**PROXY STATEMENT**

**Introduction**

This Proxy Statement is provided to stockholders of Consolidated Edison, Inc. ( "Con Edison" or the "Company" ) in connection with the 2009 Annual Meeting of Stockholders (the "Annual Meeting" ) and any adjournments or postponements of the Annual Meeting. The Annual Meeting will be held at the Company's principal executive offices at 4 Irving Place, New York, New York 10003, on Monday, May 18, 2009, at 10:00 a.m.

**Solicitation of Proxies**

The Proxy Statement and the accompanying proxy card are furnished in connection with the solicitation of proxies by the Board of Directors of Con Edison for use at the Annual Meeting. The Proxy Statement and the form of proxy are being mailed to stockholders on or about April 9, 2009.

The Company's Annual Report to Stockholders, which includes the consolidated financial statements and accompanying notes for the year ended December 31, 2008, and other information relating to the Company's financial condition and results of operations, also accompanies the mailing of this Proxy Statement.

This solicitation of proxies for the Annual Meeting is being made by management on behalf of the Board of Directors and will be made by mail, telephone, the Internet, facsimile and electronic transmission or overnight delivery. The Company will pay the expenses associated with the solicitation of proxies. The expenses will include reimbursement for postage and clerical expenses to brokerage houses and other custodians, nominees or fiduciaries for forwarding proxy material and other documents to beneficial owners of stock held in their names. In addition, Morrow & Co., LLC has been retained to assist in the solicitation of proxies by the means described above. The estimated cost of Morrow's services is \$20,000 plus out-of-pocket expenses.

**Record Date, Outstanding Voting Securities and Voting Rights**

The Board of Directors has established March 30, 2009, as the record date for the determination of Con Edison's stockholders entitled to receive notice of and to vote at the meeting. On the record date, there were 274,253,807 shares of Common Stock outstanding, which are entitled to one vote per share upon the proposals presented at the Annual Meeting. The holders will vote on the election of Directors, the ratification of the appointment of independent accountants and a stockholder proposal.

The enclosed proxy card is for the number of shares registered in your name with Con Edison, together with any additional full shares held in your name in Con Edison's Automatic Dividend Reinvestment and Cash Payment Plan. The instructions on the proxy card provide that any shares registered in your name and any full shares held for your account in the plan will be voted in the same manner.

The twelve nominees for Director named in this Proxy Statement receiving a majority of the votes cast at the meeting in person or by proxy shall be elected (meaning the number of shares voted for a Director nominee must exceed the number of shares voted against that Director nominee), subject to the Board's policy regarding resignations by Directors who do not receive a majority of for votes. In all other matters, the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting, entitled to vote and voting on the subject matter, will be the act of the stockholders. Abstentions and broker non-votes are voted neither for nor against, and have no effect on the vote, but are counted in the determination of the quorum.

#### **Voting and Revocation of Proxies**

All shares represented by properly executed proxies received in time for the Annual Meeting will be voted at the Annual Meeting in the manner specified by the persons giving those proxies. If the proxy is signed but no voting instructions are made, the shares represented by the proxy will be voted for the election of the Director nominees named herein and in accordance with the recommendations of the Board on other proposals.

## **Table of Contents**

Instead of submitting a signed proxy card, if you are a stockholder of record you may vote your proxy by telephone or on the Internet using the instructions set forth on the proxy card. Voting by telephone or on the Internet eliminates the need to return the proxy card. Telephone voting is not available to stockholders of record outside the United States.

If your shares are held in a stock brokerage account or by a bank or other nominee, you must vote your shares in the manner prescribed by your broker, bank or nominee. The telephone and Internet voting procedure may or may not be available to stockholders who hold their shares through a broker, bank or other nominee.

Voting by use of a proxy on the enclosed proxy card, by telephone or on the Internet does not preclude a stockholder of record from voting in person at the Annual Meeting. A stockholder of record may revoke a proxy at any time prior to its exercise by mailing to the Secretary of the Company a duly executed revocation or by submitting a duly executed proxy, telephone or Internet vote to the Company with a later date or by appearing at the Annual Meeting and voting in person. A stockholder of record may revoke a proxy by any of these methods, regardless of the method used to cast his or her previous vote. Attendance at the Annual Meeting without voting will not by itself revoke a proxy.

## **Attendance and Procedures at the Annual Meeting**

Attendance at the Annual Meeting will be limited to stockholders of record, beneficial owners of Common Stock entitled to vote at the meeting having evidence of ownership, the authorized representative (one only) of an absent stockholder, and invited guests of management. **If you plan to attend the Annual Meeting and you hold your shares directly in your name, please vote your proxy but keep the admission ticket attached to your proxy card and bring it with you to the meeting.** Stockholders who hold their shares through a broker, bank, nominee, or other custodian will need to bring a copy of a brokerage or other statement reflecting their stock ownership as of the record date. You may be asked to present valid picture identification. Any person claiming to be an authorized representative of a stockholder must, upon request, produce written evidence of the authorization. In order to assure the holding of a fair and orderly meeting and to accommodate as many stockholders as possible who may wish to speak at the Annual Meeting, management will limit the general discussion portion of the meeting to one hour and permit only stockholders or their authorized representatives to address the meeting. In addition, management will require that all signs, banners, placards, handouts and similar materials be left outside the meeting room. Directions to the Annual Meeting are available on our website at [http://www.conedison.com/investor/governance\\_documents.asp](http://www.conedison.com/investor/governance_documents.asp) under shareholder services.

**MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING**

**ELECTION OF DIRECTORS**

*(Item 1 on Proxy Card)*

Twelve Directors are to be elected at the Annual Meeting to hold office until the next Annual Meeting and until their respective successors are elected and qualified. Directors are permitted to stand for election until they reach the mandatory retirement age of 72. Of the Board members standing for election, one (Kevin Burke) is a current officer of the Company. All of the nominees were elected Directors at the last Annual Meeting, other than Mr. Hennessy who was elected to the Board of Directors, effective November 20, 2008. A professional search firm assisted the Corporate Governance and Nominating Committee in connection with its recommendation of Mr. Hennessy.

The Company's management believes that all of the nominees will be able and willing to serve as Directors of the Company. All of the Directors also serve as Trustees of Con Edison's subsidiary, Consolidated Edison Company of New York, Inc. (Con Edison of New York). Mr. Burke also serves on the Board of Con Edison's subsidiary, Orange and Rockland Utilities, Inc. (Orange & Rockland).

Peter W. Likins, who has served with distinction as a Director of Con Edison since 1997 and a Trustee of Con Edison of New York since 1978, has reached the mandatory retirement age and therefore will be retiring from the Board of Directors of Con Edison and the Board of Trustees of Con Edison of New York effective May 18, 2009 and will not be standing for re-election. Con Edison's Board will adopt a resolution pursuant to Con Edison's Certificate of Incorporation, and Con Edison of New York's Board will amend Con Edison of New York's By-Laws, to reduce the number of members of the companies' respective Boards from thirteen to twelve, effective May 18, 2009.

The Board of Directors held fourteen meetings in 2008. At its meetings the Board considers a wide variety of matters involving such things as the Company's strategic planning, its financial condition and results of operations, its capital and operating budgets, personnel matters, succession planning, risk management, industry issues, accounting practices and disclosure and corporate governance practices.

In accordance with the Company's Corporate Governance Guidelines, the Chair of the Corporate Governance and Nominating Committee (currently Mr. Del Giudice) serves as Lead Director and, as such, chairs the executive sessions of the non-management Directors and the independent Directors. The Company's independent Directors met once in executive session and the non-management Directors met eight times in executive session during 2008.

Shares represented by every properly signed proxy will be voted at the Annual Meeting for or against the election of the Director nominees as specified by the stockholder giving the proxy. If one or more of the nominees is unable or unwilling to serve, the shares represented by the proxies will be voted for any substitute nominee or nominees as may be designated by the Board.

Based upon its review of the reports furnished to the Company for 2008 pursuant to Section 16(a) of the Act, the Company believes that all of the reports were filed on a timely basis.

## **Board Members Attendance**

During 2008 each incumbent member of the Board attended more than 75 percent of the combined meetings of the Board of Directors and the Board Committees on which he or she served.

Directors are expected to attend the Annual Meeting. All of the then current Directors attended the 2008 annual meeting of stockholders.

## **Corporate Governance**

Con Edison's corporate governance documents, including its Corporate Governance Guidelines, the charters of the Audit, Corporate Governance and Nominating and Management Development and Compensation Committees, and the Code of Ethics are available on the Company's website at [http://www.conedison.com/investor/governance\\_documents.asp](http://www.conedison.com/investor/governance_documents.asp). Con Edison stockholders may obtain printed copies of these documents by contacting the Company's Corporate Secretary, Con Edison, 4 Irving Place, New York, New York 10003. The Code of Ethics applies to all Directors, officers and employees. Con Edison intends to post on its website at [http://www.conedison.com/investor/governance\\_documents.asp](http://www.conedison.com/investor/governance_documents.asp) amendments to its Code of Ethics and a description of any waiver from a provision of the Code of Ethics granted by the Board to any Director or executive officer of Con Edison within four business days after such amendment or waiver.

## **Related Person Transactions and Policy**

The Company has adopted a written policy for approval of transactions between the Company and its Directors, Director nominees, executive officers, greater-than-5 percent beneficial owners, and their respective immediate family members, where the amount involved in the transaction

exceeds or is expected to exceed \$100,000 in a single calendar year.

