PROXY STATEMENT

INTRODUCTION

This proxy statement (the *Proxy Statement*) is furnished in connection with the solicitation of proxies by the Board of Directors of MasterCard Incorporated (the *Company*) for use at the 2006 Annual Meeting of Stockholders of the Company to be held on Tuesday, July 18, 2006 at 10:00 a.m. (local time), or any adjournment or postponement thereof (the *Annual Meeting*). The Company expects to mail this Proxy Statement and the accompanying proxy card on or about June 16, 2006 to the holders of record as of the close of business on June 12, 2006 (the *Record Date*) of the Company's Class A Common Stock and Class M Common Stock (the *Voting Stockholders*).

Background. On May 31, 2006, the Company completed an initial public offering of its Class A Common Stock. The transaction, together with amendments to our certificate of incorporation and bylaws (and certain other matters), was approved at a special meeting of the stockholders of the Company on November 28, 2005.

Prior to the initial public offering of our 66,134,989 shares of newly-authorized Class A Common Stock, we reclassified all of our approximately 100 million outstanding shares of common stock, causing each of our existing stockholders to receive 1.35 shares of our Class B Common Stock for each share of common stock that they held prior to the reclassification and a single share of our Class M Common Stock. In addition, at the time of the initial public offering, we issued 13,496,933 shares of our Class A Common Stock as a donation to The MasterCard Foundation, a private charitable foundation incorporated in Canada that is controlled by directors who are independent of the Company. The Class A Common Stock and the Class B Common Stock have the same economic rights, although the Class B Common Stock is non-voting (except as may be required by Delaware law). The Class M Common Stock has no economic rights, but does have the right to vote on certain matters. See *The Voting Stock* below.

We will use all but \$650 million of our net proceeds from the initial public offering to redeem a number of shares of Class B Common Stock from our existing stockholders that was equal to the aggregate number of shares of Class A Common Stock that we issued to investors in the initial public offering and to The MasterCard Foundation.

Edgar Filing: MASTERCARD INC - Form DEF 14A

The Voting Stock. Following the initial public offering of our Class A Common Stock and the reclassification of our previously-outstanding common stock, the Company has three classes of stock outstanding: Class A Common Stock, Class B Common Stock, and Class M Common Stock. Except as may be required by Delaware law, holders of Class B Common Stock have no voting power and are not entitled to vote on the proposals hereby presented to the Voting Stockholders.

The holders of Class A Common Stock (the Class A Stockholders) are entitled to one vote per share on all matters on which stockholders generally are entitled to vote (except the election of Class M Directors (as defined below)). With respect to the election of directors, the holders of Class A Common Stock will vote as a separate class for the election of eight directors (the Class A Directors). With respect to the approval of the 2006 Non-Employee Director Equity Compensation Plan and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, only the holders of Class A

Table of Contents

Common Stock will be entitled to vote thereon. The holders of Class A Common Stock will not be entitled to vote on the election of a Class M Director or European Board Directors (as defined below). As of the Record Date, 79,631,922 shares of Class A Common Stock were outstanding.

Although the Class M Common Stock is generally non-voting, the holders of Class M Common Stock (the Class M Stockholders) have the right to elect up to three of our directors (but not more than one-quarter of all directors) and approve specified significant corporate actions. With respect to the election of directors to the Board of Directors of the Company, the holders of Class M Common Stock will vote as a separate class for the election of a director (the Class M Director). The holders of Class M Common Stock, collectively, will have the right to cast 1,000 votes, with each holder of Class M Common Stock entitled to the number of votes that is equal to the product of 1,000 multiplied by the holder's global proxy calculation for the twelve months ended June 30, 2005. The global proxy calculation is a fraction that is determined annually by a formula based on the relative level of revenues and transaction volume we generated from such holder. The sum of the global proxy calculations for all the holders of Class M Common Stock is one.

With respect to the election of directors to the European Board of the Company, the holders of Class M Common Stock with their principal operations in our European region (the European Class M Stockholders) will vote as a separate class for the election of seventeen directors (the European Board Directors). Any director on our Board of Directors elected by the holders of our Class M Common Stock who is designated as a director from our European region will automatically become a member of the European Board. The holders of Class M Common Stock will not be entitled to vote on the election of the Class A Directors, the approval of the 2006 Non-Employee Director Equity Compensation Plan or the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. As of the Record Date, 1,574 shares of Class M Common Stock were outstanding.

Quorum and Voting Requirements. The presence in person or by proxy at the Annual Meeting of the holders of

a majority of the shares of Class A Common Stock outstanding and entitled as of the Record Date to vote on the election of Class A Directors, the approval of the 2006 Non-Employee Director Equity Compensation Plan and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm will constitute a quorum with respect to these proposals;

a majority in voting power of the shares of Class M Common stock outstanding and entitled as of the Record Date to vote on the election of the Class M Director will constitute a quorum with respect to this proposal; and

a majority in voting power of the shares of Class M Common Stock outstanding and held by the holders of Class M Common Stock with their principal operations in our European region, and entitled to vote as of the Record Date on the election of European Board Directors will constitute a quorum with respect to this proposal.

Election of Directors. You may vote for or withhold with respect to any or all director nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

The eight nominees for Class A Directors receiving the greatest number of votes cast by holders of Class A Common Stock will be elected to serve on the Board of Directors of the Company as Class A Directors.

Edgar Filing: MASTERCARD INC - Form DEF 14A

The nominee for Class M Director receiving the greatest number of votes cast by holders of Class M Common Stock will be elected to serve on the Board of Directors of the Company as a Class M Director.

The seventeen director nominees for our European Board Directors receiving the greatest number of votes cast by holders of Class M Common Stock with their principal operations in Europe will be elected to serve on our European Board.

Approval of the 2006 Non-Employee Director Equity Compensation Plan and the Ratification of the Appointment of PricewaterhouseCoopers LLP as Our Independent Registered Public Accounting Firm. Holders

of Class A Common Stock may vote for, against or abstain with respect to the adoption of either of these proposals. The affirmative vote of a majority of the votes cast must be voted for these proposals in order for them to be adopted. Because an abstention is not treated as a vote for or against, it will have no effect on the outcome of the vote for either of these proposals.

Stockholders Entitled to Vote. Only holders of record of our Class A Common Stock and Class M Common Stock on the Record Date are entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof.

Voting Procedures. If a Voting Stockholder attends the Annual Meeting in person or sends a representative to the meeting with a signed proxy, that Voting Stockholder may vote or its representative may vote on its behalf. Voting Stockholders unable to attend the Annual Meeting can ensure that their votes are cast at the meeting by signing and dating the enclosed proxy card and returning it in the envelope provided or by authorizing the individuals named on the proxy card to vote their shares by calling the toll-free telephone number or by using the Internet as described in the instructions included with the proxy card or voting form. When a proxy card is returned properly signed and dated or a Voting Stockholder's vote is authorized by telephone or Internet, the vote of the Voting Stockholder will be cast in accordance with the instructions on the proxy card or authorized by telephone or Internet. If a Voting Stockholder does not return a signed proxy card, authorize its vote by telephone or Internet or attend the meeting in person or by representative and vote, no vote will be cast on behalf of that Voting Stockholder. For Class A Stockholders, the enclosed proxy card indicates on its face the number of shares of Class A Common Stock registered in the name of each such holder at the close of business on June 12, 2006, which number corresponds to the number of votes such Class A Stockholder will be entitled to cast at the meeting on proposals on which Class A Stockholders are entitled to vote. For Class M Stockholders, the enclosed proxy card indicates on its face the number of votes each Class M Stockholder will be entitled to cast at the Annual Meeting on the election of a Class M Director. For European Class M Stockholders, the enclosed proxy card indicates on its face the number of votes each European Class M Stockholder will be entitled to cast at the Annual Meeting on the election of European Board Directors. The current global proxy calculation for each holder of Class M Common Stock is on file at the Company's principal office and will be made available to any stockholder of the Company upon request. See The Voting Stock above for further discussion of the voting power of the Class A Common Stock shares and the Class M Common Stock shares.

Voting Stockholders are urged to mark the box on the proxy card to indicate how their vote is to be cast. If a Voting Stockholder returns a signed proxy card but does not indicate on the proxy card how it wishes to vote on a proposal, the vote represented by the proxy card will be cast FOR such proposal.

Pursuant to Section 212(c) of the General Corporation Law of the State of Delaware, Voting Stockholders may validly grant proxies over the Internet. Your Internet vote authorizes the named proxies on the proxy card to vote your shares in the same manner as if you had returned your proxy card. In order to vote over the Internet, follow the instructions provided on your proxy card or voting form.

Any Voting Stockholder who executes and returns a proxy card or authorizes its vote by telephone or by Internet may revoke the proxy before it is voted by:

notifying in writing Noah J. Hanft, Secretary of MasterCard Incorporated, at 2000 Purchase Street, Purchase, New York 10577;

executing and returning a subsequent proxy;

subsequently authorizing the individuals named on its proxy card to vote its interests by calling the toll-free telephone number or by using the Internet as described in the instructions included with its proxy card; or

appearing in person or by representative with a signed proxy and voting at the Annual Meeting.

Table of Contents

Attendance in person or by representative at the Annual Meeting will not in and of itself constitute revocation of a proxy. **If you plan to vote your shares in person at the Annual Meeting, see the requirements set forth in *Attending the Annual Meeting* below.**

Unless contrary instructions are indicated on the proxy, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted as follows:

FOR the election of the nominees to serve as Class A Directors on our Board of Directors named in this Proxy Statement;

FOR the election of the nominee to serve as a Class M Director on our Board of Directors named in this Proxy Statement;

FOR the election of the nominees to serve on our European Board named in this Proxy Statement;

FOR the approval of the 2006 Non-Employee Director Equity Compensation Plan; and

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

In the event a Voting Stockholder specifies a different choice on the proxy, that Voting Stockholder's shares will be voted in accordance with the specification so made.

