PROXY STATEMENT

The board of directors of FreightCar America, Inc. is asking for your proxy for use at the annual meeting of our stockholders to be held at 10:00 a.m. (local time) on Wednesday, May 10, 2006 at the Union League Club of Chicago, 65 West Jackson Boulevard, Chicago, Illinois 60604, and at any postponements or adjournments of the meeting. We are initially mailing this proxy statement and the enclosed proxy card to our stockholders on or about April 10, 2006.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the accompanying notice of annual meeting, including (i) the amendment of our certificate of incorporation as described below under Proposal 1, (ii) the election of three directors who have been nominated for election as Class I directors to three-year terms, (iii) the election of two directors who have been nominated for election as Class III directors to three-year terms (or two-year terms if our certificate of incorporation is amended as described below under Proposal 1), (iv) the ratification of the appointment of our independent registered public accounting firm and (v) any other business properly coming before the meeting.

What are our voting recommendations?

Our board of directors recommends that you vote your shares *FOR* the amendment of our certificate of incorporation as discussed below under Proposal 1 Approval of the Amendment to our Certificate of Incorporation, *FOR* the election of each of the nominees named below under Proposal 2 Election of Class I Directors, *FOR* the election of each of the nominees named below under Proposal 3 Election of Class III Directors and *FOR* the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm discussed below under Proposal 4 Ratification of the Appointment of Independent Registered Public Accounting Firm.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, March 31, 2006, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on the record date at the meeting and any postponements or adjournments of the meeting. Each outstanding share of common stock entitles its holder to cast one vote, without cumulation, on each matter to be voted on.

What constitutes a quorum?

If a majority of the shares outstanding on the record date are present at the annual meeting, either in person or by proxy, we will have a quorum at the meeting permitting the conduct of business at the meeting. As of the record date, we had 12,570,275 shares of common stock outstanding and entitled to vote. Any shares represented by proxies that are marked to abstain from voting on a proposal will be counted as present for purposes of determining whether we have a quorum. If a broker, bank, custodian, nominee or other record holder of our common stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a

Table of Contents

particular matter, the shares held by that record holder (referred to as "broker non-votes") will also be counted as present in determining whether we have a quorum.

How do I vote?

You may vote in person at the annual meeting or you may vote by proxy. You may vote by proxy by completing, signing, dating and mailing the enclosed proxy card. If you vote by proxy, the individuals named on the proxy card as proxy holders will vote your shares in the manner you indicate. If you sign and return the proxy card without indicating your instructions, your shares will be voted *FOR*:

the amendment our certificate of incorporation to clarify the provisions regarding the election of directors and to provide that a person elected at an annual meeting of stockholders to succeed a director appointed by the board of directors to fill a vacancy on the board of directors shall be elected to a term to expire at the next annual meeting of stockholders at which the terms of the other directors of that director's class are or would be scheduled to expire;

the election of the three nominees named below under "Proposal 2 Election of Class I Directors" to three-year terms;

the election of the two nominees named below under "Proposal 3 Election of Class III Directors" to three-year terms (or two-year terms if Proposal 1 to amend our certificate of incorporation is approved by our stockholders); and

the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2006 discussed below under "Proposal 4 Ratification of the Appointment of Independent Registered Public Accounting Firm."

Can I revoke my proxy or change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may revoke your proxy or change your vote at any time before the proxy is voted at the annual meeting by delivering to our Secretary a written notice of revocation or a properly signed proxy bearing a later date, or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request or you vote in person at the meeting.

What vote is required to approve each matter that comes before the meeting?

Director nominees must receive the affirmative vote of a plurality of the votes cast at the meeting in person or by proxy by stockholders entitled to vote thereon, meaning that the three nominees for Class I director and the two nominees for Class III director with the most votes will be elected. The approval of the amendment to our certificate of incorporation requires the affirmative vote of the holders of a majority of the outstanding shares of common stock. The ratification of appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the votes represented at the meeting in person or by proxy. Broker non-votes will not be counted for purposes of determining whether an item has received the requisite number of votes for approval. Abstentions will have the effect of a vote against the ratification of the appointment of our independent registered public accounting firm but will not be taken into account in determining the outcome of the election of directors or the approval of the amendment to our certificate of incorporation.

What happens if additional proposals are presented at the meeting?

If you vote by proxy, your proxy grants the persons named as proxy holders the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

Who will bear the costs of soliciting votes for the meeting?

