### **AMERICAN COMMERCE SOLUTIONS, INC.**

This Annual Report on Form 10-KSB and the documents incorporated herein by reference contain forward-looking statements that have been made pursuant to the provisions of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are based on current expectations, estimates and projections about American Commerce Solution, Inc.'s industry, management beliefs, and assumptions made by management. Words such as anticipates, expects, intends, plans, believes, seeks, estimates, variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and assumptions that are difficult to predict; therefore, actual results and outcomes may differ materially from what is expressed or forecasted in any such forward-looking statements.

### **PART I**

#### **ITEM 1. DESCRIPTION OF BUSINESS**

American Commerce Solutions, Inc., was incorporated in Rhode Island in May 1991 under the name Jaque Dubois, Inc. and was re-incorporated in Delaware in 1994. In July 1995, the Company's name was changed to JD American Workwear, Inc. In December 2000 the shareholders voted to change the name of the company to American Commerce Solutions, Inc. to more accurately portray the activities of the company.

American Commerce Solutions, Inc. (the Company or American Commerce) is a multi-industry holding company for its operating subsidiaries. As of the close of its most recently completed fiscal year end, the Company had two wholly owned subsidiaries operating in the manufacturing segment and the fiberglass segment. The operating subsidiaries are International Machine and Welding, Inc. located in Bartow, Florida and Chariot Manufacturing Company located in Tampa, Florida.

The Company intends to expand its holdings by acquiring additional subsidiaries to facilitate its business plan. The current business plan has been in development since June 2000.

International Machine and Welding, Inc. provides specialized machining services for heavy industry. Target customers in the region include mining, agriculture processing, maritime, power generation and industrial machinery companies. Additional operations include heavy equipment service to the construction, forestry, waste and scrap industries. The operation provides complete service of the equipment, which includes rebuilding undercarriages, engines, transmissions, final drives and hydraulics. The effective service area for the operation located in the Southeastern region of the United States is a prime and lucrative market for such services. Growth in this region of the United States (population, infrastructure, and building) has created long term needs for construction equipment. All of these machines require periodic maintenance, and at certain points major overhauls. In addition to its 38,000 square foot facility, the operation also provides fully equipped field service vehicles so machines do not have to be removed from the work site.

International Machine and Welding, Inc. also sells OEM and after-market repair parts for heavy equipment. The operation has an extensive cross-reference listing and network of sources. One of the major competitive advantages of the operation is its ability to determine exactly what the customer needs and fulfill the requirement. In many cases, the customer may not have service manuals or to be able to identify part numbers. If a customer has more than one type of machine, which is quite common, they may have to contact a number of different suppliers to get parts for multiple machines. Our operation identifies the required parts and arranges the necessary repairs. As a result, the customer only has to make one phone call for all of their needs. This also makes International Machine and Welding, Inc. an attractive alternative for sales to customers outside the United States. Orders can be accumulated throughout the month and be sent on consolidated shipments. This has created a niche market for the direct parts sales division. The operation currently has two customer relationships in the Caribbean. Management believes that this market has not been fully targeted by its competitors and offers potential as a source of increased business.

Chariot Manufacturing Company, which was acquired on October 11, 2003 from a related party, manufactures motorcycle trailers with fiberglass bodies. These trailers are sold both on the retail and dealer levels. The company also provides non-warranty repairs, modification of existing Chariot Trailers.

The Board of Directors of American Commerce Solutions, Inc. has determined that it will seek to acquire additional fiberglass manufacturing operations, machining, fabricating, erecting and construction operations that utilize heavy equipment. Additional segments being considered are manufacturing supply operations, consumer products and commercial construction support services.

## Table of Contents

### ACQUISITIONS AND DIVESTITURES

The Company sold back to its original founder the assets and certain liabilities of its JD American Workwear, Inc. operation and all of the Rhode Island Truck and Equipment, Inc. operations on May 31, 2001 and October 31, 2001, respectively. The terms and conditions of these transactions have been reported in their respective Form 10-QSB for the period ended May 31, 2001 and November 30, 2001 and are incorporated by reference herein.

On June 1, 2000, the Company completed the purchase of International Machine and Welding, Inc. by acquiring all of the outstanding capital stock of its holding company, Patina Corporation for a total purchase price of \$4,446,159. The acquisition was accounted for using the purchase method of accounting and, accordingly, International Machine and Welding, Inc.'s results of operations have been included in the consolidated financial statements since the date of acquisition. The acquisition was funded by the issuance of 9,800 shares of Series C 6% Preferred Stock.

On June 1, 2000, the Company completed the purchase of Rhode Island Truck and Equipment Corp. d/b/a International Paving, Inc. by acquiring all its outstanding capital stock for a total purchase price of \$238,000. The acquisition was funded by the issuance of 200,000 shares of common stock.

On June 1, 2001, the Company discontinued the operations of its JD American Workwear, Inc. subsidiary and exchanged certain assets and liabilities with the President of the subsidiary for 725,000 shares of the Company's common stock and notes payable of \$43,115. On October 31, 2001, the Company returned all of the stock of Rhode Island Truck and Equipment Corp. to its original owners in exchange for 155,000 shares of the Company's common stock.

On October 11, 2003, the Company acquired 100 percent of the outstanding common stock of Chariot Manufacturing Company, from a related party for \$360,000. The acquisition was financed through the assignment of a note receivable valued at \$150,000, \$30,000 worth of common stock and a note payable for \$180,000.

During the year ended February 28, 2005, the Company entered into a purchase agreement to acquire certain assets, including equipment and inventory from a supplier for \$848,650. The Company acquired equipment and inventory valued at \$768,826 and \$6,208, respectively, and forgiveness of payables of \$73,616 by the supplier. In exchange for the assets and forgiveness of payables, the Company assigned receivables \$131,658, forgave debt of \$273,376 and issued notes payable of \$443,616.

### BUSINESS STRATEGY

The Company has adopted a business strategy that focuses on expansion through acquisition. The key elements of acquisition targets must include solid management, profitability, geographical locations compatibility and/or undervalued companies that can be enhanced by shared services and opportunities.

Under the current strategy, the Company is developing three divisions of its chosen segment: Manufacturing and Fiberglass.

### MANUFACTURING SEGMENT

The Manufacturing Segment through International Machine and Welding, Inc. offers a broad range of products and services to heavy industry through its three divisions. The operations of Division 1 provide specialized machining of very large components and machinery repair to industries such as aerospace, agricultural processing, chemical, defense, mining, maritime and power generation. Our 38,000 square foot facility located in Bartow, Florida is one of the only operations in the Southeast capable of machining components up to 55 feet in length and/or 20 feet in diameter. Division 2 provides heavy equipment service (parts and labor), which includes repair and bonded rebuilds of engines, tracks, undercarriages, transmissions, final drives and hydraulic systems on heavy equipment. The equipment we repair is from the heavy construction industry including bulldozers, scrapers, loaders, excavators, large tractors, rollers, etc. The division provides field service via equipped service trucks to provide repairs at the customer's site. Division 3 sells replacement parts to the heavy equipment market, directly to the end user with most of the parts exported outside the United States.

### FIBERGLASS SEGMENT

The Fiberglass Segment through Chariot Manufacturing Company produces a line of fiberglass trailers suitable for a wide range of uses. Some of the uses include the transportation of motorcycles, ATVs, personal watercraft, small vehicles, vending, mobile fiber optic workstations, utility and other specialized applications. The trailers are available in both open and enclosed configurations. The fiberglass unibody construction of the product is stronger, yet lighter than conventional aluminum and steel trailers. The Chariot trailer has a steel tube sub frame, which is tucked

## Edgar Filing: AMERICAN COMMERCE SOLUTIONS Inc - Form 10KSB

up inside the fiberglass body reducing drag. Since the body is molded in fiberglass, the shape can be optimized to reduce drag. The overall shape, coupled with the light weight of the trailer also improves gas mileage while towing. The trailers can be fitted with optional features such as custom interiors and sleeper options.

## **Table of Contents**

### MANUFACTURING AND SOURCES OF SUPPLY

#### Manufacturing Segment

Supplies and parts used by International Machine and Welding, Inc. are purchased from several major suppliers including Caterpillar, John Deere, Case and other major manufacturers and after market parts suppliers. The machining operations purchase from many suppliers based on the need of specific jobs. Although the operations do not have any long-term contracts with any of its suppliers, management believes that it has excellent business relationships with its current suppliers and it is not exposed to any significant risk in the event any one source of supply is discontinued, because there are many suppliers.

#### Fiberglass Segment

Likewise, Chariot Manufacturing Company has a ready supply of material available through both seasoned and new suppliers and vendors.

### MARKETING AND SALES

#### Manufacturing Segment

International Machine and Welding, Inc. operates three divisions at one location. Division 1 sales have traditionally come from industries within a 100-mile radius of its facilities requiring specialized machining applications. Direct salesmen have established relationships with specific customers and the Company has expanded the business relationship through quality, rapid turn and value. While this business is quite lucrative, visibility is limited. The operation intends to expand its operations in the OEM market, where the subsidiary provides components to manufacturers of large machines. These types of accounts generally involve annual contracts with three-month rolling schedules. The expansion of the market also is expected to increase the serviceable territory from the Southeast to include the entire United States.

Direct sales personnel who primarily target mid-tier accounts handle sales for Division 2 and 3. We believe that this broad niche market is largely untapped by the larger factory-sponsored operations which cater specifically to very large accounts. Margins are typically very slim in these accounts and a large percentage of the customer base is represented by very few accounts. Because we are an independent repair facility, we can provide service to a much broader base of customers with greater margins than the large factory-sponsored competitors.

#### Fiberglass Segment

Chariot Manufacturing Company sells through a network of dealers throughout the United States, or directly to individuals. Inquiries from individuals come from a number of sources including the Company's participation in industry events, the Company's web site and from people who have seen the product on the road and called the Company's phone number, (which is on every trailer produced either in graphic form or molded into the fiberglass body). Many inquiries result from referrals from existing customers. The Company has a 30-year history and is well known in the industry. Recently, the Company has begun to pursue OEM business, where trailers are sold to companies rather than individuals or dealers. These companies will install their products into the trailer and sell the package to the end user.