The Company's Annual Report on Form 10-K for the period ended December 31, 2005 (the *Annual Report*), as filed with the Securities and Exchange Commission (the *SEC*), is enclosed herewith. Copies of the Annual Report are also available through the Company's website at <http://www.mastercardintl.com>.

A copy of the Company's Annual Report will be furnished upon request by writing to the Secretary of the Company at the address set forth below under *Introduction Solicitation of Proxies*.

Solicitation of Proxies. The Company will bear the costs of solicitation of proxies, including the cost of preparing, printing and mailing this proxy statement. In addition to the solicitation of proxies by use of the mail, proxies may be solicited from Voting Stockholders by directors, officers, employees and agents of the Company in person or by telephone, facsimile or other appropriate means of communication. The Company has engaged Georgeson Shareholder Communications Inc. to solicit proxies on behalf of the Company. The anticipated cost of Georgeson Shareholder's services is estimated to be approximately \$45,000.00 plus reimbursement of reasonable out-of-pocket expenses. No additional compensation, except for reimbursement of reasonable out-of-pocket expenses, will be paid to directors, officers and employees of the Company in connection with the solicitation. Householding. The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as householding, permits the Company to realize significant cost savings and reduces the amount of duplicate information stockholders receive. In accordance with notices sent to stockholders sharing a single address, the Company is sending only one Annual Report and proxy statement to that address unless the Company has received contrary instructions from a stockholder at that address. Any stockholders who object to or wish to begin householding may notify the Secretary of the Company orally or in writing at the telephone number or address, as applicable, set forth above. The Company will send an individual copy of the Annual Report and proxy statement to any stockholder who revokes its consent to householding within 30 days of the Company's receipt of such revocation.

Attending the Annual Meeting. If you are a holder of record and plan to attend the Annual Meeting, please indicate this when you vote. The top half of the proxy card is your admission ticket. When you arrive at the meeting, you will be asked to present photo identification, such as a driver's license. If you hold your shares in street name, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or a letter from your bank or broker are examples of proof of ownership. If you want to vote your shares held in street name in person at the meeting, you must get a written proxy in your name from the broker, bank or other nominee that holds your shares.

ELECTION OF DIRECTORS

The Company's Board of Directors. The Company's Board of Directors currently consists of nine members. The certificate of incorporation and the by-laws of the Company provide that up to three directors, but not more than one-quarter of all directors (the Class M Directors), are elected by the holders of Class M Common, voting separately as a class. The remaining members of the Board of Directors, including the Company's Chief Executive Officer, if nominated (the Class A Directors), are elected by the holders of Class A Common Stock, voting separately as a class.

At the 2006 Annual Meeting, eight Class A Directors, including the President and Chief Executive of the Company, and a Class M Director are to be elected to the Company's Board of Directors, each to serve until the expiration of his or her term as set forth below or until his or her successor is elected and qualified. The directors elected to the Company's Board of Directors will also constitute the board of directors of our subsidiary, MasterCard International.

The certificate of incorporation and the by-laws of the Company also provide that, beginning with the 2006 Annual Meeting, the Board of Directors will be divided into three classes (Class I, Class II and Class III), with each class serving for a staggered, three-year term. For directors elected at this Annual Meeting, those in Class I will serve for one year, those in Class II will serve for two years, and those in Class III will serve for three years. Upon expiration of the term of a class of directors, directors in that class will be elected for three-year terms at the annual meeting of stockholders in the year in which their term expires. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. No more than one Class M Director will be allocated to any single class of directors.

The Company's European Board. The European Board currently consists of twelve members. The certificate of incorporation and the by-laws of the Company provide that specified aspects of the Company's operations in Europe are managed by or under the direction of the Company's European Board, which is comprised of directors elected by the European Class M Stockholders. Each European Board Director that is elected by the European Class M Stockholders serves for a two-year term. Any Class M Director who is designated as a director from our European region automatically becomes a member of the European Board until such Class M Director resigns or is removed from our Board of Directors. As provided in our certificate of incorporation and by-laws, the number of members of the European Board will be automatically adjusted to include such Class M Director if the number of members of the European Board would otherwise exceed the number fixed by the European Board.

At the 2006 Annual Meeting, seventeen directors are to be elected to the Company's European Board, each to serve until the 2008 Annual Meeting or until his or her successor is elected and qualified.

Director Independence. Pursuant to the corporate governance listing standards of the New York Stock Exchange (NYSE), a majority of the Board of Directors (and each member of the Audit, Compensation and Nominating and Corporate Governance Committees) must be independent. The Board of Directors has adopted director independence standards to assist in its determination of director independence. No director will be

Table of Contents

considered independent unless the Board affirmatively determines that the director has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). When making independence determinations, the Board of Directors broadly considers all relevant facts and circumstances, as well as any other facts and considerations specified by the NYSE, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. When assessing the materiality of a director's relationship with the Company, the Board of Directors considers the issue not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships (among others). In addition, the Board of Directors applies the independence standards set by the NYSE, which are included in the independence guidelines set forth below.

The Board of Directors has established the following guidelines to assist it in determining director independence :

A director will not be independent if: (i) the director is, or has been within the last three years, employed by the Company, or an immediate family member of the director is, or has been within the last three years, employed by the Company as an executive officer; (ii) the director or an immediate family member of the director has received more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service); (iii) (a) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor, (b) the director is currently employed by such a firm, (c) the director has an immediate family member who is currently employed by such a firm and participates in the firm's audit, assurance or tax compliance (but not tax planning) practice, or (d) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time; (iv) the director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee; or (v) the director is a current employee, or an immediate family member of the director is a current executive officer, of another company that has made payments to, or receives payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent of the consolidated gross revenues of such other company.

The following commercial or charitable relationships will not be considered to be material relationships that would impair a director's independence: (i) relationships involving the provision of products or services either by or to the Company or its subsidiaries or affiliates and involving a director, his or her immediate family members, or a company or charitable organization of which the director or an immediate family member is (or, at the time of the transaction, was) a partner, shareholder, officer, employee or director so long as the following condition is satisfied: the products and services are being provided in the ordinary course of business and on substantially the same terms and conditions, including price, as would be available to similarly situated customers; (ii) if a director is an executive officer or an employee, or whose immediate family member is an executive officer, of another company that makes payments to, or receives payment from, the Company for property or services in an amount which, in any single fiscal year, are less than the greater of \$1,000,000 or two percent of the consolidated gross revenues of such other company; (iii) if a director beneficially owns, or is an employee of another company that beneficially owns, less than 10% of the Company's common equity; (iv) if a director is an executive officer or an employee of another company to which the Company is indebted, and the total amount of the indebtedness is less than one percent of the total consolidated assets of the company for which he or she serves as an executive officer or an employee; and (v) if a director serves as an officer, director or trustee of a charitable organization, and the Company's discretionary charitable contributions to the organization are less than the greater of \$1,000,000 or two

Table of Contents

percent of that organization's consolidated gross revenues. Notwithstanding the foregoing, no relationship required to be disclosed by the Company pursuant to Item 404 of Regulation S-K shall be treated as categorically *immaterial*. The Board reviews annually all commercial, charitable and other relationships of directors.

For the purpose of applying these director independence standards, an immediate family member includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home.

The Board of Directors has determined that each of Messrs. Carlucci, Amorim, Fung, Haythornthwaite, McLuskie, Olivie, Schwartz and Tian is an independent director. Each of these directors meets the independence requirements adopted by the Board of Directors as set forth above and has no other material relationships with the Company that the Board of Directors, after considering all relevant facts and circumstances, believes would interfere with the exercise of independent judgment in carrying out such director's responsibilities.

Nomination of Directors. Candidates for nomination to the Board of Directors of the Company are selected by the Nominating and Corporate Governance Committee (the Committee), based on the Committee's review of candidates in accordance with the Committee's charter. The Committee also considers director candidates recommended by individual stockholders. The Committee also selects and nominates individuals for election as members of the European Board.

When considering the qualifications of a nominee, the Committee may take into account other factors such as strength of character, maturity of judgment, career specialization and the extent of international experience. The Committee also seeks individuals who may satisfy the definition of an audit committee financial expert under the rules of the SEC. For additional information on the nomination process, see the charter for the Nominating and Corporate Governance Committee and the Company's Corporate Governance Guidelines, which are located on its website at <http://www.mastercardintl.com>.

Because this Annual Meeting is the first such meeting to be held following the initial public offering of our Class A Common Stock, the nominees to serve as our initial Class A Directors were selected according to the following procedure: Upon consummation of the initial public offering, three of our former directors, Messrs. Donald L. Bourdeau, Baldomero Falcones Jaquotot and the Company's President and Chief Executive Officer, Mr. Selander, appointed two individuals, both of whom satisfied the independence requirements for service on the Board of Directors. These two individuals, together with Mr. Selander, selected Richard Haythornthwaite and Mark Schwartz as the initial two independent directors. Messrs. Haythornthwaite and Schwartz, together with Mr. Selander, then selected Messrs. Amorim, Carlucci, Olivie and Tian to join them as members of the new Board of Directors. These initial independent directors, along with the nominee to serve as our initial Class M Director, were elected by the Company's former directors, who resigned in May 2006, and became directors upon the filing of the amended and restated certificate of incorporation of the Company with the Delaware Secretary of State in May 2006. The Board of Directors elected Mr. Fung to serve on the Board as a Class A Director in June 2006.