Certain directors, officers and employees, who will not receive any additional compensation for such activities, may solicit proxies by personal interview, mail, telephone or electronic communication. We will also

Table of Contents

reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. We will bear all costs of solicitation, including a base fee of \$7,500 to be paid to the proxy solicitation firm of Georgeson Shareholder Communications Inc.

PROPOSALS TO BE VOTED ON

Proposal 1 Approval of the Amendment to our Certificate of Incorporation

Article 5 of our certificate of incorporation provides that directors appointed by the board of directors to fill vacancies on the board of directors shall hold office until the date of the next annual meeting of stockholders. Our certificate of incorporation also presently provides that a person elected at an annual meeting of stockholders to succeed a director who was previously appointed by the board of directors to fill a vacancy on the board of directors (a replacement director) shall be elected to a term to expire at the third annual meeting of stockholders after his or her election. We are requesting stockholder approval for an amendment of our certificate of incorporation to clarify the provisions regarding the election of directors and to provide that a director elected at an annual meeting of stockholders to succeed a replacement director shall be elected to a term that expires at the next annual meeting of stockholders at which the terms of the other directors of that director's class are or would be scheduled to expire.

The board of directors believes that it is in the best interests of our stockholders and our company to effect this amendment, because the amendment is consistent with the intent already reflected in our certificate of incorporation to maintain a classified board of directors pursuant to which: (a) the directors of each of the three classes generally are subject to election every three years; and (b) approximately one-third of all of our directors are subject to election at each annual meeting of stockholders. As our certificate of incorporation is currently written, it provides that a director who is elected to succeed a replacement director of a certain class is elected to a full three-year term expiring on the date of the third annual meeting of stockholders after his or her election, regardless of whether the terms of the other directors of that class are scheduled to expire on that date. The proposed amendment would change the certificate of incorporation to provide that the terms of directors who are elected to succeed replacement directors will expire either in three years or at such earlier time as may be necessary to preserve the original staggered terms of the classes.

The proposed amendment to Article 5 of our certificate of incorporation would cause Sections 5.2, 5.3 and 5.4 to read substantially as follows (the proposed new language is italicized):

5.2 Number, Term of Office and Election.

(a) The number of the members of the Board of Directors shall be fixed from time to time solely pursuant to a resolution adopted by the Board of Directors, but must consist of not fewer than five or more than fifteen directors. No reduction of the authorized number of directors shall have the effect of removing any director before that director's term expires. No director shall be required to be a resident of the State of Delaware or a stockholder of the Corporation.

(b) The Board of Directors shall be divided into three (3) classes with respect to the period during which the directors shall hold office: Class I, Class II and Class III. The *initial directors of each class shall hold office as follows: (i) the initial Class I directors shall hold office until the annual meeting of stockholders in 2006; (ii) the initial Class II directors shall hold office until the annual meeting of stockholders in 2007; and (iii) the initial Class III directors shall hold office until the annual meeting of stockholders in 2008; and, in the case of each of clauses (i), (ii) and (iii) above, until their respective successors are duly elected and qualified, subject to their earlier resignation, death or removal. At each annual meeting of stockholders, each person elected to succeed a director whose term has expired shall be identified as being of the same class as the director he or she succeeds and, except as provided in the following sentence, shall be elected to hold office until the third annual meeting of stockholders after his or her election and until his or her successor shall be duly elected and qualified, subject to his*

Table of Contents

or her earlier resignation, death or removal. Notwithstanding the foregoing, each person elected at the annual meeting of stockholders to succeed a director previously elected by the Board of Directors pursuant to Section 5.4 shall be identified as being of the same class as the director he or she succeeds and shall be elected to hold office until the earlier of (i) the third annual meeting of stockholders after his or her election or (ii)(A) if the vacancy filled pursuant to Section 5.4 resulted from a director's resignation, death or removal, the next annual meeting of stockholders at which the term of the director whose resignation, death or removal resulted in the vacancy had been scheduled to expire or (B) if the vacancy filled pursuant to Section 5.4 resulted from an increase in the number of directors, the next annual meeting of stockholders at which the terms of the other directors of that class are or would be scheduled to expire, in each case until his or her successor shall have been duly elected and qualified, subject to his or her earlier resignation, death or removal. Any new positions created as a result of an increase in the number of directors shall be allocated to make the classes of directors as nearly equal as possible.

