towers upon the 15th, 20th, 25th or 30th anniversary of the commencement of the Master Lease.

Subject to arbitration and cure rights of the Lessee's lender(s), in the event of an uncured default under a ground lease, Sprint TowerCo may terminate the Master Lease as to the applicable ground lease site. In the event of an uncured default with respect to more than 20% of the sites during any rolling five-year period, and subject to certain other conditions, Sprint TowerCo may terminate the entire Master Lease.

We will guarantee the full and timely payment and performance and observance of all of the terms, provisions, covenants and obligations of the Lessee under the Master Lease up to a maximum aggregate amount of \$200 million.

Sprint Transaction Signing Deposit

On December 3, 2004, Global Signal Operating Partnership, L.P. entered into a 364-day \$20 million revolving credit agreement with Morgan Stanley Asset Funding Inc. and Bank of America, N.A., to provide funding for working capital and other corporate purposes. Amounts available under the revolving credit facility will be reduced to \$15.0 million upon the earlier of the completion of certain equity issuances by us in excess of \$5 million (excluding any equity issuances by us in connection with the Sprint Transaction or as a result of the exercise of options or warrants outstanding as of February 9, 2005) or June 3, 2005. On February 9, 2005, we amended and restated our revolving credit facility to provide an additional \$50 million term loan facility to be used in connection with the Sprint Transaction. On February 14, 2005, the full amount of the term loan was posted as a deposit, as required under the Agreement to Lease. The term loan must be repaid on the earlier of (i) the six-month anniversary of the funding of the term loan, (ii) the date that we receive a refund of the deposit from Sprint under the Agreement to Lease and (iii) the date of the Sprint Closing.

Debt Financing

On February 8, 2005, we received a letter from Morgan Stanley Asset Funding Inc., Bank of America, N.A. and Banc of America Securities LLC setting forth the terms on which they would provide bridge financing of approximately \$750 million to us for use in funding the Sprint Transaction. On March 10, 2005, we signed a non-binding term sheet from these bridge lenders that set forth the terms and conditions on which they would provide an increased amount of financing of up to \$850 million. The terms provide for advance funding of \$75 million, of which \$50 million would be used to repay the \$50 million term loan advanced under our revolving credit facility discussed above and the remaining \$25 million would be utilized to fund fees and expenses associated with the Sprint Transaction. The loan advance would have to be repaid by the earlier of (i) August 14, 2005, (ii) the date on which we receive a refund of the \$50 million deposit under the Agreement to Lease, and (iii) the consummation of the acquisition of the Towers. The loan advance will bear interest at 30-day LIBOR plus 1.75%. The bridge loan is expected to have a term of 12 months after the closing and, subject to compliance with certain conditions, two six-month extensions at our option. During the first 12 months of the loan, the bridge loan is expected to bear interest at 30-day LIBOR plus either 1.5% or 1.75% per annum, depending on the cash flow generated by the Towers. In either case, the rate is expected to increase by 0.25% upon the first extension and 0.75% upon the second, if such extension options are exercised. The loan is expected to require an origination fee of 0.375% of \$775 million of the loan amount and an extension fee in connection with each extension option of 0.25% of the loan amount. In addition, we expect to be required under the facility to pay an exit fee under certain circumstances. The loan is expected to contain customary events of default, including bankruptcy of the borrower or us, change of control or cross-default to our other indebtedness.

Interest Rate Swaps

In February 2005, we entered into interest rate swap agreements for a total notional value of \$750 million to hedge the variability of interest rates until we obtain fixed rate financing to finance the Sprint Transaction. Under the interest rate swaps, we agreed to pay the counter party a fixed interest rate of 4.303% from June 1, 2005 through December 1, 2010, with a mandatory maturity date of March 31, 2006, in exchange for receiving floating payments based on three-month LIBOR on the same notional amount for the same period. In March 2005, we entered into interest rate swap agreements for a total notional value of \$100 million for the same purpose and under the same terms except with a fixed interest rate of 4.733%.

Recommendation of the Board of Directors

Edgar Filing: GLOBAL SIGNAL INC - Form DEF 14C

Our board of directors has determined that this proposed issuance and sale of common stock is advisable, desirable and in the best interests of Global Signal and all of our stockholders. Accordingly, the board has unanimously approved the Equity Transaction. Holders of approximately 75.3% of our common stock have executed a written consent approving this proposed issuance and sale of our common stock. As a result, it is not

Table of Contents

necessary for us to call a special meeting of stockholders to consider the Equity Transaction, and your approval is not required and is not being sought. This proposed issuance and sale of our common stock will not be effected until at least 20 days after this information statement has first been sent to stockholders.

Reasons for the Equity Transaction

In approving the Equity Transaction, our board of directors considered, among other things, each of the following favorable factors:

the fact that our board of directors believed that the Sprint Transaction was in our, and all of our stockholders', best interests and that the Equity Transaction enabled us to participate in the Sprint auction;

the fact that after the first round of bidding in the auction process conducted by Sprint with respect to the Towers, Sprint required that any bidder provide commitments for the financing necessary to consummate such bidder's proposed transaction with respect to the Towers, and Fortress (on behalf of itself and other of its affiliates) provided commitments with respect to the equity financing for our proposed transaction with respect to the Towers;

the oral opinion of Bear Stearns to the Special Committee, subsequently confirmed in writing, that as of the date of the opinion and based upon and subject to the assumptions made, matters considered, qualifications and limitations set forth in the opinion, the terms and price to be paid to us for our common stock to be issued to the Investors in connection with the Sprint Transaction were fair from a financial point of view to us;

the range and timing of alternative transactions the board of directors considered as possible sources of financing and our board of directors' belief, after considering such alternatives, that the Equity Transaction was the best source of financing reasonably available to us; and

the terms of the Investment Agreement, which, among other things, provide that if we do not complete an offering of our equity securities prior to the Sprint Closing, the Investors will issue to us, at the closing of the Investment Agreement, a one-time option to purchase from the Investors, at a price of \$26.50 per share, such number of shares of common stock having a value equal to the difference between the total consideration paid by the Investors for the common stock at the Sprint Closing and \$250 million.

Our board of directors also considered certain adverse factors in its deliberations concerning the Equity Transaction, including:

the dilutive effect to shareholders, other than the Investors, of the increase in our outstanding voting securities; and

the provisions in the Investment Agreement requiring us to indemnify the Investors, subject to limitations, for certain losses the Investors may incur.

In addition, the Special Committee and our board of directors considered the interests of the Investors (and our directors appointed by the Investors or their affiliates) that may be different from, or in addition to, the interests of our other stockholders.

Edgar Filing: GLOBAL SIGNAL INC - Form DEF 14C

The foregoing discussion concerning the information and factors considered by the Special Committee and our board of directors is not intended to be exhaustive, but includes [all of the] material factors considered by our board of directors in making its determination. In view of the variety of factors considered in connection with its evaluation of the Equity Transaction, our board of directors did not quantify or otherwise attempt to assign relative weights to the specific factors it considered in reaching its determinations. In addition, individual directors may have given different weight to different factors.

Summary of Opinion of Financial Advisor to the Special Committee of the Board of Directors

General

On February 3, 2005, the Special Committee engaged Bear Stearns to assist it in analyzing and evaluating the equity financing proposal from the Investors and to render an opinion as to the fairness, from a financial point of view, to us of the terms and price to be paid to us for the common stock to be issued to the Investors in connection with the Sprint Transaction (the Equity Transaction, the Debt Financing and the Sprint Transaction, each a Transaction and together, the Transactions). In selecting Bear Stearns, the Special Committee considered the fact that Bear Stearns is an internationally recognized investment banking firm with substantial experience advising companies in our industry and has substantial experience providing strategic advisory services and rendering fairness opinions. Bear Stearns, as part of its investment banking business, is continuously engaged in the valuation of businesses and securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes.

On February 7, 2005, Bear Stearns delivered its oral opinion to the Special Committee. Following delivery of its oral opinion to the Special Committee, Bear Stearns reviewed drafts dated February 8, 2005 of the Agreement to Lease and the Master Lease and drafts dated February 9, 2005 of the Investment Agreement and the Option Agreement. On February 9, 2005, Bear Stearns confirmed in writing that as of the date of the opinion, based upon and subject to the assumptions made, matters considered, qualifications and limitations set forth in the opinion, the terms and price to be paid to us for our common stock issued to the Investors in connection with the Sprint Transaction were fair from a financial point of view to us.

The full text of Bear Stearns' written opinion is attached as Annex A to this information statement, and you should read the opinion carefully and in its entirety. The opinion sets forth the assumptions made, the material matters considered and qualifications and limitations of the review undertaken by Bear Stearns. The Bear Stearns opinion is subject to the assumptions and conditions contained therein and is necessarily based on economic, market and other conditions and the information made available to Bear Stearns as of the date of the Bear Stearns opinion. In reading the discussion of the fairness opinion set forth below, our stockholders should be aware that Bear Stearns' opinion:

is intended solely for the benefit and use of the Special Committee and us and is not intended to confer rights or remedies upon any other entity or person;

does not constitute a recommendation of any kind to the Special Committee, our board of directors or any holders of our common stock; and

does not address our underlying business decision to pursue the Transactions, the relative merits of the Transactions as compared to any alternative business strategies or financing strategies that might exist for us or the effects of any other transaction in which we might engage.

Although Bear Stearns evaluated the fairness of the terms and price to be paid for the common stock to be issued to the Investors in the Equity Transaction, the price and terms were determined by us and the Investors through arm's-length negotiations between the Investors and the Special Committee. We did not provide specific instructions to, or place any limitations on, Bear Stearns with respect to the procedures to be followed or factors to be considered by it in performing its analyses or providing its opinion.

