PROXY STATEMENT

FOR THE

ANNUAL MEETING OF SHAREHOLDERS

To Be Held On June 6, 2005

General

Our Board of Directors is furnishing this proxy statement and the accompanying Annual Report to Shareholders, notice of annual meeting and proxy card in connection with its solicitation of proxies for use at our 2005 annual meeting of shareholders or any adjournment thereof. The annual meeting will be held on Monday, June 6, 2005, beginning at 10:00 a.m., Pacific Daylight Time at the following location:

Embassy Suites Hotel

7900 NE 82nd Avenue

Portland, Oregon 97220

We are bearing all expenses associated with this solicitation. Our officers or regular employees, without additional remuneration, may follow this written proxy solicitation with personal solicitation of shareholders in person or by telephone or facsimile transmission. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. The Company has retained Georgeson Shareholder to assist with the solicitation of proxies for a fee not to exceed \$6,500, plus reimbursement for out-of-pocket expenses.

Our Board of Directors has designated the two persons named on the enclosed proxy card, Gregory C. Hammann and William D. Meadowcroft, to serve as proxies in connection with the annual meeting. These proxy materials and the accompanying Annual Report to Shareholders are being mailed on or about April 25, 2005 to our shareholders of record on April 11, 2005.

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

Our principal executive offices are located at 1400 NE 136th Avenue, Vancouver, Washington 98684. Effective July 1, 2005, our principal executive offices will be located at 16400 SE Nautilus Drive, Vancouver, Washington 98683. As used in this proxy statement, the terms we, our, us, Nautilus, and Company refer to Nautilus, Inc. and its subsidiaries.

Revocability of Proxies

You may revoke any proxy you execute at any time prior to its use at the annual meeting by:

delivering written notice of revocation to our Secretary;

delivering an executed proxy bearing a later date to our Secretary; or

attending the annual meeting and voting in person.

Record Date

Our Board of Directors has fixed the close of business on April 11, 2005 as the record date for determining which of our shareholders are entitled to notice of and to vote at the annual meeting. At the close of business on the record date, 33,190,288 shares of our common stock were outstanding.

Table of Contents

Voting; Quorum

Each share of common stock outstanding on the record date is entitled to one vote per share at the annual meeting. Shareholders are not entitled to cumulate their votes. The presence, in person or by proxy, of the holders of a majority of our outstanding shares of common stock is necessary to constitute a quorum at the annual meeting.

Vote Required to Approve the Proposals

If a quorum is present at the annual meeting:

(i) the eight nominees who receive the greatest number of votes cast for the election of directors by the shares present and voting in person or by proxy will be elected as directors;

(ii) the ratification of Deloitte & Touche LLP as our registered independent public accounting firm will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against it; and

(iii) the Nautilus, Inc. 2005 Long Term Incentive Plan will be approved and adopted if the number of votes cast in favor of the proposal exceeds the number of votes cast against it, provided that the total number of votes cast represents more than 50% of all shares entitled to vote on the proposal.

Effect of Abstentions

If you abstain from voting, your shares will be deemed present at the annual meeting for purposes of determining whether a quorum is present. Directors are elected by a plurality of the votes cast and only votes cast in favor of a nominee will have an effect on the outcome. Therefore, abstention from voting will not affect the outcome of the election. Abstentions will also not affect the outcome of the proposal to ratify Deloitte & Touche LLP as our registered independent public accounting firm or the proposal to approve and adopt the Nautilus, Inc. 2005 Long Term Incentive Plan.

Effect of Broker Non-Votes

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to the proposals to be voted upon at the annual meeting of shareholders. Thus, if you do not give your broker or nominee specific voting instructions, your shares may not be voted on these matters. Such broker non-votes will be counted for determining whether there is a quorum, but will not be counted as votes for or against. Thus broker non-votes will not have any effect on the election of directors or the ratification of Deloitte & Touche LLP as our registered independent public accounting firm. However, broker non-votes will also not be counted

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

as votes cast for purposes of meeting the New York Stock Exchange requirement that the total number of votes cast represents more than 50% of all shares entitled to vote on the proposal to approve the Nautilus, Inc. 2005 Long Term Incentive Plan. Broker non-votes may therefore prevent this proposal from passing even if the number of votes cast in favor of the proposal exceed the number of votes cast against.

Proxy Procedure

When a proxy card is properly dated, executed and returned, the shares it represents will be voted at the annual meeting in accordance with the instructions specified in the proxy. If no specific instructions are given, the shares will be voted FOR the election of the director nominees described below, FOR the ratification of Deloitte & Touche LLP as our registered independent public accounting firm, and FOR the approval and adoption of the Nautilus, Inc. 2005 Long Term Incentive Plan. If other matters come before the annual meeting, the persons named in the accompanying proxy will vote in accordance with their best judgment with respect to such matters.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Director Independence and Lead Independent Director

The Board of Directors has determined that the director nominees standing for election, except the Chief Executive Officer (the "CEO"), are each an independent director for purposes of the Company's Corporate Governance Guidelines and Section 303A.02 of the Listed Company Manual of the New York Stock Exchange, and that each such person is free of any relationship that would interfere with the individual exercise of independent judgment. The Board of Directors has further determined that each member of the three committees of the Board of Directors meets the independence requirements applicable to those committees prescribed by the Listed Company Manual and the Securities and Exchange Commission, including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934 (the "Exchange Act") related to audit committee member independence.

In March 2004, the Board of Directors designated Peter A. Allen as the Lead Independent Director pursuant to the Company's Corporate Governance Policies. The Lead Independent Director presides at the executive sessions of the Board of Directors and reviews and consults with the Chairman and Chief Executive Officer concerning the agenda for each regular meeting of the Board. The Lead Independent Director may also periodically help schedule or conduct separate meetings of the independent directors and perform such other duties as may be determined by the Board of Directors.

Table of Contents

(f) establish procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, including procedures for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting, auditing matters or violations of the Company's code of ethics.

Directors Robert S. Falcone (Chairman), Paul F. Little and Donald W. Keeble serve on the Audit Committee. The Board of Directors has determined that Mr. Falcone is an audit committee financial expert as defined by the rules of the Securities and Exchange Commission. Each member of the Audit Committee is financially literate, knowledgeable and able to review and understand financial statements. In 2004, the Audit Committee met seven (7) times.

The Compensation Committee

Under the terms of its charter, the Compensation Committee has overall responsibility for evaluating and approving the officer compensation plans, policies and programs of the Company. The Compensation Committee also acts as the administrator of the Company's 1995 Stock Option Plan. In fulfilling its duties, the Compensation Committee, among other things shall:

(a) review and approve on an annual basis the corporate goals and objectives with respect to compensation for the chief executive officer, and (ii) evaluate the chief executive officer's performance in light of these established goals and objectives, and based upon these evaluations, shall set the chief executive officer's annual compensation, including salary, bonus, incentive and equity compensation;

(b) review and approve on an annual basis the evaluation process and compensation structure for the Company's senior executive officers, and (ii) evaluate the performance of the Company's senior executive officers and shall approve the annual compensation, including salary, bonus, incentive and equity compensation, for such senior executive officers;

(c) review the Company's stock option and other stock-based plans and recommend changes in such plans to the Board as needed; and

(d) prepare and publish an annual executive compensation report in the Company's proxy statement.

Directors Peter A. Allen (Chairman), Frederick T. Hull, Diane L. Neal and James M. Weber serve on the Compensation Committee. In 2004, the Compensation Committee met nine (9) times and took action by unanimous written consent two (2) times.

