INFORMATION ABOUT THE 2007 ANNUAL MEETING OF SHAREHOLDERS AND VOTING

The Board of Directors of Weight Watchers International, Inc. is soliciting proxies for the 2007 Annual Meeting of Shareholders to be held at The Carlton Hotel, 88 Madison Avenue, New York, New York 10016 on Monday, May 7, 2007 at 10:00 A.M. Eastern Time. This Proxy Statement and the accompanying proxy card contain information about the items you will vote on at the 2007 Annual Meeting.

Who is entitled to vote?

If you are the holder of record of common stock, no par value per share, of the Company (the "Common Stock") at the close of business on March 27, 2007 (the "Record Date"), you are entitled to vote at the 2007 Annual Meeting and at any and all adjournments or postponements of the 2007 Annual Meeting. You are entitled to one vote for each share of Common Stock you own for each matter presented for vote at the 2007 Annual Meeting. As of the close of business on the Record Date, there were 78,664,226 shares of Common Stock outstanding.

What are the procedures for voting?

Shareholders of record may vote in person (i) by attending the 2007 Annual Meeting or (ii) by completing and returning the proxy card by mail. To vote your proxy by mail, mark your vote on the enclosed proxy card, and then return it by following the directions on the card. Your proxy, if not properly revoked, will be voted in accordance with your instructions. If you do not mark a selection, your proxy will be voted as recommended by the Board of Directors. Your vote is very important, so whether you plan to attend the 2007 Annual Meeting or not, we encourage you to vote by proxy as soon as possible.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's transfer agent, Computershare Trust Company, N.A., you are considered the shareholder of record with respect to those shares, and these proxy materials are being sent directly to you by the Company. As the shareholder of record, you have the right to grant your voting proxy to the Company or to vote in person at the 2007 Annual Meeting. The Company has enclosed a proxy card for you to use.

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the 2007 Annual Meeting. Since a beneficial owner is not the shareholder of record, you may not vote these shares in person at the 2007 Annual Meeting unless you obtain a "legal proxy" from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the 2007 Annual Meeting. Your broker, trustee or nominee will send you separate instructions describing the procedure for voting your shares.

How can I change my vote?

You may revoke your proxy or change your voting instructions before the time of voting at the 2007 Annual Meeting by (i) delivering a written revocation or a later-dated proxy to the Corporate Secretary of the Company at the address of the Company's principal executive offices or (ii) attending the 2007 Annual Meeting and voting in person.

How many shares must be present or represented to constitute a quorum for the 2007 Annual Meeting?

The presence of a majority of the outstanding shares, in person or represented by proxy, of the Common Stock entitled to vote at the 2007 Annual Meeting constitutes a quorum. A quorum is necessary in order to

Table of Contents

conduct business at the 2007 Annual Meeting. You are part of the quorum if you have voted by proxy. Shares held of record by your broker, trustee, or nominee (Broker Shares) that are voted on any matter and abstentions are included in determining the number of votes present. Broker Shares that are not voted on any matter at the 2007 Annual Meeting are not included in determining whether a quorum is present. If a quorum is not present, the 2007 Annual Meeting will be rescheduled for a later date.

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote your shares FOR each of the nominees to the Board of Directors and FOR the ratification of the independent registered public accounting firm for fiscal 2007.

What is the voting requirement to approve each of the proposals?

Election of Directors. Directors are elected by a plurality of the votes cast, in person or by proxy, at the 2007 Annual Meeting. The three nominees receiving the highest number of affirmative votes at the 2007 Annual Meeting will be elected as Class III directors for a three-year term. Abstentions and Broker Shares that are not voted in the election of directors will have no effect on the election of directors.

Ratification of Appointment of Independent Registered Public Accounting Firm. The appointment of the independent registered public accounting firm for fiscal 2007 will be ratified if the votes cast, in person or by proxy, at the 2007 Annual Meeting for ratification exceed the number of votes cast against ratification. Abstentions and Broker Shares that are not voted on the ratification of the appointment of the independent registered public accounting firm will have no effect on the proposal to ratify the appointment of PricewaterhouseCoopers LLP.

Other Matters. The affirmative vote of the majority of shares present, in person or by proxy, at the 2007 Annual Meeting is generally required for approval for all other matters that may properly come before the 2007 Annual Meeting. If any other matter not discussed in this Proxy Statement properly comes before the 2007 Annual Meeting upon which a vote may be taken, shares represented by all proxies received by the Company will be voted on that matter in accordance with the discretion of the persons named as proxy holders.

How are votes counted?

Shareholders' proxies are received by the Company's independent proxy processing agent, and the vote is certified by independent inspectors of election. Proxies and ballots that identify the vote of individual shareholders will be kept confidential, except as necessary to meet legal requirements, in cases where shareholders write comments on their proxy cards or in a contested proxy solicitation. During the proxy solicitation period, the Company will receive vote tallies from time to time from the inspectors, but such tallies will provide aggregate figures rather than names of shareholders. The independent inspectors will notify the Company if a shareholder has failed to vote.

Who will bear the cost of soliciting votes for the 2007 Annual Meeting?

The Company will bear the entire cost of this proxy solicitation, including the preparation, printing and mailing of this Proxy Statement, the proxy card and any additional soliciting materials sent by the Company to shareholders. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for reasonable expenses incurred by them in forwarding proxy-soliciting materials to such beneficial owners. In addition to solicitations by mail, certain of the Company's directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, facsimile and personal interviews.

How can shareholders communicate with the Board of Directors?

Shareholders who want to communicate with the Board of Directors or any individual director can write to them c/o Weight Watchers International, Inc., Attention: Corporate Secretary, 11 Madison Avenue, 17th Floor, New York, New York 10010. Your letter should indicate that you are a shareholder. Depending on the subject matter, our Corporate Secretary will: (i) forward the communication to the director or directors to whom it is addressed; (ii) attempt to handle the inquiry directly, for example when the request is for information about the Company or is a stock-related matter; or (iii) not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic. At each Board of Directors meeting, a member of management will present a summary of all communications received since the last meeting that were not forwarded to the director or directors to whom they were addressed, and shall make those communications available to the Board of Directors upon request.

When do we anticipate mailing the proxy materials to shareholders?

It is anticipated that this Proxy Statement and the accompanying proxy card will be first mailed to shareholders on or about March 30, 2007.

ELECTION OF DIRECTORS

Our Board of Directors is currently divided into three classes, with members of each class holding office for staggered three-year terms (in all cases subject to election and qualification of their successors and to the earlier of their death, resignation or removal). The following individuals are our current directors and serve for the terms indicated:

Class III Directors (term expiring in 2007)

Philippe J. Amouyal

David P. Kirchhoff

Sam K. Reed

Class I Directors (term expiring in 2008)

Raymond Debbane

John F. Bard

Jonas M. Fajgenbaum

Class II Directors (term expiring in 2009)

Marsha Johnson Evans

Sacha Lainovic

Christopher J. Sobecki

The Board of Directors has nominated for election at the 2007 Annual Meeting as Class III directors to serve until the 2010 annual meeting of shareholders and until their successors have been elected and qualified the following slate of three nominees: Philippe J. Amouyal, David P. Kirchhoff and Sam K. Reed. Each of the nominees is currently serving as a director of the Company and was elected by the shareholders at the Company's 2004 annual meeting of shareholders, except for Mr. Kirchhoff who was appointed by the Board of Directors to replace Linda Huett upon her resignation as director as of December 30, 2006.

Mr. Reed has notified the Board of Directors of his intent to resign as a director of the Company as of the end of fiscal 2007 or such earlier date following the 2007 Annual Meeting as a suitable successor director is duly elected and qualified by the Board of Directors. Mr. Reed has informed the Board of Directors that his intention to resign is due to his desire to further focus on his duties and obligations as Chief Executive Officer and Chairman of TreeHouse Foods, Inc. Mr. Reed also has informed the Board of Directors that his intention to resign is not due to any disagreement with the Company on any matter related to the Company's operations, policies or practices. In accordance with the Company's Articles of Incorporation, any successor director to Mr. Reed elected by the Board of Directors shall hold office until the 2008 annual meeting of shareholders, where he or she shall stand for election by the Company's shareholders. In such event, the successor director elected by the shareholders at the 2008 annual meeting of shareholders shall hold office for a term coinciding with Mr. Reed's remaining Class III term (i.e., until the 2010 annual meeting of shareholders).

