3. The transaction of such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

**GENERAL INFORMATION**

**Record Date and Shareholders Entitled to Vote**

## Edgar Filing: MANTECH INTERNATIONAL CORP - Form DEF 14A

*Record Date.* Our Board has fixed the close of business on April 15, 2005 as the record date for purposes of determining stockholders entitled to receive notice of and to vote at the Annual Meeting (the Record Date). Only stockholders of record as of the Record Date will be entitled to vote at the Annual Meeting.

*Our Common Stock.* We have two classes of outstanding stock: our Class A Common Stock and our Class B Common Stock. As of April 5, 2005, a total of 32,635,747 shares were outstanding: 17,570,454 shares of Class A Common Stock and 15,065,293 shares of Class B Common Stock. Holders of Class A Common Stock are entitled to one (1) vote for each share of Class A Common Stock they hold on the Record Date. Holders of Class B Common Stock are entitled to ten (10) votes for each share of Class B Common Stock they hold on the Record Date.

*Stockholder List.* We will make a complete list of stockholders eligible to vote at the Annual Meeting available for examination during the ten (10) days prior to the Annual Meeting. During such time, you may visit us at our principal executive offices during ordinary business hours to examine the stockholder list for any purpose germane to the Annual Meeting.

## Voting Requirements and Other Matters

*Quorum.* The holders of a majority in voting power of the common stock entitled to vote at the Annual Meeting must be present, either in person or by proxy, to constitute a quorum for the transaction of business at the Annual Meeting. In accordance with Delaware law, we will count abstentions and broker non-votes for the purpose of establishing a quorum.

*Broker Non-Votes.* A broker non-vote occurs when a stockholder that owns shares in street name through a nominee (usually a bank or a broker) fails to provide the nominee with voting instructions, and the nominee does not have discretionary authority to vote the shares with respect to the matter to be voted on, or when the nominee otherwise fails to vote the shares.

*How to Vote Your Shares.* Your shares cannot be voted at the Annual Meeting unless you are present either in person or by proxy. If you vote by mail and return a complete, signed and dated proxy card, your shares will be voted in accordance with your instructions. You may specify your choices by marking the appropriate box and following the other instructions on the proxy card. With respect to the election of directors, you may (i) vote **For** all of the nominees, or (ii) **Withhold Authority** with respect to some or all of nominees. On all other matters, you may (i) vote **For** a proposal, (ii) vote **Against** a proposal, or (iii) **Abstain** from voting on a proposal. If you vote by mail and you return a proxy card that is not signed, then your vote cannot be counted. If the returned proxy card is signed and dated, but you do not specify voting instructions, your shares will be voted **For** each proposal, in accordance with the Board's recommendations.

*Voting ESOP Shares.* Stockholders who are current or former employees participating in our Employee Stock Ownership Plan (ESOP) and have shares of our stock allocated to their account as of the Record Date have the right to direct Fidelity Management Trust Company, the plan trustee, how to vote those shares. Fidelity Management Trust Company will vote the shares allocable to each participant's account in accordance with the participant's instructions. If the participant does not send instructions in a proper manner, or if the instructions are not timely received, the trustee will vote the shares allocable to the participant's account **For** each proposal, in accordance with the Board's recommendations.

*Vote Required Election of Directors.* If a quorum is present, the eight (8) nominees for director who receive a plurality of the votes cast at the Annual Meeting, either in person or by proxy, will be elected. Because a plurality vote is required, broker non-votes will not affect the outcome of the vote on this matter they are treated as neither votes for nor votes against the election of directors.

*Vote Required Ratification of Auditors.* If a quorum is present, the ratification of the appointment of Deloitte & Touche LLP to serve as our independent auditors for the fiscal year ending December 31, 2005 requires at least a majority of the votes cast at the Annual Meeting, either in person or by proxy. Abstentions will have the same effect as a vote against this proposal, because abstentions on this proposal, although treated as present and entitled to vote for purposes of determining the total pool of votable shares, do not contribute to the affirmative votes that are needed to approve the proposal. Broker non-votes, however, are excluded from the pool of votable shares, and because they will be treated as unvoted for purposes of this proposal, will have the effect of neither a vote for nor a vote against the ratification of Deloitte & Touche LLP to serve as our independent auditors.

*Other Business at the Meeting.* We are not aware of (and have not received any notice with respect to) any business to be transacted at the Annual Meeting other than as described in this proxy statement. If any other matters properly come before the Annual Meeting, George J. Pedersen and Robert A. Coleman, the named proxies, will vote the shares represented by proxies on such matters in accordance with their discretion and best judgment.

## Edgar Filing: MANTECH INTERNATIONAL CORP - Form DEF 14A

*Ownership by Insiders.* As of April 5, 2005, our directors and executive officers beneficially owned an aggregate of 15,254,701 shares of Class A Common Stock and Class B Common Stock (such number includes shares of common stock that may be issued upon exercise of outstanding options and warrants that are currently

exercisable or that may be exercised prior to June 4, 2005), which constitutes approximately 46.7% of our outstanding common stock and 89.7% of the voting control of common stock entitled to vote at the Annual Meeting.

*Tabulation of Votes.* Ms. Maureen Crystal, our Executive Director of Investor Relations, has been appointed inspector of elections for the Annual Meeting. Ms. Crystal will separately tabulate the affirmative votes, negative votes, abstentions and broker non-votes with respect to each of the proposals.

*Announcement of Voting Results.* We will announce preliminary voting results at the Annual Meeting. We will disclose the final results in the first quarterly report on Form 10-Q that we file with the Securities and Exchange Commission (SEC) after the Annual Meeting.

*Revoking Your Proxy.* If you execute a proxy pursuant to this solicitation, you may revoke it at any time prior to its exercise by doing any one of the following:

delivering written notice to our Corporate Secretary at our principal executive offices;

executing and delivering a proxy bearing a later date to our Corporate Secretary at our principal executive offices; or

voting in person at the Annual Meeting.

To be effective, our Corporate Secretary must actually receive your notice or later-dated proxy before the Annual Meeting, or the Inspector of Elections must receive it at the Annual Meeting prior to the vote. Please note, however, that your attendance at the Annual Meeting without further action on your part will not automatically revoke your proxy.

*Solicitation.* The Board is making this solicitation of proxies on our behalf. In addition to the solicitation of proxies by use of the mail, our officers and employees may solicit the return of proxies by personal interview, telephone, email or facsimile. We will not pay additional compensation to our officers and employees for their solicitation efforts, but we will reimburse them for any out-of-pocket expenses they incur in their solicitation efforts.

We will request that brokerage houses and other custodians, nominees and fiduciaries forward our solicitation materials to beneficial owners of our common stock that is registered in their names. We will bear all costs associated with preparing, assembling, printing and mailing this proxy statement and the accompanying materials, the cost of forwarding our solicitation materials to the beneficial owners of our common stock, and all other costs of solicitation.

**PROPOSAL 1 ELECTION OF DIRECTORS**

**General Information**

The Board has nominated each of the eight (8) persons named below to serve as a director until the 2006 Annual Meeting of Stockholders (or until his successor has been duly elected and qualified, or until his earlier death, resignation or removal). At this time, we do not anticipate that any nominee will be unable to be a candidate for election or will otherwise decline to serve.

**Vacancies**

Under our Amended and Restated Bylaws, the Board has the authority to fill any vacancies that arise, including vacancies created by an increase in the number of directors or vacancies created by the resignation of a director. Any nominee so elected and appointed by the Board would hold office for the remainder of the term of office of all directors, which term expires annually at our annual meeting of stockholders.

## **Corporate Governance**

### *Independence of Directors*

The Board is comprised of a majority of directors who are independent from management. Each of our Audit Committee, Compensation Committee and Nominations Committee consists entirely of independent directors.

The Board has conducted an evaluation of director independence, based on the marketplace rules and listing standards of The Nasdaq Stock Market, Inc. (Nasdaq) and the applicable rules and regulations of the Securities and Exchange Commission (SEC). In connection with this review, the Board evaluated any banking, commercial, charitable, familial and other relationships of each director, including those relationships that are described under the caption *Certain Relationships and Related Transactions* in this proxy statement, in order to determine that our independent directors do not have relationships that could impair their independence. As a result of this evaluation, the Board has affirmatively determined that each of Messrs. Campbell, Jeremiah, Fatzinger, Kerr, Porter and Stern is independent within the meaning of the Nasdaq listing standards and SEC rules and regulation. The Board determined that Mr. Pedersen, our Chairman and Chief Executive Officer, and Mr. Spoehel, our Executive Vice President and Chief Financial Officer, are not independent.

Additionally, in connection with its evaluation, the Board has determined that each member of our Audit Committee and our Compensation Committee is independent, as director independence is specifically defined with respect to Audit Committee members and Compensation Committee members under the Nasdaq listing standards and applicable SEC rules and regulations, as further explained below.

### *Communication with Directors*

#### ***Director Attendance at Annual Meeting of Stockholders***

We invite all of our directors to attend our annual meeting of stockholders, and we strongly encourage all of them to do so. In furtherance of this policy, we have scheduled one of our regularly scheduled Board meetings on the same day as the Annual Meeting. In 2004, all but one (1) of our directors attended our annual meeting of stockholders.

#### ***Code of Ethics***

In November 2004, we revised our *Standards of Ethics and Business Conduct*, which sets forth the policies comprising our code of conduct. Our policies satisfy the SEC's requirements for a code of ethics applicable to our principal executive officer, principal financial officer, principal accounting officer, controller and persons performing similar functions, as well as Nasdaq's requirements for a code of conduct applicable to all directors, officers and employees. Among other principles, our *Standards of Ethics and Business Conduct* includes guidelines relating to the ethical handling of actual or potential conflicts of interest, compliance with laws, accurate financial reporting, and procedures for promoting compliance with (and reporting violations of) such standards. A copy of our *Standards of Ethics and Business Conduct* is available on the Corporate Governance page on our website: [www.mantech.com](http://www.mantech.com). We are required to disclose any amendment to, or waiver from, a provision of our code of ethics applicable to our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions. #### ***Committees of the Board of Directors***

The Board currently has a standing Audit Committee, Compensation Committee, Nominations Committee, Retirement Plan Committee, and Executive Committee. The Board may establish other committees from time to time.

#### ***Audit Committee***

We have a separately designated standing Audit Committee that was established in accordance with applicable provisions of the Securities Exchange Act of 1934, as amended (Exchange Act). All of our Audit Committee members have a working familiarity with basic finance and accounting practices. During 2004, the Audit Committee held 14 meetings. The Audit Committee is currently comprised of four (4) directors:

## Edgar Filing: MANTECH INTERNATIONAL CORP - Form DEF 14A

Messrs. Campbell, Fatzinger, Kerr and Stern. Mr. Campbell serves as Chairman of the Audit Committee.

The Board annually reviews the qualifications of our Audit Committee members in light of the Nasdaq listing standards' definition of independence for audit committee members and applicable SEC rules and regulations. For 2005, the Board has determined that each member of the Audit Committee is independent, within the meaning of the Nasdaq listing standards and applicable SEC rules and regulations.

The Board has also determined that the Company has at least one (1) audit committee financial expert serving on the Audit Committee. The Board has identified Mr. Campbell as a member of the Audit Committee

who (i) qualifies as an audit committee financial expert under applicable SEC rules and regulations governing the composition of the Audit Committee, and (ii) satisfies the financial sophistication requirement of the Nasdaq listing standards. Mr. Campbell is independent from management, as such term is used in Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act.

The primary function of the Audit Committee is to oversee the integrity of our financial statements, our accounting and financial reporting processes, and audits of our financial statements. The Audit Committee further assists the Board in discharging its oversight responsibilities relating to: (i) our compliance with legal and regulatory requirements; (ii) our auditor's qualifications and independence; (iii) the performance of our independent auditor; (iv) the performance of our internal audit function; and (v) our system of disclosure controls and procedures, internal control over financial reporting, and compliance with our ethical standards.

Among its authority and responsibilities, the Audit Committee:

has the sole authority to appoint, replace, compensate, and oversee our independent auditor;

pre-approves the fees and other terms of all engagements for audit and non-audit services provided by the independent auditor;

reviews (and, as applicable, recommends to the Board approval of) financial, MD&A and other disclosure in our periodic filings and quarterly earnings releases;

reviews our internal control systems, audit functions, financial reporting processes and methods of monitoring compliance with regulatory matters;

provides a direct and open avenue of communication among the independent auditor, management, internal auditing department and the Board;

reviews significant accounting and reporting issues;

makes reports and recommendations to the Board and our stockholders, as necessary under SEC rules, or as otherwise within the scope of its functions; and

oversees and, where appropriate, reports to the Board on the Audit Committee's review of, and response to, any government audit, inquiry or investigation, as the Audit Committee determines to be appropriate.

A more detailed discussion of the Audit Committee's composition, purpose, objectives, authority and responsibilities can be found in our Fourth Amended and Restated Audit Committee Charter, adopted by the Board on April 15, 2005 (the Audit Committee Charter). A copy of the Audit Committee Charter is attached to this proxy statement as **Appendix A**. We have also made the Audit Committee Charter available on the Corporate Governance page on our website: [www.mantech.com](http://www.mantech.com).

#### *Compensation Committee*

## Edgar Filing: MANTECH INTERNATIONAL CORP - Form DEF 14A

We have a standing Compensation Committee, which is currently comprised of three (3) directors: Messrs. Fatzinger, Campbell and Jeremiah. Mr. Fatzinger serves as chairman of the Compensation Committee. All members of the Compensation Committee are independent directors, within the meaning of applicable Nasdaq listing standards and SEC rules and regulations. All committee members also qualify as non-employee directors under Section 16 of the Exchange Act, and as outside directors under Section 162(m) of the Internal Revenue Code. During 2004, the Compensation Committee held five (5) meetings.

The primary function of the Compensation Committee is to review, determine and approve, on behalf of the Board, (i) all forms of compensation and remuneration provided to the Company's executive officers and directors, and (ii) stock and equity compensation provided to all employees.

Among others, the Compensation Committee's responsibilities include:

determining the compensation to be paid to the CEO and our other executive officers;

where appropriate, reviewing and approving goals related to executive compensation packages, establishing procedures for evaluating executive performance, annually evaluating executive performance, and annually reviewing and setting executive base salaries and other forms of executive compensation;

evaluating the total compensation paid to our executive officers;

making recommendations to the Board with respect to director compensation; and

making grants under, interpreting, overseeing and otherwise administering the Company's Management Incentive Plan.

A more detailed discussion of the Compensation Committee's composition, purpose, authority and responsibilities can be found in our Amended and Restated Compensation Committee Charter, adopted by the Board on February 22, 2005 (the Compensation Committee Charter). A copy of the Compensation Committee Charter is attached to this Proxy Statement as **Appendix B**. We have also made the Compensation Committee Charter available on the Corporate Governance page on our website: [www.mantech.com](http://www.mantech.com).

The Compensation Committee has also adopted, and will annually review and assess the adequacy of, a compensation philosophy, which articulates the core principles of the compensation programs for our executives. This compensation philosophy is further described in the Report of the Compensation Committee, included in this proxy statement.

### *Nominations Committee*

We have a standing Nominations Committee, which is currently comprised of three (3) directors: Messrs. Porter, Campbell and Kerr. Mr. Porter serves as chairman of the Nominations Committee. All members of the Nominations Committee are independent directors, within the meaning of applicable Nasdaq listing standards and SEC rules and regulations. During 2004, the Nominations Committee held five (5) meetings.

The primary function of the Nominations Committee is to identify individuals qualified to become members of the Board and recommend persons for the Board to select as nominees for election to the Board.

Among others, the Nominations Committee's responsibilities include:

identifying new director candidates, consistent with criteria approved by the Board;

reviewing and evaluating any director nominations submitted by our stockholders; and

evaluating incumbent directors for re-election to the Board.

## Edgar Filing: MANTECH INTERNATIONAL CORP - Form DEF 14A

A more detailed discussion of the Nominations Committee's composition, purpose, authority and responsibilities can be found in our Nominations Committee Charter, approved by the Board on June 23, 2004 (the Nominations Committee Charter). A copy of the Nominations Committee Charter is attached to this proxy statement as **Appendix C**. We have also made the Nominations Committee Charter available on the Corporate Governance page on our website: [www.mantech.com](http://www.mantech.com).

The Nominations Committee has adopted a policy regarding the consideration of director candidates recommended by our stockholders (the Nominations Policy). The Nominations Policy describes the circumstances pursuant to which the Nominations Committee will consider Board candidates recommended by our stockholders. The Nominations Policy also describes the procedures to be followed by such stockholders in submitting their recommendations. We have made the Nominations Policy available on the Board Committees page on our website: [www.mantech.com](http://www.mantech.com).

Generally, the Nominations Committee will consider candidates recommended by stockholders who beneficially own at least 1% of our outstanding stock at the time of recommendation (a Qualifying Stockholder). Qualifying Stockholders wishing to recommend candidates to the Nominations Committee may do so by

submitting a completed *Stockholder Recommendation of Candidate for Director Form* (Recommendation Form), which is available for download via hyperlink on the Nominations Policy on our website.

The Nominations Committee generally employs the same evaluation process for all potential director nominees; however, with respect to candidates recommended by Qualifying Stockholders, the Nominations Committee will seek and consider information concerning the relationship between the candidate and the Qualifying Stockholder to ensure that the candidate can effectively represent the interests of all stockholders. The Nominations Committee evaluates all potential director nominees against an established set of qualifications, requirements and other desired criteria that have been approved by the Board. A standard vetting process, which includes interviews of the candidate and/or the candidate's references, a conflicts check, an evaluation of potential board committee service, and an analysis of the candidate skills in the context of the current composition of the Board, is followed irrespective of the source of the candidate.

In evaluating new director candidates, the Nominations Committee may consider the integrity, character, judgment and skill of the candidate, as well as the interplay of the candidate's experience and skills with those of the other Board members. Specifically, the Nominations Committee may consider some or all of the following factors: the candidate's familiarity with financial and accounting practices; demonstrated understanding of the fiduciary responsibilities of a director of a public company; industry knowledge; understanding of budgetary and other federal government processes; prior senior management experience; and ability and willingness to devote adequate time to Board and/or committee activities.

Qualifying Stockholders wishing to recommend a nominee for election as director at the next annual meeting of stockholders must submit their completed Recommendation Form at least 120 days in advance of the one-year anniversary of the date of this proxy statement. The Nominations Committee will only evaluate a candidate if he or she has indicated a willingness to serve as a director and cooperates with the evaluation process.

The Nominations Committee generally identifies and attracts candidates through its own efforts, and it believes that this method has been effective. However, if in the future the Board believes it is in the best interest of ManTech to use the services of consultants or a search firm to assist with the identification and selection process, it will do so.

#### ***Retirement Plan Committee***

We currently have a standing Retirement Plan Committee, which was formed for the purpose of overseeing the administration of our 401(k) plan. Currently, the Retirement Plan Committee is comprised of two (2) directors: Messrs. Fatzinger and Campbell. Mr. Fatzinger serves as chairman of the Retirement Plan Committee. In 2004, the Retirement Plan Committee held 15 meetings.

#### ***Executive Committee***

In September 2004, the Board established an Executive Committee for the purpose of assisting the Board in fulfilling its oversight responsibilities. The Executive Committee is authorized to exercise the powers of the Board in managing the affairs of the Company during intervals between Board meetings, when Board action is necessary or desirable but convening a special Board meeting is not warranted or practical. Currently, the Executive Committee is comprised of three (3) directors: Messrs. Pedersen, Campbell and Fatzinger. In 2004, no meetings of the Executive Committee were held.

**Compensation of Directors**

*Cash Compensation*

We do not separately compensate any director who is also our employee, either for his service as a director or his service as a member of any committee of the Board of Directors. Members of the Board and its committees are reimbursed for expenses incurred in connection with those attending meetings.

The following table presents the compensation we currently pay to our non-employee directors for their service on our Board and our various Board committees:

	Annual Retainer	Additional	Meeting Fee
	(Director/Member)	Annual Retainer (Chairperson)	
Board of Directors	\$ 25,000	N/A(1)	\$1,500 for each meeting in excess of 6 per year
Audit Committee	\$ 10,000	\$ 20,000	\$1,500 for each meeting in excess of 4 per year
Compensation Committee	\$ 5,000	\$ 5,000	\$1,500 for each meeting in excess of 4 per year
Nominations Committee	\$ 5,000	\$ 5,000	\$1,500 for each meeting in excess of 4 per year
Retirement Plan Committee	\$ 5,000	\$ 5,000	\$1,500 for each meeting in excess of 4 per year
Executive Committee	\$ 10,000	N/A(1)	\$1,500 for each meeting in excess of 4 per year

(1) Not applicable because the chairperson is George Pedersen, an employee director. The Company's policy is to not compensate its employee directors for their Board service.

#### *Grants of Non-Qualified Stock Options*

We grant non-qualified stock options to our non-employee directors to purchase shares of our common stock on an annual basis. We also issue one-time grants of non-qualified stock options to our non-employee directors in connection with their appointment to the Board. In both cases, we set the exercise price for the options at the fair market value of our common stock at the time of grant. The options vest ratably over 3 years.

In 2004, we issued the following grants of stock options to our non-employee Board members:

Director	Grant Date	Shares (#)	Exercise Price
B. Campbell	10/25/2004	5,000	\$ 19.82
W. Fatzinger	10/25/2004	5,000	\$ 19.82
R. Kerr	10/25/2004	5,000	\$ 19.82
S. Porter	10/25/2004	5,000	\$ 19.82
D. Jeremiah	11/22/2004	5,000	\$ 24.86
P. Stern	11/22/2004	5,000	\$ 24.86

#### *Other Compensation*

No member of the Board was paid any compensation for his service as a director other than the standard compensation arrangements for directors described above. However, please refer to the disclosure under the caption *Certain Relationships and Related Transactions* elsewhere

in this proxy statement for a description of certain relationships between us and affiliates of certain of our non-employee directors.

**REPORT OF THE AUDIT COMMITTEE  
OF THE BOARD OF DIRECTORS**

The Audit Committee currently consists of four members, each of whom is an independent director as determined by our Board of Directors, based on the current listing standards of the Nasdaq Stock Market, Inc. and the rules and regulations of the SEC. In addition, the Board of Directors determined that Mr. Barry Campbell, who served as the chairperson of the Audit Committee during 2004, meets the qualifications of an audit committee financial expert, as defined by SEC rules.

A brief description of the responsibilities of the Audit Committee is set forth above, under the caption *Committees of the Board of Directors Audit Committee*. The Audit Committee acts pursuant to a charter adopted by the Board of Directors. The Audit Committee reviews and reassesses the adequacy of the charter on a regular basis, and at least annually. If appropriate, the Audit Committee recommends changes to the Board for its approval. The Audit Committee charter was revised, and the Fourth Amended and Restated Charter of the Audit Committee was adopted by the Board, in April 2005, and a copy of the charter is included as **Appendix A** to this proxy statement.

As a committee, we reviewed and discussed the Company's audited consolidated financial statements for the year ended December 31, 2004 with both management and Deloitte & Touche LLP, the Company's independent auditors. Management has primary responsibility for the financial statements. Deloitte & Touche LLP is responsible for expressing an opinion on the conformity of the financial statements with generally accepted accounting principles.

The Audit Committee discussed with Deloitte & Touche LLP those matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect.

Deloitte & Touche LLP provided us with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect. The Audit Committee discussed with Deloitte & Touche LLP the auditor's independence from the Company and its management, and the details of the disclosure that Deloitte & Touche LLP had provided to us pursuant to Independence Standards Board Standard No. 1.

Finally, we considered the nature and scope of the audit and non-audit services provided by Deloitte & Touche LLP to the Company, and concluded that Deloitte & Touche LLP's provision of these services to the Company is compatible with Deloitte & Touche LLP's independence from the Company and its management.

Based upon the reviews and discussions referred to above, we recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the SEC.

THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Barry G. Campbell, *Chairman*

Walter R. Fatzinger, Jr.

Richard J. Kerr

Paul G. Stern

**REPORT OF THE COMPENSATION COMMITTEE  
OF THE BOARD OF DIRECTORS**

The Compensation Committee of the Board of Directors currently consists of 3 members, Walter R. Fatzinger, Jr., Barry G. Campbell and David E. Jeremiah, each of whom is independent. The Compensation Committee is responsible for (i) overseeing the determination, implementation and administration of the remuneration (including compensation, benefits, bonuses and perquisites) of all directors and executive officers of the Company, (ii) reviewing and approving all equity compensation to be paid to other Company employees, and (iii) administering the Company's stock-based compensation plans.

For compensation decisions that were made in 2004, which established executive base salaries for 2004, the terms of the ManTech International 2004 Incentive Compensation Plan (the 2004 Incentive Plan) for executive officers, and stock grants to executive officers, the members of the Compensation Committee included Messrs. Fatzinger and Campbell, but did not include Mr. Jeremiah. Mr. Jeremiah became a member of the Compensation Committee on February 1, 2005. Compensation decisions relating to 2004 that occurred after that date included the determination of the amounts payable to executive officers under the terms of the 2004 Incentive Plan. Messrs. Fatzinger and Campbell were members of the Compensation Committee during the entire period covered by this report.

**Executive Compensation Philosophy**

ManTech operates in a very competitive, dynamic and specialized industry. We believe that in order to compete in this industry, the Company must attract and retain highly-qualified and able executives who often possess special talents, credentials and experience. Our unique business environment also requires us to obtain the services of employees with the highest security clearances issued in the United States, and the competition for the services of these persons is intense.

Our compensation philosophy seeks to support our key objective of creating value for, and promoting the interests of, our stockholders. In order to align the interests of our executives with those of our stockholders, we believe that our executive compensation programs must provide our executive officers with competitive compensation opportunities, based upon both their contribution to the development and financial success of the Company and their personal performance. Specifically, we believe that our executive compensation programs should

Reflect the competitive marketplace, so the Company is able to attract, retain and motivate talented executives;

Be tied in part to financial performance, so that our executives are held accountable through their compensation for the performance of the Company and/or the business units for which they are responsible;

Be tied in part to the executive's individual performance to encourage and reflect individual contributions to the Company's performance; and

Be tied in part to the Company's long-term objectives, through grants of stock options or other stock-based compensation.

The compensation package for each executive officer is principally comprised of three elements: (i) base salary, (ii) incentive bonus and (iii) long-term stock-based incentive awards. Base salary is set individually for each executive officer and is not targeted at a particular percentile of a group of competitors. Incentive bonuses are intended to be a significant portion of total cash compensation for executive officers and are

usually based on annual performance. Long-term incentive awards are stock-based, based on our belief that stock ownership by our executive officers strengthens the mutuality of interests between our executive officers and our stockholders.

We believe that the compensation of our executive officers should be consistent with and reinforce the Company's key business and financial objectives and corporate values over time. Employee compensation may vary based on the business unit for which some executive officers are responsible. Among other factors, base salary determinations may reflect experience, base salary in prior year, personal performance, the salary levels in effect for comparable positions within and without the industry, and internal base salary comparability considerations. The performance targets for incentive bonuses may include factors based on total Company performance, business unit performance, and individual performance. Long-term stock-based incentive awards are intended to provide a meaningful opportunity for stock ownership by the executive officers. In making long-term incentive awards to executive officers, the Committee takes into account various individual and Company-specific factors, which may include the level of existing stock ownership by the Company's executives.

## Factors

The principal factors the Compensation Committee considered with respect to each executive officer's compensation package for fiscal year 2004 are summarized below. The Compensation Committee may, however, in its discretion apply entirely different factors with respect to executive compensation for future years.

**Base Salary.** The 2004 base salary for each executive officer was determined on the basis of some or all of the following factors: base salary in prior year, personal performance, the salary levels in effect for comparable positions within and without the industry and internal base salary comparability considerations. The consideration given to each of these factors differed from individual to individual, as the Compensation Committee deemed appropriate. For the named executive officers, excluding the CEO who is discussed below, the primary factors were the prior year's salary and personal performance.

**Incentive Bonus.** Under the Management Incentive Plan, the 2004 Incentive Compensation Plan was established to provide a bonus opportunity to executive officers, payable in cash, based on satisfaction of certain pre-established performance criteria. An executive officer's performance is measured by business unit and by the Company as a whole. All executive officers were measured on two objective criteria for the Company: revenue and earnings before interest and taxes (EBIT). Executive officers who are not in charge of a business unit were also measured on some or all of these additional criteria: earnings per share (EPS), Sarbanes-Oxley compliance support, days sales outstanding (DSO) and governmental relations activities. Executives having operational responsibility for a business unit were also measured at the business unit level on other selected factors important to the business unit. The other factors included business unit revenue, EBIT, DSO, employee retention, Sarbanes-Oxley compliance support, and awards of contract recompetitions. The weighting of the factors varied among the executive officers based on areas of responsibility and business unit. For example, weighting of revenue as a factor at the Company or business unit level varied between 30% and 50% for executive officers.

After the end of 2004, the Committee evaluated the Company's and the various business units' performance against the established criteria. The Committee determined that all of the executive officers had earned a bonus for the 2004 year. However, Messrs. Pedersen, Coleman and Spoehel requested that the Committee not approve any bonus payments to them for 2004 performance in light of the performance of the Company's MSM subsidiary during 2004 and the resulting impact of that performance on the Company's stockholders during 2004. The Committee agreed to this request and determined that, although earned, no bonuses would be paid to Messrs. Pedersen, Coleman or Spoehel for 2004 performance.

**Long-Term Incentive Compensation.** Long-term incentives are provided through grants of stock options. The grants are designed to align the interests of each executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company. Each option generally becomes exercisable in annual installments over a three-year period, contingent upon the executive officer's continued employment with the Company. Accordingly, the option grant will provide a return to the executive officer only if the executive officer remains employed by the Company during the vesting period, and then only if the market price of the underlying shares appreciates. The number of shares subject to each option grant is set at a level intended to create a meaningful

opportunity for stock ownership based on the executive officer's current position with the Company, the base salary associated with that position, the size of comparable awards made to individuals in similar positions within the industry, the individual's potential for increased responsibility and promotion over the option term and the individual's personal performance in recent periods. The Compensation Committee also considers the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. However, the Compensation Committee does not adhere to any specific guidelines as to the relative option holdings of the Company's executive officers.

In 2004, the Committee approved a grant of 300,000 stock options to Mr. Coleman in connection with his promotion to President and Chief Operating Officer in September 2004 and in recognition of his significant new responsibilities. The Committee also approved an earlier, separate grant of 100,000 stock options to Mr. Coleman in June 2004 in connection with senior executive retention efforts for ManTech's Information Systems and Technology subsidiary, for which Mr. Coleman served as President at the time.

During 2004, the Committee approved the grant of stock options to the Company's other named executive officers to purchase an aggregate of 175,000 shares of Common Stock, based on the policies described above.

### **CEO Compensation**

In 2004, the Company paid Mr. George J. Pedersen, our Chairman of the Board and Chief Executive Officer, an annual salary of \$1,200,000, which is a \$100,000 (8%) increase over the annual base salary paid to him in 2003. Mr. Pedersen also served as President until the promotion of Mr. Coleman. The terms of Mr. Pedersen's Retention Agreement provide for an annual base salary of at least \$1,000,000, to be reviewed annually by us and established for the upcoming year based substantially on the same factors and general compensation policy applicable to the Company's other executive officers, as described above. Therefore, we concluded that the salary increase for Mr. Pedersen was appropriate.

For 2004, Mr. Pedersen participated in the 2004 Incentive Compensation Plan. The performance criteria for Mr. Pedersen were Company revenue, Company EBIT, EPS, Company DSO and Sarbanes-Oxley compliance support. Mr. Pedersen and the Company fully met the goals for revenue, DSO and Sarbanes-Oxley compliance support, partially met the goal for EBIT and did not meet the EPS threshold. Under the 2004 Incentive Compensation Plan, Mr. Pedersen would have been entitled to a bonus of approximately \$144,000. As described above, Messrs. Pedersen, Coleman and Spoehel requested that no bonuses be paid to them for 2004. The Committee agreed to Mr. Pedersen's request and did not authorize any bonus to Mr. Pedersen for 2004.

Because of the level of Mr. Pedersen's stock ownership as founder of the Company, the Committee determined that Mr. Pedersen would not be granted any stock options to purchase shares of the Company's common stock during 2004.

Under the terms of his Retention Agreement, Mr. Pedersen is entitled to receive contributions to qualified and non-qualified retirement plans, insurance programs and perquisites on the same terms they have been provided in previous years, including items such as the lease of an executive type of vehicle for business and personal use, the portion of an employee's time spent on non-corporate matters on behalf of Mr. Pedersen (including attending to chauffeur/valet services and other assistance as required from time to time), club memberships and reimbursement of the costs of certain cell phone and home telephone/fax services. During 2004, Mr. Pedersen did not participate in the Company's qualified retirement plans. He received a contribution of \$50,000 to a non-qualified supplemental retirement plan.

The Committee has evaluated the total compensation paid to Mr. Pedersen for 2004 and his voluntary decision to not accept a bonus for 2004. We believe the total compensation paid to Mr. Pedersen for 2004 was fair and reasonable based on his performance as Chairman of the Board

and Chief Executive Officer and is reasonable in light of the overall performance of the Company.

**Internal Revenue Code Section 162(m)**

The Compensation Committee also considered the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)). Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer or the other four (4) most highly compensated officers, except for compensation that is performance-based under a plan that is approved by the stockholders and that meets other technical requirements. The stock options granted under the Company's Management Incentive Plan are qualified as performance-based compensation. In 2004, the Company paid cash compensation that exceeded the \$1 million limit and the foregone tax deduction was immaterial. We intend to pay our executives in the manner that we think is in the best interests of the Company, while taking into account the implications of Section 162(m) as appropriate.

**Stock Options Granted in 2004**

The following table provides information concerning grants of options to purchase our common stock that we made to our named executive officers during the fiscal year ended December 31, 2004. We did not grant any stock appreciation rights in 2004.

- (1) The options vest over three (3) years, with  $\frac{1}{3}$  of the total grant vesting on each of the first three (3) anniversary dates of the grant. The options expire 10 years after the grant date, subject to earlier termination in the event of termination of service.
- (2) The per share exercise price is the fair market value of our common stock on the date of grant.
- (3) Potential Realizable Value assumes that the common stock appreciates at the indicated annual rate (compounded annually) from the grant date until the expiration of the option term and is calculated based on the rules promulgated by the SEC. The assumed 5% and 10% rates of stock appreciation are rates required by the SEC for illustrative purposes and are not intended to represent the Company's prediction of future stock price performance. The Potential Realizable Value at 5% and 10% appreciation is calculated by assuming that the estimated fair market value on the date of grant appreciates at the indicated rate for the entire term of the option and that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price.

The Audit Committee of the Board of Directors is responsible for selecting and appointing our independent auditors. The Audit Committee has appointed the firm of Deloitte & Touche LLP to serve as our independent auditors for the fiscal year ending December 31, 2005, subject to the ratification of such appointment by the stockholders at the Annual Meeting. Although stockholder approval is not required by our bylaws or otherwise, the Board is submitting the appointment of Deloitte & Touche LLP for ratification to obtain the views of our stockholders.

In making the appointment of Deloitte & Touche LLP as our independent auditors for the fiscal year ending December 31, 2005, the Audit Committee considered whether Deloitte & Touche LLP's provision of non-audit services to the Company is compatible with maintaining Deloitte & Touche LLP's independence.

Services so approved by the Audit Committee chairman are communicated to the full Audit Committee, for informational purposes only, at its next regular meeting. For each proposed service, the independent auditor is required to provide back-up documentation detailing the service. The Audit Committee regularly reviews summary reports provided to us by our independent auditor. During 2004, all services performed by the independent auditor were approved by the Audit Committee pursuant to the Audit Committee's pre-approval policy.