The policy provides that the Corporate Governance and Nominating Committee reviews certain transactions subject to the policy and determines whether or not to approve or ratify those transactions. In doing so, the Committee takes into account, among other factors it deems appropriate, whether the transaction is on terms that are no less favorable to the Company than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. In addition, the Board

## **Table of Contents**

has delegated authority to the Chair of the Committee to pre-approve or ratify transactions where the aggregate amount involved is expected to be less than \$1 million. A summary of any new transactions pre-approved by the Chair will be provided to the full Committee for its review in connection with a regularly scheduled Committee meeting.

The Committee has considered and adopted standing pre-approvals under the policy for limited transactions with related persons. Pre-approved transactions include:

business transactions with other companies at which a related person's only relationship is as an employee (other than an executive officer), director or less-than-10 percent beneficial owner if the amount of business falls below the thresholds in the New York Stock Exchange's listing standards and the Company's Director independence standards; and

contributions to non-profit organizations at which a related person's only relationship is as an employee (other than an executive officer) or director if the aggregate amount involved is less than both \$1 million and 2 percent of the organization's consolidated gross annual revenues.

At least annually, a summary of new transactions covered by the standing pre-approvals described above will be provided to the Committee for its review.

In 2008, Ms. Futter's brother received \$151,831 for providing legal services to Con Edison of New York and will provide such legal services in 2009. The provision of these services by Ms. Futter's brother was approved by the Committee.

## **Board Members Independence**

The Board of Directors has affirmatively determined that the following Directors are independent as defined in the New York Stock Exchange's listing standards: Mr. Calarco, Dr. Campbell, Mr. Davis, Mr. Del Giudice, Mr. Hennessy, Ms. Hernandez, Mr. Killian, Dr. Likins, Mr. Ranger, Mr. Sutherland and Mr. Stephen R. Volk (who retired in May 2008).

To assist it in making determinations of Director independence, the Board has adopted independence standards, which are set forth in its Corporate Governance Guidelines, available on the Company's website at <http://www.conedison.com/investor/pdfs/Guidelines.pdf>. Under these standards, the Board has determined that each of the relationships below is categorically immaterial and therefore, by itself, does not preclude a Director from being independent; provided, however, that if a Director has any relationship that would be required to be disclosed as a related person transaction under Securities and Exchange Commission rules, that relationship may not be treated as categorically immaterial and must be specifically considered by the Board in assessing the Director's independence:

- (i) (A) the Director has an immediate family member who is a current employee of the Company's internal or external auditor, but the immediate family member does not personally work on the Company's audit; or (B) the Director or an immediate family member was, within the last three years, a partner or employee of such a firm but no longer works at the firm and did not personally work on the Company's audit within that time;

## Edgar Filing: CONSOLIDATED EDISON INC - Form DEF 14A

- (ii) the Director or an immediate family member is, or has been within the last three years, employed at another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee, but the Director or the Director's immediate family member is not an executive officer of the other company and his or her compensation is not determined or reviewed by that company's compensation committee;
  
- (iii) the Director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in any of the last three fiscal years, but the total payments in each year were less than \$1 million, or 2 percent of such other company's consolidated gross revenues, whichever is greater;

---

**Table of Contents**

- (iv) the Director is a partner or the owner of 5 percent or more of the voting stock of another company that has made payments to, or received payments from, the Company for property or services in any of the last three fiscal years, but the total payments in each year were less than \$1 million, or 2 percent of such other company's consolidated gross revenues, whichever is greater;
- (v) the Director is a partner, the owner of 5 percent or more of the voting stock or an executive officer of another company which is indebted to the Company, or to which the Company is indebted, but the total amount of the indebtedness in each of the last three fiscal years was less than \$1 million, or 2 percent of such other company's consolidated gross revenues, whichever is greater; and
- (vi) the Director or an immediate family member is a director or an executive officer of a non-profit organization to which the Company has made contributions in any of the last three fiscal years, but the Company's total contributions to the organization in each year were less than \$1 million, or 2 percent of such organization's consolidated gross revenues, whichever is greater.

In assessing independence, the Board considered that certain Directors (Dr. Campbell and Messrs. Davis, Del Giudice, Killian, and Sutherland) are affiliated with organizations that do business with Con Edison. Con Edison made or received payments for property or services to or from these organizations in 2008. However, in each case, the payments made by Con Edison were less than 2 percent of the recipient organization's consolidated gross revenues and fell significantly below the thresholds in paragraphs (iii) and (iv) of Con Edison's Director independence standards disclosed above.

In assessing independence, the Board also considered that Dr. Campbell is an executive officer of a non-profit organization that received contributions from Con Edison in 2008. In addition, the Board considered that Dr. Campbell and Messrs. Davis, Hennessy and Killian are directors of, or serve in a similar capacity for, non-profit organizations that received contributions from Con Edison in 2008. Because no organization received contributions of more than \$404,000, in each case, the amount of the contributions fell significantly below the threshold in paragraph (vi) of Con Edison's Director independence standards.

**Standing Committees of the Board**

*The Audit Committee*, composed of four independent Directors (currently Mr. Calarco, Chair, Mr. Del Giudice, Mr. Killian, and Mr. Sutherland), is responsible for the appointment of the independent accountants for the Company, subject to stockholder approval at the Annual Meeting. The Committee meets with the Company's management, including Con Edison of New York's General Auditor and General Counsel, and the Company's independent accountants, several times a year to discuss internal controls and accounting matters, the Company's financial statements, filings with the Securities and Exchange Commission, earnings press releases and the scope and results of the auditing programs of the independent accountants and of Con Edison of New York's internal auditing department. The Committee also discusses the Company's risk assessment and risk management policies. Each member of the Committee is independent as defined in the New York Stock Exchange's listing standards. Con Edison's Board of Directors has determined that each Director on the Audit Committee is an audit committee financial expert as such term is defined in Item 407(d)(5) of Regulation S-K and is independent as such term is defined in Rule 10A-3 under the Securities and Exchange Act of 1934. The Audit Committee held eight meetings in 2008.

*The Corporate Governance and Nominating Committee*, composed of five independent Directors (currently Mr. Del Giudice, Chair, Mr. Calarco, Dr. Campbell, Ms. Hernandez, and Dr. Likins), annually evaluates each Director's individual performance when considering whether to nominate the Director for re-election to the Board and is responsible for recommending candidates to fill vacancies on the Board. In addition, the Committee assists with respect to the composition and size of the Board and of all Committees of the Board. The Committee also makes recommendations to the Board as to the compensation of Board members as well as other corporate governance matters, including Board independence criteria and determinations and corporate governance guidelines.

## **Table of Contents**

All of the members of the Committee are independent as defined in the New York Stock Exchange's listing standards. Con Edison's Corporate Governance Guidelines provide that the Board of Directors consists of a substantial majority of Directors who meet the New York Stock Exchange definition of independence, as determined by the Board in accordance with the standards described in the Guidelines under Board Members Independence beginning on page 9. Among its duties, the Committee reviews the skills and characteristics of Director candidates as well as their integrity, judgment, business experience, areas of expertise and availability for service, factors relating to the composition of the Board (including its size and structure) and the Company's principles of diversity.

The Committee has the authority under its charter to hire advisors to assist it in its decisions. The Committee retains a professional search firm to assist it in identifying director candidates. The search firm assists the Committee in developing criteria for potential Board members to complement the Board's existing strengths. Based on such criteria, the firm also provides the Committee, for its review and consideration, lists of potential candidates with background information. After consulting with the Committee, the firm further screens and interviews candidates as directed by the Committee to determine their qualifications, interest and any potential conflicts of interest and provides its results to the Committee. The Committee also considers candidates recommended by stockholders. There are no differences in the manner in which the Committee will evaluate candidates recommended by stockholders. The Committee will make an initial determination as to whether a particular candidate meets the Company's criteria for Board membership, and will then further consider candidates that do. Stockholder recommendations for candidates, accompanied by biographical material for evaluation, may be sent to the Secretary of the Company. Each recommendation should include information as to the qualifications of the candidate and should be accompanied by a written statement (presented to the Secretary of the Company) from the suggested candidate to the effect that the candidate is willing to serve.

The Committee has also retained Mercer to provide information, analyses, and objective advice regarding director compensation. The Committee directs Mercer to (i) assist the Committee by providing competitive market information on the design of the director compensation program, (ii) advise the Committee on the design of the director compensation program and also provide advice on the administration of the program, and (iii) brief the Committee on director compensation trends among the Company's compensation peer group and broader industry. The chief executive officer is the Chairman of the Board and together with the other Board members considers the recommendations of the Committee. The decisions may reflect factors and considerations in addition to the information and advice provided by Mercer.

The Corporate Governance and Nominating Committee held four meetings in 2008.

*The Environment, Health and Safety Committee*, composed of four non-management Directors (currently Ms. Futter, Chair, Mr. Davis, Ms. Hernandez, and Dr. Likins), provides advice and counsel to the Company's management on corporate environment, health and safety policies and on such other environment, health and safety matters as from time-to-time the Committee deems appropriate, reviews significant issues relating to the Company's environment, health and safety programs and its compliance with environment, health and safety laws and regulations, and makes such other reviews and recommends to the Board such other actions as it may deem necessary or desirable to help promote sound planning by the Company with due regard to the protection of the environment, health and safety. The Environment, Health and Safety Committee held five meetings in 2008.

*The Executive Committee*, composed of Mr. Burke, the Chairman of the Board and of the Committee, and four non-management Directors (currently Mr. Calarco, Mr. Del Giudice, Dr. Likins, and Mr. McGrath), may exercise during intervals between the meetings of the Board all the powers vested in the Board, except for certain specified matters. No meetings of the Executive Committee were held in 2008.