Unless authority to vote for the election of any or all of the nominees is withheld by marking the proxy card to that effect, the persons named in the enclosed proxy card will, upon receipt of a properly executed proxy card, vote to elect Philippe J. Amouyal, David P. Kirchhoff and Sam K. Reed as Class III directors for a term expiring at the 2010 annual meeting of shareholders and until their successors have been elected and qualified. Except as described above, the Board of Directors knows of no reason why these nominees should be unable or unwilling to serve, but if that should be the case, proxies will be voted for the election of such substitutes as the Board of Directors may designate.

PROPOSAL NO. 2

The Audit Committee of our Board of Directors (the Audit Committee) has selected PricewaterhouseCoopers LLP (PricewaterhouseCoopers) to serve as the Company s independent registered public accounting firm for fiscal 2007. Representatives of PricewaterhouseCoopers are expected to be present at the 2007 Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Ratification by the shareholders of the selection of the independent registered public accounting firm is not required, but the Board of Directors believes that it is desirable to submit this matter to the shareholders. CORPORATE GOVERNANCE

BOARD OF DIRECTORS AND COMMITTEES

Board of Directors

Our Board of Directors is currently comprised of nine members. The Company's Board of Directors is divided into three classes, equal in number, with each director serving a three-year term and one class being elected at each year's annual meeting of shareholders.

The Board of Directors of the Company held 10 meetings during fiscal 2006. Each of the directors attended at least 90% or more of the meetings of the Board of Directors and all committees of the Board of Directors on which they served that were held during fiscal 2006. It is the Board of Directors' policy that directors should attend our 2007 Annual Meeting absent exceptional cause. All of our then current directors attended the Company's 2006 annual meeting of shareholders.

Directors of Weight Watchers International

Set forth below in the section entitled *Executive Officers and Directors of the Company* are the names and certain information with respect to each of our current directors.

Director Nominations

The Company is not required to have a nominating committee because it is a controlled company as described below. Because of this fact and because the Board of Directors believes that all of the directors of the Company should be involved in the process of nominating persons for election as directors, the Board of Directors does not have a nominating committee. As such, the Board of Directors as a whole performs the functions of a nominating committee and is responsible for reviewing the requisite skills and characteristics of the nominees for the Board of Directors of the Company.

Identifying and Evaluating Nominees for Directors

The Board of Directors will consider candidates for nomination as a director recommended by shareholders, current directors, officers, third-party search firms and other sources. In evaluating candidates, the Board of Directors considers the attributes of the candidate, including but not limited to their skills, experience, legal and regulatory requirements and the needs of the Board of Directors. The Board of Directors will review all candidates in the same manner, regardless of the source of the recommendation. The Board of Directors will consider individuals recommended by shareholders for nomination as a director in accordance with the procedures described below. While the Board of Directors has not adopted a separate charter setting forth the guidelines for its nomination duties, the guidelines for determining director independence and qualifications for directors are described in Articles II and III of our Corporate Governance Guidelines.

Procedures for Submitting Director Recommendations and Nominations

The Company's Bylaws provide that shareholders may nominate persons for election as directors at the Company's shareholders meeting by giving timely written notice to the Company containing required information. The Company's Bylaws require that, to be timely and proper, notice of a nomination by a shareholder must be delivered to or mailed to and received at the Company's principal executive offices as follows: (A) for elections to be held at an annual meeting of the shareholders, at least 120 days and no more than 150 days before the first anniversary of the date of the proxy statement in conjunction with the annual meeting of shareholders for the prior year; (B) if the date of the annual meeting is more than 30 days earlier or later than the anniversary date of the prior year's annual meeting, notice must be received not earlier than the 60th day prior to such annual meeting; and (C) for elections that are going to take place at a special meeting of the shareholders, no later than the close of business on the seventh day after the day on which notice of the date of the special meeting is first given to shareholders. In notifying the Board of Directors, the shareholder should provide the

following information to the Board of Directors: (i) the name and the address of the shareholder making the submission, as they appear on the Company's stock transfer books, and the name, age and business and residential addresses of the candidate to be considered; (ii) a representation by the shareholder that the shareholder is a shareholder of record and intends to appear in person or by proxy at the meeting to nominate the candidate; (iii) the class or series and number of shares of the Company's stock that are beneficially owned by the shareholder making the submission and by the candidate, (iv) a description of all arrangements or understandings between the shareholder and the candidate and any other person (naming such person) pursuant to which such nomination is to be made by such shareholder, (v) an executed written consent of the candidate to serve as a director of the Company if so elected; (vi) the principal occupation or employment of the candidate; and (vii) any other information relating to the candidate required to be disclosed in accordance with the Bylaws and the Securities Exchange Act of 1934, as amended, and the rules and regulation thereunder (Exchange Act). The foregoing information should be submitted to the Board of Directors through the Corporate Secretary, Weight Watchers International, Inc., 11 Madison Avenue, 17th Floor, New York, NY 10010, (212) 589-2700.

Committees of the Board of Directors

The standing committees of our Board of Directors consist of an Audit Committee and a Compensation and Benefits Committee (the Compensation Committee). Due to the beneficial ownership by Artal Group S.A. (together with its parent and its subsidiaries, Artal) of more than 50% of our outstanding Common Stock, we are considered a controlled company as defined in the listing standards of the New York Stock Exchange (NYSE). As such, we have elected to be exempt from the requirements to have nominating/corporate governance and compensation committees composed entirely of independent directors and a majority of independent directors on our Board of Directors.

Audit Committee

We have an Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act, the rules and regulations of the Securities and Exchange Commission (the SEC) and the listing standards of the NYSE. The members of the Audit Committee are Mr. Reed, Mr. Bard and Ms. Evans. The Audit Committee held eleven meetings during fiscal 2006.

The principal duties of our Audit Committee are as follows:

to oversee that our management has maintained the reliability and integrity of our accounting policies and financial reporting and our disclosure practices;

to oversee that our management has established and maintained processes to ensure that an adequate system of internal controls is functioning;

to oversee that our management has established and maintained processes to ensure our compliance with all applicable laws, regulations and corporate policy;

to assist the Board of Directors in its oversight of the integrity of our financial statements;

to review the earnings press release prior to the release of earnings and to review our annual and quarterly financial statements prior to their filing;

to oversee the performance of our independent registered public accounting firm and to retain or terminate the independent registered public accounting firm and approve all audit and non-audit engagement fees and terms;

Table of Contents

to review at least annually, the qualifications, performance and independence of our independent registered public accounting firm;
and

in consultation with the independent accountants, management and the internal auditors, to review the integrity of the Company's
financial reporting processes, both internal and external.

The Audit Committee has the power to investigate any matter brought to its attention within the scope of its duties and to retain counsel for this purpose where appropriate. The Audit Committee shall also serve as a qualified legal compliance committee within the meaning of the Exchange Act.

Our Board of Directors has determined that each of the Audit Committee members, Mr. Reed, Ms. Evans and Mr. Bard, is an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K of the Exchange Act, has satisfied the financial literacy requirements of the NYSE and has no direct or indirect material relationship with us and thus is independent under applicable listing standards of the NYSE, Rule 10A-3 under the Exchange Act and our Corporate Governance Guidelines. The Audit Committee operates under a written charter, which is available on our website at www.weightwatchersinternational.com and is attached to this Proxy Statement as Appendix A. In addition, shareholders may request a free copy of the Audit Committee charter from: Weight Watchers International, Inc., Attention: Corporate Secretary, 11 Madison Avenue, 17th Floor, New York, NY 10010, (212) 589-2700.

Director Independence

Three of our nine directors, Mr. Reed, Ms. Evans and Mr. Bard, are independent under applicable listing standards of the NYSE and our Corporate Governance Guidelines. For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with the Company. The Board has established guidelines to assist it in determining director independence, which conform to the independence requirements in the NYSE listing standards. In addition to applying these guidelines, which are set forth in Article II of our Corporate Governance Guidelines, the Board of Directors will consider all relevant facts and circumstances in making an independence determination.

All members of the Audit Committee must be independent directors based on our Corporate Governance Guidelines and under the listing standards of the NYSE and Rule 10A-3 under the Exchange Act. Members of the Audit Committee must also satisfy a separate SEC independence requirement, which provides that they may not (i) accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their directors' compensation and (ii) be an affiliate of the Company. Our Board of Directors has determined that each of the Audit Committee members, Mr. Reed, Ms. Evans and Mr. Bard, has no material relationship with us and satisfies the independence requirements under our Corporate Governance Guidelines, the listing standards of the NYSE, and Rule 10A-3 under the Exchange Act.