In connection with rendering its opinion, Bear Stearns, among other things:

reviewed the drafts dated February 8, 2005 of the Agreement to Lease and the Master Lease;

reviewed the Proposed Acquisition Financing Term Sheet, dated January 28, 2005, provided by Morgan Stanley Asset Funding Inc., Bank of America, NA and Banc of America Securities LLC to us (such term

sheet, together with the Investment Agreement, the Option Agreement, the Agreement to Lease and the Master Lease, the Transaction Agreements);

reviewed the draft dated February 9, 2005 of the Investment Agreement;

reviewed the draft dated February 9, 2005 of the Option Agreement;

reviewed our publicly available Initial Public Offering Prospectus dated June 2, 2004, our Quarterly Reports on Form 10-Q for the periods ended June 30, 2004 and September 30, 2004, our registration statement on Form S-11 filed with the SEC on December 23, 2004 and our publicly available Current Reports on Form 8-K for the period following our initial public offering;

reviewed certain operating and financial information relating to our and the Towers businesses and prospects, including projections (on a stand-alone and combined basis) for the five years ended December 31, 2009, all as prepared and provided to Bear Stearns by our management;

met with certain members of our senior management to discuss our and the Towers businesses, operations, historical and projected financial results and future prospects;

reviewed the reported historical prices, trading multiples and trading volume of our common stock;

reviewed publicly available financial data, terms and conditions of certain financings which Bear Stearns deemed generally comparable to the Equity Transaction;

reviewed publicly available financial data, stock market performance data and trading multiples of companies which Bear Stearns deemed generally comparable to us;

reviewed the terms (to the extent publicly available) of recent acquisitions of assets which Bear Stearns deemed generally comparable to the Towers;

reviewed our pro forma financial results, financial condition and capitalization giving effect to the Transactions as prepared and provided to Bear Stearns by our management; and

conducted such other studies, analyses, inquiries and investigations as Bear Stearns deemed appropriate.

In arriving at its opinion, Bear Stearns did not perform or obtain any independent appraisal of the assets or liabilities (contingent or otherwise) of us or the Towers, nor did we furnish Bear Stearns with any such appraisals. In rendering its opinion, Bear Stearns assumed that the final executed Transaction Agreements would not differ materially from the various draft Transaction Agreements reviewed by them. Bear Stearns assumed that (i) the representations and warranties of each party contained in the Transaction Agreements were true and complete, (ii) each party to the Transaction Agreements will perform all of the covenants and agreements required to be performed by such party thereunder and (iii) the Transactions will be consummated in a timely manner and in accordance with the terms of the Transaction Agreements without any limitations, restrictions, conditions, amendments or modifications, regulatory or otherwise, that collectively would have a material effect on us.

Edgar Filing: GLOBAL SIGNAL INC - Form DEF 14C

Bear Stearns relied upon and assumed, without independent verification, the accuracy and completeness of the financial and other information reviewed by them for the purpose of the Bear Stearns opinion, including, without limitation, the financial and other information we provided to them. With respect to our projected financial results that could be achieved upon consummation of the Transactions, Bear Stearns relied on representations that the projected financial results have been reasonably prepared on bases reflecting the best currently available estimates and judgments of our senior management as to our expected future performance. Bear Stearns did not assume any responsibility for the independent verification of any such information or of the projected financial results, and they have further relied upon the assurances of our senior management that senior management is unaware of any facts that would make the information and the projected financial results provided to Bear Stearns incomplete or misleading. Subsequent developments may affect the Bear Stearns opinion and Bear Stearns assumes no responsibility for updating or revising its opinion based on circumstances or events occurring after the date of the Bear Stearns opinion.

Table of Contents

We instructed Bear Stearns to assume that (i) our management and our board of directors have determined, in consultation with our own financial and other advisors and not in reliance on any advice or opinion from Bear Stearns, (x) that the Sprint Transaction is strategically important to us and (y) to limit the amount of incremental indebtedness incurred by us in connection with the Sprint Transaction to \$850 million; (ii) fully committed debt and equity financing is a condition to execution of the agreements related to the Sprint Transaction; (iii) the terms of the Equity Transaction have been negotiated by the Special Committee and the Investors; and (iv) circumstances did not permit us to explore any alternate potential sources for, or to obtain, equity financing for the Sprint Transaction other than the Equity Transaction.

Summary of Analyses

The following is a brief summary of the material financial analyses performed by Bear Stearns that were presented to the Special Committee in connection with Bear Stearns rendering its fairness opinion.

Some of the financial analyses summarized below include summary data and information presented in tabular format. In order to understand fully the financial analyses, the summary data and tables must be read together with the full text of the analyses. Considering the summary data and tables alone could create a misleading or incomplete view of Bear Stearns' financial analyses.

Comparison of Common Stock Purchase Price to Historical Stock Prices. Bear Stearns compared the price to be paid to us for our common stock issued to the Investors in the Equity Transaction of \$25.50 per share, referred to in this summary as the Common Stock Purchase Price, to (i) our closing stock price on February 4, 2005 (the last full trading day prior to the meeting of the Special Committee on February 7, 2005 at which Bear Stearns delivered its oral opinion), (ii) the average closing stock prices for the period of five trading days preceding February 4, 2005 weighted based on volume of shares traded and (iii) the average closing stock prices for the periods two weeks, one month, three months and six months preceding February 4, 2005. The following table summarizes the analysis:

	<u>Stock Price</u>	<u>Common Stock Purchase Price Premium / (Discount) to Stock Price</u>
		<u>\$25.50</u>
February 4, 2005 Close	\$ 27.79	(8.2)%
Five Day Volume Weighted Average	26.84	(5.0)

One Month Average	26.60	(4.1)
Three Month Average	26.93	(5.3)
Six Month Average	24.75	3.0

Bear Stearns estimated the value of our option to repurchase common stock issued in the Equity Transaction at a purchase price of \$26.50 per share based on the terms contained in the Option Agreement, referred to in this summary as the Repurchase Option. Bear Stearns valued the Repurchase Option based on the Black-Scholes option pricing model which takes into consideration, among other things, the (i) duration of the option, (ii) historical volatility of our common stock and (iii) current dividend yield of our common stock. Based on the Black-Scholes option pricing model, Bear Stearns estimated the value of the Repurchase Option to be between \$0.80 to \$1.49 per share. Bear Stearns added to the Common Stock Purchase Price the range of values of the Repurchase Option of \$0.80 to \$1.49 per share to arrive at an adjusted common stock purchase price range of \$26.30 to \$26.99 per share, referred to in this summary as the Adjusted Common Stock Purchase Price Range. Bear Stearns compared the Adjusted Common Stock Purchase Price Range to (i) our closing stock price on February 4, 2005 (the last full trading day prior to the meeting of the Special Committee on February 7, 2005 at which Bear Stearns delivered its oral opinion), (ii) the average closing

Calculation of Our Enterprise Value. For purposes of analyzing the Common Stock Purchase Price, Bear Stearns calculated our enterprise value by adding the equity value of our common stock (including calculating the value of in-the-money stock options with a deduction for the exercise prices of such options) and our total debt outstanding as of December 31, 2004 and subtracting our cash and cash equivalents as of December 31, 2004.

Bear Stearns calculated multiples of our enterprise value to our earnings before interest, taxes, depreciation and amortization, referred to in this summary as EBITDA, and the number of owned, leased and managed towers, referred to in this summary as Existing Towers, for the fiscal year ending December 2004.

Comparable Company Analysis. Bear Stearns analyzed selected historical, 2004 budgeted, projected operating information provided by our management, referred to in this summary as Global Signal Management, and projected operating information based on Wall Street analyst research reports, referred to in this summary as Global Signal Research, stock price performance data and valuation multiples for Global Signal and compared this data to that of four publicly traded companies deemed by Bear Stearns to be generally comparable to us. No company used in the analyses described below is directly comparable to us. The analyses performed by Bear Stearns are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Bear Stearns used the earnings forecasts for these companies from publicly available data and selected Wall Street equity research reports. In conducting its analysis, Bear Stearns analyzed the multiples of the following comparable companies:

American Tower Corporation

Crown Castle International Corp.

SBA Communications Corporation; and

SpectraSite, Inc.

Edgar Filing: GLOBAL SIGNAL INC - Form DEF 14C

Bear Stearns reviewed, among other things, the comparable companies' multiples of enterprise value to fiscal year 2005 estimated EBITDA, referred to in this summary as 2005E EBITDA, and the comparable companies' multiples of enterprise value to their numbers of Existing Towers as of February 4, 2005. The multiples are based on our and the comparable companies' closing stock prices on February 4, 2005. The following table summarizes the analysis:

<u>Comparable Company</u>	<u>Enterprise Value / 2005 EBITDA</u>	<u>Enterprise Value / Existing Towers</u>
American Tower Corporation	15.0x	\$ 506
Crown Castle International Corp.	17.6	466

Bear Stearns also compared the change in common stock prices for the week ended February 4, 2005 for us and for the four companies (above) in the tower industry that Bear Stearns deemed to be generally comparable to us. The following table summarizes the observations over this period:

Analysis of Post-Announcement Trading Information and Typical Underwriting Spreads for Secondary Equity Offerings. Bear Stearns analyzed the most recent 25 secondary public equity offerings with an aggregate offering size between \$300 million and \$500 million as of February 4, 2005. Bear Stearns observed the common stock price performance for various time periods before and after the pricing of the secondary equity offering. Bear Stearns also reviewed the underwriting spreads associated with these secondary offerings. The following table summarizes the analysis:

	<u>Proceeds</u> <u>(\$ in millions)</u>	<u>Filing / Offer</u> <u>Price</u>	<u>Underwriting Spread</u>
Minimum	\$ 300	(16.7)%	3.0%
Median	385	(4.6)	4.0
Mean	379	(4.0)	4.1
Maximum	480	13.1	5.5

Bear Stearns noted that for the most recent 25 secondary public equity offerings, the combined impact of post-announcement trading and underwriting spread resulted in a mean total discount of approximately 8%.

