Lead Director; Board Meeting Information.

In addition to the above-mentioned committee assignments, in January 1999 the Board began appointing, from among its members, a Lead Director. The Lead Director role was designed generally to include regularly meeting by telephone with the Chief Executive Officer to discuss the financial and operational status of the Company and staying abreast of Company issues in a more in-depth manner than required of other Board members. In 2002, with the appointment of an independent director as the Company's Chairman of the Board of Directors, the Board determined that there would not be a need to designate a Lead Director so long as the Chairman of the Board was an independent director.

During 2004, there were eight (8) meetings of the Board of Directors of Denny's Corporation. Each director of Denny's Corporation attended at least 75% of the meetings of the Board (and, as applicable committees thereof) during 2004.

Compensation of Directors

Each director of Denny's Corporation, other than Nelson J. Marchioli, will receive the following compensation: (i) a \$45,000 annual cash retainer (paid in equal installments on a quarterly basis), (ii) an annual award of 8,100 deferred stock units, and (iii) an annual grant of options to purchase 18,900 shares of common stock. Such options typically have a term of 10 years, become exercisable at a rate of 33 1/3% per annum for three consecutive years beginning on the first anniversary of the date of grant and have an exercise price equal to the fair market value of the common stock of Denny's Corporation on the date of grant. Such deferred stock units typically will be settled on a 1-for-1 basis in common stock of Denny's Corporation upon termination of service as a director of Denny's Corporation. Rather than the \$45,000 annual cash retainer paid to other directors, the Chairman of the Board will receive \$100,000 on an annual basis for his service as Chairman of the Board. The Chair of the Audit and Finance Committee will receive additional compensation annually of \$20,000 and the Chair of the Corporate Governance and Nominating Committee and the Compensation and Incentives Committee each will receive additional compensation annually of \$15,000 for their service as the committee chair. In addition, each member of the Board of Directors will receive deferred stock units for attendance at or participation in any unscheduled, specially-called meeting (i.e., any meeting called in addition to the typically five regularly scheduled board and committee meetings). The number of deferred stock units earned by directors for specially-called meetings shall be determined on a quarterly basis using a rate of \$1,000 for attendance in person and \$500 for telephonic participation and shall be calculated by dividing the total dollar value earned for

such meeting attendance for the quarter by the closing price of Denny's Corporation common stock on the last day of the quarter.

Audit Committee Financial Experts

The Board has determined that at least two Board members currently serving on the Audit Committee of Denny's Corporation, Robert E. Marks and Debra Smithart-Oglesby, are Audit Committee Financial Experts, as that term is defined by the SEC, based upon their respective business experience and educational backgrounds which includes Mr. Marks' experience analyzing and evaluating financial statements (of the same or greater complexity as the Company's) as a part of his over 20 years of work experience in the field of private equity investments, in more than 15 different industries.

Director Nominations

The Corporate Governance Committee has a written charter which is available on Denny's website at www.dennys.com. All members of this committee are deemed independent within the meaning of the listing standards.

The Corporate Governance Committee will consider director-nominees recommended by shareholders. A shareholder who wishes to recommend to the committee a person or persons for consideration as a nominee for election to the Board of Directors must send a written notice to the committee by mail addressed to the attention of the Secretary of Denny's Corporation at the corporate offices in Spartanburg, South Carolina. The written notice must set forth (i) the name of each person whom the shareholder recommends be considered as a nominee, (ii) a business address and telephone number for each nominee (e-mail address is optional), and (iii) biographical information regarding each nominee, including the person's employment and other relevant experience. To be considered by the committee, a shareholder recommendation must be received no later than the 120th calendar day before the first anniversary date of Denny's Corporation's proxy statement prepared in connection with the previous year's annual meeting.

The Corporate Governance Committee believes that a nominee recommended for a position on the Board must meet the following minimum qualifications:

he or she must be 21 years of age;

he or she must have experience in a position with a high degree of responsibility in a business or other organization;

he or she must be able to read and understand basic financial statements;

he or she must possess integrity and have high moral character;

he or she must be willing to apply sound, independent business judgment;

Edgar Filing: DENNYS CORP - Form DEF 14A

he or she must have sufficient time to devote to being a member of the Denny's Corporation Board; and

he or she must be fluent in the English language.

Annually, the Corporate Governance Committee of the Board of Directors of Denny's Corporation will identify the areas of expertise or skill needed on the Board for the upcoming Board term. The Committee will identify potential nominees for director from (1) the slate of current directors, (2) referrals from professional search firms, typically in those instances when the committee identifies a needed skill or expertise not possessed by the current slate of directors, and (3) recommendations from shareholders.

Table of Contents

The committee will evaluate a potential nominee by considering whether the potential nominee meets the minimum qualifications identified by the committee, as well as considering the following factors:

whether the potential nominee has leadership, strategic, or policy setting experience in a complex organization, including any scientific, governmental, educational, or other non-profit organization;

whether the potential nominee has experience and expertise that is relevant to Denny's business including any specialized business experience, technical expertise, or other specialized skills, and whether the potential nominee has knowledge regarding issues affecting Denny's;

whether the potential nominee is highly accomplished in his or her respective field;

whether the potential nominee has high ethical character and a reputation for honesty, integrity, and sound business judgment;

whether the potential nominee is independent, as defined by listing standards, whether he or she is free of any conflict of interest or the appearance of any conflict of interest, and whether he or she is willing and able to represent the interests of all Denny's Corporation shareholders; and

any factor affecting the ability or willingness of the potential nominee to devote sufficient time to the Board's activities and to enhance his or her understanding of Denny's business.

Additionally, with respect to an incumbent director whom the committee is considering as a potential nominee for re-election, the committee will review and consider the incumbent director's service to Denny's Corporation during his or her term, including the number of meetings attended, level of participation, and overall contribution to the Company. The manner in which the committee evaluates a potential nominee will not differ based on whether the potential nominee is recommended by a Denny's Corporation shareholder.

The Company paid fees in 2004 to a professional search firm to identify potential nominees for director to present to stockholders for election at the 2005 Annual Meeting of Stockholders. Director nominees, Ms. Lauderback and Mr. Montelongo, were identified and recommended by such search firm. The Corporate Governance Committee did not receive, by December 22, 2004 (the 120th calendar day before the first anniversary of the date of Denny's Corporation 2004 proxy statement), any recommended nominee from a shareholder who beneficially owns more than 5% of Common Stock or from a group of shareholders who beneficially own, in the aggregate, more than 5% of the Common Stock.

Communications Between Security Holders and Board of Directors

The process for security holders of Denny's Corporation to send communications to the Board is as follows. Security holders may send written communications to the Board or any one or more of the individual members of the Board by directing such communication to the Secretary of Denny's Corporation by mail in the care of the Secretary, at our principal executive offices, or by e-mail to rparish@dennys.com. All written communications will be compiled by the Secretary and promptly submitted to the individual directors being addressed or to the Chair of the committee whose areas of responsibility includes the specific topic addressed by such communication, or in all other cases, to the Chairman of the Board.

Board Member Attendance at Annual Meetings

It is the policy of Denny's Corporation that all of the members of the Board and all nominees for election to the Board at the Annual Meeting attend the Annual Meeting except in cases of extraordinary circumstances. All directors of Company attended the 2004 Annual Meeting of Stockholders.

SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

As a result of the adoption of the Sarbanes-Oxley Act of 2002, and related regulations proposed and adopted by the SEC, and by each national securities exchange and securities association, audit committees of public companies are formally charged with the responsibility for the appointment, compensation, retention and oversight of the independent registered public accounting firm that serves as the Company's independent auditor. The Audit Committee takes this responsibility very seriously and consequently undertook in 2003, with the assistance of senior management, the process of evaluating and interviewing a limited number of national accounting firms, including the independent registered public accounting firm for the 2002 fiscal year, Deloitte & Touche LLP (Deloitte & Touche). As a result of this process, the Audit Committee selected the firm of KPMG LLP (KPMG) as the principal independent registered public accounting firm of the Company for the year 2003. This selection was subsequently ratified and approved by the stockholders at the 2003 Annual Meeting. The Audit Committee again selected KPMG as the principal independent registered public accounting firm of the Company for the year 2004, and this selection was subsequently ratified and approved by the stockholders at the 2004 Annual Meeting.

For the year 2005, the Audit Committee has selected KPMG as the principal independent registered public accounting firm of the Company. This selection is submitted for ratification of and approval by the stockholders at this Annual Meeting. Representatives of KPMG will attend the Annual Meeting. They will have an opportunity to make a statement, if they so desire, and to respond to appropriate questions. If the stockholders do not ratify this selection, other independent registered public accounting firms will be considered by the Audit Committee. Deloitte & Touche, the Company's principal independent registered public accounting firm for the year 2002, are not expected to be in attendance at the Annual Meeting.

Changes in Certifying Account ant

On April 22, 2003, Denny's Corporation notified Deloitte & Touche that it would not be retained by the Company to perform the audit of the financial statements of the Company for the fiscal year ending December 31, 2003. Deloitte & Touche had served as the Company's principal independent accountants since 1986. The decision not to retain Deloitte & Touche was made by the Audit Committee and upon recommendation by that committee was approved by the full Board of Directors.