All other fees for fiscal 2006 and fiscal 2005 were for services rendered by PricewaterhouseCoopers primarily related to employee benefit plan advisory services.

All audit related services, tax services and other services were pre-approved by the Audit Committee, which concluded that the provision of such services by PricewaterhouseCoopers was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit Committee's Audit and Non-Audit Services Pre-Approval Policy provides for pre-approval of audit, audit-related and tax services by category so long as such services are specifically described to the Audit Committee on an annual basis (e.g., in the engagement letter) (general pre-approval). In addition, individual engagements that have not received general pre-approval and/or are anticipated to exceed pre-established thresholds must be separately approved in advance on a case-by-case basis (specific pre-approval). The Audit Committee is mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may choose to determine, for a particular year, an appropriate ratio between the total amount of fees for Audit, Audit-related and Tax services and the total amount of fees for certain permissible non-audit services classified as All Other services. The policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services. In its Audit and Non-Audit Services Pre-Approval Policy, the Audit Committee delegated specific pre-approval authority to its chairperson, provided that the estimated fee for any such proposed pre-approval service does not exceed \$50,000.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Throughout this Proxy Statement, the individuals who served as the Company's chief executive officer and chief financial officer during fiscal 2006, as well as the other individuals included in the Summary Compensation Table below, are referred to as the named executive officers.

Overview of Compensation Program

The Compensation Committee oversees the compensation programs of the Company, with particular attention to the compensation for its president and chief executive officer and the other named executive officers. It is the responsibility of the Company's Compensation Committee to review and approve or, as the case may be, recommend to the Board of Directors for approval, changes to the Company's compensation policies and benefits programs, to administer the Company's stock plans including recommending and approving stock-based awards to named executive officers, and to otherwise ensure that the Company's compensation philosophy is consistent with the best interests of the Company and its shareholders and is properly implemented and monitored. Generally, the types of compensation and benefits provided to the named executive officers are similar to those provided to other executives.

The day-to-day administration of savings plans, profit sharing plans, stock plans, health, welfare and paid time-off plans and policies applicable to salaried employees in general are handled by the Company's human resources, finance and legal department employees. The responsibility for certain fundamental changes outside the day-to-day requirements necessary to maintain these plans and policies belongs to the Compensation Committee.

Compensation Philosophy and Objectives

The Compensation Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of annual, long-term and strategic goals by the Company and to align named executive officers' interests with those of the Company's shareholders. The Compensation Committee accomplishes this by providing competitive compensation designed to link executive compensation to the Company's financial and operational performance, as well as rewarding overall high performance of its named executive officers, with the ultimate objective of increasing shareholder value. The Compensation Committee evaluates compensation against individual performance and external market factors to ensure that the Company maintains its ability to attract and retain key executive talent and that the compensation the Company pays remains competitive relative to the compensation other companies pay to similarly situated executives. To that end, total compensation is comprised of a base salary plus both cash and non-cash incentive compensation based on the Company's financial performance and other factors, and is delivered through a combination of cash and stock-based awards that reward performance as measured against pre-established goals.

Role of Executive Officers in Compensation Decisions

Based on the foregoing objectives, the Compensation Committee has structured the Company's annual and long-term incentive-based cash and non-cash executive compensation to motivate the named executive officers to achieve the business goals set by the Company and to reward the named executive officers for achieving such goals. From time to time, the Compensation Committee has engaged outside human resources consulting firms, such as Hewitt Associates, to review the total compensation program for the Company's executives. The Compensation Committee also relies upon recommendations made by the Company's management regarding compensation for named executive officers other than the chief executive officer.

The Compensation Committee reviews and approves, or, if the situation warrants, recommends to the full Board of Directors for approval, all new executive compensation programs, including those for the named

Table of Contents

executive officers and other key employees. As part of its review and establishment of the performance criteria and compensation of our named executive officers, the Compensation Committee meets separately at least on an annual basis with the chief executive officer, the Company's principal human resources executive, and other executives as it deems appropriate. The chief executive officer, the Company's principal human resources executive and such other executives as the chief executive officer deems appropriate annually review the performance of each of the named executive officers of the Company (other than the chief executive officer whose performance is reviewed by the Compensation Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual cash performance and stock-based award amounts, are presented to the Compensation Committee. The Compensation Committee exercises its discretion in modifying any recommended adjustments or awards to named executive officers.

Setting Executive Compensation

The Company's Compensation Committee reviews and approves the corporate goals and objectives relevant to the chief executive officer's compensation, including annual performance objectives and base salary annually. The chief executive officer reviews and approves the corporate goals and objectives relevant to the other named executive officers' compensation, including annual performance objectives and each named executive officer's base salary annually. In light of these criteria, the Compensation Committee then evaluates the performance of the chief executive officer and the other named executive officers and, based on such evaluation, reviews and approves the annual salary, bonus, stock-based compensation and other material benefits, direct and indirect, of the chief executive officer and other named executive officers. In determining appropriate base salary levels, consideration is given to the named executive officer's impact level, scope of responsibility, past accomplishments, data on prevailing compensation levels in relevant executive labor markets and other similar factors, and with respect to new hires, prior experience.

The chief executive officer participates in the same programs and receives compensation based generally on the same factors as the other named executive officers. In addition, the Compensation Committee considered the status of the chief executive officer as the Company's most senior officer and the important role he or she has in achieving overall corporate goals. The chief executive officer's overall compensation therefore reflects this greater degree of policy and decision-making authority, and the higher level of responsibility with respect to the strategic direction and financial and operational results of the Company.

The Company has no formal policy regarding stock ownership or retention by the Company's named executive officers. However, the Board of Directors encourages the named executive officers to retain ownership of a significant portion of the stock-based compensation that they have been granted.

2006 Executive Compensation Components

For fiscal 2006, the principal components of compensation for named executive officers were:

base salary;

annual cash performance bonus;

long-term stock-based compensation;

deferred executive compensation, retirement and other benefits; and

perquisites and other personal benefits.

Base Salary

The Company provides named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary is determined for each named executive officer based on

Table of Contents

his or her position and responsibility by taking into account the named executive officer's impact level, scope of responsibility, prior experience, past accomplishments, data on prevailing compensation levels in relevant executive labor markets and other similar factors.

Salary levels are reviewed and approved by the Compensation Committee annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Salary levels, including any increase thereof, of named executive officers are reviewed annually and are based on the Compensation Committee's evaluation of the individual's strengths, development and expected future contributions with respect to the corporate goals and objectives relevant to the individual's compensation, including individual performance. This review typically takes place mid-fiscal year. In addition, the Compensation Committee compares the base salaries of the named executive officers to ensure internal equity.

Annual Cash Performance Bonus

The Compensation Committee has the discretion to design cash and stock-based incentive compensation programs to promote high performance and achievement of corporate goals by named executive officers and encourage the growth of shareholder value. The annual cash bonus paid to named executive officers, except our chief executive officer, is based on a combination of the named executive officer's individual performance and Company performance. As with the annual base salary, the Compensation Committee annually evaluates each named executive officer's performance with respect to the approved corporate goals and objectives relevant to the individual's compensation, including annual performance objectives. The Compensation Committee also uses the Company's operating income as a measure of its performance for the fiscal year. For the chief executive officer, the Company's performance for the fiscal year determines 100% of his or her annual cash performance bonus. For the other named executive officers, the Company's performance for the fiscal year determines 75% of the individual's annual cash performance bonus at target and the individual's performance rating determines the remaining 25% of the annual cash performance bonus at target.

In March of each year, the Compensation Committee sets minimum, target and maximum levels for the Company's financial objective portion of the annual cash performance bonus. Typically, the financial objective is measured against a target annual operating income for the Company for the year in question. Bonus payments are based, in whole or in part, upon the achievement of this financial objective for the current year. Upon completion of the fiscal year, the Compensation Committee assesses the performance of the Company for the Company's financial objective portion of the bonus comparing the actual fiscal year results to the pre-determined minimum, target and maximum operating income levels. Named executive officers receive:

no payment for the Company financial objective portion of their bonus unless the Company achieves 75% of the target operating income, the minimum performance level;

a payment of 50% of the target award opportunity for the Company financial objective portion of their bonus if the Company achieves 90% of the target operating income;

a payment of 100% of the target award opportunity for the Company financial objective portion of their bonus if the Company achieves 100% of the target operating income; and

a payment of 200%, the maximum performance level, of the target award opportunity for the Company financial objective portion of their bonus if the Company achieves 115% of the target operating income.