### COMPETITION

#### Manufacturing Segment

The principal competitors of the Manufacturing Division consists of regional companies such as Southern Machinery, Florida Plating and Machine, Arroyo and Florida Metalizing in the machining operations and national corporations such as Ringhaver Equipment, Caterpillar, and Case repair facilities in the heavy equipment parts and service category. Management believes that the ability to rapidly turn goods or to provide parts on a timely basis gives it a competitive advantage. We are able to ship parts directly to the consumer, usually on the same day as the order or to return all service work within the time specified either by completing the work at the customers site or because of immediate turnaround capabilities.

## Table of Contents

### Fiberglass Segment

Chariot Manufacturing's principal competitors include companies such as Pace American, Hallmark, Feather Light and Wells Cargo. Chariot is competitively priced when compared to comparably equipped trailers. Chariot is positioned in the market as a premium product. Many features are standard equipment on the Chariot, while they are options on competitive products. Chariot's aerodynamic styling, lightweight, unibody construction, balance, resale value and standard features differentiate it from the competition.

### CUSTOMER DEPENDENCE

#### Manufacturing Segment

International Machine and Welding, Inc. has a broad and diverse base of customers. The division does not rely on any single customer, the loss of which would have a material adverse effect on the segment. This division does generate a significant amount of revenues from sales and services provided to three different industries. The construction industry accounted for approximately 37.7% of the division's revenues in fiscal 2007 compared to 39% in fiscal 2006, while the industrial and mining industries accounted for approximately 31.1% and 28.4% in fiscal 2007 compared to 40% and 19% in fiscal 2006, respectively, of the division's total revenues. Due to these concentrations, the results of operations of the division could be affected by changes in the economic, regulatory, or other related conditions impacting on these industries.

Although the division does not rely on a single customer, three of the Company's customers accounted for approximately 32% of total revenues for the year ended February 28, 2007. These customers were the Mosaic Company 18%, Vehicare 8% and Marden Industries 6%.

#### Fiberglass Segment

Chariot Manufacturing Company has a wide base of customers. The loss of a single customer or dealer would not have a material adverse effect on the business. The primary use of the product is to transport motorcycles. The motorcycle industry growth has been strong in recent years. Sales for the Company's products, however, are not tied to sales of new motorcycles.

### EMPLOYEES

At February 28, 2007, the Company and its subsidiaries had 24 full-time employees and the parent operation has two full time executives. The Manufacturing segment employs 19 full time employees. Chariot Manufacturing Company employs 5 full time workers.

### FUTURE ACQUISITIONS

The Company remains dedicated to its basic business plan, which calls for growth through acquisition of strategic business opportunities. Although discussions and negotiations continue with multiple companies, the most anticipated opportunities remain to be within the fiberglass industry. As of the filing of this document, we have not completed the close of a fiberglass recycling company, however progress is being made daily with all requisite functions, i.e., accounting, legal and structural.

### FORWARD LOOKING STATEMENTS

This Annual Report on Form 10-KSB (including the Exhibits hereto) may contain forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding, among other things, the financial condition and prospects of the Company and its subsidiaries, results of operations, projections, plans for future business development activities and the opportunities available within its market areas, capital spending plans, financing sources, projections of financial results or economic performance, capital structure, the effects of competition, statements of plans, expectations, or objectives of the Company, and the business of the Company and its subsidiaries. These forward-looking statements are typically identified by words or phrases such as believe, expect, anticipate, plan, estimate, intend, and other similar words and expressions, or future or conditional verbs such as should and could and other characterizations of future events or circumstances. In addition, the Company may from time to time make such written or oral forward-looking statements in future filings with the Securities and Exchange Commission (including exhibits thereto), in its reports to stockholders, and in other communications made by or with the approval of the Company.

These forward-looking statements reflect the current views of the Company at the time they are made and are based on information currently available to the management of the Company and upon current expectations, estimates, and projections regarding the

## **Table of Contents**

Company and its industry, management's beliefs with respect thereto, and certain assumptions made by management. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, and other factors (many of which are outside the control of the Company), which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. Such forward-looking statements speak only to the date that such statements are made, and the Company undertakes no obligation to update any forward-looking statements, whether as the result of new information, future events, the occurrence of unanticipated events, or otherwise. The following sets forth some, but not necessarily all, of the factors that may cause the Company's actual results to vary materially from those which are the subject of any forward-looking statements.

### **RISK FACTORS**

Accumulated Deficit and Operating Losses and Anticipated Earnings; Explanatory Language in Auditor's Report. The Company had an accumulated deficit at February 28, 2007 of \$17,214,690 and net loss to common shareholders of \$1,450,388 for the year ended February 28, 2007. The Company had an accumulated deficit of \$15,764,302, and net loss to common shareholders of \$922,351 for the year ended February 28, 2006. Additionally, the Company is in default on several notes payable. The auditor's opinion on the financial statements expresses substantial doubt about the ability to continue as a going concern, therefore, the financial statements are presented on the basis that the Company is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the ordinary course of business. While there can be no assurance of this outcome, management believes its plan of operation will allow the Company to achieve this goal.

Growth Plans and Risk of Expansion. The Company adopted and implemented a business strategy, which seeks growth and expansion through the acquisition of synergistic companies. Accordingly, the growth and financial performance of the Company will depend, in large part, upon the Company's ability to identify and locate suitable acquisitions, to manage such growth and the resultant diverse operations, to manage the margins of the acquired operations, and to attract, hire, train, and retain qualified supervisory personnel and other operational employees to meet the Company's needs as it expands, as well as the availability of sufficient working capital. Difficulties resulting from the failure of the Company to manage and control its growth could materially adversely affect the Company's operating results and financial condition.

No Assurance of Acquisitions. Although the Company has had preliminary discussions with potential acquisition candidates, the Company has not completed any acquisitions in the fiscal year ended February 28, 2007. The Company does have current understandings or arrangements (oral or written) relating to specific acquisitions, but cannot give specific timing to close the potential acquisitions. Until binding agreements are in place there can be no assurance that any proposed acquisition will be consummated or that adequate, acceptable and affordable financing will be available.

Furthermore, to the extent that acquisitions are consummated, the Company's success or failure will depend upon management's ability to integrate the acquired business into the company and implementation of adequate management skills and systems necessary to accomplish the Company's strategy. Additionally, the Company is unable to predict whether or when, once integrated, any acquisition may achieve comparable levels of revenues, profitability, or productivity as existing Company operations, or otherwise perform as expected (including achievement of expected synergies or financial benefits). The Company may face competition for desirable acquisitions from entities that may possess greater resources than the Company.

Acquisition Risks. Acquisitions involve a number of special risks, some or all of which could have a material adverse effect on the Company's results of operations or financial condition. Such risks include, but are not limited to, the diversion of management's attention from core operations, difficulties in the integration of acquired operations and retention of personnel, customers, and suppliers, unanticipated problems or legal liabilities, tax and accounting issues, and the inability to obtain all necessary governmental and other approvals and consents.

Need for Additional Financing. Cash flows from the receipt of payments on the note receivable provided the working capital needs and principal payments on long-term debt through most of fiscal 2007. However, the Company will need to obtain additional financing in order to finance its acquisition and growth strategy. There can be no assurance that debt or equity financing will be available to the Company on acceptable terms, if at all. If the Company does require additional financing and it cannot be obtained or the terms of such financings are unfavorable, it may have a material adverse impact on our operations and profitability, and the Company may need to curtail its business plan and strategy.

Loss of Certain Members of Our Management Team Could Adversely Affect the Company. The Company is dependent to a significant extent on the continued efforts, abilities and funding of our Chairman, Robert E. Maxwell and President and Chief Executive Officer, Daniel L. Hefner. If the company was to lose the services of either of these individuals or other key employees or consultants before a qualified replacement could be obtained, the business could be materially affected.

Expected Volatility in Share Price. The market price of our stock has traded in a wide range. From March 1, 2001 through February 28, 2007 the price of our common shares has ranged from \$0.01 to \$0.78 per share. The price of our common stock may be

**Table of Contents**

subject to fluctuations in response to quarter-to-quarter variations in operating results, creation or elimination of funding opportunities, restriction of the acquisition plans, and favorable or unfavorable coverage of our officers and Company by the press.

**ITEM 2. DESCRIPTION OF PROPERTY**

International Machine and Welding, Inc. owns in fee simple title a 38,000 square foot facility in Bartow, Florida, which currently serves as the principal executive offices of American Commerce Solutions. A note payable to Valrico State Bank, originally at \$875,000 encumbers this building. As of February 28, 2007, the balance on this note is \$746,973. This note was refinanced in December 2005 for three years. The original note and mortgage in favor of Valrico State Bank allowed the Company to negotiate a settlement with GE Capital Small Business and other creditors, substantially reducing debt service and generating a one time gain of \$812,014, which was recognized during fiscal year ended February 28, 2003.

Chariot Manufacturing Co. has its corporate offices at the International Machine and Welding facilities in Bartow, Florida. Its manufacturing operations are housed in an approximately 12,500 square foot moveable facility located in Tampa, Florida. The land that the facility is housed on, approximately 1.5 acres, is under a lease /option by AFG assigned to American Commerce Solutions, Inc. as part of the July 2004 asset purchase of AFG assets. AFG is one of Chariot's key fiberglass suppliers. It is anticipated that the facilities will be adequate to meet the company's sales projections until a more permanent facility can be secured or the land is purchased to create a more permanent operation. The adjacent, slightly larger parcel is available. ACS has a right of first refusal on this parcel.

**ITEM 3. LEGAL PROCEEDINGS**

None.

**ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS**

During the year ended February 28, 2007, the Company did not submit any matters to a vote of its security holders.

**PART II**

**ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS**

**MARKET INFORMATION**

Since the April 1996 closing of the Company's initial public offering, the Company's Common Stock has traded in the over-the-counter market on the National Association of Securities Dealers, Inc. OTC Bulletin Board System (OTCBB). Until January 31, 2001 the company's common stock traded under the symbol JDAW. In connection with the name change, since February 10, 2001, the common stock has traded under the symbol AACS. The following table sets forth the range of high and low closing bid quotations of the Common Stock as reported by the OTCBB for each fiscal quarter for the past two fiscal years. High and low bid quotations reflect inter-dealer prices without adjustment for retail mark-ups, markdowns or commissions and may not necessarily represent actual transactions.