The Company's certificate of incorporation provides that the initial members of the European Board are those members of the Company's former Europe Region Board who qualify to be members of the European Board. Thereafter, the members of the European Board are nominated by the Committee and are elected by the European Class M Stockholders at the annual meeting of MasterCard Incorporated stockholders. The Class M Director representing the Europe region is also a member of the European Board automatically.

To nominate individuals for the 2007 Annual Meeting, stockholders may submit recommendations for nomination in writing to the Secretary of the Company at the address set forth above under Introduction Solicitation of Proxies by the first deadline set forth under Other Matters Deadline for submitting proposals

Stockholder recommendations should include: (a) as to each person whom the stockholder proposes to nominate for election or re-election as a director or as a member of the European Board all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities and Exchange Act of 1934 (the Exchange Act), including such person's written consent to being named in the proxy statement as a nominee and to serving as a director or as a member of the European Board if elected, and a statement affirming that such proposed nominee is qualified to serve as a director or as a member of the European Board of the Company under the Company's by-laws; and (b) as to the stockholder making the recommendation and the beneficial owner, if any, on whose behalf the nomination is made (i) the name and address of such stockholder, as they appear on the Company's books, and of such beneficial owner, (ii) the class and number of shares of the Company, which are owned beneficially and of record by such stockholder and such beneficial owner, (iii) a representation that the stockholder intends to appear in person or by proxy at the meeting to propose such nomination and (iv) a representation whether the stockholder or the beneficial owner, if any, intends or is a part of a group that intends (A) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to elect the nominee and/or (B) otherwise to solicit proxies from stockholders in support of such nomination. The foregoing requirements will be deemed to have been satisfied by a stockholder if the stockholder has notified the Company of his or her intention to present a nomination at an annual meeting in accordance with applicable provisions of the Exchange Act and such stockholder's nomination has been included in a proxy statement that has been prepared by the Company to solicit proxies for such annual meeting. The Committee may request such additional information from the nominee or the stockholder as it deems appropriate.

Non-Management Director Meetings. The non-management directors are afforded a regular opportunity to meet in executive session, or more frequently upon request of any non-management director. The Board of Directors holds regularly scheduled meetings in executive session without management present. The non-executive Chairman of the Board of Directors ordinarily presides at such sessions.

Stockholders and other interested parties may contact any member (or all members) of the Board of Directors (including without limitation the director that presides over the executive sessions of non-management directors, or the non-management directors as a group), any Board committee or any chair of any such committee by mail or electronically.

Attendance at Meetings by Directors. The Board of Directors held five meetings during 2005. During 2005, each director, except for Sivio Barzi, Michael T. Pratt and Jac Verhaegen, attended 75 percent or more of the aggregate of (a) the total number of meetings of the Board held during the period when he was a director and (b) the total number of meetings held by all Committees of the Board on which he served during the period when he was a director. The number of meetings held by each Committee during 2005 is set forth above.

Executive Sessions. The Board of Directors holds regularly scheduled meetings in executive session without management present. The non-executive Chairman of the Board of Directors ordinarily presides at such sessions.

Attendance at Annual Meetings. Prior to the Company's initial public offering, stockholders participated in the Annual Meetings of the Company solely by proxy, and did not attend in person. For this reason, the Board of Directors did not have a policy encouraging directors to attend Annual Meetings. One member of the Board of Directors attended the 2005 Annual Meeting, and there were no stockholders present in person at that meeting.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Stockholders and other third parties may send confidential communications directly to the Board of Directors by providing such communications in writing to the Secretary of the Company at the address set forth above under Introduction Solicitation of Proxies. The Secretary, who is also the General Counsel of the Company, is responsible for keeping a docket of all communications received from stockholders of the Company and other third parties summarizing the nature of each communication. The docket must be disclosed to the Board of Directors at its next regularly scheduled meeting. Communications regarding accounting, internal accounting controls and auditing matters, including violations of the Company's Supplemental Code of Ethics or alleged violations of law, are transmitted by the Secretary to the Audit Committee in accordance with the Company's Whistleblower Procedures. The Company's Whistleblower Procedures can be found on its website at <http://www.mastercardintl.com>. Communications (or a reasonable summary thereof) regarding director nominations and corporate governance matters are transmitted by the Secretary to the Nominating and Corporate Governance Committee. All other communications (or a reasonable summary thereof) are transmitted by the Secretary to the Audit Committee, which determines which communications are to be transmitted to the Board of Directors or to another Committee of the Board. If warranted, the Board of Directors or any of its Committees may take appropriate action in connection with a stockholder or third party communication.

Table of Contents**Long-Term Incentive Plan-Awards In Fiscal Year 2005**

The following table lists grants of performance units in 2005 to the Named Executive Officers under the Senior Executive Incentive Plan. At the time of the initial public offering of our Class A Common Stock (the Initial Public Offering), which was consummated on May 31, 2006, these grants were converted to restricted stock units (RSUs) on a mandatory basis, at the offering price of \$39.00. See MasterCard Long Term Incentive Plan Incentive Plan Benefits. At the time of conversion, a 20% premium was added to the target amounts set forth in the table below.

- The performance units were granted under the Company's Senior Executive Incentive Plan (SEIP). Each performance unit has a target value equal to \$100. The actual value of each unit was to have been calculated based on the Company's performance over a three-year period based on a combination of qualitative and quantitative measures that include: implementing customer focused strategy; achieving corporate financial targets (including attaining a predetermined level of earnings before interest, taxes, depreciation and amortization, operating expense and return on equity) and enhancing organizational capabilities.
- Pursuant to a determination by the Compensation Committee, the grants of the performance units under the SEIP made in 2005 were converted to RSUs, at the target value, on a mandatory basis at the time of the Initial Public Offering, at the offering price of \$39.00. Accordingly, there are no threshold or maximum amounts that are applicable to these performance unit grants. At the time of conversion, a 20% premium was added to the target amount set forth in the table above. See MasterCard Long Term Incentive Plan Incentive Plan Benefits.

The performance units under the SEIP described in the preceding table vested in annual increments according to the following schedule, if the participant completed 1,000 hours of service and was employed by the Company on the last day of the respective twelve-month cycle. The RSUs have an identical vesting and payment schedule to those shown and described below (in accordance with new deferred compensation regulations) and will be paid dividend equivalents on a current basis.

service, (i.e., five years of service in total). Upon termination of employment, excluding retirement, all unvested performance units will be forfeited. Upon a participant's termination of employment due to retirement, all of the participant's performance units will immediately vest provided that the participant has at least six months of service in the performance period. Eligible retirement is dependent upon age and years of service as follows: age 55 with ten years of service, age 60 with five years of service and age 65 with two years of service.

Retirement Benefits*MasterCard Accumulation Plan (MAP)*

Employees who participate in the MAP earn benefits under the MAP as soon as they become an employee of the Company. Benefits generally vest after four years of service. For each plan year after January 1, 2000, participants are credited with a percentage of their compensation for the plan year in accordance with the table below:

Completed Years of Service at December 31 of Prior Plan Year	Pay Credit for Current Plan Year
0 - 4	4.50%
5 - 9	5.75
10 - 14	8.00
15 - 19	10.00
20 - 29	12.00

Eligible employees age 50 or older on or prior to December 31, 2000 are eligible for the greater of the pay credit schedule referenced above or the following pay credit schedule:

Age on Birthday in Current Plan Year	Minimum Pay Credit for Current Plan Year
50 - 54	9.00%
55 - 59	12.00
60+	14.00

Compensation is defined as base pay plus annual incentive compensation. These accounts also receive investment credits based on the yield on 30-Year Treasury securities. When a participant terminates employment, the vested amount credited to the participant's account is paid in a lump sum or converted into an annuity.

Supplemental Retirement Benefits

Edgar Filing: MASTERCARD INC - Form DEF 14A

Supplemental retirement benefits are provided to all Named Executive Officers and certain other participants under various funded and unfunded nonqualified plans such as our Supplemental Executive Retirement Plan and Annuity Bonus Plan described below. These benefits are provided to certain employees whose benefits are limited by compensation or an amount under applicable federal tax laws and regulations.

Supplemental Executive Retirement Plan (SERP)

Designated employees, including all Named Executive Officers, may also receive an annual benefit at retirement equal to a designated percentage (100% for Mr. Selander and 80% for each of the other Named Executive Officers) of the participant's final 48-month average base salary, reduced by a hypothetical prior employer plan benefit and the amount of all benefits received under the MAP, nonqualified arrangements and social security. The hypothetical prior plan benefit described in the preceding sentence is an offset to SERP benefits that accounts for years of service of a plan participant prior to joining MasterCard. This benefit offset is calculated as a cash balance account that is earned on base pay from age 25 until the year prior to the participant being hired by MasterCard. The account continues to receive interest and is offset from the participant's aggregate SERP benefit. Prior base pay levels are determined by taking the participant's base pay

Table of Contents

level upon hiring by MasterCard and reducing the amount by 10% for each prior year. The hypothetical prior benefit plan offset is not intended to represent a SERP participant's actual prior employment benefit. Pay credits for the hypothetical prior benefit plan are as follows:

<u>Years of Service</u>	<u>Pay Credit</u>
1-2	3.25%
3-4	4.00
5-9	5.00
10-14	6.00
15-19	8.00
20-34	11.00

The Supplemental Executive Retirement Plan benefits for each Named Executive Officer are in the table below under the caption Estimated Annual Retirement Benefits Payable to Certain Executive Officers.

