PROXY STATEMENT FOR 2005 ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

Our Board of Directors is soliciting this Proxy Statement and the enclosed proxy card for use at our 2005 Annual Meeting of Shareholders, to be held on Wednesday, May 18, 2005 at 9:00 a.m. Pacific Daylight Time, and for any adjournment or postponement of the meeting. Our Annual Meeting will be held at our corporate headquarters located at 3250 Van Ness Avenue, San Francisco, California 94109. Our Annual Report to Shareholders for the fiscal year ended January 30, 2005, or fiscal 2004, including our financial statements for fiscal 2004, is also enclosed. These proxy materials are first being mailed to shareholders on or about April 20, 2005.

What is the purpose of the Annual Meeting?

Shareholders will be asked to vote on the following matters:

The election of our Board of Directors;

The amendment and restatement of our 2001 Incentive Bonus Plan so that we may continue to use the 2001 Incentive Bonus Plan to achieve the company's goals and continue to receive a federal income tax deduction for certain compensation paid under the 2001 Incentive Bonus Plan;

The ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending January 29, 2006; and

Such other business as may properly come before the meeting or any adjournment or postponement of the meeting, including shareholder proposals. At this time, we do not know of any other matters to be brought before the Annual Meeting.

Who may vote?

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

Only shareholders of record at the close of business on March 22, 2005, the record date, are entitled to receive notice of and to vote at the Annual Meeting. Each holder of our common stock will be entitled to one vote for each share of our common stock owned as of the record date. As of the record date, there were 115,423,823 shares of our common stock outstanding and entitled to vote, and there were 516 shareholders of record, which number does not include shares held in the name of a bank or brokerage firm. We do not have any outstanding shares of preferred stock.

How do I vote?

You may vote in person at the Annual Meeting, electronically by submitting your proxy through the Internet, by telephone or by returning the enclosed proxy card in the enclosed envelope before the Annual Meeting. Proxies properly executed, timely returned to us and not revoked will be voted in accordance with the instructions contained in the proxy. If any matter not described in this Proxy Statement is properly presented for action at the meeting, the persons named in the enclosed proxy will have discretionary authority to vote according to their best judgment.

How do I vote electronically or by telephone?

You may vote electronically by submitting your proxy through the Internet or by telephone. The Internet and telephone voting procedures are designed to authenticate your identity as a Williams-Sonoma, Inc. shareholder,

to allow you to vote your shares and to confirm that your instructions have been properly recorded. Specific instructions to be followed for voting via the Internet or by telephone are summarized below in this Proxy Statement and on your proxy card.

Shares Registered Directly in the Name of the Shareholder

If your shares are registered directly in your name in our stock records maintained by our transfer agent, Wells Fargo Shareowner Services, then you may vote your shares:

on the Internet at www.eproxy.com/wsm/ ; or

by calling Wells Fargo Shareowner Services from within the United States at 800-560-1965.

Proxies for shares registered directly in your name that are submitted through the Internet or by telephone must be received before noon Pacific Daylight Time on Tuesday, May 17, 2005.

Shares Registered in the Name of a Brokerage Firm or Bank

If your shares are held in an account at a brokerage firm or bank, you should follow the voting instructions on your proxy card.

What if I return my proxy card directly to the company, but do not provide voting instructions?

If a signed proxy card is returned to us without any indication of how your shares should be voted, votes will be cast FOR the election of the directors named in this Proxy Statement; FOR the described amendment and restatement of our 2001 Incentive Bonus Plan; and FOR the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending January 29, 2006.

How many votes must be present to hold the Annual Meeting?

Shareholders holding a majority of our outstanding shares as of the record date must be present in person or by proxy at the Annual Meeting so that we may transact business. This is known as a quorum. Shares that are voted in person or by the Internet, telephone or signed proxy card, and abstentions and broker non-votes, will be included in the calculation of the number of shares considered to be present for purposes of determining whether there is a quorum at the Annual Meeting.

What is a broker non-vote?

The term broker non-vote refers to shares that are held of record by a broker for the benefit of the broker's clients but that are not voted at the Annual Meeting on certain non-routine matters set forth in New York Stock Exchange, or NYSE, Rule 402.08(B) because a broker did not receive instructions from the broker's clients on how to vote the shares and, therefore, was prohibited from voting the shares.

What is cumulative voting and when does it occur?

Cumulative voting is a system of shareholder voting to elect directors that allows a shareholder to cast all of the shareholder's votes for a single director or multiple directors. If a shareholder requests that cumulative voting take place, then every shareholder entitled to vote may cumulate votes for director nominees, and you will be entitled to cast as many votes as are equal to the number of shares owned by you as of the record date multiplied by the number of directors to be elected. To engage in cumulative voting, a shareholder entitled to vote at the Annual Meeting must give notice of the shareholder's intention to cumulate votes before voting begins. If that occurs, you may cumulate votes only with respect to the election of director nominees whose names were placed in nomination prior to the voting for directors. Cumulative votes may be cast for one director nominee or distributed among two or more director nominees. For example, if you owned 100 shares of our common stock as of the record date and eight directors were being elected, you would have 800 votes (100 shares multiplied by eight directors) to cast for one or more of the director nominees at the Annual Meeting.

A director elected by cumulative voting only can be removed without cause by the same cumulative voting standards.

As of the date of this Proxy Statement, we have not received notice that any shareholder has requested the ability to cumulate votes for directors.

How many votes are needed to elect directors?

The nine director nominees receiving the highest number of votes at the Annual Meeting will be elected as directors. This is called a plurality. Your proxy will be voted in accordance with your instructions. If no instructions are given, the proxy holders will vote FOR each of the director nominees. Since directors are elected by a plurality, broker non-votes and abstentions will have no effect on the outcome of the election.

How many votes are needed to approve Proposals 2 and 3?

Proposal 2, amendment and restatement of our 2001 Incentive Bonus Plan, requires the affirmative vote of a majority of our outstanding shares of common stock. Proxy cards marked abstain and broker non-votes will have the effect of a NO vote on Proposal 2.

Proposal 3, ratification of independent registered public accounting firm, requires the affirmative vote of a majority of the shares represented and voting at the Annual Meeting and a majority of the quorum required to transact business at the Annual Meeting. Proxy cards marked abstain and broker non-votes are not counted as votes cast. Proxy cards marked abstain or broker non-votes will have the effect of a NO vote on Proposal 3 if the number of affirmative votes is a majority of the votes cast but does not constitute a majority of the quorum required to transact business at the Annual Meeting.

Are there any shareholder proposals this year?

No, we did not receive notice before December 16, 2004 of any shareholder proposals requesting inclusion in our proxy statement for our 2005 Annual Meeting or of any shareholder proposals to be raised at this year's Annual Meeting.

What if I want to change my vote(s)?

You may revoke your proxy prior to the close of voting at the Annual Meeting by any of the following methods:

sending written notice of revocation to our Secretary;

sending a signed proxy card bearing a later date to our Secretary; or

attending the Annual Meeting, revoking your proxy and voting in person.

What is householding?

Householding is a cost-cutting procedure used by us and approved by the Securities and Exchange Commission, or SEC. Under the householding procedure, we send only one Annual Report and Proxy Statement to shareholders of record who share the same address and last name, unless one of those shareholders notifies us that the shareholder would like a separate Annual Report and Proxy Statement. A shareholder may notify us that the shareholder would like a separate Annual Report and Proxy Statement by phone at 415-421-7900 or at the following mailing address: 3250 Van Ness Avenue, San Francisco, California 94109, Attention: Annual Report Administrator. If we receive such notification that the shareholder wishes to receive a separate Annual Report and Proxy Statement, we will promptly deliver such Annual Report and Proxy Statement. A separate proxy card is included in the materials for each shareholder of record. If you wish to update your participation in householding, you may contact your broker or the mailing agent, ADP Investor Communication Services, at 800-542-1061.