	Bid Prices	
	High	Low
<b>FISCAL 2007</b>		
First Quarter (March 1, 2006 through May 31, 2006)	\$ 0.02	\$ 0.01
Second Quarter (June 1, 2006 through August 31, 2006)	\$ 0.02	\$ 0.01
Third Quarter (September 1, 2006 through November 30, 2006)	\$ 0.02	\$ 0.01
Fourth Quarter (December 1, 2006 through February 28, 2007)	\$ 0.02	\$ 0.01

## Edgar Filing: AMERICAN COMMERCE SOLUTIONS Inc - Form 10KSB

### FISCAL 2006

First Quarter (March 1, 2005 through May 31, 2005)	\$ 0.02	\$ 0.02
Second Quarter (June 1, 2005 through August 31, 2005)	\$ 0.04	\$ 0.02
Third Quarter (September 1, 2005 through November 30, 2005)	\$ 0.02	\$ 0.02
Fourth Quarter (December 1, 2005 through February 28, 2006)	\$ 0.02	\$ 0.01

**Table of Contents**

On February 28, 2007 the closing bid price of the Company's Common Stock as reported by the OTCBB was \$0.0135 and there were approximately 1,204 shareholders of record.

**DIVIDENDS**

The Company has never declared or paid a dividend on its Common Stock, and does not anticipate paying any cash dividends on its Common Stock in the foreseeable future. The Company expects to retain, if any, its future earnings for expansion or development of the Company's business. The decision to pay dividends, if any, in the future is within the discretion of the Board of Directors and will depend upon the Company's earnings, capital requirements, financial condition and other relevant factors such as contractual obligations. There can be no assurance that dividends can or will ever be paid.

**EQUITY COMPENSATION PLAN INFORMATION**

The following table provides information about our Equity Compensation Plans.

<b>Plan Category</b>	<b>Number of securities to be issued upon exercise of outstanding options</b>	<b>Weighted average price of outstanding options</b>	<b>Number of securities remaining available for future issuance</b>
Non-Qualified Option/Stock Appreciation Rights Plan approved by security holders	362,500	\$ 0.27	57,400
Employees Stock Incentive Plan approved by security holders			
Non-Employee Directors and Consultants Retainer Stock Plan approved by security holders			

**RECENT SALES OF UNREGISTERED SECURITIES**

None

**ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS**

This discussion is intended to further the reader's understanding of the Company's financial condition and results of operations, and should be read in conjunction with the Company's consolidated financial statements and related notes included elsewhere herein. This discussion also contains forward-looking statements. The Company's actual results could differ materially from those anticipated in these forward-looking statements as a result of the risks and uncertainties set forth elsewhere in this Annual Report and in the Company's other SEC filings. Readers are cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date hereof. The Company is not party to any transactions that would be considered off balance sheet pursuant to disclosure requirements under ITEM 303(c).

**RESULTS OF OPERATIONS**

The Company owns two subsidiaries that operated in the manufacturing segment and the fiberglass segment during the fiscal year ended February 28, 2007 and 2006. To facilitate the readers understanding of the Company's financial performance, this discussion and analysis is presented on a segment basis.

**MANUFACTURING SEGMENT**

The manufacturing subsidiary, International Machine and Welding, Inc., generates its revenues from three divisions. Division 1 provides specialized machining and repair services to heavy industry and original equipment manufacturers. Division 2 provides repair and rebuild services on heavy equipment used in construction and mining as well as sales of used equipment. Division 3 provides parts sales for heavy equipment directly to the customer. The primary market of this segment is the majority of central and south Florida with parts sales expanding its market internationally. The current operations can be significantly expanded using the 38,000 square foot structure owned by International

Machine and Welding, Inc.

## **Table of Contents**

### FIBERGLASS SEGMENT

Chariot Manufacturing Company, which was acquired on October 11, 2003 from a related party, manufactures motorcycle trailers with fiberglass bodies. These trailers are sold both on the retail and dealer levels. The company also provides non warranty repairs, modification of existing Chariot Trailers.

### FISCAL YEAR 2007 COMPARED TO FISCAL YEAR 2006

#### General

The Company's consolidated net sales increased to \$2,351,288 for the fiscal year ended February 28, 2007, an increase of \$49,714 or 2%, from \$2,301,574 for the fiscal year ended February 28, 2006. The increase in net sales was due to a normal fluctuation in our customer's requirements.

Gross profit for the consolidated operations increased to \$839,293 for the fiscal year ended February 28, 2007 from \$811,176 for the fiscal year ended February 28, 2006. Gross profit as a percentage of sales increased in fiscal year 2007 to 36% from 35% in fiscal year ended 2006. The increase in gross profit margin was due to an emphasis on more profitable business, including the change in the mix between machining and sales of parts and services.

Consolidated interest expense in fiscal 2007 was \$150,311 compared to \$144,167 in fiscal 2006. The overall increase in interest expense was due to the Company increasing the amount of outstanding debt.

Selling, general and administrative expenses increased to \$2,151,609 for fiscal 2007 from \$2,115,724 for fiscal 2006, an increase of \$35,885 or 2%. This increase was due to an overall increase in salaries and related payroll expenses, as well as the write off of a note receivable.

The Company incurred a net consolidated loss of \$1,450,388 for the year ended February 28, 2007 compared to a loss of \$922,351 for the year ended February 28, 2006. The increase in the consolidated net loss is primarily due to absence of one-time gains compared to prior year, losses in the fiberglass segment, the overall increase in salaries and related expenses, as well as the write off of a note receivable.

#### Manufacturing Segment

The manufacturing operation, International Machine and Welding, Inc. provided net sales of \$2,176,391 for the fiscal year ended February 28, 2007 compared to \$2,135,478 for the fiscal year ended February 28, 2006. The machining operations provided \$699,340 or 32% of net sales with parts and service providing \$1,477,051 or 68% of net sales for the fiscal year ended February 28, 2007 as compared to machining operations contributing \$904,410 or 42% of net sales with parts and service providing \$1,231,068 or 58% of net sales for the fiscal year ended February 28, 2006.

Gross profit from International Machine and Welding, Inc. was \$858,328 for the fiscal year ended February 28, 2007 compared to \$791,172 in fiscal 2006 providing gross profit margins of 39% and 37%, respectively. This increase is due to the Company shifting its focus to more sales of parts and services where the margin is greater.

Selling, general and administrative expenses for International Machine and Welding, Inc. were \$975,859 for the fiscal year ended February 28, 2007 compared to \$919,749 for the fiscal year ended February 28, 2006.

Interest expense was \$110,509 for the fiscal year ended February 28, 2007 compared to \$105,632 for the fiscal year ended February 28, 2006. The increase in interest expense, net is due to the a full year of interest expense from the Company's additional debt that had been taken on during the first quarter of 2006.

The Company does not have discrete financial information on each of the three manufacturing divisions, nor does the Company make decisions on the divisions separately; therefore they are not reported as segments.

#### Fiberglass Segment

The fiberglass manufacturing operation, Chariot Manufacturing Company was acquired during the year ended February 2004 and provided net sales of \$174,897 for the fiscal year ended February 28, 2007 as compared to \$166,096 for the fiscal year ended February 28, 2006.

## Edgar Filing: AMERICAN COMMERCE SOLUTIONS Inc - Form 10KSB

Gross profit from Chariot was \$(19,035) for the fiscal year ended February 28, 2007 as compared to \$20,004 for the fiscal year ended February 28, 2006 providing a gross profit margin of (11%) and 12%, respectively. The decrease in gross profit and the related gross profit margin was due to cessation of production and continuation of static and wage expenses during completion of retooling.

## **Table of Contents**

Selling, general and administrative expenses were \$314,593 for 2007 and \$287,303 for 2006. The increase in selling, general and administrative expenses was due to temporarily closing the plant to produce new models.

### **LIQUIDITY AND CAPITAL RESOURCES**

During the fiscal years ended February 28, 2007 and 2006, the Company used net cash for operating activities of \$576,838 and \$254,904, respectively. This increase in cash used by operating activities is primarily due to the overall increase in the net loss from the prior year.

During the years ended February 28, 2007 and 2006, the Company provided (used) funds for investing activities of \$215,110 and \$(102,861), respectively. This increase in cash provided from investing activities is mainly due to the payments received on the notes receivable.

During the years ended February 28, 2007 and 2006, the Company provided cash from financing activities of \$360,226 and \$312,391, respectively. The increase in net cash provided by financing activities is due to an increase in the cash received from the issuance of notes payable.

Cash flows from investing and financing activities provided for working capital needs and principal payments on long-term debt through fiscal 2007. As of February 28, 2007, the Company had a working capital deficit of \$1,439,918. To the extent that the cash flows from investing and financing activities are insufficient to finance the Company's anticipated growth, or its other liquidity and capital requirements during the next twelve months, the Company will seek additional financing from alternative sources including bank loans or other bank financing arrangements, other debt financing, the sale of equity securities (including those issuable pursuant to the exercise of outstanding warrants and options), or other financing arrangements. However, there can be no assurance that any such financing will be available and, if available, that it will be available on terms favorable or acceptable to the Company.

Management has revised its business strategy to include the manufacture of additional products. Although management has reduced debt, new financing to finance operations and to facilitate additional production is still being sought. However, there can be no assurance that the Company will be able to raise capital, obtain debt financing, or improve operating results sufficiently to continue as a going concern.

### **SEASONALITY**

The diversity of operations in the manufacturing segment protects it from seasonal trends except in the sales of agricultural processing where the majority of the revenue is generated while the processors await the next harvest.

### **CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

The accompanying consolidated financial statements include the activity of the Company and its wholly owned subsidiaries. All intercompany transactions have been eliminated in consolidation. The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. The Company reviews its estimates, including but not limited to, recoverability of long-lived assets, recoverability of prepaid expenses and allowance for doubtful accounts, on a regular basis and makes adjustments based on historical experiences and existing and expected future conditions. These evaluations are performed and adjustments are made as information is available. Management believes that these estimates are reasonable; however, actual results could differ from these estimates.

We believe that the following critical policies affect our more significant judgments and estimates used in preparation of our consolidated financial statements.