In connection with the audits of the financial statements of the Company for the fiscal years ended December 25, 2002 and December 26, 2001, the Company had no disagreement with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement, if not resolved to the satisfaction of Deloitte & Touche, would have caused them to make reference to such disagreement in their reports for such periods.

The audit reports of Deloitte & Touche on the financial statements of the Company for the fiscal years ended December 25, 2002 and December 26, 2001 contained no adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles, except for an explanatory paragraph relating to the change in method of accounting for intangible assets in 2002 to conform to Statement of Financial Accounting Standard No. 142, "Goodwill and Other Intangible Assets", as described in Note 2 to the consolidated financial statements. Deloitte & Touche was provided a copy of the above disclosure and was requested to furnish us with a letter addressed to the Commission stating whether it agrees with the above statements and, if not, stating the respects in which it does not agree. A letter from Deloitte & Touche is attached as Exhibit 16 to the Company's Current Report on Form 8-K filed with the Commission as of April 23, 2003.

Subsequently, and as previously disclosed, the Company restated its 2002 consolidated financial statements (as described in Note 2 to the consolidated financial statements), and the audit report of Deloitte & Touche with respect on those financial statements was modified to include

a paragraph relating to that restatement.

On April 22, 2003, the Company engaged the accounting firm of KPMG as the principal independent registered public accounting firm to audit the Company's financial statements for the fiscal year ending December 31, 2003. The decision to engage KPMG was made by the Audit Committee and, upon recommendation by that committee, was approved by the full Board of Directors. As of April 22, 2003, the Company had not on any prior occasions consulted with KPMG regarding any of the matters set forth in Item 304(a)(2) of the Commission's Regulation S-K.

Table of Contents**2004 Audit Information**

Deloitte & Touche served as the Company's principal independent registered public accounting firm to audit the Company's financial statements for the fiscal year ended December 25, 2002. As discussed above and previously disclosed, as of April 22, 2003 the Audit Committee notified Deloitte & Touche that it would not be retained to perform the audit of the financial statements of the Company for the fiscal year ending December 31, 2003 and determined to engage KPMG as the principal independent registered public accounting firm to audit the Company's financial statements for the fiscal period ended December 31, 2003. The fees billed in the period from December 26, 2002 through April 22, 2003 for Deloitte & Touche's services to the Company and the fees billed in the fiscal years ended December 31, 2003 and December 29, 2004 for KPMG's services to the Company were:

| Audit Fees | \$ | \$ 260,000 | \$ 719,500 |
| Audit-Related Fees | 79,830 | 43,000 | 49,655 |
| Tax Fees | 15,717 | 15,770 | 20,000 |
| All Other Fees | 10,230 | | |
| Total Fees | \$ 105,777 | \$ 318,770 | \$ 789,155 |

In the above table, in accordance with applicable SEC rules:

audit fees are fees billed by the independent registered public accounting firm for professional services for the audit of the consolidated financial statements included in the Company's Form 10-K and review of financial statements included in the Company's Form 10-Qs, or for services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements, including comfort letters, consents, registration statements, statutory audits and reports on internal controls required by the Sarbanes Oxley Act of 2002;

audit-related fees are fees billed by the independent registered public accounting firm for assurance and related services that are reasonably related to the performance of the audit or review of the financial statements, and generally include fees for audits of the Company's employee benefit plans and audit or attest services not required by statute or regulation; included in the amount of fees billed by Deloitte & Touche under this category during the interim period ended April 22, 2003 were \$79,830 in fees which were actually incurred after the interim period but that relate to the Company's transition to KPMG as its independent registered public accounting firm;

tax fees are fees billed by the independent registered public accounting firm for professional services for tax compliance, tax advice, and tax planning; and

all other fees are fees billed by the independent registered public accounting firm to the Company for any services not included in the first three categories above, and include fees related to executive financial planning services and the divestiture of FRD.

Audit Committee's Pre-approval Policies and Procedures

It is the policy of the Audit Committee to pre-approve all audit and permitted non-audit services proposed to be performed by the Company's independent registered public accounting firm. The process for such pre-approval is typically as follows. Committee pre-approval is sought at one of the committee's regularly scheduled meetings following the presentation of information at such meeting detailing the particular services proposed to be performed. Additionally, the Chair of the Audit Committee has been delegated the authority by the committee to pre-approve, where necessary, such services requiring pre-approval in between regularly scheduled committee meetings. The Chair will report any such decisions at the committee's next scheduled meeting. None of the services described above were approved by the Audit Committee pursuant to the exception provided by Rule 2-01(c)(7)(i)(C) under Regulation S-X.

APPROVAL OF AN AMENDMENT TO THE DENNY S CORPORATION

2004 OMNIBUS INCENTIVE PLAN

Stockholders are requested to approve, at the Annual Meeting, an amendment (the Amendment) to the Denny s Corporation 2004 Omnibus Incentive Plan (defined above as the 2004 Omnibus Plan) that supplements the list of qualified business criteria that may be utilized as the basis for establishing performance goals for awards granted under the plan that are intended to constitute fully deductible performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The total number of shares of Common Stock reserved and available for issuance under the 2004 Omnibus Plan will not be changed by the Amendment.

Background

On July 27, 2004, the Board of Directors adopted and on August 25, 2004 the stockholders of Denny s Corporation approved the 2004 Omnibus Plan. The 2004 Omnibus Plan consequently became effective as of the date of the stockholders approval. On April 13, 2005, the Compensation Committee and the Board of Directors adopted the Amendment.

As of December 29, 2004, there were approximately 27,000 of the Company s employees, officers and directors eligible to participate in the plan. The Board has reserved 10,000,000 shares of Common Stock for issuance upon the grant or exercise of awards pursuant to the plan, plus a number of additional shares (not to exceed 1,500,000) underlying awards outstanding under the 2002 Omnibus Plan, the Advantica Stock Option Plan (the Prior Option Plan) or the Advantica Restaurant Group Director Stock Option Plan (the Prior Director Option Plan) that hereafter terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason.

Purpose of the Amendment

Pursuant to Section 162(m) of the Code, the Company may not deduct compensation in excess of \$1 million paid to its chief executive officer and its next four most highly compensated executive officers. The 2004 Omnibus Plan is designed to comply with Code Section 162(m) so that the grant of market-priced options and stock appreciation rights, and other awards designated as qualified performance-based awards, will be excluded from the calculation of annual compensation for purposes of Code Section 162(m) and will be fully deductible by the Company. Qualified performance-based awards must be conditioned on achievement of objectively determinable performance goals that are established based upon one or more business criteria set forth and listed in the plan. The purpose of the Amendment is to supplement this list of business criteria to add two (2) additional criteria, total revenue and diversity based targets, in order to maximize the tax deductibility under Section 162(m) of the Code of awards granted under the 2004 Omnibus Plan. If the stockholders do not approve the Amendment, no performance awards for 2005 will be paid to the Company s chief executive officer and its next four most highly compensated executive officers based on achievement of performance goals relating to total revenues or diversity based targets.

A summary of the plan is set forth below. This summary is qualified in its entirety by the full text of the plan, which is attached to this Proxy Statement as Appendix A.

Summary of the Plan

Purpose. The purpose of the plan is to promote the Company's success by linking the personal interests of its employees, officers, directors and consultants to those of the Company's stockholders, and by providing participants with an incentive for performance.

Permissible Awards. The plan authorizes the granting of awards in any of the following forms:

options to purchase shares of Common Stock, which may be non-qualified stock options or incentive stock options under the Code;

Table of Contents

stock appreciation rights, which give the holder the right to receive the difference between the fair market value per share of Common Stock on the date of exercise over the grant price;

performance awards, which are payable in cash or stock upon the attainment of specified performance goals;

restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the compensation committee;

restricted stock units, which represent the right to receive shares of Common Stock (or an equivalent value in cash or other property) in the future, based upon the attainment of stated vesting or performance criteria;

deferred stock units, which represent the vested right to receive shares of Common Stock (or an equivalent value in cash or other property) in the future;

dividend equivalents, which entitle the participant to payments equal to any dividends paid on the shares of stock underlying an award;

other stock-based awards in the discretion of the compensation committee, including unrestricted stock grants; and

purely cash-based awards.

Shares Available for Awards. Subject to adjustment as provided in the plan, the aggregate number of shares of Common Stock reserved and available for issuance pursuant to awards granted under the plan is 10,000,000, plus any shares subject to awards that are currently outstanding under the 2002 Omnibus Plan, Prior Option Plan, or the Prior Director Plan that hereafter terminate or expire unexercised, or are cancelled, forfeited or lapse for any reason. Except for shares retained or surrendered to satisfy tax withholding obligations, only shares actually issued under the plan count against the total number of shares available under the plan.

Limitations on Awards. The maximum number of shares of Common Stock that may be covered by options and stock appreciation rights granted under the plan to any one person during any one calendar year is 3,000,000. The maximum number of shares of Common Stock that may be granted under the plan in the form of restricted stock, restricted stock units, deferred stock units, performance shares or other stock-based awards under the plan to any one person during any one calendar year is 3,000,000. The aggregate maximum fair market value (measured as of the grant date) of any other awards that may be granted to any one person (less any consideration paid by the person for such award) during any one calendar year under the plan is \$4,500,000.