(c) *Except as otherwise provided in Section 5.4, directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the annual meeting of the stockholders. Elections of directors need not be by written ballot except and to the extent provided in the By-Laws of the Corporation.*

5.3 Removal and Resignation. A director may be removed only for cause and at a meeting of stockholders called expressly for that purpose, upon the affirmative vote of holders of a majority of the voting power of all the then outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class. Except as otherwise provided by the DGCL or this Certificate of Incorporation, stockholders may not remove any director without cause. Cause for removal shall be deemed to exist only if the director whose removal is proposed has engaged in criminal conduct or has engaged in fraudulent or dishonest conduct or gross abuse of authority or discretion with respect to the Corporation. Any director may resign at any time upon written notice to the Corporation.

5.4 Vacancies. Vacancies in the Board of Directors, including vacancies resulting from the resignation, death or removal of a director and vacancies resulting from an increase in the number of directors, shall be filled by a majority of the remaining members of the Board of Directors though less than a quorum. Each person elected by the Board of Directors to succeed a director who has died, resigned or been removed shall be identified as being of the same class as the director he or she succeeds and shall hold office until the next annual meeting of stockholders, and until his or her successor shall have been duly elected and qualified, subject to his or her earlier resignation, death or removal. Each person elected by the Board of Directors to fill a vacancy resulting from an increase in the number of directors shall be identified as a director of the class to which the vacancy has been allocated pursuant to Section 5.2(b) and shall be elected to hold office until the next annual meeting of stockholders, and until his or her successor shall be duly elected and qualified, subject to his or her earlier resignation, death or removal.

Our board of directors recommends that you vote FOR the foregoing amendment to our Certificate of Incorporation.

Proposal 2 Election of Class I Directors

Our board of directors is currently comprised of seven directors. Our certificate of incorporation provides for a classified board of directors consisting of three classes of the same or nearly the same number of directors. The following are nominees for Class I director this year: Robert N. Tidball, S. Carl Soderstrom, Jr. and James D. Cirar, whose terms will expire at our annual meeting of stockholders to be held in 2006.

A nominee elected as a Class I director will be elected to a term to expire at the annual meeting of stockholders in 2009.

Information about the director nominees, the continuing directors and our board of directors is contained in the section of this proxy statement entitled Board of Directors Board Structure and Composition.

Table of Contents

In the event a nominee is not available to serve for any reason when the election occurs, it is intended that the proxies will be voted for the election of the other nominees and may be voted for any substitute nominee. Our board of directors has no reason to believe that any of the nominees will not be a candidate or, if elected, will be unable or unwilling to serve as a director.

Our board of directors recommends that you vote FOR the election of Robert N. Tidball, S. Carl Soderstrom, Jr. and James D. Cirar as Class I directors.

Proposal 3 Election of Class III Directors

The following are nominees for Class III director this year: Thomas M. Fitzpatrick and Thomas A. Madden.

Messrs. Fitzpatrick and Madden became directors on December 6, 2005 to fill the vacancies created by the departure of Class III directors Jay R. Bloom and Mark D. Dalton. The terms of Class III directors generally would expire at our annual meeting of stockholders to be held in 2008. However, our certificate of incorporation provides that each person elected by the board of directors to fill a vacancy on the board of directors shall be a director until his or her successor is elected by the stockholders at the next annual meeting of the stockholders or at any special meeting duly called for that purpose and held prior thereto. Accordingly, the terms for Messrs. Fitzpatrick and Madden will expire at our annual meeting of stockholders to be held in 2006.

If Proposal 1 is approved by the stockholders, the term for a nominee elected as a Class III director will expire at our annual meeting of stockholders to be held in 2008, in accordance with the amendment of our certificate of incorporation. If Proposal 1 is not approved by the stockholders, the term for a nominee elected as a Class III director will expire at our annual meeting of stockholders to be held in 2009.

Information about the director nominees, the continuing directors and our board of directors is contained in the section of this proxy statement entitled Board of Directors Board Structure and Composition.

In the event a nominee is not available to serve for any reason when the election occurs, it is intended that the proxies will be voted for the election of the other nominees and may be voted for any substitute nominee. Our board of directors has no reason to believe that any of the nominees will not be a candidate or, if elected, will be unable or unwilling to serve as a director.

Our board of directors recommends that you vote FOR the election of Thomas M. Fitzpatrick and Thomas A. Madden as Class III directors.

Proposal 4 Ratification of the Appointment of Independent Registered Public Accounting Firm

Deloitte & Touche LLP audited our financial statements for our fiscal year ended December 31, 2005, and has been selected by the audit committee of our board of directors to audit our financial statements for fiscal year ending December 31, 2006. A representative of Deloitte & Touche LLP is expected to attend our annual meeting, where he or she will have the opportunity to make a statement, if he or she desires, and will be available to respond to appropriate questions.