Annuity Bonus Plan

The Annuity Bonus Plan is a non-qualified, after-tax savings plan designed to provide employees with benefits and contributions to the extent amounts under the Company's qualified plans are capped by IRS limitations. Each year, the Company pays participants a bonus distributed in the form of a payment to a tax-deferred annuity contract. Annual contributions and reimbursement for tax obligations in connection with the plan are reported and separately reflected in the table in Executive Compensation for each of the Named Executive Officers.

Estimated Annual Retirement Benefits Payable to Certain Executive Officers

The following table shows the estimated annual retirement benefits, including supplemental retirement benefits, if any, under the plans applicable to the individuals, which would be payable to each Named Executive Officer assuming retirement at age 60 at his February 1, 2006 base salary with payments made for life:

<u>Name</u>	<u>Year of 60th Birthday</u>	<u>Estimated Annual Benefit⁽¹⁾⁽²⁾</u>
Robert W. Selander	2010	\$ 395,000
Alan J. Heuer	2001	278,000 ⁽³⁾

- (1) Assumes MAP account balances increase with interest credits of 4.5% per year.
- (2) Information for the Named Executive Officers gives effect to the 2006 base salary increases.
- (3) Amount will be reduced by Social Security benefits.

MasterCard Shared Profit and Savings Plan

Most Company employees are eligible to participate in the savings (401(k)) component of the MasterCard Shared Profit and Savings Plan. Employees who participate in the plan may contribute from 2% to 6% of base pay on a tax-deferred basis or after-tax basis. Employees may also contribute supplemental tax-deferred and after-tax amounts from 1% to 5%. Internal Revenue Service limits apply to all tax-deferred contributions. Employees who earn \$90,000 or less in base pay can contribute from 2% to 25% of their base pay to the plan, subject to the Internal Revenue Service limits, on a tax-deferred and/or after-tax basis.

The Company matches 100% of employee contributions up to 6% of base pay. Employees must contribute to the savings (401(k)) component of the plan to receive this matching contribution. Matching contributions are 100% vested after four years of service under a graded vesting schedule. Loans and certain types of withdrawals are permitted.

Table of Contents

In addition, the Company may make a profit-sharing contribution in the range of 0-10% of base pay. The target contribution is 7%. The 2005 contribution has been determined to be 8.8%.

IPO Date RSU Award to Non-Executive Management Employees

At the time of the Initial Public Offering, we granted 100 unvested restricted stock units (RSUs) to each of our approximately 4,400 non-executive management employees under the MasterCard 2006 Long Term Incentive Plan described below. Each such RSU represents an unfunded, unsecured right, which is nontransferable except in the event of death, of the employee to receive a share of Class A Common Stock as described in the next sentence. In general, subject to the employee's continued employment with us, the RSUs will vest, and the shares of Class A common stock underlying the RSUs will be delivered, on the third anniversary of the date of the Initial Public Offering, except that vesting will be accelerated if an employee is terminated in connection with a change in control with respect to the Company. During the vesting period of the RSUs, the employee is entitled to cash dividend equivalents in respect of the number of shares of Class A Common Stock underlying the RSUs. The employee will not have any rights as a stockholder until the shares of Class A common stock underlying the RSUs are issued and allotted.

MasterCard Long Term Incentive Plan

Introduction

On November 28, 2005, our existing stockholders approved the adoption of the MasterCard Incorporated 2006 Long Term Incentive Plan (the Incentive Plan).

The Incentive Plan is an omnibus plan that provides for a variety of types of Awards (as defined below) to maintain flexibility. The Incentive Plan permits the granting of (i) non-qualified stock options (NQSOs), (ii) incentive stock options (ISOs) as defined in Section 422 of the Internal Revenue Code (the Code), (iii) stock appreciation rights (SARs), (iv) restricted stock, (v) restricted stock units, (vi) performance units, and (vii) other stock-based awards. (The NQSOs, ISOs, SARs, restricted stock, restricted stock units, performance units, and other stock-based awards are referred to collectively as Awards). The Incentive Plan is designed to meet the requirements for deductibility under Section 162(m) of the Code for Awards that are intended to qualify as qualified performance-based compensation under that provision.

The total number of shares of Class A Common Stock and Class B Common Stock (Common Stock) available for Awards under the Incentive Plan is 5,300,000 shares of Class A Common Stock. Although the Incentive Plan permits the issuance of shares of Class B Common Stock, no shares of Class B Common Stock have been reserved for issuance under the Incentive Plan and awards of shares of Class B Common Stock are not currently anticipated.

Purpose. The purpose of the Incentive Plan is to promote the long-term financial success of the Company and increase stockholder value by allowing Participants to share in the growth and success of the Company through ownership in the Company and other long-term incentives.

Edgar Filing: MASTERCARD INC - Form DEF 14A

Awards. The Incentive Plan authorizes grants of awards payable in cash or shares of Common Stock of the Company. The Awards need not be uniform, may be combined with other Awards, and may be granted at one time and on more than one occasion to the same Participant.

Limits on Incentive Plan Awards. The Board of Directors has reserved 5,300,000 shares of Class A Common Stock for issuance under the Incentive Plan. Of this number, no more than 500,000 shares may be issued pursuant to grants of ISOs during the term of the Incentive Plan.

The Compensation Committee shall have authority to include as available for distribution Common Stock subject to an Award that has been forfeited or has otherwise terminated without issuance of Common Stock,

Table of Contents

Common Stock subject to an Award that has settled in cash, and Common Stock received or retained by the Company in connection with the exercise of an Option or SAR, including for satisfaction of any tax liability.

Administration. The Incentive Plan is administered by the Human Resources and Compensation Committee (the Committee) following the offering transactions, or such other committee or subcommittee designated by the Board of Directors to administer the Incentive Plan. The members of the Committee shall each be a non-employee director within the meaning of Rule 16b-3 under the Exchange Act, an independent director for purposes of the NYSE listing requirements, and an outside director for purposes of Section 162(m) (in the case of grants intended to qualify under Section 162(m)).

Eligible Participants. Any employee of the Company or an affiliate of the Company is eligible to be designated by the Committee as a Participant in the Incentive Plan. The Company generally expects that Awards under the Incentive Plan will be made to senior executives and key managers and contributors of the Company, a group of approximately 258 employees. However, a one-time grant of restricted stock (or RSUs) was made to all non-executive employees at the time of the Initial Public Offering. The Company anticipates that this would result in additional compensation expense to be recognized over the vesting period.

Types of Incentive Plan Awards

The Incentive Plan provides a variety of equity and equity-based Awards to preserve flexibility. The types of Awards that may be issued under the Incentive Plan are described below.

Stock Options. Stock options granted under the Incentive Plan may be either NQSOs or ISOs. The price of any stock option granted may not be less than the fair market value (or in the case of certain ISOs, 110 percent of the fair market value) of the Company's shares of Common Stock on the date the stock option is granted. The stock option price is payable in cash or certified check, Common Stock of the Company, through a broker-assisted cashless exercise, by any other method approved by the Committee, or any combination of the foregoing. The Participant shall have the rights of a stockholder after giving written notice of exercise and paying the option price, once the shares are recorded as having been issued and transferred.

The Committee determines the terms of each stock option grant (including the vesting schedule) at the time of the grant. The aggregate fair market value (determined as of the date of the grant) of the shares of Common Stock subject to ISOs that are exercisable by any participant for the first time in any calendar year may not be larger than \$100,000. All stock options will terminate no later than 10 years (or, in the case of certain ISOs, 5 years) after the date of the grant. Pursuant to the terms of the Incentive Plan, the Committee may accelerate the vesting of stock options. In general, unless the Committee otherwise specifies at grant, a stock option expires upon the earlier of (i) its stated expiration date or (ii) 120 days after termination of service (unless termination is due to death, disability, retirement, or cause). Options shall not include any feature allowing deferral of income beyond the date of exercise (other than through the receipt of restricted stock at exercise). Options shall not contain reload rights or be subject to repricing.

Stock Appreciation Rights. A SAR entitles the Participant, upon settlement, to receive a payment based on the excess of the fair market value of a share of Common Stock of the Company on the date of settlement over the base price of the SAR, multiplied by the number of SARs being settled. SARs may be granted alone or in addition to other Awards. The base price of a SAR may not be less than the fair market value of a share of Common Stock of the Company on the date of grant. The Committee will determine the vesting requirements and the payment and other terms of a SAR. Vesting may be based on the continued service of the Participant for specified time periods or on the attainment of specified business performance goals established by the Committee or both. Pursuant to the terms of the Incentive Plan, the Committee may accelerate the

Edgar Filing: MASTERCARD INC - Form DEF 14A

vesting of SARs. SARs may be payable in cash or in common shares of the Company. A SAR will terminate no later than ten years after the date of the grant. In general, unless the Committee specifies a longer or shorter period when the Award is granted, a SAR expires upon the earlier of (i) its stated expiration date or (ii) 120 days after termination of service (unless termination is due to death, disability, retirement, or cause). SARs shall not include any feature allowing deferral of income beyond the date of exercise.

Restricted Stock. A restricted stock Award represents shares of Common Stock of the Company that are issued subject to restrictions on transfer and vesting requirements as determined by the Committee. Vesting requirements may be based on the continued service of the Participant for specified time periods or on the attainment of specified business performance goals established by the Committee. The Committee may accelerate the vesting of restricted stock. Subject to the transfer restrictions and vesting requirements of the Award, the Participant will have the same rights as one of the Company's stockholders, including all voting and dividend rights, during the restriction period, although the Committee may provide that restricted stock certificates will be held in escrow during the restriction period (and forfeited or distributed depending on whether applicable performance goals or service restrictions have been met). Unless the Committee specifies otherwise, if a Participant terminates service other than by reason of death, disability, or retirement before the restricted stock vests, the restricted stock Award will be forfeited.