Administration. The plan will be administered by the Compensation Committee. The Compensation Committee will have the authority to designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it may deem advisable to administer the plan; and make all other decisions and determinations that may be required under the plan. The Board of Directors may at any time administer the plan. If it does so, it will have all the powers of the Compensation Committee under the plan.

Performance Goals. The Compensation Committee may designate any award other than a market-priced option or stock appreciation right as a qualified performance-based award in order to make the award fully deductible without regard to the \$1,000,000 deduction limit imposed by

Edgar Filing: DENNYS CORP - Form DEF 14A

Code Section 162(m). If an award is so designated, the Compensation Committee must establish objectively determinable performance goals for the award based on one or more of the following business criteria, which may be expressed in terms of company-wide objectives or in terms of objectives that relate to the performance of a division, business unit, affiliate, department or function within the company or an affiliate over a performance term to be designated by the Compensation Committee that may be as short as a calendar quarter or other three-month period:

net earnings;

earnings per share;

net sales growth;

net income (before or after taxes);

net operating profit;

return measures (including, but not limited to, return on assets, capital, equity, or sales, and cash flow return on assets, capital, equity, or sales);

expense targets;

working capital targets relating to inventory and/or accounts receivable;

planning accuracy (as measured by comparing planned results to actual results);

comparisons to various stock market indices;

comparisons to the performance of other companies;

same-store sales;

customer counts;

customer satisfaction; and

EVA®.

If the Amendment is approved by the stockholders at the Annual Meeting, this list of business criteria will be supplemented to include:

total revenue; and

diversity-based targets.

For purposes of the plan, EVA means the positive or negative value determined by net operating profits after taxes over a charge for capital, or any other financial measure, as determined by the Compensation Committee in its sole discretion. (EVA is a registered trademark of Stern Stewart & Co.).

The Compensation Committee must establish such goals prior to the beginning of the period for which such performance goal relates (or such later date as may be permitted under applicable tax regulations) and the Compensation Committee may not increase any award or, except in the case of certain qualified terminations of employment, waive the achievement of any specified goal. Mid-term adjustments of a performance formula are permitted only in the case of a corporate transaction or other event of the type that would also trigger an adjustment in stock based awards (as discussed below under Adjustments), or the in case of unusual and non-recurring financial events such as asset write-downs; litigation settlements; the effect of changes in tax laws or accounting principles affecting reported results; accruals for reorganization and restructuring programs; extraordinary nonrecurring items meriting special accounting treatment, as determined under generally accepted accounting principles; acquisitions or divestitures; and foreign exchange gains and losses. Any payment of an award granted with performance goals will be conditioned on the written certification of the Compensation Committee in each case that the performance goals and any other material conditions were satisfied.

Limitations on Transfer; Beneficiaries. No award will be assignable or transferable by a participant other than by will or the laws of descent and distribution or (except in the case of an incentive stock option) pursuant to a qualified domestic relations order; provided, however, that the Compensation Committee may permit other transfers where it concludes that such transferability does not result in accelerated taxation, does not cause any

option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the Compensation Committee, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Acceleration Upon Certain Events. Unless otherwise provided in an award certificate, if a participant's service terminates by reason of death or disability or (with respect to market-priced options or stock appreciation rights and awards that are not intended to be qualified as performance-based awards under Code Section 162(m)) retirement, all of such participant's outstanding options, stock appreciation rights and other awards in the nature of rights that may be exercised will become fully vested and exercisable, all time-based vesting restrictions on his or her outstanding awards will lapse, and any performance-based criteria with respect to his or her awards shall be deemed to be satisfied at the greater of target or actual performance as of the date of such termination. If a participant is terminated without cause or resigns for good reason (as such terms are defined in the plan) within two years after a change in control of the Company, all of such participant's outstanding options, stock appreciation rights and other awards in the nature of rights that may be exercised will become fully vested and exercisable and shall remain exercisable for a period of 60 months from such date or until the earlier expiration of the award, and all time-based vesting restrictions on his or her outstanding awards will lapse. Except as otherwise provided in an award certificate, upon the occurrence of a change in control, the target payout opportunities attainable under all outstanding performance-based awards will be deemed to have been fully earned as of the effective date of the change in control and there shall be pro rata payout to participants within 30 days after the effective date of the change in control based upon an assumed achievement of all relevant targeted performance goals and upon the length of time within the performance period that has elapsed prior to the change in control. In addition, subject to limitations applicable to certain qualified performance-based awards, the Compensation Committee may in its discretion accelerate awards for any other reason in its discretion. The Compensation Committee may discriminate among participants or among awards in exercising such discretion.

Adjustments. In the event of a stock split, a dividend payable in shares of Common Stock, or a combination or consolidation of the Common Stock into a lesser number of shares, the share authorization limits under the plan will automatically be adjusted proportionately, and the shares then subject to each award will automatically be adjusted proportionately without any change in the aggregate purchase price for such award. If the Company is involved in another corporate transaction or event that affects the Common Stock, such as an extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares, the share authorization limits under the plan will be adjusted proportionately, and the Compensation Committee may adjust outstanding awards to preserve the benefits or potential benefits of the awards.

Termination and Amendment

The Board of Directors or the Compensation Committee may, at any time and from time to time, terminate or amend the plan, but if an amendment to the plan would materially increase the number of shares of stock issuable under the plan, expand the types of awards provided under the plan, materially expand the class of participants eligible to participate in the plan, materially extend the term of the plan or otherwise constitute a material amendment requiring stockholder approval under applicable listing requirements, laws, policies or regulations, then such amendment will be subject to stockholder approval. In addition, the Board of Directors or the Compensation Committee may condition any amendment on the approval of the stockholders for any other reason. No termination or amendment of the plan may adversely affect any award previously granted under the plan without the written consent of the participant.

The Compensation Committee may amend or terminate outstanding awards. However, such amendments may require the consent of the participant and, unless approved by the stockholders or otherwise permitted by the antidilution provisions of the plan, the exercise price of an outstanding option may not be reduced, directly or indirectly, and the original term of an option may not be extended.

Table of Contents

Prohibition on Repricing

As indicated above under Termination and Amendment, outstanding stock options cannot be repriced, directly or indirectly, without the prior consent of the Company's stockholders. The exchange of an underwater option (i.e., an option having an exercise price in excess of the current market value of the underlying stock) for another award would be considered an indirect repricing and would, therefore, require the prior consent of the Company's stockholders.

Certain Federal Tax Effects

Nonstatutory Stock Options. There will be no federal income tax consequences to the optionee or to the Company upon the grant of a nonstatutory stock option under the plan. When the optionee exercises a nonstatutory option, however, he or she will recognize ordinary income in an amount equal to the excess of the fair market value of the Common Stock received upon exercise of the option at the time of exercise over the exercise price, and the Company will be allowed a corresponding deduction, subject to any applicable limitations under Code Section 162(m). Any gain that the optionee realizes when he or she later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the shares were held.

Incentive Stock Options. There typically will be no federal income tax consequences to the optionee or to the Company upon the grant or exercise of an incentive stock option. If the optionee holds the option shares for the required holding period of at least two years after the date the option was granted or one year after exercise, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and the Company will not be entitled to a federal income tax deduction. If the optionee disposes of the option shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, he or she will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of exercise over the exercise price, and the Company will be allowed a federal income tax deduction equal to such amount. While the exercise of an incentive stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the optionee's alternative minimum taxable income.

Stock Appreciation Rights. A participant receiving a stock appreciation right will not recognize income, and the Company will not be allowed a tax deduction, at the time the award is granted. When the participant exercises the stock appreciation right, the amount of cash and the fair market value of any shares of Common Stock received will be ordinary income to the participant and the Company will be allowed as a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Restricted Stock. Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, a participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock award is granted, provided that the award is subject to restrictions on transfer and is subject to a substantial risk of forfeiture. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the Common Stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). If the participant files an election under Code Section 83(b) within 30 days after the date of grant of the restricted stock, he or she will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the Code Section 83(b) election.

Restricted Stock Units. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock unit award is granted. Upon issuance of shares of Common Stock in settlement of a restricted stock unit award, a participant will recognize ordinary income equal to the fair market

Table of Contents

value of the Common Stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Deferred Stock Units. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a deferred stock unit award is granted. Upon receipt of shares of Common Stock (or the equivalent value in cash or other property) in settlement of a deferred stock unit award, a participant will recognize ordinary income equal to the fair market value of the Common Stock or other property as of that date (less any amount he or she paid for the stock or property), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Performance Awards. A participant generally will not recognize income, and the Company will not be allowed a tax deduction, at the time performance awards are granted. When the participant receives payment of cash or shares under the performance award, the cash amount or the fair market value of the shares of stock will be ordinary income to the participant, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Benefits to Named Executive Officers and Others

In 2004, the Compensation Committee approved a grant under the 2004 Omnibus Plan of approximately 4,000,000 stock options and 3,400,000 restricted stock units to the Company's officers and employees of the rank of senior manager and above, including the following persons and groups. These awards were granted as of August 25, 2004. Any future awards will be made at the discretion of the Compensation Committee. Therefore, it is not presently possible to determine the benefits or amounts that will be received by such persons or groups pursuant to the plan in the future.