We maintain allowances for doubtful accounts for estimated losses resulting from the inability of our customers to make required payments. We base our estimate on an analysis of the Company's prior collection experience, customer credit worthiness, and current economic trends. If the financial condition of our customers were to deteriorate, additional allowances may be required.

We value our inventories at the lower of cost or market. Cost is determined on a standard cost basis that approximates the first-in, first-out method; market is determined based on net realizable value. We write down inventory balances for estimated obsolescence or unmarketable inventory equal to the difference between the cost of the inventory and the estimated market value based upon assumptions about future demand and market conditions. If actual market conditions are less favorable than those projected by management, additional inventory write-downs may be required.

## **Table of Contents**

We value our property and equipment at cost. Amortization and depreciation are calculated using the straight-line and accelerated methods of accounting over the estimated useful lives of the assets. Maintenance and repairs are charged to operations when incurred. Betterments and renewals are capitalized. When property and equipment are sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is included in operations.

Fair value estimates used in preparation of the consolidated financial statements are based upon certain market assumptions and pertinent information available to management. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values. These financial instruments include cash, accounts receivable, accounts payable, and accrued expenses. Fair values were assumed to approximate carrying values for these financial instruments since they are short-term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand. The fair value of the Company's notes payable is estimated based upon the quoted market prices for the same or similar issues or on the current rates offered to the Company for debt of the same remaining maturities.

Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the consolidated financial statements carrying amounts of existing assets and liabilities and their respective income tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized as income in the period that included the enactment date. See consolidated financial statements footnote 12.

## **NEW ACCOUNTING PRONOUNCEMENTS**

In July 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, ( FIN 48 ) Accounting for uncertainty in income taxes an interpretation of SFAS No. 109. This Interpretation provides guidance for recognizing and measuring uncertain tax positions, as defined in FASB No. 109, Accounting for income taxes. FIN 48 prescribes a threshold condition that a tax position must meet for any of the benefit of an uncertain tax position to be recognized in the financial statements. Guidance is also provided regarding derecognition, classification and disclosure of uncertain tax positions. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company does not expect that this Interpretation will have a material impact on their financial position, results of operations or cash flows.

In September 2006, the FASB issued SFAS No. 157 ( SFAS 157 ), Fair Value Measurements. SFAS 157 clarifies the principle that fair value should be based on the assumptions that market participants would use when pricing an asset or liability. Additionally, it establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Company does not expect the adoption of SFAS 157 to have a material impact on their financial position, results of operations or cash flows.

In December 2006, the FASB issued the FASB Staff Position (FSP) No. EITF 00-19-2, ( FSP EITF 00-19-2 ), Accounting for Registration Payment Arrangements. This FSP addresses an issuer's accounting for registration payment arrangements. This FSP specifies that the contingent obligation to make future payments or otherwise transfer consideration under a registration payment arrangement, whether issued as a separate agreement or included as a provision of a financial instrument or other agreement, should be separately recognized and measured in accordance with FASB Statement No. 5, Accounting for Contingencies. The guidance in this FSP amends FASB Statements No. 133, Accounting for Derivative Instruments and Hedging Activities, and No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity, and FASB Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, to include scope exceptions for registration payment arrangements. This FSP further clarifies that a financial instrument subject to a registration payment arrangement should be accounted for in accordance with other applicable generally accepted accounting principles (GAAP) without regard to the contingent obligation to transfer consideration pursuant to the registration payment arrangement. This FSP shall be effective immediately for registration payment arrangements and the financial instruments subject to those arrangements that are entered into or modified subsequent to the date of issuance of this FSP, or for financial statements issued for fiscal years beginning after December 15, 2006, and interim periods within those fiscal years. The Company will adopt FSP EITF 00-19-2 for the year ended February 28, 2008.

In September 2006, the Securities and Exchange Commission issued Staff Accounting Bulletin ( SAB ) No. 108, Considering the Effects of Prior Year Misstatements When Quantifying Current Year Misstatements. SAB No. 108 requires analysis of misstatements using both an income statement (rollover) approach and a balance sheet (iron curtain) approach in assessing materiality and provides a one-time cumulative effect transition adjustment. SAB No. 108 is effective for our 2007 annual financial statements. The adoption of SAB No. 108 did not have a material impact on the consolidated financial statements.

Other recent accounting pronouncements issued by the FASB (including its EITF), the AICPA, and the SEC did not or are not believed by management to have a material impact on the Company's present or future financial statements.

American Commerce Solutions, Inc. and Subsidiaries

Bartow, Florida

We have audited the accompanying consolidated balance sheet of American Commerce Solutions, Inc. and Subsidiaries as of February 28, 2007 and the related consolidated statements of operations, changes in stockholders' equity and cash flows for the years ended February 28, 2007 and 2006. These consolidated financial statements are the responsibility of the management of American Commerce Solutions, Inc. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of American Commerce Solutions, Inc. and Subsidiaries as of February 28, 2007 and the results of its operations and its cash flows for the years ended February 28, 2007 and 2006 in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2, the Company incurred a net loss of \$1,450,388 during the year ended February 28, 2007 and has an accumulated deficit of \$17,214,690 and negative working capital of \$1,439,918 at February 28, 2007. In addition, the Company is in default on several notes payable at February 28, 2007. These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

## Edgar Filing: AMERICAN COMMERCE SOLUTIONS Inc - Form 10KSB

During the years ended February 28, 2007 and 2006, the Company increased notes payable by \$24,418 and \$24,396, respectively for an accrual of interest.

During the year ended February 28, 2007, the Company issued 340,095 shares of common stock for repayment of \$10,202 worth of accrued expenses.

**Table of Contents**

During the year ended February 28, 2006, the Company assigned \$252,756 of debt and related accrued interest to a related party in exchange for 12,637,772 shares of common stock. Also, the Company converted \$330,148 of debt and related accrued interest to a related party for 16,507,417 shares of common stock.

During the year ended February 28, 2006, the Company issued 5,000,000 shares of common stock in exchange for a prepaid consulting agreement valued at \$100,000, which is being amortized at approximately \$5,000 per month. The Company issued a note receivable of \$34,000 upon the exercise of 2,000,000 options by a consultant.

During the year ended February 28, 2006, the Company sold property valued at \$243,150 for \$250,000, which consisted of a \$10,000 down payment and a \$240,000 note receivable.

*The accompanying notes are an integral part of the consolidated financial statements.*

**Table of Contents**

**American Commerce Solutions, Inc. and Subsidiaries**

**Notes to Consolidated Financial Statements**

**As of February 28, 2007 and for the**

**Years Ended February 28, 2007 and 2006**

**1. BACKGROUND INFORMATION**

American Commerce Solutions, Inc. was incorporated in Rhode Island in 1991 under the name Jaque Dubois, Inc., and was re-incorporated in Delaware in 1994. In July 1995, Jaque Dubois, Inc. changed its name to JD American Workwear, Inc. In December 2000, the stockholders voted at the annual stockholders meeting to change the name of JD American Workwear, Inc. to American Commerce Solutions, Inc. (the Company).

The Company is primarily a holding company with two wholly owned subsidiaries; International Machine and Welding, Inc. is engaged in the machining and fabrication of parts used in industry, and parts sales and service for heavy construction equipment; Chariot Manufacturing Company, Inc., which was acquired on October 11, 2003 from a related party, manufactures motorcycle trailers with fiberglass bodies.

**2. GOING CONCERN**

The Company has incurred substantial operating losses since inception and has used approximately \$576,838 of cash in operations for the year ended February 28, 2007. The Company recorded losses from continuing operations of \$1,450,388 and \$922,351 for the years ended February 28, 2007 and 2006, respectively. Current liabilities exceed current assets by \$2,282,628 at February 28, 2007. Additionally, the Company is in default on several notes payable. The ability of the Company to continue as a going concern is dependent upon its ability to reverse negative operating trends, raise additional capital, and obtain debt financing.

Management has revised its business strategy to include expansion into other lines of business through the acquisition of other companies in exchange for the Company's stock to facilitate manufacturing contracts under negotiation. In conjunction with the anticipated new contracts, management is currently negotiating new debt and equity financing, the proceeds from which would be used to settle outstanding debts at more favorable terms, to finance operations, and to complete additional business acquisitions. However, there can be no assurance that the Company will be able to raise capital, obtain debt financing, or improve operating results sufficiently to continue as a going concern.

The accompanying consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary if the Company is unable to continue as a going concern.

**3. SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies followed are:

The accompanying consolidated financial statements include the activity of the Company and its wholly owned subsidiaries. All intercompany transactions have been eliminated in consolidation.

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of accounts receivable. Accounts receivable consist of billed services or products. The Company records an allowance for doubtful accounts to allow for any amounts that may not be recoverable, which is based on an analysis of the Company's prior collection experience, customer credit worthiness, and current economic trends. Based on management's review of accounts receivable, an allowance for doubtful accounts of \$2,624 is considered adequate at February 28, 2007. Receivables are determined to be past due based on payment terms of original invoices. The Company does not charge significant amounts of interest on past due receivables.

**Table of Contents**

The Company follows SFAS No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities to account for its factoring of accounts receivable by selling and assigning all rights, title, and interest to certain of the Company's accounts receivable. The Company receives 80% of all approved invoices sold to the Factoring Company, which assumes the credit risk. Based on the Factoring Company's collections of these invoices the Company may receive additional consideration of up to 18%. The Company records the 80% as payment against the invoices sold and records 18% as an amount due from Factoring Company. Once the invoice exceeds 120 days outstanding, the remaining 18% of the receivable is recorded as expense.

Inventories are stated at the lower of cost or market. Cost is determined on a standard cost basis that approximates the first-in, first-out method; market is determined based on net realizable value. Appropriate consideration is given to obsolescence, excessive levels, deterioration, and other factors in evaluating net realizable value.

Property and equipment are stated at cost. Depreciation and amortization expense are calculated using the straight-line and accelerated methods of accounting over the following estimated useful lives of the assets:

Building and improvements	15 - 39 years
Machine and equipment	5 - 30 years
Office furniture and equipment	5 - 10 years
Trucks and vehicles	5 - 7 years

Maintenance and repairs are charged to operations when incurred. Betterments and renewals are capitalized. When property and equipment are sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is included in operations.