Restricted Stock Units. An Award of restricted stock units, or RSUs, provides the Participant the right to receive a payment based on the value of a common share of the Company. Restricted stock units may be subject to such vesting requirements, restrictions and conditions to payment as the Committee determines are appropriate. Vesting requirements may be based on the continued service of the Participant for a specified time period or on the attainment of specified business performance goals established by the Committee. The Committee may accelerate the vesting of restricted stock units. Restricted stock unit Awards are payable in cash or in shares of Common Stock of the Company. Participants receiving restricted stock units shall not have, with respect to such restricted stock units, any of the rights of a stockholder of the Company, although Participants may receive dividend equivalents. Unless the Committee specifies otherwise, if a Participant terminates service other than by reason of death, disability, or retirement before the restricted stock unit vests, the restricted stock unit Award will be forfeited.

Other Stock-Based Awards. The Committee is authorized to make other stock awards or awards based on or settled in Common Stock, which may be subject to other terms and conditions, which may vary from time to time and among Participants, as the Committee in its discretion may determine.

Performance Units. An Award of performance units provides the Participant the right to receive cash or shares of Common Stock of the Company if specified terms and conditions are met. Unless the Committee specifies otherwise when the Award is granted, if a Participant terminates service other than by reason of death, disability, or retirement, the performance unit will be forfeited.

Performance-Based Awards. Performance Units and other Awards granted under the Incentive Plan may be granted in a form that qualifies for the qualified performance-based compensation exception under Section 162(m). In the event such a performance-based Award is made, the Incentive Plan requires that the Awards be granted or vested contingent on the attainment of performance goals for a performance period, that performance goals must be established in writing before completion of 25 percent of the performance period (or such earlier period as required by Section 162(m)), that the goals provide an objective standard for computing the compensation payable on attainment of the goal, that the terms of the formula do not permit discretion to increase the amount payable on attainment of a goal, and that the Committee certify in writing prior to payout that the goals have been satisfied.

The Incentive Plan requires the performance goals to be based upon one or more of the following objective business criteria:

revenue;

earnings (including earnings before interest, taxes, depreciation and amortization, earnings before interest and taxes, and earnings before or after taxes);

operating income;

net income;

These targets may relate to the Company, its affiliated employers, subsidiaries, or one or more of its divisions or units, or a combination of the foregoing and may be applied on an absolute or relative basis.

The maximum target award payable to any participant for any three-year performance period cannot exceed \$10,000,000. In the case of performance above target, the maximum award payable for any three-year performance period cannot exceed \$20,000,000. Maximums shall be adjusted for longer or shorter performance periods. The maximum number of shares of restricted stock awarded to a participant for a fiscal year cannot exceed 500,000 shares and the maximum shares for which Options, SARs, RSUs, and other stock-based compensation may be granted for a fiscal year shall not exceed 650,000.

Effect of Change in Control

Awards under the Incentive Plan generally are subject to special provisions upon the occurrence of a change in control (as defined in the Incentive Plan) transaction with respect to the Company. Under the Incentive Plan, if specified types of terminations of employment occur in connection with a change in control (i) any outstanding stock options and SARs under the Incentive Plan shall become fully exercisable, (ii) any remaining restrictions applicable to restricted stock and restricted stock units shall lapse and such restricted stock and restricted stock units shall become free of restrictions, fully vested and transferable, and (iii) any performance goals or other condition applicable to performance units shall be deemed to be satisfied in full at a target level of performance with the common shares or cash subject to such Award being fully distributable.

Limited Transferability

Unless otherwise determined by the Committee, all Awards or common shares subject to an Award under the Incentive Plan are nontransferable except (i) upon death, either by the Participant's will or the laws of descent and distribution or through a beneficiary designation, (ii) pursuant to a qualified domestic relations order, or (iii) pursuant to a transfer to a family member that is expressly permitted by the Committee. Awards shall be exercisable during the Participant's lifetime only by the Participant, the Participant's representative, or a permitted transferee.

Adjustments for Corporate Changes

In the event of recapitalizations, reclassifications or other specified events affecting the Company or its shares of common stock, appropriate and equitable adjustments may be made by the Committee to the number of shares of Common Stock of the Company available for grant, as well as to other maximum limitations under the Incentive Plan (e.g., exercise prices and number of Awards), and the number of shares of Common Stock of the Company or other rights and prices under outstanding Awards.

Term, Amendment and Termination

The Incentive Plan will have a term expiring on December 31, 2015. The Board may amend, alter, or discontinue the Incentive Plan, but it may not do so in a manner that would impair the rights of a Participant in an outstanding Award without the Participant's consent. Additionally, material amendments to the Incentive Plan shall require stockholder approval.

Incentive Plan Benefits

Except as set forth above under Long-Term Incentive Plan-Awards in Fiscal Year 2005 and IPO Date RSU Award to Non-Executive Management Employees, future benefits under the Incentive Plan are not currently determinable. The Committee has discretionary authority to grant Awards pursuant to the Incentive Plan and there is no provision for automatic grants.

The Company currently has long-term incentive plans, the Executive Incentive Plan (EIP) and the Senior Executive Incentive Plan (the SEIP), that pay bonus awards in the form of cash. Awards currently outstanding under these plans vest over a five-year period, with 80% of the award payable as soon as practicable after the end of the three-year performance period and the final 20% payable two years later. The Company offered employees who had outstanding awards under the EIP the choice of converting certain of these awards to RSUs under the Incentive Plan. Additionally, certain other awards under the EIP and SEIP were mandatorily converted to RSUs under the Incentive Plan. Conversions took place in May of 2006.

Thus, the Company offered employees the choice of converting the following portions of the following grants into RSUs: (i) as to the grant for the 2002-2004 performance period, the 20% payable in 2007, (ii) as to the grant for the 2003-2005 performance period, the 20% payable in 2008, and (iii) as to the grant for the 2004-2006 performance period, the 20% payable in 2009. Employees were required to make a single choice as to the conversion of the combined grants for the three performance periods. Cash awards earned under the EIP for the 2002-2004 and 2003-2005 periods were converted into RSUs by converting the actual cash awards earned into a like amount of RSUs, based on \$39.00, the value of a share of the Company's Class A common stock at the time of conversion. Since the actual cash awards earned under the EIP for the 2004-2006 period was not known at the time of conversion, the value of the expected award was estimated based on the current performance level and that estimated amount was converted. Any additional amount later determined to have been earned will be paid in cash. The 80% portions of the 2002-2004, 2003-2005 and 2004-2006 EIP grants that are not eligible for conversion to RSUs have been or will be settled in cash. Additionally, 100% of the grants made for the 2005-2007 performance period were mandatorily converted into RSUs. Since the actual cash awards earned for the 2005-2007 period were not known at the time of conversion, the value of a target award for the period was converted. In each case, a 20 percent premium was applied in conversion. The RSUs resulting from the conversion retain the same vesting schedule as the original awards and are expected to be settled in shares of Class A Common Stock and to be paid dividend equivalents on a current basis.

In general, RSUs will vest four years after grant and the NQSOs will vest ratably over four years. Shares of Class A common stock will be delivered on vesting of RSUs and on exercise of NQSOs. NQSOs will have a ten year term. Vesting will be accelerated if an employee is terminated in connection with a change in control with respect to MasterCard. During the vesting period, the employee is entitled to dividend equivalents on RSUs, but has no rights as a stockholder until the Class A common stock is delivered.

Tax Treatment of Awards

The following discussion of the United States federal income tax implications of Awards under the Incentive Plan is based on the provisions of the Code (and any relevant rulings and regulations issued under the Code) as of the date of this Proxy Statement.

Non-Qualified Stock Options. A NQSO results in no taxable income to the optionee or deduction to the Company at the time it is granted. An optionee exercising such a stock option will, at that time, realize taxable compensation in the amount of the difference between the stock option price and the then fair market value of the shares of Common Stock. Subject to the applicable provisions of the Code, a deduction for federal income tax purposes will be allowable to the Company in the year of exercise in an amount equal to the taxable compensation recognized by the optionee.

The optionee's basis in such shares of Common Stock is equal to the sum of the stock option price plus the amount includible in his or her income as compensation upon exercise. Any gain (or loss) upon subsequent disposition of the shares of common stock will be a long-term or short-term gain (or loss), depending upon the holding period of the shares of Common Stock.

Incentive Stock Options. An ISO results in no taxable ordinary income to the optionee or deduction to the Company at the time the ISO is granted or exercised. However, the excess of the fair market value of the shares of Common Stock acquired over the stock option price is an item of adjustment in computing the alternative minimum taxable income of the optionee. If the optionee holds the shares of Common Stock received as a result of an exercise of an ISO for at least two years from the date of the grant and one year from the date of exercise, then the gain realized on disposition of the shares of Common Stock is treated as a long-term capital gain. If the shares of Common Stock are disposed of during this period, however, (i.e., a disqualifying disposition), then the optionee will include in income, as compensation for the year of the disposition, an amount equal to the excess, if any, of the fair market value of the shares of common stock received upon exercise of the stock option over the stock option price (or, if less, the excess of the amount realized upon disposition over the stock option price). The excess, if any, of the sale price over the fair market value on the date of exercise will be a short-term capital gain. In such case, the Company will be entitled to a deduction, generally in the year of such a disposition, for the amount includible in the optionee's income as compensation. The optionee's basis in the shares of Common Stock acquired upon exercise of an ISO is equal to the stock option price paid, plus any amount includible in his or her income as a result of a disqualifying disposition.