Bonus payment percentages for achieved percentages of operating income that fall between each target percentage of operating income thresholds are calculated on a sliding scale, as follows:

if the Company achieves equal to or more than 75% but less than or equal to 90% of target operating income, the percent of payment of the target award opportunity in excess of 0% will be equal to each additional percent of operating income achieved multiplied by 3.33;

Table of Contents

if the Company achieves more than 90% but less than or equal to 100% of target operating income, the percent of payment of the target award opportunity in excess of 50% will be equal to each additional percent of operating income achieved multiplied by 5.00; and

if the Company achieves more than 100% but less than or equal to 115% of target operating income, the percent of payment of the target award opportunity in excess of 100% will be equal to each additional percent of operating income achieved multiplied by 6.67. The Compensation Committee established the financial objective target so that the minimum performance level is reasonably likely to be achieved, while the target performance level is more challenging. In recent fiscal years, the Company has met, exceeded and not achieved the financial objective target.

Early in the fiscal year, the chief executive officer approves the individual bonus objectives used to determine the individual performance rating for each of the named executive officers (except the chief executive officer). Achieving the target individual performance rating for all objectives would yield a score of 100 points. However, performance may be overachieved or underachieved by the named executive officer. A score of 200 points is the maximum achievable individual performance rating. If a named executive officer fails to achieve an individual performance rating of at least 65 points, he or she is not eligible to receive the individual bonus objective portion of his or her bonus.

The amounts earned by the named executive officers under the Company's bonus program for performance in fiscal 2006 pursuant to awards approved by the Compensation Committee in March 2007 are reflected in column (g) Non-Equity Incentive Plan Compensation of the *Summary Compensation Table* below.

Long-Term Equity Incentive Compensation

The Compensation Committee may award participants stock options, restricted stock units (RSUs) and/or other stock-based awards.

Stock Plans

The Company believes that granting stock-based awards provides named executive officers with a strong economic interest in maximizing shareholder returns over the longer term. The Company also believes that the practice of granting stock-based awards is important in retaining and recruiting the key talent necessary to ensure the Company's continued success.

To that end, on May 12, 2004 and December 16, 1999, respectively, the Company's shareholders approved the 2004 Stock Incentive Plan (the 2004 Plan) and the 1999 Stock Purchase and Option Plan (the 1999 Plan, and, together with the 2004 Plan, the Stock Plans). The Stock Plans are designed to promote the long-term financial interests and growth of the Company by attracting and retaining management with the ability to contribute to the success of the business, by providing an opportunity for increased equity ownership by named executive officers and by maintaining competitive levels of total compensation. The Board of Directors or the Compensation Committee administers the Stock Plans. Stock option and RSU award levels are determined based on market data and vary among participants based on their positions within the Company and their individual performance.

Under the 2004 Plan, awards may take the following forms at the Compensation Committee's sole discretion: non-qualified stock options, incentive stock options, stock appreciation rights, RSUs and other share-based awards. Under the 1999 Plan, awards may take the following forms at the Compensation Committee's sole discretion: non-qualified stock options, incentive stock options, stock appreciation rights, restricted stock, purchase stock, dividend equivalent rights, performance units, performance shares and other share-based awards.

Stock Options Awards Generally

Pursuant to the Company's terms and conditions for employee stock awards and the Company's forms of stock option agreements, the following terms generally apply to stock options granted under the Stock Plans: The

Table of Contents

vesting of stock options are generally time-based and differ depending on whether the award is an annual award, a hiring award or a special award, as described below. Generally, option vesting rights cease upon termination of employment, death or disability and exercise rights cease on the first anniversary of the holder's termination for death or disability, ninety days after a holder's termination for reasons other than cause or death or disability, and immediately upon a termination for cause. Upon a termination for cause or a transfer in violation of the agreement, all options, whether vested or unvested, terminate. In addition, stock options generally vest and become exercisable immediately prior to a change of control.

Our stock options are granted at an exercise price determined by calculating the average of the closing prices of the shares over the last five trading days, including the date of grant, on the NYSE, with all required approvals obtained in advance of or on the actual date of grant. This may result in certain circumstances, with an exercise price in excess of or less than the closing price of the Company's Common Stock on the grant date. The Company's practice is not to backdate options or award options retroactively. In addition, we do not coordinate awards of options so that they are made before the announcement of favorable information or after the announcement of unfavorable information. All awards to named executive officers require the approval of the Compensation Committee or the Board of Directors. Prior to the exercise of a stock option, the holder has no rights as a shareholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

RSUs Awards Generally

Pursuant to the Company's terms and conditions for employee stock awards and the Company's forms of RSU agreements, the following terms generally apply to RSUs granted under the Stock Plans: The vesting of RSUs are generally time-based and differ depending on whether the award is an annual award, a hiring award or a special award, as described below. Generally, upon a termination of a participant's employment all vesting in his or her RSUs shall cease and the unvested portion of the RSUs shall be canceled without payment therefor upon any termination of a participant's employment. Upon a termination for cause or a transfer in violation of the agreement, all unvested RSUs terminate. In addition, prior to the vesting of an RSU, the holder has no rights as a shareholder with respect to the shares subject to such RSU, including voting rights, except that the holder has the right to receive dividend equivalents upon the date the RSU becomes vested. RSUs generally immediately vest on the first to occur of (i) the vesting date, (ii) a change of control, (iii) death of the participant, and (iv) the date the participant's employment with the Company is terminated due to permanent disability.

Annual Awards

Annual awards may consist of stock options, RSUs or a combination of both. Since 2003, stock options granted under the Stock Plans generally have three year cliff vesting with respect to annual awards and are not subject to performance targets. Prior to 2003, stock options granted under the 1999 Plan generally vested and became exercisable in annual increments over five years with respect to one-third of options granted, and the remaining two-thirds of the options generally vested upon the achievement of performance targets, subject to accelerated vesting upon the Company's achievement of certain performance targets. For each year prior to and including 2003, these performance targets have been met. RSUs granted under the Stock Plans generally have three year cliff vesting with respect to annual awards and are not subject to performance targets. Annual awards constituting stock options generally terminate on the fifth anniversary of their grant date. The Company's practice is to grant annual awards at the Compensation Committee's March meeting.

Hiring Awards

Hiring awards may consist of stock options or a combination of RSUs and stock options. Generally, stock options and RSUs granted under the Stock Plans vest and become exercisable in annual increments of 20% per year over five years with respect to hiring awards. Generally, newly hired named executive officers receive their

Table of Contents

award of stock options promptly following their hire with the date of hire generally coinciding with the date of award. Hiring awards constituting stock options generally terminate on the tenth anniversary of their grant date.

Special Awards

From time to time, special awards of stock options, RSUs or a combination of both may be made to certain named executive officers in connection with a promotion or other special circumstance. With respect to stock options and RSUs granted under the Stock Plans, vesting and exercisability are established at the time the Compensation Committee grants special awards. Special awards constituting stock options generally terminate on the tenth anniversary of their grant date.

WeightWatchers.com Conversion Awards

In 2005, in connection with our acquisition of WeightWatchers.com, unvested stock options to purchase WeightWatchers.com common stock were exchanged for RSUs issued under the 2004 Plan. The RSUs vest quarterly in amounts in accordance with vesting schedules that are based upon the vesting schedules of the original WeightWatchers.com stock option awards.

Non-Competition and Non-Solicitation Covenants

Pursuant to the Company's terms and conditions for employee stock awards and RSUs and the Company's forms of stock option and RSU agreements, the holder remains subject during his or her employment and for one year following the termination of his or her employment to certain non-competition and non-solicitation covenants and for an unspecified amount of time to certain confidentiality and assignment of work product covenants.

Executive Deferred Compensation, Retirement and Other Benefits

Savings Plan

We sponsor a savings plan for salaried U.S. employees, including our named executive officers. The savings plan is a tax-qualified 401(k) retirement savings plan pursuant to which participants are able to contribute up to 13% of their eligible earnings or the limit prescribed by the Internal Revenue Service to the savings plan on a pre-tax basis. The Company will match 100% of the first 3% of pay that is contributed to the savings plan. All participant contributions to the savings plan are fully-vested upon contribution. All matching contributions become vested on the three year anniversary of the participant's hire date.

The savings plan also contains a profit sharing component for full-time salaried employees that are not named executive officers or otherwise highly compensated employees. The profit sharing component provides for a guaranteed monthly employer contribution for each participant based on the participant's age and the participant's eligible compensation. In addition, the profit sharing aspect of the savings plan has a supplemental employer contribution component, based on our achievement of certain annual performance targets and a discretionary contribution component.