Acquired identifiable intangible assets with a cost of approximately \$190,000 consist of values assigned to brand recognition, customer list and web site of Chariot Manufacturing Company. These intangibles are amortized on a straight-line method over 5 years. During the years ended February 28, 2007 and 2006, approximately \$38,000 was recognized as amortization expense related to these identifiable intangible assets.

Direct costs incurred with the issuance of notes payable are deferred and amortized over the life of the guaranty. As of February 28, 2007 and 2006, the Company incurred amortization expense of \$119,760 and \$81,447, respectively.

The Company records amounts billed to customers for shipping and handling costs as sales revenue. Costs incurred by the Company for shipping and handlings are included in cost of sales.

Sales are recorded when products, repairs, or parts are delivered to the customer. Provisions for discounts and rebates to customers, estimated returns, allowances, and other adjustments are provided for in the same period the related sales are recorded. No products or parts are delivered with any contingencies except for defects.

The Company has adopted SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. SFAS No. 144 addresses the financial accounting and reporting for the impairment of long-lived assets, excluding goodwill and intangible assets, to be held and used or disposed of. The adoption of SFAS No. 144 did not have an impact on the Company's financial position or results of operations. In accordance with SFAS No. 144, the carrying values of long-lived assets are periodically reviewed by the Company and impairments would be recognized if the expected future operating non-discounted cash flows derived from an asset were less than its carrying value and if the carrying value is more than the fair value of the asset. At February 28, 2007, the Company did not have any asset that it considered impaired.

The Company previously applied the intrinsic value method provisions of Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, and related interpretations for stock-based compensation. Accordingly, the Company recognized compensation expense on our restricted stock awards, but no compensation expense was recognized for fixed option plans as all option grants under the plan had an exercise price equal or greater to the fair market value of the underlying common stock on the date of grant. As permitted, the Company had previously elected to adopt the disclosure-only provisions of Statement of Financial Accounting Standard No. 123, *Accounting for Stock-Based Compensation*.

In December 2004, the FASB issued SFAS No. 123 (revised 2004), *Share-Based Payment* ( SFAS 123R ), which replaces SFAS No. 123; *Accounting for Stock-Based Compensation*, ( SFAS 123 ) and supersedes APB Opinion No. 25, *Accounting for Stock Issued to Employees*, ( APB 25 ). SFAS 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values. Under SFAS 123R, the Company

**Table of Contents**

is required to measure the cost of employee services received in exchange for stock options and similar awards based on the grant-date fair value of the award and recognize this cost in the income statement over the period during which an employee is required to provide service in exchange for the award. The pro forma disclosures previously permitted under SFAS 123 are no longer an alternative to financial statement recognition. The Company adopted SFAS 123R using the modified prospective method, which did not require the recognition of any non-cash charges, as there were no unvested stock options on that date.

The fair value concepts were not changed significantly in FAS 123R; however, in adopting FAS 123R, companies must choose among alternative valuation models and amortization assumptions. After assessing alternative valuation models and amortization assumptions, the Company will continue using the Black-Scholes valuation model and has elected to use the ratable method to amortize compensation expense over the vesting period of the grant.

The value of each grant under FAS 123R is estimated at the grant date using the Black-Scholes option model. There were no options granted during the year ended February 28, 2007.

During 2007 there was \$0 of cash received from the exercise of stock options.

The aggregate intrinsic value of options outstanding at February 28, 2007, based on the Company's closing stock price of \$0.0135 as of the last business day of the year ended February 28, 2007, which would have been received by the optionees had all options been exercised on that date was \$0. There were no options exercised during the year ended February 28, 2007.

There was no pro forma effect on net loss for the year ended February 28, 2006, prior to the adoption of SFAS 123R as if we had applied the fair value recognition provisions of SFAS 123 during such period.

At February 28, 2007, the Company has two stock-based employee compensation plans, all of which have been approved by the shareholders. The Company recognized \$0 and \$21,000 for the years February 28, 2007 and 2006, respectively, in stock-based employee compensation cost which is reflected in net loss.

In determining the amounts above, the value of each grant is estimated at the grant date using the Black-Scholes option model with the following weighted average assumptions:

	<b>2006</b>
Dividend rate of	0%
Risk-free interest rate	2.5% - 3.33%
Expected lives	exercised immediately
Expected price volatility	146.4% - 177%

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values. These financial instruments include cash, accounts receivable, accounts payable, and accrued expenses. Fair values were assumed to approximate carrying values for these financial instruments since they are short-term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand. The fair value of the Company's notes payable is estimated based upon the quoted market prices for the same or similar issues or on the current rates offered to the Company for debt of the same remaining maturities and approximates the carrying amounts of the notes.

Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the consolidated financial statements carrying amounts of existing assets and liabilities and their respective income tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized as income in the period that included the enactment date. Due to the Company's continued losses, the Company has placed a full valuation allowance against the deferred tax asset.

The Company records stock as issued at the time consideration is received or the obligation is incurred.

Earnings per common share are computed in accordance with SFAS No. 128, Earnings Per Share, which requires companies to present basic earnings per share and diluted earnings per share. Basic earnings per share are computed by dividing net income by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share

---

**Table of Contents**

are computed by dividing net income by the weighted average number of shares of common stock outstanding and dilutive options outstanding during the year. The weighted average number of shares was 237,735,752 and 219,470,732 for the years ended February 28, 2007 and 2006. The diluted weighted average number of shares was 241,826,642 and 219,833,232 for the years ended February 28, 2007 and 2006, respectively.

In July 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, ( FIN 48 ) Accounting for uncertainty in income taxes an interpretation of SFAS No. 109. This Interpretation provides guidance for recognizing and measuring uncertain tax positions, as defined in FASB No. 109, Accounting for income taxes. FIN 48 prescribes a threshold condition that a tax position must meet for any of the benefit of an uncertain tax position to be recognized in the financial statements. Guidance is also provided regarding derecognition, classification and disclosure of uncertain tax positions. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company does not expect that this Interpretation will have a material impact on their financial position, results of operations or cash flows.

In September 2006, the FASB issued SFAS No. 157 ( SFAS 157 ), Fair Value Measurements. SFAS 157 clarifies the principle that fair value should be based on the assumptions that market participants would use when pricing an asset or liability. Additionally, it establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Company does not expect the adoption of SFAS 157 to have a material impact on their financial position, results of operations or cash flows.

In December 2006, the FASB issued the FASB Staff Position (FSP) No. EITF 00-19-2, ( FSP EITF 00-19-2 ), Accounting for Registration Payment Arrangements. This FSP addresses an issuer's accounting for registration payment arrangements. This FSP specifies that the contingent obligation to make future payments or otherwise transfer consideration under a registration payment arrangement, whether issued as a separate agreement or included as a provision of a financial instrument or other agreement, should be separately recognized and measured in accordance with FASB Statement No. 5, Accounting for Contingencies. The guidance in this FSP amends FASB Statements No. 133, Accounting for Derivative Instruments and Hedging Activities, and No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity, and FASB Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, to include scope exceptions for registration payment arrangements. This FSP further clarifies that a financial instrument subject to a registration payment arrangement should be accounted for in accordance with other applicable generally accepted accounting principles (GAAP) without regard to the contingent obligation to transfer consideration pursuant to the registration payment arrangement. This FSP shall be effective immediately for registration payment arrangements and the financial instruments subject to those arrangements that are entered into or modified subsequent to the date of issuance of this FSP, or for financial statements issued for fiscal years beginning after December 15, 2006, and interim periods within those fiscal years. The Company will adopt FSP EITF 00-19-2 for the year ended February 28, 2008.

In September 2006, the Securities and Exchange Commission issued Staff Accounting Bulletin ( SAB ) No. 108, Considering the Effects of Prior Year Misstatements When Quantifying Current Year Misstatements. SAB No. 108 requires analysis of misstatements using both an income statement (rollover) approach and a balance sheet (iron curtain) approach in assessing materiality and provides a one-time cumulative effect transition adjustment. SAB No. 108 is effective for our 2007 annual financial statements. The adoption of SAB No. 108 did not have a material impact on the consolidated financial statements.

Other recent accounting pronouncements issued by the FASB (including its EITF), the AICPA, and the SEC did not or are not believed by management to have a material impact on the Company's present or future financial statements.

**4. ACCOUNTS RECEIVABLE, FACTORED**

During the year ended February 28, 2007, the Company factored receivables of approximately \$1,503,279. In connection with the factoring agreement, the Company incurred fees of approximately \$52,000 and \$53,300 during the years ended February 28, 2007 and 2006, respectively. As of February 28, 2007, certain customers had remitted \$53,773 to the Company on factored receivables, the Company has recorded this amount as due to the factor and is included in accrued expenses on the accompanying consolidated balance sheet. Any and all of the Company's indebtedness and obligations to the Factoring Company is guaranteed by two stockholders and collateralized by the Company's inventory and fixed assets.

**5. INVENTORIES**

Inventories consist of the following at February 28, 2007:

Edgar Filing: AMERICAN COMMERCE SOLUTIONS Inc - Form 10KSB

Work-in-process	\$ 83,767
Raw materials	130,032
<b>Total inventories</b>	<b>\$ 213,799</b>

**Table of Contents****6. PROPERTY AND EQUIPMENT**

Property and equipment at February 28, 2007 consist of:

Land	\$ 186,045
Building and improvements	2,797,269
Machinery and equipment	3,555,996
Office furniture and equipment	92,481
Trucks and automobiles	355,184
Equipment held for lease	178,761
	7,165,736
Less accumulated depreciation	2,251,515
	<b>\$ 4,914,221</b>

Depreciation expense for the years ended February 28, 2007 and 2006 was \$391,729 and \$402,121, respectively.

**7. INTANGIBLE ASSETS**

The following is a summary of intangible assets at February 28 2007

	Gross Amount	Accumulated Amortization
Web Site	\$ 86,125	\$ 58,374
Brand Recognition	59,455	40,297
Customer List	44,420	30,107
	<b>\$ 190,000</b>	<b>\$ 128,778</b>

Amortization expense for the years ended February 28, 2007 and 2006 was \$38,000 and \$38,000; respectively, and estimated amortization expense for each of the ensuing years through February 28, 2009 is \$38,000 and \$23,222, respectively.