(1) The options have an exercise price of the lesser of (i) \$2.42 per share, or (ii) the fair market value of the Common Stock as of the grant date, and will vest as to 33.33% of the shares on December 29, 2004,

Table of Contents

- December 28, 2005 and December 27, 2006. Because \$2.42 is less than the fair market value on the grant date, the vesting of the options granted to executive officers is also subject to the achievement of certain objectively determinable performance measures established by the Compensation Committee at the time of grant.
- (2) The dollar value of the options ultimately will be dependent on the difference between the exercise price and the fair market value of the underlying shares on the date of exercise. As of March 29, 2005, the fair market value of the shares was \$4.65, based on the closing price of the Common Stock on that day.
 - (3) The restricted stock units will be earned in 1/3 increments (from 0% to 100% of the target award for each such increment) based on the total shareholder return of the Common Stock (measured as increase of stock price plus reinvested dividends, divided by beginning stock price) over a 1-year performance period, the first such period beginning in July 2004 (with any amounts not earned carried over to possibly be earned over a 2-year or 3-year period), as compared to the total shareholder return of a peer group of restaurant companies over the same period. The full award will be considered earned after 5 years based on continued employment. Once earned, the restricted stock units will vest over a period of two years based on continued employment of the holder. On each of the first two anniversaries of the end of the performance period, 50% of the earned restricted stock units will be paid to the holder (one half of the value will be paid in cash and one-half in shares of Common Stock), provided that the holder is then still employed with the Company or an affiliate.
 - (4) The dollar value of the restricted stock units is dependent on the fair market value of the underlying shares. As of March 29, 2005, the fair market value of the shares was \$4.65, based on the closing price of the Common Stock on that day.

EXECUTIVE COMPENSATION

Compensation and Incentives Committee Report

Compensation Philosophy and Practice

A Compensation program for executive officers has been developed by the Company, under the oversight and direction of the Compensation Committee, with the goal of designing a compensation package that attracts and retains top quality leadership talent while ensuring senior leaders' interests are sufficiently aligned with the interests of stockholders.

Hewitt Associates LLC (Hewitt), an international human resources consulting firm, has been selected by the Compensation Committee to assist them and the Company, as needed, in the development and design of an executive compensation package which appropriately responds to research data (discussed further below) and addresses the following goals set forth for the Company's long-term incentive and overall compensation program; (i) promote retention, (ii) reward achievement of the business strategy, (iii) complement the short-term incentive program, and (iv) be simple and easily understood.

Periodically, at the Compensation Committee's request, Hewitt completes a study of the Company's compensation program for its top executive and management positions. For the most recent study, in order to form a comparison, Hewitt conducted a compensation measurement study against a custom group of 18 restaurant, food service, entertainment, retail and hospitality companies. The study concluded that while cash compensation (i.e., base salary and incentive bonus) for executives was generally in line with the market, long-term incentives and target benefits provided by the Company were below market resulting in the Company's total overall compensation package for its senior management being generally below the current market. Consequently, the Company, consistent with the findings of the Hewitt study, initiated a move toward a greater emphasis on equity-based long-term incentive compensation by (1) establishing omnibus incentive plans (i.e., the 2002 and 2004 Omnibus Plans) designed to add needed flexibility for compensating Company executives (and other employees) through stock ownership and other rights while promoting the financial success and growth of the Company and the interests of stockholders, (2) implementing total shareholder return programs offered under the omnibus plans which provide incentive vehicles for selected executives (including the named executive officers, as defined below) that utilize total shareholder returns versus peer comparisons as the performance measure (discussed further below under the 2004 Executive Officer Compensation Program), and (3) adjusting the Company's incentive bonus programs to provide greater flexibility and better matching of payouts to desired performance and by providing for quarterly payouts for certain measures, compensation for over-performance, and team/department targets.

For 2005, additional measures have been taken to further enhance executive compensation which include (1) the Company's hiring in late 2004 of a Senior Director of Compensation, whose responsibilities include further developing and enhancing the Company's executive compensation program in line with the objectives mentioned above, and (2) further enhancing the Company's short-term incentive compensation program. In support of the Company's growth objectives for 2005, the program now allows for partial incentive payouts based on Company performance that is above established threshold levels but below target levels and also includes a change to its over-performance feature which has been structured along the lines of a profit sharing incentive.

2004 Executive Officer Compensation Program

Edgar Filing: DENNYS CORP - Form DEF 14A

The 2004 executive officer compensation program of the Company had three primary components: (1) *Base Salary*, (2) *Short-term Incentives*, and (3) *Long-term Incentives*.

Base Salary is established on the basis of (i) annual quantitative market data in the form of salary comparisons to peer position groupings as described above, and (ii) Company-specific factors such as positions of responsibility and authority, years of experience and job performance.

Short-term Incentives in 2004 were provided under the Company's 2004 Corporate Incentive Program and were based primarily upon the achievement of certain Company quarterly and annual quantitative performance

Table of Contents

goals that included: (i) same store customer counts, (ii) same store sales by Company-owned units, (iii) same store sales by franchise units, (iv) EBITDA (i.e., earnings before interest, taxes, depreciation and amortization), (v) cash flow, and (vi) Company team/department objectives. For 2004, all of the quantitative performance goals set forth immediately above were achieved, resulting in payouts of 100% for all such quarterly and annual awards. Additionally, for 2004, as result of exceeding the Company same store sales and EBITDA targets, over-performance awards of an additional 45% were paid out to executives an amount in direct relation to the amount of the goal over-performance. The 2004 Company team/department objectives were also achieved for all named executive officers resulting in payouts of 100% for that component of the program. (Compensation earned in 2004 by the named executive officers under the 2004 Company's Incentive Program is set forth in the Summary Compensation Table on page 22 under the Annual Compensation-Bonus Column).

Long-term Incentives in 2004 consisted of stock options and restricted stock unit awards. The stock options granted to executive officers in 2004 were awarded pursuant to the 2004 Omnibus Plan and vest in 33 1/3% increments on December 29, 2004, December 25, 2005 and December 27, 2006, contingent upon the achievement of an increase in Company same store sales for the fourth quarter of 2004 and certain individual employee performance goals. (The fourth quarter same store sales target was achieved and each named executive officer achieved their respective employee performance goals.) The restricted stock unit awards were awarded under a Total Shareholder Return Program pursuant to the 2004 Omnibus Plan. Up to 33 1/3% of the restricted stock awards to executive officers may vest on June 20, 2005, 2006 and 2007 based on total shareholder return compared with a peer group over the 12-month period preceding the vesting date. The entire amount of the restricted stock unit awards to executive officers, however, will vest after five years of continued employment with the Company. Vested units will be settled 50% on the one-year anniversary of the vesting date and 50% on the two-year anniversary of the vesting date and will be paid 50% in cash and 50% in stock upon a 1-for-1 conversion basis. The Compensation Committee, in administering these plans and programs, allocated awards to the Company's executive officers and others based on an evaluation of their relative levels of responsibility for and their potential contribution to the Company's operating results in order to provide them incentives to enhance stockholder value as well as taking into consideration the aforementioned compensation study and market analysis.

Additionally, Company executives are eligible to participate in certain Company retirement and savings plans, as well as various other benefit plans intended to provide a safety net of coverage against various events, such as death, disability and retirement.

Deductibility of Executive Compensation

With respect to Section 162(m) of the Code and underlying regulations pertaining to the deductibility of compensation to certain executive officers in excess of \$1 million, the Compensation Committee has adopted a policy to comply with such limitations, to the extent practicable, including its presentation of the Company's annual incentive compensation plans to the stockholders for prior approval. However, the Compensation Committee has also determined that some flexibility is required, notwithstanding these statutory and regulatory provisions, in negotiating and implementing the Company's incentive compensation programs. It has, therefore, retained the discretion to award some bonus payments based on non-quantitative performance objectives and other criteria which it may determine, in its discretion, from time to time.

Chief Executive Officer Compensation

Compensation received by Mr. Marchioli in 2004, in the form of base salary, bonus payments and other payments, is reflected and described in the Summary Compensation Table set forth on page 22. Such compensation to Mr. Marchioli was in accordance with the terms of his employment agreement, as amended and as described elsewhere herein, and followed generally the philosophy and programs described above for the Company's executive officers. Mr. Marchioli's compensation in 2004 related to the Company's performance in that (i) incentive compensation he earned in 2004 under the Company's 2004 corporate incentive program (as

Table of Contents

discussed elsewhere herein) resulted from the Company's achievement of certain targeted performance goals based upon financial measures such as EBITDA, same store sales, customer counts and cash flow, (ii) stock options awarded in 2004 vested partially as a result of the achievement of targeted same store sales for the fourth quarter of 2004, and (iii) restricted stock units awarded under his employment agreement were earned in 2004 as a result of the Company's achievement of certain targeted financial results (see Employment Agreements-Marchioli Employment Agreements for further detail).