Stock Appreciation Rights. Generally, the recipient of a SAR will not recognize taxable income at the time the SAR is granted. If an employee receives the appreciation inherent in the SAR in cash, the cash will be taxed as ordinary income to the employee at the time it is received. If an employee receives the appreciation inherent in the SAR in shares of Common Stock, the spread between the then current fair market value of the shares of Common Stock and the base price will be taxed as ordinary income to the employee at the time it is received. In general, there will be no federal income tax deduction allowed to the Company upon the grant or termination of a SAR. However, upon the settlement of the SAR, the Company will be entitled to a deduction equal to the amount of ordinary income the recipient is required to recognize as a result of the settlement.

Edgar Filing: MASTERCARD INC - Form DEF 14A

Other Awards. The current United States federal income tax consequences of other Awards authorized under the Incentive Plan are generally in accordance with the following: (i) the fair market value of restricted stock is generally subject to ordinary income tax at the time the restrictions lapse (unless the Participant elects

Table of Contents

taxation at grant, pursuant to Section 83(b)), (ii) the amount of cash paid (or the fair market value of the shares of Common Stock issued) to settle restricted stock units and performance units is generally subject to ordinary income tax. In each of the foregoing cases, the Company will generally be entitled to a corresponding federal income tax deduction at the same time the Participant recognizes ordinary income.

Section 162(m). As described above, Awards granted under the Incentive Plan may qualify as qualified performance-based compensation under Section 162(m) in order to preserve federal income tax deductions by the Company with respect to annual compensation required to be taken into account under Section 162(m) that is in excess of \$1,000,000 and paid to the CEO and the other Named Executive Officers employed at the end of the fiscal year. To qualify for this exception, stock options and other Awards must be granted under the Incentive Plan by a Committee consisting solely of three or more outside directors within the meaning of Section 162(m) and satisfy the Incentive Plan's limit on the amount that may be awarded to any one Participant during any calendar year. In addition, for Awards other than stock options to qualify as qualified performance-based compensation, the issuance or vesting of the Award, as the case may be, must be contingent upon satisfying one or more of the performance criteria listed in the Incentive Plan, and in the above description of Performance-Based Awards, as established and certified by a Committee consisting solely of three or more outside directors.

Section 409A. The Incentive Plan has been designed so that Awards thereunder either are not subject to the deferred compensation rules of Section 409A or, if subject to Section 409A, are compliant with Section 409A. Awards subject to Section 409A, but not compliant with Section 409A, could result in accelerated taxation of the Awards and an additional 20 percent tax and interest charge to the Participant. These potential penalties on the Participant could reduce the value of grants subject to Section 409A and adversely affect the Company's ability to achieve the Incentive Plan's purposes.

Deferral of Income. The Incentive Plan also allows the Committee to provide in an award agreement that Participants may elect to defer income associated with RSUs and Performance Units. However, such deferrals will only be permitted to be made in compliance with Section 409A. If such a deferral election is permitted and is made, the Participant will not be taxed on income associated with an Award until it is distributed and the Company will be entitled to any tax deduction at the same time.

Employment Agreements and Change-in-Control Agreements

Employment Agreements

The Company is party to an employment agreement with each of the Named Executive Officers.

Mr. Selander. Under the terms of Mr. Selander's employment agreement, Mr. Selander's employment will automatically terminate if he: (i) retires; (ii) dies; or (iii) becomes disabled. In addition, both he and the Company can terminate the agreement for any reason upon 90 days prior written notice. During the employment term, Mr. Selander is eligible to participate in the Company's total rewards plans and arrangements on a level commensurate with his position. The agreement provides that if Mr. Selander's employment is terminated either by the Company other than for cause or by him for certain specified reasons, in addition to any earned, but unpaid base salary and vested entitlements under any Company plans, he would be entitled to:

A pro rata portion of his target bonus;

Edgar Filing: MASTERCARD INC - Form DEF 14A

Severance pay in the form of base salary continuation and his average annual incentive bonus, received over the prior three years, for a period of 36 months;

Continued participation in the Company's health, life insurance and disability plans and Company payment of COBRA premiums;

Table of Contents

Immediate vesting under the Supplemental Executive Retirement Plan (SERP) and an additional SERP benefit equal to the amount of benefits he would have accrued under any Company tax-qualified pension and savings plans until he is eligible to retire;

Continued vesting of any long-term incentive awards; and

Outplacement assistance.

For terminations by reason of death or disability, Mr. Selander would be entitled to his target annual bonus (pro rated in the case of disability).

Mr. Selander would be subject to non-competition and non-solicitation covenants for a minimum period of 12 months, up to the full length of the severance period.

On February 28, 2005, the Company entered into an addendum agreement with Mr. Selander, which modified his employment agreement. The addendum agreement provides for a retention payment of \$10,000,000 to Mr. Selander provided that he remains employed by the Company in good standing until a date to be established by our board of directors no earlier than April 9, 2010, but no later than April 9, 2011 (the Retention Date), meets certain performance standards and provides requested assistance in identifying his successor and transitioning his responsibilities to such person. Under certain circumstances Mr. Selander may be entitled to a pro rata portion of the retention payment if his employment is terminated prior to the Retention Date. Mr. Selander s receipt of the retention payment is further conditioned upon his agreement to generally applicable 36 month non-compete and non-solicitation covenants, subject to shorter periods if he is terminated for cause or if he resigns as a result of a change in the strategic direction of the Company to which he objects, and his execution of a release of liability in favor of the Company.

Messrs. Heuer, Thom, McWilton and Hanft. Under the terms of Messrs. Heuer s, Thom s, McWilton s and Hanft s agreements, the applicable executive s employment will automatically terminate if he: (i) dies; or (ii) becomes disabled. In addition, both the executive and the Company can terminate the agreement for any reason upon 90 days prior written notice. During the employment term, the executive is eligible to participate in the Company s total rewards plans and arrangements on a level commensurate with his position. The agreement provides that if the executive s employment is terminated prior to retirement at age 65, either by the Company other than for cause or by the applicable executive for certain specified reasons, in addition to any earned, but unpaid base salary and vested entitlements under any Company plans, the applicable executive would be entitled to:

A pro rata portion of his target bonus;

Severance pay in the form of base salary continuation and his average annual incentive bonus, received over the prior two years, for a period of 24 months, subject, in each of Mr. McWilton s and Mr. Hanft s case, to him being retained on the payroll until retirement and paid additional pay in lieu of severance over the period until he is eligible to retire (without any increase in the amount otherwise payable);

Continued participation in the Company s health, life insurance and disability plans and Company payment of COBRA premiums;

Immediate SERP vesting;

Edgar Filing: MASTERCARD INC - Form DEF 14A

Immediate vesting of any special awards grants and continued vesting of any other long-term incentive awards; and

Relocation assistance for Mr. Thom.

For terminations by reason of death, disability or retirement, and certain voluntary terminations, the executive (or his estate and/or beneficiary in the case of death) would be entitled to unpaid base salary, vested entitlements under any Company plans, a pro rata portion of his target bonus, and relocation assistance (for Mr. Thom only).

Table of Contents

The executive would be subject to non-competition and non-solicitation covenants for a minimum period of 12 months, up to the full length of the severance period.

Change-in-Control Agreements

The Company has approved a Change-in-Control Agreement for certain of its executive officers, including all of the Named Executive Officers. Under the Change-in-Control Agreement, if an executive officer's employment is terminated without cause or for good reason (as defined in the Change-in-Control Agreement) during the six-month period preceding or the two-year period following a change in control of the Company, the executive will be entitled to the following:

A severance payment equal to two times the average base salary and bonus (three times in the case of the President and Chief Executive Officer), payable over a 24-month period (36 months in the case of the President and Chief Executive Officer), subject, in each of Mr. McWilton's and Mr. Hanft's case, to him being retained on the payroll until retirement and paid additional pay in lieu of severance until the executive is eligible to retire (without any increase in the amount otherwise payable);

Continued coverage under the executive's individual long-term disability plan for the applicable period referenced above;

Continued coverage in the medical, dental, hospitalization and vision care plans for up to 18 months;

Accelerated vesting of performance units including special grants awarded prior to the change-in-control under the Executive Incentive Plan, with payout at 125% of target;

Accelerated vesting of special grants awarded pursuant to the Executive Incentive Plan, nonqualified retirement and deferred compensation benefits;

Lump sum payment equal to the value of unvested qualified plan benefits;

Outplacement assistance; and

An excise tax gross-up for any taxes incurred as a result of Section 4999 of the Internal Revenue Code.

The executive would be subject to a covenant not to compete and not to solicit employees for up to 24 months (36 months in the case of the President and Chief Executive Officer).

**REPORT OF COMPENSATION COMMITTEE
ON EXECUTIVE COMPENSATION**

The Committee's Responsibilities

The Compensation Committee is responsible for setting and administering the policies that govern executive compensation and benefits. The Compensation Committee is comprised of five members of the Global Board of Directors, each of whom is an outside director, as defined under Section 162(m) of the tax code.

The Compensation Committee regularly reviews the Company's executive compensation policies and practices and will continue to do so in response to new rules and evolving best practices. The Compensation Committee has retained its own outside compensation consultant to provide advice and assistance. During 2005, the Compensation Committee met six times and held executive sessions, without management present, at each meeting.

More information about the Compensation Committee can be found above under "Committees of the Global Board of Directors" Compensation and the Compensation Committee's charter is available on the Company's website at <http://www.mastercardintl.com>.

The purpose of this report is to summarize the philosophical principles, specific program elements and other factors considered by the Compensation Committee in making decisions about executive compensation.

Compensation Philosophy

The Compensation Committee's compensation decisions are based on the following core principles.

Executive officer goals should be linked with customer and shareholder interests. The Company's compensation and reward systems serve as a tool for reinforcing the link between rewards and the achievement of business results consistent with the organization's expected values and behaviors.