**8. NOTES PAYABLE**

Notes payable at February 28, 2007 consist of:

Notes payable to the parents of the former president of the Company, stockholders; 10% interest, past maturity, unsecured	\$ 185,291
Notes payable to the parents and sister of the former president of the Company; stockholders; 10% interest; past maturity; unsecured	31,697
Note payable; 14.66% interest; monthly payments of principal and interest of \$278; due October 18, 2008; collateralized by equipment	4,910
Note payable; related party; no interest; past maturity, unsecured	34,304
Note payable; related party; 10% interest; due on demand; unsecured	53,376
Notes payable; related party; interest payable in the amount of \$1,000; due on demand; unsecured	9,450
Note payable; related party; 8% interest; monthly principal and interest payment of \$950; past maturity, secured by a vehicle	1,074

Edgar Filing: AMERICAN COMMERCE SOLUTIONS Inc - Form 10KSB

Note payable; related party; 15% interest; due on demand; unsecured	20,824
Note payable; related party; 10% interest; due on demand; unsecured	9,654
Note payable; related party; no interest; past maturity; unsecured	20,205
Note payable; related party; 18% interest; due on demand; unsecured	570
Note payable; related party; 18% interest; due on demand; unsecured	69,195
Note payable; related party; 15% interest; due on demand; unsecured	14,816
Notes payable; related party; 10 15% interest; due on demand; unsecured	24,052
Notes payable, individual, past maturity, interest payable in the amount of \$10,000, in addition to principal, unsecured	10,000
Note payable; related party; 6.50% interest; due 2010; secured by vehicle	14,266
Note payable; related party; 15% interest; due on demand; unsecured	300
Note payable; related party; 12% interest; due on demand; unsecured	14,845
Note payable; related party; 15% interest; due on demand; unsecured	13,700
Note payable; related party; 12% interest; due on demand; unsecured	6,000
Note payable; related party; 8 interest; due on demand; unsecured	5,000
Note payable; 10% interest; past maturity; unsecured	2,249
Note payable; 20% interest plus closing costs; past maturity; secured by 3 million shares of the Company s common stock	23,000
Note payable; 10.99% interest; matures December 14, 2011; secured by a 16 foot enclosed trailer	22,316
Note payable; related party; interest payable in the amount of \$1,200; due on demand; unsecured	12,000
Note payable to Internal Revenue Service pursuant to a Chapter 11 reorganization plan; 8% interest; secured by tax lien; monthly payments of \$1,500 of principal and interest; past maturity	340,486
Note payable to a financial institution; 7.5% interest; monthly principal and interest payments of \$6,756; collateralized by fixed assets, key man life insurance policy and 1,000,000 shares of common stock owned by a stockholder; guaranteed by a stockholder; due December 30, 2008	746,973
	1,690,553
Less current portion	(942,516)
	\$ 748,037

**Table of Contents**

As of February 28, 2007, the notes payable listed above include \$629,618, which are currently in default.

The aggregate principal maturing in subsequent years is:

<b>Year Ending February 28,</b>	
2008	\$ 942,516
2009	730,676
2010	7,613
2011	5,074
2012	4,674
	\$ 1,690,553

The above notes payable to related parties in the amount of \$323,632 are not necessarily indicative of the terms and amounts that would have been incurred had comparable agreements been made with independent parties.

**9. CONVERTIBLE PREFERRED STOCK**

Holders of Series A convertible preferred stocks vote on a converted basis with the common stockholders on all matters to be brought to a vote of the stockholders. Each share of Series A convertible preferred stock can be converted into 1,289 shares of common stock. Dividends are payable in kind at the Company's option at a rate of ten percent annually. Payments of annual dividends have been deferred by the Company's Board of Directors on the outstanding Series A shares because of losses sustained by the Company. As of February 28, 2007, preferred dividends in arrears amounted to \$118,377 or \$1,161 per share.

The Series B convertible preferred stock has rights to receive cumulative six percent in kind dividends in preference to the payment of dividends on all other shares of capital stock of the Company. No dividends may be declared or paid on any other shares of stock until the full amount of the cumulative dividends on the Series B preferred stock has been paid. Each share of Series B convertible preferred stock can be converted into 1,000 shares of common stock. Cumulative dividends amounted to \$766,213 and \$495,792 at February 28, 2007 and 2006, respectively. Dividends may be paid in stock through May 31, 2004 at a conversion rate of \$1.00 per share. For the years ended February 28, 2007 and 2006, no shares of preferred stock were paid in additional shares.

Holders of Series B preferred stock vote on a converted basis with the common stockholders on all matters to be brought to a vote of the stockholders. The Series B preferred stockholders are entitled to elect one director out of the seven authorized directors of the Company's board.

**10. CAPITALIZATION**

During the year ended February 29, 2004, the Company amended its articles of incorporation, increasing the number of authorized shares of common stock from 30,000,000 to 350,000,000.

On July 10, 2002, the Company adopted a Non-Qualified Option/Stock Appreciation Rights Plan that authorizes 7,000,000 shares of common stock for grant to key management employees or consultants. Options granted under the plan must be exercised within ten years of the date of grant. The exercise price of options shall not be less than par value and shall be determined by the Stock Option Plan Committee and the Board of Directors. As of February 28, 2007, the Company has 57,400 options available for future issuance under this plan.

**Table of Contents**

During the year ended February 29, 2004, the Company adopted an employee stock incentive plan (the Plan) that authorizes up to 20,000,000 shares of common stock for grants of both incentive stock options and non-qualified stock options to designated officers, employees, and certain non-employees. Effective July 2003, October 2003 and August 2004, the Company amended this plan to include an additional 20,000,000, 25,000,000 and 20,000,000 shares of common stock, respectively. Effective December 2004, the Company amended the plan to reduce the number of shares of common stock by 7,000,000 shares. Options granted under the Plan must be exercised within 10 years of the date of grant. The exercise price of options granted may not be less than 85 percent of the fair market value of the stock. As of February 28, 2007, the Company has issued all of the options available under this plan.

During the year ended February 29, 2004, the Company also adopted a non-employee directors and consultants retainer stock plan. This plan authorizes up to 5,000,000 shares of common stock to be issued in the amount of compensation for services to directors and consultants at the deemed issuance price of not less than 85 percent of the fair market value of the stock. Effective July 2003, October 2003 and December 2004, the Company amended this plan to include an additional 1,000,000, 15,000,000 and 7,000,000 shares of common stock, respectively. As of February 28, 2007, the Company has issued all of the options available under this plan.

A summary of the Company's stock option activity is as follows:

	Number of Shares	Weighted-Average Exercise Price per Share
Options outstanding, February 28, 2005	362,500	0.27
Granted	14,000,000	0.02
Exercised	(14,000,000)	0.02
Expired, forfeited	0	0.00
Options outstanding, February 28, 2006	362,500	0.27
Granted	0	
Exercised	0	
Expired, forfeited	0	
Options outstanding, February 28, 2007	362,500	0.27

The following table summarizes information about options outstanding and exercisable as of February 28, 2007:

Range of Exercise Price	Outstanding Options			Exercisable Options		
	Number Outstanding	Weighted Average Remaining Life	Weighted Average Price	Weighted Average Remaining Life	Number Exercisable	Weighted Average Price
\$0.04-\$0.57	362,500	5.29 years	\$ 0.27	5.29 years	362,500	\$ 0.27

The weighted average estimated fair value of stock options granted during 2006 was \$0.02 per share.

**11. INCOME TAXES**

The Company has incurred significant operating losses since its inception and, therefore, no tax liabilities have been incurred for the periods presented. The amount of unused tax losses available to carry forward and apply against taxable income in future years totaled approximately \$20,611,900. The loss carry forwards expire beginning in 2007. Due to the Company's continued losses, management has established a valuation allowance equal to the amount of deferred tax asset because it is more likely than not that the Company will not realize this benefit.

Temporary differences giving rise to the deferred tax asset are as follows:

Unused operating loss carry forward	\$ 7,237,200
Excess depreciation for tax purposes over the amount for financial reporting purposes	(1,043,600)

Edgar Filing: AMERICAN COMMERCE SOLUTIONS Inc - Form 10KSB

Other	2,000
	6,195,600
Valuation allowance	(6,195,600)
	\$ 0

**Table of Contents**

The valuation allowance increased by \$526,500 during the year ended February 28, 2007. Differences between the federal benefits computed at a statutory rate and the Company's effective tax rate and provision are as follows for the years ended February 28, 2007 and 2006:

	2007	2006
Statutory benefit	\$ (493,100)	\$ (313,600)
State tax benefit, net of federal effect	(50,600)	(32,100)
Non-deductible expenses	17,200	60,600
Increase in deferred income tax valuation allowance	526,500	285,100
	\$ 0	\$ 0

The Internal Revenue Code contains provisions that may limit the net operating loss carry forwards available for use in any given year if significant changes in ownership interest of the Company occur.

**12. RELATED PARTY TRANSACTIONS**

During the years ended February 28, 2007 and 2006, two executives who are stockholders of the Company deferred approximately \$255,900 and \$265,100, respectively, of compensation earned during the year. The balance due to stockholders at February 28, 2007 totaled \$842,710. The amounts are unsecured, non-interest bearing, and have no specific repayment terms.

During February 28, 2007, the Company issued 6,433,424 shares of common stock to a related company valued at \$79,840.

During February 28, 2007, the Company issued 3,216,712 shares of common stock, respectively, to a related party valued at \$39,920, respectively, for a pledge of assets and guarantee of a loan.

During the year ended February 28, 2006, the Company issued 29,145,189 shares of common stock to a related company valued at \$582,904 for the assignment of notes payable and conversion of debt to equity.

The above amounts are not necessarily indicative of the amounts that would have been incurred had comparable transactions been entered into with independent parties.

**13. SEGMENT INFORMATION**

The Company has two reportable segments during 2007 and 2006, manufacturing and fiberglass. Although both of these segments are in the manufacturing industry, they provide different types of products and services and each segment is subject to different marketing, production and technology strategies. Therefore, for the years ended February 28, 2007 and 2006 the Company has included segment reporting.