The Pension Plan is noncontributory and covers a limited number of employees of Denny's, Inc. In 1999, the Pension Plan was amended to effect the following changes (1) no new participants are allowed into the plan after December 31, 1999; (2) all future pension benefit accruals for highly compensated employees are earned beginning January 1, 2000 under the ancillary plan described below; and (3) all benefit accruals earned under the plan and ancillary plan were frozen as of December 31, 2004. Participants in the Pension Plan, therefore, are limited to those employees who, on or prior to December 31, 1999, had attained the age of 21 and had completed one thousand hours of service, and no participant accrues any benefit after December 31, 2004. A participant's annual retirement benefit under the Pension Plan at normal retirement age is calculated by multiplying the number of years of participation in the Pension Plan (not to exceed 35 years, and not including years after 1999 for highly compensated participants or years after 2004 for other participants) by the sum of one percent of the average Compensation (as defined below) paid during 60 consecutive calendar months chosen to produce the highest average through 1999 for highly compensated participants or through 2004 for other participants (Average Compensation for the purposes of this paragraph) plus an additional one-half of one percent of the Average Compensation in excess of the average Social Security wage base. Benefits payable cannot exceed 50% of the Average Compensation. Plan benefits are normally paid in the form of a life annuity or, if the retiree is married, a joint and survivor annuity.

Compensation for the purpose of this paragraph generally consists of all remuneration paid by the employer to the employee for services rendered as reported or reportable on Form W-2 for federal income tax withholding purposes (including the amount of any year-end bonus paid), excluding reimbursements and other expense allowances, fringe benefits, moving expenses, deferred compensation and welfare benefits (such exclusions including, without limitation, severance pay, leadership retention payments, relocation allowance, gross-up pay to compensate for taxable reimbursements, hiring bonuses, cost of living differentials, special overseas premiums, compensation resulting from participation in, or cancellation of, stock option plans, contributions by the employer to the Pension Plan or any other benefits plan and imputed income resulting from the use of Company property or services). Compensation also includes employee elective contributions under a Section 401(k) plan maintained by the employer and salary reduction amounts under a

Table of Contents

Section 125 plan maintained by the employer. The funding of the Pension Plan is based on actuarial determinations. The Pension Plan was amended early in 2004 to revise the definition of actuarial equivalent and to clarify that benefits generally will not be paid until after an employee notifies the employer and applies for benefits, as required by recent regulatory changes. The changes do not affect the calculation of benefits.

Ancillary to the Pension Plan is a non-qualified plan for a select group of management and highly compensated employees that provides for benefits limited by the limits on benefits and compensation under the Code. Compensation and Average Compensation are defined in this ancillary plan the same way they are defined in the Pension Plan. Consequently, the accrual of all further benefits under the ancillary plan ceased on December 31, 2004. Benefits payable under the ancillary plan are included in the table above.

The maximum annual pension benefit payable under the Pension Plan for 2004 was \$165,000 (or, if greater, the participant's 1982 accrued benefit).

Except for the accrual of certain non-qualified benefits as described herein, the Compensation included under the Pension Plan (including the ancillary non-qualified plan) generally corresponds with the annual compensation of the named executive officers in the Summary Compensation Table above. Includable Compensation for 2004 for Mss. Parish, Jenkins and Emplit and Messrs. Marchioli and Green was \$421,037, \$371,810, \$347,910, \$845,000, and \$384,669, respectively.

As of December 31, 2004 the estimated credited years of service under the Advantica Pension Plan and the ancillary plan for Mss. Parish, Jenkins and Emplit and Messrs. Marchioli and Green, were 9, 0, 8, 0, and 8, respectively.

Employees may retire as early as age 55 with five years of service. Employees with age and service equaling or exceeding 85 and who are within five years of the normal retirement age will receive no reduction of accrued benefits. Employees who are at least 55 years of age with 15 years of service will receive a reduction of three percent in accrued benefits for the first five years prior to normal retirement date and six percent for the next five years. Accrued benefits for employees retiring with less than 15 years of service will be actuarially reduced. Retirement benefits are fully vested after a participant completes five years of service.

In January 2003, the Board, upon the recommendation of the Corporate Governance Committee, adopted the Denny's Corporate Governance Policy. Board committees consist of only independent board members.

Independent directors have the opportunity to meet in executive session regularly (i.e., at each regularly scheduled Board/Board committee meeting).

All Board committees may retain outside advisors, as they deem appropriate.

Board effectiveness and performance is reviewed annually by the Corporate Governance Committee.

A commitment to continue to adhere to the corporate governance listing standards of NASDAQ, even though such standards do not currently apply to the Company.

DENNY S CORPORATION
2004 OMNIBUS INCENTIVE PLAN

ARTICLE 1

PURPOSE

1.1. *GENERAL.* The purpose of the Denny s Corporation 2004 Omnibus Incentive Plan (the Plan) is to promote the success, and enhance the value, of Denny s Corporation (the Company), by linking the personal interests of employees, officers, directors and consultants of the Company or any Affiliate (as defined below) to those of Company stockholders and by providing such persons with an incentive for performance. The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company s operation is largely dependent. Accordingly, the Plan permits the grant of incentive awards from time to time to selected employees, officers, directors and consultants of the Company and its Affiliates.

Notwithstanding the above, the Board may expressly delegate to a special committee consisting of one or more officers of the Company some or all of the Committee's authority under subsections (a) through (i) above, except that no delegation of its duties and responsibilities may be made to officers of the Company with respect to Awards to Eligible Participants who as of the Grant Date are persons subject to the short-swing profit rules of Section 16 of the 1934 Act, or who as of the Grant Date are reasonably anticipated to become Covered Employees during the term of the Award. Edgar Filing: DENNYS CORP - Form DEF 14A

considered for purposes of determining the number of Shares remaining available for issuance pursuant to Awards granted under the Plan. (a) *EXERCISE PRICE.* The exercise price per Share under an Option shall be determined by the Committee, subject to Section 7.2(a) with respect to Incentive Stock Options. Except with respect to the proposed grant of Options to certain officers and employees on or about the Effective Date, as described in the proxy statement for the special meeting of stockholders at which the Plan was adopted, the exercise price of an Option shall not be less than the Fair Market Value as of the Grant Date.

(b) *TIME AND CONDITIONS OF EXERCISE.* The Committee shall determine the time or times at which an Option may be exercised in whole or in part, subject to Section 7.1(d). The Committee shall also determine the performance or other conditions, if any, that must be satisfied before all or part of an Option may be exercised or vested. The Committee may waive any exercise or vesting provisions at any time in whole or in part based upon factors as the Committee may determine in its sole discretion so that the Option becomes exercisable or vested at an earlier date. The Committee may permit an arrangement whereby receipt of Stock upon exercise of an Option is delayed until a specified future date.

(c) *PAYMENT.* The Committee shall determine the methods by which the exercise price of an Option may be paid, the form of payment, including, without limitation, cash, Shares, or other property (including cashless exercise arrangements), and the methods by which Shares shall be delivered or deemed to be delivered to Participants; provided, however, that if Shares are used to pay the exercise price of an Option, such Shares must have been held by the Participant for at least such period of time, if any, as necessary to avoid variable accounting for the Option.

(d) *EXERCISE TERM.* In no event may any Option be exercisable for more than ten years from the Grant Date.

Edgar Filing: DENNYS CORP - Form DEF 14A

(e) *ADDITIONAL OPTIONS UPON EXERCISE.* The Committee may, in its sole discretion, provide in an original Award Certificate for the automatic grant of a new Option to any Participant who delivers Shares as full or partial payment of the exercise price of the original Option. Any new Option granted in such a case (i) shall be for the same number of Shares as the Participant delivered in exercising the original Option, (ii) shall have an exercise price of 100% of the Fair Market Value of the surrendered Shares on the date of exercise of the original Option (the grant date for the new Option), and (iii) shall have a term equal to the unexpired term of the original Option.

Table of Contents

(1) The expiration date set forth in the Award Certificate.

(2) The tenth anniversary of the Grant Date.

(3) Three months after termination of the Participant's Continuous Status as a Participant for any reason other than the Participant's Disability or death.

(5) One year after the termination of the Participant's death if the Participant dies while employed, or during the three-month period described in paragraph (3) or during the one-year period described in paragraph (4) and before the Option otherwise lapses.

Unless the exercisability of the Incentive Stock Option is accelerated as provided in Article 14, if a Participant exercises an Option after termination of employment, the Option may be exercised only with respect to the Shares that were otherwise vested on the Participant's termination of employment. Upon the Participant's death, any exercisable Incentive Stock Options may be exercised by the Participant's beneficiary, determined in accordance with Section 14.5.

(c) *INDIVIDUAL DOLLAR LIMITATION*. The aggregate Fair Market Value (determined as of the Grant Date) of all Shares with respect to which Incentive Stock Options are first exercisable by a Participant in any calendar year may not exceed \$100,000.00.