*The Finance Committee*, composed of five non-management Directors (currently Mr. Sutherland, Chair, Mr. Davis, Ms. Hernandez, Dr. Likins, and Mr. Ranger), reviews and makes recommendations to the Board with

respect to the Company's financial condition and policies, its dividend policy, bank credit arrangements, financings, investments, capital and operating budgets, major contracts and real estate transactions and litigation and other financial matters and reviews financial forecasts. The Finance Committee held eight meetings in 2008.

*The Management Development and Compensation Committee*, composed of four independent Directors (currently Dr. Campbell, Chair, Mr. Calarco, Mr. Del Giudice, and Ms. Hernandez), makes recommendations to the Board relating to officer and senior management appointments, and establishes, reviews and administers the Company's executive compensation program.

The Committee has the authority under its charter to engage the services of outside advisors, experts and others to assist it. The Committee engages Mercer to provide information, analyses, and objective advice regarding executive compensation. The Committee directs Mercer to (i) assist the Committee in the development and assessment of the compensation peer group for the purposes of providing competitive market information for the design of the compensation program, (ii) compare the Company's chief executive officer's base salary, annual incentive and long-term incentive compensation to that of the chief executive officers of the identified compensation peer group and broader industry, (iii) advise the Committee on the officers' base salaries and target award levels within the annual and long-term incentive plans, (iv) advise the Committee on the design of the Company's annual and long-term incentive plans and also provide advice on the administration of the plans, (v) brief the Committee on executive compensation trends among the Company's compensation peer group and broader industry, and (vi) assist with the preparation of the Compensation Discussion and Analysis for this Proxy Statement.

In 2008, Mercer attended six Committee meetings. For a discussion of the role of the Committee and information about the Company's processes and procedures for the consideration and determination of executive compensation, see the Compensation Discussion and Analysis Report beginning on page 16 of the Proxy Statement.

In addition, the Committee also reviews and makes recommendations as necessary to provide for orderly succession and transition in the executive management of the Company and receives reports and makes recommendations with respect to minority and female recruitment, employment and promotion. It also oversees and makes recommendations to the Board with respect to compliance with the Employee Retirement Income Security Act of 1974 (ERISA), and reviews and makes recommendations with respect to benefit plans and plan amendments, the selection of plan trustees and the funding policy and contributions to the funded plans, and reviews the performance of the funded plans. Each of the members of the Committee is independent as defined in the New York Stock Exchange's listing standards.

The Management Development and Compensation Committee held eight meetings in 2008.

*The Operations Oversight Committee*, composed of six non-management Directors (currently Dr. Likins, Chair, Dr. Campbell, Ms. Futter, Mr. Hennessy, Mr. Killian, and Mr. McGrath), oversees the Company's efforts relating to its electric, gas and steam operations. The Operations Oversight Committee held five meetings in 2008.

*The Planning Committee*, composed of eight non-management Directors (currently Ms. Hernandez, Chair, Mr. Calarco, Mr. Davis, Mr. Del Giudice, Ms. Futter, Dr. Likins, Mr. McGrath, and Mr. Ranger), reviews and makes recommendations to the Board regarding long-range planning for the Company. The Planning Committee held two meetings in 2008.

## **Compensation Committee Interlocks and Insider Participation**

Mr. Calarco, Dr. Campbell (Chair), Mr. Del Giudice and Ms. Hernandez were on Con Edison's Management Development and Compensation Committee in 2008. The Company believes that there are no interlocks with the members who serve on this Committee.

**MANAGEMENT PROPOSAL**

*(Item 2 on Proxy Card)*

**Proposal No. 2** Ratification of the Appointment of PricewaterhouseCoopers LLP ( PwC ) as Independent Accountants for the Year 2009.

At the Annual Meeting, as a matter of sound corporate governance, stockholders will be asked to ratify the selection of PwC as independent accountants for the Company for the year 2009. If the selection of PwC is not ratified, the Audit Committee will take this into consideration in the future selection of independent accountants.

PwC has acted as independent accountants for the Company for many years. The Audit Committee's charter provides that at least once every five years, the Audit Committee will evaluate whether it is appropriate to rotate the Company's independent accountants.

The Audit Committee considered the firm's qualifications. This included a review of PwC's performance in prior years, as well as PwC's reputation for integrity and for competence in the fields of accounting and auditing. The Audit Committee also reviewed a report provided by PwC regarding its quality controls, inquiries or investigations by governmental or professional authorities and independence.

Representatives of PwC will be present at the Annual Meeting and will be afforded the opportunity to make a statement if they desire to do so and to respond to appropriate questions.

**The Board Recommends a Vote FOR Proposal No. 2.**

Adoption of Proposal No. 2 requires the affirmative vote of a majority of the shares of Common Stock voted on the proposal at the Annual Meeting.

**STOCKHOLDER PROPOSAL**

*(Item 3 on Proxy Card)*

**Proposal No. 3** Mrs. Evelyn Y. Davis, Watergate Office Building, 2600 Virginia Avenue, N.W., Suite 215, Washington, D.C. 20037, who owns 200 shares of Common Stock, has submitted the following proposal:

RESOLVED: That the stockholders recommend that the Board take the necessary steps that Con Edison specifically identify by name and corporate title in all future proxy statements those executive officers, not otherwise so identified, who are contractually entitled to receive in excess of \$500,000 annually as a base salary, together with whatever other additional compensation bonuses and other cash payments were due them.

The statement made in support of this proposal is as follows:

In support of such proposed Resolution it is clear that the stockholders have a right to comprehensively evaluate the management in the manner in which the Corporation is being operated and its resources utilized. At present only a few of the most senior executive officers are so identified, and not the many other senior executive officers who should contribute to the ultimate success of the Corporation. Through such additional identification the stockholders will then be provided an opportunity to better evaluate the soundness and efficacy of the overall management.

Last year the owners of 21,283,392 shares, representing approximately 14.2% of shares voting, voted FOR this proposal.

If you AGREE, please mark your proxy FOR this proposal.

**The Board of Directors Recommends That You Vote AGAINST Proposal No. 3 for the Following Reasons:**

Disclosure of executive compensation is governed by the Securities and Exchange Commission's proxy solicitation rules. In accordance with those rules, Con Edison currently provides information on pages 16 through 47 of the Proxy Statement concerning compensation for its highest paid executive officers. All of the Company's executive officers who received in excess of \$500,000 in base salaries in 2008 are listed on the Summary Compensation Table on page 28 of the Proxy Statement. The proposal would not result in any additional disclosure in the Proxy Statement.

**The Board of Directors Recommends a Vote AGAINST Proposal No. 3.**

Adoption of the preceding stockholder proposal (Proposal 3) requires the affirmative vote of a majority of shares of Common Stock voted on the proposal at the Annual Meeting.

**REPORT OF THE MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE**

The Management Development and Compensation Committee of the Board of Directors of the Company (the *Committee*) is composed of four independent Directors. The Committee establishes, reviews and administers the Company's executive compensation program for the Chief Executive Officer and the other members of senior management, including the named executive officers listed on the Summary Compensation Table, and determines the compensation of such officers.

The Committee has reviewed and discussed the Compensation Discussion and Analysis report (the *CD&A*) for 2008 with management of the Company. **COMPENSATION DISCUSSION AND ANALYSIS REPORT**

**Introduction**

This section of the proxy statement provides management's discussion and analysis of the Company's 2008 executive compensation program (the *compensation program*). The discussion and analysis addresses:

- I. The overview, philosophy and objectives of the Company's compensation program;
- II. The role of the Management Development and Compensation Committee of the Company's Board of Directors (the *Committee*) and others in determining executive compensation;

- III. The Committee's actions with respect to executive compensation;
- IV. Retirement and other benefits;
- V. Stock ownership guidelines; and
- VI. Tax implications relating to the compensation program.

**I. Compensation Program Overview, Philosophy and Objectives**

**A. Compensation Program Overview**

The compensation program consists of the following components:

Base salary;

Annual cash incentive compensation;

Long-term incentive compensation;

Retirement and welfare benefits; and

Perquisites and personal benefits.

**Table of Contents**

The compensation program covers the Company's officers, including the following officers named in the Summary Compensation Table on page 28 (the *Named Executive Officers*):

Kevin Burke, Chairman of the Board, President and Chief Executive Officer;

Robert Hoglund, Senior Vice President and Chief Financial Officer;

Louis L. Rana, President and Chief Operating Officer, Con Edison of New York;

John D. McMahon, President and Chief Executive Officer, Orange and Rockland; and

Charles E. McTiernan, Jr., General Counsel.

**B. Compensation Philosophy and Objectives**

The Committee has established the following philosophy and objectives to govern the development and implementation of the Company's compensation program. There are no material differences in the Company's compensation policies for each Named Executive Officer.

*(i) Competitive Positioning Attraction and Retention*

The Company's compensation program is designed to assist in attracting and retaining key executives critical to the Company's long-term success. The Committee seeks to provide base salary, target annual incentive awards and target long-term incentive award values that are competitive with levels of compensation provided by the Company's compensation peer group (see Compensation Peer Group on page 18). In addition, the Company provides retirement and welfare benefits, and perquisites and personal benefits that are competitive with those provided by the compensation peer group.

In 2008, the Named Executive Officers' total direct compensation compared to the Company's compensation peer group median was as follows:

Principal Position	Company Target Compensation as a Percentage of Peer Group Median Target			
	Base Salary	Total Cash Compensation (Base Salary + Annual Incentive)	Long-Term Incentive Compensation	Total Direct Compensation
Chief Executive Officer	98%	97%	76%	83%
Other Named Executive Officers (Average)	100%	98%	110%	103%

*(ii) Pay-Performance Alignment*

The Company's compensation program motivates its officers to help create value for its shareholders and provide reliable service for its customers. Compensation paid to the Company's officers is aligned with the Company's performance on both a short-term and long-term basis. Awards under the Company's annual incentive plan are based on achieving financial and operational objectives critical to the performance of the Company's businesses. Awards of performance restricted stock units under the Company's long term incentive plan are based on achieving financial and operational objectives and the Company's total shareholder return relative to the total shareholder return for the Company's compensation peer group over a three-year period.