What if I received more than one proxy card?

If you received more than one proxy card, it means that you have multiple accounts with brokers and/or our transfer agent. You must complete each proxy card in order to vote all of your shares. If you are interested in consolidating your accounts, you may contact your broker or our transfer agent, Wells Fargo Shareowner Services, at 800-468-9716.

Who pays the expenses incurred in connection with the solicitation of proxies?

We pay all of the expenses incurred in preparing, assembling and mailing this Proxy Statement and the materials enclosed. We have retained Skinner & Company to assist in the solicitation of proxies at an estimated cost to us of \$6,000. Some of our officers or employees may solicit proxies personally or by telephone or other means. None of those officers or employees will receive special compensation for such services.

PROPOSAL 1

ELECTION OF DIRECTORS

What is this proposal?

This is a proposal to elect our Board of Directors.

How many members are on our Board?

Our Board consists of nine members who are elected annually.

Has the Board determined which directors are independent?

The Board has determined that Sanjiv Ahuja, Adrian D.P. Bellamy, Adrian T. Dillon, Jeanne P. Jackson, Michael R. Lynch and Richard T. Robertson do not have a material relationship with us and are independent within the meaning of the NYSE and SEC director independence standards, as currently in effect. Further, our Board committees satisfy the independence requirements of the NYSE. The Board's independence determination was based on information provided by our directors and discussions among our officers and directors.

How often did our Board meet in fiscal 2004?

During fiscal 2004, our Board held a total of 6 meetings. Each incumbent director who was a member of our Board during fiscal 2004 attended at least 75% of the total of our Board meetings and the meetings held by all committees of the board on which such director served.

What is our policy for director attendance at the Annual Meeting?

Our policy is that directors who are up for election at our Annual Meeting should attend the Annual Meeting. Each of the incumbent directors who was a member of our Board during fiscal 2004 attended our 2004 Annual Meeting.

How can shareholders communicate with members of the Board?

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

Shareholders may send written communications to the Board or to any of the directors at the following address: Secretary, Williams-Sonoma, Inc., 3250 Van Ness Avenue, San Francisco, California 94109. All communications will be compiled by our Secretary and submitted to the Board or an individual director, as appropriate, on a periodic basis.

What will happen if a nominee is unwilling or unable to serve prior to the Annual Meeting?

Our Board has no reason to believe that any of the nominees will be unwilling or unable to serve as a director. However, should a nominee become unwilling or unable to serve, our Nominations and Corporate Governance Committee would recommend another person or persons to be nominated by our Board to stand for election, and your proxies would be voted for the person or persons selected by the committee.

How are the directors compensated?

Directors do not presently receive any cash compensation for their service on our Board or Board committees. As their exclusive compensation relating to Board and Board committee service, non-employee directors are awarded stock options. Specifically, we grant each non-employee director an option to purchase 13,500 shares of our common stock upon the non-employee director's initial election to our Board. We also grant to each non-employee director on the date of the Annual Meeting an option to purchase 12,500 shares of the Company's common stock (so long as the non-employee director has been serving on our board for at least three months). We also annually grant to the chairperson of the Audit Committee an option to purchase 3,000 shares of our common stock and to the chairpersons of the Compensation Committee and the Nominations and Corporate Governance Committee an option to purchase 1,000 shares of our common stock. The exercise price of these options is equal to the fair market value of our common stock on the last market trading day prior to the date of the option grant. These options granted to our non-employee directors and committee chair people vest one year

from the date of grant. In addition, we reimburse travel expenses related to attending Board, committee or our business meetings and offer discounts on our merchandise to all non-employee directors and their immediate families.

Does the Board hold executive sessions?

It is the Board's policy to have a separate meeting time for independent directors, typically during the regularly scheduled Board meetings. The executive sessions are led by the chairperson of the Nominations and Corporate Governance Committee of the Board, an independent director, who is currently Michael R. Lynch.

Are there any family or other special relationships among the director nominees and our executive officers?

No, there are no family relationships between any director nominee or executive officer and any other director nominee or executive officer. There are no arrangements or understandings between any director nominee or executive officer and any other person pursuant to which he or she has been or will be selected as our director and/or executive officer.

Were any incumbent directors not elected at the 2004 Annual Meeting?

Yes. Adrian T. Dillon was appointed to the Board on April 18, 2005. Mr. Dillon was identified by a third-party search firm that was retained by management in consultation with the Nominations and Corporate Governance Committee.

PROPOSAL 2

AMENDMENT AND RESTATEMENT OF OUR 2001 INCENTIVE BONUS PLAN

What is this proposal?

This is a proposal asking shareholders to approve the amended and restated 2001 Incentive Bonus Plan, to be effective as of January 25, 2006, so that we may continue to use the 2001 Incentive Bonus Plan to achieve the company's goals and continue to receive a federal income tax deduction for certain compensation paid under the 2001 Incentive Bonus Plan. Shareholders approved the 2001 Incentive Bonus Plan in 2001. In order for the company to continue to receive federal income tax deductions for all compensation paid under the 2001 Incentive Bonus Plan after the current plan expires, we must obtain new shareholder approval before bonuses that are earned in fiscal year 2006 are paid out in fiscal year 2007. The amended and restated plan is attached to this Proxy Statement as Exhibit A.

Has our Board approved the amended and restated plan?

On March 15, 2005, the Compensation Committee of our Board of Directors approved the amended and restated 2001 Incentive Bonus Plan, subject to approval from our shareholders at the Annual Meeting. If shareholders do not approve the amended and restated 2001 Incentive Bonus Plan, the current 2001 Incentive Bonus Plan will continue in effect as currently in place through fiscal year 2005 and will terminate pursuant to its terms. Also, if shareholders do not approve the amended and restated 2001 Incentive Bonus Plan, the company may not be entitled to a deduction for certain incentive compensation paid to our Chief Executive Officer and four other most highly compensated executive officers after the current 2001 Incentive Bonus Plan expires. Our named executive officers have an interest in this proposal.

What changes are being made to the current plan?

The current plan has been changed to add to the performance goals available under the plan. The performance goals available under the amended and restated 2001 Incentive Bonus Plan, the achievement of which determines the bonuses paid under the plan, will closely reflect those available under the company's 2001 Long-Term Incentive Plan. The amended and restated 2001 Incentive Bonus Plan also allows the Compensation Committee to adjust any of the performance goals applicable to an award to reflect extraordinary expenses or changes in accounting rules. In addition, the maximum award available under the plan has been increased to the lesser of \$3,000,000 or 300% of each participant's annual base salary in effect on the first day of the first fiscal year in the award period, multiplied by the number of complete or partial fiscal years in the award period. The plan has also been changed to remove language particular to the participation of Dale Hilpert, the company's former Chief Executive Officer and to remove language relating to non-executive officers, as non-executive officers will not participate in the amended and restated 2001 Incentive Bonus Plan, but will receive bonuses pursuant to separate arrangements. Lastly, the term of the amended and restated 2001 Incentive Bonus Plan has been extended so that it will continue in place until the first company shareholder meeting held in 2010, unless it is re-approved by the company's shareholders at or before such meeting or is earlier terminated by the Board of Directors.