Bear Stearns analyzed the amount of common stock to be issued in connection with the Equity Transaction as (i) a percentage of the floating shares, referred to in this summary as *Percentage of Shares Floating*, as of February 4, 2005; (ii) a percentage of the total equity value immediately following the Transactions, referred to in this summary as *Percentage of Post-Market Value of Equity*; and (iii) a multiple of the average daily volume of shares traded for the six months preceding February 4, 2005, referred to in this summary as *Number of Days Trading Volume*, and compared the *Percentage of Shares Floating*, *Percentage of Post-Market Value of Equity* and *Number of Days Trading Volume* to the most recent 25 secondary public equity offerings with an aggregate offering size between \$300 and \$500 million as of February 4, 2005. Median	36	26	36
Average	40	27	40

Bear Stearns noted that a secondary public equity offering by us of \$500 million would be considered significant relative to these measures and would represent 224% of our Shares Floating, 23% of our Post-Market Value of Equity and our 225 Days Trading Volume.

Analysis of Typical Discounts in Private Investment in Public Equity Transactions. Bear Stearns analyzed 45 private investment in public equity transactions, referred to in this summary as PIPEs, since January 1, 2002 that raised aggregate proceeds in excess of \$200 million. Bear Stearns observed that 15 of the 45 PIPEs represented an investment in common stock, referred to in this summary as All PIPEs, seven of the 45 PIPEs represented an investment in common stock by a financial sponsor, referred to in this summary as Financial Sponsor PIPEs and four of the 45 PIPEs represented an investment in common stock by a financial sponsor in connection with an acquisition, referred to in this summary as Financial Sponsor PIPEs to Fund Acquisitions. For each of All PIPEs, Financial Sponsor PIPEs, and Financial Sponsor PIPEs to Fund Acquisitions, Bear Stearns analyzed (i) the average of the aggregate proceeds received in the PIPE offering, referred to in this summary as Average Proceeds; (ii) the median of the percentage of the value the proceeds received in the PIPE offering to the value of the equity of the company following the offering, referred to in this summary as Median Percentage of Post-Market Value of Equity and (iii) the median of the size of the common stock purchase price discount as a percentage of the price of the common stock on the day prior to announcement referred to in this summary as Median Discount. The following table summarizes the analysis:

	Number of PIPE Transactions	Average Proceeds (\$ in millions)	Median Percentage of Post-Market Value of Equity	Median Discount

Financial Sponsor PIPEs	7	524	14.2	9.5
Financial Sponsor PIPEs to Fund Acquisitions	4	1,232	27.4	9.4

The preparation of a fairness opinion is a complex process and involves various judgments and determinations as to the most appropriate and relevant assumptions and financial analyses and the application of those methods to the particular circumstances involved. Such an opinion is therefore not readily susceptible to partial analysis or summary description, and taking portions of the analyses set out above, without considering the analysis as a whole, would in the view of Bear Stearns, create an incomplete and misleading picture of the processes underlying the analyses considered in rendering the Bear Stearns opinion. Bear Stearns did not form an opinion as to whether any individual analysis or factor, whether positive or negative, considered in isolation, supported or failed to support the Bear Stearns opinion. In arriving at its opinion, Bear Stearns considered the results of all its analyses and did not attribute any particular weight to any one analysis or factor. Bear Stearns arrived at its ultimate opinion based on the results of all analyses undertaken by it and assessed as a whole and believes that the totality of the factors considered and analyses performed by Bear Stearns in connection with its opinion operated collectively to support its determination as to the fairness of the terms and price to be paid for the common stock to be issued to the Investors in the Equity Transaction. The analyses performed by Bear Stearns, particularly those based on estimates and projections, are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than suggested by such analyses. With respect to the analysis of precedent equity financing transactions, the analysis of comparable companies and the analysis of precedent transactions summarized above, no public company utilized as a comparison is identical to us. Accordingly, an analysis of precedent equity financing transactions, publicly traded comparable companies and precedent transactions is not mathematical; rather it involves complex considerations and judgments concerning the differences in financial and operating characteristics of the precedent equity financings, companies and precedent transactions and other factors that could affect our public trading values and the precedent equity financings, companies and precedent transactions to which they were compared. The analyses do not purport to be appraisals or to reflect the prices at which any securities may trade at the present time or at any time in the future. In addition, the Bear Stearns opinion was just one of the many factors taken into consideration by the Special Committee. Consequently, Bear Stearns analysis should not be viewed as determinative of the decision of the Special Committee with respect to the fairness of the terms and price to be paid to us for our common stock issued to the Investors in connection with the Sprint Transaction, from a financial point of view.

Pursuant to the terms of Bear Stearns engagement letter, we have agreed to pay Bear Stearns an opinion fee of \$275,000 which was payable within three business days after delivery of the Bear Stearns opinion. In addition,

we have agreed to reimburse Bear Stearns for all reasonable out-of-pocket expenses incurred by Bear Stearns in connection with its engagement and the Sprint Transaction, including reasonable fees and disbursements of its legal counsel. Also, we have agreed to indemnify Bear Stearns against certain liabilities relating to or arising out of Bear Stearns' engagement.

Bear Stearns and/or its affiliates have provided (and may in the future be engaged to provide) investment banking services to Fortress and its affiliates, including Amresco Inc., Newcastle Investment Corp., Eurocastle Investment Limited and Capstead Mortgage Corp. Such services have included advisory services with respect to the sale of Amresco Inc. to Fortress and various debt and equity offerings for Newcastle Investment Corp., Eurocastle Investment Limited and Capstead Mortgage Corp. In each case, Bear Stearns and/or its affiliates received (and may in the future receive) customary fees. Further, in the ordinary course of business, Bear Stearns and its affiliates may actively trade the equity and debt securities and/or bank debt of Global Signal, Sprint, Newcastle Investment Corp., Eurocastle Investment Limited, Amresco Inc. and Capstead Mortgage Corp. for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities or bank debt.

TERMS OF THE EQUITY TRANSACTION

Investment Agreement

General

On February 14, 2005, in connection with the execution of the Agreement to Lease, we entered into the Investment Agreement with the Investors (a copy of which is included as Annex B to this information statement). Pursuant to the Investment Agreement, the Investors committed to purchase, severally and not jointly, at the Sprint Closing, up to \$500 million of our common stock at a price of \$25.50 per share. The price of \$25.50 per share for the common stock to be issued in the Equity Transaction represents approximately the volume weighted average market price of the stock for the two-week period immediately preceding the fairness opinion delivered by Bear Stearns less the estimated value to us of the option described below under *Option*.

Prior to the Sprint Closing, the \$500 million aggregate commitment from the Investors will automatically be reduced by (i) the amount of net proceeds received by us from any offering of our equity securities prior to such date, and (ii) the amount equal to any borrowings in excess of \$750 million outstanding at the Sprint Closing under any credit facility or similar agreements provided to us in connection with the Sprint Transaction. However, the Investors' aggregate commitment cannot be reduced below \$250 million. The Debt Financing in the amount of \$850 million would thus decrease the Investors' commitment in the Equity Transaction to a maximum of \$400 million. Pursuant to the terms of the Investment Agreement, each of Fortress, Abrams and Greenhill (or their respective affiliates) shall purchase such number of shares of common stock equal to 48%, 32% and 20%, respectively, of the total number of shares of common stock to be purchased under the Investment Agreement. The purchase of the shares by the Investors is conditioned upon the Sprint Closing and will close simultaneously with the Sprint Closing. In the event an Investor fails to purchase the shares of common stock it is obligated to purchase, the other Investors have the right, but not the obligation, to purchase such shares. This issuance of these securities will be made pursuant to an exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended (the *Securities Act*).

FIF II is an affiliate of Fortress Investment Group LLC, a global alternative investment and asset management firm with approximately \$12 billion in equity capital under management, of which approximately \$5 billion consists of private equity capital. Fortress's private equity funds focus on asset-based businesses or asset portfolios, and are active investors in financial services, real estate, energy and power, senior living and the cell tower sectors. The Greenhill entities that are Investors are affiliates of Greenhill & Co., Inc., an independent global investment banking firm, and Greenhill Capital Partners, LLC, a wholly-owned subsidiary of Greenhill & Co., Inc., which manages Greenhill & Co.'s merchant banking business, which includes Greenhill Capital Partners, a \$423 million private equity fund focused on the energy, financial services and telecommunications industries. Greenhill & Co. advises corporations on strategic financial needs, including mergers and acquisitions, leveraged or management buyouts and recapitalizations, and financial restructurings. Abrams and its affiliates currently manage in excess of \$1 billion through a series of pooled investment funds. Abrams Capital, LLC invests across a wide spectrum of investment types, investment strategies, market sectors and industries, including merger arbitrage, distressed securities, private and/or illiquid securities and foreign and domestic equity securities. For information regarding the Investors' beneficial ownership of our common stock, see *Security Ownership of Certain Beneficial Owners and Management*. For information regarding the Investors' relationships with our directors and officers, see *The Equity Transaction* *Interest of Certain Persons*.

split, combine or reclassify any of our capital stock or issue or authorize the issuance of any other securities in respect of, in lieu of or in substitution for shares of our capital stock;

purchase, redeem or otherwise acquire any of our, or any of our subsidiaries', capital stock or any other securities thereof or any rights, warrants or options to acquire any such shares or other securities, except in the ordinary course of business pursuant to our employee benefit plans;

take any action that is reasonably likely to result in (i) any of our representations and warranties becoming false or inaccurate in any material respect as of, or at any time prior to, the closing date or (ii) any of the conditions to the obligations of each Investor not being satisfied;

We may, without the consent of the Investors, (i) issue shares of our capital stock or enter into agreements with respect thereto, including with respect to registration rights, and (ii) engage in any merger, acquisition or business combination transaction.