The Nominating and Corporate Governance Committee

Under the terms of its charter, the Nominating and Corporate Governance Committee is responsible for considering and making recommendations concerning the membership and function of the Board, and the review and development of corporate governance guidelines. Table of Contents

The Nominating and Corporate Governance Committee will consider recommendations for directorships submitted by shareholders. Shareholders who wish the Nominating and Corporate Governance Committee to consider their recommendations for nominees for the position of Director should submit their recommendations in writing to the Nominating and Corporate Governance Committee, Attention: Chairman, Nautilus, Inc., 1400 NE 136th Avenue, Vancouver, WA 98684. After July 1, 2005, recommendations should be submitted to 16400 SE Nautilus Drive, Vancouver, Washington 98683. Recommendations by shareholders that are made in accordance with these procedures will receive the same consideration given to nominees of the Nominating and Corporate Governance Committee.

Nominees may be suggested by directors, members of management, shareholders or, in some cases, by a third party firm. In identifying and considering candidates for nomination to the Board of Directors, the Nominating and Corporate Governance Committee considers a candidate's quality of experience, the needs of the Company and the range of talent and experience represented on the Board. In evaluating particular candidates, the Committee will review the nominee's personal and professional integrity, judgment, experience, and ability to serve the long-term interest of the shareholders. The Committee will also take into account the ability of a Director to devote the time and effort necessary to fulfill his or her responsibilities.

The Nominating and Corporate Governance Committee is composed of Peter A. Allen (Chairman), Frederick T. Hull, Diane L. Neal and James M. Weber. In 2004, The Nominating and Corporate Governance Committee met five (5) times.

In 2004, the Company's Board of Directors held six (6) meetings. During 2004, no director attended fewer than 75% of the meetings of the Board of Directors or any committees of which the director was a member.

All Board members are expected to prepare for, attend and participate in meetings of the Board and of committees on which they serve. The Board of Directors does not currently have a specific policy with regard to attendance of Board members at our annual meeting of shareholders; however, we attempt to hold a regularly scheduled Board meeting in conjunction with our annual meeting of shareholders.

Board Recommendation

Our Board of Directors unanimously recommends a vote **FOR** each of the nominees named in this proxy statement.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF REGISTERED INDEPENDENT PUBLIC

ACCOUNTING FIRM

The Audit Committee has appointed Deloitte & Touche LLP (Deloitte & Touche) as our registered independent public accounting firm to audit our consolidated financial statements for 2005. Although we are not required to seek shareholder approval of this appointment, the Board has determined it to be sound corporate governance to do so. If the appointment is not ratified by shareholders, the Audit Committee will investigate the possible bases for the negative vote and will reconsider the appointment in light of the results of its investigation.

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

We employed Deloitte & Touche as our registered independent public accounting firm during 2004 and 2003. There have been no disagreements with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of Deloitte & Touche, would have caused Deloitte & Touche to make reference to the matter in their report. A representative of Deloitte & Touche is expected to be present at the annual meeting. The representative will be given the opportunity to make a statement on behalf of Deloitte & Touche if the representative so desires, and the representative will be available to respond to appropriate shareholder questions.

Table of Contents

In addition to retaining Deloitte & Touche to audit our consolidated financial statements for 2003, we retained Deloitte & Touche, as well as other accounting and consulting firms to provide advisory, auditing, and consulting services in 2003. We understand the need for Deloitte & Touche to maintain objectivity and independence in its audit of our financial statements. To minimize relationships that could appear to impair the objectivity of Deloitte & Touche, our Audit Committee has restricted the non-audit services that Deloitte & Touche may provide. These determinations are among the key practices adopted by the Audit Committee in its Policies and Procedures for the Approval of Audit and Non-audit Services Provided by the Independent Auditor, effective April 2003.

Under these policies, with Audit Committee pre-approval, the Company may use Deloitte & Touche for the following categories of non-audit services: merger and acquisition due diligence and audit services; tax services; internal control reviews; employee benefit plan audits; and reviews and procedures that the Company requests Deloitte & Touche to undertake to provide assurances on matters not required by laws or regulations.

The aggregate fees billed for professional services by Deloitte & Touche in 2004 and 2003 for these various services were approximately:

Type of Fees	2004	2003
Audit Fees	\$ 829,000	\$ 378,000
Audit-Related Fees	64,000	81,000
Tax Fees	123,000	127,000
All Other Fees		1,038,000
Total	\$ 1,016,000	\$ 1,624,000

Audit fees are fees we paid Deloitte & Touche for professional services for the audit of our consolidated financial statements included in Form 10-K and review of financial statements included in Form 10-Qs, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements including the audit required by Section 404 of the Sarbanes-Oxley Act of 2002. Audit-related fees are fees billed by Deloitte & Touche for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements. Tax fees are fees for tax compliance, tax advice, and tax planning. All other fees are fees billed by Deloitte & Touche to us for any services not included in the first three categories. None of the services disclosed above under Audit Related Fees, Tax Fees, or All Other Fees was approved by the Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

The aggregate fees billed by Deloitte & Touche for other professional services in 2003 predominantly consisted of services rendered in connection with the design and implementation of our new information systems. Deloitte & Touche fees associated with these new information systems for 2003 totaled approximately \$1,038,000. The Audit Committee acknowledged that the regulations adopted by the SEC include certain transitional provisions that would permit Deloitte & Touche to continue providing otherwise prohibited services until May 6, 2004, so long as the services were provided pursuant to a contract entered into prior to May 6, 2003. The Audit Committee was notified that certain services continued to be provided by Deloitte & Touche, and subject to these transitional provisions, those services were approved. All Deloitte & Touche services subject to these transitional provisions were completed prior to December 31, 2003.

The Audit Committee believes that the foregoing expenditures are compatible with maintaining the independence of the Company's registered independent public accounting firm.

Board Recommendation

Our Board of Directors unanimously recommends a vote **FOR** the ratification of the Audit Committee's appointment of Deloitte & Touche as our registered independent public accounting firm.

PROPOSAL NO. 3

APPROVAL OF THE NAUTILUS, INC. 2005 LONG TERM INCENTIVE PLAN

Broad-based equity compensation is an essential and long-standing element of the Company's culture and success. It continues to be a critical element to attract and retain the most talented employees, officers and directors available to execute the Company's long-term growth plan. Historically, the Company has used stock option awards as equity incentives and in 2004 granted options at market prices to employees at various levels throughout the organization. Equity-based compensation provides an opportunity for employees, officers and directors to acquire an interest in the Company, and thus provides rewards for exceptional performance and long-term incentives for their future contributions to the Company's success and ultimately shareholder value.

The Company currently awards stock options to Company executives, employees and non-employee directors through the 1995 Company Stock Option Plan, as amended (the "Current Plan") which expires in June 2005.

On March 30, 2005, the Board of Directors adopted, subject to shareholder approval, the Nautilus, Inc. 2005 Long Term Incentive Plan (the "2005 Plan"). The 2005 Plan reserves 4,000,000 shares of common stock for issuance under the plan. The 2005 Plan allows for increased flexibility in the types of equity awards that can be granted in the future, whereas the Current Plan only allows for stock options grants. The greater flexibility of the 2005 Plan, in types and specific terms of awards, will allow future awards to be based on then-current objectives for aligning compensation with increasing long-term shareholder value. Shareholder approval of the 2005 Plan will permit the Company to award long-term equity incentive compensation that achieves these goals.