(d) *TEN PERCENT OWNERS*. No Incentive Stock Option shall be granted to any individual who, at the Grant Date, owns stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary unless the exercise price per share of such Option is at least 110% of the Fair Market Value per Share at the Grant Date and the Option expires no later than five years after the Grant Date.

(e) *EXPIRATION OF AUTHORITY TO GRANT INCENTIVE STOCK OPTIONS*. No Incentive Stock Option may be granted pursuant to the Plan after the day immediately prior to the tenth anniversary of the date the Plan was adopted by the Board, or the termination of the Plan, if earlier.

(f) *RIGHT TO EXERCISE*. During a Participant's lifetime, an Incentive Stock Option may be exercised only by the Participant or, in the case of the Participant's Disability, by the Participant's guardian or legal representative.

(g) *ELIGIBLE GRANTEEES*. The Committee may not grant an Incentive Stock Option to a person who is not at the Grant Date an employee of the Company or a Parent or Subsidiary.

STOCK APPRECIATION RIGHTS

8.1. *GRANT OF STOCK APPRECIATION RIGHTS*. The Committee is authorized to grant Stock Appreciation Rights to Participants on the following terms and conditions:

(a) *RIGHT TO PAYMENT*. Upon the exercise of a Stock Appreciation Right, the Participant to whom it is granted has the right to receive the excess, if any, of:

(1) The Fair Market Value of one Share on the date of exercise; over

(2) The grant price of the Stock Appreciation Right as determined by the Committee, which shall not be less than the Fair Market Value of one Share on the Grant Date in the case of any Stock Appreciation Right related to an Incentive Stock Option.

(b) *OTHER TERMS*. All awards of Stock Appreciation Rights shall be evidenced by an Award Certificate. The terms, methods of exercise, methods of settlement, form of consideration payable in settlement, and any other terms and conditions of any Stock Appreciation Right shall be determined by the Committee at the time of the grant of the Award and shall be reflected in the Award Certificate.

ARTICLE 9

PERFORMANCE AWARDS

9.1. *GRANT OF PERFORMANCE AWARDS*. The Committee is authorized to grant Performance Shares, Performance Units or Performance-Based Cash Awards to Participants on such terms and conditions as may be selected by the Committee. The Committee shall have the complete discretion to determine the number of Performance Awards granted to each Participant, subject to Section 5.4, and to designate the provisions of such Performance Awards as provided in Section 4.3. All Performance Awards shall be evidenced by an Award Certificate or a written program established by the Committee, pursuant to which Performance Awards are awarded under the Plan under uniform terms, conditions and restrictions set forth in such written program.

9.2. *PERFORMANCE GOALS*. The Committee may establish performance goals for Performance Awards which may be based on any criteria selected by the Committee. Such performance goals may be described in terms of Company-wide objectives or in terms of objectives that relate to the performance of the Participant, an Affiliate or a division, region, department or function within the Company or an Affiliate. If the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company or the manner in which the Company or an Affiliate conducts its business, or other events or circumstances render performance goals to be unsuitable, the Committee may modify such performance goals in whole or in part, as the Committee deems appropriate. If a Participant is promoted, demoted or transferred to a different business unit or function during a performance period, the Committee may determine that the performance goals or performance period are no longer appropriate and may (i) adjust, change or eliminate the performance goals or the applicable performance period as it deems appropriate to make such goals and period comparable to the initial goals and period, or (ii) make a cash payment to the participant in amount determined by the Committee. The foregoing two sentences shall not apply with respect to a Performance Award that is intended to be a Qualified Performance-Based Award.

9.3. *RIGHT TO PAYMENT*. The grant of a Performance Share to a Participant will entitle the Participant to receive at a specified later time a specified number of Shares, or the equivalent cash value, if the performance goals established by the Committee are achieved and the other terms and conditions thereof are satisfied. The grant of a Performance Unit to a Participant will entitle the Participant to receive at a specified later time a specified dollar value in cash or other property, including Shares, variable under conditions specified in the Award, if the performance goals in the Award are achieved and the other terms and conditions thereof are satisfied. The Committee shall set performance goals and other terms or conditions to payment of the Performance Awards in its discretion which, depending on the extent to which they are met, will determine the number and value of the Performance Awards that will be paid to the Participant.

9.4. *OTHER TERMS*. Performance Awards may be payable in cash, Stock, or other property, and have such other terms and conditions as determined by the Committee and reflected in the Award Certificate. For purposes of determining the number of Shares to be used in payment of a Performance Award denominated in cash but payable in whole or in part in Shares or Restricted Stock, the number of Shares to be so paid will be determined by dividing the cash value of the Award to be so paid by the Fair Market Value of a Share on the date of determination by the Committee of the amount of the payment under the Award, or, if the Committee so directs, the date immediately preceding the date the Award is paid.

RESTRICTED STOCK AND RESTRICTED STOCK UNIT AWARDS

10.1. *GRANT OF RESTRICTED STOCK AND RESTRICTED STOCK UNITS.* The Committee is authorized to make Awards of Restricted Stock or Restricted Stock Units to Participants in such amounts and subject to such terms and conditions as may be selected by the Committee. An Award of Restricted Stock or Restricted Stock Units shall be evidenced by an Award Certificate setting forth the terms, conditions, and restrictions applicable to the Award.

10.2. *ISSUANCE AND RESTRICTIONS.* Restricted Stock or Restricted Stock Units shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter. Except as otherwise provided in an Award Certificate, the Participant shall have all of the rights of a stockholder with respect to the Restricted Stock, and the Participant shall have none of the rights of a stockholder with respect to Restricted Stock Units until such time as Shares of Stock are paid in settlement of the Restricted Stock Units.

10.3. *FORFEITURE.* Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of Continuous Status as a Participant during the applicable restriction period or upon failure to satisfy a performance goal during the applicable restriction period, Restricted Stock or Restricted Stock Units that are at that time subject to restrictions shall be forfeited; provided, however, that the Committee may provide in any Award Certificate that restrictions or forfeiture conditions relating to Restricted Stock or Restricted Stock Units will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock or Restricted Stock Units.

10.4. *DELIVERY OF RESTRICTED STOCK.* Shares of Restricted Stock shall be delivered to the Participant at the time of grant either by book-entry registration or by delivering to the Participant, or a custodian or escrow agent (including, without limitation, the Company or one or more of its employees) designated by the Committee, a stock certificate or certificates registered in the name of the Participant. If physical certificates representing shares of Restricted Stock are registered in the name of the Participant, such certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

ARTICLE 11

DEFERRED STOCK UNITS

11.1. *GRANT OF DEFERRED STOCK UNITS.* The Committee is authorized to grant Deferred Stock Units to Participants subject to such terms and conditions as may be selected by the Committee. Deferred Stock Units shall entitle the Participant to receive Shares of Stock (or the equivalent value in cash or other property if so determined by the Committee) at a future time as determined by the Committee, or as determined by the Participant within guidelines established by the Committee in the case of voluntary deferral elections. An Award of Deferred Stock Units shall be evidenced by an Award Certificate setting forth the terms and conditions applicable to the Award.

ARTICLE 12

DIVIDEND EQUIVALENTS

12.1. *GRANT OF DIVIDEND EQUIVALENTS*. The Committee is authorized to grant Dividend Equivalents to Participants subject to such terms and conditions as may be selected by the Committee. Dividend Equivalents shall entitle the Participant to receive payments equal to dividends with respect to all or a portion of the number of Shares subject to an Award, as determined by the Committee. The Committee may provide that Dividend Equivalents be paid or distributed when accrued or be deemed to have been reinvested in additional Shares, or otherwise reinvested.

ARTICLE 13

STOCK OR OTHER STOCK-BASED AWARDS

13.1. *GRANT OF STOCK OR OTHER STOCK-BASED AWARDS*. The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to Shares, as deemed by the Committee to be consistent with the purposes of the Plan, including without limitation Shares awarded purely as a bonus and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into Shares, and Awards valued by reference to book value of Shares or the value of securities of or the performance of specified Parents or Subsidiaries. The Committee shall determine the terms and conditions of such Awards.

ARTICLE 14

PROVISIONS APPLICABLE TO AWARDS

14.1. *STAND-ALONE AND TANDEM AWARDS*. Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, any other Award granted under the Plan. Subject to Section 16.2, awards granted in addition to or in tandem with other Awards may be granted either at the same time as or at a different time from the grant of such other Awards.

14.2. *TERM OF AWARD*. The term of each Award shall be for the period as determined by the Committee, provided that in no event shall the term of any Incentive Stock Option or a Stock Appreciation Right granted in tandem with the Incentive Stock Option exceed a period of ten years from its Grant Date (or, if Section 7.2(c) applies, five years from its Grant Date).

14.3. *FORM OF PAYMENT FOR AWARDS*. Subject to the terms of the Plan and any applicable law or Award Certificate, payments or transfers to be made by the Company or an Affiliate on the grant or exercise of an Award may be made in such form as the Committee determines at or after the Grant Date, including without limitation, cash, Stock, other Awards, or other property, or any combination, and may be made in a single payment or transfer, in installments, or on a deferred basis, in each case determined in accordance with rules adopted by, and at the discretion of, the Committee.