Information Statement

We agreed, as promptly as practicable following the date of the Investment Agreement, to prepare this information statement and to use our commercially reasonable best efforts (i) to respond as promptly as practicable to any comments made by the SEC with respect to this information statement, (ii) to promptly supply the Investors with copies of all correspondence between us or any of our representatives, on the one hand, and the SEC or its staff, on the other hand, with respect to this information statement, and (iii) to cause this information statement to be mailed to our stockholders at the earliest practicable date following the clearance of this information statement by the SEC.

Use of Proceeds

We agreed to apply the proceeds from the sale of the shares of common stock to the Investors to the payments required to be made by us in the Sprint Transaction and associated costs and expenses.

Registration Rights

We agreed that the Investors will have registration rights with respect to the common stock they purchase under the Investment Agreement, as described in more detail under Investor Agreement.

Waiver of Piggyback Registration Rights for Shelf Registration

Each Investor agreed, in the event we file a shelf registration statement prior to the six-month anniversary of the execution of the Investment Agreement, to irrevocably and unconditionally waive all piggyback registration rights under the Investor Agreement (as defined below) in connection with such shelf registration statement. Under the Investment Agreement, the Investors have not waived any demand registration rights.

Exception to Ownership Limits

We agreed to use our best efforts, and to exercise all authority under applicable law, rules and regulations, to cause our board of directors to take action pursuant to our certificate of incorporation to except each Investor from the ownership limits set forth therein to the extent necessary for each such Investor in order to consummate the issuance of shares pursuant to the Investment Agreement.

Termination

The Investment Agreement may be terminated by either us or the Investors under the following circumstances:

if the Agreement to Lease is terminated in accordance with its terms;

if, at any future time, (x) there is any law that makes consummation of the purchase of the shares under the Investment Agreement illegal or otherwise prohibited or (y) any court of competent jurisdiction or governmental authority issues an order, decree, ruling or taken any other action restraining, enjoining or

Table of Contents

otherwise prohibiting the purchase of the shares under the Investment Agreement and such order, decree, ruling or other action becomes final and non-appealable; or

the Sprint Closing does not occur within 180 days of the date of the Investment Agreement.

We may terminate the Investment Agreement with respect to any particular Investor if such Investor breaches, in any respect, any of its representations, warranties, covenants or other agreements contained in the Investment Agreement that would give rise to the failure of a condition to closing of the Investment Agreement.

The Investors may terminate the Investment Agreement if we breach, in any respect, any of our covenants or other agreements contained in the Investment Agreement that would give rise to the failure of a condition to closing of the Investment Agreement.

Survival of Representations and Warranties; Indemnification

Under the Investment Agreement, the representations and warranties of each party will survive for 12 months after the closing, except for the representations and warranties relating to our and each Investor's organization, the due authorization of the Equity Transaction, our capitalization, the Investors' investment intentions and qualifications and limitations on resale, each of which will expire 6 months after the expiration of the applicable statute of limitations.

Under the Investment Agreement, we have agreed to indemnify the Investors and their affiliates and related parties for any losses they incur arising from (1) a breach of any representations, warranties or covenants made by us or (2) any actual or threatened litigation against them in connection with the Equity Transaction.

Each of the Investors has severally agreed to indemnify us (and each other Investor and its affiliates and related parties) for any losses we (or such other Investor or affiliate or related party) incur arising from a breach of any of their respective representations, warranties or covenants.

With respect to any indemnification claims made by any party for breaches of representations and warranties, the party providing indemnification will be responsible only for amounts in excess of \$10 million. The maximum amount payable or collectible for losses incurred due to breaches of representations and warranties will, for each Investor, be that Investor's purchase price for the shares.

Except in cases of fraud, the right to indemnification provided in the Investment Agreement is the sole post-closing remedy for breaches of representations and warranties under the Investment Agreement.

Option Agreement

Edgar Filing: GLOBAL SIGNAL INC - Form DEF 14C

If we do not complete an offering of our equity securities prior to the Sprint Closing, under the Option Agreement, the Investors will issue to us, at the closing of the Investment Agreement, a one-time option to purchase from the Investors such number of shares of common stock having a value equal to the difference between the total consideration paid by the Investors for the common stock at the Sprint Closing and \$250 million. Pursuant to the Option Agreement, we would have the right to purchase those shares at a price per share of \$26.50. The option would be immediately vested upon issuance at the closing and would expire six months and one day after the date of the Sprint Closing. The option will be non-transferable. If we were to exercise the option, we would purchase shares from each Investor in proportion to such Investor's participation in the Investment Agreement set forth above. In the event that we complete an offering of our equity securities prior to the Sprint Closing, we would not be entitled to this option and no option would be issued by the Investors. The form of Option Agreement is included as Exhibit A of Annex B of this information statement.

Investor Agreement

Pursuant to the Investment Agreement, we acknowledged and agreed with each of the Investors that upon the closing date, each of the Investors shall be deemed to be a Stockholder as such term is defined in the

Amended and Restated Investor Agreement, dated as of March 31, 2004 (the Investor Agreement), between Global Signal, Fortress Pinnacle Acquisition LLC, Greenhill and its related partnership named therein, Abrams Capital Partners II, L.P. and certain of its related partnerships named therein, and other parties named therein, and that any shares purchased by an Investor pursuant to the Investment Agreement shall be deemed to be Registrable Securities for the purpose of the Investor Agreement. In addition, we and each of the Investors agreed that, upon written request of any Investor, we and each of the other Investors will execute an amendment to the Investor Agreement pursuant to which an Investor under the Investment Agreement may be added as a party thereto.

The following is a summary of material provisions of the Investor Agreement. This summary does not purport to be complete and is qualified in its entirety by reference to the Investor Agreement, a copy of which was filed as an exhibit to our Registration Statement on Form S-11 (Amendment No. 1) filed with the SEC on April 2, 2004.

Pursuant to the Investor Agreement, we have granted to Fortress Pinnacle Acquisition LLC, Greenhill and Abrams Capital Partners II, L.P. and certain of their related partnerships and their respective permitted and third party transferees, to the extent that any of them or their permitted or third party transferees together with their respective permitted transferees holds 5% of our issued and outstanding common stock (each, a Stockholder), demand registration rights that allow the Stockholders to request that we register under the Securities Act an amount equal to or greater than 5% of our stock held by such Stockholders together with their respective affiliates. Each Stockholder is entitled to an aggregate of three demand registrations. We are not required to maintain the effectiveness of the registration statement for more than 60 days. We are also not required to effect any demand registration within six months of a firm commitment underwritten offering to which the requestor held piggyback rights and which included at least 50% of the securities requested by the requestor to be included. We are not obligated to grant a request for a demand registration within six months of any other demand registration, and may refuse a request for demand registration if in our reasonable judgment, it is not feasible for us to proceed with the registration because of the unavailability of audited financial statements.

Pursuant to the Investor Agreement, we have also granted the Stockholders piggyback registration rights that allow them to include the shares of common stock that they own in any public offering of equity securities initiated by us, other than those public offerings on registration statements on Forms S-4 or S-8. The piggyback registration rights of the Stockholders are subject to proportional cutbacks by the underwriters in the manner described in the Investor Agreement.

We have granted Fortress, Greenhill and their respective permitted transferees the right to request shelf registration on Form S-3, providing for an offering to be made on a continuous basis, subject to a time limit on our efforts to keep the shelf registration statement continuously effective and our right to suspend the use of the shelf registration prospectus for a reasonable period of time (not exceeding 60 days in succession or 90 days in the aggregate in any 12 month period) if we determine that certain disclosures required by the shelf registration statement would be detrimental to us or our stockholders. In addition, each Stockholder may elect to participate in the shelf registration within ten days after notice of the registration is given. Pursuant to the Investment Agreement, each Investor agreed, in the event we file a shelf registration statement prior to the six month anniversary of the execution of the Investment Agreement, to irrevocably and unconditionally waive all piggyback registration rights under the Investor Agreement in connection with such shelf registration statement.

We have agreed to indemnify each selling stockholder against any losses or damages resulting from any untrue statement or omission of material fact in any registration statement or prospectus, unless such liability arose from the selling stockholder's misstatement or omission. The selling stockholder agrees to indemnify us against all losses caused by its misstatements or omissions. We will pay all expenses incident to our performance under the Investor Agreement, and the selling stockholders will pay their respective portions of all underwriting discounts, commissions and transfer taxes relating to the sale of their shares under the agreement.

DESCRIPTION OF CAPITAL STOCK

General

As of the date hereof, our authorized capital stock consists of:

150,000,000 shares of common stock, par value \$0.01 per share; and

20,000,000 shares of preferred stock, par value \$0.01 per share.

Set forth below is a summary description of all the material terms of our capital stock. This description is qualified in its entirety by reference to our amended and restated certificate of incorporation and amended and restated bylaws, a copy of each of which is included as an exhibit to our Registration Statement on Form S-11 (Amendment No. 1) filed with the SEC on April 2, 2004.