As of December 31, 2004 the Company had 219,384 shares of common stock remaining for future awards under the Current Plan. Upon shareholder approval of the 2005 Plan, any remaining shares available for future awards under the Current Plan will become available for issuance in connection with awards made under the 2005 Plan. Additionally the Company is requesting 4,000,000 new shares of common stock be approved for future awards under the 2005 Plan.

The following is a summary of the material terms of the 2005 Plan and is qualified in its entirety by reference to the 2005 Plan. A copy of the 2005 Plan is attached to this proxy statement as Appendix A.

SUMMARY OF THE NAUTILUS, INC. 2005 LONG TERM INCENTIVE PLAN

General

The purpose of the 2005 Plan is to advance the interests of the Company by enhancing the Company's ability to attract and retain highly qualified personnel and directors and aligning the long-term interests of participants with those of shareholders. The 2005 Plan permits the grant of the following types of awards:

stock options;

stock appreciation rights;

restricted stock;

stock units.

Administration

The Compensation Committee of the Board of Directors (the Committee) will generally administer the 2005 Plan. The Committee is wholly comprised of directors who are deemed independent for purposes of applicable of the New York Stock Exchange and the Securities and Exchange Commission.

Table of Contents

The Committee will have full power and authority to determine when and to whom awards will be granted, including the type, amount, form of payment and other terms and conditions of each award, consistent with the provisions of the 2005 Plan. In addition, the Committee has the authority to interpret the 2005 Plan and the awards granted under the plan, and establish rules and regulations for the administration of the plan.

The Committee may delegate certain administrative duties associated with the 2005 Plan to the Company's officers, including the maintenance of records of the awards and the interpretation of the terms of the awards. The Committee may also delegate the authority to grant awards to a subcommittee comprised of one or more Board members, or to executive officers of the Company, provided that such subcommittee or executive officers cannot be authorized to grant awards to executive officers.

Participants

Awards under the 2005 Plan may be granted to any person who is (i) an employee of the Company, (ii) a non-employee member of the Board of Directors or the board of directors of any Company subsidiary, or (iii) a consultant who provides services to the Company; provided that stock appreciation rights and non-qualified stock options shall be granted only to persons as to which Nautilus is the service recipient, as such term is defined in Section 409A of the Internal Revenue Code.

Effective Date and Expiration of the 2005 Plan

The 2005 Plan will become effective on June 6, 2005, subject to shareholder approval at the 2005 annual meeting of shareholders. The 2005 Plan will terminate on June 5, 2015, unless all shares available for issuance have been issued, the plan is earlier terminated by the Board or the Committee, or the plan is extended by an amendment approved by the Company's shareholders. No awards may be made after the termination date. However, unless otherwise expressly provided in an applicable award agreement, any award granted under the 2005 Plan prior to the termination date may extend beyond the end of such period through the award's normal expiration date.

Shares Subject to the 2005 Plan

The aggregate number of shares of the common stock authorized for issuance as awards under the 2005 Plan is 4,000,000, plus any shares reserved under the Current Plan that are not subject to grant on June 6, 2005 or as to which the option award is forfeited on or after June 6, 2005. The maximum aggregate number of shares of common stock subject to stock options or stock appreciation rights which may be granted to any one participant in any one year under the 2005 Plan is 1,000,000. The maximum aggregate number of shares of common stock subject to restricted stock or stock unit awards which may be granted to any one participant in any one year under the 2005 Plan is 1,000,000.

The aggregate number of shares available for issuance under the 2005 Plan shall be reduced by two (2) shares for each share delivered in settlement of any stock appreciation rights, restricted stock, stock unit or performance unit award, and one (1) share for each share delivered in settlement of a stock option award.

Plan Awards

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

Under the 2005 Plan, the Committee can grant stock options, stock appreciation rights, restricted stock, stock units and performance units. Awards may be granted alone, in addition to, or in combination with any other award granted under the 2005 Plan. Subject to the limitations set forth in the 2005 Plan, the terms and conditions of each award shall generally be governed by the particular document or agreement granting the award. The terms and conditions set forth in an award agreement may include, as appropriate:

deemed issuance date;

expiration date;

number of shares covered by the award;

Table of Contents

acceptable means of payment;

price per share payable upon exercise;

applicable vesting schedule;

individual performance criteria;

Company or group performance criteria;

continued employment requirement;

transfer restrictions; or

any other terms or conditions deemed appropriate by the Committee, in each case not inconsistent with the 2005 Plan.

Stock Options and Stock Appreciation Rights. The holder of an option will be entitled to purchase a number of shares of common stock at an exercise price not less than 100% of the fair market value of a share on the date of grant during a specified time period, as determined by the Committee. The option exercise price shall be paid in cash or in such other form if and to the extent permitted by the Committee, including without limitation by delivery of already owned shares. Other than in connection with a change in the capitalization of the Company, the exercise price of an option may not be reduced without shareholder approval.

The holder of a stock appreciation right will be entitled to receive, in cash or stock (as determined by the Committee), value with respect to a specific number of shares equal to or otherwise based on the excess of the market value of a share at the time of exercise over the exercise price of the right.

Restricted Stock and Stock Units. The holder of restricted stock will own shares of common stock subject to restrictions imposed by the Committee and subject to forfeiture to the Company if the holder does not satisfy certain requirements (including, for example, continued employment with the Company) for a specified period of time. The holder of restricted stock units will have the right, subject to any restrictions imposed by the Committee, to receive shares of common stock, or a cash payment equal to the fair market value of those shares, at some future date determined by the Committee, provided that the holder has satisfied certain requirements (including, for example, continued employment with the Company until such future date).

Performance Units. The holder of performance units will have the right, subject to any restrictions imposed by the Committee to receive shares or cash upon achievement of certain goals relating to performance.

Transferability of Awards

Unless otherwise provided by the Committee, awards under the 2005 Plan may only be transferred by will or the laws of descent and distribution. The Committee may permit further transferability pursuant to conditions and limitations that it may impose, except that no transfers for consideration will be permitted.

Anti-dilution and Corporate Events

In the event of any stock dividend, stock split, combination of shares, extraordinary dividend of cash and/or assets, recapitalization, reorganization or any similar event, the Committee is entitled to appropriately and equitably adjust the number and kind of shares or other securities which are subject to the 2005 Plan or subject to any award under the plan.

Subject to any restrictive terms which may be set forth in award agreements, in the event the Company is a party to a merger or other reorganization, outstanding awards shall be subject to the agreement of merger or reorganization. Such agreement may provide, without limitation, for the assumption of outstanding awards by the surviving corporation or its parent, for their continuation by the Company (if the Company is a surviving corporation) for accelerated vesting and accelerated expiration, or for settlement in cash.

Termination or Amendment of the 2005 Plan

The Board may generally amend or terminate the 2005 Plan as determined to be advisable. Shareholder approval may also be required for certain amendments pursuant to the Internal Revenue Code, the rules of the New York Stock Exchange, or rules of the Securities and Exchange Commission. No amendment or alteration of the 2005 Plan may be made which would impair the rights of any participant under any outstanding award, without such participant's consent, provided that no consent is required with respect to any amendment or alteration if the Committee determines that such amendment or alteration is either:

required or advisable in order for the Company, the 2005 Plan or the award to satisfy any law or regulation or to meet the requirements of any accounting standard, or

not reasonably likely to significantly diminish the benefits provided under such award, or that any such diminishment has been adequately compensated.