Stockholder ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm is not required by our by-laws or otherwise. However, we are submitting the appointment of Deloitte & Touche LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the appointment, our audit committee will review its future selection of independent registered public accounting firms. Even if the appointment is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and our stockholders.

For information regarding audit and other fees billed by Deloitte & Touche LLP for services rendered with respect to fiscal years 2005 and 2004, see the section of this proxy statement entitled Fees of Independent Registered Public Accounting Firm and Audit Committee Report Fees Billed by Independent Registered Public Accounting Firm.

Our board of directors recommends that you vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

BOARD OF DIRECTORS

Board Structure and Composition

Our board of directors is currently comprised of seven directors. Our certificate of incorporation provides for a classified board of directors consisting of three classes of the same or nearly the same number of directors.

Robert N. Tidball, S. Carl Soderstrom, Jr. and James D. Cirar serve in Class I. Their terms will expire on the date of the upcoming annual meeting of stockholders on May 10, 2006.

John E. Carroll, Jr. and Camillo M. Santomero, III, serve in Class II. Their terms will expire on the date of the annual meeting of stockholders to be held in 2007.

Thomas M. Fitzpatrick and Thomas A. Madden serve in Class III. Our certificate of incorporation provides that the terms of the initial Class III directors generally would expire on the date of the annual meeting of stockholders to be held in 2008. However, because Messrs. Fitzpatrick and Madden were appointed by the board of directors to fill vacancies on the board of directors, their terms will expire on the date of the upcoming annual meeting of stockholders on May 10, 2006.

Upon the expiration of the term of each class of directors, directors of that class generally may be re-elected for a three-year term at the annual meeting of stockholders in the year in which their term expires. However, if Proposal 1 is approved by the stockholders, the term for a nominee elected at an annual meeting of stockholders to succeed a replacement director shall be elected to a term to expire at the next annual meeting of stockholders at which the terms of the other directors of that director's class are or would be scheduled to expire. Therefore, if Proposal 1 is approved by the stockholders, the term for a nominee elected as a Class III director at the annual meeting of stockholders in 2006 will expire at our annual meeting of stockholders to be held in 2008. If Proposal 1 is not approved by the stockholders, the term for a nominee elected as a Class III director at the annual meeting of stockholders in 2006 will expire at our annual meeting of stockholders to be held in 2009.

Our certificate of incorporation provides that the authorized number of directors may be changed only by resolution of the board of directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the total number of directors. Our certificate of incorporation also provides that our board of directors may fill any vacancy created by the resignation of a director or the increase in the size of the board of directors.

Nominees for election at this meeting for terms expiring in 2009:

Mr. Cirar has also served in various executive positions with General Motors Corporation for 30 years.

Criteria for Nominating Directors

The nominating and corporate governance committee of our board of directors considers candidates to fill new directorships created by expansion and vacancies that may occur and makes recommendations to the board of directors with respect to such candidates. The nominating and corporate governance committee considers all relevant qualifications of candidates for board membership, including factors such as industry knowledge and experience, international, public company, academic or regulatory experience, financial expertise, diversity, current employment and other board memberships, and whether the candidate will be independent under the listing standards of the Nasdaq National Market, Inc. In the case of incumbent directors whose terms of office are set to expire, the nominating and corporate governance committee will also review such director's overall service to us during their term and any relationships and transactions that might impair such director's independence.

In 2005, the nominating and corporate governance committee did not pay a fee to any third party to assist in the process of identifying or evaluating potential director candidates. However, we may pay a fee to a third party to identify or evaluate potential director nominees in the future if the need arises.

We have not received director candidate recommendations from any of our stockholders. Any recommendations received by stockholders will be evaluated by the nominating and corporate governance committee in the same manner that potential director nominees suggested by board

members, management or other parties are evaluated.

As of December 31, 2005, after giving effect to the grants described above as well as the award of 37,500 shares of restricted stock to certain employees of the Company pursuant to the 2005 Long Term Incentive Plan on December 6, 2005, 282,308 shares of common stock remained available for issuance under our 2005 Long Term Incentive Plan.