With regard to contributions made for years commencing after December 31, 2006, all contributions to a participant's profit sharing account are fully-vested, upon the three year anniversary of the participant's hire date, and, with regard to contributions made for years commencing before January 1, 2007, upon the five year anniversary of the participant's hire date. Contributions also fully vest immediately upon the participant reaching the age of 65, becoming disabled or dying or being discharged by the Company without cause.

Executive Profit Sharing Plan

We also established an executive profit sharing plan, which provides a non-qualified profit sharing plan for key management personnel who are not eligible to participate in the profit sharing component of our savings

Table of Contents

plan, including the named executive officers. This non-qualified profit sharing plan has similar features to the profit sharing component of our savings plan. The vesting schedules and the employer contribution components for profit sharing accounts under the executive profit sharing plan are identical to those described above for the savings plan.

Pursuant to the terms of the executive profit sharing plan, the Compensation Committee has the right to approve the following discretionary contribution component: our named executive officers who are 35 to 39 years of age are eligible for a guaranteed 2.50% contribution of the named executive officer's eligible earnings, another 2.50% contribution if the Company meets its performance goals and an additional 3.75% if it exceeds its performance goals; our named executive officers who are 40 to 44 years of age are eligible for a guaranteed 3.50% contribution of the named executive officer's eligible earnings, another 3.50% contribution if the Company meets its performance goals and an additional 5.25% if it exceeds its performance goals; our named executive officers who are 50 to 54 years of age are eligible for a guaranteed 5.50% contribution of the named executive officer's eligible earnings, another 5.50% contribution if the Company meets its performance goals and an additional 8.25% if it exceeds its performance goals; our named executive officers who are 55 to 59 years of age are eligible for a guaranteed 6.00% contribution of the named executive officer's eligible earnings, another 6.00% contribution if the Company meets its performance goals and an additional 9.00% if it exceeds its performance goals; and our named executive officers who are 60 years of age and over are eligible for a guaranteed 6.50% contribution of the named executive officer's eligible earnings, another 6.50% contribution if the Company meets its performance goals and an additional 9.75% if it exceeds its performance goals.

The Company will also credit each participant's profit sharing account with interest at an annual rate equal to the sum of (a) 2% plus (b) the annualized prime rate, as published in the Wall Street Journal, compounded as of the end of each fiscal month, subject to a cap of 15%.

Retirement Arrangements

The Company has no formal policy regarding retirement arrangements. From time to time, the Board of Directors in its discretion based upon the nature and circumstances of the individual retiring has approved retirement arrangements for certain executives.

In connection with Ms. Huett's retirement from her position as President and Chief Executive Officer as of the end of fiscal 2006, on December 14, 2006, the Board of Directors approved a retirement arrangement for Ms. Huett, subject to Ms. Huett continuing in the employment of the Company as an advisor and not voluntarily terminating her employment as an advisor prior to December 31, 2007, that includes: one year's salary equal to \$300,000; a fixed retirement bonus payable in the first quarter of fiscal 2008 equal to \$75,000; a 2007 performance target bonus payable in the first quarter of fiscal 2008 of 75% of her 2007 base salary; a relocation allowance of \$75,000 grossed up for federal, state and local tax liability, plus business class airfare to the U.K. and all shipping charges to be directly paid by the Company; the payment of health insurance premiums under the Consolidated Omnibus Budget Reconciliation Act (COBRA) for 18 months starting December 31, 2007, grossed up for federal, state and local tax liability; and the costs of tax preparation of federal, state and local tax returns for 2006 and 2007.

Perquisites and Other Personal Benefits

Perquisites

The Company provides named executive officers with certain perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with the Company's overall compensation program to better enable the Company to attract and retain employees for key positions. These perquisites and other personal benefits include car allowances or use of Company automobiles, financial/tax planning assistance, wellness-related memberships and/or home exercise equipment (in excess of \$150 per

Table of Contents

annum, which is generally available to all employees), cell phones (which are permitted to be used for personal matters), and participation in the continuity agreements described below in this *Executive Compensation* section. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers.

Attributed costs of the perquisites described above for the named executive officers for fiscal 2006 are included in column (i) *All Other Compensation* of the Summary Compensation Table in the *Executive Compensation* section.

Continuity Agreements

The Board of Directors has determined that it is in the best interests of our shareholders to reinforce and encourage the continued attention and dedication of our key executives to their duties with us, without personal distraction or conflict of interest in circumstances that could arise in connection with any change of ownership or control of us. Therefore, the Company has entered into continuity agreements with each of the named executive officers and certain other executives. These agreements contain terms that are substantially similar to each other, except where described below. Ms. Huett's continuity agreement was terminated upon her retirement from the position of President and Chief Executive Officer on December 30, 2006.

These agreements have an initial term of three years from the date of execution, and continue to renew annually thereafter unless either party provides 180-day advance written notice to the other party that the term of the agreement will not renew. However, upon the occurrence of a change in control (as defined in the agreements), the term of the agreement may not terminate until the second anniversary of the date of the change of ownership or control of us.

Each named executive officer's continuity agreement provides that, among other benefits discussed more fully below in the section entitled *Payments Made Upon a Change of Control - Continuity Agreements*, (a) if such named executive officer is terminated following a change of control (other than termination by the Company for cause or by reason of death or disability), or (b) if such named executive officer voluntarily terminates his or her employment for good reason during the two years period following a change of ownership or control of us, or if such named executive officer's employment is terminated without cause by us or for good reason by the executive, he or she is entitled to receive, among certain other benefits, a lump sum cash payment equal to three times the sum of (x) the executive's annual base salary on the date of the change in control (or, if higher, the annual base salary in effect immediately prior to the giving of the notice of termination) and (y) the executive's target annual bonus under our bonus plan in respect of the fiscal year in which the termination occurs (or, if higher, the average annual bonus actually earned by the executive in respect of the three full fiscal years prior to the year in which the notice of termination is given). The continuity agreements for the executives who are not named executive officers have similar terms and conditions but entitle the executive to receive, among certain other benefits, a lump sum severance payment of two times the sum of his or her annual base salary and the highest annual bonus earned by him or her prior to the change of control (or, if higher, the annual base salary in effect immediately prior to the giving of the notice of termination) and pursuant to incentive compensation plans maintained by the Company in any of the two prior fiscal years and the executive's target annual bonus in respect of the fiscal year in which the termination occurs (or, if higher, the average annual bonus actually earned by the executive in respect of the three full fiscal years prior to the year in which the notice of termination is given) under our bonus plan.

Table of Contents**SUMMARY COMPENSATION TABLE**

The table below summarizes the total compensation paid to or earned by each of the named executive officers for fiscal 2006. The Company has not entered into any employment agreements with any of the named executive officers.

The named executive officers were not entitled to receive payments which would be characterized as Bonus payments for the fiscal year ended December 31, 2006. Amounts listed under column (g) Non-Equity Incentive Plan Compensation, were approved by the Compensation Committee in March 2007 with respect to fiscal 2006 and will be paid by March 31, 2007. Ms. Huett retired as President, Chief Executive Officer and director as of December 30, 2006 and the amounts listed below in column (i) do not include amounts to be paid pursuant to the retirement arrangement between the Company and Ms. Huett.

Based on the fair value of stock-based awards granted to named executive officers in fiscal 2006 and the base salary of the named executive officers, Salary accounted for approximately 21-35% of the total compensation of the named executive officers while incentive compensation, including stock and option awards and Non-Equity Incentive Plan Compensation, accounted for approximately 12-22% of the total compensation of the named executive officers.

