**SPARK NETWORKS® ANNOUNCES RESULTS  
OF ITS ANNUAL GENERAL MEETING OF SHAREHOLDERS**

BEVERLY HILLS, Calif., November 21, 2006 - Spark Networks plc (AMEX: LOV), a leading provider of online personals services, announced the results of its Annual General Meeting held on November 21, 2006.

All five board nominees were elected to serve as directors of Spark Networks. David Siminoff was re-elected to serve as Chairman of the Board. Following the meeting, the Company's board consists of ten members, nine of whom are outside directors.

In addition, shareholders approved the Directors' Remuneration Report; the reappointment of Ernst & Young LLP as independent auditors; and gave approval to receive the Company's accounts for the year ended December 31, 2005.

Also at the meeting, shareholders in accordance with the recommendation of Spark Networks' board of directors, approved the Company's Share Repurchase plan authorizing the potential repurchase of up to an aggregate of approximately 2,000,000 shares. The repurchases will be done in the open market on the American Stock Exchange, Frankfurt Stock Exchange and XETRA exchange. The authorization to repurchase shares is valid for the next 18 months.

Any repurchases of ADSs on the American Stock Exchange will be conducted in compliance with Rule 10b-18 under the Securities Exchange Act of 1934, which prescribes price, volume and procedural requirements for an issuer purchasing its shares. Although any repurchases on the Frankfurt Stock Exchange are not required to comply with Rule 10b-18, in addition to complying with German buyback rules, the Company intends, to the extent practicable, to conduct such repurchases as though the conditions of Rule 10b-18 were applicable. The repurchase plan will be funded using the Company's distributable profits as prescribed by UK law.

Rule 10b-18 prescribes price, volume and procedural restrictions for an issuer purchasing its own shares as follows:

The Company must effect all repurchases from or through only one broker or dealer per exchange on any single day.

A purchase shall not constitute the opening transaction nor may any purchases take place during the last half hour of trading before the scheduled close of trading.

The purchase must be conducted at a price that is the highest current independent published bid or the last independent sale reported, whichever is higher.

The total amount purchased on any given day may not exceed 25 percent of the average daily trading volume. However, once a week, the Company may purchase, subject to the other restrictions described above, blocks of its securities.<sup>1</sup>

- 1 The volume limitation does not apply to block purchases. A block is defined as a quantity of stock that either has a purchase price of \$200,000 or more, is at least 5,000 shares and has a purchase price of at least \$50,000 or is at least 20 round lots of the security and totals 150 percent or more of the trading volume for that security. A round lot is defined as 100 shares. Therefore, notwithstanding the volume limitation of Rule 10b-18, the Company may purchase, subject to the other restrictions described above, blocks of its securities.