SUMMARY OF THE AMENDED AND RESTATED PLAN

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

The following questions and answers provide a summary of the principal features of the amended and restated 2001 Incentive Bonus Plan and its operation. This summary is qualified in its entirety by the amended and restated 2001 Incentive Bonus Plan attached hereto as Exhibit A.

What is the purpose of the plan?

The 2001 Incentive Bonus Plan is intended to motivate and reward participants by making a significant portion of their cash compensation directly dependent upon achieving the company's objectives. The 2001 Incentive Bonus Plan accomplishes this by providing additional compensation to the company's executive officers as an incentive to attain the company's goals. The 2001 Incentive Bonus Plan also functions as a retention tool, helping to ensure the continued availability of the services of the executive officers to the company.

The 2001 Incentive Bonus Plan also is designed to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code (Section 162(m)). Under Section 162(m), the company may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer or any of the other four most highly compensated executive officers to the extent that any of these persons receives more than \$1 million in any one year. However, the company may deduct compensation in excess of \$1 million if it qualifies as performance-based compensation under Section 162(m). Payments under the 2001 Incentive Bonus Plan are intended to qualify as performance-based compensation, thereby permitting the company to receive a federal income tax deduction for the payment of incentive compensation.

Who administers the plan?

The 2001 Incentive Bonus Plan is administered by a committee (the Committee) of the company s Board of Directors, consisting of two or more directors. The members of the Committee must qualify as outside directors under Section 162(m) for purposes of qualifying compensation under the plan as performance-based compensation. Currently, the Committee administering the plan is the Compensation Committee of the Board of Directors.

What are the powers of the Committee?

The Committee has full power to administer the plan, including amending or revoking rules or procedures as it deems proper for the administration of the plan. However, such actions may only be taken upon the agreement of a majority of the Committee. Subject to the terms of the plan, the Committee has sole discretion to construe and interpret the plan, make all determinations for the administration of the plan, grant awards under the plan, including determining the terms and conditions of each award, such as the target amount and the performance goals and, at any time, reduce any award to be paid out under the plan.

Who is eligible to receive awards?

Executive officers and those employees who are deemed covered employees for purposes of Section 162(m) may participate in the amended and restated 2001 Incentive Bonus Plan during each fiscal year of the company. For purposes of Section 162(m), covered employees include our Chief Executive Officer and the company s next four most highly compensated executive officers. An executive whose employment or service relationship with the company terminates before the end of any award period is not entitled to participate in the plan or receive any awards under the plan in a later fiscal year, unless he or she again becomes eligible to participate in the plan.

How are target awards established?

For each award period, the Committee establishes a performance award target based upon the achievement of a specified goal relating to one or more performance goals for each plan participant. Award periods consist of one or more fiscal years of the company, or one or more quarters of the company, as the Committee determines, and the award periods may be different for different awards. The Committee must establish performance goals for an award no later than the earlier of 90 days after the first day of the award period or the date on which 25% of the award period has elapsed. The maximum award under the plan for each award period may not exceed \$3,000,000 or 300% of each participant s annual base salary in effect on the first day of the first fiscal year in the award period, multiplied by the number of complete or partial fiscal years in the award period.

How are the amounts of individual awards established?

For each award period, the covered employee receives an award equal to the specific amount determined under the formula relating to the performance goals that have been established for that award. The Committee has the discretion to decrease the amount of any award payable under the plan.

What are performance goals?

We have designed the plan so that it permits us to pay compensation that qualifies as performance-based under Section 162(m). This allows the Committee to make performance goals applicable to a participant with respect to

an award. At the Committee's discretion, one or more of the following performance goals may apply to an award: (i) annual revenue; (ii) cash position; (iii) earnings per share; (iv) earnings per share prior to accounting for the payment of annual bonuses; (v) earnings before interest, taxes, depreciation and amortization; (vi) net profits (before-tax or after-tax); (vii) operating cash flow; (viii) return on assets; (ix) return on equity; (x) return on sales; and (xi) total shareholder return. Except for total shareholder return, these performance goals may apply to company performance or to the performance of a business unit, product lines or specific markets. Performance goals may be different from participant to participant, within or between award periods and from award to award. The amended and restated 2001 Incentive Bonus Plan also allows the Committee to adjust any of the performance goals applicable to an award to reflect extraordinary expenses or changes in accounting rules.

How are awards under the plan paid out?

Before awards are paid under the plan, the Committee must certify that the performance goal for the award has been satisfied. Awards under the plan are paid in cash, reasonably promptly following the conclusion of the award period and the Committee's certification that the applicable performance goals have been satisfied. In no event are the awards paid later than three months after the conclusion of the fiscal year of the company in which the award period ends.

What happens if a participant terminates employment before an award is paid?

A participant in the plan may not receive an award if he or she is not employed with the company on the last day of an award period, unless the Committee specified at the time of grant that the award would be paid in full or on a prorated basis if the participant terminated employment for reasons the Committee had specified. If the award is paid on a prorated basis in such an event, it will not constitute performance-based compensation for purposes of Section 162(m).

How can we amend or terminate the plan?

The Board generally may amend, suspend or terminate the plan at any time and for any reason. Amendments will be contingent on shareholder approval if the amendment raises the maximum award limit under the plan or if required by applicable law or to continue to allow awards to qualify as performance-based compensation under Section 162(m). By its terms, the amended and restated 2001 Incentive Bonus Plan will continue in place until the fifth anniversary of the effective date of the amendment and restatement, unless it is re-approved by the company's shareholders at or before such meeting or is earlier terminated by the Board of Directors.

What are the awards to be granted to certain individuals and groups?

Awards under the 2001 Incentive Bonus Plan are determined based on actual future performance, so future actual awards cannot now be determined. Because our executive officers are eligible to receive awards under the 2001 Incentive Bonus Plan, our executive officers have an interest in this proposal. Awards were paid to our named executive officers under the 2001 Incentive Bonus Plan for fiscal 2004 in the amounts listed in the Compensation Committee Report (see page 21). No directors are eligible to participate in the plan. The Committee may pay bonuses outside of the amended and restated 2001 Incentive Bonus Plan for the accomplishment of strategic or other individual goals, and it chose to do so for fiscal 2004.

Why do we recommend that the 2001 Incentive Bonus Plan be amended and restated?

We believe that the amended and restated plan is essential to our continued success. Our employees are our most valuable asset. Cash bonuses provided under the plan will substantially assist us in continuing to attract and retain key employees. Such awards also are crucial to our ability to motivate employees to achieve our goals. As noted above, if shareholders do not approve the amended and restated 2001 Incentive Bonus Plan, the current 2001 Incentive Bonus Plan will continue in effect as currently in place through January 24, 2006 and will terminate pursuant to its terms.

What vote is required to approve this proposal?

To approve this proposal, a majority of the outstanding shares of our common stock must vote **FOR** this proposal.

If approved, when would the amended and restated plan become effective?

The amended and restated plan would become effective as of January 25, 2006.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE **FOR THE APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE 2001 INCENTIVE BONUS PLAN.**

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

What is this proposal?

This is a proposal to ratify the selection of Deloitte & Touche LLP, or Deloitte, as our independent registered public accounting firm for the fiscal year ending January 29, 2006. The Audit Committee selected Deloitte as our independent registered public accounting firm for the year ending January 29, 2006, subject to ratification by our shareholders. Although shareholder ratification of our independent registered public accounting firm is not required by law, as a matter of corporate governance we are requesting that our shareholders ratify such selection.

What relationship does Deloitte currently have with us?

Deloitte has audited our financial statements for the last twenty-five years. Based in part upon information provided by Deloitte, the Audit Committee determined that Deloitte is independent under applicable independence standards.