The mix of compensation for the Named Executive Officers is weighted heavily towards compensation that varies with the Company's performance. For 2008, such variable compensation accounted for approximately 80 percent of the Company's chief executive officer's target total direct compensation, and about 69 percent of that of the other Named Executive Officers.

## **Table of Contents**

### **II. The Role of the Committee and Others in Determining Executive Compensation**

#### **A. Committee's Role**

The role of the Committee is to establish and oversee the Company's executive compensation and benefit plans and policies, administer its equity plans and annual incentive plan and review and approve annually all compensation relating to the Named Executive Officers. All of the decisions with respect to determining the amount or form of compensation of the Named Executive Officers under the Company's compensation program are made by the Committee.

#### **B. Management's Role**

The role of the Company's chief executive officer with respect to determining the amount or form of the compensation of the other Named Executive Officers is to provide his recommendations to the Committee. The chief executive officer is not present when the Committee determines his compensation. The chief executive officer considers the following in making his recommendations:

Individual performance of the Named Executive Officers;

The Named Executive Officer's contribution towards the Company's long-term performance;

The scope of their individual responsibilities; and

Compensation peer group proxy data provided by the Committee's compensation consultant.

The Company's Human Resources department also supports the Committee in its work.

#### **C. Compensation Consultant's Role**

The Committee has the authority under its charter to hire advisors to assist it in its compensation decisions. It has retained Mercer as its independent compensation consultant, to provide information, analyses, and objective advice regarding executive compensation. The Committee periodically meets with Mercer in executive session to discuss compensation matters. The Committee's decisions reflect factors and considerations in addition to the information and advice provided by Mercer. A discussion of Mercer's role as the Committee's independent compensation consultant is set forth in the section titled "Standing Committees of the Board" on page 12.

### **III. Committee Actions with Respect to Executive Compensation**

**A. Compensation Peer Group**

For 2008, the Committee used a compensation peer group of twenty publicly-traded utility companies of comparable size and scope to that of the Company. The companies in the compensation peer group have revenues that range from approximately 50 percent below to approximately 50 percent above the revenues of the Company. The purpose of the compensation peer group is to provide benchmark information on compensation levels provided to the Company's officers, as well as measuring relative total shareholder returns for the vesting of performance restricted stock unit awards.

**Table of Contents**

The Company's compensation peer group consists of the following companies:

Ameren Corporation	FirstEnergy Corp.
American Electric Power Company, Inc	FPL Group, Inc.
CenterPoint Energy, Inc.	NiSource, Inc.
Constellation Energy Group, Inc.	Pepco Holdings, Inc.
Dominion Resources Inc.	PG&E Corporation
DTE Energy Company	PPL Corporation
Duke Energy Corporation	Progress Energy, Inc.
Edison International	Sempra Energy
Entergy Corporation	The Southern Company
Exelon Corporation	Xcel Energy Inc.

**B. Base Salary**

A portion of each officer's annual cash compensation is paid in the form of base salary. Base salary is reviewed on an annual basis to recognize individual performance, as well as at the time of a promotion or other change in responsibilities. Merit increases normally take effect on January 1<sup>st</sup> of each year.

In setting base salary for the Company's Named Executive Officers, including the chief executive officer, the Committee considers various factors, including:

Recommendations from the chief executive officer for the other Named Executive Officers;

A general assessment of each Named Executive Officer's performance of his or her responsibilities; and

Level of base salary compared to executives holding equivalent positions in the Company's compensation peer group.

Effective January 1, 2008, base salary merit increases for the Named Executive Officers as a group increased by an average of 4.2 percent over year-end 2007 base salaries to align the Named Executive Officers' base salaries with the market median for equivalent positions in the Company's compensation peer group. The 2008 base salary of each Named Executive Officer is set forth in the Salary column of the Summary Compensation table on page 28.

**C. Annual Incentive Compensation**

*(i) Awards*

## Edgar Filing: CONSOLIDATED EDISON INC - Form DEF 14A

A significant portion of the annual cash compensation paid to the officers is directly related to Company performance and factors that influence shareholder value.

Individual performance is taken into consideration in setting annual incentive compensation through the establishment by the Committee of financial and operating objectives for which the Named Executive Officers have individual and collective responsibility.

### *(ii) Potential Awards*

For 2008, the Committee set the range of the award that each Named Executive Officer was eligible to receive under the annual incentive plan after considering various factors, including:

Recommendations from the chief executive officer for the other Named Executive Officers;

A general assessment of each Named Executive Officer's performance of his or her responsibilities; and

**Table of Contents**

Level of annual incentive compensation compared to executives holding equivalent positions in the Company's compensation peer group.

The range of awards included threshold, target and maximum levels reflecting differing levels of achievement of the various financial and operating objectives. Awards are scaled to reflect relative levels of achievement of the objectives between the threshold, target and maximum levels. The range of each Named Executive Officer's potential award is set forth on the Grants of Plan-Based Awards table on page 29. Awards under the annual incentive plan are designed to provide a competitive level of compensation if the officers achieve the target financial and operating objectives. Over the past three years, the aggregate actual awards to the Named Executive Officers ranged from 84.7 percent to 104 percent of aggregate target annual incentive awards. Pursuant to the terms of the annual incentive plan, the Committee has the discretion to adjust (upward or downward) the actual annual incentive awards to be paid to an officer.

***(iii) Calculation of Annual Incentive Awards***

Awards under the annual incentive plan are calculated as follows:

$$\text{Base Salary} \quad X \quad \text{Target Percentage} \quad X \quad \text{Weighting Earned}$$

*Base Salary* is the annual base salary of the officer as of the end of the year to which the annual incentive award relates, and is determined as discussed under the caption *Base Salary* on page 19.

*Target Percentage* is a percentage of base salary that varies based on position. The chief executive officer's target is 100 percent; the target for the president of each of Con Edison of New York and Orange and Rockland is 80 percent; and the target for the chief financial officer and the general counsel is 50 percent.

*Weighting Earned* is the sum of the weightings earned for the financial and operating objectives. For each officer, target weightings totaling 100 percent are assigned to each of the officer's objectives. Weightings earned reflect achievement of the objectives and may vary from zero to 120 percent.

***(iv) Financial Objectives***

The financial objectives under the annual incentive plan were selected as those most indicative of the Company's success during the year. For 2008, the financial objectives had adjusted net income and other financial performance components. The targets for adjusted net income and other financial performance were approved by the Committee in January 2008. These targets were modified by the Committee in April 2008 to reflect the March 2008 decision of the Public Service Commission in Con Edison of New York's electric rate case and are set forth below.

## Edgar Filing: CONSOLIDATED EDISON INC - Form DEF 14A

The *adjusted net income* component, reflecting the financial results of the Company's business for which its officers are responsible and accounting for 50 percent of each Named Executive Officer's potential annual incentive award, was the adjusted Company net income, for the chief executive officer, the chief financial officer and the general counsel, and adjusted regulated net income (the total for Con Edison of New York and Orange and Rockland), for the president of each of Con Edison of New York and Orange and Rockland. Adjusted net income excludes the net mark-to-market effects of the Company's competitive energy businesses and any extraordinary non-recurring items identified by the Company after the performance target had been determined. The following non-recurring items are excluded from adjusted Company net income with respect to the 2008 annual incentive awards: the settlement reached in the Northeast Utilities litigation, and the impact from the gain on the sale of generation projects by the competitive energy business.

**Table of Contents**

2008 target adjusted net income and actual adjusted net income were:

	Target	Actual
	(in millions)	
<b>Adjusted Company net income</b>	\$ 860.9	\$ 819.8
<b>Adjusted Regulated net income</b>	\$ 837.7	\$ 826.8

If actual adjusted net income is less than or equal to 90 percent of the target adjusted net income, no annual incentive awards are made.

The *other financial performance* component, reflecting the responsibilities of the Named Executive Officer and accounting for 20 percent of each Named Executive Officer's potential annual incentive award, as shown on the Achievement of 2008 Financial and Operating Objectives table on page 22, was comprised of one or more of the Con Edison of New York and Orange and Rockland operating budgets or objectives for the competitive energy businesses relating to operations and maintenance expense, capital expenditures, dividend payout and value at risk exposure.

2008 target operating budgets and actual expenditures were:

	Target	Actual
	(in millions)	
<b>Con Edison of New York</b>	\$ 1,297.5	\$ 1,260.4
<b>Orange and Rockland</b>	\$ 184.3	\$ 183.3

**(v) Operating Objectives**

The operating objectives, reflecting the responsibilities of the Named Executive Officer and accounting for 30 percent of each Named Executive Officer's potential annual incentive award, were designed to encourage sustained or improved performance regarding specific matters that are important to day-to-day operations of the Company's businesses. There were numerous objectives for:

Employee safety;

Electric, gas and steam system performance;

Customer service;

Environmental performance; and

Employee development.

For the competitive energy businesses, there were also objectives for gross margins, retail sales and collections, financial and regulatory controls and ethical behavior.

The operating objectives chosen represent a number of key safety and performance indicators that guide the Company to serve its customers in a safe, effective, and efficient manner. These measures are recognized across the Company's compensation peer group and industry.