14.4. *LIMITS ON TRANSFER*. No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or an Affiliate, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or an Affiliate. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution or, except in the case of an Incentive Stock Option, pursuant to a domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such Section applied to an Award under the Plan; provided, however, that the Committee may (but need not) permit other transfers where the Committee concludes that such transferability (i) does not result in accelerated taxation, (ii) does not

cause any Option intended to be an Incentive Stock Option to fail to be described in Code Section 422(b), and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable Awards.

14.5. *BENEFICIARIES*. Notwithstanding Section 14.14.4, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Certificate applicable to the Participant, except to the extent the Plan and Award Certificate otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, payment shall be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant at any time provided the change or revocation is filed with the Committee.

14.6. *STOCK CERTIFICATES*. All Stock issuable under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place legends on any Stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

14.7. *ACCELERATION UPON DEATH OR DISABILITY OR RETIREMENT*. Except as otherwise provided in the Award Certificate, upon the Participant's death or Disability during his or her Continuous Status as a Participant, or (with respect to Awards that are not intended to be Qualified Performance-Based Awards under Section 14.12(b)) upon the Participant's Retirement, all of such Participant's outstanding Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully exercisable, all time-based vesting restrictions on the Participant's outstanding Awards shall lapse, and any performance-based criteria shall be deemed to be satisfied at the greater of target or actual performance as of the date of such termination. Any Awards shall thereafter continue or lapse in accordance with the other provisions of the Plan and the Award Certificate. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(b), the excess Options shall be deemed to be Nonstatutory Stock Options.

14.8. *ACCELERATION UPON A CHANGE IN CONTROL*. Except as otherwise provided in the Award Certificate, if a Participant's employment is terminated without Cause or the Participant resigns for Good Reason within two years after the effective date of a Change in Control, then (i) all of that Participant's outstanding Options, SARs and other Awards in the nature of rights that may be exercised shall become fully exercisable and shall remain exercisable for a period of 60 months from such date or until the earlier expiration of the award, and (ii) all time-based vesting restrictions on his or her outstanding Awards shall lapse. Except as otherwise provided in the Award Certificate, upon the occurrence of a Change in Control, the target payout opportunities attainable under all outstanding performance-based Awards shall be deemed to have been fully earned as of the effective date of the Change in Control and there shall be pro rata payout to Participants within thirty (30) days following the effective date of the Change in Control based upon an assumed achievement of all relevant targeted performance goals and upon the length of time within the performance period that has elapsed prior to the Change in Control.

14.9. *ACCELERATION FOR ANY OTHER REASON*. Regardless of whether an event has occurred as described in Section 14.7 or 14.8 above, and subject to Section 14.11 as to Qualified Performance-Based Awards, the Committee may in its sole discretion at any time determine that all or a portion of a Participant's Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully or partially exercisable, that all or a part of the restrictions on all or a portion of the outstanding Awards shall lapse, and/or that any performance-based criteria with respect to any Awards shall be deemed to be wholly or partially satisfied, in each case, as of such date as the Committee may, in its sole discretion, declare. The Committee may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 14.9.

14.10. *EFFECT OF ACCELERATION*. If an Award is accelerated under Section 14.7, 14.8 or Section 14.9, the Committee may, in its sole discretion, provide (i) that the Award will expire after a designated period of time after such acceleration to the extent not then exercised, (ii) that the Award will be settled in cash rather than Stock, (iii) that the Award will be assumed by another party to a transaction giving rise to the acceleration or otherwise be equitably converted or substituted in connection with such transaction, (iv) that the Award may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Stock, as of a specified date associated with the transaction, over the exercise price of the Award, or (v) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated. To the extent that such acceleration causes Incentive Stock Options to exceed the dollar limitation set forth in Section 7.2(b), the excess Options shall be deemed to be Nonstatutory Stock Options.

14.11. *QUALIFIED PERFORMANCE-BASED AWARDS*.

(a) The provisions of the Plan are intended to ensure that all Options and Stock Appreciation Rights granted hereunder to any Covered Employee shall qualify for the Section 162(m) Exemption; provided that the exercise or base price of such Award is not less than the Fair Market Value of the Shares on the Grant Date.

(b) When granting any other Award (including a below-market priced Option or SAR), the Committee may designate such Award as a Qualified Performance-Based Award, based upon a determination that the recipient is or may be a Covered Employee with respect to such Award, and the Committee wishes such Award to qualify for the Section 162(m) Exemption. If an Award is so designated, the Committee shall establish performance goals for such Award within the time period prescribed by Section 162(m) of the Code based on one or more of the following Qualified Business Criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of an Affiliate or a division, region, department or function within the Company or an Affiliate:

For purposes of this Plan, EVA means the positive or negative value determined by net operating profits after taxes over a charge for capital, or any other financial measure, as determined by the Committee in its sole discretion. (EVA is a registered trademark of Stern Stewart & Co.). In the event that applicable tax and/or securities laws change to permit Board or Committee discretion to alter the governing Qualified Business Criteria without obtaining stockholder approval of such changes, the Board or Committee shall have sole discretion to make such changes without obtaining stockholder approval.

(c) Each Qualified Performance-Based Award (other than a market-priced Option or SAR) shall be earned, vested and payable (as applicable) only upon the achievement of performance goals established by the Committee based upon one or more of the Qualified Business Criteria, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate; provided, however, that the Committee may provide, either in connection with the grant thereof or by amendment thereafter, that achievement of such performance goals will be waived upon the death or Disability of the Participant, or upon termination of the Participant's employment without Cause or for Good Reason within two years after the effective date of a Change in Control. Performance periods established by the Committee for any such Qualified Performance-Based Award may be as short as three months and may be any longer period.

(d) The Committee may provide in any Qualified Performance-Based Award that any evaluation of performance may include or exclude any of the following events that occurs during a performance period: (a) asset write-downs; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (f) acquisitions or divestitures; and (g) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

(e) Any payment of a Qualified Performance-Based Award granted with performance goals pursuant to subsection (c) above shall be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied. Except as specifically provided in subsection (c), no Qualified Performance-Based Award may be amended, nor may the Committee

exercise any discretionary authority it may otherwise have under the Plan with respect to a Qualified Performance-Based Award under the Plan, in any manner to waive the achievement of the applicable performance goal based on Qualified Business Criteria or to increase the amount payable pursuant thereto or the value thereof, or otherwise in a manner that would cause the Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption.

(f) Section 5.4 sets forth the maximum number of Shares or dollar value that may be granted in any one-year period to a Participant in designated forms of Qualified Performance-Based Awards.

14.12. *ANNUAL INCENTIVE AWARDS.*

(a) The Committee may designate Company executive officers who are eligible to receive a monetary payment in any calendar year based on a percentage of an incentive pool equal to five percent (5%) of the

Table of Contents

company's consolidated operating earnings for the calendar year. If so, the Committee shall allocate an incentive pool percentage to each designated Participant for each calendar year. In no event may the incentive pool percentage for any one Participant exceed thirty percent (30%) of the total pool. Consolidated operating earnings shall mean the consolidated earnings after income taxes of the Company, computed in accordance with generally accepted accounting principles, but shall exclude the effects of Extraordinary Items. For purposes of this Section 14.12, Extraordinary Items shall mean (i) extraordinary, unusual and/or nonrecurring items of gain or loss, (ii) gains or losses on the disposition of a business, (iii) changes in tax or accounting regulations or laws, or (iv) the effect of a merger or acquisition, all of which must be identified in the audited financial statements, including footnotes, or Management Discussion and Analysis section of the Company's annual report.

(b) As soon as possible after the determination of the incentive pool for a Plan year, the Board shall calculate the Participant's allocated portion of the incentive pool based upon the percentage established at the beginning of the calendar year. The Participant's incentive award then shall be determined by the Board based on the Participant's allocated portion of the incentive pool subject to adjustment in the sole discretion of the Board. In no event may the portion of the incentive pool allocated to a participant who is a Covered Employee be increased in any way, including as a result of the reduction of any other Participant's allocated portion.

(c) Unless otherwise provided by the Committee at the time of grant, upon the occurrence of a Change in Control, annual incentive awards granted under this Section 14.12 shall be paid out based on the consolidated operating earnings of the immediately preceding year or such other method of payment as may be determined by the Committee at the time of the Award or thereafter but prior to the Change in Control.

14.13. *TERMINATION OF EMPLOYMENT.* Whether military, government or other service or other leave of absence shall constitute a termination of employment shall be determined in each case by the Committee at its discretion, and any determination by the Committee shall be final and conclusive. A Participant's Continuous Status as a Participant shall not be deemed to terminate (i) in a circumstance in which a Participant transfers from the Company to an Affiliate, transfers from an Affiliate to the Company, or transfers from one Affiliate to another Affiliate, or (ii) in the discretion of the Committee as specified at or prior to such occurrence, in the case of a spin-off, sale or disposition of the Participant's employer from the Company or any Affiliate. To the extent that this provision causes Incentive Stock Options to extend beyond three months from the date a Participant is deemed to be an employee of the Company, a Parent or Subsidiary for purposes of Sections 424(e) and 424(f) of the Code, the Options held by such Participant shall be deemed to be Nonstatutory Stock Options.