Pay should be performance-based. The Company provides a total compensation program consisting of fixed and variable pay, with an emphasis on variable pay to reward short- and long-term performance versus established goals and objectives.

Compensation opportunities must be competitive to attract and retain talented employees. Each year, the Compensation Committee assesses the competitiveness of total compensation levels for executives as more fully described below.

Program Elements

The Company's executive compensation program consists of base salary, annual incentive and long-term incentive compensation. The Compensation Committee's philosophy generally is to target compensation levels to be between the median and 75th percentile of the blended peer groups for the executive officers as described below. For purposes of establishing a competitive market for the named executives, the Company considers companies representative of the types of organizations from which it recruits and loses executive talent, e.g., a custom group of companies comprised of major financial services companies, comparable financial services companies and premier brand value companies, as well as, where appropriate, a broader group of financial services and general industry companies. The blended peer group is generally consistent with that used to measure performance as illustrated in the Performance Graph.

Base Salary. Base salaries for executive officers are generally positioned between the median and 75th percentile of the competitive market. All salaried employees are eligible for annual merit increases based primarily on fulfillment of their job responsibilities and position relative to market. Base salaries are generally held constant for senior level incumbents for up to three years, subject to market movement and/or changing job responsibilities.

Table of Contents

Annual Incentive. The Company provides its executives with an opportunity to earn cash incentive awards through the Senior Executive Annual Incentive Compensation Plan (SEAICP). The Company generally positions target annual incentive opportunities between the median and 75th percentile of the competitive market. Each Named Executive Officer's target SEAICP opportunity is determined based on competitive market practices and internal equity considerations.

For the President and other Named Executive Officers, the funding is determined based 100% on the achievement of corporate goals. Actual awards are based on corporate, business unit/region and individual performance against goals, as well as any negative discretion that the Committee chooses to apply.

For fiscal year 2005, corporate performance was based on improving performance with key customers in key markets, improving customer-focused strategy, achieving EBITDA, operating expense and ROE corporate financial targets and enhancing organizational capabilities as well as working toward a new governance structure. Based on the Company's fiscal year 2005 performance, the SEAICP was funded at maximum levels. Bonuses were paid out at less than the maximum amount, as the Committee exercised negative discretion.

Long-Term Incentive. Executives participate in the Senior Executive Incentive Plan (SEIP), a performance unit plan tied to three-year corporate performance. Generally, units are awarded annually and target opportunities are positioned between the median and 75th percentile of the competitive markets described above. The award vests over a five-year period (80 percent ratably over three years and 20 percent after five years), with 80 percent paid after certification of the performance results at the conclusion of the performance period. Payment of the final 20 percent of the award that vests after five years is generally made within 60 days of vesting.

For awards made in 2005 (covering the 2005-2007 performance period), the ultimate value of the units was to have been determined based upon the level of performance achieved against the following measures: improving performance with key customers in key markets; improving customer focused strategy; achieving EBITDA, operating expense and ROE corporate financial targets and enhancing organizational capabilities. See, Executive Compensation Long-Term Incentive Plan Awards In Fiscal Year 2005 for a detailed description of the SEIP and the number of units awarded to the Named Executive Officers in 2005. With the change in the governance structure, the Compensation Committee determined that by converting these dollar denominated units to restricted stock units, there would be greater alignment of interests between key executive management personnel and shareholders of the Company.

Based on the Company's performance over the 2003-2005 performance period, performance units were valued between target and maximum levels. Performance was measured against a combination of qualitative and quantitative measures that included: improving profitable share with key members in key markets; improving customer focused strategy; achieving corporate financial targets (including attaining a predetermined level of EBITDA) and enhancing organizational capabilities.

CEO Compensation and Performance

Mr. Selander's fiscal year 2005 compensation consisted of base salary, an annual incentive award and a long-term incentive award. The Compensation Committee determined the level for each of these elements using methods consistent with those used for other Named Executives.

For 2005, the Committee approved a \$100,000 increase effective February 2005 to Mr. Selander's base salary. He received an SEAICP award of \$2,500,000 based on performance against corporate goals. He also received a grant of 41,000 units under the SEIP for the 2005-2007

performance period. This grant underwent mandatory conversion to restricted stock units at the time of the IPO. In addition, he received a long-term incentive grant for 2006 in the amount of \$5,000,000 that was converted to a combination of restricted stock units and stock options at the time of the IPO.

Table of Contents

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code requires that public companies meet specific criteria in order to deduct, for federal income tax purposes, compensation over \$1 million paid to the Named Executive Officers. However, the Compensation Committee believes that its primary responsibility is to provide a compensation program that attracts, retains and rewards the executive talent needed for the Company's success. Consequently, in any year the Compensation Committee may authorize compensation in excess of \$1,000,000 that is not performance-based under Section 162(m). The Compensation Committee recognizes that the loss of a tax deduction may be unavoidable in these circumstances.

PROPOSAL 4

APPROVAL OF THE 2006 NON-EMPLOYEE DIRECTOR EQUITY COMPENSATION PLAN

General

On June 7, 2006, the Board of Directors unanimously adopted the MasterCard Incorporated 2006 Non-Employee Director Equity Compensation Plan (the Director Plan). The Director Plan is designed to promote the long-term financial success of the Company and to increase stockholder value by enabling the Company to attract and retain outstanding individuals to serve as non-employee directors of the Company and to further align the interests of non-employee directors with the interests of the Company's stockholders. The Director Plan and any awards granted thereunder are subject to the approval of the Company's stockholders at the Annual Meeting.

The Director Plan provides for awards of Deferred Stock Units to each director of the Company who is not a current employee of the Company or any of its subsidiaries. The total number of shares of Class A Common Stock (Common Stock) available for awards under the Director Plan is 100,000 shares.

Summary of the Director Plan

The following is a summary of the Director Plan. The summary is qualified in its entirety by reference to the full text of the Director Plan, a copy of which is attached as Annex A.

Purpose. The Purpose of the Director Plan is to promote the long-term financial success of the Company and increase shareholder value by enabling the Company to attract and retain outstanding individuals to serve as non-employee directors of the Company and to further align the interests of non-employee directors with the interests of the Company's shareholders.

Eligible Participants. Each director of the Company who is not a current employee of the Company or any of its subsidiaries is eligible to receive an award of Deferred Stock Units under the Director Plan.

Administration. The Director Plan is intended to be self-executing and operated as a formula plan. The Director Plan will be administered by the Company's Head of Human Resources (the Administrator). The Administrator has the authority to interpret and administer the Director Plan.

Awards. The Director Plan authorizes an annual grant of awards payable in shares of Common Stock of the Company at specified dates in the future. On the date of the Company's Annual Meeting of Stockholders in each year for so long as the Director Plan remains in effect, each non-employee director who is elected at such Annual Meeting or whose term of office will continue after the date of the Annual Meeting, automatically will be awarded a number of Deferred Stock Units determined by dividing \$100,000 (\$150,000 in the case of the Chairman of the

Edgar Filing: MASTERCARD INC - Form DEF 14A

Board) by the average of the high and low prices for the Company's Common Stock on the exchange on which the shares are principally traded on the date of the Annual Meeting. However, each non-employee director who is elected at or whose term of office will continue after the 2006 Annual Meeting of Shareholders will be awarded 2,565 Deferred Stock Units and the Chairman of the Board will be awarded 3,850 Deferred Stock Units. Any fractional amounts will be rounded to the nearest whole Deferred Stock Unit. Any non-employee director who joins the Board of Directors at a time other than an Annual Meeting of Shareholders will be awarded a pro-rated number of Deferred Stock Units corresponding to the time period of service beginning when the director joins the Board until the next Annual Meeting.

Settlement of Awards. Unless otherwise determined by the Administrator in an award agreement, an award of Deferred Stock Units will be settled in shares of Common Stock, at the election of the director, upon (i) the fourth anniversary of the date of grant of the award or (ii) the date that is 60 days following the director's termination of services as a director. The election by the director as to when the Deferred Stock Units will be

Table of Contents

settled must be made no later than December 31 of the year before the date of the Annual Meeting of Stockholders on which the award is made. Elections are generally irrevocable once made. If no election is timely made, the default payment date will be the fourth anniversary of the grant date of an award.

Dividend Equivalents. The Administrator has the authority to specify in the Deferred Stock Units award that the director will be entitled to receive current or deferred payments corresponding to the dividends payable on the Common Stock underlying the award.

Limits on Awards. The Board of Directors has reserved 100,000 shares of Common Stock for issuance under the Director Plan. Common Stock subject to an award that has been forfeited or otherwise terminated without issuance of Common Stock, and Common Stock subject to an award that has been settled in cash will become available for awards under the Director Plan.

Voting Power. The director does not have any voting rights with respect to the Deferred Stock Units until the units are settled in shares of Common Stock.

Nontransferability. Awards or Common Stock subject to an award under the Director Plan cannot be transferred except (i) upon death, either by the director's will or the laws of descent and distribution or through a beneficiary designation, (ii) pursuant to a qualified domestic relations order, or (iii) pursuant to a transfer to a family member that is expressly permitted by the Administrator.

Adjustments for Corporate Changes. In the event of a recapitalization, reorganization or other change in the capital structure of the Company, appropriate adjustments may be made by the Administrator to the number of shares of Common Stock of the Company available for grant under the Director Plan, the number of shares of Common Stock covered by outstanding awards, or other terms as the Administrator deems necessary or appropriate.

Term, Amendment and Termination. The Director Plan expires on December 31, 2015. The Board of Directors may amend or discontinue the Director Plan, and may change the form of award to any form permitted under the Company's 2006 Long-Term Incentive Plan. The Board may not make any amendment or discontinuation that would impair an outstanding award under the Director Plan. In addition, the Board may not amend the Director Plan to materially increase the benefits to directors under the plan without stockholder approval.