For the year ended February 28, 2007, information regarding operations by segment is as follows:

	Manufacturing	Fiberglass	Other	Total
Revenue	\$ 2,176,391	174,897	0	2,351,288
Interest expense	\$ 116,259	8,748	25,304	150,311
Depreciation	\$ 285,343	105,696	690	391,729
Net (loss)	\$ (229,291)	(336,090)	(885,007)	(1,450,388)
Property and equipment, net of accumulated depreciation	\$ 4,183,858	729,271	1,092	4,914,221
Segment assets	\$ 4,467,613	889,983	75,657	5,433,253

**Table of Contents**

For the year ended February 28, 2006, information regarding operations by segment is as follows:

	<b>Manufacturing</b>	<b>Fiberglass</b>	<b>Other</b>	<b>Total</b>
Revenue	\$ 2,135,478	\$ 166,096		\$ 2,301,574
Interest expense	\$ 105,632	\$ 7,609	\$ 30,926	\$ 144,167
Depreciation	\$ 298,799	\$ 102,632	\$ 690	\$ 402,121
Net income (loss)	\$ 71,371	\$ (270,113)	\$ (723,609)	\$ (922,351)
Property and equipment, net of accumulated depreciation	\$ 4,393,295	\$ 832,765	\$ 1,783	\$ 5,227,843
Segment assets	\$ 4,881,361	\$ 990,011	\$ 143,596	\$ 6,014,968

Segment 1, manufacturing, consists of International Machine and Welding, Inc. and derives its revenues from machining operations, sale of parts and service. Segment 2, fiberglass, consists of Chariot Manufacturing Company and derives its revenues from the manufacture, sale and service of fiberglass trailers.

The manufacturing segment, International Machine and Welding, Inc. has a broad and diverse base of customers. The segment does not rely on any single customer, the loss of which would have a material adverse effect on the segment. However, this segment does generate a significant amount of revenues from sales and services provided to three different industries. For the year ended February 28, 2007, the construction industry accounted for approximately 38% of the segment's revenues, while the industrial and mining industries accounted for approximately 31% and 28%, respectively, of the segment's total revenues.

Although the division does not rely on a single customer, during the year ended February 28, 2007, three of the Company's customers accounted for approximately 32% of total revenues. These customers were the Mosaic Company 18%, Vehicare 8% and Marden Industries 6%.

**ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE**  
NONE

**ITEM 8A. CONTROLS AND PROCEDURES**

Evaluation of disclosure controls and procedures.

Under the supervision and with the participation of our Management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of the design and operations of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of February 28, 2007. Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective such that the material information required to be included in our Securities and Exchange Commission ( SEC ) reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms relating to American Commerce Solutions, Inc., and was made known to them by others within those entities, particularly during the period when this report was being prepared.

There were no significant changes in the Company s Internal Controls or in other factors that have materially affected, or are reasonably likely to affect, Internal Controls over financial reporting during the most recent fiscal year.

**ITEM 8B OTHER INFORMATION**

None

**Part III**

**ITEM 9. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT**

The following table sets forth information about each person who serves as an executive officer or director of the Company:

<b>Name</b>	<b>Age</b>	<b>Positions with the Company</b>
Robert E. Maxwell	72	Chairman of the Board and Director
Frank D. Puissegur	48	Chief Financial Officer and Director
Daniel L. Hefner	56	Chief Executive Officer, President and Director
Andrew Mueller	61	Director

Directors of the Company hold office until the earlier of the next annual meeting of the stockholders and until their successors have been duly elected and qualified, or their death, resignation, or removal. Two board members were elected to two-year terms at the annual stockholders meeting held January 21, 2003. Robert Maxwell and Daniel Hefner were elected to a two-year term. Our officers are elected annually by the board of directors to hold office until the next annual meeting of our board and their successors have been duly elected and qualified. There are no family relationships between any of our officers and directors. Set forth below is a description of the business experience during the past five years or more and biographical information for directors and executive officers identified above:

Mr. Maxwell has been a director and the Chairman of the Board of Directors of the Company since June 2000. Mr. Maxwell serves as a consultant to International Machine and Welding, Inc., a subsidiary of the Company. He was the owner/operator of Florida Machine and Welding, Inc., located in Bartow, Florida, for 24 years until the sale of its assets in June 2000. Mr. Maxwell has served on various bank and charitable boards of directors.

Mr. Puissegur joined the Company in June 2001 as Chief Financial Officer and Director. He became a Certified Public Accountant with his certificate from the State of Florida and the creation of a sole practitioner office in 1982. The practice grew and has evolved into its current form

## Edgar Filing: AMERICAN COMMERCE SOLUTIONS Inc - Form 10KSB

as the partnership of Puissegur, Finch, & Slivinski, P.A., a full service accounting firm. He is a member of the American and Florida Institutes of Certified Public Accountants and the National and Polk County Estate Planning Councils. The American Institute of Tax Studies has awarded Mr. Puissegur the designation of Certified Tax Professional. He also holds the designation from the State of Florida as a Certified Family Mediator.

**Table of Contents**

Mr. Hefner has been President of the Company since September 2002 and Chief Executive Officer since March 2002. He previously served as Executive Vice President from June 2000 to June 2001 and as interim President from June 2001 through February 2002. Mr. Hefner has been a director of the Company since June 2000. Mr. Hefner formerly served as President International Machine and Welding, Inc. He formerly served as President, and is now serving as Vice President of International Commerce and Finance, Inc. an investment/consulting company for manufacturing and technology companies, and he has held this position since August 1999. Mr. Hefner has been active for the past eighteen years as an independent consultant to individuals or business seeking to begin operations or to create turnarounds of existing business. During the same period, Mr. Hefner also operated his own independent real estate brokerage operation where he continues to serve as President and Chief Executive Officer. From March to October 1999, Mr. Hefner was Chief Operating Officer for Chronicle Communications, Inc. (OTCBB: CRNC), a Tampa based printer.

Mr. Mueller has served as the audit committee financial expert, as such term is defined under federal securities law, and is independent of the Company. Mr. Mueller is an expert by virtue of: (i) education and experience as a principal financial officer, principal accounting officer, controller, public accountant and auditor, or has experience in one or more positions that involve the performance of similar functions; (ii) experience actively supervising a principal financial officer, principal accounting officer, controller, public accountant, auditor or person performing similar functions; (iii) experience overseeing or assessing the performance of companies or public accountants with respect to the preparation, auditing or evaluation of financial statements; and (iv) other relevant experience. He has served as Director of several Boards of Directors and is a Principal in a prominent CPA firm, Bella, Hermida, Gilman, Hancock and Mueller.

**AUDIT COMMITTEE**

The Audit Committee consists of Frank Puissegur, Andrew Mueller and Robert Maxwell. The Audit Committee selects the independent auditors; reviews the results and scope of the audit and other services provided by the Company's independent auditors, and reviews and evaluates the Company's internal control functions. The board of directors has determined that Mr. Mueller is the audit committee financial expert, as such term is defined under federal securities law, and is independent. Mr. Mueller is an expert by virtue of: (i) education and experience as a principal financial officer, principal accounting officer, controller, public accountant or auditor or experience in one or more positions that involve the performance of similar functions; (ii) experience actively supervising a principal financial officer, principal accounting officer, controller, public accountant, auditor or person performing similar functions; (iii) experience overseeing or assessing the performance of companies or public accountants with respect to the preparation, auditing or evaluation of financial statements; and (iv) other relevant experience.

**ITEM 10. EXECUTIVE COMPENSATION**

The following summary compensation table sets forth cash and non-cash compensation awarded, paid or accrued, for the past three fiscal years of the Company's Chief Executive Officers, and all other, if any, whose total annual compensation exceeded \$100,000 for the past three fiscal years (collectively, the Named Executive Officers).

**SUMMARY COMPENSATION TABLE**

Name	Summary Compensation Table						Total (\$)
	Year Ended	Salary (\$)	Bonus (\$)	Stock Awards (\$)	Option Awards (\$) <sup>(A)</sup>	All Other Compensation (\$)	
<b>Principal Positions</b>							
Daniel Hefner, President and Chief Executive Officer	2007	150,000			<sup>(3)</sup>	10,465	160,465
	2006	215,700			100,000 <sup>(1)</sup>	10,950	226,650
	2005	67,492			100,000	9,000	76,492
Robert Maxwell, Chairman of the Board	2007	65,900	40,000		<sup>(3)</sup>		105,900

## Table of Contents

No Executive or employee was compensated over \$100,000 for fiscal years 2005 or 2004.

The Company does not have any annuity, retirement, pension, deferred or incentive compensation plan or arrangement under which any executive officers are entitled to benefits, nor does the Company have any long-term incentive plan pursuant to which performance units or other forms of compensation are paid. Executive officers may participate in group life, health and hospitalization plans if and when such plans are available generally to all employees. All other compensation consisted solely of health care premiums.

### EMPLOYMENT AGREEMENTS

The Company signed an employment agreement with Daniel L. Hefner on June 1, 2000 containing a base salary of \$60,000; a minimum cash bonus of \$15,000 per year and a 4% annual increase of the base pay. Stock options are granted on the signing and June 1 of each contract year at the rate of 100,000 common share equivalents. The contract also provides for a \$750 per month car allowance and the payment of all insurance, fuel and maintenance costs and all perquisites related to health, dental, life or disability as may be offered to the executive management staff. All other provisions of the previous contract related to capital raises or warrant or exercise revenue were omitted except for the termination provisions stated above. This agreement expired in 2004 and Mr. Hefner has served without agreement since that time. In 2006, the Compensation Committee recommended, and the Board of Directors approved, an increase in base salary to \$150,000 annually, retroactive to June 2004.

### DIRECTOR COMPENSATION

Directors of the Company who are not employees or consultants do not receive any compensation for their services as members of the Board of Directors, but are reimbursed for expenses incurred in connection with their attendance at meetings of the Board of Directors.

### COMPENSATION COMMITTEE

Robert E. Maxwell, Daniel L. Hefner and Frank Puissegur are members of the Compensation Committee, which reviews and makes recommendations with respect to compensation of officers, employees and consultants, including the granting of options under the Company's NonQualifying Stock Option Plan approved effective July 10, 2002 and the Employee Stock Incentive Plan approved effective May 27, 2003. Additionally, the committee reviews executive compensation and makes recommendations to the Board of Directors.