14.14. *DEFERRAL.* The Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of the exercise of an Option or SAR, the lapse or waiver of restrictions with respect to Restricted Stock or Restricted Stock Units, or the satisfaction of any requirements or goals with respect to Performance Awards, and Other Stock-Based Awards. If any such deferral election is required or permitted, the Board shall, in its sole discretion, establish rules and procedures for such payment deferrals.

14.15. *FORFEITURE EVENTS.* The Committee may specify in an Award Certificate that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events shall include, but shall not be limited to, termination of employment for cause, violation of material Company or Affiliate policies, breach of noncompetition, confidentiality or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company or any Affiliate.

CHANGES IN CAPITAL STRUCTURE

15.1. *GENERAL.* In the event of a corporate event or transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the authorization limits under Section 5.1 and 5.4 shall be adjusted proportionately, and the Committee may adjust the Plan and Awards to preserve the benefits or potential benefits of the Awards. Action by the Committee may include: (i) adjustment of the number and kind of shares which may be delivered under the Plan; (ii) adjustment of the number and kind of shares subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards or the measure to be used to determine the amount of the benefit payable on an Award; and (iv) any other adjustments that the Committee determines to be equitable. In addition, the Committee may, in its sole discretion, provide (i) that Awards will be settled in cash rather than Stock, (ii) that Awards will become immediately vested and exercisable and will expire after a designated period of time to the extent not then exercised, (iii) that Awards will be assumed by another party to a transaction or otherwise be equitably converted or substituted in connection with such transaction, (iv) that outstanding Awards may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Stock, as of a specified date associated with the transaction, over the exercise price of the Award, (v) that performance targets and performance periods for Performance Awards will be modified, consistent with Code Section 162(m) where applicable, or (vi) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated. Without limiting the foregoing, in the event of a subdivision of the outstanding Stock (stock-split), a declaration of a dividend payable in Shares, or a combination or consolidation of the outstanding Stock into a lesser number of Shares, the authorization limits under Section 5.1 and 5.4 shall automatically be adjusted proportionately, and the Shares then subject to each Award shall automatically be adjusted proportionately without any change in the aggregate purchase price therefor.

ARTICLE 16

AMENDMENT, MODIFICATION AND TERMINATION

16.1. *AMENDMENT, MODIFICATION AND TERMINATION.* The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan without stockholder approval; provided, however, that if an amendment to the Plan would, in the reasonable opinion of the Board or the Committee, either (i) materially increase the benefits accruing to Participants, (ii) materially increase the number of Shares available under the Plan, (iii) expand the types of awards under the Plan, (iv) materially expand the class of participants eligible to participate in the Plan, (v) materially extend the term of the Plan, or (vi) otherwise constitute a material change requiring stockholder approval under applicable laws, policies or regulations or the applicable listing or other requirements of an Exchange, then such amendment shall be subject to stockholder approval; and provided, further, that the Board or Committee may condition any other amendment or modification on the approval of stockholders of the Company for any reason, including by reason of such approval being necessary or deemed advisable to (i) permit Awards made hereunder to be exempt from liability under Section 16(b) of the 1934 Act, (ii) to comply with the listing or other requirements of an Exchange, or (iii) to satisfy any other tax, securities or other applicable laws, policies or regulations.

16.2. *AWARDS PREVIOUSLY GRANTED.* At any time and from time to time, the Committee may amend, modify or terminate any outstanding Award without approval of the Participant; provided, however:

(a) Subject to the terms of the applicable Award Certificate, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination (with the per-share value of an Option or Stock Appreciation Right for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment or termination over the exercise or base price of such Award);

Table of Contents

(b) The original term of an Option may not be extended without the prior approval of the stockholders of the Company;

(c) Except as otherwise provided in Article 15, the exercise price of an Option may not be reduced, directly or indirectly, without the prior approval of the stockholders of the Company; and

(d) No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the Participant affected thereby. An outstanding Award shall not be deemed to be adversely affected by a Plan amendment if such amendment would not reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment (with the per-share value of an Option or Stock Appreciation Right for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment over the exercise or base price of such Award).

ARTICLE 17

GENERAL PROVISIONS

17.1. *NO RIGHTS TO AWARDS; NON-UNIFORM DETERMINATIONS.* No Participant or any Eligible Participant shall have any claim to be granted any Award under the Plan. Neither the Company, its Affiliates nor the Committee is obligated to treat Participants or Eligible Participants uniformly, and determinations made under the Plan may be made by the Committee selectively among Eligible Participants who receive, or are eligible to receive, Awards (whether or not such Eligible Participants are similarly situated).

17.2. *NO STOCKHOLDER RIGHTS.* No Award gives a Participant any of the rights of a stockholder of the Company unless and until Shares are in fact issued to such person in connection with such Award.

17.3. *WITHHOLDING.* The Company or any Affiliate shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the Plan. If Shares are surrendered to the Company to satisfy withholding obligations in excess of the minimum withholding obligation, such Shares must have been held by the Participant as fully vested shares for such period of time, if any, as necessary to avoid variable accounting for the Option. With respect to withholding required upon any taxable event under the Plan, the Committee may, at the time the Award is granted or thereafter, require or permit that any such withholding requirement be satisfied, in whole or in part, by withholding from the Award Shares having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes.

17.4. *NO RIGHT TO CONTINUED SERVICE.* Nothing in the Plan, any Award Certificate or any other document or statement made with respect to the Plan, shall interfere with or limit in any way the right of the Company or any Affiliate to terminate any Participant's employment or status as an officer, director or consultant at any time, nor confer upon any Participant any right to continue as an employee, officer, director or consultant of the Company or any Affiliate, whether for the duration of a Participant's Award or otherwise.

17.5. *UNFUNDED STATUS OF AWARDS.* The Plan is intended to be an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Certificate shall give the Participant any rights that are greater than those of a general creditor of the Company or any Affiliate. This Plan is not intended to be subject to ERISA.

17.6. *RELATIONSHIP TO OTHER BENEFITS.* No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Affiliate unless provided otherwise in such other plan.

17.7. *EXPENSES*. The expenses of administering the Plan shall be borne by the Company and its Affiliates.

17.8. *TITLES AND HEADINGS*. The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

17.9. *GENDER AND NUMBER*. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

17.10. *FRACTIONAL SHARES*. No fractional Shares shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional Shares or whether such fractional Shares shall be eliminated by rounding up or down.

17.11. *GOVERNMENT AND OTHER REGULATIONS*.

(a) Notwithstanding any other provision of the Plan, no Participant who acquires Shares pursuant to the Plan may, during any period of time that such Participant is an affiliate of the Company (within the meaning of the rules and regulations of the Securities and Exchange Commission under the 1933 Act), sell such Shares, unless such offer and sale is made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be sold, or (ii) pursuant to an appropriate exemption from the registration requirement of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

(b) Notwithstanding any other provision of the Plan, if at any time the Committee shall determine that the registration, listing or qualification of the Shares covered by an Award upon any Exchange or under any foreign, federal, state or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Award or the purchase or receipt of Shares thereunder, no Shares may be purchased, delivered or received pursuant to such Award unless and until such registration, listing, qualification, consent or approval shall have been effected or obtained free of any condition not acceptable to the Committee. Any Participant receiving or purchasing Shares pursuant to an Award shall make such representations and agreements and furnish such information as the Committee may request to assure compliance with the foregoing or any other applicable legal requirements. The Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Committee's determination that all related requirements have been fulfilled. The Company shall in no event be obligated to register any securities pursuant to the 1933 Act or applicable state or foreign law or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation or requirement.

17.12. *GOVERNING LAW*. To the extent not governed by federal law, the Plan and all Award Certificates shall be construed in accordance with and governed by the laws of the State of Delaware.

17.13. *ADDITIONAL PROVISIONS*. Each Award Certificate may contain such other terms and conditions as the Committee may determine; provided that such other terms and conditions are not inconsistent with the provisions of the Plan.

17.14. *NO LIMITATIONS ON RIGHTS OF COMPANY.* The grant of any Award shall not in any way affect the right or power of the Company to make adjustments, reclassification or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell or transfer all or any part of its business or assets. The Plan shall not restrict the authority of the Company, for proper corporate purposes, to grant or assume awards, other than under the Plan, to or with respect to any person. If the Committee so directs, the Company may issue or transfer Shares to an Affiliate, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Affiliate will transfer such Shares to a Participant in accordance with the terms of an Award granted to such Participant and specified by the Committee pursuant to the provisions of the Plan.

17.15. *INDEMNIFICATION*. Each person who is or shall have been a member of the Committee, or of the Board, or an officer of the Company to whom authority was delegated in accordance with Article 4 shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf, unless such loss, cost, liability, or expense is a result of his or her own willful misconduct or except as expressly provided by statute. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

The foregoing is hereby acknowledged as being the Denny's Corporation 2004 Omnibus Incentive Plan as adopted by the Company's stockholders on August 25, 2004 and as amended on April 13, 2005 by the Board and its Compensation Committee to be submitted to the stockholders for approval.