Our Board of Directors unanimously recommends a vote **FOR** the approval and adoption of the 2005 Plan.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, as well as persons who own more than 10% of our outstanding common stock, to file with the Securities and Exchange Commission initial reports of beneficial ownership and reports of changes in beneficial ownership of shares of our common stock. Based solely on a review of copies of such forms furnished to us and written representations from executive officers, directors and 10% shareholders, we believe that all Section 16(a) filing requirements during 2004 were met, except that each of Rod W. Rice, Randal R. Potter and Kevin T. Lamar failed to timely file a Form 4 to reflect one stock option grant covering 40,000 shares of common stock.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company incurred royalty expense related to sales of Bowflex products under an agreement with a shareholder of the Company. When the Company was privately held, the shareholder separately negotiated an agreement in 1992 with Brian R. Cook, our former Chief Executive Officer and Chairman of the Board, and a former director of the Company. That separate agreement stipulates that annual royalties above \$90,000 would be paid 60% to the shareholder, 20% to Mr. Cook and 20% to the former director. Mr. Cook earned \$350,600 in 2004 under this agreement. Both agreements expired in April 2004.

Employment Contracts, Termination of Employment and Change-In-Control Arrangements - General

Each of our Named Executive Officers has entered into an employment agreement with the Company. The salary under each of these agreements is set each year by the Board of Directors and is listed above in the Summary Compensation Table. The executives are also entitled to reimbursement for reasonable out-of-pocket expenses. The Company may terminate any of the employment agreements by providing the executive with between 3 and 12 months notice of such termination depending on the specific agreement. Upon the receipt of such notice, the Company may elect to employ the Executive Officer during the notice period or terminate employment immediately. In the event that the Company elects to terminate the Executive Officer for reasons other than cause as defined in the employment agreement, all unpaid salary that

would have been paid to the executive during the remaining term of his employment would become immediately due and payable.

Table of Contents

Employment Contracts, Termination of Employment and Change-In-Control Arrangements President and Chief Executive Officer

In addition to the employment terms applicable to all our Named Executive Officers, our President and Chief Executive Officer, Gregory C. Hammann, is entitled to certain other payments and benefits under the terms of his employment agreement with the Company, dated July 2, 2003. The following is a summary of these terms.

Annual Bonus. Mr. Hammann earned a \$550,000 annual bonus for 2003 in accordance with the terms of his employment agreement. This bonus was paid on April 1, 2004. Mr. Hammann's 2004 annual bonus was not a fixed amount, but was determined in the same manner as bonuses paid to our other executive officers. Mr. Hammann earned a \$200,000 annual bonus for 2004.

Relocation Bonus. Mr. Hammann was paid a one-time \$1,000,000 relocation bonus that vests in equal annual installments over a three-year period. In the event that prior to July 2, 2006 Mr. Hammann is terminated for cause or terminates his employment for reasons other than certain Company acts outlined in the employment agreement, the unvested portion must be repaid to the Company.

Stock Options. Mr. Hammann was granted stock options with an exercise price of \$8.39 per share for 850,000 shares of common stock that vest in equal annual installments over a five-year period. The exercise price is \$2.00 less than the closing price of the shares on the day before the grant date.

Termination Without Cause. Should Mr. Hammann be terminated by the Company without cause or should Mr. Hammann terminate his employment in response to certain acts by the Company described in the employment agreement, Mr. Hammann is entitled to receive his base salary accrued through the date of termination plus severance equal to twelve months' base salary. In addition, Mr. Hammann's stock options shall continue to vest as if Mr. Hammann had remained employed during the twelve-month period in which he is entitled to receive severance pay. Mr. Hammann's stock options shall also be exercisable for fifteen months after the date of termination of employment as to the shares vested on or before such date of termination and for fifteen months after the date of vesting as to shares vesting after the date of termination. Furthermore, if certain targets are satisfied at the end of the applicable fiscal year, Mr. Hammann will receive a pro rata bonus related to such year payable at such time as bonuses are paid to other senior executives.

Termination for Cause. If the Company terminates Mr. Hammann's employment for cause, upon the death or disability of Mr. Hammann, or if Mr. Hammann terminates his employment for reasons other than the Company acts outlined in Mr. Hammann's agreement, the Company shall have no payment obligations other than Mr. Hammann's base salary accrued through the date of termination, and all further stock option vesting shall cease as of the date of termination.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board of Directors is composed of Peter A. Allen (Chairman), Frederick T. Hull, Diane L. Neal and James M. Weber. All members of the Compensation Committee are non-employee, outside directors. Although Mr. Hammann, current President, Chief Executive Officer and Chairman of the Board participated in compensation discussions during 2004, he did not participate in any deliberations or decisions regarding his own compensation.

REPORT ON EXECUTIVE COMPENSATION *

The Compensation Committee of the Board of Directors administers our executive compensation program. The purpose of the Compensation Committee is to discharge the responsibilities of the Company's Board of Directors relating to compensation of the Company's executives, and to produce an annual report on executive compensation for inclusion in the Company's proxy statement, in accordance with applicable rules and regulations.

Table of Contents

As part of its mandate, the Compensation Committee is responsible for: (1) determining the most effective overall executive compensation strategy based upon our needs and consistent with shareholder interests; (2) administering our executive compensation program and policies; (3) monitoring our performance and its relationship to executive compensation; and (4) reviewing and making appropriate changes to executive compensation as warranted.

Compensation Philosophy

The Company's executive compensation program is designed to encourage, compensate and reward employees on the basis of individual and corporate performance, both in the short and long term. Each executive compensation package is comprised of a base salary and an annual incentive bonus tied to corporate and individual performance and is supplemented by long-term incentives in the form of stock options. The Compensation Committee believes that this compensation program increases the mutuality of interest between our executive officers and shareholders. In 2004, the Compensation Committee retained an independent compensation consulting firm to supply the Board and the Compensation Committee with competitive compensation information to facilitate the establishment of executive compensation levels for 2004.

Base Salary. The Compensation Committee sets base salaries for its executive officers at levels it believes are competitive with the base salaries paid by leading, comparably sized public companies in the healthy lifestyle products and retail industries. The Compensation Committee approves base salary ranges for our executive officers based on reviews of market data from peer group, industry and national surveys. Within each range, the Compensation Committee establishes a base salary for each executive officer based on individual performance, the executive officer's level of responsibility and the importance of the position to us.

Annual Bonus. In the first quarter of each year, the Board of Directors establishes target corporate performance goals based on actual earnings per share and other significant factors, such as cash management, strategic business development and personnel management. At the end of each year, the Board of Directors evaluates corporate performance in light of these goals. If we meet or surpass the pre-established performance goals, the Compensation Committee generally will award a bonus to each executive officer equal to between 40% and 100% of his or her base salary. However, the Compensation Committee has absolute discretion in awarding annual bonuses and may award greater or lesser annual bonuses to one or more executive officers, whether or not the Company achieves its performance goals.

Stock Options. The Compensation Committee views stock options as the key long-term element in its performance-based executive compensation program. The Compensation Committee grants stock options to executive officers based on the Board's estimation of each executive officer's contribution to our long-term growth and profitability. Generally, each stock option granted to an executive officer has an exercise price equal to the market price on the day before the grant date and vests in one-fifth increments over a five-year period. See "Option Grants in Last Fiscal Year" for a summary of options granted to our executive officers during 2004.