Management incentive plan

When we acquired our freight car business from Transportation Technologies Industries, Inc. in 1999, we assumed the Johnstown America Corporation Management Incentive Plan, which provides additional compensation to participants based on our achievement of certain financial objectives. Our Management Incentive Plan is intended to assist us in attracting and retaining highly qualified personnel, encourage and stimulate superior performance by such personnel on our behalf and recognize the level of an individual's position to influence company results. Bonus awards are based, in part, on our return on average net assets, and the financial targets determined by the Chief Executive Officer and the board of directors. The Management Incentive Plan is open to all salaried personnel selected by the Chief Executive Officer. Participants in the Management Incentive Plan must be actively employed by us on the payment date to receive a bonus award. Participants are entitled to receive a partial bonus award in certain circumstances.

As of December 31, 2005, Messrs. Carroll, Bagby, Karan and Whalen had 7, 1, 11 and 14 years of service, respectively. Mr. Bagby is required to complete a total of 5 years of service to be eligible for benefits under the plan.

Report of the Compensation Committee on Executive Compensation

into any other of our filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this report or the performance graph by reference therein.

Our compensation committee is composed of three directors: Messrs. Tidball, Madden and Fitzpatrick. Each of the foregoing directors is (1) independent under the applicable requirements of the Nasdaq National Market, Inc., (2) a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 and (3) an outside director within the meaning of Section 162(m) of the Internal Revenue Code. The compensation committee is responsible for approving our executive compensation philosophy and reviewing with our board of directors our executive compensation structure. Set forth below in full is the Report of the Compensation Committee regarding compensation earned by our executive officers for 2005.

Compensation Philosophy

Our executive compensation philosophy is to provide compensation and incentives that are based on performance and that link the interests of our executive officers with our stockholders. Our executive compensation is intended to provide value to our executive officers based on our performance versus return on average net asset targets and other financial measures, our long-term financial performance and our total return to stockholders. Our philosophy is further intended to enhance our ability to motivate, attract and retain the services of executive officers that make significant contributions to our success and to allow those executive officers to share in such success. The philosophy is designed to optimize performance within our cyclical industry and provide executive officers with competitive compensation that maintains a balance between cash and stock compensation and provides compensation tied to both annual and long-term performance, as well as the creation of stockholder value.

Components of Executive Compensation

Salary. The annual salary for each executive officer was reviewed and, in certain cases, increased at levels consistent with increases in the annual salaries generally awarded to other comparably performing peer executives. Year-to-year adjustments to each executive officer's base salary were determined by an assessment of his sustained performance against his individual job responsibilities, including the impact of such performance on our business and financial results.

Cash Bonuses. Cash bonuses were paid to our executive officers under our Management Incentive Plan, which provides additional compensation to participants based on our achievement of certain financial objectives. The bonuses were based, in part, on our return on average net assets, and the financial targets determined by the Chief Executive Officer and the board of directors. The Management Incentive Plan is open to all salaried personnel selected by the Chief Executive Officer and the Compensation Committee. Participants in the Management Incentive Plan must be actively employed by us on the payment date to receive a bonus award. Participants are entitled to receive a partial bonus award in certain circumstances.

Long-Term Compensation. We awarded long-term compensation in 2005 to our executive officers under our 2005 Long Term Incentive Plan in the form of stock option awards. These stock options have produced value to our executive officers since the price of our stock has appreciated, thereby linking the interests of executive officers with those of our stockholders. Stock options granted to our executive officers vest in equal yearly installments over a three-year period and may be exercised only during the period commencing on the date of grant and until the close of business on tenth anniversary of the date of grant unless sooner terminated following a Qualifying Termination (as defined in the executive officers' respective option agreements).

CEO Compensation

The compensation committee reviewed the corporate goals and objectives relevant to Mr. Carroll's compensation and approved the compensation, including the bonus and stock option awards, for Mr. Carroll. In

Table of Contents

determining Mr. Carroll's compensation for 2005, the committee considered our performance based on certain financial measures, the value of similar awards to chief executive officers of comparable companies, the awards given to Mr. Carroll in past years and such other appropriate factors. The committee also considered Mr. Carroll's contributions to us, particularly in connection with our initial public offering, and his role in implementing strategic and financial initiatives designed to augment our business development and growth efforts.