**Table of Contents****(vi) Achievement of 2008 Financial and Operating Objectives**

The following table shows, for each Named Executive Officer, the target weightings assigned to the financial and operating objectives and the weightings earned based on achievement of those objectives. The weightings of the subsidiaries for the chief executive officer, the chief financial officer and the general counsel were based on each subsidiary's relative contribution to the Company's net income.

**(vii) 2008 Annual Incentive Awards**

In January 2009, the Committee evaluated and determined whether the applicable financial and operating objectives were satisfied. In assessing performance against the objectives, the Committee considered actual results achieved against the specific targets associated with each objective and determined that the 2008 annual incentive awards appropriately reflected actual performance achieved.

The following table shows the calculation of the 2008 annual incentive awards for each Named Executive Officer:

Principal Position	Base Salary	X	Target Percentage	X	Weighting Earned	=	2008 Award
Chief Executive Officer	\$ 1,102,500		100%		96.7%		\$ 1,066,100

**D. Long-Term Incentive Compensation**

*(i) Awards*

Officers are eligible to receive equity-based awards under the Company's long-term incentive plan. The Committee determines the target long-term incentive award value for each Named Executive Officer based on various factors, including:

Recommendations from the chief executive officer for the other Named Executive Officers;

A general assessment of each Named Executive Officer's performance of his or her responsibilities; and

Level of long-term incentive compensation compared to executives holding equivalent positions in the Company's compensation peer group.

*(ii) Performance Restricted Stock Unit Awards*

It is the Committee's practice at its January meeting each year to make annual awards of stock units under the long-term incentive plan to the Company's officers and to authorize the chief executive officer to make annual awards under the plan to the Company's employees (other than officers) effective each April. The number of stock units awarded in January 2008 to the Named Executive Officers is shown in the Grants of Plan-Based Awards table on page 29.

The stock units provide for the right to receive one share of Company common stock (or a cash payment equal to the fair market value of one share of Company common stock) for each stock unit granted, subject to the satisfaction of certain pre-established long-term performance objectives. Officers may elect to defer the receipt of the cash value of the award into the Company's supplemental savings plan or to defer the receipt of the shares. Dividends are not paid on the stock units until the award vests.

*(iii) Calculation of 2008 Performance Restricted Stock Units*

Actual payouts of the stock units, if any, are calculated by a non-discretionary formula as follows:

*Award X 50% X Incentive Plan Percentage*

*plus*

*Award X 50% X Shareholder Return Percentage*

*Award* is the annual award of performance restricted stock units under the long-term incentive plan. The target award of stock units is a percentage of base salary that varies based on position. The chief executive officer's target award is 350 percent; the target award for presidents of the Company's subsidiaries and for the chief financial officer is 200 percent; and the target award for the general counsel is 100 percent.

*Incentive Plan Percentage* is the average payout under the Company's annual incentive plans over the performance period beginning on January 1, 2008 and ending on December 31, 2010 (for awards granted in 2008). See "Annual Incentive Compensation" starting on page 19.

**Table of Contents**

*Shareholder Return Percentage* is the weighting earned based on the cumulative change in Company total shareholder returns over the performance period compared with the Company's compensation peer group as constituted on the date of grant. In the event that the companies that make up the peer group change during the performance period, the Committee will use the compensation peer group as constituted on the date of grant. If a company ceases to be publicly traded before the end of the performance period, that company's total shareholder returns will not be used to calculate awards. The levels of awards of stock units that will be earned are as follows:

**Ratio of Company's Shareholder Returns vs.**

<b>Compensation Peer Group</b>	<b>Weighting Earned</b>
75 <sup>th</sup> or greater	150%
70 <sup>th</sup>	140%
65 <sup>th</sup>	130%
60 <sup>th</sup>	120%
55 <sup>th</sup>	110%
50 <sup>th</sup>	100%
45 <sup>th</sup>	85%
40 <sup>th</sup>	70%
35 <sup>th</sup>	55%
30 <sup>th</sup>	40%
25 <sup>th</sup>	25%
Below 25 <sup>th</sup>	0%

Actual payout of the stock unit awards to the officers may vary from zero up to a maximum of 135 percent of such award, based on actual performance over the performance period. The maximum payout of the stock unit awards represents the weighted average of (i) the maximum payout of the stock unit awards that vest based on payouts from the annual incentive plan (120 percent), plus (ii) the maximum payout of the stock unit awards that vest based on the cumulative change in total shareholder returns (150 percent).

The Committee believes that total shareholder return is the performance measure that most closely helps the Company to achieve its overall compensation philosophy by aligning executive rewards with the creation of shareholder value, as articulated in the Company's compensation philosophy. Total shareholder return is balanced with the annual operating and financial objectives of the annual incentive plan to further align executives' rewards with other key Company performance objectives which total shareholder return does not fully capture.

The Committee may adopt different performance measures for the stock unit grants, from time to time, as it deems appropriate at the time of grant.

**(iv) Payout of 2006 Awards**

Each January, following the end of the relevant performance period for each outstanding stock unit award, the Company's achievement of the performance measures is reviewed by the Committee. For the awards granted for the 2006-2008 performance period, the Company's total shareholder return was compared with the Standard and Poor's Electric Utility index as constituted on January 1, 2006. The Committee evaluates and approves the Company's performance relative to the performance measures and pays out the stock units in either cash and/or shares of Company common stock (as elected by the officer) based on the attainment of such performance measures.

**Table of Contents**

The following table shows, for each Named Executive Officer, the calculation of the payout with respect to the stock units for the 2006-2008 performance period:

<b>Principal Position</b>	<b>Award × 50%</b>	<b>×</b>	<b>Incentive Plan Percentage</b>	<b>+</b>	<b>Award × 50%</b>	<b>×</b>	<b>Shareholder Return Percentage</b>	<b>=</b>	<b>2006-2008 Payout Total</b>

**IV. Retirement and Other Benefits****A. Retirement and Welfare Benefits**

The Company provides employees with a range of retirement and welfare benefits that reflects the competitive practices of the industry. These benefits assist the Company in attracting, retaining and motivating employees critical to its long term success. Officers are eligible for benefits under the following Company plans:

Tax-qualified retirement plan and its related non-qualified supplemental plan;

Tax-qualified savings plan and its related non-qualified supplemental plan;

Stock purchase plan; and

Health and welfare plans.

**(i) Retirement Plans**

A tax-qualified retirement plan covers substantially all the Company's employees. All employees whose benefits under the plan are limited by the Internal Revenue Code are eligible to participate in a supplemental retirement income plan. The plans are described in the narrative to the Pension Benefits table on page 32.

## Edgar Filing: CONSOLIDATED EDISON INC - Form DEF 14A

The estimated retirement benefits payable to the Named Executive Officers (determined on a present value basis) are set forth in the Pension Benefits table.

### *(ii) Savings Plans*

A tax-qualified savings plan covers substantially all of the Company's employees. All employees whose benefits under the plan are limited by the Internal Revenue Code, are eligible to participate in a supplemental plan. Officers may also defer a portion of their salary into the supplemental savings plan. The plans are described in the narrative to the Nonqualified Deferred Compensation table on page 34.

Company matching contributions allocated to the Named Executive Officers under the savings plan and supplemental savings plan are included in the "All Other Compensation" column of the Summary Compensation table on page 28.

### *(iii) Stock Purchase Plan*

The stock purchase plan covers substantially all of the Company's employees and provides the opportunity to purchase shares of Company common stock. The plan is described in Note M to the financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008.

## **Table of Contents**

### ***(iv) Health and Welfare Plans***

Active employee benefits, such as medical, dental, life insurance and disability coverage, are available to all employees through the Company's health and welfare benefits plans. Employees contribute towards the cost of the plans by paying a portion of the premium costs on a pre-tax basis. Under the plans, employees can purchase a higher level of coverage than that provided to employees generally. The Company also provides all employees with paid time-off benefits, such as vacation and sick leave.

Officers are eligible to participate in a supplemental medical plan. The plan supplements medical and hospital benefits provided to officers under the Company's medical program. Officers contribute towards a portion of the cost of the supplemental plan on an after-tax basis. The supplemental plan provides officers with the option to continue their participation following retirement. The amount that the Company contributes for each Named Executive Officer is included in the "All Other Compensation" column of the Summary Compensation Table on page 28.

### **B. Perquisites and Personal Benefits**

Pursuant to the compensation program, the Company provides certain officers, including the Named Executive Officers, with limited, specific perquisites that are competitive with industry practices. The Committee reviews the level of perquisites and personal benefits annually. The Company provides the following perquisites, which are set forth in the "All Other Compensation" column of the Summary Compensation table on page 28:

Supplemental health insurance and life insurance;

Reimbursement for reasonable costs of financial and tax planning, and, for the chief executive officer, legal fees relating to the review of his employment agreement; and

A company vehicle and, in the case of the chief executive officer and the president of Con Edison of New York, a company vehicle and driver.

### **C. Severance and Change of Control Benefits**

The Company provides for the payment of severance benefits upon certain types of employment terminations. Providing severance and change of control benefits assists the Company in attracting and retaining executive talent and reduces the personal uncertainty that executives are likely to feel when considering a corporate transaction. These arrangements also provide valuable retention incentives that focus executives on completing such transactions, thus, enhancing long-term shareholder value. The compensation under the various circumstances that trigger payments or provision of benefits upon termination or a change in control was chosen to be broadly consistent with prevailing competitive practices.