Common Stock

Subject to our amended and restated certificate of incorporation's restrictions on transfer of our stock, each holder of our common stock is entitled to one vote for each share of common stock held on all matters submitted to a vote of stockholders. Except as provided with respect to any other class or series of stock, the holders of our common stock will possess the exclusive right to vote for the election of directors and for all other purposes. There is no cumulative voting in the election of directors, which means that the holders of a majority of the outstanding shares of common stock can elect all of the directors then standing for election, and the holders of the remaining shares will not be able to elect any directors.

Subject to any preference rights of holders of our preferred stock and our amended and restated certificate of incorporation's restrictions on transfer of our stock, the holders of our common stock are entitled to receive dividends, if any, declared from time to time by our board of directors out of legally available funds. In the event of our liquidation, dissolution or winding up, our holders of common stock are entitled to share ratably in all assets remaining after the payment of liabilities, subject to any rights of our holders of preferred stock to prior distribution.

Preferred Stock

The board of directors has the authority, without action by our stockholders, to issue preferred stock and to fix for each such class or series voting powers, and provide that any class or series may be subject to redemption, entitled to receive dividends, entitled to rights upon dissolution or convertible or exchangeable for shares of any other class or classes of capital stock. The rights with respect to a series of preferred stock may be greater than the rights attached to our common stock. It is not possible to state the actual effect of the issuance of any shares of our preferred stock on the rights of holders of our common stock until our board of directors determines the specific rights attached to that preferred stock. The effect of issuing preferred stock could include one or more of the following:

restricting dividends on our common stock;

diluting the voting power of our common stock;

impairing the liquidation rights of our common stock; or

delaying or preventing a change of control of Global Signal.

OP Units

The holders of units in our operating partnership, Global Signal Operating Partnership L.P., (OP Units) will have redemption rights, which will permit them, in some circumstances, to exchange their OP Units for cash, or, at our option, an equivalent number of shares of our common stock, which number is subject to adjustment as provided in the partnership agreement for the operating partnership. We currently own 100% of the OP Units.

Certain Provisions of Our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws

Transfer Restrictions

Our amended and restated certificate of incorporation contains restrictions on the number of shares of our stock that a person may own. No person, other than certain of our existing stockholders and subsequent owners of their stock, may acquire or hold, directly or indirectly, in excess of 9.9% of the value of the outstanding shares of any class or series of our stock using ownership calculation rules set forth in our amended and restated certificate of incorporation, unless they first receive an exemption from our board of directors.

Our amended and restated certificate of incorporation further prohibits, among other things, (a) any person from owning shares of our stock that would result in our being closely held under Section 856(h) of the Internal Revenue Code or otherwise cause us to fail to qualify as a real estate investment trust (a REIT), and (b) any person from transferring shares of our stock if the transfer would result in our stock being owned by fewer than 100 persons, or impair our ability to satisfy the REIT income tests. Any person who acquires or intends to acquire shares of our stock that may violate any of these restrictions, or who is the proposed transferee of shares of our stock which are transferred to the Trust (as defined below) is required to give us immediate notice and provide us with such information as we may request in order to determine the effect of the transfer on our status as a REIT. The above restrictions will not apply if our board of directors determines that it is no longer in our best interests to continue to qualify as a REIT.

Our board of directors, in its sole discretion, may exempt a person from these limits subject to terms, conditions, representations and undertakings as our board determines provided that such exemption does not result in an individual beneficially owning more than 9.9% of the aggregate value of outstanding shares of each class or otherwise cause us to fail to qualify as a REIT or cause our stock to be beneficially owned by fewer than 100 persons. The person must agree that any violation or attempted violation of these terms, conditions, representations and undertakings will result in the automatic transfer of the shares of stock causing the violation to a trust (the Trust). Our board of directors may require a ruling from the Internal Revenue Service or an opinion of counsel.

Any attempted transfer of, or other event occurring with respect to, our stock which, if effective, would result in violation of the above limitations, will cause the number of shares causing the violation (rounded to the nearest whole share) to be automatically transferred to the Trust for the exclusive benefit of one or more charitable beneficiaries (Charitable Beneficiary), and the proposed transferee will not acquire any rights in the shares. The automatic transfer will be deemed to be effective as of the close of business on the business day (as defined in our amended and restated certificate of incorporation) prior to the date of the transfer or event. Shares of our stock held in the Trust will be issued and outstanding shares. The proposed transferee will not benefit economically from ownership of any shares of stock held in the Trust and will have no rights to dividends and no rights to vote or other rights attributable to the shares of stock held in the Trust. The trustee of the Trust (the Trustee) will have all voting rights and rights to dividends or other distributions with respect to shares held in the Trust. These rights will be exercised for the exclusive benefit of the Charitable Beneficiary. Any dividend or other distribution paid prior to our discovery that shares of stock have been transferred to the Trust will be paid by the recipient to the Trustee upon demand. Any dividend or other distribution authorized but unpaid will be paid when due to the Trustee. Any dividend or distribution paid to the Trustee will be held in trust for the Charitable Beneficiary. Subject to Delaware law, the Trustee will have the authority to rescind as void any vote cast by the proposed transferee prior to our discovery that the shares have been transferred for the benefit of the Charitable Beneficiary. However, if we have already taken irreversible corporate action, then the Trustee will not have the authority to rescind and recast the vote.

Within 90 days of receiving notice from us that shares of our stock have been transferred to the Trust, the Trustee will sell the shares to a person designated by the Trustee, whose ownership of the shares will not violate the above ownership limitations. Upon the sale, the interest of the Charitable Beneficiary in the shares sold will

Table of Contents

terminate and the Trustee will distribute the net proceeds of the sale to the proposed transferee and to the Charitable Beneficiary as follows. The proposed transferee will receive the lesser of (1) the price paid by the proposed transferee for the shares or, if the proposed transferee did not give value for the shares in connection with the transfer or event causing the shares to be held in the Trust (for example, a gift, devise or other similar transaction), the Market Price (as defined in our amended and restated certificate of incorporation) of the shares on the day of the transfer or event causing the shares to be held in the Trust and (2) the price received by the Trustee from the sale or other disposition of the shares. Any net sale proceeds in excess of the amount payable to the proposed transferee will be paid immediately to the Charitable Beneficiary. If, prior to our discovery that shares of our stock have been transferred to the Trust, the shares are sold by the proposed transferee, then (1) the shares shall be deemed to have been sold on behalf of the Trust and (2) to the extent that the proposed transferee received an amount for the shares that exceeds the amount he was entitled to receive, the excess shall be paid to the Trustee upon demand.

In addition, shares of our stock held in the Trust will be deemed to have been offered for sale to us, or our designee, at a price per share equal to the lesser of (1) the price per share in the transaction that resulted in the transfer to the Trust (or, in the case of another event not constituting a transfer, the Market Price at the time of such event) and (2) the Market Price on the date we, or our designee, accept the offer. We will have the right to accept the offer until the Trustee has sold the shares. Upon a sale to us, the interest of the Charitable Beneficiary in the shares sold will terminate and the Trustee will distribute the net proceeds of the sale to the proposed transferee and the Charitable Beneficiary.

All certificates representing shares of our stock bear a legend referring to the restrictions described above.

Every owner of more than 5% (or such lower percentage as required by the Internal Revenue Code or the Treasury Regulations) of our stock, within 30 days after the end of each taxable year, is required to give us written notice, stating his name and address, the number of shares of each class and series of our stock which he beneficially owns and a description of the manner in which the shares are held. Each such owner shall provide us with such additional information as we may request in order to determine the effect, if any, of his beneficial ownership on our status as a REIT and to ensure compliance with the ownership limits. In addition, each stockholder shall upon demand be required to provide us with such information as we may request in good faith in order to determine our status as a REIT or for other tax or compliance reasons.

These ownership limits could delay, defer or prevent a transaction or a change in control that might involve a premium price for the common stock or otherwise be in the best interest of the stockholders.

Anti-Takeover Effects of Delaware Law and Our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws

The following is a summary of certain provisions of our amended and restated certificate of incorporation and amended and restated bylaws that may be deemed to have an anti-takeover effect and may delay, deter or prevent a tender offer or takeover attempt that a stockholder might consider in its best interest, including those attempts that might result in a premium over the market price for the shares held by stockholders.

Authorized but Unissued Shares

The authorized but unissued shares of our common stock and our preferred stock are available for future issuance without our stockholder approval. These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of our common stock and our preferred stock

could render more difficult or discourage an attempt to obtain control over us by means of a proxy contest, tender offer, merger or otherwise.

Delaware Business Combination Statute

We are organized under Delaware law. Some provisions of Delaware law may delay or prevent a transaction which would cause a change in our control.

Our amended and restated certificate of incorporation provides that Section 203 of the DGCL, an anti-takeover law, will not apply to us. In general, this statute prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction by which that person became an interested stockholder, unless the business combination is approved in a prescribed manner. For purposes of Section 203, a business combination includes a merger, asset sale or other transaction resulting in a financial benefit to the interested stockholder, and an interested stockholder is a person who, together with its affiliates and associates, owns, or within three years prior, did own, 15% or more of voting stock.

