ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On April 13, 2006 Alliance Resource Partners, L.P.'s wholly-owned subsidiary Alliance Resource Operating Partners, L.P. (the Intermediate Partnership) entered into an amended and restated credit facility (Amended Credit Facility). The Amended Credit Facility is for \$100.0 million and has an expiration date of April 13, 2011. This Amended Credit Facility replaces an \$85 million credit facility (Credit Facility) that would have expired in August 2006. The interest rate on the Amended Credit Facility fluctuates based on the LIBOR rate and the financial performance of the Intermediate Partnership. Initially, the interest rate will be the LIBOR rate plus 0.875%. The Amended Credit Facility contains events of default provisions that could cause the acceleration of the term if an event of default occurs. Examples of an event of default by the Intermediate Partnership include but are not limited to the following: failing to pay any principal or interest payments within five business days of due date, failure to perform or meet covenant requirements and a change of control. Additionally, the Intermediate Partnership may request that the aggregate amount of the Amended Credit Facility be increased up to \$150 million, subject to lender approval.

The Intermediate Partnership had no borrowings outstanding under the Amended Credit Facility or Credit Facility at closing. Letters of credit can be issued under the Amended Credit Facility not to exceed \$50 million; outstanding letters of credit reduce amounts available under the Amended Credit Facility. At closing, the Intermediate Partnership had letters of credit of \$10.8 million outstanding under the Credit Facility that were transferred to the Amended Credit Facility. A copy of the Amended Credit Facility is attached as an exhibit hereto.