Other Benefits. Executive officers participate in various broad-based employee benefit plans on substantially the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. We offer a 401(k) plan which allows employees to invest in an array of funds on a pre-tax basis and which provides for employer matching contributions of up to three percent of eligible compensation. We also maintain insurance and other benefits for our employees.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code of 1986 limits to \$1,000,000 per person the amount that we can deduct for compensation paid to any of our most highly paid officers in any year. With the exception of our President and Chief Executive Officer, we generally do not expect any of our employee's salary and bonus levels to exceed that limit. However, depending on individual and corporate performance, total compensation for certain executives may be greater than \$1,000,000. The limit on

Table of Contents

deductibility, however, does not apply to performance-based compensation that meets certain requirements. Our current policy is generally to grant stock options that meet those requirements so that we may properly deduct option compensation recognized by an optionee.

2004 Compensation of Chief Executive Officer

Greggory C. Hammann replaced Mr. Brian Cook as CEO effective July 15, 2003 and as Chairman on March 1, 2004. Mr. Hammann's compensation package was determined and approved by the Compensation Committee after consideration of chief executive compensation of comparably sized public companies in the healthy lifestyle products and retail industries, and in light of competitive practices among companies seeking to hire executives of Mr. Hammann's stature.

Base Salary. The Compensation Committee determined and approved Mr. Hammann's 2004 annual salary of \$500,000. Mr. Hammann's salary was determined in the same manner as described in *Base Salary* above with respect to all officers. The Compensation Committee will review Mr. Hammann's base salary annually.

Annual Bonus. In 2004 Mr. Hammann earned a \$200,000 annual bonus as determined and approved by the Compensation Committee in the same manner as described in *Annual Bonus* above with respect to all officers.

Stock Options. On June 7, 2004, Mr. Hammann was granted a stock option exercisable for 100,000 shares of common stock with an exercise price of \$15.66 per share, which vests in equal annual installments over a five-year period. The exercise price equals the closing price of our common stock on the day before the grant date.

Other Benefits. Along with the other executive officers, our CEO participates in various broad-based employee benefit plans on substantially the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. We offer a 401(k) plan which allows employees to invest in an array of funds on a pre-tax basis and which provides for employer matching contributions of up to three percent of eligible compensation. We also maintain insurance and other benefits for our employees. The Company's CEO also has a long-term disability and a life insurance policy as part of his compensation package.

STOCK PERFORMANCE GRAPH

Set forth below is a line graph and table comparing the cumulative total shareholder return of our common stock with the cumulative total return of the NYSE Composite Index and the S&P SmallCap 600 Index for the period commencing on May 5, 1999 (the date of our initial U.S. public offering) and ending on December 31, 2004. The S&P 600 Small Cap Index was chosen because we do not believe we can reasonably identify an industry index or specific peer issuer that would offer a meaningful comparison. The S&P SmallCap 600 Index represents a broad-based index of companies with similar market capitalization. Our common stock was added to the S&P SmallCap 600 on March 19, 2003.

The graph assumes that \$100 was invested in our common stock at the initial United States public offering price and each index on May 5, 1999. The comparisons in this table are set forth in response to Securities and Exchange Commission disclosure requirements, and therefore are not intended to forecast or be indicative of future performance of the common stock.

6. SHARES SUBJECT TO THE PLAN

(a) *Aggregate Limits.* Subject to adjustment as provided in Section 11, the aggregate number of Shares authorized for issuance as Awards under the Plan is 4,000,000, plus any Shares reserved under the Corporation's Stock Option Plan, dated June 20, 1995, as amended, that are not subject to a grant on June 6, 2005 or as to

which the option award is forfeited on or after June 6, 2005. Any Shares subject to an Award which for any reason expires or terminates unexercised or is not earned in full may again be made subject to an Award under the Plan. The aggregate number of Shares available for issuance under the Plan shall be reduced by two (2) Shares for each Share delivered in settlement of any SAR, Restricted Stock, Stock Unit or Performance Unit Award, and one (1) Share for each Share delivered in settlement of a Stock Option Award.

(b) *Tax Code Limits.* The aggregate number of Shares subject to stock options or stock appreciation rights granted under this Plan during any calendar year to any one Participant shall not exceed 1,000,000. The aggregate number of Shares subject to restricted stock or stock unit Awards granted under this Plan during any calendar year to any one Participant shall not exceed 1,000,000. Notwithstanding anything to the contrary in this Plan, the foregoing limitations shall be subject to adjustment under Section 12, but only to the extent that such adjustment will not affect the status of any Award intended to qualify as performance-based compensation under Section 162(m) of the Code. The aggregate number of Shares issued pursuant to incentive stock options granted under the Plan shall not exceed 4,000,000, which limitation shall be subject to adjustment under Section 12 only to the extent that such adjustment is consistent with adjustments permitted of a plan authorizing incentive stock options under Section 422 of the Code.

7. PLAN AWARDS

(a) *Award Types.* The Committee, on behalf of the Corporation, is authorized under this Plan to grant, award and enter into the following arrangements or benefits under the Plan provided that their terms and conditions are not inconsistent with the provisions of the Plan: stock options, stock appreciation rights, restricted stock and stock units. Such arrangements and benefits are sometimes referred to herein as Awards. The Committee, in its discretion, may determine that any Award granted hereunder shall be a Performance Award.

(i) *Stock Options.* A Stock Option is a right to purchase a number of Shares at such exercise price, at such times, and on such other terms and conditions as are specified in or determined pursuant to the document(s) evidencing the Award (the Option Agreement). The Committee may grant Stock Options intended to be eligible to qualify as incentive stock options (ISOs) pursuant to Section 422 of the Code and Stock Options that are not intended to qualify as ISOs (Non-qualified Stock Options), as it, in its sole discretion, shall determine.

(ii) *Stock Appreciation Rights.* A Stock Appreciation Right or SAR is a right to receive, in cash or stock (as determined by the Committee), value with respect to a specific number of Shares equal to or otherwise based on the excess of (i) the market value of a Share at the time of exercise over (ii) the exercise price of the right, subject to such terms and conditions as are expressed in the document(s) evidencing the Award (the SAR Agreement).

(iii) *Restricted Stock.* A Restricted Stock Award is an award of Shares, the grant, issuance, retention, vesting, termination and/or forfeiture of which is subject to such terms and conditions as are expressed in the document(s) evidencing the Award (the Restricted Stock Agreement).

(iv) *Stock Unit.* A Stock Unit Award is an award of a right to receive, in cash or stock (as determined by the Committee) the market value of one Share, the grant, issuance, retention, vesting, termination and/or forfeiture of which is subject to such conditions as are expressed in the document(s) evidencing the Award (the Stock Unit Agreement).

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

(v) *Performance Unit.* A Performance Unit consists of the right to receive Shares or cash upon achievement of certain goals related to performance as are expressed in the document(s) evidencing the Award (the Performance Unit Agreement).

(b) *Grants of Awards.* An Award may consist of one of the foregoing arrangements or benefits or two or more of them in tandem or in the alternative.

8. STOCK OPTIONS AND SARs

The Committee may grant Stock Options or SARs at any time and from time to time prior to the expiration of the Plan to eligible Participants selected by the Committee. No Participant shall have any rights as a shareholder with respect to any Shares subject to Stock Options or SARs hereunder until said Shares have been issued. Each Stock Option or SAR shall be evidenced only by such agreements, notices and/or terms or conditions documented in such form (including by electronic communications) as may be approved by the Committee. Each Stock Option grant will expressly identify the Stock Option as an ISO or as a Non-qualified Stock Option. Stock Options or SARs granted pursuant to the Plan need not be identical but each must contain or be subject to the following terms and conditions:

(a) *Price.* The purchase price (also referred to as the exercise price) under each Stock Option or SAR granted hereunder shall be established by the Committee. The purchase price per Share shall not be less than 100% of the Fair Market Value of a Share on the date of grant. The exercise price of a Stock Option shall be paid in cash or in such other form if and to the extent permitted by the Committee, including without limitation by delivery of already owned Shares, withholding (either actually or by attestation) of Shares otherwise issuable under such Stock Option, and/or by payment under a broker-assisted sale and remittance program acceptable to the Committee.