### NONQUALIFYING STOCK OPTION PLAN

On July 10, 2002 the Company adopted a Non-qualifying Stock Option/Stock Appreciation Rights Plan and reserved 7,000,000 common shares of stock for employees, officers and consultants. These options are granted by the Board at their discretion. As of February 28, 2007, the Company has 57,400 options available for future issuance under this plan.

### EMPLOYEE STOCK INCENTIVE PLAN

Effective May 27, 2003, the Company adopted an employee stock incentive plan (the Plan) for the year 2003 that authorizes up to 20,000,000 shares of common stock for grants of both incentive stock options and non-qualified stock options to designated officers, employees, and certain non-employees. Effective July 2003, October 2003 and August 2004, the Company amended this plan to include an additional 20,000,000, 25,000,000 and 20,000,000 shares of common stock, respectively. Effective December 2004, the Company amended the plan to reduce the number of shares of common stock by 7,000,000 shares. Options granted under the Plan must be exercised within 10 years of the date of grant. The exercise price of options granted may not be less than 85 percent of the fair market value of the stock. As of February 28, 2007, the Company has no options available for future issuance under this plan.

Effective May 27, 2003, the Company also adopted a non-employee directors and consultants retainer stock plan for the year 2003. This plan authorizes up to 5,000,000 shares of common stock to be issued in the amount of compensation for services to directors and consultants at the deemed issuance price of not less than 85% of the fair market value of the stock. Effective July 2003, October 2003 and December 2004, the Company amended this plan to include an additional 1,000,000, 15,000,000 and 7,000,000 shares of common stock, respectively. As of February 28, 2007, the Company has no options available for future issuance under this plan.

**Table of Contents**

At February 28, 2007, the Company did not have any long-term incentive plans nor had it awarded any restricted shares to any Named Executive Officer. The table set forth below contains information with respect to the award of stock options during the fiscal year ended February 29, 2004 and February 28, 2003 (as there were no awards of stock options during the fiscal year ended February 28, 2005) to the Named Executive Officers covered by the Salary Compensation Table.

**OPTION GRANTS TO NAMED EXECUTIVES IN LAST FISCAL YEAR**

During 2007, the Company did not grant any option awards to our executive officers.

**AGGREGATED OPTION/SAR EXERCISES IN LAST FISCAL YEAR****AND FISCAL YEAR-END OPTION/SAR VALUES**

The following table sets forth, for each Named Executive Officer in the Summary Compensation Table who holds stock options during fiscal 2007, the number of stock options held on February 28, 2007 and the realizable gain of stock options that are in-the-money.

Name	Shares Acquired or Exercised (#)	Value Realized	Number of		Value of Unexercised In-the-Money Options	
			Securities Underlying Unexercised Options		At Fiscal Year End	
			at Fiscal Year End Exercisable (#)	at Fiscal Year End Unexercisable (#)	Exercisable \$	Unexercisable \$
Daniel L. Hefner	100,000	0	100,000	0	2,000(1)	0
Daniel L. Hefner	100,000	0	100,000	0	2,000(1)	0

(1) Based upon the closing price of the Common Stock as quoted on the Over The Counter Bulletin Board on February 28, 2007 of \$0.02 per share.

**ITEM 11. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information regarding the beneficial ownership of the Company's outstanding Common Stock as of February 28, 2007, by: (i) each director and nominee for director of the Company, (ii) each Named Executive Officer, (iii) all directors and executive officers of the Company as a group, and (iv) each person known to the Company beneficially owning more than 5% of the outstanding Common Stock. Except as otherwise indicated, the persons named in the table have sole voting and investment power with respect to all of the Common Stock owned by them.

- (1) In accordance with Rule 13d-3 promulgated pursuant to the Securities Exchange Act of 1934, a person is deemed to be the beneficial owner of a security for purposes of the rule if he or she has or shares voting power or dispositive power with respect to such security or has the right to acquire such ownership within sixty days. As used herein, voting power is the power to vote or to direct the voting of shares, and dispositive power is the power to dispose or direct the disposition of shares, irrespective of any economic interest therein.
- (2) In calculating the percentage ownership for a given individual or group, the number of shares of Common Stock outstanding includes unissued shares subject to options, warrants, rights or conversion privileges exercisable within sixty days held by such individual or group, but are not deemed outstanding by any other person or group.
- (3) Includes (a) 723,360 shares of Common Stock held by his spouse Barbara Maxwell, (b) 69,970,153 shares of Common Stock beneficially owned as the President of International Commerce and Finance, Inc.
- (4) Includes (a) 200,000 shares of Common Stock, which may be acquired pursuant to currently exercisable options (b) 9,006,516 shares of Common Stock held personally
- (5) Total shares controlled by all directors and executive officers as a group.

The Company has two classes of preferred stock outstanding comprised of 102 shares of Series A Preferred Stock and 3,944 shares of Series B Preferred Stock. Each outstanding class of preferred stock has voting rights and is convertible into Common Stock. Each share of Series A Preferred Stock converts to 1,289 shares of Common Stock and votes on an as converted basis. 3,207 shares of Series B Preferred Stock is convertible into 641,400 shares of Common Stock and 737 Series B Preferred Shares convert into 737,000 shares of Common Stock and votes on an as converted basis.

Gerald Hoak, of 235 Deerfield Drive, Pottsville, PA 17901, owner of 20 shares or 19.61% of Series A Preferred Stock, and Merit Capital Associates, (substantially owned by Russ and Sylvia Newton) of 1221 Post Road East, Westport, CT 06880 owner of 40 shares or 39.22% of Series A Preferred Stock are the only owners of more than 5% of the class. No director or officer is the beneficial owner of any of the Series A or Series B Preferred Stock.

**Beneficial Voting Power Held**

The following table sets forth the voting power in the Company's equity securities, as of February 28, 2007 held by: (i) each director of the Company, (ii) each Named Executive Officer, (iii) all directors and executive officers as a group, and (iv) each person known by the Company to own more than 5% of any class of outstanding equity security of the Company. The voting power set forth in this table is the beneficial voting power held, directly and indirectly, by such person as of the date indicated assuming no conversion of the preferred stock (i.e., includes shares that may be acquired within 60 days by reason of option or warrant exercise but not those that could be obtained upon conversion of preferred stock).

Name	Percent of Outstanding Voting Power Held (1)
<b>Directors and Executive Officers</b>	
Andrew Mueller	
Robert E. Maxwell (3)	29.58%

International Commerce and Finance (4)	29.27%

\* Less than 1%

- (1) Based upon 239,017,317 outstanding shares of common stock, 102 outstanding shares of Series A Preferred Stock and 3944 outstanding shares of Series B Preferred Stock. Each share of Common Stock is entitled to one vote per share. Each outstanding share of Series A Preferred Stock is entitled to 1,289 votes. 3,207 shares of Series B Preferred Stock are entitled to 200 votes per share and 737 shares of Series B Preferred are entitled 1,000 votes each. Accordingly, as of Feb 28, 2004, the Series A Preferred Stock and Series B Preferred Stock are entitled to an aggregate of 131,478 votes and 1,378,400 votes, respectively. Voting rights are calculated in the same manner described in footnote 2 to table above disclosing the Security Ownership of Management and Certain Beneficial Owners ( Beneficial Ownership Table ). Totals could exceed 100% due to such calculations and overlapping beneficial voting rights held between holders as set forth herein.

**Table of Contents**

- (2) Consisting of 200,000 votes upon exercise of currently exercisable options to purchase Common Stock and 9,006,516 shares of Common Stock.
- (3) Includes 723,360 shares of Common Stock held by his spouse Barbara Maxwell, 69,970,153 shares of Common Stock beneficially owned as the President of International Commerce and Finance, Inc.
- (4) Consisting of 69,970,153 shares of Common Stock.

**ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS  
STOCKHOLDERS AGREEMENT**

A Stockholders Agreement dated April 9, 1998 was entered into among ULLICO, the Company, David N. DeBaene, Annette DeBaene, Norman DeBaene, Thomas Lisi, and Steve Panneton (each, a Holder ). The Stockholders Agreement provides that the Company shall have a right of first refusal before any Holder may transfer any shares of Common Stock. ULLICO has a right of second refusal and co-sale rights, if the Company does not elect to buy all of the securities it is offered. If ULLICO enters into an agreement to transfer, sell or otherwise dispose of all of its Preferred Stock, Warrants and any Common Stock issued upon conversion or exercise of the former (such agreement referred to as a Tag-Along Sale ), each Holder has the right to participate in the Tag-Along Sale. If ULLICO, alone or with another person, accepts an offer from any party who is unaffiliated with it to purchase any of ULLICO s shares which results in such party having the ability to elect a majority of the Company s Board of Directors, then, at the request of ULLICO, each Holder shall sell all shares of Common Stock held by such Holder (referred to as a Drag-Along Sale ).

During the years ended February 28, 2007 and 2006, two executives who are stockholders of the Company deferred approximately \$255,900 and \$265,100, respectively, of compensation earned during the year. The balance due to stockholders at February 28, 2007 totaled \$842,710. The amounts are unsecured, non-interest bearing, and have no specific repayment terms.

During February 28, 2007, the Company issued 6,433,424 shares of common stock to a related company valued at \$79,840.

During February 28, 2007, the Company issued 3,216,712 shares of common stock, respectively, to a related party valued at \$39,920, respectively, for a pledge of assets and guarantee of a loan.

The above amounts are not necessarily indicative of the amounts that would have been incurred had comparable transactions been entered into with independent parties.

Tax Fees

During 2007 and 2006 we were billed by our accountants, Bella, Hermida, Gillman, Hancock, & Mueller Certified Public Accountants approximately \$3,000 and \$1,500 to prepare our federal and state tax returns.

All Other Fees

None

Audit Committee Pre-Approval Process, Policies and Procedures

Our principal auditors have performed their audit procedures in accordance with pre-approved policies and procedures established by our Audit Committee. Our principal auditors have informed our Audit Committee of the scope and nature of each service provided. With respect to the provisions of services other than audit, review, or attest services, our principal accountants brought such services to the attention of our Audit Committee, or one or more members of our Audit Committee for the members of our Board of Directors to whom authority to grant such approval had been delegated by the Audit Committee, prior to commencing such services.

SIGNATURES

In accordance with Section 13 or 15(d) of the Exchange Act, the registrant caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