## Edgar Filing: CONSOLIDATED EDISON INC - Form DEF 14A

Officers of the Company (other than the chief executive officer) are provided benefits under the officers' severance program. The severance benefits payable to the chief executive officer are set forth in his employment agreement, which is described in the narrative to the Potential Payments Upon Termination of Employment or Change in Control table beginning on page 38. The severance benefits payable to the Named Executive Officers are set forth in the severance program which is described in footnote 2 to the Potential Payments Upon Termination of Employment or Change in Control table on page 42. The estimated severance benefits that each Named Executive Officer would be entitled to receive are set forth in the applicable Potential Payments Upon Termination of Employment or Change in Control table beginning on page 38.

As set forth in greater detail in the narrative to the Potential Payments Upon Termination of Employment or Change in Control table, the Company's change of control provisions provide that payments may be made only in the event that the Named Executive Officer's employment is terminated in connection with a change of control. Upon a change in control, the vesting of long-term incentive plan grants will accelerate, whether or not the officer's employment with the Company continues. This practice eliminates the officer's incentive to terminate employment in the event of a change in control. The Committee believes that such vesting is broadly consistent with prevailing competitive practices.

**V. Stock Ownership Guidelines**

The Company has established the following stock ownership guidelines for the Company's officers:

Chief Executive Officer	3 X base salary
Chief Financial Officer	2 X base salary
President of Con Edison of New York	2 X base salary
Executive Vice President of Con Edison of New York	2 X base salary
President and Chief Executive Officer of Orange & Rockland	2 X base salary
Presidents of Consolidated Edison Development, Inc., Consolidated Edison Energy, Inc. and Consolidated Solutions, Inc.	1 X base salary
Senior Vice Presidents of Con Edison of New York	1 X base salary

The officers covered by the guidelines are expected to retain for at least one year a minimum of 25 percent of the net shares acquired upon exercise of stock options and 25 percent of the net shares acquired pursuant to vested restricted stock and restricted stock unit grants until their holdings of common stock equal or exceed their applicable ownership guidelines.

For these purposes, officers subject to the guidelines have five years after their appointment to covered titles to meet the guidelines. In January 2009, it was determined that as of December 31, 2008, all Named Executive Officers have either met their ownership milestones or are making reasonable progress towards their milestones.

For purposes of the guidelines:

Stock ownership includes the officers' vested restricted stock or restricted stock units.

The one-year period is measured from the date the stock options are exercised or the restricted stock or restricted stock units vest, as applicable.

Net shares means the shares remaining after sale of shares necessary to pay the related tax liability and, if applicable, exercise price.

**VI. Tax Implications**

**A. Tax Deductibility of Pay**

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation that the Company may deduct in any one year with respect to each of the Named Executive Officers, other than the chief financial officer, employed by the Company on the last day of the fiscal year. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. While the Committee considers the tax impact of Section 162(m), the Committee has determined that it is appropriate to maintain flexibility in compensating Named Executive Officers in a manner intended to promote varying corporate goals, recognizing that certain amounts paid to Named Executive Officers in excess of \$1,000,000 may not be deductible under Section 162(m). For 2008, \$1,177,000 of the compensation paid

## Edgar Filing: CONSOLIDATED EDISON INC - Form DEF 14A

to the chief executive officer, \$111,000 of the compensation paid to the president of Con Edison of New York, and \$426,000 of the compensation paid to the president of Orange and Rockland, was not deductible for federal income tax purposes.

### **B. Nonqualified Deferred Compensation**

Section 409A of the Internal Revenue Code sets forth the tax rules for the Company's nonqualified deferred compensation arrangements. The Company believes it is in compliance with Section 409A and the regulations promulgated thereunder.

**Table of Contents****Summary Compensation Table**

The following table sets forth the compensation of the Named Executive Officers, the Company's Chief Executive Officer, Chief Financial Officer, and the other three most highly compensated executive officers who were serving as executive officers as of December 31, 2008. Amounts shown are accounting expenses determined by applying the assumptions used for the Company's financial statements, in accordance with Statement of Financial Accounting Standards No. 123R Share-Based Payment ( FAS 123R ). See Note M to the financial statements in the Form 10-K. Actual value to be realized, if any, on stock awards and option awards by the Named Executive Officers will depend on the performance of the Company's common stock and his continued service. **Table of Contents****PENSION BENEFITS****Retirement Plan Benefits**

The retirement plan, a tax qualified retirement plan, covers substantially all of the Company's employees. The supplemental retirement income plan provides certain highly compensated employees (including the Named Executive Officers) whose benefits are limited by the Internal Revenue Code with that portion of their retirement benefit that represents the difference between (i) the amount they would have received under the retirement plan absent IRS limitations on the amount of final average salary that may be considered in calculating pension benefits and the amount of pension benefits paid and (ii) the amount actually paid from the retirement plan. All amounts under the supplemental retirement income plan are paid out of the Company's general assets.

The retirement plan and the supplemental retirement income plan (the Plans) provide pension benefits based on: (i) the participant's highest average salary for 48 consecutive months within the 120 consecutive months prior to retirement (final average salary); (ii) the portion of final average salary in excess of the Social Security taxable wage base in the year of retirement; and (iii) the participant's length of service. For purposes of the Plans, a participant's salary for a year is deemed to include any award under the Company's annual incentive plans for that year; provided that the portions of awards for plan years prior to 2005 that were required to be deferred under the annual incentive plan for a five-year period will not be included in the pension calculation if such portions are forfeited in accordance with the annual incentive plan. Participants in the Plans whose age and years of service equal 75 are entitled to an annual pension benefit for life, payable in monthly installments. Participants may earn increased pension benefits by working additional years. Benefits payable to a participant who retires between ages 55 and 59 with less than 30 years of service are subject to a reduction of 1.5 percent for each full year of retirement before age 60. Early retirement reduction factors are not applied to pensions of employees electing retirement at age 55 or older with at least 30 years of service. Effective January 1, 2009, management employees covered under the final average salary formula who are at least age 55 and have 30 or more years of service or will turn age 55 with 30 or more years of service during the period from January 1, 2009 through June 30, 2012 qualify for an additional pension accrual for a limited period of time. The additional pension accrual will be credited from the time an employee becomes eligible through June 30, 2012 at a rate equal to one-twelfth of 0.5 percent of the final average salary for each month of service. The additional pension accrual period ends on June 30, 2012. Employees eligible to receive a benefit under the cash balance formula do not qualify for the additional pension accrual. Each of the Named Executive Officers, other than Mr. Høglund, is eligible to receive an unreduced early retirement benefit. The Plans provide an annual adjustment, not applicable to participants hired on or after January 1, 2001, equal to the lesser of 3 percent or 3/4 of the annual increase in the Consumer Price Index to offset partially the effects of inflation.

Mr. Høglund's pension benefits are calculated under the Plans' cash balance formula which applies to all management employees hired on or after January 1, 2001. Under the cash balance formula, participants' benefits accrue at the end of each calendar quarter. The crediting percent, which can range from 4 percent to 7 percent, depending on the participant's age and years of service, is applied to the participant's base salary and annual incentive award (Earnings) during the quarter. In addition, a participant whose Earnings exceed the Social Security Wage Base (\$102,000 for 2008) will receive a 4 percent credit on the amount of his or her Earnings that exceed the Social Security Wage Base. The following table shows how this works:

Age and Service Points	Rate on Earnings	Plus	Rate on Earnings Above SS Wage Base
Under 35	4.00%		4.00%
35 - 49	5.00%		4.00%
50 - 64	6.00%		4.00%
Over 64	7.00%		4.00%

Edgar Filing: CONSOLIDATED EDISON INC - Form DEF 14A

The cash balance account of participants, including Mr. Hoglund, is credited with interest quarterly at a rate equal to one-quarter of the annual interest rate payable on the 30-year U.S. Treasury bond, subject to a minimum

**Table of Contents**

annual rate of 3 percent and a maximum annual rate of 9 percent. Mr. Høglund currently has five years of credited service under the Plans. The Company has agreed to provide Mr. Høglund credit for an additional ten years of service in the cash balance formula. Five of the additional ten years of service will be credited after he completes ten years of continuous employment and the remaining five years will be credited after he completes fifteen actual years of continuous service. The portion of Mr. Høglund's retirement benefit that is attributable to the additional years of service provided by the Company will be paid under the supplemental retirement income plan. Benefit distributions are made in the form of a lump sum payment, but participants may elect instead to receive an immediate or deferred lifetime annuity.

- (2) Represents cash balance formula values. The cash balance formula under which Mr. Høglund's pension benefits are valued also provides him credit for an additional five years of service if he completes ten years of continuous employment with the Company and an additional five years of service (for a total of ten years of additional service) if he completes fifteen years of continuous employment with the Company. As of December 31, 2008, he had not yet completed ten years of continuous employment with the Company.

### **NONQUALIFIED DEFERRED COMPENSATION**

#### **Company Savings Plan**

The Savings Plan, a tax-qualified retirement plan, covers substantially all of the Company's employees. Participating employees may contribute up to 50 percent of their compensation on a before-tax basis and/or an after-tax basis, into their Savings Plan accounts. In addition, the Company matches an amount equal to 50 percent for each dollar contributed by participating employees on the first 6 percent of their regular earnings.

Pursuant to IRS rules, effective for 2008, the Savings Plan limits the additions that can be made to a participating employee's account to \$46,000 per year. Additions include Company matching contributions, before-tax contributions made by a participating employee under Section 401(k) of the Internal Revenue Code, and employee after-tax contributions.

Of those additions, the current maximum before-tax contribution is \$15,500 per year (or \$20,500 per year for certain participants age 50 and over). In addition, no more than \$230,000 of annual compensation may be taken into account in computing benefits under the Savings Plan.

