**Item 2.02 Results of Operations and Financial Condition**

On February 25, 2010, KAR Auction Services, Inc. issued a press release announcing its financial results for the three and twelve months ended December 31, 2009. KAR Auction Services, Inc. will host an earnings conference call and webcast, Friday, February 26<sup>th</sup>, at 11:00 a.m., Eastern Standard Time. The conference call may be accessed by calling 1-888-312-9846 and entering participant passcode 6465270 and the live webcast may be accessed at the investor relations section of [www.karauctionservices.com](http://www.karauctionservices.com). The call will be hosted by KAR Auction Services, Inc. Chief Executive Officer, Jim Hallett and Executive Vice President and Chief Financial Officer, Eric Loughmiller. The call will feature a review of operating highlights and financial results for the three and twelve months ended December 31, 2009. The press release dated February 25, 2010 is attached to this Current Report on Form 8-K as Exhibit 99.1 and incorporated herein by reference in its entirety.

Within the Company's fourth quarter 2009 press release and related attachments thereto, the Company makes reference to certain non-GAAP financial measures. The non-GAAP financial measures include the following: EBITDA, Adjusted EBITDA, Adjusted EBITDA per the Credit Agreement, Adjusted Net Income (Loss) and Adjusted Net Income (Loss) Per Share. The Company has presented reconciling information along with the most directly comparable financial measure calculated and presented in accordance with Generally Accepted Accounting Principles in the United States ( GAAP ) for each of the above non-GAAP financial measures in the press release. In addition, the Company's reasons for presenting these non-GAAP financial measures are discussed below.

The Company believes that these measures represent important internal measures of performance. Accordingly, where these non-GAAP measures are provided, it is done so that investors have the same financial data that management uses with the belief that it will assist the investment community in properly assessing the underlying performance of the Company on a year-over-year and quarter-sequential basis. Investors should consider these non-GAAP measures in addition to, not as a substitute for or superior to, measures of financial performance prepared in accordance with GAAP. The specific reasons, in addition to the reasons described above, why the Company's management believes that the presentation of the non-GAAP financial measures provides useful information to investors regarding the Company's results of operations are as follows:

EBITDA, Adjusted EBITDA and Adjusted EBITDA per the Credit Agreement The Company's management believes that EBITDA is a useful supplement and meaningful indicator of earnings performance to be used by its investors, financial analysts and others to analyze the Company's financial performance and results of operations over time. Management believes that the inclusion of supplementary adjustments to EBITDA applied in presenting Adjusted EBITDA is appropriate to provide additional information to investors about one of the principal internal measures of performance used by the Company. Management uses the Adjusted EBITDA measure to evaluate the performance of the Company and to evaluate results relative to incentive compensation targets. Adjusted EBITDA per the Credit Agreement adds the pro forma impact of recent acquisitions, if applicable, to Adjusted EBITDA. This measure is used by the Company's creditors in assessing debt covenant compliance and management believes its inclusion is appropriate to provide additional information to investors about certain covenants required pursuant to the Company's senior secured credit facility and the notes. The most

directly comparable financial performance measure calculated and presented in accordance with GAAP is net income (loss). A reconciliation of net income (loss) to EBITDA and Adjusted EBITDA for the three and twelve months ended December 31, 2009 and 2008 is contained in the attachments to the press release. In addition, a reconciliation of net income (loss) to EBITDA, Adjusted EBITDA and Adjusted EBITDA per the Credit Agreement for each of the last four quarters and the year ended December 31, 2009 is contained in the attachments to the press release.

Adjusted Net Income (Loss) and Adjusted Net Income (Loss) Per Share The Company's management believes that adjusted net income (loss) and adjusted net income (loss) per share are useful supplements and meaningful indicators of earnings performance to be used by its investors, financial analysts and others to analyze the Company's financial performance and results of operations over time. Management believes that due to the revaluation of its assets, and subsequent step up in depreciation and amortization expense that resulted from the Company's April 2007 Transactions, as well as stock-based compensation expense incurred in connection with service and exit options tied to the 2007 Transactions, that the Non-GAAP measures of adjusted net income and adjusted net income per share, provide comparability to companies that have not incurred these types of noncash expenses. In addition, net income and net income per share for the year ended December 31, 2008 have been adjusted to exclude the effect of the \$164.4 million charge for the impairment of goodwill and other intangibles at AFC. A reconciliation of net income (loss) and net income (loss) per share to adjusted net income (loss) and adjusted net income (loss) per share for the three months and years ended December 31, 2009 and 2008 is contained in the attachments to the press release.