(b) *No Repricing.* Other than in connection with a change in the capitalization of Nautilus (as described in Section 12 of the Plan), the exercise price of an Option or SAR may not be reduced without shareholder approval.

(c) *Duration, Exercise and Termination of Stock Options and SARs.* Each Stock Option or SAR shall be exercisable at such time and in such installments during the period prior to the expiration of the Stock Option or SAR as determined by the Committee. The Committee shall have the right to make the timing of the ability to exercise any Stock Option or SAR subject to continued employment, the passage of time and/or such performance requirements as deemed appropriate by the Committee. At any time after the grant of a Stock Option, the Committee may reduce or eliminate any restrictions on the Participant's right to exercise all or part of the Stock Option.

(d) *Suspension or Termination of Stock Options and SARs.* If at any time (including after a notice of exercise has been delivered) the Committee, including any Subcommittee or administrator authorized pursuant to Section 3(b) (any such person, an Authorized Officer), reasonably believes that a Participant, other than an Outside Director, has committed an act of misconduct as described in this Section, the Authorized Officer may suspend the Participant's right to exercise any Stock Option or SAR pending a determination of whether an act of misconduct has been committed. If the Committee or an Authorized Officer determines a Participant, other than an Outside Director, has committed an act of embezzlement, fraud, dishonesty, nonpayment of any obligation owed to the Corporation, breach of fiduciary duty or deliberate disregard of Corporation rules resulting in loss, damage or injury to the Corporation, or if a Participant breaches an agreement between the Participant and the Corporation, makes an unauthorized disclosure of any Corporation trade secret or confidential information, engages in any conduct constituting unfair competition, or induces any customer to breach a contract with the Corporation, neither the Participant nor his or her estate shall be entitled to exercise any Stock Option or SAR whatsoever. Any determination by the Committee or an Authorized Officer with respect to the foregoing shall be final, conclusive, and binding on all interested parties. For any Participant who is an Executive Officer, the determination of the Committee or of the Authorized Officer shall be subject to the approval of the Board of Directors.

(e) *Conditions and Restrictions Upon Securities Subject to Stock Options or SARs.* Subject to the express provisions of the Plan, the Committee may provide that the Shares issued upon exercise of a Stock Option or SAR shall be subject to such further conditions or agreements as the Committee in its discretion may specify prior to the exercise of such Stock Option or SAR, including without limitation, conditions on vesting or transferability, forfeiture or repurchase provisions. The obligation to make payments with respect to SARs may be satisfied through cash payments or the delivery of Shares, or a combination thereof as the Committee shall determine.

Table of Contents

(f) *Other Terms and Conditions.* Stock Options and SARs may also contain such other provisions, which shall not be inconsistent with any of the foregoing terms, as the Committee shall deem appropriate.

(g) *ISOs.* Stock Options intending to qualify as ISOs may only be granted to employees of the Corporation within the meaning of the Code, as determined by the Committee. No ISO shall be granted to any person if immediately after the grant of such Award, such person would own stock, including stock subject to outstanding Awards held by him or her under the Plan or any other plan established by the Corporation, amounting to more than ten percent (10%) of the total combined voting power or value of all classes of stock of the Corporation. To the extent that the Option Agreement specifies that a Stock Option is intended to be treated as an ISO, the Stock Option is intended to qualify to the greatest extent possible as an incentive stock option within the meaning of Section 422 of the Code, and shall be so construed; provided, however, that any such designation shall not be interpreted as a representation, guarantee or other undertaking on the part of the Corporation that the Stock Option is or will be determined to qualify as an ISO. If and to the extent that any Shares are issued under a portion of any Stock Option that exceeds the \$100,000 limitation of Section 422 of the Code, such Shares shall not be treated as issued under an ISO notwithstanding any designation otherwise. Certain decisions, amendments, interpretations and actions by the Committee and certain actions by a Participant may cause a Stock Option to cease to qualify as an ISO pursuant to the Code and by accepting a Stock Option the Participant agrees in advance to such disqualifying action.

9. RESTRICTED STOCK AND STOCK UNITS

The Committee may grant Restricted Stock or Stock Units at any time and from time to time prior to the expiration of the Plan to eligible Participants selected by the Committee. A Participant shall have rights as a shareholder with respect to any Shares subject to a Restricted Stock Award hereunder only to the extent specified in this Plan or the Restricted Stock Agreement evidencing such Award. Awards of Restricted Stock or Stock Units shall be evidenced only by such agreements, notices and/or terms or conditions documented in such form (including by electronic communications) as may be approved by the Committee. Awards of Restricted Stock or Stock Units granted pursuant to the Plan need not be identical but each must contain or be subject to the following terms and conditions:

(a) *Terms and Conditions.* Each Restricted Stock Agreement and each Stock Unit Agreement shall contain provisions regarding (a) the number of Shares subject to such Award or a formula for determining such, (b) the purchase price of the Shares, if any, and the means of payment for the Shares, (c) the performance criteria, if any, and level of achievement versus these criteria that shall determine the number of Shares granted, issued, retainable and/or vested, (d) such terms and conditions on the grant, issuance, vesting and/or forfeiture of the Shares as may be determined from time to time by the Committee, (e) restrictions on the transferability of the Shares and (f) such further terms and conditions as may be determined from time to time by the Committee, in each case not inconsistent with this Plan.

(b) *Sale Price.* Subject to the requirements of applicable law, the Committee shall determine the price, if any, at which Shares of Restricted Stock or Stock Units shall be sold or awarded to a Participant, which may vary from time to time and among Participants.

(c) *Share Vesting.* The grant, issuance, retention and/or vesting of Shares under Restricted Stock or Stock Unit Awards shall be at such time and in such installments as determined by the Committee or under criteria established by the Committee. The Committee shall have the right to make the timing of the grant and/or the issuance, ability to retain and/or vesting of Shares under Restricted Stock or Stock Unit Awards subject to continued employment, passage of time and/or such performance criteria and level of achievement versus these criteria as deemed appropriate by the Committee, which criteria may be based on financial performance and/or personal performance evaluations. Notwithstanding anything to the contrary herein, the performance criteria for any Restricted Stock or Stock Unit that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure based on one or more Qualifying Performance Criteria selected by the Committee and specified at the time the Restricted Stock Award is granted.

Table of Contents

(d) *Termination of Employment.* The Restricted Stock or Stock Unit Agreement may provide for the forfeiture or cancellation of the Restricted Stock or Stock Unit Award, in whole or in part, in the event of the termination of employment or service of the Participant to whom it was granted.

(e) *Stock Units.* Except to the extent this Plan or the Committee specifies otherwise, Stock Units represent an unfunded and unsecured obligation of the Corporation and do not confer any of the rights of a shareholder until Shares are issued thereunder. Settlement of Stock Units upon expiration of the vesting period shall be made in Shares or otherwise as determined by the Committee. The number of Shares, or other settlement medium, to be so distributed may be increased by an interest factor or by dividend equivalents. Until a Stock Unit is so settled, the number of Shares represented by a Stock Unit shall be subject to adjustment pursuant to Section 12. Any Stock Units that are settled after the Participant's death shall be distributed to the Participant's designated beneficiary(ies) or, if none was designated, the Participant's estate.