We believe that Mr. Carroll's experience, dedication and industry knowledge have been important to our ongoing growth and, in particular, were important to our ability to accomplish our initial public offering in April 2005. For the fiscal year ended December 31, 2005, Mr. Carroll received an annual salary of \$550,000, and a performance bonus of \$1,358,993. In April 2005, our board of directors also granted to Mr. Carroll options to purchase 164,904 shares of our common stock at an exercise price equal to the initial public offering price of \$19.00 under the 2005 Long Term Incentive Plan. In addition, Mr. Carroll received other compensation in the form of our contributions to his retirement account under the Savings Plan for Salaried Employees, our payment of premiums under his life insurance policy perquisites and other personal benefits, including our reimbursement of his temporary living and commuting expenses and country club dues. We believe Mr. Carroll's total compensation, including salary, bonus and long-term incentives, is at a level competitive with chief executive officer salaries within the railcar manufacturing industry. As our President and Chief Executive Officer, Mr. Carroll is focused on building long-term success, and as a significant stockholder, his personal wealth is tied directly to the creation of stockholder value. In our view, Mr. Carroll's total compensation for 2005 properly reflected our performance and his performance.

Section 162(m) Compliance

Section 162(m) of the Internal Revenue Code limits the deductibility for federal income tax purposes of certain compensation paid in any year by a publicly held corporation to its chief executive officer and its four other highest compensated officers to \$1 million per executive (the "\$1 million cap"). The \$1 million cap does not apply to performance-based compensation as defined under Section 162(m) or to compensation paid pursuant to certain plans that existed prior to a corporation becoming publicly held. It is intended that awards made under our 2005 Long Term Incentive Plan are not currently subject to the \$1 million cap due to the private-to-public transition rules under Section 162(m). Once the transition rule is not available, it is intended that awards made under our 2005 Long Term Incentive Plan will qualify as performance-based compensation for purposes of Section 162(m). We believe we can continue to preserve related federal income tax deductions, although individual exceptions may occur.

Respectfully submitted by the Compensation Committee,

Robert N. Tidball, Chairman

Thomas A. Madden

Thomas M. Fitzpatrick

Senior Notes

In June 1999, Caravelle Investment Fund, L.L.C. (Caravelle), Hancock Mezzanine Partners L.P. (Hancock) and John Hancock Life Insurance Company, formerly known as John Hancock Mutual Life Insurance Company (JHLICO), purchased \$25.0 million in aggregate principal amount of our senior notes, together with shares of capital stock of our former parent company that, following the exchange of such capital stock in the merger,

Table of Contents

consisted of 5,000 shares of our Series A voting preferred stock and 2,750,000 shares of our common stock, in exchange for \$25.0 million in cash. In November 2003, Caravelle transferred all of its interest in the senior notes to affiliates of GoldenTree Asset Management, L.P. We used the proceeds from our initial public offering to repay the senior notes in full.

Rights to Additional Acquisition Consideration

Pursuant to the terms of the share purchase agreement relating to the acquisition of our business in 1999 from Transportation Investment Partners, L.L.C. (TTII), we were required to pay additional sale consideration to TTII upon the occurrence of certain events, including, among others, an initial public offering of our common stock. In February 2001, TTII transferred all of its interest in the rights to Caravelle (an affiliate of our former director Jay R. Bloom and a holder of 20.9% of our voting common stock immediately prior to our initial public offering), Camillo M. Santomero, III (the chairman of our board of directors and a holder of 16.6% of our voting common stock immediately prior to our initial public offering) and Transportation Investment Partners, L.L.C. (the interests of which were subsequently held by Trimaran Investments II, L.L.C., an affiliate of our former directors Jay R. Bloom and Mark D. Dalton). In November 2003, Caravelle transferred all of its interest in the rights to affiliates of GoldenTree Asset Management, L.P. Our initial public offering triggered our obligation to pay the additional acquisition consideration, and we used the proceeds from our initial public offering and available cash to pay the additional acquisition consideration in full.

Shareholders Agreement

Prior to our initial public offering, we were party to a shareholders agreement, dated June 3, 1999, as amended on February 15, 2001, with Hancock, JHLICO, Caravelle, TTII (the interests of which were subsequently held by stockholders whose shares of our common stock were managed by Trimaran Investments II, L.L.C.), Mr. Santomero and other stockholders of our company that contained, among other things, provisions relating to director designation rights, restrictions on the transfer of shares of capital stock held by the shareholders and registration rights with respect to the shares of our capital stock that the shareholders owned. Upon the completion of our initial public offering, all of our outstanding shares of preferred stock were redeemed and we terminated the shareholders agreement.

Nomination Agreements

We were previously party to nomination agreements, dated as of April 11, 2005, with each of Caravelle, Mr. Santomero and Trimaran that required us to use our reasonable efforts to have an individual selected by each of them included as one of the nominees to be considered at a meeting of our stockholders called for the election of directors when the terms of the Class II directors (with respect to Mr. Santomero) and Class III directors (with respect to Caravelle and Trimaran) expire. Mr. Santomero is currently a Class II director. Following the completion of our secondary offering, each of the nomination agreements automatically terminated in accordance with its terms.