- (1) Named executive officers receive no payment unless the Company achieves 75% of the target operating income, the minimum performance level, and the executive (other than the chief executive officer) achieves a score of at least 65 points on their individual performance rating. See the section entitled *Compensation Discussion and Analysis Annual Cash Performance Bonus* above for a description of our annual cash performance bonus plan.
- (2) Mr. Kirchhoff, Ms. Sardini and Mr. Semmelbauer receive a target amount equal to 60% of their base salary, Mr. Fiarman receives a target amount equal to 50% of his base salary, and Ms. Huett received a target amount equal to 75% of her base salary if the Company achieves 100% of the target operating income and the executive (other than the chief executive officer) achieves a score of at least 100 points on their individual performance rating. See the section entitled *Compensation Discussion and Analysis Annual Cash Performance Bonus* above for a description of our annual cash performance bonus plan.
- (3) Named executive officers receive a target amount equal to 100% of their base salary if the Company achieves 115% of the target operating income and the executive (other than the chief executive officer) achieves a score of at least 200 points on their individual performance rating. See the section entitled *Compensation Discussion and Analysis Annual Cash Performance Bonus* above for a description of our annual cash performance bonus plan.
- (4) RSUs are the right to receive the value of one share of our Common Stock upon the vesting date of the RSU and are payable in shares of the Company's Common Stock. Holders of RSUs have the right to receive dividend equivalents for each record date that a dividend is paid, but not until the date upon which the underlying RSU vests. There were four dividend record dates in fiscal 2006: the first on March 24,

Edgar Filing: WEIGHT WATCHERS INTERNATIONAL INC - Form DEF 14A

2006, the second on June 30, 2006, the third on September 29, 2006 and the fourth on December 29, 2006. Therefore, the dividend equivalents that accrued during fiscal 2006 on the RSU awards made to the named executive officers are as follows: Mr. Kirchhoff: \$5,841, Ms. Sardini: \$4,900, Mr. Semmelbauer \$4,200, and Mr. Fiarman: \$4,496. Column (m) shows the aggregate grant date fair value of RSUs granted during the year as determined in accordance with FAS 123R, excluding the estimate of forfeitures. Under FAS 123R, the estimated grant date fair value for RSUs is equal to the market value of our Common Stock on the date of grant. Under FAS 123R, the estimated grant date fair value for RSUs is spread over the vesting period required for the grant to become non-forfeitable. There can be no assurance that the FAS 123R amounts will ever be realized.

- (5) Stock options allow the grantee to purchase a share of our Common Stock at an exercise price determined on the date of grant. The exercise price is determined by calculating the average of the closing prices of the shares of our Common Stock over the last five trading days including the date of grant on the NYSE. Column (m) represents the aggregate grant date fair value of options granted during the year as determined in accordance with FAS 123R, excluding the estimate of forfeitures. Under FAS 123R, the estimated grant date fair value for options is spread over the vesting period required for the grant to become non-forfeitable. See *Management's Discussion and Analysis of Financial Condition and Results of Operations Critical Accounting Policies Share-Based Payment* and Note 9 of the Consolidated Financial Statements in our Annual Report on Form 10-K with respect to fiscal 2006 for the assumptions made in determining the estimated grant-date fair value of stock options in accordance with FAS 123R. There can be no assurance that the FAS 123R amounts will ever be realized. The material terms of our stock options are discussed in the section entitled *Compensation Discussion and Analysis Long-Term Equity Incentive Compensation Stock Plans* above.
- (6) Each of the named executive officers, except Ms. Huett, received an annual award consisting of RSUs on March 10, 2006. These shares 100% cliff vest on January 15, 2009 (or upon a change in control of the Company, if earlier). These shares do not have a purchase price. The closing price of our Common Stock on the date of grant was used to determine the fair market value. This closing price of \$50.54 per share is recognized as expense over the vesting period.
- (7) Mr. Kirchhoff and Mr. Fiarman each received special awards on May 22, 2006 of both stock options and RSUs. Both the stock options and RSUs vest at 20% per year over 5 years on each anniversary of the grant date. The stock options expire on the 10th anniversary of the grant date. Pursuant to the 2004 Plan, the exercise price of the options was determined by taking an average of the closing price of our Common Stock on the grant date and the four previous trading days, or \$42.08 per share. The closing price of our Common Stock on the day of grant was used to determine the fair market value for the RSUs. This closing price of \$40.93 per share is recognized as expense over the vesting period.

include Artal or any of its respective affiliates, or (iii) a merger or consolidation of the Company into another person which is not an affiliate of Artal; if and only if any such event results in the inability of Artal to elect a majority of the Board of Directors of the Company (or the resulting entity).

executive officer for good reason, in each case within two years following a change of control. The named executive officer is not eligible for benefits under his or her continuity agreement if his or her termination is due to disability, retirement, death, or for cause.

A change in control for purposes of the continuity agreement generally consists of any of the following:

an acquisition of more than 25% of the Company's voting securities (other than acquisitions by a Company sponsored employee benefit plan);

the current Board of Directors (or their approved successors) ceasing to constitute a majority of such Board of Directors;

the consummation of a reorganization, recapitalization, merger or consolidation unless the shareholders of the Company prior to the transaction hold at least 51% of the voting securities of the successor; or

if and only if, as a result of the occurrence of any of the foregoing events in the first two bullets above, any person or group other than Artal Luxembourg S.A. or any of its affiliates is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of its then outstanding securities entitled to vote in the election of members of the Board of Directors.

A termination by the Company for cause generally includes:

willful and continued failure of the executive to perform substantially all of his or her duties with the Company (other than any such failure resulting from incapacity due to physical or mental illness) for a period of 10 days following a written demand for substantial performance that is delivered to him or her;

dishonesty in the performance of the executive's duties with the Company;

conviction of, or plea of guilty or nolo contendere to, a crime under the laws of the United States or any state thereof constituting (x) a felony or (y) a misdemeanor involving moral turpitude;

willful malfeasance or misconduct by the executive in his or her duties which is injurious to the financial condition or business reputation of the Company or its affiliates; or

breach of the confidentiality covenants under the executive's continuity agreement.

A termination for good reason for the named executive officer includes any of the following Company actions without the executive's written consent following a change of control:

diminution in the executive's duties, titles or responsibilities with the Company from those in effect immediately prior to the change in control;

reduction in the executive's base salary and bonus opportunity;

relocation of the executive's principal work place to a location that is east of the Nassau County-Suffolk County border; or

failure by the Company to obtain from any successor to the Company an agreement to assume and perform the executive's continuity agreement.

The executive covenants to retain in confidence any and all confidential information concerning the Company, its shareholders, officers, directors and customers and its respective business. In addition, upon the termination of employment, the executive will not take or keep any proprietary or confidential information or documentation belonging to the Company.

Change of Control Impact on Named Executive Officers

The table below was prepared as though a change in control occurred and the named executive officers' employment was terminated on December 30, 2006 (the last day of fiscal 2006) using the share price of the Company's Common Stock as of December 29, 2006 (the last trading day of fiscal year 2006) (both as required by the SEC). With those assumptions taken as given, the Company believes the remaining assumptions listed below, which are necessary to produce these estimates, are reasonable individually and in the aggregate. However, a change in control did not occur on December 30, 2006 and the executives were not terminated on that date. There can be no assurance that a change in control would produce the same or similar results as those described if it occurs on any other date or at any other price, or if any assumption is not correct in fact.

General Assumptions

Change in control date was December 30, 2006.

All executives were terminated on change in control date.

Edgar Filing: WEIGHT WATCHERS INTERNATIONAL INC - Form DEF 14A

Mr. Kirchhoff was assumed to be subject to federal, state and local combined effective tax rate of 43.97%. Ms. Sardini was assumed to be subject to federal, state and local combined effective tax rate of 41.60%.

The excise tax rate was assumed to be 20%.

Equity-based Assumptions

All previously unvested stock options and RSUs vested on December 30, 2006.

Stock options that become vested due to the change in control are valued using the actual spread between the exercise price and the market price on December 30, 2006. This would represent the true value received by the executive upon immediate vesting of their options.

RSUs that become vested due to the change in control are valued using the market price of the Company's Common Stock on December 30, 2006.

Benefit Assumptions

The executive does not receive comparable perquisites from a subsequent employer and the perquisites are paid until the end of the continuation period.

Medical, dental, vision and life insurance are paid at 2006 monthly equivalent rates, for 36 months.

Three years of contribution to the executive profit sharing plan at the participant's 2006 rate but not including earnings on such contributions.

All previously unvested savings plan amounts vested December 30, 2006 plus three years of 3% matching contribution at the participant's salary at December 30, 2006.

No legal services are paid for the executive.

Tax and Accounting Implications

Excess Parachute Payment Excise Taxes

If under the continuity agreements (i) it is determined that the payments and benefits provided under the agreements or otherwise in the aggregate (a parachute payment) would be subject to the excise tax imposed under the U.S. Internal Revenue Code, and the aggregate value of the parachute payment exceeds a certain threshold amount, calculated under the U.S. Internal Revenue Code (the base amount) by 5% or less, then (ii) the parachute payment will be reduced to the extent necessary so that the aggregate value of the parachute payment is equal to an amount that is less than such threshold amount; provided, however, that if the aggregate value of the parachute payment exceeds the threshold amount by more than 5%, then the executive will be entitled to receive an additional payment or payments in an amount such that, after payment by the executive of all taxes (including any interest or penalties imposed with respect to such taxes), including any excise tax, imposed upon this payment, the executive retains an amount equal to the excise tax imposed upon the parachute payment.