Other Provisions of Our Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws

Certain provisions of our amended and restated certificate of incorporation may make a change in control of Global Signal more difficult to effect. Our amended and restated certificate of incorporation provides for a staggered board of directors consisting of three classes of directors. Directors of each class are chosen for three-year terms upon the expiration of their current terms and each year one class of our directors will be elected by our stockholders. The terms of the first, second and third classes will expire in 2006, 2007 and 2005, respectively. On March 22, 2004, we held our annual stockholders' meeting and all of our class II directors were re-elected and will serve until their term expires in 2007. We believe that classification of our board of directors helps to assure the continuity and stability of our business strategies and policies as determined by our board of directors. There is no cumulative voting in the election of directors, which means that the holders of a majority of the outstanding shares of common stock can elect all of the directors then standing for election, and the holders of the remaining shares will not be able to elect any directors. The classified board provision could have the effect of making the replacement of incumbent directors more time consuming and difficult. At least two annual meetings of stockholders, instead of one, will generally be required to effect a change in a majority of our board of directors. Thus, the classified board provision could increase the likelihood that incumbent directors will retain their positions. The staggered terms of directors may delay, defer or prevent a tender offer or an attempt to change control of us, even though a tender offer or change in control might be in the best interest of our stockholders. In addition, our amended and restated bylaws provide that directors may be removed only for cause with the affirmative vote of 80% of the voting interest of stockholders entitled to vote.

Pursuant to our amended and restated certificate of incorporation, shares of our preferred stock may be issued from time to time, and the board of directors is authorized to determine and alter all rights, preferences, privileges, qualifications, limitations and restrictions without limitation. See Preferred Stock. Our amended and restated bylaws also provide that our stockholders (with the exception of the majority stockholder(s) if Fortress and Greenhill collectively own at least 50% of the then outstanding shares) are specifically denied the ability to call a special meeting of the stockholders. Advance notice must be provided by our stockholders to nominate persons for election to our board of directors as well as to propose actions to be taken at an annual meeting.

Limitations on Liability and Indemnification of Directors and Officers

Our amended and restated certificate of incorporation and amended and restated bylaws provide that our directors will not be personally liable to us or our stockholders for monetary damages for breach of a fiduciary duty as a director, except for:

any breach of the director's duty of loyalty to us or our stockholders;

intentional misconduct or a knowing violation of law;

Table of Contents

liability under the DGCL for an unlawful payment of dividends or an unlawful stock purchase or redemption of stock; or

any transaction from which the director derives an improper personal benefit.

Our amended and restated certificate of incorporation allows us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

We have entered into indemnification agreements with certain of our directors and executive officers. These provisions and agreements may have the practical effect in some cases of eliminating our stockholders' ability to collect monetary damages from our directors and executive officers.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer and Trust Company, 59 Maiden Lane, New York, NY 10038.

Listing

Our common stock is listed on the NYSE under the symbol `GSL`.

Governing Documents

Our articles of incorporation were filed on October 30, 2002, as amended and restated on March 31, 2004. Our amended and restated bylaws were adopted on March 22, 2004. The life of the corporation is perpetual.

Forward-looking statements are generally identifiable by use of forward-looking terminology such as may, will, should, potential, intend, expect, endeavor, anticipate, estimate, overestimate, underestimate, believe, could, project, predict, continue or other similar words or expressions. Forward-looking statements are based on certain assumptions, discuss future expectations, describe future plans and strategies, contain projections of results of operations or of financial condition or state other forward-looking information. Some examples of forward-looking statements contained herein include, but are not necessarily limited to, the number of sites or towers we will own, lease or manage, the Equity Transaction and how we expect to finance the Sprint Transaction, and the Sprint Closing, including its timing. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Although we believe that the expectations reflected in such forward-looking statements are based on reasonable assumptions, our actual results and performance and other events could differ materially from those set forth in the forward-looking statements. Factors that could have a material adverse effect on our operations and future prospects include, but are not limited to, a decrease in the demand for our communications sites, our continued ability to acquire new towers at attractive prices which will generate returns consistent with expectations, the possibility that the towers that we have acquired and will acquire may not generate sufficient additional income to justify their acquisition, possibilities that conditions to closing of transactions will not be satisfied, our ability to close on towers under non-binding letters of intent which is generally less probable than closing on towers under definitive agreements, our ability to obtain financing for the transactions on terms satisfactory to us, the economies, real estate markets and wireless communication industry in the regions where our sites are located, consolidation in the wireless industry, the creditworthiness of our tenants, competing technologies, our failure to comply with federal, state and local laws and regulations, the failure to comply with environmental laws, possibilities that changes in the capital markets, including changes in interest rates and/or credit spreads, or other factors could make financing more expensive or unavailable to us, our ability to qualify as a REIT, REIT distributions requirements and the stock ownership limit imposed by the Internal Revenue Code for REITs, acquisitions by other tower companies and other risks detailed from time to time in Global Signal's SEC reports including its Form S-11 filed December 23, 2004. When considering forward-looking statements, you should keep in mind the cautionary statements in this information statement. Readers are cautioned not to place undue reliance on any of these forward-looking statements, which reflect our management's views as of the date of this information statement. ANNEX A

[BEAR STEARNS & CO. INC. LETTERHEAD]

February 9, 2005

The Special Committee of the Board of Directors

Global Signal Inc.

301 North Cattlemen Road

Sarasota, Florida 34232

Gentlemen:

We understand that Global Signal Inc. (Global Signal) and Sprint Corporation (Sprint) are considering entering into an Agreement to Contribute, Lease and Sublease to be dated February 9, 2005 and Master Lease and Sublease Agreement to be dated February 9, 2005 (collectively, the Agreements), pursuant to which, among other things, Global Signal will lease and sublease certain wireless tower assets and related equipment (the Sprint Towers) from Sprint and certain Sprint subsidiaries (the Sprint Transaction). We understand the consideration to be offered by Global Signal to Sprint will consist of \$1.202 billion in cash, to be financed by (i) up to \$850 million of debt financing (the Debt Financing), of which \$750 million has been committed subject to the terms and conditions contained in the Proposed Acquisition Financing Letter dated January 28, 2005 (the Financing Letter) provided by Morgan Stanley Asset Funding Inc. and Bank of America, NA and Banc of America Securities LLC to Global Signal and (ii) up to \$500 million of equity (the Equity Financing) and together with the Sprint Transaction and the Debt Financing, the Transactions) to be provided by Fortress Investment Fund II LLC (Fortress); Abrams Capital Partners II, L.P., Abrams Capital Partners I, L.P., Whitecrest Partners, L.P., Abrams Capital International, LTD and Riva Capital Partners, L.P. (collectively, Abrams) and Greenhill Capital Partners, L.P., Greenhill Capital Partners (Executives), L.P., Greenhill Capital Partners (Cayman), L.P. and Greenhill Capital Partners LLC (collectively, Greenhill), (Fortress, Abrams and Greenhill are collectively referred to herein as, the Investors) on the terms and conditions as contained in the Investment Agreement by and among Global Signal and the Investors to be dated February 9, 2005 (the Investment Agreement) and the Stock Option Agreement by and among Global Signal and the Investors to be dated February 9, 2005 (the Stock Option Agreement) and together with the Investment Agreement, the Agreements and the Financing Letter, the Transaction Agreements). We understand that, pursuant to the Investment Agreement, the Equity Financing may be reduced to not less than \$250 million by an amount equal to the sum of the net proceeds received by Global Signal pursuant to any offering of its common stock and the amount of any borrowings in excess of \$750 million. The terms of the Sprint Transaction, the Debt Financing and the Equity Financing are more fully set out in the Transaction Agreements.

You have asked us to render our opinion as to whether the terms and price to be paid to Global Signal for the Global Signal common stock issued to the Investors in connection with the Sprint Transaction are fair, from a financial point of view, to Global Signal.

In the course of performing our review and analyses for rendering this opinion, we have:

Edgar Filing: GLOBAL SIGNAL INC - Form DEF 14C

reviewed the drafts dated February 8, 2005 of the Agreements;

reviewed the Financing Letter;

reviewed the draft dated February 9, 2005 of the Investment Agreement;

reviewed the draft dated February 9, 2005 of the Stock Option Agreement;

reviewed Global Signal's publicly available Initial Public Offering Prospectus dated June 2, 2004, its Quarterly Reports on Form 10-Q for the periods ended June 30, 2004, September 30, 2004, its registration statement on Form S-11 filed with the Securities and Exchange Commission on December 23, 2004 and its publicly available Current Reports on Form 8-K for the period following Global Signal's initial public offering;

reviewed certain operating and financial information relating to Global Signal's and Sprint Towers' businesses and prospects, including projections (on a stand-alone and combined basis) for the five years ended December 31, 2009, all as prepared and provided to us by Global Signal's management (the "Projections");

met with certain members of Global Signal's senior management to discuss Global Signal's and Sprint Towers' businesses, operations, historical and projected financial results and future prospects;

reviewed the reported historical prices, trading multiples and trading volume of the common shares of Global Signal;

reviewed publicly available financial data, terms and conditions of certain financings which we deemed generally comparable to the Equity Financing;

reviewed publicly available financial data, stock market performance data and trading multiples of companies which we deemed generally comparable to Global Signal;

reviewed the terms (to the extent publicly available) of recent acquisitions of assets which we deemed generally comparable to Sprint Towers;

reviewed the pro forma financial results, financial condition and capitalization of Global Signal giving effect to the Sprint Transaction, the Debt Financing and the Equity Financing as prepared and provided for us by Global Signal's management; and

conducted such other studies, analyses, inquiries and investigations as we deemed appropriate.

We have relied upon and assumed, without independent verification, the accuracy and completeness of the financial and other information reviewed by us for the purpose of this opinion, including, without limitation, the financial and other information provided to us by Global Signal. With respect to Global Signal's projected financial results that could be achieved upon consummation of the Transactions, we have relied on representations that they have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the senior management of Global Signal as to the expected future performance of Global Signal. We have not assumed any responsibility for the independent verification of any such information or of the Projections, and we have further relied upon the assurances of the senior management of Global Signal that they are unaware of any facts that would make the information and Projections provided to us incomplete or misleading.