Will a Deloitte representative be present at the Annual Meeting?

A Deloitte representative will be present at the Annual Meeting and will have the opportunity to make a statement. Deloitte's representative will be available to respond to appropriate questions.

What services did Deloitte provide in fiscal 2004?

Deloitte's services for fiscal 2004 included: the issuance of an opinion on (i) our annual consolidated financial statements, (ii) management's assessment of our internal control, (iii) the effectiveness of our internal control and (iv) our associate stock incentive plan; review of our quarterly consolidated financial statements; review of our internal control over financial reporting; and audit services related to periodic filings made with the SEC. In fiscal 2004, Deloitte also performed certain audit-related and tax services, and discussed certain matters with our Audit Committee, in each case as more fully described in the Audit Committee Report and the Audit and Related Fees section below.

What vote is required to approve this proposal?

To approve this proposal, a majority of the shares represented and voting at the Annual Meeting and a majority of the quorum required to transact business at the Annual Meeting must vote **FOR** this proposal.

What will happen if shareholders vote against this proposal?

If shareholders vote against this proposal, we will consider interviewing other independent registered public accounting firms. There can be no assurance, however, that we will choose to appoint another independent registered public accounting firm even if this proposal is not approved.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JANUARY 29, 2006.

Compensation Committee Report

Who serves on the Compensation Committee?

During fiscal 2004 through the present, the Compensation Committee consisted of Adrian D.P. Bellamy, Jeanne P. Jackson and Richard T. Robertson. Mr. Bellamy serves as Chairman of the Compensation Committee. The Board has determined that each member of the Compensation Committee is independent under the NYSE rules as currently in effect, is an outside director as such term is defined with respect to Section 162(m) of the Internal Revenue Code and is a non-employee director under Section 16(b) of the Securities Exchange Act of 1934. None of the committee members has ever served as an officer of the company.

What is the role of the Compensation Committee with respect to executive compensation?

The Compensation Committee administers the company's compensation programs, including compensation arrangements and equity plans. We have engaged an independent executive compensation consulting firm to assist us in discharging our responsibilities. Our role is detailed in the Compensation Committee Charter, which was amended and restated by the Board on March 16, 2004. The Compensation Committee Charter is available on the company's website at www.williams-sonomainc.com and was attached to last year's Proxy Statement. Specifically, we:

Review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer, evaluate the Chief Executive Officer's performance in light of those goals and objectives, and review and approve the level of compensation, including base salary, bonus, equity compensation, and any other benefits to be provided to the Chief Executive Officer based on this evaluation;

Review, make recommendations to the Board regarding, and approve, as appropriate, compensation for executive officers other than the Chief Executive Officer. Each of the named executive officers is listed in the Summary Compensation Table appearing in this Proxy Statement;

Review, make recommendations to the Board regarding, and approve, as appropriate, general compensation goals and guidelines for the company's employees;

Review, make recommendations to the Board regarding, and approve, as appropriate, the compensation policy for the non-employee directors of the company; and

Act as the administrator of and administer, within the authority delegated by the Board, the company's incentive compensation and equity-based plans.

Does the Compensation Committee delegate any of its authority?

The Compensation Committee does not delegate any of its authority with respect to executive officers and non-employee directors of the company. However, the Compensation Committee has appointed a Non-Executive Stock Option Committee to which it has delegated the ability to grant awards under the company's equity based plans to those employees who are not executive officers. The Non-Executive Stock Option Committee consists of two of the company's directors, Edward A. Mueller and Patrick J. Connolly.

What is the Compensation Committee's philosophy of executive compensation?

We believe that the company's executive compensation programs should support the company's objective of creating value for its shareholders. Accordingly, we believe that executive officers and other key employees should have a significant stake in the company's stock performance and that compensation programs should link executive compensation to shareholder value. For this reason, we strive to ensure that the company's executive officer compensation programs are designed to enable the company to attract, retain, motivate and reward highly qualified executive officers while maintaining strong and direct links between executive pay, individual performance, the company's financial performance and shareholder returns. One of the ways we have sought to accomplish this is by making a significant portion of individual compensation directly dependent on the company's achievement of financial goals, and by providing significant rewards for exceeding those goals. We believe that strong financial performance, on a sustained basis, is an effective means of enhancing long-term shareholder return.

What are the components of executive compensation?

We consider three major elements in our compensation program:

Base salary;

Annual incentive opportunities; and

Long-term incentives.

We believe that offering the executive team a total compensation package with a strong at-risk, pay-for-performance component helps to achieve the company's objective of creating value for its shareholders. Each of the three major elements in our compensation program is discussed in detail below, but in general this means:

Base salaries are competitive with comparable public retail companies relative to similar positions.

Annual incentive opportunities are based principally on the company's overall corporate performance and the executive's attainment of individual goals. This results in the company's strongest performers receiving a better compensation package while poorer performers receive less. We believe the structure of our annual incentive opportunities fosters a performance-driven culture.

Long-term incentives, such as equity compensation awards, are structured to encourage our executive team to manage from the perspective of owners in the company and to reward executives and other key employees for maximizing long-term shareholder value.

How many times did the Compensation Committee meet during fiscal 2004?

The Compensation Committee held a total of three meetings during fiscal 2004, in March, August and November. At certain of these meetings, our Chief Executive Officer made recommendations to us with respect to the compensation adjustments for other executives and with respect to the structure and terms of these officers' target bonuses and equity-based compensation arrangements. However, our Chief Executive Officer did not participate in the portions of the meetings during which his own compensation was deliberated.

Do we compare the company's compensation practices to those of other companies?

Yes. We believe that the compensation practices of many different companies within the retail industry are relevant to establishing the company's compensation programs and executive compensation for each year. Specifically, we strive to ensure that the company's compensation programs and executive compensation are competitive, taking into account pay practices at other companies considered by us to be comparable each year, based on industry, revenues and other factors. We refer to these companies collectively as comparable companies. For fiscal 2004, the comparable companies included over 30 specialty retail companies with similar annual revenue. We relied on executive compensation benchmarking surveys that provided summarized data levels of base salary, target annual cash incentives, and equity-based and other long-term incentives. We believe that among the comparable companies, survey data in these areas provide, by and large, a reliable indicator of total compensation. In addition, the company utilizes an independent executive compensation consultant hired by management for the purpose of meeting with us to provide information on the competitiveness of the company's compensation programs. The Compensation Committee met periodically throughout the year to review, discuss and analyze the data.

How are base salaries determined?

We review and set the company's executive officers' base salaries, including those of the named executive officers, on an annual basis. This review occurred in March 2004 to confirm appropriate base salaries for fiscal 2004.

We believe that executive officers' base salaries must be sufficiently competitive to attract and retain key executives. Accordingly, base pay and annual increases are determined through an analysis of each individual's salary and total target compensation relative to salaries for similar positions at comparable companies and, to a lesser extent, through a subjective analysis of each individual's experience and past and anticipated contributions to the company's success. As a result, for fiscal 2004, the company's executive officers' base salaries fell generally within the third quartile (i.e., 50th to 75th percentile) of similarly situated executive officers at comparable companies.

How are annual incentives determined?

The company promotes outstanding performance by rewarding executive officers for achieving specific performance objectives with an annual cash bonus paid through the company's 2001 Incentive Bonus Plan or, in some cases, through discretionary bonuses granted outside of the plan. The company pays bonuses under the plan only when the company exceeds a specific corporate earnings objective as established by us in the first quarter of each fiscal year. Bonuses to executive officers, whether granted within or outside of the 2001 Incentive Bonus Plan, are based on the company's performance and on each executive officer's individual performance. If the company or the executive officer fails to fully meet some or all of the company or individual objectives, the award may be significantly reduced or even eliminated. Conversely, if the objectives are overachieved, awards may be significantly increased above target thresholds set under the 2001 Incentive Bonus Plan pursuant to the pre-determined formula and maximums of the plan.