#### **Supplemental Savings Plan**

Certain highly compensated employees, including the Named Executive Officers, are eligible to participate in the supplemental savings plan, a non-qualified deferred compensation plan. Together with the savings plan, the supplemental savings plan permits participating officers to defer on a before-tax basis: (i) up to 50 percent of their base salary under the supplemental savings plan, (ii) all or a portion of their annual incentive award and (iii) the cash value of any restricted stock unit awards (including any dividend equivalents). In addition, under the supplemental savings plan the Company will credit participating employees with a Company matching contribution on that portion of their contributions that cannot be matched under the savings plan because of IRS limitations. Earnings on amounts contributed under the supplemental savings plan reflect investment in accordance with participating employees' investment elections. There were no above-market or preferential earnings with respect to the supplemental savings plan. Individuals participating in the plan may elect to have their account balances credited with a return that is benchmarked to numerous investment funds institutionally managed by the Nationwide Insurance Company. Participants may change their investment allocation once per calendar quarter. All amounts distributed from the supplemental savings plan are paid out of the Company's general assets.

Amounts deferred, if any, under the savings plan and the supplemental savings plan by the Named Executive Officers are included in the Salary and Non-Equity Incentive Plan Compensation columns of the Summary Compensation Table on page 28 of the proxy statement. Company matching contributions allocated to the Named Executive Officers under the savings plan and the supplemental savings plan are shown in the All Other Compensation column of the Summary Compensation Table on page 28 of the Proxy Statement. Amounts realized upon vesting of stock awards that were deferred into the supplemental savings plan, if any, are shown on the Value Realized on Vesting column of the Option Exercises and Stock Vested table on page 31.

Pursuant to the long term incentive plan, each non-management Director is allocated an annual award of 1,500 deferred stock units on the first business day following each Annual Meeting. Dividend equivalents are payable on deferred stock units in the amount and at the time that dividends are paid on Con Edison's common stock and, at the Director's option, are paid in cash or invested in additional deferred stock units. All payments on account of deferred stock units will be made in shares of Con Edison common stock except that fractional stock units will be paid in cash.

**Table of Contents****Potential Payments Upon Termination of Employment or Change in Control**

The Company's Severance Program for Officers of Consolidated Edison, Inc. and its Subsidiaries (the "Severance Program") provides compensation to its officers in the event of certain terminations of employment or a change in control of the Company. Mr. Burke is provided such benefit pursuant to his employment agreement, dated July 22, 2005 as amended on December 15, 2008. The initial term ended December 31, 2008. The employment agreement as amended automatically extends for additional one-year periods unless either Mr. Burke or the Company provides written notice of non-renewal 180 days prior to the expiration.

The amount of compensation that is potentially payable to each Named Executive Officer in each situation is listed in the tables below. These amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the Named Executive Officers, which would only be known at the time that they become eligible for payment. The tables reflect the amount that could be payable under the Severance Program (or, in the case of Mr. Burke, his employment agreement) assuming such termination occurred at December 31, 2008, including a gross-up for certain taxes in the case of Mr. Burke in the event that any payments made in connection with a change in control would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code.

The following table describes the potential payments upon termination of employment or a change in control of the Company for Mr. Burke as of December 31, 2008.

## **Table of Contents**

- (1) As per Mr. Burke's employment agreement his compensation is as follows: base salary for 2008 equal to \$1,102,500 (Mr. Burke's employment agreement provides for base salary as adjusted by the Committee each year, target annual bonus equal to 100 percent of base salary and maximum bonus equal to 150 percent of base salary). For purposes of Mr. Burke's table above, Mr. Burke is defined as the Executive in the corresponding footnotes below.
- (2) As per Mr. Burke's employment agreement, the Executive's severance benefit pursuant to a resignation without Good Reason is equal to (i) any unpaid base salary and bonus for any completed prior fiscal year and (ii) any accrued vacation pay.
- (3) As per Mr. Burke's employment agreement, the Executive's severance benefit pursuant to a non-renewal of the employment agreement is equal to: (i) a lump sum equal to base salary and target annual bonus pro-rated through the termination date and any accrued vacation pay, (ii) a lump sum equal to the net present value of one additional year of service credit under the Company's pension plans (assuming compensation at the Executive's then annual rate of base salary and target annual bonus), (iii) a lump sum equal to 1x the sum of base salary and target annual bonus, (iv) one year continuation of health and life insurance coverage and one year of additional service credit toward eligibility for (but not for commencement of) retiree benefits, (v) one year of outplacement costs, (vi) vested amounts of all deferred compensation (includes accrued interest or earnings), and (vii) all unpaid and due amounts in other benefits required to be paid.
- (4) As per Mr. Burke's employment agreement, the Executive's severance benefit pursuant to a termination without Cause or resignation for Good Reason (before a Change in Control or CIC) is equal to: (A) the same severance benefit under a non-renewal of employment agreement, except the amounts in clauses (ii), (iii), (iv) and (v) in footnote 3 above are 2x instead of 1x and (B) the vested amounts of all unvested deferred compensation (includes accrued interest or earnings).
- (5) As per Mr. Burke's employment agreement, the Executive's severance benefit under a termination without Cause or resignation for Good Reason (on or following a CIC) is equal to the same severance benefit under a termination without Cause or resignation for Good Reason (before a CIC) except the amounts in clauses (ii), (iii), (iv) and (v) in footnote 4 above are 3x instead of 2x.
- (6) As per Mr. Burke's employment agreement, the Executive's severance benefit due to death or disability is equal to the same severance benefit under a resignation without Good Reason (except for the payment of life insurance proceeds and his pro-rata annual incentive award).
- (7) In calculating the potential payments, we assumed the Executive's date of termination is December 31, 2008 and the price per share of the Company's common stock on the date of termination is \$38.93 per share.
- (8) For disclosure purposes only, we assumed upon a non-renewal of Mr. Burke's employment agreement, retirement, death or disability the Committee took action pursuant to the long term incentive plan to fully accelerate the vesting of target performance-based equity awards and non-performance awards.
- (9) The Committee has discretion to accelerate vesting of annual incentive plan deferrals upon an employee's termination or resignation of employment. For disclosure purposes only, we have assumed that the Committee exercised its discretion to accelerate vesting of all unvested annual incentive plan deferrals held by the Executive as of December 31, 2008.
- (10) As per the long term incentive plan, in the event of a Change in Control, non-performance based stock unit awards and stock option awards fully vest on the date of such event and performance-based restricted stock unit awards vest pro-rata through the date of such event. For disclosure purposes, we assumed that the Committee took action to fully accelerate performance-based restricted stock unit awards under the long term incentive plan.

Below is a description of the assumptions used in creating the above table.

### **Non-Compete and Non-Solicitation Provisions**

As a condition to Mr. Burke's receiving the severance benefits referenced in the table above, he is bound by the terms of the non-competition and non-solicitation provisions in his employment agreement for the period of two years from the date of his termination of employment for any reason (other than in connection with a non-renewal of employment in which case the period shall be one year from the date of termination).

### **Equity Acceleration**

In the event of a termination of Mr. Burke's employment without Cause by the Company or a resignation by him for Good Reason (in connection with or without a Change in Control), performance-based and non-performance based awards under the long term incentive plan, including stock option awards, fully vest upon the date of termination. In the event of a termination of employment without Good Reason, a non-renewal of Mr. Burke's employment agreement or a termination due to death or disability, Mr. Burke's performance-based and non-performance based awards under the long term incentive plan vest pro-rata through the date of termination and stock option awards become fully vested. In addition, in the event of a termination of Mr. Burke's employment for any reason other than for Cause or a non-renewal of his employment agreement, unexpired stock options granted prior to April 19, 2001 remain exercisable until the third anniversary of his termination of

Edgar Filing: CONSOLIDATED EDISON INC - Form DEF 14A

employment and unexpired stock options granted on or after April 19, 2001 remain exercisable until the tenth anniversary of the date of grant. In the event of a termination for Cause, all unvested equity is forfeited on the date of termination.

## **Table of Contents**

### **Incremental Non-Qualified Pension Amounts**

As per Mr. Burke's employment agreement, the amounts relating to the incremental non-qualified pension amounts in the above table are based on the net present value of two additional years of additional service credit under the Company's pension plans following a termination without Cause or a resignation for Good Reason (one additional year if such termination is in connection with a non-renewal of the employment agreement and three additional years if such termination is in connection with a Change in Control) assuming compensation at Mr. Burke's annual salary and target incentive award, an interest rate of 4.27 percent (adjusted to 4.25 percent to reflect cost of living adjustments), the 1994 GAR mortality table projected to 2002 (50 percent male/50 percent female blend) and age 65 normal retirement. All amounts payable pursuant to an incremental non-qualified pension are assumed to be paid as a lump-sum.

### **Termination without Cause or a Resignation for Good Reason**

Mr. Burke will receive certain benefits as described in the above table if he is terminated by the Company for reasons other than Cause or by him for Good Reason. Under Mr. Burke's employment agreement, Cause is defined as termination of employment by the Company for any of the following reasons: (i) willful and continued failure by the Executive to substantially perform his duties as a CEO, (ii) a conviction of a felony or entering a plea of *nolo contendere* to a felony that has a significant adverse effect on the business of the Company, or (iii) a finding by a regulatory or judicial body that the Executive has violated the requirements of the Sarbanes-Oxley Act of 2002 or other federal or state securities laws in relation to the Company.