We also have been instructed by you to assume, and have assumed, that (i) Global Signal's management and Global Signal's Board of Directors have determined, in consultation with their own financial and other advisors and not in reliance on any advice or opinion from Bear Stearns, (x) that the Sprint Transaction is strategically important to Global Signal and (y) to limit the amount of incremental indebtedness incurred by Global Signal in connection with the Sprint Transaction to \$850 million; (ii) fully committed debt and equity financing is a condition to execution of the Agreements; (iii) the terms of the Equity Financing have been negotiated by Global Signal's Special Committee and the Investors; and (iv) circumstances do not permit Global Signal to explore any alternate potential sources for, or obtain, equity financing for the Sprint Transaction other than the Equity Financing.

In arriving at our opinion, we have not performed or obtained any independent appraisal of the assets or liabilities (contingent or otherwise) of Global Signal or the Sprint Towers, nor have we been furnished with any such appraisals. We have assumed that the final executed Transaction Agreements will not differ materially from the draft Transaction Agreements reviewed by us. In addition, we have assumed (i) that the representations and warranties of each party contained in the Transaction Agreements are true and complete, (ii) that each party to the Transaction Agreements will perform all of the covenants and agreements required to be performed by such party thereunder and (iii) the

Edgar Filing: GLOBAL SIGNAL INC - Form DEF 14C

Transactions will be consummated in a timely manner and in accordance with the terms of the Transaction Agreements without any limitations, restrictions, conditions, amendments or modifications, regulatory or otherwise, that collectively would have a material effect on Global Signal. Our

opinion does not address Global Signal's obligation to perform under the Transaction Agreements if either the Debt Financing and/or the Equity Financing is not consummated. We do not express any opinion as to the price or range of prices at which the shares of common stock of Global Signal may trade subsequent to the announcement or consummation of the Transactions.

We have been retained to render an opinion to the Special Committee of Global Signal's Board of Directors regarding the fairness, from a financial point of view, of the terms and price to be paid to Global Signal for the Global Signal common stock issued to the Investors in connection with the Sprint Transaction and will receive a customary fee for such services, which is payable within three business days after delivery of this opinion. We have not been retained to and do not express any opinion with respect to (and the Special Committee and Global Signal's Board of Directors shall not rely on this opinion with respect to) the Sprint Transaction, the Debt Financing or any other transaction including, but not limited to, any other financing transaction or any other aspect of the Equity Financing.

Bear Stearns and/or its affiliates have provided (and may in the future be engaged to provide) investment banking services to Fortress Group Inc. and its affiliates, including, but not limited to, Amresco Inc., Newcastle Investment Corp., Eurocastle Investment Limited and Capstead Mortgage Corp. Such services have included advisory services with respect to the sale of Amresco Inc. to Fortress and various debt and equity offerings for Newcastle Investment Corp., Eurocastle Investment Limited and Capstead Mortgage Corp. In each case, Bear Stearns and/or its affiliates received (and may in the future receive) customary fees. Further, in the ordinary course of business, Bear Stearns and its affiliates may actively trade the equity and debt securities and/or bank debt of Global Signal, Sprint, Newcastle Investment Corp., Eurocastle Investment Limited, Amresco Inc. and Capstead Mortgage Corp. for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities or bank debt.

It is understood that this letter is intended solely for the benefit and use of the Special Committee of Global Signal's Board of Directors and Global Signal and is not intended to confer rights or remedies upon any other entity or person. It is also understood that this letter does not constitute a recommendation of any kind to the Special Committee of Global Signal's Board of Directors, Global Signal's Board of Directors or any holders of Global Signal common stock. This opinion does not address Global Signal's underlying business decision to pursue the Transactions, the relative merits of the Transactions as compared to any alternative business strategies or financing strategies that might exist for Global Signal or the effects of any other transaction in which Global Signal might engage. This letter is not to be used for any other purpose, or be reproduced, disseminated, quoted from or referred to at any time, in whole or in part, without our prior written consent which shall not be unreasonably withheld; provided, however, that this letter may be included in its entirety in any filing required to be made by Global Signal with the Securities and Exchange Commission with respect to the Sprint Transaction and the financing thereof (including, without limitation, an information statement distributed to Global Signal's shareholders with respect to the issuance of Global Signal common stock as financing for the Sprint Transaction). Our opinion is subject to the assumptions and conditions contained herein and is necessarily based on economic, market and other conditions, and the information made available to us, as of the date hereof. Subsequent developments may affect this opinion and we assume no responsibility for updating or revising our opinion based on circumstances or events occurring after the date hereof.

Based on and subject to the foregoing, it is our opinion that, as of the date hereof, the terms and price to be paid to Global Signal for the Global Signal common stock issued to the Investors in connection with the Sprint Transaction are fair, from a financial point of view, to Global Signal.

Very truly yours,

The Company shall have obtained the Consents contemplated by *Section 6.6*, if any, and a copy of each such consent or evidence thereof reasonably satisfactory to such Investor shall have been provided to such Investor at or prior to the Closing, unless the failure to obtain such Consents, when taken together with other events, developments or circumstances, has had or would reasonably be expected to have a Material Adverse Effect.

Section 7.3 Conditions to Obligations of the Company. The obligation of the Company to consummate the transactions with each Investor contemplated hereby shall be subject to the satisfaction at or prior to the Closing of each of the following conditions:

(a) *Representations and Warranties*. All of the representations and warranties of such Investor set forth in this Agreement shall be true and correct in all material respects, in each case as of the date of this Agreement and as of the Closing Date, as if made at and as of such time, except to the extent expressly made as of an earlier date, in which case as of such date.

(b) *Performance of Obligations*. Such Investor shall have performed, satisfied and complied with, in all material respects, all covenants and agreements set forth in this Agreement required to be performed by it under this Agreement at or prior to the Closing.

This Agreement may be terminated and the transactions contemplated hereby may be abandoned at any time prior to the Closing Date notwithstanding the fact that any requisite authorization and approval of the transactions contemplated hereby shall have been received and no party hereto shall have any liability to any other party hereto (provided that any such termination shall not (i) relieve any party from liability for a breach of any provision hereof prior to such termination or (ii) terminate the parties' respective obligations under *Article IX* or *Section 10.04*); *provided, however*, that in the event this Agreement is terminated in accordance with this *Section 8.1*, no Investor Indemnified Person may seek indemnification from the Company pursuant to *Article IX* hereof other than for the reasonable out-of-pocket fees, costs or expenses incurred by such Investor Indemnified Person in connection with the Transactions):

(c) by the Investors or the Company if the Closing shall not have occurred within 180 days of the date of this Agreement;

ARTICLE IX

INDEMNIFICATION

Section 9.1 *Survival of Representations and Warranties*. The representations and warranties of the parties hereto contained in this Agreement shall expire twelve months after the Closing Date, except that the representations and warranties set forth in *Sections 4.1(a), 4.2, 4.3, 5.1, 5.2, 5.3 and 5.4* shall survive until 6 months after the expiration of the applicable statute of limitations (including any extensions thereof). After the expiration of such periods, any claim by a party hereto based upon any such representation or warranty shall be of no further force and effect, except to the extent a party has asserted a claim in accordance with this *Article IX* for breach of any such representation or warranty prior to the expiration of such period, in which event any representation or warranty to which such claim relates shall survive with respect to such claim until such claim is resolved as provided in this *Article IX*. The covenants and agreements of the parties hereto contained in this Agreement shall survive the Closing until performed in accordance with their terms.

Section 9.2 *Indemnification*.

(a) The Company shall indemnify, defend and hold harmless the Investors, their Affiliates, and their respective officers, directors, partners, members, employees, agents, representatives, successors and assigns (each an *Investor Indemnified Person*) from and against all Losses incurred or suffered by a Investor Indemnified Person arising from, relating to or as a result of (i) the breach of any of the representations or warranties made by the Company in this Agreement or in any certificate furnished by the Company to the Investor pursuant to this Agreement (which breach shall be determined without regard to any materiality or Material Adverse Effect qualifications contained in the representation and warranty giving rise to such claim for indemnity), (ii) the breach of any covenant, obligation or agreement made by the Company in this Agreement or (iii) any actual or threatened Litigation against such Investor Indemnified Person by any Person (other than an Investor Indemnified Person) in connection with (A) the transactions contemplated hereby, (B) the negotiation, execution, delivery and performance of this Agreement or (C) any actions taken by any Investor Indemnified Person pursuant hereto or thereto or in connection with the transactions contemplated hereby (whether or not the transactions contemplated hereby are consummated); *provided, however*, that the Company shall not have any obligation to indemnify a particular Investor Indemnified Person pursuant to this *Section 9.2(a)(iii)* to the extent such suit, action, claim or proceeding arises from a breach of this Agreement by such Investor or such Investor Indemnified Person or a failure of any representation or warranty of such Investor set forth in *Article V* hereof to be true and correct and such breach or failure of a representation or warranty to be true and correct results in any condition contained in *Sections 7.1 or 7.3* hereof being incapable of being satisfied prior to the Closing.

(b) Each Investor shall severally and not jointly indemnify, defend and hold harmless (i) the Company, its Affiliates, and their respective officers, directors, partners, members, employees, agents, representatives, successors and assigns and (ii) each other Investor and its Affiliates, and their respective officers, directors, partners, members, employees, agents, representatives, successors and assigns (each an *Indemnified Person*) from and against all Losses incurred or suffered by an Indemnified Person arising from, relating to, or as a result of (i) the breach of any of the representations or warranties made by such Investor in this Agreement or any certificate furnished by such Investor to the Company pursuant to this Agreement or (ii) the breach of any covenant, obligation or agreement made by such Investor in this Agreement.