The executive officers' bonus target under the 2001 Incentive Bonus Plan was within the third quartile of annual incentive bonus targets of similarly situated executive officers at comparable companies. The executive officers' base salaries and the bonus target together place annual cash compensation within the third quartile of similarly situated executive officers at comparable companies. In March 2004, we established a 2004 target annual incentive amount under the 2001 Incentive Bonus Plan (the target bonus) for all of the company's executive officers, including the Chief Executive Officer.

What are the criteria considered in awarding annual incentives?

Under the 2001 Incentive Bonus Plan, key performance criteria for evaluating executive officers include business and financial objectives, and people and organizational goals, as well as other relevant factors as determined by us with input from the company's senior management. These criteria change from year to year. For fiscal 2004, the Compensation Committee determined that no portion of the total target bonus amount under the 2001 Incentive Bonus Plan would be payable unless a prescribed company goal relating to company profitability (the Company Objective) was achieved.

In the first quarter of each fiscal year, we review a performance report that summarizes management's view regarding whether, and to what extent, the key performance criteria were attained for the prior fiscal year. The performance report also discusses any other significant but unforeseen factors that may have positively or negatively affected the company's performance.

For fiscal 2004, the company exceeded the Company Objective and, as a result, full target bonus amounts were paid pursuant to the 2001 Incentive Bonus Plan. Since the performance levels of the executive officers and the company exceeded the company's targeted goals, the Compensation Committee granted additional bonuses on a discretionary basis outside of the 2001 Incentive Bonus Plan to the company's executive officers reflecting each such officer's contribution to the company's financial results for fiscal 2004.

We verify the company's actual earnings for each performance period, review management's recommendation for the resulting aggregate bonus awards and approve an aggregate award amount. We also review and approve the individual bonus recommendations for the company's executive officers. The company's Chief Executive Officer approves the bonus recommendations for all other eligible employees below the executive officer level.

Based on the company's performance in fiscal 2004 and certain brand-specific metrics, incentive bonuses were paid to the named executive officers as follows:

Named Executive Officer	Bonus Under the 2001 Incentive Plan	Additional Discretionary Bonus	Total Bonus Paid
Mr. Lester	\$ 516,370	\$ 214,930	\$ 731,300
Mr. Mueller	516,370	214,930	731,300
Mr. Connolly	187,825	2,175	190,000
Ms. Alber	166,669	79,331	246,000
Ms. McCollam	171,037	63,963	235,000

How is long-term incentive compensation determined?

The third component of the company's executive compensation program consists of annual stock option grants. We continue to believe that stock option grants are important for motivating executive officers and other employees to increase shareholder value over the long term. We granted stock options to the named executive officers in fiscal 2004. Our stock option grants to executive officers are designed to be competitive with those offered by comparable companies for an executive's job level, to reflect the company's assessment of the executive's ongoing contributions to the company, to create an incentive for executives to remain with the company, and/or to provide a long-term incentive to help the company achieve its financial and strategic objectives. Annual stock option grants to our executive officers fall generally within the third quartile of option

grants to similarly situated executive officers at comparable companies.

In determining the amount of stock options granted to an individual executive, the Compensation Committee considers such factors as:

Awards previously granted to an individual;

An individual's outstanding awards;

The vesting schedule of the individual's outstanding awards;

The aggregate total of all outstanding options and awards; and

The relative value of awards offered by comparable companies to executives in comparable positions.

Special additional stock options may be granted or approved from time to time to executive officers in connection with promotions, assumption of additional responsibilities and other factors.

Under the company's existing stock option plans, the exercise price of all stock options is not less than 100% of the fair market value of the stock (based on the closing sales price of the company's common stock on the last market trading day prior to the date of the option grant) or not less than 110% of such fair market value for an incentive stock option granted to a shareholder with greater than 10% of the voting power of all company stock. Options granted pursuant to the company's stock option plans generally vest in five equal annual installments. It is the company's policy not to reprice stock options in the event that the fair market value of the common stock falls below the exercise price of the stock options and not to engage in a stock option exchange program.

How is the Chief Executive Officer compensated?

We determined Edward A. Mueller's compensation package based, in part, on:

A review of the compensation paid to chief executive officers of comparable companies (based on the process described above);

The compensation packages historically paid to the company's Chief Executive Officer; and

Our general compensation philosophy as described above.

Mr. Mueller's compensation package for fiscal 2004 included a base salary of \$975,000 and a bonus of \$731,300. The bonus portion of Mr. Mueller's compensation was based on a formula linked to the company's earnings performance and Mr. Mueller's individual performance. As noted previously, Mr. Mueller was paid a full bonus under the company's 2001 Incentive Bonus Plan because the Company Objective was exceeded. Since the performance levels of Mr. Mueller and the company exceeded the company's targeted goals, the Compensation Committee determined it also was appropriate to pay Mr. Mueller an additional bonus outside of the 2001 Incentive Bonus Plan. As a result, Mr. Mueller received a bonus under the 2001 Incentive Bonus Plan of \$516,370 plus an additional discretionary bonus of \$214,930. Mr. Mueller's base salary fell within the third quartile of base salaries paid to chief executive officers at comparable companies, and his bonus fell within the third quartile with respect to the same group. Together, base salaries and the bonus target place annual cash compensation within the third quartile of similarly situated executive officers at comparable companies. Mr. Mueller receives no additional material compensation or benefits not provided to all executives.

Are there any other compensation considerations?

The Company believes its benefit programs generally should be comparable for all employees. However, we recommend additional benefits for certain individuals from time to time if we determine that the category and amount of such benefits are reasonable and necessary to provide additional incentives to attract or retain key executives.

How does the Compensation Committee address Internal Revenue Code Section 162(m)?

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, and regulations adopted under it by the Internal Revenue Service, publicly held companies may be precluded from deducting certain compensation paid to certain executive officers in excess of \$1.0 million in a year. The regulations exclude from this limit performance-based compensation and stock options, provided certain requirements, such as shareholder approval, are satisfied. Exceptions to this deductibility limit may be made for various forms of performance-based compensation. The company believes that awards granted under the company's equity incentive plans can be excluded from the \$1.0 million limit. We believe that bonuses awarded under the 2001 Incentive Bonus Plan are excluded from calculating the limit. However, the additional, discretionary bonuses granted outside of the 2001 Incentive Bonus Plan to our Chief Executive Officer and four other most highly compensated officers are

included toward the limit. As a result, the \$1.0 million limit on the deductibility of compensation to certain of our officers was exceeded, and the company was unable to take a tax deduction with respect to \$495,133 of compensation paid to such officers. While we cannot predict how the deductibility limit may impact the company's compensation program in future years, we intend to maintain an approach to executive compensation that strongly links pay to performance.

Nominations and Corporate Governance Committee Report

Who serves on the Nominations and Corporate Governance Committee?

The Nominations and Corporate Governance Committee consisted of Michael R. Lynch and Adrian D.P. Bellamy from February 2, 2004 to May 19, 2004. Sanjiv Ahuja was elected to the Nominations and Corporate Governance Committee on May 19, 2004. From such time until the present, the Nominations and Corporate Governance Committee consisted of Mr. Lynch, Mr. Ahuja and Mr. Bellamy. Mr. Lynch serves as Chairman of the Nominations and Corporate Governance Committee. The Board has determined that each current member of the Nominations and Corporate Governance Committee is independent under the NYSE rules, as currently in effect. Each current member of the Nominations and Corporate Governance Committee is a non-employee director.