Internal Revenue Code Section 409A

If under the continuity agreements or the Stock Plans any payments or benefits that the Company would otherwise be required to provide under the continuity agreements or any of the Stock Plans cannot be provided in the manner contemplated herein or under the applicable plan without subjecting the participant to income tax under Section 409A of the Internal Revenue Code, the Company shall provide such intended payments or benefits to the participant in an alternative manner that conveys an equivalent economic benefit to the participant (without materially increasing the aggregate cost to the Company).

The compensation received by Ms. Huett as an employee of the Company is shown in the Summary Compensation Table of the *Executive Compensation* section.
- (2) Stock awards consist solely of awards of restricted stock. Represents the compensation costs of restricted stock for financial reporting purposes for the year under FAS 123R, rather than an amount paid to or realized by the director. The FAS 123R fair value of the restricted stock is equal to the market value of our common stock on the date of grant.
- (3) Represents the compensation costs of stock options for financial reporting purposes for the year under FAS 123R, excluding the estimate of forfeitures, rather than an amount paid to or realized by the director. See *Management's Discussion and Analysis of Financial Condition and Results of Operations Critical Accounting Policies Share-Based Payment* and Note 9 of the Consolidated Financial Statements in our Annual Report on Form 10-K with respect to fiscal 2006 for the assumptions made in determining FAS 123R values. The FAS 123R value as of the grant date for options is spread over the vesting period for the grant to become non-forfeitable. Each of Mr. Bard, Ms. Evans and Mr. Reed received stock options to purchase 2,000 shares in fiscal 2006 pursuant to prior existing director compensation arrangements. At December 30, 2006, the non-employee directors held the following stock options: Mr. Bard, 10,000 stock options; Ms. Evans, 4,000 stock options; and Mr. Reed, 10,000 stock options. The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board of Directors. In setting director compensation, the Company considers the significant amount of time that Directors expend in fulfilling their duties to the Company as well as the skill-level required by the Company of members of the Board of Directors. Our directors are not subject to any minimum share ownership requirement. However, all stock-based consideration paid is restricted so that such shares can not be sold or transferred until the director is no longer serving on the Board of Directors.

Cash and Stock Compensation Paid to Directors

For fiscal 2006, members of the Board of Directors who were not employees of the Company were entitled to receive an annual cash retainer of \$75,000, payable quarterly, half in cash and half in Common Stock. The value of the Common Stock was determined by averaging the closing price of the Common Stock on the NYSE for the last five trading days of each fiscal quarter of the Company. In addition, each non-executive director was entitled to receive 1,000 shares per annum of Common Stock, distributable on December 15th of each fiscal year. Directors who are employees of the Company receive no compensation for their service as directors.

Any director who was entitled to receive stock options to purchase 2,000 shares of Common Stock pursuant to a prior existing arrangement regarding director compensation remained entitled to receive such stock options for fiscal 2006 only (in addition to the other consideration set forth above). The value of any stock option portion of the non-employee director consideration was determined by averaging the closing price of the Common Stock on the NYSE on the date of grant. The stock options vest on the one year anniversary of the date of grant and expire on the fifth anniversary of the date of grant. No further stock option awards will be made to directors after fiscal 2006.

All stock-based consideration is to be restricted so that such shares can not be sold or transferred until the director is no longer serving on the Board of Directors.

Compensation Paid to Directors serving on Committees of the Board of Directors

Each director serving as a member of the Audit Committee is entitled to receive \$10,000 per annum, payable quarterly, in cash. Each director who serves as Audit Committee chair receives \$10,000 annually in addition to the annual cash retainer. Unless otherwise specified by the Board of Directors, each Director serving as a member on any other committee (including the Compensation Committee), is entitled to receive \$4,000 per annum, payable quarterly, in cash.

Stock Option Practice in Directors Awards

The Company does not award options retroactively to or backdate options for directors. In addition, we do not coordinate awards of options so that they are made before announcement of favorable information or after announcement of unfavorable information. Our stock options are granted at an exercise price equal to the closing price of the Common Stock on the NYSE on the date of grant, with all required approvals obtained in advance of or on the actual award date. All awards to directors require the approval of the Board of Directors. Following fiscal 2006, the Company ceased making option awards to directors.

Compensation Committee Interlocks and Insider Participation

Our Compensation Committee consists of Mr. Debbane, Mr. Bard and Mr. Amouyal. Mr. Amouyal became a member and Mr. Lainovic resigned as a member of the Compensation Committee in May of fiscal 2006. There were no Compensation Committee interlocks or insider (employee) participation during fiscal 2006.

Transactions with Related Persons

Stockholders Agreement

Shortly after our acquisition by Artal Luxembourg S.A. in 1999, we entered into a Stockholders Agreement with Artal Luxembourg S.A., Merchant Capital, Inc., Richard and Heather Penn, Long Island International Limited, Envoy Partners and Scotiabanc, Inc. relating to their rights with respect to our Common Stock held by parties, other than Artal Luxembourg S.A. Without the consent of Artal Luxembourg S.A., transfers of our Common Stock by these shareholders were restricted with certain exceptions until the third anniversary of the completion of our initial public offering. Subsequent transferees of our Common Stock, subject to limited exceptions, agreed to be bound by the terms and provisions of the agreement. Additionally, this agreement provided the shareholders with the right to participate pro rata in certain transfers of our Common Stock by Artal Luxembourg S.A. and granted Artal Luxembourg S.A. the right to require the other shareholders to participate on a pro rata basis in certain transfers of our Common Stock by Artal Luxembourg S.A.

Registration Rights Agreement

Simultaneously with the closing of our acquisition by Artal Luxembourg S.A. in 1999, we entered into a registration rights agreement with Artal Luxembourg S.A. and Heinz. The registration rights agreement grants Artal Luxembourg S.A. the right to require us to register Shares of our Common Stock for public sale under the Securities Act (1) upon demand and (2) in the event that we conduct certain types of registered offerings. Heinz has sold all shares of our Common Stock held by it and accordingly no longer has any rights under this agreement. Merchant Capital, Inc., Richard and Heather Penn, Long Island International Limited, Envoy Partners and Scotiabanc, Inc. became parties to this registration rights agreement under joinder agreements, and each acquired the right to require us to register and sell their stock in the event that we conduct certain types of registered offerings. In fiscal 2005, Artal exercised its demand registration rights under this agreement and, on August 24, 2005, the Company filed a registration statement on Form S-3 for an underwritten public offering of 11,500,000 shares (including

of the Company, which was completed in March 2006. The Invus Group, LLC (Invus) is the exclusive investment advisor to Artal. The principals of Invus received customary compensation from Artal in connection with this transaction. Certain of our directors, Mr. Debbane, Mr. Amouyal, Mr. Fajgenbaum and Mr. Sobecki, are principals of Invus. Until December 31, 2006, Mr. Lainovic was a principal of Invus when he became a co-founder and Managing Partner of Invus Financial Advisors, LLC, a New York-based investment firm.

Corporate Agreement

We entered into a corporate agreement with Artal Luxembourg S.A. in November 2001 which was amended in July 2005. We agreed that so long as Artal Luxembourg S.A. beneficially owns 10% or more, but less than a majority of our then outstanding voting stock, Artal Luxembourg S.A. will have the right to nominate a number of directors approximately equal to that percentage multiplied by the number of directors on our Board of Directors. This right to nominate directors will not restrict Artal Luxembourg S.A. from nominating a greater number of directors.

We also agreed with Artal Luxembourg S.A. that both we and Artal Luxembourg S.A. have the right to:

engage in the same or similar business activities as the other party;

do business with any customer or client of the other party; and

employ or engage any officer or employee of the other party.

Neither Artal Luxembourg S.A. nor we, nor our respective related parties, will be liable to each other as a result of engaging in any of these activities.

