Item 1.01. Entry into a Material Definitive Agreement.

Acquisitions of Agribusiness Operations

On April 19, 2009, Green Plains Renewable Energy, Inc. (the Company) announced that it had entered into two Asset Purchase Agreements (the Purchase Agreements) to acquire agribusiness operations in west Tennessee which includes five grain elevators with federally licensed grain storage capacity of 11.7 million bushels. All of the grain elevators acquired are located within 50 miles of the Company's Obion, Tennessee ethanol production facility. As part of the Purchase Agreements, the Company also agreed to acquire certain grain and fertilizer inventories and other agribusiness assets. On April 21, 2010, the Company announced the completion of these acquisitions. The Purchase Agreements contain customary representations, warranties, covenants and indemnities from the Sellers.

The agribusiness assets were acquired from companies owned by the Thomas W. Wade, Jr. family and from Farmers Grain of Trenton LLC (collectively, the Sellers) for consideration of cash and notes to the Sellers totaling approximately \$25.7 million. The five grain elevators are located in Como, Dyer, Kenton, Trenton and Union City, Tennessee, and will be owned by Green Plains Grain Company TN LLC, a wholly-owned subsidiary of the Company, and included in the Company's agribusiness segment. With the addition of these agribusiness assets, the Company operates 13 grain elevators with 30.3 million bushels of grain storage capacity.

The foregoing description of the Purchase Agreements and the transactions completed thereby do not purport to be complete and are qualified in their entirety by the full text of each agreement. The Purchase Agreements, which include details of all seller parties to these agreements, are attached hereto as Exhibits 10.1 and 10.2. The press releases relating to these acquisitions are attached hereto as Exhibits 99.1 and 99.2.

Green Plains Grain Amended and Expanded Credit Facility

Upon closing the acquisitions, Green Plains Grain Company LLC and Green Plains Grain Company TN LLC (collectively, Green Plains Grain) simultaneously entered into a second amended and restated secured credit facility, amending the existing Green Plains Grain Company LLC credit agreement. The security for the credit facility includes a first lien on all real estate and working capital of Green Plains Grain.

The Second Amended and Restated Credit Agreement and related documents entered into by and between Green Plains Grain and First National Bank of Omaha (collectively, the Green Plains Grain Loan Agreement) include base revolving, seasonal and term credit commitments totaling \$85.0 million. Following are additional details related to the Green Plains Grain Loan Agreement:
