Item 8.01 Other Events.

On August 30, 2005, the following officers of Parametric Technology Corporation (PTC) entered into stock trading plans under Rule 10b5-1 of the Securities Exchange Act of 1934: C. Richard Harrison, Chief Executive Officer; Cornelius F. Moses, III, Chief Financial Officer; Barry F. Cohen, Executive Vice President, Strategic Services and Partners; Paul J. Cunningham, Executive Vice President, Worldwide Sales; Anthony DiBona, Executive Vice President, Global Maintenance Support; James E. Heppelmann, Executive Vice President and Chief Product Officer; and Aaron C. von Staats, Senior Vice President and General Counsel.

The plans were established subsequent to the adoption of PTC's shareholder-approved program to issue restricted stock in lieu of stock options and enable these officers to sell stock to satisfy their tax obligations that will be incurred upon the vesting of shares of restricted stock granted to them under this shareholder approved plan. Transactions under the plans will be disclosed publicly through Form 4 filings with the Securities and Exchange Commission.

These plans are in addition to any stock trading plans under Rule 10b5-1 that previously may have been established by PTC officers for diversification purposes. Officers and directors of PTC may enter into additional stock trading plans under Rule 10b5-1 in the future.

Rule 10b5-1 enables executive officers and directors (" insiders ") to adopt written plans for trading securities in a non-discretionary, pre-scheduled manner in order to avoid concerns about initiating stock transactions when the insider may be aware of material non-public information.