New Plan Benefits. The following table sets forth the number of shares of Common Stock subject to awards to be granted to the eight non-employee directors if the Director Plan is approved at the 2006 Annual Meeting.

<u>Name and Position</u>	<u>Dollar Value (\$) (1)</u>	<u>Number of Securities Underlying Deferred Stock Unit Awards</u>
Non-Employee Director Group	\$ 1,022,655	21,805

(1) Based upon the closing price of the Company's Class A Common Stock as reported on the New York Stock Exchange on June 12, 2006.

Edgar Filing: MASTERCARD INC - Form DEF 14A

As noted above, grants of awards in these amounts will be made annually for so long as these individuals continue as non-employee directors. Because the number of non-employee directors who may serve on the Company's Board of Directors in any future year could change, the aggregate amount of any future awards to be made under the Director Plan is not presently determinable.

Certain Federal Income Tax Consequences. The following is a brief summary of the principal United States federal income tax consequences of awards of Deferred Stock Units under the Director Plan. This summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences.

Table of Contents

Generally, a director will not be taxed at the time the Deferred Stock Units are granted, but will be subject to federal income tax when Common Stock is transferred on settlement of the Deferred Stock Units. In the year a director recognizes income with respect to the Deferred Stock Units, the Company will generally be entitled to claim a federal income tax deduction equal to the amount of ordinary income realized by the director.

Section 409A. The Director Plan has been designed so that awards thereunder are compliant with Section 409A of the Internal Revenue Code of 1986, as amended. Awards subject to Section 409A, but not compliant with Section 409A, could result in accelerated taxation of the awards and an additional 20 percent tax and interest charge to the director. These potential penalties to the director could reduce the value of the grants subject to Section 409A and adversely affect the Company's ability to achieve the Director Plan's purposes.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE 2006 NON-EMPLOYEE DIRECTOR EQUITY COMPENSATION PLAN.

To the extent necessary for the operation of the Plan, it shall be construed, interpreted, and administered by the Administrator. The Administrator's constructions and interpretations and actions thereunder shall be binding and conclusive on all persons for all purposes. The Administrator shall not be liable to any person for any action taken or any omission in connection with the interpretation and administration of this Plan except for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law. The Administrator may delegate his or her responsibilities and duties under the Plan.

ARTICLE IV

SHARES SUBJECT TO THE PLAN

4.1 *Number of Shares.* The total number of newly issued shares of Common Stock reserved and available for distribution pursuant to Awards of Deferred Stock Units under the Plan shall be 100,000 shares of Class A Common Stock, subject to adjustment as provided in Section 4.2. Such shares may consist, in whole or part, of authorized and unissued shares or shares acquired from a third party. Shares subject to an Award that is forfeited, terminates, expires, or lapses without the issuance of shares, including by cash settlement, shall be available for distribution pursuant to further Awards.

4.2 *Adjustment.* In the event of any Company share dividend, share split, combination or exchange of shares, recapitalization or other change in the capital structure of the Company, corporate separation or division of the Company (including, but not limited to, a split-up, spin-off, split-off or distribution to Company stockholders other than a normal cash dividend), reorganization, rights offering, a partial or complete liquidation, or any other corporate transaction, Company securities offering or event involving the Company and having an effect similar to any of the foregoing, then the Administrator may make appropriate adjustments or substitutions as described below in this Section 4.2. The adjustments or substitutions may relate to the number of shares of Common Stock available for Awards under the Plan, the number of shares of Common Stock covered by outstanding Awards, and any other characteristics or terms of the Awards as the Administrator may deem necessary or appropriate to reflect equitably the effects of such changes to the Participants. Notwithstanding the foregoing, any fractional shares resulting from such adjustment shall be eliminated by rounding to the next lower whole number of shares with appropriate payment for such fractional share.

ARTICLE V

ELIGIBILITY

Each Director who is not a current employee of the Company or any of its subsidiaries shall be eligible to receive an Award of Deferred Stock Units in accordance with Article VI.

ARTICLE VI

DEFERRED STOCK UNITS

6.1 *Automatic Award.* On the date of the Company's Annual Meeting of Shareholders in each year for so long as the Plan remains in effect, each non-employee Director who is elected as a director at such meeting or whose term of office shall continue after the date of such meeting, automatically shall be awarded a number of Deferred Stock Units determined by dividing \$100,000 (\$150,000 in the case of the Chairman of the Board or lead Director) by the average of the high and low prices for the Company's Class A Common Stock on the exchange on which the shares are principally traded for the date of the Annual Meeting of Shareholders (or the immediately preceding date on which shares are traded, if shares are not traded on the date of the Annual Meeting) and rounding the results to the nearest whole Deferred Stock Unit. Notwithstanding

Edgar Filing: MASTERCARD INC - Form DEF 14A

the foregoing, each non-employee Director who is elected at, or whose term of office shall continue after, the first Annual Meeting of Shareholders following the Company's initial public offering of shares of Common Stock, shall be awarded 2,565 Deferred Stock Units (3,850 Deferred Stock Units in the case of the Chairman of the Board or lead Director). If sufficient shares do not remain available under Section 4.1 for each eligible Director to receive the full number of Deferred Stock Units, the Deferred Stock Units awarded to each eligible Director shall be proportionately reduced. Any non-employee Director who joins the Board at a time other than the Annual Meeting of shareholders shall be awarded a pro-rated number of Deferred Stock Units to correspond to the portion of the period from Annual Meeting to Annual Meeting that the non-employee Director serves on the Board.

A-3

Table of Contents

6.2 Terms and Settlement of Awards. Unless otherwise determined by the Administrator in the Award document, an Award of Deferred Stock Units shall be settled in Common Stock upon (i) the fourth anniversary of the date of grant of the Award of the Deferred Stock Units or (ii) the date that is 60 days following the Director's termination of services as a Director, as elected by the Director at the time and in the form prescribed by the Company. In the event a Director becomes a specified employee for purposes of Code section 409A(a)(2)(B)(i), in the event of a payment on termination, the payment shall be made six months following termination.

In order to be effective, any election as to the time of payment must be made no later than December 31 of the year prior to the Annual Meeting of shareholders on which the Award is made. Once the December 31 deadline for electing has passed, an election as to time of payment is irrevocable. In the event a timely election is not made, the default payment date shall be the fourth anniversary of the date of grant of the Award of Deferred Stock Units.

6.3 Dividend Equivalents. The Administrator shall have the authority to specify in the Deferred Stock Units Award that the Directors shall be entitled to receive current or deferred payments corresponding to the dividends payable on the Common Stock underlying the Award.

6.4 Beneficiary. Each Participant may designate a Beneficiary to receive any Award held by the Participant at the time of the Participant's death or to be assigned any Award outstanding at the time of the Participant's death. If a deceased Participant has named no Beneficiary, any Award held by the Participant at the time of death shall be transferred as provided in his or her will or by the laws of descent and distribution.

ARTICLE VII

MISCELLANEOUS

7.1 Unfunded Status of Plan. It is intended that the Plan be an unfunded plan. The Administrator may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Common Stock; provided that the existence of such trusts or other arrangements shall not cause the Plan to be funded.

7.2 Income Reporting and Tax Withholding. Awards hereunder shall be subject to all applicable information reporting and tax withholding required by law.

7.3 Nontransferability. No Award or Common Shares subject to an Award shall be assignable or transferable other than (i) by will, by the laws of descent and distribution, or pursuant to a beneficiary designation, (ii) pursuant to a qualified domestic relations order, or (iii) as expressly permitted by the Administrator, pursuant to a transfer to the Participant's family member.

7.4 Controlling Law. The Plan and all Awards made and actions taken thereunder shall be governed by and construed in accordance with the laws of New York (without regard to its choice of law provisions).

Edgar Filing: MASTERCARD INC - Form DEF 14A

7.5 Severability. If any provision of this Plan shall for any reason be held to be invalid or unenforceable, such invalidity or unenforceability shall not effect any other provision hereby, and this Plan shall be construed as if such invalid or unenforceable provision were omitted.

7.6 Successors and Assigns. This Plan shall inure to the benefit of and be binding upon each successor and assign of the Company. All obligations imposed upon a Participant, and all rights granted to the Company hereunder, shall be binding upon the Participant's heirs, legal representatives and successors.

7.7 Section 409A Savings Clause. It is the intention of the Company that Awards under this Plan that are deferred compensation subject to Section 409A of the Code shall comply with Section 409A of the Code, and the Plan and the terms and conditions of all Awards shall be interpreted accordingly.

7.8 Term. No Award shall be granted under the Plan after December 31, 2015.

7.9 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

7.10 Headings. The headings of the Articles and their subparts contained in this Plan are for the convenience of reading and reference purposes only and shall not affect the meaning, interpretation or be meant to be of substantive significance of this Plan.

ARTICLE VIII

AMENDMENT OF THE PLAN

The Board of Directors may amend, alter, or discontinue the Plan, including by changing the form of Awards to any form permitted under the Company's 2006 Long Term Incentive Plan, but no amendment, alteration, or discontinuation shall be made which would impair an outstanding Award under the Plan. Without approval of the shareholders of the Company, no amendment may materially increase the benefits accruing to Directors under the Plan. Nothing in this Article VIII shall permit the Board to distribute Awards on discontinuance of the Plan if such a distribution would result in taxation under Code section 409A.

ARTICLE IX

SHAREHOLDER APPROVAL

The Plan is conditional upon shareholder approval of the Plan and the Plan shall be null and void if the Plan is not so approved by the Company's shareholders.