Management Services Agreements, Deferred Financing Fee Agreement, Management agreement and Consulting Agreement

Management services agreements with Hancock and JHLICO

In June 1999, we entered into a management services agreement with each of Hancock and JHLICO, which agreement provided that each of Hancock and JHLICO will provide us with advisory and management services as requested by our board of directors and agreed to by each of Hancock and JHLICO. Each management services agreement provided for an annual management fee of \$25,000 and reimbursement of all reasonable out-of-pocket expenses. Each management services agreement was amended to provide for automatic termination of the agreement upon our payment of \$50,000 to each of Hancock and JHLICO upon the completion of our initial public offering. We used the proceeds from our initial public offering and available cash to make these payments, and this agreement has been terminated.

Table of Contents

Deferred financing agreement with Caravelle

In June 1999, we entered into a deferred financing fee agreement with Caravelle, pursuant to which we agreed to pay Caravelle a fee of \$50,000 per year. The deferred financing fee agreement was amended to provide for automatic termination of this agreement upon our payment of \$100,000 to Caravelle upon completion of our initial public offering. We used the proceeds from our initial public offering and available cash to make this payment, and this agreement has been terminated.

Management agreement with Camillo M. Santomero, III

In June 1999, we and all of our direct and indirect subsidiaries entered into a management agreement with Mr. Santomero, which required him to provide general oversight and supervision of our business and that of our subsidiaries and, upon request, evaluate the long-range corporate and strategic plans, general financial operation and performance of our subsidiaries and strategies for their capitalization. In consideration of these management services, we and two of our subsidiaries, JAC Intermedco, Inc. and JAC Operations, Inc., agreed to pay Mr. Santomero an aggregate base fee of \$350,000 per year, payable monthly. The management agreement was amended to provide for automatic termination of the agreement upon our payment of \$700,000 to Mr. Santomero at the completion of our initial public offering. We used the proceeds from our initial public offering and available cash to make this payment, and this agreement has been terminated.

Management services agreement with subsidiaries

In connection with our management agreement with Mr. Santomero, in June 1999 we entered into a management services agreement with certain of our subsidiaries, which required us to provide general oversight and supervision of each of the subsidiaries and their respective businesses and provide such additional services as established, from time to time, by mutual agreement between us and the subsidiaries. We also agreed to evaluate upon request the long-range corporate and strategic plans, general financial operation and performance of the subsidiaries and strategies for their capitalization. In consideration for these management services, the subsidiaries party to the management services agreement agreed to pay us an aggregate management fee of \$350,000 per year, payable in four equal consecutive quarterly installments, except that, to the extent any of the subsidiaries has paid to Mr. Santomero or his designee all or any portion of the annual base fee under his management agreement with us, the subsidiaries would receive a credit in an amount equal to the amount paid to Mr. Santomero. This agreement was amended to provide for automatic termination of the agreement upon the termination of our management agreement with Mr. Santomero at the completion of our initial public offering, and this agreement has been terminated.

Registration Rights Agreement

We entered into a registration rights agreement, dated as of April 11, 2005, with substantially all of our stockholders as of immediately prior to the completion of our initial public offering. The stockholders that are party to the registration rights agreement had the right to require us, subject to certain terms and conditions, to register their shares of our common stock under the Securities Act of 1933, as amended, at any time. The selling stockholders in our secondary offering exercised their demand registration rights to require us, subject to certain terms and conditions, to register their shares of our common stock under the Securities Act of 1933, as amended. We and certain of our stockholders remain party to the registration rights agreement.

Consulting agreement with James D. Cirar

In June 1999, we and certain of our subsidiaries entered into a consulting agreement with James D. Cirar, one of our directors, which provides that Mr. Cirar will provide us with consulting services on all matters relating to our business and that of our subsidiaries and will serve as a member of our board of directors. The agreement provides for a consulting fee of \$50,000 per year. We amended the consulting agreement to provide for termination of the agreement following our payment to Mr. Cirar of \$50,000 per year in the three years following the completion of our initial public offering. The amendment to the consulting agreement also provides that,

upon any sale of the company to a third party following the completion of our initial public offering, the agreement will terminate and we will be obligated to pay Mr. Cirar \$150,000, net of any amounts paid to him as consulting fees between the completion of the initial public offering and the termination date.