What is the role of the Nominations and Corporate Governance Committee?

Our role is detailed in the Nominations and Corporate Governance Committee Charter, which was amended and restated by the Board on March 16, 2004. The Nominations and Corporate Governance Committee Charter is available on the company's website at www.williams-sonomainc.com and was attached to last year's Proxy Statement. The Nominations and Corporate Governance Committee Charter is also available in print to any shareholder who requests it. Specifically, we:

Periodically review and recommend to the Board suitable revisions to the corporate governance guidelines applicable to the company;

Annually consider and review with the Board criteria for selecting new director candidates, identify individuals qualified to become Board members and periodically assist in screening and evaluating director candidates;

Consider director nominations from shareholders; and

Annually evaluate the performance of the company's Chief Executive Officer and oversee the evaluation of the performance of the company's management and the Board.

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

Does the Nominations and Corporate Governance Committee have a policy with regard to the consideration of director candidates recommended by shareholders?

We adopted a Shareholder Recommendations Policy on March 16, 2004. It is our policy to consider recommendations for candidates to the Board from shareholders holding no less than 500 shares of the company's common stock continuously for at least six months prior to the date of the submission of the recommendation.

What are the procedures to be followed by shareholders in submitting recommendations of director candidates to the Nominations and Corporate Governance Committee?

The Nominations and Corporate Governance Committee will consider suggestions from shareholders regarding possible director candidates for election at next year's Annual Meeting. A shareholder that desires to recommend a candidate for election to the Board shall direct the recommendation in writing to Williams-Sonoma, Inc., Attention: Secretary, 3250 Van Ness Avenue, San Francisco, California 94109. The recommendation must include: (i) the candidate's name, home and business contact information; (ii) detailed biographical data and

qualifications of the candidate; (iii) information regarding any relationships between the candidate and the company within the last three years; (iv) evidence of the recommending person's ownership of company common stock; (v) a statement from the recommending shareholder in support of the candidate; and (vi) a written indication by the candidate of his or her willingness to serve if elected. A shareholder that desires to recommend a person directly for election to the Board at the company's Annual Meeting must also meet the deadlines and other requirements set forth in Rule 14a-8 of the Securities Exchange Act of 1934 and the company's Restated Bylaws, each of which are described in the Shareholder Proposals section of this Proxy Statement.

Each director nominated in this Proxy Statement was recommended for election to the Board by the Nominations and Corporate Governance Committee. The Board did not receive any notice of a director nominee recommendation from any shareholder in connection with this Proxy Statement.

What is the criteria and process of the Nominations and Corporate Governance Committee for identifying and evaluating nominees for the Board?

Our criteria and process for evaluating and identifying the candidates that we select, or recommend to the Board for selection, as director nominees are as follows:

We regularly review the current composition and size of the Board;

We evaluate the performance of the Board as a whole and evaluate the performance and qualifications of individual members of the Board eligible for re-election at the Annual Meeting;

We review the qualifications of any candidates who have been properly recommended by the shareholders, as well as those candidates who have been identified by management, individual members of the Board or, if we permit, a search firm. Such review may, in our discretion, include a review solely of information provided to us or also may include discussions with persons familiar with the candidate, an interview with the candidate or other actions that we deem proper;

In evaluating the qualifications of candidates for the Board, we consider many factors, including issues of character, judgment, independence, diversity, financial expertise, industry experience, diversity of experience, other commitments and the like. We evaluate such factors, among others, and do not assign any particular weight or priority to any of these factors. We consider each individual candidate in the context of the current perceived needs of the Board as a whole. While we have not established specific minimum qualifications for director candidates, we believe that candidates and nominees must reflect a Board that is comprised of directors (i) a majority of whom are independent, (ii) who are of high integrity, (iii) who have qualifications that will increase the overall effectiveness of the Board, and (iv) who meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members;

In evaluating and identifying candidates, we have the sole authority to retain and terminate any third party search firm that is used to identify director candidates and the sole authority to approve the fees and retention terms of any search firm;

After such review and consideration, we select, or recommend that the Board select, the slate of director nominees; and

We endeavor to notify, or cause to be notified, all director candidates of the decision as to whether to nominate such individual for election to the Board.

Edgar Filing: WILLIAMS SONOMA INC - Form DEF 14A

There are no differences in the manner in which the Nominations and Corporate Governance Committee evaluates nominees for director based on whether the nominee is recommended by a shareholder, management or a search firm.

Considered and reported to the Board on the desirability of identifying additional independent Board members; and

Considered and recommended to the Board the submission to shareholders of the director nominees described in this Proxy Statement.

Audit Committee Report

Who serves on the Audit Committee?

The Audit Committee consisted of Michael R. Lynch, Adrian D.P. Bellamy and Jeanne P. Jackson during fiscal 2004. As noted in last year's Audit Committee Report, the Board conducted a search for an additional independent director to serve on the Audit Committee who would qualify as a financial expert as defined by the SEC rules. This search resulted in the appointment of Adrian T. Dillon to the Board and to the Audit Committee, effective as of April 18, 2005. Mr. Dillon qualifies as a financial expert under the SEC rules. Mr. Lynch serves as Chairman of the Audit Committee. The Board has determined that each member of the Audit Committee is independent under the NYSE rules, as currently in effect, and Rule 10A-3 of the Securities Exchange Act of 1934. The Board has also determined that each Audit Committee member is financially literate, as described in the NYSE rules.

What is the role of the Audit Committee?

Our role is detailed in the Audit Committee Charter, which was amended and restated by the Board of Directors on March 30, 2004. The Audit Committee Charter is available on the company's website at www.williams-sonomainc.com and was attached to last year's Proxy Statement. The company's internal control over financial reporting;

Any significant issues arising during the audit and any other matters relating to the conduct of the audit of the company's financial statements; and

Matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees), as modified and supplemented, including the quality of the company's accounting principles, the soundness of significant judgments and the clarity of disclosures in the company's financial statements.

What is our policy regarding pre-approval of audit and non-audit services performed by Deloitte?

All services, whether audit or non-audit services, performed by Deloitte must be pre-approved by us or a designated member of our committee, whose decisions must be reported to us at our next meeting. Pre-approval must be obtained before Deloitte performs the services but cannot be obtained more than one year before performance begins. Approval can be for general classes of permitted services such as annual audit services or tax consulting services. A written engagement letter, including a description of the permitted services, the dates of the engagement and the estimated fees for such services, must be approved by the committee in accordance with these procedures before performance begins.

Did we review the fees billed by Deloitte for fiscal 2004?

Yes, we reviewed and discussed the fees billed by Deloitte for services in fiscal 2004, which are described in detail below. We determined that the provision of non-audit services was compatible with Deloitte's independence.

Did we review the company's audited financial statements for fiscal 2004?

Yes, we reviewed and discussed the company's audited financial statements for fiscal 2004, and we recommended to the Board that the company's audited financial statements be included in the company's Annual Report on Form 10-K for fiscal 2004 for filing with the SEC.

Who prepared this report?

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During fiscal 2004, we employed Kirk Lester as a financial analyst for special projects. Kirk Lester is the son of our Chairman, W. Howard Lester. Kirk Lester earned \$27,796 and received standard employee benefits for his services during the year.