Under the corporate agreement, if one of our officers or directors who also serves as an officer, director or advisor of Artal Luxembourg S.A. becomes aware of a potential transaction related primarily to the group education-based weight-loss business or an internet diet business, as defined, that may represent a corporate opportunity for both Artal Luxembourg S.A. and us, the officer, director or advisor has no duty to present that opportunity to Artal Luxembourg S.A., and we will have the sole right to pursue the transaction if our Board of Directors so determines. If one of our officers or directors who also serves as an officer, director or advisor of Artal Luxembourg S.A. becomes aware of any other potential transaction that may represent a corporate opportunity for both Artal Luxembourg S.A. and us, the officer or director will have a duty to present that opportunity to Artal Luxembourg S.A., and Artal Luxembourg S.A. will have the sole right to pursue the transaction if Artal Luxembourg S.A. so determines. If one of our officers or directors who does not serve as an officer, director or advisor of Artal Luxembourg S.A. becomes aware of a potential transaction that may represent a corporate opportunity for both Artal Luxembourg S.A. and us, neither the officer nor the director nor we have a duty to present that opportunity to Artal Luxembourg S.A., and we may pursue the transaction if our Board of Directors so determines. If any officer, director or advisor of Artal Luxembourg S.A. who does not serve as an officer or director of us becomes aware of a potential transaction that may represent a corporate opportunity for both Artal Luxembourg S.A. and us, neither the officer, director, advisor, nor Artal Luxembourg S.A. has a duty to present that opportunity to us and Artal Luxembourg S.A. may pursue the transaction if it so determines.

If Artal Luxembourg S.A. transfers, sells or otherwise disposes of our then outstanding voting stock, the transferee will generally succeed to the same rights that Artal Luxembourg S.A. has under this agreement by virtue of its ownership of our voting stock, subject to Artal Luxembourg S.A.'s option not to transfer those rights. Subsequent to Artal's acquisition of us, Artal Luxembourg transferred ownership of its shares in us to Artal Participations and Management S.A. and Artal Holdings Sp. z o.o., each also members of the Artal Group. Currently, Artal Holdings Sp. z o.o. is the only record holder of our shares by Artal.

offer to purchase for cash up to 8,300,000 shares of Common Stock, including the associated preferred stock purchase rights (the Shares), or such lesser number of Shares as was properly tendered and not properly withdrawn, at a price not greater than \$54.00 nor less than \$47.00 per Share, net to the seller in cash, less any applicable withholding taxes and without interest (the Tender Offer). On December 17, 2006, in connection with the Tender Offer the Company entered into an agreement (the Purchase Agreement) with Artal Holdings Sp. z o.o., which at the time owned approximately 55.2% of the outstanding shares of Common Stock, under which on February 2, 2007 the Company repurchased 10,511,432 shares of our Common Stock from Artal at a purchase price of \$54.00 per share (the price established by the Tender Offer), for aggregate consideration of approximately \$567.6 million. This purchase was at the same price per share as was determined and paid in the Tender Offer. Artal was prohibited under the Purchase Agreement from participating in the Tender Offer and from selling shares or purchasing shares during the Tender Offer and until 11 business days following the expiration date of the Tender Offer. After giving effect to the repurchase, Artal owned approximately 55% of the outstanding shares of Common Stock of the Company.

The principals of Invus received customary compensation from Artal in connection with this transaction. Certain of our directors, Mr. Debbane, Mr. Amouyal, Mr. Fajgenbaum and Mr. Sobecki, are principals of Invus. If the date of the annual meeting is more than 30 days earlier or later than the anniversary date of the prior year's annual meeting, notice must be received not earlier than the 60th day prior to such annual meeting.

SEC Regulations for Proposals for Inclusion in our Proxy Statement. Pursuant to Rule 14a-8 under the Exchange Act, shareholders may present proper proposals for inclusion in the Company's proxy statement and for consideration at the next annual meeting of its shareholders by submitting their proposals to the Company in a timely manner and contain such information as required under the Company's Bylaws, all as more fully described in the preceding paragraph. In addition, all shareholder proposals requested to be included in the Company's proxy statement and proxy card must also comply with the federal securities laws in order to be included in the Company's proxy statement and proxy card for the 2008 annual meeting. Copies of the Company's Bylaws may be obtained free of charge by contacting the Corporate Secretary at Weight Watchers International, 11 Madison Avenue, 17th Floor, New York, NY 10010 (212) 589-2700.

All notices of proposals by shareholders, whether or not to be included in the Company's proxy materials, should be sent to the attention of the Corporate Secretary at Weight Watchers International, 11 Madison Avenue, 17th Floor, New York, NY 10010 (212) 589-2700.

Shareholders of Record with Multiple Accounts

SEC rules permit a single set of annual reports and proxy statements to be sent to any household at which two or more shareholders reside if they appear to be members of the same family. Each shareholder continues to receive a separate proxy card. This procedure is referred to as householding. While the Company does not household its mailings to its shareholders of record, a number of brokerage firms with account holders who are Company shareholders have instituted householding. In these cases, a single proxy statement and annual report will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once a shareholder has received notice from his or her broker that the broker will be householding communications to the shareholder's address, householding will continue until the shareholder is notified otherwise or until the shareholder revokes his or her consent. If at any time a shareholder no longer wishes to participate in householding and would prefer to receive a separate proxy statement and annual report he or she should notify his or her broker. Any shareholder can receive a copy of the Company's proxy statement and annual report by contacting the Company at Weight Watchers International, Attention: Corporate Secretary, 11 Madison Avenue, 17th Floor, New York, NY 10010, (212) 589-2700. Similarly, if a shareholder shares an address with another shareholder and has received multiple copies of the Company's proxy statement or annual report, he or she may write or call the Company at the above address or phone number to request a single copy of these materials.

Annual Report

The Annual Report to Shareholders covering the Company's fiscal 2006 has been mailed together with the proxy solicitation material. The Annual Report does not form any part of the material for the solicitation of proxies.

The Committee will fulfill these responsibilities primarily by carrying out the Responsibilities and Duties enumerated below.

No member of the Committee may serve on the audit committee of more than three public companies, including the Corporation, unless the Board (i) determines that such simultaneous service would not impair the ability of such member to effectively serve on the Committee and (ii) discloses such determination in the annual proxy statement. All members of the Committee shall have a working familiarity with basic finance and accounting practices, and at least one member of the Committee shall be a financial expert as required by the Sarbanes-Oxley Act. The Chairperson shall be entitled to cast a vote to resolve any ties. The Chairperson will chair all regular sessions of the Committee and set the agendas for Committee meetings.

MEETINGS

The Committee shall meet at least four times annually, or more frequently, as circumstances dictate. As part of its job to foster open communication, the Committee will meet periodically but not less than annually with management, the director of the internal auditing department and the independent accountants separately to discuss any matters that the Committee or each of these groups believe should be discussed privately. In addition, the Committee or at least its Chairperson, will meet with the independent accountants and management quarterly to review the Corporation's financial statements in a manner consistent with its Responsibilities and Duties as outlined below. All meetings of the Committee may be held telephonically.

3. Review with management and the independent accountants the Corporation's earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies prior to the release of earnings. The Committee's discussion of earnings press releases and earnings guidance with management may be general in nature and need not take place in advance of each earnings release or each instance in which the Corporation may provide earnings guidance. The Chairperson of the Committee may represent the entire Committee for purposes of this review and discussion.

The Committee may delegate to one or more of its members the authority to approve in advance all significant audit or non-audit services to be provided by the independent auditors so long as it is presented to the full Committee at a later time.

7. Oversee independence of the independent accountants by:

receiving from the independent accountants, on a periodic basis, a formal written statement delineating all relationships between the accountants and the Corporation consistent with Independence Standards Board Standard 1 (ISB No. 1);

reviewing and actively discussing with the Board, if necessary, and the independent accountants, on a periodic basis, any disclosed relationships or services between the independent accountants and the Corporation or any other disclosed relationships or services that may impact the objectivity and independence of independent accountants; and

- (d) Take into account the opinions of management and the Corporation's internal auditors.

In that connection, the Committee should obtain and discuss with management and the independent accountant reports from management and the independent accountant regarding: (i) all critical accounting policies and practices to be used by the Corporation; (ii) analyses prepared by management and/or the independent accountant setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including all alternative treatments of financial information within generally accepted accounting principles that have been discussed with the Corporation's management, the ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the independent accountant; (iii) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Corporation's selection or application of accounting principles; (iv) major issues as to the adequacy of the Corporation's internal controls and any specific audit steps adopted in light of material control deficiencies; (v) any other material written communications between the independent accountant and the Corporation's management; and (vi) review regulatory and accounting proposals.

Legal Compliance/General

13. Review, with the Corporation's counsel, any legal matter that could have a significant impact on the Corporation's financial statements. The Committee, in discharging its oversight role, is empowered to study or investigate any matter of interest or concern that the Committee deems appropriate. In this regard, the Committee shall have the authority to retain outside legal, accounting or other advisors for this purpose, including the authority to approve the fees payable to such advisors and any other terms of retention.

14. Discuss with management and the independent accountants the Corporation's guidelines and policies with respect to risk assessment and risk management.