(c) No claim may be made against the Company for indemnification with respect to breaches of representations and warranties pursuant to *Section 9.2(a)(i)* above with respect to any Losses unless the aggregate amount of Losses incurred by the Investor Indemnified Persons

Edgar Filing: GLOBAL SIGNAL INC - Form DEF 14C

thereunder exceeds \$10,000,000, and the Company shall then only be liable for the amount of such Losses which exceed \$10,000,000. The

maximum amount recoverable under *Section 9.2(a)(i)* by all Investor Indemnified Persons, in the aggregate, shall be the Purchase Price and the maximum amount recoverable under *Section 9.2(a)(i)* by an Investor and its Investor Indemnified Persons shall not exceed such Investor's Purchase Price. No claim may be made against an Investor for indemnification with respect to breaches of representations and warranties pursuant to *Section 9.2(b)(i)* above with respect to any Losses unless the aggregate amount of Losses incurred by the Indemnified Persons thereunder exceeds \$10,000,000, and such Investor shall then only be liable for the amount of such Losses which exceed \$10,000,000. With respect to each Investor, the maximum amount recoverable under *Section 9.2(b)(i)* by all Indemnified Persons from such Investor shall be equal to the Purchase Price of the Shares such Investor is required to purchase pursuant to *Section 2.2*, *provided however*, if such Investor shall have purchased a number of Shares larger than the number of Shares such Investor was required to purchase pursuant to *Section 2.2*, the maximum amount recoverable under *Section 9.2(b)(i)* by all Indemnified Persons from such Investor shall be equal to the Purchase Price of the Shares such Investor purchased pursuant to this Agreement.

(d) In no case shall any payment be made in the case of an indemnification claim under *Section 9.2(a)(i)* or *9.2(a)(ii)* until a Loss occurs. No Person shall have any liability to any Investor Indemnified Person under *Section 9.2(a)(i)* for any breach of a representation or warranty to the extent that a claim for indemnification is based upon facts of which such Investor Indemnified Person had knowledge on or prior to the Closing Date, unless such claim also relies upon a materially adverse occurrence or development that occurs after the Closing Date. For purposes of this *Section 9.2(d)*, (i) the Investors shall be deemed to have knowledge of a fact only if any of the Persons set forth in the definition of Fortress Representative or Greenhill Representative or Abrams Representative has knowledge of the particular fact and (ii) such individual shall be deemed to have knowledge only to the extent of his or her actual knowledge of such fact and only to the extent of his or her awareness that such fact constitutes a breach of such representation or warranty.

Section 9.3 Procedure for Indemnification.

(a) If an Investor Indemnified Person or an Indemnified Person (such Person being referred to as the *Indemnitee*) shall receive notice or otherwise learn of the assertion by a Person who is not a party to this Agreement of any claim or of the commencement by any such Person of any action (a *Claim*) with respect to which the other party (the *Indemnifying Party*) may be obligated to provide indemnification, such Indemnitee shall give such Indemnifying Party written notice thereof promptly after becoming aware of such Claim; *provided*, that the failure of any Indemnitee to give notice as provided in this *Section 9.3* shall not relieve the applicable Indemnifying Party of its obligations under this *Article IX*, except to the extent that such Indemnifying Party is materially prejudiced by such failure to give notice; *provided, further*, that the applicable Indemnifying Party shall have no obligations under *Section 9.2(a)(i)* or *Section 9.2(b)(i)*, as applicable, unless such written notice is received by the Indemnifying Party within the survival periods set forth in *Section 9.1*. Such notice shall describe the Claim in reasonable detail, and shall indicate the amount (estimated if necessary) of the Loss that has been or may be sustained by or is claimed against such Indemnitee.

(b) An Indemnifying Party may elect to compromise, settle or defend, at such Indemnifying Party's own expense and by such Indemnifying Party's own counsel, any Claim; *provided, however*, that the Indemnifying Party shall not compromise, settle or defend a Claim without the consent of the Indemnitee (which consent shall not be unreasonably withheld, conditioned or delayed). If an Indemnifying Party elects to compromise, settle or defend a Claim, it shall, within 30 days of the receipt of notice from an Indemnitee pursuant to *Section 9.3(a)* (or sooner, if the nature of such Claim so requires), notify the applicable Indemnitee of its intent to do so, and such Indemnitee shall cooperate in a commercially reasonable manner in the compromise or settlement of, or defense against, such Claim. After notice from an Indemnifying Party to an Indemnitee of its election to assume the defense of a Claim, the Indemnitee shall have the right to participate in the defense thereof, at its own expense, and such Indemnifying Party shall not be liable to such Indemnitee under this *Article IX* for any legal or other expenses subsequently incurred by such Indemnitee in connection with the defense thereof (except expenses approved in advance by the Indemnitee); *provided*, that such Indemnitee shall have the right to employ one separate counsel reasonably satisfactory to the

Table of Contents

Indemnifying Party to represent such Indemnitee if (i) in the reasonable judgment of the Indemnitee, there are legal defenses available to such Indemnitee that are different from or additional to those available to the Indemnifying Party, (ii) the Indemnifying Party shall authorize in writing the Indemnitee to retain a single, separate counsel at the Indemnifying Party's expense or (iii) the defendants in any such Claim include both the Indemnifying Party and the Indemnitee and, in such Indemnitee's reasonable judgment, a conflict of interest between such Indemnitee and such Indemnifying Party exists in respect of such Claim, and only in the events listed in clauses (i) through (iii) of this paragraph (b) shall the reasonable fees and expenses of such separate counsel be paid by such Indemnifying Party. If an Indemnifying Party elects not to compromise, settle or defend against a Claim, or fails to notify an Indemnitee of its election as provided in this *Section 9.3* within 30 days of notice from the Indemnitee pursuant to *Section 9.3(a)*, such Indemnitee may compromise, settle or defend such Claim at the expense of such Indemnifying Party.

(c) If an Indemnifying Party chooses to defend any claim, the applicable Indemnitee shall make available to such Indemnifying Party any personnel or any books, records or other documents within its control that are reasonably necessary or appropriate for such defense.

(d) If the aggregate amount of any Loss shall, at any time subsequent to payment pursuant to this Agreement, be reduced by recovery, settlement or otherwise, the amount of such reduction, net of any expenses incurred in connection therewith or additional Losses incurred, shall promptly be repaid by the applicable Indemnitee to the applicable Indemnifying Party.

(e) In the event of payment by an Indemnifying Party to any Indemnitee in connection with any Claim, such Indemnifying Party shall be subrogated to and shall stand in the place of such Indemnitee as to any events or circumstances in respect of which such Indemnitee may have any right or claim relating to such Claim. Such Indemnitee shall cooperate with such Indemnifying Party in a reasonable manner, and, at the cost and expense of such Indemnifying Party, in prosecuting any subrogated right or claim.

Section 9.4 Sole Remedy. Except in the case of fraud, the rights to indemnification provided for in this *Article IX* for a breach of representations or warranties by the Investors (in the case of indemnification pursuant to *Section 9.2(b)(i)*) or the Company (in the case of indemnification pursuant to *Section 9.2(a)(i)*) shall constitute the sole post-closing remedy of the Company and the Investors respectively, for such breach, and the Company and the Investors shall have no other liability or damages to the other party resulting from any such breach.

This Agreement is a one-time stock option (an Option) to repurchase shares of the Company's common stock. This Option is granted for the purpose of permitting the Company to repurchase a portion of the shares of the Company's common stock, par value \$0.01 per share (the Common Stock) issued to the Investors pursuant to an Investment Agreement, dated February 14, 2005, by and among the Company and the Investors.

Terms and Conditions of the Option

1. **Number of Shares and Option Price.** The Option entitles the Company to purchase from the Investors an aggregate of _____ shares (the Option Shares) of the Company's Common Stock, at an exercise price of \$26.50 per share (the Option Price) subject to adjustment as set forth herein. The Company shall purchase from each Investor that number of Option Shares equal to the product of the Option Shares multiplied by the percentage set forth opposite such Investor's name on *Exhibit A* hereto.

2. **Period of Option.** This Option may be exercised as provided herein at any time from and after the Date of Grant until 5:00 p.m., New York City time, on the date that is six months and one day after the Date of Grant or if such date is not a business day on the next succeeding business day (the **Expiration Date**). Upon the occurrence of the Expiration Date, all rights of the Company hereunder, with respect to the Option, shall cease.

3. **Conditions of Exercise.** Subject to the provisions of this Agreement, the Option shall be fully vested and immediately exercisable in accordance with Section 4 below.

4. **Exercise of Option.** The Option may be exercised one-time, as provided herein, in whole or in part, at any time until the Expiration Date in the manner described in this Section 4. The Company shall also deliver to the Investors a certificate from a duly authorized officer of the Company to the effect that the covenants, representations and warrants set forth in Section 6(b) hereof are true and correct in all material respects with the same force and effect as though expressly made at the time of this Agreement. Upon the Investor's receipt of the Company's written notice of exercise and the cash, the Investors shall promptly deliver to the Company the number of Option Shares set forth in such notice.

5. ***Nontransferability of Option.*** Except as permitted by each Investor in writing or a corporate successor of such Investor by merger, consolidation or otherwise, the Company shall not be permitted to sell, transfer, pledge or assign the Option. The Option shall be exercisable only by the Company or any subsequent party or parties having the right to exercise the Option pursuant to the foregoing sentence. Any attempted assignment, transfer, pledge or other disposition of the Option contrary to the provisions hereof shall be null and void and without effect.