Our Memphis-based distribution facilities include an operating lease entered into in July 1983 for a distribution facility in Memphis, Tennessee. The lessor is a general partnership (Partnership 1) comprised of W. Howard Lester, Chairman of the Board of Directors and a significant shareholder, and James A. McMahan, a Director Emeritus and a significant shareholder. Partnership 1 does not have operations separate from the leasing of this distribution facility and does not have lease agreements with any unrelated third parties.

Partnership 1 financed the construction of this distribution facility through the sale of a total of \$9,200,000 of industrial development bonds in 1983 and 1985. Annual principal payments and monthly interest payments are required through maturity in December 2010. The Partnership 1 industrial development bonds are collateralized by the distribution facility and the individual partners guarantee the bond repayments. As of January 30, 2005, \$2,341,000 was outstanding under the Partnership 1 industrial development bonds.

The operating lease for this distribution facility requires us to pay annual rent of \$618,000 plus interest on the bonds calculated at a variable rate determined monthly (2.3% in January 2005), applicable taxes, insurance and maintenance expenses. Although the current term of the lease expires in August 2005, we are obligated to renew the operating lease until these bonds are fully repaid.

Our other Memphis-based distribution facility includes an operating lease entered into in August 1990 for another distribution facility that is adjoined to the Partnership 1 facility in Memphis, Tennessee. The lessor is a general partnership (Partnership 2) comprised of W. Howard Lester, James A. McMahan and two unrelated parties. Partnership 2 does not have operations separate from the leasing of this distribution facility and does not have lease agreements with any unrelated third parties.

Partnership 2 financed the construction of this distribution facility and related addition through the sale of a total of \$24,000,000 of industrial development bonds in 1990 and 1994. Quarterly interest and annual principal payments are required through maturity in August 2015. The Partnership 2 industrial development bonds are collateralized by the distribution facility and require us to maintain certain financial covenants. As of January 30, 2005, \$14,659,000 was outstanding under the Partnership 2 industrial development bonds.

The operating lease for this distribution facility requires us to pay annual rent of approximately \$2,600,000, plus applicable taxes, insurance and maintenance expenses. This operating lease has a term of 15 years expiring in August 2006, with three optional five-year renewal periods. We are, however, obligated to renew the lease until the bonds are fully repaid.

As of February 1, 2004, the Company adopted Financial Accounting Standards Board Interpretation No. (FIN) 46R, which requires existing unconsolidated variable interest entities to be consolidated by their primary beneficiaries if the entities do not effectively disperse risks among parties involved. The two partnerships described above qualify as variable interest entities under FIN 46R due to their related party relationship and our obligation to renew the leases until the bonds are fully repaid. Accordingly, the two related party variable interest entity partnerships from which we lease our Memphis-based distribution facilities were consolidated by us as of February 1, 2004. As of January 30, 2005, the consolidation had resulted in increases to our consolidated balance sheet of \$18,882,000 in assets (primarily buildings), \$17,000,000 in long-term debt, and \$1,882,000 in other long-term liabilities. Consolidation of these partnerships did not have an impact on our net income. However, the interest expense associated with the partnerships' long-term debt, shown as occupancy expense in fiscal 2003, is now recorded as interest expense. In fiscal 2004, this interest expense approximated \$1,525,000.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based on their filings with the SEC and information provided to us by them, we believe that during fiscal 2004, our directors, officers and more than 10% shareholders complied with all Section 16(a) filing requirements.

2000 Nonqualified Stock Option Plan

In July 2000, our Compensation Committee approved the 2000 Nonqualified Stock Option Plan, or the 2000 Plan. The 2000 Plan provides for the grant of nonqualified stock options to employees who are not officers or members of our Board, and persons who have accepted employment and actually become employees within 120 days of such acceptance. The plan administrator determines when options granted under the 2000 Plan may be exercised, except that no options may be exercised less than six months after grant, except in the case of the death or disability of the optionee. Options granted under the 2000 Plan have an exercise price equal to 100% of the fair market value of the shares underlying the option on the date of grant. The 2000 Plan permits options to be exercised with cash, check, certain other shares of our common stock, consideration received by us under cashless exercise programs or, if permitted by the plan administrator, promissory notes. In the event that we dissolve, liquidate, reorganize, merge or consolidate with one or more corporations as a result of which we are not the surviving corporation, or we sell substantially all of our assets or more than 80% of our then-outstanding stock, the 2000 Plan provides that the plan administrator will provide for one or more of the following: (i) each outstanding option will fully vest and become exercisable; (ii) the successor will assume or substitute for the options; (iii) the 2000 Plan will continue; or (iv) each outstanding option will be exchanged for a payment in cash or shares equal to the excess of the fair market value of our common stock over the exercise price. There are 3,000,000 shares of common stock reserved under the 2000 Plan, and 453,231 shares remain available for future issuance.

How can shareholders submit proposals to be raised at the 2006 Annual Meeting that will not be included in our Proxy Statement for the 2006 Annual Meeting?

To be raised at the 2006 Annual Meeting, shareholder proposals must comply with our Restated Bylaws. Under our Restated Bylaws, a shareholder must give advance notice to our Secretary of any business, including

nominations of directors for our Board, that the shareholder wishes to raise at our Annual Meeting. To be timely, the notice must be received by our Secretary not less than 45 days or more than 75 days prior to the first anniversary of the date of the mailing of proxy materials for the preceding year's Annual Meeting. Since this Proxy Statement is being mailed to you on or about April 20, 2005, shareholder proposals must be received by our Secretary at our principal executive offices between February 4, 2006 and March 6, 2006, in order to be raised at our 2006 Annual Meeting.

What if the date of the 2006 Annual Meeting changes by more than 30 days from the anniversary of this year's Annual Meeting?

Under Rule 14a-8 of the Securities Exchange Act of 1934, if the date of the 2006 Annual Meeting changes by more than 30 days from the anniversary of this year's Annual Meeting, shareholder proposals must be received by us within a reasonable time before our solicitation is made to be included in our Proxy Statement.

Does a shareholder proposal require specific information?

With respect to a shareholder's nomination of a candidate for our Board, the shareholder notice to the Secretary must contain certain information as set forth in our Restated Bylaws and our Nominations and Corporate Governance Committee Report about both the nominee and the shareholder making the nomination. EXHIBIT A

WILLIAMS-SONOMA, INC.

2001 INCENTIVE BONUS PLAN

as amended and restated

1. Adoption, Name and Effective Date. The Williams-Sonoma, Inc. (the Company) 2001 Incentive Bonus Plan (this Plan) was originally effective as of January 24, 2001, and first applied for the Company s fiscal year ending February 3, 2002. This amendment and restatement of this Plan first becomes effective as of January 25, 2006.

2. Purpose. The purpose of this Plan is to provide additional compensation as an incentive to executive officers to attain certain specified performance objectives of the Company and to help ensure the continued availability of their full-time or part-time services to the Company and its subsidiary and affiliated corporations. This Plan is also intended to qualify as a performance-based plan as described in Section 162(m)(4)(C) of the Internal Revenue Code of 1986, as amended (including regulations promulgated thereunder from time to time, the Code), and thereby help secure the full deductibility for federal income tax purposes of Plan bonus compensation paid to persons who are executive officers of the Company, as such term is defined in Rule 3b-7 under the Securities Exchange Act of 1934, as amended (or any successor rule or regulation), or who are covered employees of the Company or its subsidiary or affiliated corporations under Code Section 162(m)(3).

3. Administrative Committee. This Plan will be administered by a committee (the Committee) of the Company s Board of Directors (the Board), consisting entirely of two or more persons who are outside directors within the meaning of Section 162(m) of the Code. The Committee is hereby vested with full powers of administration, subject only to the provisions set forth herein.