The pre-approval of services by a member of the audit committee pursuant to this delegated authority, if any, must be reported at the next meeting of the audit committee.

From time to time, the audit committee may pre-approve specified types of services that are expected to be provided by our independent registered public accounting firm. Unless the audit committee determines otherwise, the term for any service pre-approved by the audit committee is twelve months from the date of pre-approval. Any pre-approval must set forth in detail the particular service or type of services to be provided and is generally subject to a specific cost limit. Any services that exceed these cost limits require specific approval by the audit committee. The audit committee may periodically review and, as necessary, revise the list of pre-approved services based on subsequent determinations.

The following table presents fees for audit services rendered by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, the Deloitte entities) for the audit of our annual financial statements for the fiscal years ended December 31, 2005 and 2004, and fees billed for other services rendered by Deloitte entities during those periods.

Tax Fees (3)	7,718	53,400

Table of Contents

During fiscal years 2004 and 2005, the audit committee pre-approved 100% of all audit-related, tax and other services provided to us by Deloitte & Touche LLP in accordance with the pre-approval policy described above pursuant to applicable laws and regulations.

Report of the Audit Committee

The following report of the audit committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other of our filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this report by reference therein.

The Audit Committee is currently comprised of Messrs. Soderstrom, Tidball and Madden. Our board of directors has determined that each member of the audit committee meets the independence requirements under the listing standards of the Nasdaq National Market, the Securities Exchange Act of 1934, as amended, and the rules and regulations of the Securities and Exchange Commission. The committee operates under a written charter that was adopted by our board of directors. A copy of the Audit Committee Charter as presently in effect is attached to this proxy statement as *Appendix A*.

The committee oversees our accounting and financial reporting process on behalf of our board of directors. Management has the primary responsibility for the preparation of our financial statements and the disclosure and financial reporting process, including establishing a system of internal controls. In fulfilling its oversight responsibilities, the committee reviewed and discussed with management and Deloitte & Touche LLP, our independent registered public accounting firm, the audited financial statements as of and for the year ended December 31, 2005. Deloitte & Touche LLP is responsible for expressing an opinion on the conformity of these audited financial statements with generally accepted accounting principles.

The committee has discussed and reviewed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), which includes, among other things, matters related to the conduct of the audit of our financial statements. The committee has also received from Deloitte & Touche LLP the written disclosures and letters describing the relationships between Deloitte & Touche LLP and us that might bear on the independence of Deloitte & Touche LLP consistent with and required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee) and has discussed with Deloitte & Touche LLP its independence.

In reliance on the reviews and discussions referred to above, the committee recommended to our board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission. The committee and our board of directors also have recommended, subject to stockholder approval, the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2006.

Respectfully submitted by the Audit Committee,

S. Carl Soderstrom, Jr., Chairman

Robert N. Tidball

2007 ANNUAL MEETING OF STOCKHOLDERS

We expect that our 2007 annual meeting of stockholders will be held within 30 days of May 10, 2007, which will be the first anniversary of the upcoming annual meeting. As a result, proposals of stockholders intended for inclusion in the proxy statement for our 2007 annual meeting of stockholders must be received by our Secretary at our offices at Two North Riverside Plaza, Suite 1250, Chicago, Illinois 60606, by February 9, 2007. If a stockholder intends to present a proposal at the 2007 annual meeting of stockholders, such stockholder must comply with the advance notice provisions of our by-laws. These provisions require that such proposal must be received by our Secretary at Two North Riverside Plaza, Suite 1250, Chicago, Illinois 60606, not earlier than January 10, 2007 and not later than February 9, 2007. Subject to certain exceptions set forth in our by-laws, such proposals must contain specific information concerning the person to be nominated or the matters to be brought before the meeting and concerning the stockholder submitting the proposal.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides convenience for stockholders and cost savings for companies.

A number of brokers with accountholders who are stockholders will be householding our proxy materials. As indicated in the notice previously provided by these brokers to stockholders, a single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or us that they will be householding communications to your address, householding will continue until you are notified otherwise.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker or, if a stockholder is a direct holder of shares of our common stock, they should submit a written request to our transfer agent, National City Bank, Corporate Trust Operations, Locator 5352, P.O. Box 92301, Cleveland, Ohio 44197-1200.

The Committee shall also undertake such additional activities within the scope of its primary function as the Board or the Committee may from time to time determine or as may otherwise be required by law, the Board or the Company's by-laws or charter.

The duties and responsibilities of a member of the Committee are in addition to those duties of a member of the Board of the Company.