Under Mr. Burke's employment agreement, Good Reason is defined as a resignation by Mr. Burke for any of the following reasons: (i) any adverse change to his title, authority, duties, responsibilities or reporting lines or the assignment of any duties or responsibilities inconsistent in any respect with those customarily associated to the position of CEO, (ii) the appointment, without his consent, of any person other than the executive to the position of CEO or other position or title conferring similar status or authority, (iii) any reduction in salary, target annual bonus, target long-term incentive or retirement benefit, (iv) any requirement by the Company that his services be rendered primarily at an office or location that is more than 50 miles from his office or location as of the date of the employment agreement, (v) any purported termination of his employment for reasons not expressly permitted by his employment agreement, (vi) any failure by a successor of the Company to assume the employment agreement, or (vii) any other material breach of Mr. Burke's employment agreement by the Company that is not taken in good faith, or if taken in good faith, is not remedied by the Company promptly after receipt of notice from the Executive.

### **Termination of employment due to Disability**

Under Mr. Burke's employment agreement, Mr. Burke will receive certain benefits as described in the above table if he is terminated by the Company due to a disability, which occurs if the Executive is: (i) by reason of a medically determinable physical or mental impairment that could result in death or could last for a continuous period of at least 12 months (A) unable to engage in any substantial gainful activity or (B) receiving income replacement for a period of at least three months under an accident and health plan covering employees by the Company, and (ii) has not been able to perform his material duties and responsibilities for six consecutive months or for more than six months within a period of twelve calendar months.

### **Payments upon Termination of Employment in Connection with a Change in Control**

## Edgar Filing: CONSOLIDATED EDISON INC - Form DEF 14A

Under Mr. Burke's employment agreement, Mr. Burke will receive certain benefits as described in the above table if his termination of employment is without Cause by the Company or by him for Good Reason (six months prior to) or in connection with a Change in Control. Under Mr. Burke's employment agreement, Change in Control is defined under the Severance Program. Under the Severance Program, a Change of Control means the occurrence of any of the following: (i) any person or group (within the meaning of Section 13(d) of the Exchange Act of 1934) acquires securities of the Company, together with securities held by such person or group, representing more than 50 percent of the fair market value or combined voting power of the Company's

then outstanding securities, (ii) any person or group acquires securities of the Company representing 30 percent or more of the combined voting power of the Company's then outstanding securities, (iii) a majority of the number of directors who constitute the Board of Directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of appointment or election, or (iv) there is consummated an agreement for the sale or disposition of the Company's assets having a total gross market value equal to or more than 40 percent of the total gross fair market value of all of the Company's assets immediately prior to such sale or disposition (other than a sale or disposition by the Company of all or substantially all assets to an entity of which at least 50 percent of the combined voting power of the securities owned by shareholders of the Company).

**280G Tax Gross-Up**

Under Mr. Burke's employment agreement, in the event Mr. Burke receives any payment or distribution from the Company in connection with a Change in Control, he may be subject to certain excise taxes pursuant to Section 280G of the Internal Revenue Code ( "Section 280G"). The Company has agreed to reimburse Mr. Burke for all excise taxes that are imposed on him under Section 280G and any income and excise taxes that are payable by him as a result of any reimbursements by the Company for Section 280G excise taxes. The total Section 280G tax gross-up amount in the table above assumes that Mr. Burke is entitled to full reimbursement by the Company of (i) any excise taxes that are imposed upon him as a result of such payment, (ii) any income and excise taxes imposed upon Mr. Burke as a result of the Company's reimbursement of the excise tax amount and (iii) any additional income and excise taxes that are imposed upon Mr. Burke as a result of the Company's reimbursement of any excise or income taxes. The calculation of the Section 280G gross-up amount in the above table is based upon a Section 280G excise tax rate of 20 percent, a 35 percent federal income tax rate, a 1.45 percent Medicare tax rate, a 6.85 percent state income tax rate, a Change in Control date of December 31, 2008 and a closing price of \$38.93 per share of the Company's common stock on December 31, 2008.

- (1) Assumes the compensation of Mr. Hoglund is as follows: base salary for 2008 equal to \$583,200 and an annual bonus equal to 50 percent of base salary. For purposes of Mr. Hoglund's table above, Mr. Hoglund is defined as the Executive in the corresponding footnotes below.
- (2) As per the Severance Program, the Executive's severance benefit pursuant to a termination without Cause (before a CIC) is equal to: (i) a lump sum equal to base salary and annual target bonus pro-rated through the termination date and any accrued vacation pay, (ii) a lump sum equal to the net present value of one additional year of service credit under the Company's pension plans (assuming compensation at Executive's then annual rate of base salary and target annual bonus), (iii) a lump sum equal to 1x the sum of the Executive's then base salary and target annual bonus, (iv) one year continuation of health and life insurance coverage and one year of additional service credit toward eligibility for (but not for commencement of) retiree benefits, (v) one year of outplacement costs, (vi) vested amounts of all deferred compensation (includes accrued interest or earnings) and (vii) all unpaid and due amounts in other benefits required to be paid.

- (4) In calculating the potential payments, we assumed the Executive's date of termination is December 31, 2008 and the price per share of the Company's common stock on the date of termination is \$38.93 per share.
- (5) For disclosure purposes, we assumed that upon Termination (other than a termination for Cause or a resignation without Good Reason), Retirement, death or disability the Committee took action pursuant to the long term incentive plan to fully accelerate the vesting of target performance-based awards and non-performance awards.
- (6) The Committee has discretion to accelerate the vesting of any unvested annual incentive plan deferrals upon an employee's termination or resignation of employment. For disclosure purposes, we assumed that the Committee exercised its discretion to accelerate vesting.

## **Table of Contents**

- (7) As per the long term incentive plan, in the event of a Change in Control, non-performance based stock unit awards and stock option awards fully vest on the date of such event and performance-based restricted stock unit awards vest pro-rata through the date of such event. For disclosure purposes, we assumed that the Committee took action to fully accelerate performance-based restricted stock unit awards under the long term incentive plan.

Below is a description of the assumptions that were used in creating the tables for Messrs. Hoglund, Rana and McMahon.

### **Equity Acceleration**

As per the long term incentive plan, in the event of a Termination, resignation, retirement, death or Disability, the Committee has discretion to determine the terms of the stock option awards and performance-based restricted stock awards (including, without limitation, to accelerate the vesting of unvested awards). Unless otherwise provided in the applicable long term incentive plan award agreement, in the event of a retirement, death or Disability, restricted stock awards vest pro-rata through the date of termination on the termination date.

As per the long term incentive plan, in the event of a Change in Control (as described below), stock unit awards, restricted stock awards, stock option awards, and stock appreciation awards fully vest on the date of such event. In the event of a Change in Control, performance-based restricted stock awards vest pro-rata through the date of such event.

For the purposes of the long term incentive plan: (i) a **Termination** means a resignation or discharge from employment, except death, disability or retirement, (ii) **retirement** means resignation on or after age 55 with at least five years of service, (iii) **Disability** means an inability to work in any gainful occupation for which the person is reasonably qualified by education, training or experience because of a sickness or injury for which the person is under doctor's care, and (iv) **Change in Control** has the same meaning as such term is used in the Severance Program.

### **Incremental Non-Qualified Pension Amounts**

As per the Severance Program, the amounts relating to the incremental non-qualified pension amounts in the above tables are based on the net present value of one additional year of additional service credit under the Company's pension plans following a termination without Cause or a resignation for Good Reason (two additional years if such termination is in connection with a Change of Control) assuming compensation at the Executive's annual salary and target award, an interest rate of 4.27 percent (adjusted to 4.25 percent to reflect cost of living adjustments), the 1994 GAR mortality table projected to 2002 (50 percent male/50 percent female blend) and age 65 normal retirement. All amounts payable pursuant to an incremental non-qualified pension are assumed to be paid as a lump-sum.

### **Termination without Cause or a Resignation for Good Reason**

As per the Severance Program, the Executive will receive certain benefits as described in the table above if he is terminated by the Company for reasons other than Cause or by him for Good Reason (following a Change of Control). A termination is for Cause if it is for any of the following reasons: (i) willful and continued failure to substantially perform his duties, (ii) a conviction of a felony or entering a plea of *nolo contendere* to a felony that has a significant adverse effect on the business of the Company, or (iii) a willful engaging in illegal conduct or in gross misconduct materially and demonstrably injurious to the Company.

As per the Severance Program, a resignation for Good Reason occurs if the Executive resigns for any of the following reasons on or following a Change of Control: (i) any material decrease in base compensation (except uniform decreases affecting similarly situated employees), (ii) any material breach by the Company of any material provisions of the Severance Program, (iii) a requirement by the Company for the Executive to be based more than 50 miles from the location the Executive is employed prior to the Change of Control, or (iv) the

**Table of Contents**

assignment of any duties materially inconsistent in any respect with the Executive's position, authority, duties or responsibilities in effect immediately prior to the Change of Control or any other action by the Company resulting in a material diminution in position, authority, duties or responsibilities.

**Payments upon Termination of Employment in Connection with a Change of Control**

As per the Severance Program, the Executive will receive certain benefits as described in the above table if his termination of employment is without Cause by the Company or by him for Good Reason following a Change of Control.

**Section 280G**

As per the Severance Program, in the event an Executive receives any payment or distribution from the Company in connection with a Change in Control, he may be subject to certain excise taxes pursuant to Section 280G of the Internal Revenue Code ( "Section 280G" ). If any such payment by the Company to any of the Executives subjects the Executive to such taxes and the Executive would receive a greater net after-tax amount if the payment were reduced to avoid such taxation, the aggregate present value of amounts payable to the Executive pursuant to this Severance Program will be reduced (but not below zero) to the extent it does not trigger taxation under Section 4999 of the Internal Revenue Code. As per the long term incentive plan, any stock option award for which the exercise price is greater than fair market value or the Company's common stock may be cancelled if such cancellation would reduce or eliminate any such excise taxes under Section 4999 of the Code.