The Committee shall hold its meetings at such times and places as it may determine, shall keep minutes of its meetings and shall adopt, amend or revoke such rules and procedures as it deems proper for the administration of this Plan; provided, however, that it shall take action only upon the agreement of a majority of the whole Committee. Any action that the Committee takes through a written instrument signed by a majority of its members shall be effective as though it had been taken at a meeting duly called and held. The Committee shall report all actions taken by it to the Board.

The Committee shall have the full and final discretion and authority, subject to the provisions of this Plan, to grant awards pursuant to this Plan, to construe and interpret this Plan and to make all other determinations and take all other actions, which it deems necessary or appropriate for the proper administration of this Plan. All such interpretations, actions and determinations shall be conclusively binding for all purposes and upon all persons.

4. Eligibility. For each Company fiscal year, the participants entitled to share in the benefits of this Plan are persons (collectively, executives or participants) who are executive officers of the Company, as such term is defined in Rule 3b-7 under the Securities Exchange Act of 1934, as amended (or any successor rule or regulation), or who are covered employees of the Company or its subsidiary or affiliated corporations under Section 162(m)(3) of the Code (collectively, the Covered Employees). Except as provided in Section 6.4, an executive whose employment or service relationship with the Company is terminated for any reason prior to the end of any award period will not be entitled to participate in this Plan or receive any benefits with respect to any later fiscal year, unless he or she again becomes eligible to participate in this Plan under the first sentence of this Section 4.

A-1

5. Determination of Awards; Award Limits.

5.1 Performance Measures for Determination of Awards. The Committee in its discretion shall establish, for each participant in this Plan and for each performance award period, a performance award opportunity based upon the achievement of a specified goal relating to the following measures (singly or in combination): annual revenue; earnings per share; earnings per share prior to accounting for payment of annual bonuses (including annual bonuses paid outside of this Plan); earnings before interest, taxes, depreciation and amortization; before-tax or after-tax net profits; cash position; operating cash flow; return on assets; return on equity; return on sales or total shareholder return. The Committee may establish the goal (except with respect to total shareholder return) relating to Company performance or to the performance of a business unit, product lines or specific markets. The Committee shall appropriately adjust any evaluation of performance under a performance goal to exclude (i) any extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial conditions and results of operations appearing in the Company's annual report to shareholders for the applicable year, or (ii) the effect of any changes in accounting principles affecting the Company's or a business unit's reported results.

5.2 Award Limits. The maximum award under this Plan for each award period to any participant shall not exceed the lesser of (i) \$3,000,000 or (ii) 300% of such participant's annual base salary in effect on the first day of the first fiscal year of such award period, multiplied by the number of complete or partial fiscal years in such award period. Each performance goal established under this Plan shall be established by the Committee not later than the earlier of the date which is 90 days after the first day of the performance award period, or the date on which 25% of the award period has elapsed.

5.3 Determination of Amount of Individual Awards. For each award period, each participant who is or may be a Covered Employee for such award period shall receive an award equal to the specific amount (subject to decrease as provided in this Section 5.3) determined strictly under the performance goals established pursuant to Section 5.1. The Committee shall not have the discretion to increase, but shall have the discretion to decrease, any award determined in accordance with this Plan. The reduction in any participant's award for any award period as a result of the Committee's exercise of such discretion shall not increase the amount of an award to any other participant (through reallocation of unutilized awards or otherwise) with respect to such award period.

6. Award Periods; Payment of Awards.

6.1 Award Periods. All awards shall be made on the basis of an award period, which shall consist of one or more fiscal years of the Company, or one or more quarters thereof. The award period may be different for different awards.

6.2 Committee Certifications. As a condition precedent to the payment of any award, the Committee shall certify, following the end of the award period, that the objective performance goal for the award has been satisfied. The Committee shall make such determination by means of a written resolution or certification of the Committee that is maintained in the minute book of the Company.

6.3 Payment of Awards. Awards under this Plan will be paid in cash, reasonably promptly following the conclusion of the award period and the certification of the Committee as set forth in Section 6.2, but in no event later than three months after the conclusion of the fiscal year of the Company in which or with which the award period ends. All awards under this Plan will be subject to withholding for applicable employment and income taxes.

6.4 Termination of Employment. An award that would otherwise be payable to a participant who is not employed by the Company on the last day of an award period will not be paid (or will not be granted, as the case may be), except that, on the grant of an award, the Committee

may specify that the award

A-2

will be paid (or will be granted, as the case may be) in full or on a prorated basis in the event that, before the end of such award period, the participant dies, becomes disabled, retires in accordance with the Company's policies, is involuntarily terminated by the Company without cause, or voluntarily terminates his or her employment with the Company for good reason, or if a change in control of the Company occurs. For purposes of this Section 6.4, the terms cause, good reason, and change in control shall be as defined in the participant's employment agreement with the Company, or, if not so defined, shall be defined in writing by the Committee at the time of the grant of the award. In the event that an award is paid pursuant to this Section 6.4, then the award shall not constitute performance-based compensation under Code Section 162(m).

7. Nonassignment. The interest of any participant in this Plan is not assignable either by voluntary or involuntary assignment or operation of law (except that, in the event of death, earned and unpaid amounts shall be payable to the legal successor of a participant).

8. Indemnification. No employee, member of the Committee or director of the Company will have any liability for any decision or action if made or done in good faith, nor for any error or miscalculation unless such error or miscalculation is the result of his or her fraud or deliberate disregard of any provisions of this Plan. The Company will indemnify each director, member of the Committee and any employee acting in good faith pursuant to the Plan against any loss or expense arising therefrom.

9. Amendment, Suspension or Termination. The Board may from time to time amend, suspend or terminate, in whole or in part, any or all the provisions of this Plan; provided, however, that no such action shall adversely affect the right of any participant with respect to any award of which he or she may have become entitled to payment hereunder prior to the effective date of such amendment, suspension or termination. In particular, but without limitation, the Board shall have the authority to amend or modify this Plan from time to time in order to reflect amendments to or regulations promulgated under Section 162(m) of the Code. Notwithstanding the foregoing, in the event that any amendment or other modification of or to this Plan raises the limits set forth in Section 5.2 or requires stockholder approval in order to continue the compliance of this Plan as a performance-based plan under Section 162(m) of the Code, such amendment or modification shall be contingent on the receipt of stockholder approval.

10. Limitations; Participation in Other Plans. This Plan is not to be construed as constituting a contract of employment or for services. Nothing contained herein will affect or impair the Company's right to terminate the employment or other contract for services of a participant hereunder, with or without cause or notice, or entitle a participant to receive any particular level of compensation. The Company's obligation hereunder to make awards merely constitutes the unsecured promise of the Company to make such awards from its general assets, and no participant hereunder will have any interest in, or a lien or prior claim upon, any property of the Company. Nothing herein nor the participation by any participant shall limit the ability of such participant to participate in any other compensatory plan or arrangement of the Company, or to receive a bonus from the Company other than under this Plan.

11. Governing Law. The terms of this Plan will be governed by and construed in accordance with the laws of the State of California, without regard to principles of conflict of laws.

12. Term. This Plan shall continue in place until the fifth anniversary of the effective date of the amendment and restatement of the Plan, which date shall be January 25, 2011, unless earlier terminated by the Board as provided in Section 9 or re-approved by the Company's shareholders at or before such meeting. No awards shall be paid under this Plan unless and until the material terms (within the meaning of Section 162(m)(4)(C) of the Code) of this Plan are disclosed to the Company's shareholders and are approved by the shareholders by a majority of votes cast in person or by proxy.