10. PERFORMANCE UNITS

(a) *General.* The Committee shall have authority to grant Performance Units under the Plan at any time or from time to time. A Performance Unit consists of the right to receive Shares or cash upon achievement of certain goals relating to performance (Performance Goals) and may be awarded either alone or in addition to other Awards granted under the Plan. The Committee shall have complete discretion to determine the number of Performance Units granted to each Participant. Each Performance Unit Award shall be evidenced by, and be subject to the terms of, an Agreement which will become effective upon execution by the Participant. The time period during which a Performance Unit Award shall be earned shall be the Performance Period, and, except in the year in which the Plan is adopted, shall be at least one (1) Fiscal Year in length. Performance Units may be subject to Performance Goals which shall be established by the Committee. Notwithstanding anything to the contrary herein, the performance criteria for any Performance Unit that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure based on one or more Qualifying Performance Criteria selected by the Committee and specified at the time the Performance Unit Award is granted.

(b) *Earning Performance Unit Awards.* After the applicable Performance Period shall have ended, the Committee shall determine the extent to which the established Performance Goals have been achieved.

(c) *Termination of Employment.* The Performance Unit Agreement may provide for the forfeiture or cancellation of the Performance Unit Award, in whole or in part, in the event of the termination of employment or service of the Participant to whom it was granted.

11. OTHER PROVISIONS APPLICABLE TO AWARDS

(a) *Transferability.* Unless the agreement or other document evidencing an Award (or an amendment thereto authorized by the Committee) expressly states that the Award is transferable as provided hereunder, no Award granted under this Plan, nor any interest in such Award, may be sold, assigned, conveyed, gifted, pledged, hypothecated or otherwise transferred in any manner prior to the vesting or lapse of any and all restrictions applicable thereto, other than by will or the laws of descent and distribution. The Committee may grant an Award or amend an outstanding Award to provide that the Award is transferable or assignable (a) in the case of a transfer without the payment of any consideration, to any family member as such term is defined in Section 1(a)(5) of the General Instructions to Form S-8 under the Securities Act of 1933, as such may be amended from time to time, and (b) in any transfer described in clause (ii) of Section 1(a)(5) of the General Instructions to Form S-8 under the 1933 Act as amended from time to time, provided that following any such transfer or assignment the Award will remain subject to substantially the same terms applicable to the Award while held by the Participant to whom it was granted, as modified as the Committee shall determine appropriate, and as a condition to such transfer the transferee shall execute an agreement agreeing to be bound by such terms;

provided further, that an ISO may be transferred or assigned only to the extent consistent with Section 422 of the Code. Any purported assignment, transfer or encumbrance that does not qualify under this Section 11(a) shall be void and unenforceable against the Corporation.

(b) *Qualifying Performance Criteria.* For purposes of this Plan, the term *Qualifying Performance Criteria* shall mean any one or more of the following performance criteria, either individually, alternatively or in any combination, applied to either the Corporation as a whole or to a business unit or Subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee in the Award: (a) cash flow, (b) earnings per share, (c) earnings before interest, taxes and amortization, (d) return on equity, (e) total shareholder return, (f) share price performance, (g) return on capital, (h) return on assets or net assets, (i) revenue or revenue growth, (j) income or net income, (k) operating income or net operating income, (l) operating profit or net operating profit, (m) operating margin or profit margin, (n) return on operating revenue, (o) return on invested capital, (p) market segment share, (q) product release schedules, (r) new product innovation, (s) product cost reduction through advanced technology, (t) brand recognition/acceptance, (u) product ship targets, or (v) customer satisfaction. The Committee may appropriately adjust any evaluation of performance under a *Qualifying Performance Criteria* to exclude any of the following events that occurs during a performance period: (i) asset write-downs, (ii) litigation or claim judgments or settlements, (iii) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (iv) accruals for reorganization and restructuring programs, and (v) any extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Corporation's annual report to shareholders for the applicable year. Notwithstanding satisfaction or completion of any *Qualifying Performance Criteria*, to the extent specified at the time of grant of an Award, the number of Shares, Stock Options, SARs, Stock Units or other benefits granted, issued, retainable and/or vested under an Award on account of satisfaction of such *Qualifying Performance Criteria* may be reduced by the Committee on the basis of such further considerations as the Committee in its sole discretion shall determine.

(c) *Dividends.* Unless otherwise provided by the Committee, no adjustment shall be made in Shares issuable under Awards on account of cash dividends that may be paid or other rights that may be issued to the holders of Shares prior to their issuance under any Award. The Committee shall specify whether dividends or dividend equivalent amounts shall be paid to any Participant with respect to the Shares subject to any Award that have not vested or been issued or that are subject to any restrictions or conditions on the record date for dividends.

(d) *Documents Evidencing Awards.* The Committee shall, subject to applicable law, determine the date an Award is deemed to be granted. The Committee or, except to the extent prohibited under applicable law, its delegate(s) may establish the terms of agreements or other documents evidencing Awards under this Plan and may, but need not, require as a condition to any such agreement's or document's effectiveness that such agreement or document be executed by the Participant, including by electronic signature or other electronic indication of acceptance, and that such Participant agree to such further terms and conditions as specified in such agreement or document. The grant of an Award under this Plan shall not confer any rights upon the Participant holding such Award other than such terms, and subject to such conditions, as are specified in this Plan as being applicable to such type of Award (or to all Awards) or as are expressly set forth in the agreement or other document evidencing such Award.

(e) *Additional Restrictions on Awards.* Either at the time an Award is granted or by subsequent action, the Committee may, but need not, impose such restrictions, conditions or limitations as it determines appropriate as to the timing and manner of any resales by a Participant or other subsequent transfers by a Participant of any Shares issued under an Award, including without limitation (a) restrictions under an insider trading policy, (b) restrictions designed to delay and/or coordinate the timing and manner of sales by the Participant or Participants, and (c) restrictions as to the use of a specified brokerage firm for such resales or other transfers.

(f) *Subsidiary Awards.* In the case of a grant of an Award to any Participant employed by a Subsidiary, such grant may, if the Committee so directs, be implemented by Nautilus issuing any subject Shares to the Subsidiary, for such lawful consideration as the Committee may determine, upon the condition or understanding that the Subsidiary will transfer the Shares to the Participant in accordance with the terms of the Award specified by the

Committee pursuant to the provisions of the Plan. Notwithstanding any other provision hereof, such Award may be issued by and in the name of the Subsidiary and shall be deemed granted on such date as the Committee shall determine.

12. ADJUSTMENT OF AND CHANGES IN THE COMMON STOCK

(a) The existence of outstanding Awards shall not affect in any way the right or power of Nautilus or its shareholders to make or authorize any or all adjustments, recapitalizations, reorganizations, exchanges, or other changes in the capital structure or business of Nautilus, or any merger or consolidation of Nautilus or any issuance of Shares or other securities or subscription rights thereto, or any issuance of bonds, debentures, preferred or prior preference stock ahead of or affecting the Shares or other securities of Nautilus or the rights thereof, or the dissolution or liquidation of Nautilus, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise. Further, except as expressly provided herein or by the Committee, (i) the issuance by Nautilus of shares of stock or any class of securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of Nautilus convertible into such shares or other securities, (ii) the payment of a dividend in property other than Shares, or (iii) the occurrence of any similar transaction, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of Shares subject to Stock Options or other Awards theretofore granted or the purchase price per Share, unless the Committee shall determine, in its sole discretion, that an adjustment is necessary or appropriate.

(b) If the outstanding Shares or other securities of Nautilus, or both, for which the Award is then exercisable or as to which the Award is to be settled shall at any time be changed or exchanged by declaration of a stock dividend, stock split, combination of shares, extraordinary dividend of cash and/or assets, recapitalization, reorganization or any similar event affecting the Shares or other securities of Nautilus, the Committee may appropriately and equitably adjust the number and kind of Shares or other securities which are subject to this Plan or subject to any Awards theretofore granted, and the exercise or settlement prices of such Awards, so as to maintain the proportionate number of Shares or other securities without changing the aggregate exercise or settlement price.

(c) No right to purchase fractional Shares shall result from any adjustment in Stock Options or SARs pursuant to this Section 12. In case of any such adjustment, the Shares subject to the Stock Option or SAR shall be rounded down to the nearest whole share.

(d) Any agreements or other documents evidencing Awards may include such terms relating to the effect of any merger, reorganization or changes in control affecting Nautilus as the Committee determines in its discretion to be appropriate. Subject to any such terms, in the event Nautilus is a party to a merger or other reorganization, outstanding Awards shall be subject to the agreement of merger or reorganization. Such agreement may provide, without limitation, for the assumption of outstanding Awards by the surviving corporation or its parent, for their continuation by Nautilus (if Nautilus is a surviving corporation), for accelerated vesting and accelerated expiration, or for settlement in cash.

13. LISTING OR QUALIFICATION OF COMMON STOCK

In the event that the Board of Directors determines in its discretion that the listing or qualification of the Shares available for issuance under the Plan on any securities exchange or quotation or trading system or under any applicable law or governmental regulation is necessary as a condition to the issuance of such Shares, a Stock Option or SAR may not be exercised in whole or in part and a Restricted Stock or Stock Unit Award shall not vest unless such listing, qualification, consent or approval has been unconditionally obtained.

14. TERMINATION OR AMENDMENT OF THE PLAN

The Board of Directors may amend, alter or discontinue the Plan and the Board or the Committee may to the extent permitted by the Plan amend any agreement or other document evidencing an Award made under this Plan, provided, however, that Nautilus shall submit for shareholder approval any amendment (other than an amendment pursuant to the adjustment provisions of Section 12) required to be submitted for shareholder approval by the rules of any exchange or automated quotation system on which the Shares are listed for trading or that otherwise would:

- (a) increase the maximum number of Shares for which Awards may be granted under this Plan;
- (b) reduce the price at which Stock Options may be granted below the price provided for in Section 8(a);
- (c) reduce the exercise price of outstanding Stock Options;
- (d) extend the term of this Plan;
- (e) change the class of persons eligible to be Participants; or
- (f) increase the limits provided for in Section 6.

In addition, no such amendment or alteration shall be made which would impair the rights of any Participant, without such Participant's consent, under any Award theretofore granted, provided that no such consent shall be required with respect to any amendment or alteration if the Committee determines in its sole discretion that such amendment or alteration either (i) is required or advisable in order for the Corporation, the Plan or the Award to satisfy any law or regulation or to meet the requirements of any accounting standard, or (ii) is not reasonably likely to significantly diminish the benefits provided under such Award, or that any such diminishment has been adequately compensated.

15. PARTICIPANTS IN FOREIGN COUNTRIES

The Committee shall have the authority to adopt such modifications, procedures and sub-plans as may be necessary or advisable to comply with provisions of the laws of foreign countries in which the Corporation may operate.

16. WITHHOLDING

To the extent required by applicable federal, state, local or foreign law, the Committee may and/or a Participant shall make arrangements satisfactory to the Corporation for the satisfaction of any withholding tax obligations that arise with respect to any Award or any sale of Shares. The Corporation shall not be required to issue Shares or to recognize the disposition of such Shares until such obligations are satisfied. To the extent permitted or required by the Committee, these obligations may or shall be satisfied by having the Corporation withhold a portion of the Shares of stock that otherwise would be issued to a Participant under such Award or by tendering Shares previously acquired by the Participant.

17. GENERAL PROVISIONS

(a) *Employment At Will.* Neither the Plan nor the grant of any Award nor any action by Nautilus, any Subsidiary or the Committee shall be held or construed to confer upon any person any right to be continued in the employ Nautilus or a Subsidiary. Nautilus and each Subsidiary expressly reserve the right to discharge, without liability but subject to his or her rights under this Plan, any Participant whenever in the sole discretion of Nautilus or a Subsidiary, as the case may be, its interest may so require.

(b) *Governing Law.* This Plan and any agreements or other documents hereunder shall be interpreted and construed in accordance with the laws of the State of Washington and applicable federal law. The Committee

Table of Contents

may provide that any dispute as to any Award shall be presented and determined in such forum as the Committee may specify, including through binding arbitration. Any reference in this Plan or in the agreement or other document evidencing any Award to a provision of law or to a rule or regulation shall be deemed to include any successor law, rule or regulation of similar effect or applicability.

(c) *Unfunded Plan.* Insofar as it provides for Awards, the Plan shall be unfunded. Although bookkeeping accounts may be established with respect to Participants who are granted Awards under this Plan, any such accounts will be used merely as a bookkeeping convenience. The Corporation shall not be required to segregate any assets which may at any time be represented by Awards, nor shall this Plan be construed as providing for such segregation, nor shall the Corporation or the Committee be deemed to be a trustee of stock or cash to be awarded under the Plan.

18. NON-EXCLUSIVITY OF PLAN

Neither the adoption of this Plan by the Board of Directors nor the submission of this Plan to the shareholders of the Corporation for approval shall be construed as creating any limitations on the power of the Board of Directors or the Committee to adopt such other incentive arrangements as either may deem desirable, including without limitation, the granting of stock options, stock appreciation rights, restricted stock, stock units or performance units otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

19. COMPLIANCE WITH OTHER LAWS AND REGULATIONS

This Plan, the grant and exercise of Awards hereunder, and the obligation of the Corporation to sell, issue or deliver Shares under such Awards, shall be subject to all applicable federal, state and local laws, rules and regulations and to such approvals by any governmental or regulatory agency as may be required. The Corporation shall not be required to register in a Participant's name or deliver any Shares prior to the completion of any registration or qualification of such Shares under any federal, state or local law or any ruling or regulation of any government body which the Committee shall determine to be necessary or advisable. To the extent the Corporation is unable to or the Committee deems it infeasible to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Corporation's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, the Corporation shall be relieved of any liability with respect to the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained. No Stock Option shall be exercisable and no Shares shall be issued and/or transferable under any other Award unless a registration statement with respect to the Shares underlying such Stock Option or Award is effective and current or the Corporation has determined that such registration is unnecessary.

20. LIABILITY OF CORPORATION

The Corporation shall not be liable to a Participant or other persons as to: (a) the non-issuance or sale of Shares as to which the Corporation has been unable to obtain from any regulatory body having jurisdiction the authority deemed by the Corporation's counsel to be necessary to the lawful issuance and sale of any Shares hereunder; and (b) any tax consequence expected, but not realized, by any Participant or other person due to the receipt, exercise or settlement of any Stock Option or other Award granted hereunder.
